## ROY I. CARTER IS VICTIM OF ATTACK

MATADOR PIONEER DIES SUDDENLY THURSDAY AT HOME IN WICHITA FALLS.

Roy I. Carter, pioneer Motley county resident, and brother of Harry Carter of Matador, died at his home in Wichita Falls, Thursday, the victim of a sudden heart attack, following a brief illness. Mr. Carter made his home here for approximately eight years, from 1910 until 1918. He built the Carter Hotel here (now Matador Hotel) in 1914. He moved to Wichita Falls in 1918 and became one of the most outstanding oil contractors in the state. The following excerpt is from the Wichita Falls Record-News: "Carter was one of the first operators in the Burk Burnett district and had drilled more than 500 wells in Texas, many of them in Wichita and Archer counties. He had been active in the Oklahoma oil producing areas. Survivors include the widow; a daughter, Mrs. J. T. Langham, Oklahoma City; a son Capt. Frank S. Carter, who is in service abroad; two brothers, Harry Carter, Matador, and E. C. Carter, Oklahoma City, Okla. and two grandchildren.

## Ration Book Three Has Future Value

Housewives are advised by L. J. Barkley, chairman of the Motley County War Price and Rationing Board, to take good care of Ration Book 4 and to file Book 3 for possible future use. All buying of foods is now done with Book 4 and that book will be in use about three times as long as earlier food books. Applications are frequently received from people who want replacements of ration books that have been lost or damaged. Since no more ration books are to be printed soon, replacement may become increasingly difficult. Book 3 must be kept even though it is not used for food buying, since it contains airplane stamp one now good for shoes and will probably continue to be used for shoe rationing. After stamp in Book 1 expires April 30, that book will be withdrawn from use, chairman Barkley explained.

## Legion To Erect War Honor-Roll

### Use Of Funds Is Approved At Meet

Funds now available in the treasury of the Fleming-Post American Legion will be used for the immediate construction of an honor-roll bearing the name of every Motley county serviceman who has had a part in World War 2. Plans were outlined at a meeting of Legion and Matador Lions Club members, held at the Legion hall Tuesday evening, with chairman E. F. Springer in charge. Both groups were well represented and the approval of the honor-roll was unanimous.

Location of the honor-roll has not been decided but a committee has been appointed on the location and construction, to report within a few days. Shortage of material is declared only possible barrier to the work. The honor-roll is in addition to the general plan to raise a \$10,000 fund to build a permanent memorial, perhaps in the form of a club building, to the honor of Motley county boys who serve in World War 2. The Legion has announced that no public subscription will be asked to build the name honor-roll.

### Father-Son Interest Involved

It was pointed out during the meeting that men of both World Wars are interested in the memorial since many Legion members have sons in uniform today. Altho the Legion members of World War 1 have no particular interest except in the unity of veterans of both wars, that when the younger members return they will find an organization already perfected and in operation. The Legion membership is determined that veterans of the present war will not be met with the public apathy which they faced after the signing of the Armistice. Legion and Lion member E. F. Springer was approved by both groups as a permanent chairman.

## Souvenirs From Tarawa Received

A collection of souvenirs from the blood-soaked atoll of Tarawa were received this week from Cpl. Burrell Tipton USMC, by members of his family. Cpl. Tipton, son of Mr. and Mrs. A. A. Tipton of Matador, and employed in the mechanical department of the Tribune for eight years before he enlisted in the Marine Corps in 1942, took part in the battle where the Marines wrote the most brilliant chapter in the Corps' history. The collection includes several battered bullets from heavy caliber rifles, Japanese Marine manual, two official-appearing documents that might be Japanese life insurance policies, white coral of which the island is composed, part of a package of Japanese cigarettes, a tin ladle inscribed with Jap characters and several other items.

## AAA Year's Work Listed in Summary

A SUMMARY OF 1943 AAA activities in Motley county has recently been compiled by Elbert Reeves, AAA supervisor. The imposing array of services rendered Motley farmers and ranchmen is compiled from office records. Mr. Reeves disclaims any credit for the record since he assumed his post following the completion of the fiscal year's activities.

