TRAIL DUST

By DOUGLAS MEADOR
Patiently the day pressed dawn's cold, moist towel to the sky's cheeks and removed the tears of night. Young sparrows chattered like children unobserved by elders and two scissor-tails practiced spiral attacks.

Human behavior hesitates in home and more elaborate its trappings, the more time is spent away from its shelter. Little homes are warm and friendly because much love seeps into their walls.

When drought burns the soul of fields and dreams of men, irrigation furrows fend their small, courageous fronts from secret arsenals beneath the earth. Bright roses bloom in the face of the sun and watered acres of grain give to tides of the wind. Often only a fence separates the thirsty field where dead and dying wheat withers and falls on caked soil. Should destiny, in hurried selection, have assisted my role to a grain of wheat, I think I know in which field I would have been planted. Perhaps the two fields are but a pattern to which all life is partial.

Rolling slowly across the washed-out cow trail, the massive automobile bounced easily on deep springs, while the gray-haired driver sought an opening between shaggy mesquites. Halfhearted rain was falling and a blade worked feverishly on the windshield. The driver's old eyes, beamed as broken pieces of the past's mirror, reflected impressions through the veil more than two score years. He had ridden the same trails following stubborn cattle without a slicker when heavier and colder rain was falling. He had felt the wind blow rain into his eyes. His blue lips parted as he placed a cigarette between them and reached to the glittering dash, to press the lighter.

Understanding is the bit in matrimony's bridle; love is the strength of the reins.

My sight-weary eyes see so little of this changing world and frequently fail to comprehend that which is before them. All roads to the past lead but to confusion and others hurry past me while I try to find a place in the parade. Yesterday I examined a harmonica made of white plastic, like a man might look at a piece of his soul in a show case. Tomorrow I shall surely meet a plastic man with a plastic heart and experiencing plastic love.

Deceit quickens the appreciation of truth like the lash establishes rebellious respect for discipline.

Ingratitude leaves a sore that will not heal despite the soothing oils of forgetfulness.

We need only to remember our good deeds. The world is full of eager souls who find joy in reminding us of our mistakes.

Life's loom will have no other than gold and purple strands to weave into the fabric of love; all else is stronger but rough and common.

Without the clothing of truth, a man is unable to conceal his other weaknesses.

The only thing I have ever been able to say in favor of custard pie is that it contains no seeds.

While the brave deny any commerce with fear, frequently there is not sufficient knowledge to appreciate danger. The meek do not qualify for their inheritance by stupidity.

There is a sermon in the church bell's ringing on a tranquil Sabbath morning.

SEVERAL ATTEND CONFERENCE OF PLAINVIEW DIST.

Several members of Matador Methodist Church attended Seventh Session of the Plainview District Conference at Lockney, Tuesday and Wednesday. These were, Rev. G. E. Turrentine, Mr. and Mrs. Randall Whitworth and Mr. and Mrs. G. E. Hamilton.

The two-day session was led by W. C. Hinds, District Superintendent, and included talks and sermons by outstanding Methodist pastors and laymen of the district, which covers 26 churches.

'Prototype' Building To Start Soon

Matador will soon have a "prototype" building. (Webster says of prototype: original; an accepted standard to which all others must conform). The new structure will be erected by the Matador Hardware and Furniture Company, on the highway immediately east of Thompson's grocery and west of the Matador Auto property.

The building will be of original design, 100 x 66 feet and especially constructed for International Harvester farm equipment and truck sales display and service. It will be of an "accepted standard" which International Harvester dealers are constructing throughout the country. In other words, the design of the buildings will be the same everywhere (albeit all buildings will not be the same size).

Type of the structure might be termed modernistic or futuristic. Concrete, steel and glass will be the principal materials used.

L. C. Harp, manager of the firm, said this week, that some materials have already arrived and that he hopes to have sufficient amount to start work within 30 days. Mr. Harp did not announce the amount of expenditure which the building will involve.

MRS. E. A. DAY DIES AT CLOVIS

Mrs. E. A. Day, 68, former resident of Matador and sister of Mrs. Joe Gaines, died Monday morning, May 6, at Clovis Memorial Hospital, Clovis, New Mexico and funeral services were held Wednesday at 2 p. m. at the Charles V. Steed Memorial Chapel, with Dr. Ben P. Maddox officiating at the services.

Mrs. Day was also step-mother of local resident R. A. Day and Mrs. Bertha Garrison of Whiteflat, who, together with other relatives from here, attended the funeral services. Minnie Ella Day was born in Comanche County, Texas, December 20, 1877. She was married to the late E. A. Day pioneer of Motley County, in 1915 and they moved to Clovis in 1919, where they had since made their home.

She is survived by two daughters, Mrs. J. R. Spencer, Clovis, and Mrs. Andie King, Abilene; one son, Creighton Richards, Roswell; three step-sons, Riley Day, Matador, and Steve and

Sheriff Arrests Two Men Wanted By FBI Officers

Sheriff H. H. Courtney arrested two men wanted by FBI authorities last week. Both men were arrested May 1 and delivered to federal officers.

