Red Cross Drive Over Quota

"Dizzy" Dean Will Attend Father-Son Banquet Here

"Dizzy" Dean, baseball hero to millions of boys and grown-ups, has confirmed his promise to attend the 5th annual Father-Son banquet here Thursday evening, February 12, according to Lion Henry F. Pipkin. A room is being reserved for the famous baseball pitcher at a local hotel and other arrangements for his comfort and entertainment are being made. The banquet, which will be held in the basement of the Baptist church, will start promptly at 8:00 (new time or 7:00 present time). Men and boys attending are cautioned by the cooking and serving committee that actual serving will start at the announced hours which means that it will be necessary to arrive no later than 7:30 p. m. (new time). A brief program will be held in the upstairs church auditorium. Banquet As Arranged All plans for the banquet are virtually complete according to reports by the various committees.

Time Change In Effect Monday

(PUBLISHER'S NOTE—Those interested in trading beds for lanterns will find the Tribune an effective advertising medium) America will officially roll out of the "plush" Monday morning (at 2 a. m.) timed for the greatest war struggle in its history. Clocks and watches will be advanced one hour thruout the nation. Train, mail, bus, and other schedules will be affected. Directors of Matador Lions Club meeting at the Magnolia Cafe Monday morning voted to advance their meeting hour to correspond with the new time change and businessmen attending assumed that all business in the city would accept the change of time. No statement has been made by the Matador schools as to whether the time change will be observed or the class schedule changed. Due to Motley county's proximity to the time change line on the New Mexico border, the change presents more of a problem than districts farther east. Announcement in the Canyon News declares: "It is a good theory but in this time belt the change would defeat its purpose. Accordingly, the college and schools will start 8 o'clock classes at 9 a. m. and lunch time will be 1 p. m. In other words classes will actually meet at the same sun time as now."

CIVILIAN DEFENSE MEMBERSHIP DRIVE ADVANCING DAILY

Volunteers are rapidly signing up for Motley County Civilian Defense work according to C. A. Pitts, Chief of Volunteer Participation. Registration was made at Roaring Springs Tuesday afternoon where 70 volunteers signed the forms. Reports from registration held at Whiteflat yesterday afternoon were not received in time for publication. Volunteers will be accepted in Flomot this afternoon at Clement's Barber Shop between 2 and 4 p. m., at Northfield school house between 2 and 4 p. m. Friday and at the American Legion building in Matador between 2 and 5 p. m. Saturday. All Matador business men have been urged to fill registration cards before Saturday in order to avoid loss of time and delay. Any resident of the county will be accepted anytime during office hours by Mr. Pitts at the West Texas Utilities Company office.

CAR OWNERS BUY OUT SUPPLY OF TAX STICKERS

Motley county motorists "bought out" the supply of Uncle Sam's new \$2.09 tax stickers sold by postoffices, according to Matador postmaster, E. F. Springer. Calls for additional stickers were received from Flomot, Turkey, Quitaque and Whiteflat, but Mr. Springer said that he was certain that 97% of county car-owners received their stamps. He said that 700 stamps were sold in the Matador post office alone and that additional stamps had been received to supply the demand. It was a violation of the law to operate a motor vehicle without a sticker after February 1. On March 1 stamps may be purchased for cars on which the tax has not been paid, for \$1.67, thus reducing the amount in the same manner of state car license. Beginning April 1 the amount is \$1.25; May 1, 84 cents and June 1, 42 cents. On July 1 all vehicles operated must have a new stamp, good for 1 year and costing \$5.

JOHN A. HAMILTON DIRECTS CAMPAIGN FOR LARGE FUND

Again the great liberal hearts of the people of Motley county have responded to exceed past conceptions of

Late Flash

Announcement was received yesterday that the Red Cross will need \$65,000,000 instead of the original estimate of \$50,000,000, which, according to Mr. Hamilton, will raise the county quota to about \$1,100. It is believed this amount will be sufficient for 1942 and that no further requests will be made. Mr. Hamilton said the drive would be held open to raise the additional amount of about \$115 or more. Everyone who has not already donated to this great cause is urged to do so immediately.

MOTLEY COUNTY FORMULATES PLANS FOR THIRD REGISTRATION ON FEBRUARY 16

Plans are complete in Motley county for the 3rd draft registration to be held Monday, February 16, according to Frank Pohl, clerk for the Local Board. All men who have attained their 20th birthday on or before December 31, 1941, and who have not attained their 45th birthday on February 16, 1942 (excepting those heretofore registered) will be required to register. According to plans formulated by the Motley county Local Board, places for registration will be established at Roaring Springs, Northfield, Flomot and Matador.

First Motley Boys To Camp Wolters

The first Motley county draftees assigned to recently opened Camp Wolters, Mineral Wells, Texas, left Matador Monday, according to information received from Motley County Local Board. Those leaving Monday, were G. W. Ratcliff, James Elmer Cook, William Kirt Birchfield and Ulysess Sidney Jacobs. Strict Federal censorship and volunteer compliance of all newspapers thruout the nation, restricts further information regarding means of transportation, call number, quotas and any other information that might be used by an enemy.