Figures on terracing are interesting since they show a grand total of 241 miles or 127,248 feet constructed on 12 farms, including these three divisions: 114,798 feet of standard terraces; 10,308 feet of diversion terraces and 2,178 feet of spreader terraces. On 356 farms a total of 46,359.4 acres were plowed by contour listing and 46,141.7 were represented as contour farming. On 22 farms 1,108.1 acres were seeded to green manure cover crops. Four farms were represented in the construction of 13,833 cubic feet of tanks. **County Has 610 Farms**  
The summary shows that Motley county had 610 farms in cultivation last season, with 118,510.6 acres in cropland and 157,224.1 acres in pasture and rangeland. Principal crops were cotton, sorghums and wheat.

## George Birchfield Is Appointed For Commissioner Post

George Birchfield has been appointed to fill the unexpired term of the late J. S. Lambert, county commissioner of Precinct 1, who died on March 28. Mr. Birchfield was appointed and qualified for office Monday, assuming his duties immediately. According to Texas Law, the appointment to fill the unexpired term, was made by County Judge W. R. Cammack, however it was made with full approval of the court. Judge Cammack said he felt that any appointment he might make should have the full approval of the court in the interest of harmony. Mr. Birchfield's appointment will expire on November 7, 1944 (General Election date).

Mr. Birchfield, who has been employed by the Commercial Grocery here for a number of years, declared he was grateful to Judge Cammack and the court for the reception given him at the beginning of his new duties. **Not To Be Candidate**  
"I shall do my best to fill the office in such a manner to justify the confidence of Judge Cammack and the court, and strive mightily to emulate as far as possible, my honorable predecessor. I will not be a candidate for the office of county commissioner during this campaign."

Mr. Birchfield's appointment was received with considerable surprise, but with general approval. He is not only well qualified for the work but enjoys the highest esteem of the entire citizenship.

## H. C. Preslar Is Candidate For Representative

H. C. Preslar, Childress businessman, railroader and civic leader, has announced his candidacy for Representative of the 121st District of the State Legislature. Mr. Preslar has been a resident of Childress for the past 21 years, has owned businesses in Childress operated a farm in this district and has been in the employ of the Fort Worth & Denver City Railroad Company for the past 19 years. In announcing his candidacy Mr. Preslar said:

"I offer myself as a candidate for this place due to the fact that I have had 14 years close association with state administration leaders and sincerely feel that I can do more good for this section of the state than anyone else at this time. A majority of the state leaders, senators and representatives are personal friends of mine. I promise a fair and honest representation to everyone in this district, regardless of what section it may be and the majority will rule at all times. "Being an ex-serviceman, I am interested in the future of our youths, both boys and girls, who are now fighting and will do everything to see that they have a safe and sound American home and job to return to. "I was stationed in Austin when the first old age assistance bill was passed and I am still vitally interested in the comfort and care and well being of every eligible old person in the state of Texas. "The man with the patch in his pants or the laborer in his overalls will always be welcome at my desk in the House of Representatives in Austin if I am privileged to serve as your Representative."

## Herman Stanfield Licensed State Water Operator

Qualifications as a water works operator have been completed by Herman O. Stanfield, city employee, and he has received his license from the State Department of Health. Mayor G. T. Edwards received the following letter from Geo. W. Cox, M. D., state health officer, dated March 22: "We are enclosed herewith Grade C Well Water Supply Operator's License No. 1439 for Mr. Herman O. Stanfield, water works operator of your city. We are asking that you deliver the license to Mr. Stanfield as evidence of his having completed not only the training and experience qualifications for licensing, but also for his having passed successfully the prescribed examination for this particular grade. "Our department is especially interested in this licensing program because it guarantees to the employing city that its water works personnel has the training, the experience and the qualifications that will fit them to deliver a safe and better quality of drinking water. We congratulate your city on having this type of employee in its service. **Subscribe for The Tribune**

## Record Made In Red Cross Drive

### Largest Quota Raised In Less Than Five Days; County Is 23rd In State

**NEW FACTS** regarding the success of Motley county's Red Cross War Fund drive are disclosed in a final report by B. F. Tunnell, superintendent of Matador's Independent school system, who was chairman in charge of the campaign. With a quota of \$2,700, Motley county had attained the goal in less than five days and the drive was continued until the quota was oversubscribed approximately \$1,100. Latest tabulations show a total of \$3,855.53 collected.

The drive was delayed in starting until Friday noon, March 10th, yet rolled up its subscriptions so rapidly that Motley county ranks 23rd in the entire state in attaining its quota.

Mr. Tunnell has named 24 of his loyal workers to receive the Red Cross merit citation. He said the drive was organized upon the basis of school patronage areas and without any definite quotas for communities. Every adult resident of the county was solicited for the amount they desired to give.