Edward Miller, about 23, who had escaped the military stockade at Ft. Crockett on April 28, was arrested here.

Hugh Outlaw, probably about 20, was arrested in the Northfield community. He was wanted by federal authorities for car theft and on charges of having crossed a state line in a stolen automobile.

Great Britain imports more wheat than any other country.

Modern as tomorrow, corridors of gleaming white enamel lockers are being chilled in zero temperature for the formal opening of Spot Cash Frozen

Oil Expert Seeks New Field Here

A new field may be developed in the vicinity of Matador. Authority is none less than L. E. "Peavine" Trout, who discovered the Oklahoma City field but was forced to abandon the well because the equipment would not pierce certain formations. Later one of the greatest oil wells in Oklahoma was brought in where the boiler had rested on his original attempt. He was also instrumental in the discovery of the Seminole field and in other discoveries in Wyoming and Montana. He taught geology for a long period of time in the University of Oklahoma.

Mr. Trout was introduced to the Matador Lions Club Tuesday by Lion U. L. Willie. He said that indications show oil deposits in west Cottle county and that the deposits extend in to much of the eastern part of this county. He said the formation

Scouts At District Camporee

Fourteen members of Troop Sixty, Boy Scouts of Matador, attended District Camporee held at Dickens Springs, near the town of Dickens, Friday night and Saturday, May 3 and 4. All Scouts in the District composed of Dickens and Motley Counties were invited. Troops from Spur, Dickens and Matador were in attendance.

Around the huge Council Fire Friday night, many interesting games and stunts were enjoyed. On Saturday, many activities featuring Scout skills and practices were conducted. The Camporee was planned upon a Patrol Basis, and all activities were along this line. Strict inspections and judgments proved that each Troop present was living up to the true scout principles.

Those attending from Matador were: Flaming Arrow Patrol: Billie Ray Neighbors, Patrol Leader, Don Wason, Assistant Patrol Leader, Don Bradley, Dan Tilson and Wayne Gray. Cobra Patrol: Norman Spray, Patrol Leader, Norman Leader, Norman Seigler, Gar Saturday afternoon declaring Melvin Rattan, Joaquin Martin and R. L. Giesecke. Fox Patrol: Jerry Warren, and Scoutmaster Tom Hamilton. T. E. Wood of Matador Schools spent Friday night as guest of the Troop.

The Troop returned home late Saturday afternoon declaring the Camporee a most enjoyable and a very successful one.

MRS. WILIE ACCOMPANIES FRIENDS TO NEW ORLEANS

Mrs. U. L. Willie left Friday morning in company with Dr. and Mrs. F. A. Kleinschmidt of Lubbock, for Austin, where they attended an Architect's conference. From there they will go to Houston, then fly to New Orleans for several days, continuing to Miami, Florida, where Dr. Kleinschmidt will represent Texas Technological College at a National Conference for Architects.

The ladies will fly to Cuba for a five days excursion, before returning. They will be gone about three weeks.

MEAT SHORTAGE

HOUSTON—Under an old cattle-rustin' law, Handy Webb of Houston was sentenced Tuesday to 10 years in prison for stealing a pound of steak and a pound of bologna.

Passed many years ago to protect cattlemen from rustlers, the law made stealing edible meat a felony. Except for meat, a theft must amount to 50 dollars before being classified a felony.

Large Crowd Attends May Festival

The May-day festivals held Friday evening in the school gymnasium were attended by one of the largest crowds ever to witness the popular entertainment, with many out-of-town visitors present. Due to the war, the fête was the first to be presented in several years, although it had been an annual affair for a number of years.

Jodie Graham and James Ketchersid, as heralds, announced the arrival of Garland Rattan as king, and Betty Jean Fox, as Queen. Their attendants were as follows: Sybil Jackson, Nevada Cook, June Neighbors, and R. L. Giesecke of the eighth grade; Thelma Verner, Kenneth Thompson, Joan Florence and Gordon Harrell, of the seventh grade; Patsy Dubree, Albert Plumlee, Joyce Edwards and Kenneth Dunning of the sixth grade; Barbara Ann Spray, Gary Laughlin, Wanda Fox and Charles Robert Keith of the fifth grade.

Flower girls were Jan Barton and Patricia Ann Reeves; train bearers were Bundy Hal Campbell and Hal Dean Hines; crown bearers were Larry Hoyle and Grant Cooper, and pillow bearers were James Lewis Stanton.

MOTLEY COUNTY SINGERS TO MEET AT FLAG SPRINGS

Flag Springs community will be 4th Sunday in June hosts to the first 1946 semi-annual meeting of the Motley County Singing Convention, it was announced this week by President R. H. Tanner of Flomot.

Previous announcements made to the Tribune declared the meeting would be held in Matador.

Motley County Singing Convention is the oldest organization in the county.

WORK IS STARTED ON DAY BUILDING

Actual construction was started this week on the Day building, immediately east of Muse's Blacksmith shop, fronting Highway 28. The 50 x 60 structure will be of concrete and tile construction, with a 50-foot north frontage.

Half of the building will house a modern cleaning plant according to R. A. Day, who is in a partnership with his son, E. A. Day. Mr. Day was formerly in the dry cleaning business here.

Only half of the building will be used for a cleaning plant, he declared, with 25-foot frontage offered for rent.

Mr. Day said the plant would be equipped with new, modern dry cleaning and pressing equipment.

Wanda Pearl Fisher, Joyce Tiffin, Beutonne Cromer, Joan Turner, Jean Pigg, and Frances Jones.

The Melody Maidens are in popular demand in this area and have made a number of appearances before civic groups, particularly Parent-Teacher organizations.

Given Recognition Editor Douglas Meador was given special recognition by Boss Lion Rufus Emmons at the meeting, when the latter cited the fact that practically every issue of the Tribune for the past twelve years has carried news items concerning Lions activities and particularly those issues following Lions regular meetings.

Baccalaureate Will Be Sunday at Flomot

Close of school exercises for Flomot schools will begin Sunday morning, when Baccalaureate services will be held for the senior graduates, at 11 o'clock at the Methodist church.

Rev. W. Neil Record of Wayland College, Plainview, pastor of the Fairmont Baptist Church, will deliver the sermon for the occasion.

Mrs. George D. Pepper will play both the processional and recessional, and following the hymn, "Onward Christian Soldiers" by a quartet, Invocation will be by Rev. J. E. Lee. The quartet will also lead the congregation in singing "Abide With Me," after the sermon. Benediction will be given by S. D. Rattan, Superintendent of Flomot Schools.

Commencement May 16 Next Thursday evening, May 16, at 8:15 o'clock, commencement exercises will be held in the high school gymnasium, Supt. Rattan announced. Honor students who were recently named who will deliver the valedictory and salutatory addresses are Billy Joe Clark and Ina Nell Gunn, respectively.

Other students appearing on the commencement program will be Bonnie Turner, who will give the class history, Gloria Cagle, who will give the class prophecy and Joy Tanner, who will read the class will.

Commencement address will be by John Stapleton of Floydada, former Captain in the U. S. Army.

Much Of Area Is Soaked During Two Rain Storms

RAIN, sacred word of the Southwest, which has been on the lips and in the thoughts (and fears) of thousands for the past thirty days, has justified the faith of those who have never doubted but that "it will rain."

Rainfall of .32 inch here Monday night gave little hope that the drought had broken after reports from other sections of the county and most of the Panhandle had been received. Benefitting rains had fallen in isolated sections, showers in others and none had fallen in others.

However, another rainstorm from the west late yesterday, improved the outlook. The precipitation here was .45 inch and more favorable reports have been received from other areas of the county and the territory west of Motley County. Indications are that the drought is in progress of being broken in time to allow farmers to plant row crops on schedule planting time.

Lack of "ground season" has cast a shadow over crop prospects in the entire Panhandle area except in sections where irrigation is sufficient to reduce drought hazards.

Albert Rattan Is Named Dist. VFW Chaplain At Meet

Albert Rattan was named District Chaplain at a two-day encampment of the Veterans of Foreign Wars held in Big Spring, May 4 and 5.

Delegates attending from the local Motley County Memorial Post were Furman Vinson, Albert Rattan, Charlie Meador, Melton Skaggs and Robert Birchfield.

Officers recently installed in the local post are Norman Priest Quartermaster; Charlie Meador, Adjutant; Ward Rattan, Sgt. Major; O. V. Johnson, Quartermaster Sgt.; J. D. Payne, Surgeon; Robert Birchfield, Chaplain and Norman Harp, Bugler.

An extensive membership drive will be started in the immediate future to terminate May 21. All eligibles who join before that date will be charter members of the post.

LEAVE FOR COLORADO

Mrs. Maurice Reilly and small daughter Suzanne, left Saturday for Boulder, Colorado to join Mr. Reilly in making their home there. He is attending the University of Colorado at Boulder. They were accompanied to Childress by Mr. Reilly's parents, Mr. and Mrs. M. J. Reilly, with whom they have been making their home.

Johnson Grass Eradication To Be Discussed Monday In Meeting At Roaring Springs

Eradication of Johnson Grass by the use of chemicals, will be the topic of discussion at a meeting in the Roaring Springs high school building on Monday night, May 13, at 8:00 o'clock, it was announced this week by County Agent J. R. Emmons.

Mr. Fisher of Spur Experiment Station and Mr. Taylor, County Agent of Dickens County, will be present to lead this discussion. These men have been experimenting in this work during the past year and will have the latest information on the subject Mr. Emmons said. Much interest is being expressed in the matter of eradicating Johnson Grass over the county, and especially in the Roaring Springs community.