**Flomot Raises \$908.75**  
Response in the flomot community was outstanding with an average of \$5.45 per donating individual. The community contributed \$908.75, or more than one-third of the county's entire quota.

Mr. Tunnell pays special tribute to Whitestar community (included in the Flomot report) where the average family (man and wife) contribution was \$10.20. The community was solicited by J. B. Barton. Whiteflat community subscribed a total of \$394.65.

**Matador Subscribes \$1,767.36**  
Matador contributions amounted to almost two-thirds of the county's quota, or \$1,767.36, not including \$75.50 solicited by Rev. R. C. Barrett from Negro residents \$14.00 of which was contributed by Roaring Springs Negroes and \$5 from the Matador Macedonia Baptist church. (See RECORD MADE back page)

## Apparel Shipment Made By Red Cross

Apparel for men in the U. S. armed forces is being turned out rapidly by the Motley county chapter of the American Red Cross, but more workers are needed to help supply the demand for hospital garments, according to Mrs. B. F. Tunnell, chairman of production. Recent shipment included: 120 hospital shirts, 30 pairs of bedroom slippers, 36 bedside bags, eight bathrobes, 25 pairs of pajamas, 24 men's sleeveless sweaters, nine helmets and 15 mufflers. The shipment also included a large box of used clothing for children refugees.

"Those interested in helping in the work," Mrs. Tunnell, said, should call at the Legion hall on Wednesdays and Saturdays, 3 to 5 p. m. We have a supply of yarn and material for hospital garments. Our country is receiving approximately 3,500 wounded monthly and we need to get another shipment ready as soon as possible."

## Rev. H. G. Verner Called As Pastor

Rev. H. G. Verner of Lorenzo, was called as pastor of the Baptist church here, following church conference held Sunday morning at the close of the preaching service.

Tentative plans are being made for special services Sunday, inasmuch as Rev. Verner will not assume his pastorate duties here until the last of the month. Services Sunday will probably center about a mammoth service flag recently purchased by the church, with the names of servicemen having Baptist affiliation, embroidered on white stars against a blue background.

## LEAVE FOR CALIFORNIA

Mrs. Claude Wilson left Friday morning for San Francisco, California, to join her husband, who is stationed near there, in a Naval Construction battalion. She was accompanied by Mrs. Harry Campbell, who will visit her son, Vance, stationed on Treasure Island, and also by Mrs. McElton Skaggs who traveled as far as Kingman, Arizona, to visit her husband in training there.

## Tribune Arrives Regularly On Mediterranean

Uncle Sam is doing an efficient job of delivering mail to his fighting nephews scattered all over this disturbed globe. It you missed receiving more than one copy of the Tribune last year, then you would have had better service had you been aboard a patrol craft in the Mediterranean sea. In a letter dated March 21, to the Tribune, Harold H. Gunter, RM 2-c U. S. Navy, says he has missed only one

paper in the past year. He is still looking for the Christmas edition. Excerpts from his interesting letter, follow: "Thought I would let you know the Tribune is coming through to me alright, for only today I was lucky in getting six copies in one bundle.

"Of course it is a hard thing to write a letter thanking anyone for a kind deed but I hope you understand just what the paper means to anyone serving in a place where it is often proven to be difficult to get mail from home. Out of this one year spent in these parts, I have only missed one copy, and that is some record. I haven't yet received the Christmas copy but am looking for it most any day...

Fort Frank and a lesser number at Fort Drum, while enemy air echelons made a total of 50 attacks on Fort Mills with heavy aerial bombs.

"Although subjected repeatedly to intense and prolonged artillery bombardment by concealed hostile batteries in Cavite Province and to heavy enemy aerial attacks, and despite numerous casualties and extensive damage inflicted on defensive installations and utilities, the morale, ingenuity, and combat efficiency of the entire command have remained at the high standard which has impressed fighting men the world over."

The letter from the War Department to Mr. and Mrs. Reinhardt which also accompanied the medal, advised that "while the Oak Leaf Cluster cannot be worn by anyone other than the individual for whose service it was awarded, it might be displayed in any way that will bring honor and respect to your brave son and the country he so gallantly served."

## Junior Play Cast Performs Before Filled Auditorium

A capacity-filled auditorium of spectators attended the three-act comedy, "Coveralls" presented Tuesday evening at the high school by members of the junior class, and left highly pleased with the entertainment.