The control or eradication of small areas of Johnson Grass can be successfully accomplished by properly applying sodium chlorate to the infested areas, Mr. Emmons said, and suggested the following procedure in its use.

Sodium chlorate applied to the soil either as a dry salt or in solution causes temporary sterilization of the soil and kills the plants. It is soluble in water

and after each rain will penetrate deeper into the soil, burning and gradually killing the roots of the weed. It will usually leach completely out of the soil in 12 to 18 months after application, and the soil will then grow desirable crops.

For Johnson Grass control sodium chlorate should be applied at the rate of 3 pounds per square rod. It may be mixed with equal parts of soil or sand to get better distribution and spread on the ground where Johnson Grass is growing. Rains will dissolve the weed killer and leach it into the soil and kill the roots. Quicker results may usually be obtained by dissolving sodium chlorate in water then spraying or pouring the solution on the soil around the base of plants. When sodium chlorate is mixed with water the operator should take precaution not to get clothing wet because when it dries, it unites with cotton or other organic matter to form an easily inflammable product. Smoking should not be tolerated when using sodium chlorate and all instructions on the container should be carefully observed.

Thirty-three Years of Demonstration Progress Featured In "At Home" Week

Three and a half million women throughout the United States, Alaska, Hawaii, and Puerto Rico are taking part in a unique "At Home" celebration this week. May 5 to 12 has been set aside as National Home Demonstration week, during which these women and their families will show through exhibits, tours and meetings, the progress in rural family living during 33 years of home demonstration work.

From tomato canning demonstrations in a few southern communities in 1913, this educational program for rural homes has grown, at the request of the request of the women themselves, until it now embraces every phase of rural family life: foods and nutrition, clothing, household management, home furnishings, handicrafts and recreation as well as health and medical care, housing, financial planning, child care and parent education, community welfare and citizenship responsibilities.

The program is conducted jointly by the U. S. Department of Agriculture and the 51 land grant colleges in the 48 states, Alaska, Hawaii and Puerto Rico. Some 3000 county home demonstration agents guide the program, assisted by half a million rural women, who are unpaid, volunteer leaders with special skills developed through extension courses in leader-training and workshops.

Aid War-Wrecked Countries
 The theme around which the week's celebrations are centered is, "Today's Home Builds Tomorrow's World." Emphasis has been placed on help from American homes for war-wrecked families abroad as well as on the achievements of rural family and community living in this country. A special feature of the week will be the reports on the "hands-across-the-sea" projects to help in famine relief. Home demonstration clubs have been contributing canned food, clothing and money to European relief. Onecommunity has adopted a nursery for babies and young children in Holland. Others have shipped boxes of food and clothing to Holland, Finland, Belgium, England, France and the Philippines.

Motley County Home Demonstration Clubs are featuring Philippine Relief in a tea and open house which they will hold Saturday afternoon from 3 until 5, in the office of Miss Mary Katherine Cook, county home demonstration agent.

Cotton garments have been requested for this particular county, and all having clothing to contribute are requested to bring same to the meeting.

PHILLIPS COMPANY ANNOUNCES NEW HIGH IN PROFITS

Marking its highest first quarter profits in the last eight years, with the single exception of 1945, Phillips Petroleum Co., today announced a net profit for the first quarter of 1946 of \$4,244,993, or 86 cents a share, after provision for all charges, reserves, and taxes. In the same period last year, the net profit was \$9,145,293 or \$1.86 a share, including 61 cents of non-recurring profit from the sale of stock in another company.

The Company's first quarter sales of motor fuel were 25% greater than for the same period a year ago, and 28% higher than in the last pre-war first quarter of 1941.

The first exploratory well drilled by the Company's Venezuelan subsidiary on its 25,800 acres in the State of Monagas has discovered thick oil bearing sands with indications of prolific production. Additional wells are being started on this block and exploration is progressing on the remainder of the 869,603 acres in Eastern Venezuela.

Additions to domestic oil and gas reserves since the first of 1946 are estimated to have been larger than in any comparable period in the Company's history. The most important of these additions were on extensive Company acreage holdings in or near the Judkins, South Fullerton, North Embur, and Block 31 areas of West Texas, the Chocolate Bayou Field on the Texas Gulf Coast, the Rangley Field in Colorado, and various points in Oklahoma.

PHILLIPS COMPANY ANNOUNCES NEW HIGH IN PROFITS

The Weekly Chronicle of Eastland will be 60 years old Nov. 1, with Frank A. Jones on the job since June 1, 1911.

Mangum, Okla.'s District Jersey Parish show this year will draw some 300 registered Jerseys from Greer, Jackson, Harmon, Tillman, Roger Mills, Kiowa, Beckham and Washita counties. John Hammon, Mangum's city manager, has been elected proxy of the Municipal League of Oklahoma.

Sundown's band festival is featuring Maj. Ed Chenette, Panama musician, this week.

Fashions

As vacation time approaches the packable wardrobe becomes in increasing demand. Shown above as pictured in the April issue of Good Housekeeping magazine is a navy wool wraparound skirt, black wool Jersey blouse, wool jacket, all easily packable.

Couple United In Ceremony Saturday

A double ring ceremony performed Saturday evening at 8:30, in the home of the bride's parents, united in marriage Rule Hobbs, daughter of Mr. and Mrs. J. W. Hobbs of Matador, and Harold G. Flora of Mason City, Iowa.

Rev. H. G. Verner, pastor of the Baptist Church, performed the ceremony before a small group of relatives and friends. The bride wore a white dress with white accessories and corsage of red roses. She was attended by a cousin, Miss Loetta Fuston of Turkey, who wore a navy dress with white accessories. Burrell Tipton served the bridegroom as best man.

Following the ceremony, a reception was held, and a decorated wedding cake, with lemonade was served the party. The rooms were decorated with larkspur, honeysuckle and roses for the occasion.

In addition to the bride's mother and the attendants, others present included Mrs. Clinton Hobbs, Mrs. Burrell Tipton, Bryan Martin Hobbs, and Billie Jo McKelvy of Matador; Mrs. Vonnice Vardy and Miss Ruth Fuston of Turkey.

The couple will continue making their home at Matador, where Mr. Flora is employed at Muse's Blacksmith shop. He received his discharge in October from the Army Air Corps, having been stationed at Childress. His mother, Mrs. Edith Flora, resides at Mason City, Iowa. The bride is well-known here, having been reared in this community.

Henrietta Shuck Circle Has Social

Henrietta Shuck Circle of the Baptist Church enjoyed a social Thursday evening of last week, in the home of Mrs. Howe Hines.

Games were played, directed by Mrs. Bill McCaghren.

Refreshments of sandwiches, potato chips, olives, coffee, ice cream and cake were served to Mesdames J. Farris Fish, J. L. Woodruff, Tom Moore, Grace Shelton, R. E. Campbell Jr., Vernon Doss, Lloyd Fulkerson, Dick Groves, Bill McCaghren, J. W. Johnson and Burrell Tipton, and Mrs. J. D. Craven of Clovis, N. M.

FORMER RESIDENT DIES AT MERKEL

Word was received here Wednesday, advising of the death of Mrs. Clyde Bartlett of Merkel, former Matador resident.

Mrs. Bartlett had been in failing health for the past year and had been bedfast about a month. She died at 1:30 Wednesday morning, her sister advised Mrs. L. R. Bishop here.

Funeral services were held at the Baptist Church of Merkel at 1:30 this afternoon (Thursday).

She is survived by her husband and three sons. Mr. Bartlett was manager of Burton-Lingo Lumber Co., yard when they resided here, and was transferred to Merkel about 5 or 6 years ago.

Henrietta Shuck Circle Has Social

Henrietta Shuck Circle of the Baptist Church enjoyed a social Thursday evening of last week, in the home of Mrs. Howe Hines.

Games were played, directed by Mrs. Bill McCaghren.

Refreshments of sandwiches, potato chips, olives, coffee, ice cream and cake were served to Mesdames J. Farris Fish, J. L. Woodruff, Tom Moore, Grace Shelton, R. E. Campbell Jr., Vernon Doss, Lloyd Fulkerson, Dick Groves, Bill McCaghren, J. W. Johnson and Burrell Tipton, and Mrs. J. D. Craven of Clovis, N. M.

CIRCLE HAS MEETING

Henrietta Shuck Circle met Tuesday evening in the home of Mrs. Dick Groves, for a Bible lesson from the New Testament, which was taught by Mrs. J. Farris Fish.

Present were Mesdames Cecil Shelton, Lloyd Fulkerson, Roy Reeves and J. L. Woodruff.

RECENT VISITOR

Mr. and Mrs. Joe Wason of San Saba, were recent visitors here with his mother, Mrs. Mollie Wason. Mr. Wason returned to his home after several days and his wife remained until Saturday, when she was accompanied home by a niece, Miss Dorothy Wason.

COME TO CHURCH SUNDAY

FORMER RESIDENT MARRIES RECENTLY

Mr. and Mrs. C. E. Mize of Abilene, former Matador residents, are announcing the marriage of their daughter, Jean, to a Mr. Sam Tucker, Jr., of Abilene, in a ceremony performed Saturday evening, May 4, at 7:30 o'clock. The single ring ceremony was read in the home of Justice of the Peace Bill Ward.

Those attending the wedding were Miss Juanita Mills, Buster Mize, and Mr. and Mrs. Dude Mize.

The bride was attired in white and her corsage was pink carnations. For "something borrowed," she wore a bracelet belonging to her sister-in-law, Mrs. Dude Mize. "Something old" was a handkerchief belonging to Mrs. Ramon Jones of Abilene, and for "something blue," she carried blue gloves. For good luck she carried a penny. Miss Mills was dressed in a cream colored suit with brown accessories and wore a corsage of rose carnations. Mrs. Mize was dressed in blue with black accessories and a corsage of white carnations.