Although frequent laughter from the audience made lines of the characters inaudible at intervals, the performance was declared a success by all who attended.

Cast of Characters, well directed by Miss Ione Gideon, included the following: Robert Stillman (a would-be Mayor) Harry Willett; Margaret Stillman (his socially ambitious wife) Jeanne Hamilton; Alexander Stillman (their adolescent son) James Garth; Susan Stillman (their marriageable daughter) Gladys Springer; Granddad Stillman (with both feet on the ground) Tommy Moore; Walter Brant (a mechanic in coveralls) Bobby Harp; Elizabeth Morrison (a social leader) Velda Mae Rattan; Patricia Morrison (her love-bitten daughter) Elwanda Martin; Miss MacArthur (a house secretary) Leona Martin; Irene (an outspoken maid) Imogene Archer; Radio Announcer, Frank Williams.

Music between acts was furnished by Dorothy Woodruff, Jean Mize and Lou Marshall.

Proceeds of the play will be used to defray expenses of the annual junior-senior banquet.

Mrs. James Neblett with her son and wife, Pfc. and Mrs. James Russell Neblett, left Sunday to return to Denton after a visit with relatives here.

**Dear Customer:**

You have given up a lot of things because of the war.

You can't do much driving. You can't buy tires like you used to. And the same goes for meat and butter and cars and electric iceboxes.

That's tough on you. You're "sacrificing"

Me, too. My gas business is down to a trickle. My tire business has practically folded up.

And on top of that, I'm short of help. That's why it sometimes takes me longer to serve you than it used to.

But I am more anxious than ever to inspect your tires and your battery. If anything, my lube jobs are more conscientious than before. That's my part in helping you Care for your car for your country.

I am working longer hours than any man should, and making less money than I did. So that's my "sacrifice".

## This Easter Points To A Brighter Future...

THE days roll by so fast now. It's hard to believe that another Easter is here... another Easter with our country still at war. Many of us will go through the Easter week with sorrow in our hearts... the thought of someone dear who won't be here to celebrate with us this year... or next year... or maybe never. Others will have smile on the edge of their lips at the thought of a recent letter, or a picture, or maybe a furlough coming soon. But in all our minds there will be one similar thought... that this will be a victorious year for all of us. Hope is high that this will be our last Easter at war. We will try to make this Easter a joyous one by spreading cheer with kind words, kind deeds, or some Easter remembrance. You see, we all know that our boys are out there fighting THIS time so that there will never be a NEXT time.

TRIBUNE, MATADOR, MOTLEY COUNTY, TEXAS, THURSDAY, APRIL 13, 1944

**Harold H. Gunter**, R.M. 2-c, of the U. S. Navy, writes of interesting experiences he has had in action in the Mediterranean area, in a letter dated March 21st. Excerpts from the letter are as follows: "... it is needless to say that I have been pretty busy lately, for I don't believe anyone is missing out on much of this action in this section of the world. Every move we make seems to be just a little harder to carry out, but even at this, we are still moving up, and every day finds us just a little nearer our destination, (Berlin.) If I hold my present position I won't be too far behind the first ranks to march down the streets of the flattened city.

"Ben, there's always a time when we will get our teeth in the right spot before clamping down, and I do believe that time has come. I've been with this line-up over here even back in North Africa and what I've seen back there and even lately is proof enough that the time is near for us to really get down and put our weight against it. The sooner we can get it over with, the better it will be.

"In North Africa and in Sicily when we'd bring prisoners of war back, they would be shocked to see that we have taken these places under our command. They don't believe us when we tell them we have this and half of Italy. Some of them are carrying pictures of New York being bombed and troops advancing along their beachhead in South Carolina and for no amount of money will they part with them. They actually believe that they are winning, and that the Americans will be demolished.

"During a recent operation, you may have heard a world-wide news flash of one of our patrol craft getting in with a pack of the dreaded E-boats. Well I'll tell you if it had been daylight we would have been able to see the mouth of the Tiber river during this chase. We only got two of them, but breaking up the attack won us a good name and reserved a place for our battle ensign to be hung with those of gallant ships in Washington. Of course this has helped the morale of the ship's crew 100%. We're hoping for another run at them. This chase lasted for two hours, and forty minutes, which is considered an exceedingly long time... Thanking you and all the good old Home Folks for the paper, I remain, sincerely yours, Harold H. Gunter."