Mrs. Tucker was reared in Matador and moved with her parents to Abilene about a year ago. Until the time of her marriage she was a student in Abilene High School.

The bridegroom served in the armed forces as a Staff Sgt. and was a prisoner of war for 20 months.

After a short wedding trip to Carlsbad, New Mexico, the young couple will be at home in Abilene, where Mr. Tucker is employed at Mead's Bakery.

CLINT HICKS IS NEW EMPLOYEE AT BANK

Clint Hicks of Roaring Springs has accepted a position at First State Bank, Matador, assuming his new duties Monday.

Hicks is an ex-service man,

having been in the armed forces almost three years, and in the European theatre for 16 months prior to receiving his discharge on January 16.

MOVE TO SPUR

Mr. and Mrs. Rhenard McCary recently moved to Spur to make their home. Mr. McCary will be manager of the Hudson automobile agency there.

Mr. and Mrs. G. W. Fulfer

of Odessa, arrived Wednesday afternoon to visit his mother, Mrs. W. M. Fulfer the remainder of the week.

IN NAVAL HOSPITAL

Norman Merle Pitts recently underwent surgery in the Naval Hospital, Dallas. His parents, Mr. and Mrs. D. E. Pitts spent the week end at his bedside. They were accompanied as far as Jackboro by Mrs. Joe Wason and Miss Dorothy Wason, who were enroute to San Saba, Tex.

RETURNS FROM HOSPITAL

Mrs. V. A. Rattan was brought home Saturday from Quannah, where she recently underwent surgery. Her daughter, Velda Mae, of Amarillo is at her bedside here.

The angora cat was bred originally in the Turkish capital.

NEFF IS CANDIDATE

Pat Neff Jr., son of former Governor of Texas, has announced his candidacy for Attorney General. He was employed in the Attorney General's office under Alfred, McCraw and Mann until he resigned to enter the army in 1942. He received a medical discharge in 1944 due to a disability received in line of duty.

KAMPUS KLATTER

Hiya! Is you is or is you ain't ready for some more mud-slinging this week. Couples at the show last Wednesday night, were Mickey-James W., Betty-Bob, Mary J.-Billy Jo. Also, there was a great deal of noise caused by these bird-brains!

Pup has been wearing a white turban here lately—(Had a wheek, we hear!) He's been huggin' those curves too much, to, eh, Pup?
 The State Inspector caused a lot of confusion last Friday when he came and found the lockers in a state of disorder (to say nothing of the state Mr. Tunnell and Mr. Ezzell were in). Wanda Slover, Inc., had a slumber party last Thursday night. Those who were a total wreck the next morning were: Nellie Florence, Marlene Dobbins, Dorothy Stanfield, Wilda Marr, and Mildred Spray.

Fud seems to have lost interest in all us gals. P-L-E-A-S-E, Fud, give us a chance!
 —M. H. S.—
 The Juniors have finally gotten their class pins. There have been quite a few spit-fights whose pins were the prettiest—the Seniors' or the Juniors'.

Methods Of Preventing Discoloration When Preparing Fruits For Freezing

(By Mary Katherine Cook, Home Demonstration Agent)

With the advancing of summer, interest will center about preparation of foods for packing and freezing in food lockers.

Certain fruits, such as peaches, apricots, apples and pears discolor easily, and there are several methods which may be followed to prevent discoloration. They are as follows:

- (1) Dissolve one level teaspoon thiocarbamide (also called thiourea) in 1 gallon cold water. Allow peeled fruit to stay in solution 1 minute; then drain for 30 minutes to 1 hour in a cool place before packing.
- (2) Use 125 mg. of vitamin C for each pint of fruit. Vitamin C comes in tablets of 25 mg., 50 mg., and 100 mg. potency. You would use 1 1/4 of a 100 mg. tablet. Dissolve the tablet in sugar

syrup which is to cover the fruit.

(3) Mix 4 level teaspoons citric acid or 3 tablespoons lemon juice in 1 qt. cool water. Leave fruit in solution only 5 to 10 minutes, then pack immediately.

(4) Dissolve 1 to 1 ounce sodium bisulfite in 1 gallon water. Level peeled fruit in solution 1 minute. Drain for 30 minutes to 1 hour in a cool place before packing. The disadvantage of this method is that the fruit should be heated after thawing and before eating.

(5) Mix 2 tablespoons vinegar or lemon juice and 2 tablespoons salt with 1 gallon cold water. Let the peeled pieces remain in solution only long enough to prepare enough fruit to pack a few cartons, not longer than 15 to 25 minutes. Drain, pack and freeze immediately. This is not as effective as the first method.

(6) Scalding peaches and apricots for 1 or 2 minutes in boiling water to remove peel also destroys some enzymes which cause discoloration. If this is used, fruit should be chilled quickly after scalding.

The chemicals named in the methods described above are not harmful and are used only to prevent discoloration. See your local druggist about these as you may not be able to obtain all that are mentioned. The ones which are available will determine which method you will choose to use.

Use Of Sugar or Syrup

Sugar or syrup helps most fruit to hold its shape, color and flavor. The amount of sugar must be determined by the availability of sugar and the tastes of the family. Usually one-half to one cup of sugar per quart of fruit is desirable. For very sweet, ripe fruit, less sugar may be used and for sour fruits, more sugar.

Make syrups from white corn syrup or honey as follows:
Thin syrup: 3 cups water, 1 cup corn syrup or honey; bring to boil.

Medium syrup: 2 cups water, 1 cup corn syrup or honey; bring to boil.

Heavy syrup: 1 cup water, 1 cup corn syrup or honey; bring to boil.

Hal Sparks, Mangum Daily Star reporter, had better do a better job as columnist than he did as radio reporter in Amarillo where he once introduced this reporter as "Flat Pin". His column, however, is attracting state-wide attention.

ROARING SPRINGS PUPILS MAKE TRAIN TRIP ON QUE

The 4th grade of Roaring Springs grade school made a train trip to Floydada last Friday. It was the first train trip for most of the children. Their grade school burned last week and they have been having school in the churches

there. The party included Mrs. Harold Jones, her pupils, Shirley Brown, Frances Russell, Barbara Havis, Barbara Preston, Geneva Phelps, Yvonne Brandon, Gwendolyn Cooper, Wanda Grant, Bonnie Faye Craft, Jackie Hall, Dale Estec, John Louis Farris, John Lesley, Mea-

FARM NEWS

BY MARVIN ALLEN
Motley County ACA
Administrative Officer

To Motley County Farmers:
Last week we mailed to every producer in the county a 1946 Texas Handbook. It contains all the conservation practices for which assistance is offered under the 1946 AAA program. It tells how this assistance can be obtained and all that parties, landlord, tenant or sharecroppers are eligible for conservation assistance if: (1) either, apply to the county committee before beginning the conservation practice for the amount of assistance that will be needed for carrying out the practice; (2) carry out the conservation practice in accordance with the specifications of the AAA; and, (3) inform the county AAA office within the time fixed by the county committee of the completed practice.

The amount of assistance to be made available to each farm will be determined by the AAA County committee on the basis of the conservation needs for the farm and the funds available to the county for this purpose.

To Whom It May Concern:

Some might ask the question—Why is public assistance offered for carrying out conservation practices? It is important to the nation that we conserve and maintain the fertility of the soil; for our Nation is only as strong as our soil. Some of the important reasons for offering public assistance are: (1) Many farmers do not have income sufficient to pay the expense of carrying out the needed practices; (2) Farmers generally have not experienced the benefits to be derived from some important practices and feel that they cannot afford to risk their own funds in bearing the total cost of carrying them out; and (3) many farmers feel they will not be on the land long enough to realize the major benefits, and they cannot afford to bear the total expenses of carrying out the needed practices; (4) The stability and security of the nation and its future generations depend upon the fertility of the soil. It, therefore, is a matter of public interest to see that the soil is conserved.

AAA Practice Specifications Mesquite Eradication
Our proposed plan to get mesquite eradication started in the county has been approved by several ranch operators. We

son, Carl Willis Pierce, Albert Ozborn and Dick Thomas Carpenter.
Also Mrs. Bob Cooper and son Robert, accompanied them on their train trip.
—Floydada Hesperian

have received to date numerous requests for this work and we feel confident that much good will be accomplished in the county. Mesquite infestation will be determined under the AAA program according to the following specification: The degree of infestation will be determined by judging the density in accordance with the percentage of the ground covered by the total spread of the trees or plants. AAA payment is \$5.00 per acre for heavy infestation. For more details on this AAA approved practice read your 1946 Handbook, page 16 and 17 under practice No. 42. If any operator in Motley County is interested in finding out more about this mesquite eradication program, come to the AAA (your local ACA) office.

Deferred Grazing
We remind all operators of ranches of over 1920 acres of non crop open pasture and range land that June 15 is the

beginning of the nongrazing period as set by the county committee and shall continue for 5 consecutive months. Prior approval must be received before start of the nongrazing period and each operator is limited to 25% of his grassland. The area deferred must be kept free of live stock during the deferred period. An AAA payment of 12¢ per acre will be earned if the specifications of this practice is carried out—read more of the details of this approved AAA practice in your 1946 Texas Handbook, page 10, practice 23.

Texas flying farmers will meet at Texas A & M April 29-30. There are at least 326 active members, according to Dr. I. P. Trotter, director of Extension Service. Clayton Beard, Tahoka pilot farmer, is chairman.

Raw fish is considered appetizing in Japan.

FROZEN FOODS...