Dear Ben:  
Just a few lines from an old country boy, to the best people that I know, and to thank you and all of the rest for the paper. I sure do miss the place, but when I get that Matador Tribune, it is just like one great big letter.

Well, as news is scarce, and Levi Wilkinson told you about everything there is to tell. I will close, and I hope that I come back and help gather that big cotton crop this fall.

Ben, my A.P.O. has been changed and I would like very much if you would change it for me. It makes my paper a few days late and otherwise it will come faster. Just a Motley county boy way off from home.

Somewhere in India

Dear Ben:  
How is the Tribune staff and Matador these days? I'm as fine as can be and from the heading you will notice where I am located. It is pretty hot here now and spring is just here. We are living in bamboo huts and our food is pretty good. I think I will like it here better than my previous location.

I want to thank you for sending me the Tribune. I really enjoy it. I received the copy last month that had the news about Paul Eubank.

On my trip here I saw lots of interesting sights. Our train trip across India contained surprises and we saw odd things. The monsoons aren't due to start until about June, so we should get to do some work between now and then.

Thanks again for the paper, and please be advised of my correct address. I am anxiously awaiting more copies of the paper to reach me.

Sincerely,  
Dick Groves,  
1st Lieutenant.

Hello Ben:  
I've been intending to write you now for sometime, but it looked as if everytime I started to write, my address would change, so I thought it would be of no use. Right now, I think you can change my new address to this one, and I hope you never have to change it until I head toward the States.

I'm not like some of the guys that say they want to parade down the streets of Tokyo. I don't care for any part of Japan. I'll take good old Motley county and be tickled to death.

I haven't gotten a paper in over a couple of months now, but I'm sure there are plenty of them on the way, and should be catching up with me before long. I'd like to say hello to all of the people of Motley county.

Sincerely,  
T-5 D. D. (Caesar) McBride.

IT'S NEWS, said a famous editor, when boy bites dog but commonplace when dog bites boy.

It is not quite clear why our young inquiring reporter had to sink his teeth into the subject to discover that it isn't the genuine article. But many a motorist would like some similar way of quickly discovering the real thing when he wants high quality motor oil.

The difficulty is that he can't detect quality in a lubricant by taste, smell, sight, or feel. Yet there is an easy solution to the problem. Just remember that to end confusion and doubt, Phillips makes this simple, straightforward statement: If you want our best oil, remember we specify that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the oils we offer to average motorists.

The recommended oil change period used to be every 1,000 miles. With today's reduced driving, experts say motor life is lengthened by changing oil every two months. And now is the time for seasonal change to replace winter-worn lubricant. So be sure to get quality by asking for Phillips 66 Motor Oil.

## Easter Cantata Is Well Received By Filled Auditorium

The Easter Cantata, "Everlasting Life", comprising community services held Sunday evening at the Baptist church, was well received by an appreciative congregation which filled the church auditorium to its capacity, and included a number of out-of-town visitors from neighboring communities.

Preliminary program included Invocation by Rev. G. E. Turentine, Methodist pastor, hymns by the choir and an offering.

The cantata, dealing with the age-old question, "If a man die shall he live again?" contained two parts. In part one, the assurance of life beyond as found in the perennial survival of life in seed and bulb, the undying hope of the race in immortality, and the unshaken faith of the soul in the Creator as the Giver of Life, is presented in the first three numbers. The words of Jesus at the grave of Lazarus, His power over death as there witnessed, and the exultation of the populace, conclude this part of the cantata.

Part Two deals with the stupendous fact of the Resurrection of Christ, and His gift of life to all believers. A composite of the Gospels is made, with the introduction at times of other portions of the New Testament, and in the garden scene, the words of Job are used as most expressive of Mary's mental anguish.

Soloists throughout the presentation included T. B. Edmondson, Jim Edmondson, J. R. Whitworth, Mrs. H. E. Berry, Mrs. Thelma Love, Mrs. Earl Laughlin, Mrs. J. R. Whitworth and Miss Virginia Estes. Duet trio and quartette numbers were sung by J. R. Whitworth, Mrs. George Springer, Mrs. Berry, Mrs. Love, Mrs. A. B. Simpson, Mrs. W. F. Jacobs, Mrs. G. E. Hamilton, Mrs. Laughlin, Messrs T. B. and Jim Edmondson and Tom Tilson.