(Continued From Page 1)

flavors and colors. In addition is the hickory smoking department for curing pork, which produces flavor and texture equal to the finest packing house product. Carcasses may be unloaded on the monorail transfer at the rear of the plant and delivered to any department.

Swift, modern cutting equipment will prepare fresh meats, including scientific wrapping for the quick-freeze department. Foods are cut, wrapped, quick-frozen and stored in lockers for customers at a standard, nominal charge. Meats requiring cooling before cutting are stored in a special room. All temperature controls are automatic.

In addition to the frozen food lockers, Spot Cash Grocery has been re-arranged and departmentized for the greater convenience of customers. The fresh vegetable and fruits department embodies the most modern methods of water and refrigeration to provide crisp and clean fresh vegetables at all times. The store will carry a complete line of Bird's Eye frozen foods as soon as stock can be obtained.

The owners of lockers and the general public is extended a cordial invitation to visit the store and inspect the plant during the formal opening Saturday.

It is estimated that the modern locker plant will save residents of the area many thousands of dollars annually in preserving foods which might otherwise be lost to spoilage. Fresh meat and poultry may be slaughtered at any time in the year, stored in the locker and used when it is wanted. Fresh fruits, garden and field foods may be frozen when they are available and used when they are desired.

Store and locker plant employees include Mr. Doss as manager and Mrs. Doss as bookkeeper, David Campbell, Jack Barton, Melvin Meason, William Earl Briscoe, John Briscoe and Gordon Russell.

Mr. and Mrs. Lawrence Rattan of Amarillo, visited here last week with relatives.

LARGE CROWD...

(Continued From Page 1)

ley and James Stanley Dirickson, all being pre-school children.

The fete featured "A Day in Spring," with Leatrice Simpson as "Spring," Mary Helen Stephens as "Sunshine," Doris Ann Doss as "Dusk," and little Frances McMahan and Charlotte Campbell as "Moonbeams." Mary Helen Stephens was also featured as the "Lady in the Moon."

The May Pole dance, fairies, butterflies, birds and bees were portrayed by other grade school children.

Proceeds of the entertainment amounted to \$100.00, and will be used to purchase playground equipment for the grade school.

Mrs. J. R. Whitworth and Mrs. Homer Kingery directed the fete, assisted by other teachers.

Among out-of-town visitors who attended were Mr. and Mrs. David Guest and family and Mr. and Mrs. Charles Russell of Turkey, Mrs. George Parkhill of Crosbyton and Mr. and Mrs. Claud Flippin of Narcissus.

MRS. E. A. DAY...

(Continued From Page 1)

Ollie Day of Dallas, two step-daughters, Mrs. Lilla Garrison of Lubbock, and Mrs. Bertha Garrison, Whiteflat, Texas; one brother, J. H. Miller of McAdoo, Texas; two sisters, Mrs. Hattie Kennedy of Dickens, Texas, and Mrs. Joe Gaines of Matador; and six grandchildren.

Burial was in the Clovis cemetery with the Clovis' Funeral Home in charge of arrangements. Named as pallbearers were: J. Simpson Morgan, Arthur Pangburn, M. F. Snow, A. D. Cumpton, W. D. Howell, W. H. Vaughter and H. DeLozier, all of Clovis.

Attending the funeral from here were the following: Mr. and Mrs. R. A. Day, Mr. and Mrs. Joe Gaines and Stanley Dan Level; also Mrs. W. F. Fogerson of Silverton, Mrs. Bertha Garrison and Mr. and Mrs. Dal Garrison of Whiteflat.

CARD OF THANKS

We wish to take this means of expressing our profound appreciation for the many expressions of sympathy extended us by friends during our bereavement. Words cannot convey our gratitude for the kindness and lovely floral offering tendered in memory of our beloved mother.

FLOMOT PIONEER...

(Continued From Page 1)

born in Tennessee, June 15, 1886 and departed this life May 5, 1946 at the age of 79 years, 10 months, 20 days.

She was married to Wade Andrew Martin on March 15, 1888. To this union were born 10 children, 7 of whom survive.

Wade" as they were affectionately known by their many friends, were pioneers of this county, coming here in 1892. They were charter members of the Flomot Methodist Church and lived devoted Christian lives.

Surviving children are: Robert, Van, Wade, Abe and Raldo Martin, all of Flomot, Mark Martin of Lone Star, and Mrs. Mary Hall of Quitaque.

There are also 21 grandchildren and 16 great-grandchildren, who survive and a host of friends who mourn her passing.

OIL EXPERT...

(Continued From Page 1)

tions indicate a deposit which may be ten miles long and seven miles wide.

Mr. Trout has recently located a well on Mr. Willie's ranch in western Cottle county and materials are arriving for the construction of the rig. Another new location in Cottle county materials are arriving for the now reached a depth of 700 feet.

Mr. Trout and Carl Willie, former Matador resident, and brother of Lion Willie, were guests at the luncheon.