President Birthday Party Nets \$96.57

Motley county's annual celebration for President Roosevelt's birthday, held here Thursday evening, February 29, netted \$96.57, according to Mrs. U. L. Willie, 1942 chairman. The following statement was made this week by Mrs. Willie: "As Motley county chairman, I wish to thank every person who contributed in any way to making a success of our President's Birthday Celebration. "Especially do I desire to thank Mrs. Leonora Luckett, who donated the use of her building, the Tribune Publishing Company for gratis printing of the tickets, the girls and others who assisted in advance sale of the tickets and many others who assisted in various capacities. "It is a pleasure to submit the following complete report: Cash donations, \$8.60; Check room privileges, \$1.38. Total not subject to tax, \$9.98. "Tickets (numbering 121) \$133.10. Total collected, \$143.08, less Internal Revenue tax of \$13.31 leaving balance of \$129.77 less \$30 orchestra fee and \$3.20 incidental expenses, leaving a net total of \$96.57. County Keeps Half "Half of this sum is to be sent to the general headquarters of the National Foundation for Infantile Paralysis. It will be used in research, treatment and cure of the persons, especially children, who contract this dreadful disease. The remaining half is kept in our local bank for the use of Motley county residents who may be unfortunate enough to require aid. "Any person who helped to create this fund must surely feel that they have done their bit to further a worthy and humane cause, as well as honoring our great President Franklin Delano Roosevelt on his 60th birthday."

charity. The Motley County emergency Red Cross war fund has exceeded its quota of \$900. Commendation for accomplishment of the herculean task goes to District Attorney John A. Hamilton, who accepted the responsibility after various county leaders had declined. Mr. Hamilton disclosed at the Lions luncheon, Tuesday, that \$985.74 has already been collected during the drive and that he expects to raise \$1,000. He urged every member of the club to support extension of the drive to collect the additional amount. Required Organization Declining to accept full credit for the successful drive, Mr. Hamilton praised other members of his county committee who tendered their time and energies to the work. Local leaders are aware that Mr. Hamilton's time is demanded by the duties of his office to the point where it is a personal sacrifice to accept additional responsibilities. However, by working almost night and day he was able to organize and direct the Red Cross campaign and at the same time conduct his official duties. Several members of the Motley county Red Cross committee were skeptical as to the possibilities of raising the \$900 quota, directly following the annual Red Cross membership drive, which also had the largest quota in history. Except for Motley county's small population, excessive donations to the war fund quota is not outstanding in the Texas Panhandle. Reports indicate most counties in this section have collected more than their quotas.

Title Certificate Required For 1942 Car License Tags

No need to hurry, but in case you have thought of some bright new tin 1942 license tags for the old bus, you are advised to take along your certificate of title (the photostatic copy from Austin). It will be impossible to secure new tags without showing this certificate, according to Sheriff Tax Assessor and Collector H. H. Courtney. Its the law. Of course it will be impossible to put on the new tags until March 1 and you are not compelled to put them on until April 1. Perhaps the tires are getting a little thin and you are wondering about how much service may be left in their precious hides, but just in case you decide to go through with it, don't forget the photostatic title certificate.

ATTEND FUNERAL AT PLAINS WED.

Misses Ella Garner of Spur and Mary Kieth of Matador drove to Plains, Texas, Wednesday of last week, to attend the funeral of Judge J. H. Lynn, who passed away January 26, on his 73rd birthday at the Plains Hospital, Lubbock. Judge Lynn was a first cousin of the late Mrs. H. T. Garner and D. C. Kieth. He was a pioneer of King County, having served that county as County Clerk and later was Judge at Plains.

HOWARD TRAWEEK ANNOUNCES FOR COUNTY ATTORNEY

The Tribune is authorized to announce Howard Traweck as candidate for re-election to the office of county attorney of Motley county and subject to the action of the Democratic Primary, July 25, 1942. Leaving immediately for induction in the Navy Reserve, Mr. Traweck makes the following statement regarding his candidacy: "Due to my recent enlistment for the duration of the war, it will not be possible for me to contact the voters in person. Therefore, I wish to take this means of expressing my appreciation of the support and cooperation given me by the people of Motley county in the past, and to solicit their support in the Democratic primary, July 25. "During the past term as County Attorney, I have tried to conduct that office in a business-like and efficient manner in the enforcement of the laws of this state, with fairness and justice to all and with partiality and favoritism to none. If re-elected as your County Attorney for another term, I shall endeavor to continue this same policy. I feel that the past experience in this office better qualifies me to fill it and to better serve the people of this county in the future.

Jack Lamb To Show Alaska Films At Childress Monday

One of the most spectacular and interesting motion pictures ever shown in Texas—technical films taken by Jack Lamb while he and Gene "Old Tack" Howe of Amarillo were on a fishing and hunting trip in Alaska—will be shown in Childress next Monday night at the high school auditorium. The natural color picture includes shots of all types of Alaskan wild game and fish, the hunters in action, views of interior Alaska and beautiful scenery of the far north, much of which has never before been recorded on film. The showing in Childress will be the first in Texas except a "preview" at Amarillo in December which attracted 16,000 persons in two days. The showing here will be sponsored by the Childress Lions club and admission will be 25 cents for adults and 15 cents for children. The show will start at 8:30 (daylight saving time).

Tire Quota Is Received For Month

Motley county has received a quota of 5 passenger car tires, 4 passenger car tubes, 13 truck and bus tires and 22 truck and bus tubes, according to D. I. W. Birnie, administrator of the tire rationing board. Mr. Birnie said that his office issued 4 purchase certificates of passenger car tubes in January, from the quota of 9. Two passenger car tubes purchase certificates were issued from the quota of 8. Purchase of 26 truck and bus tires were allowed from the quota of 26. Only 11 truck and bus tubes were allowed from the quota of 22. Other January certificates issued included 17 tractor and farm equipment tires and 2 tubes. Twelve obsolete type tires and six tubes with permission for purchase was granted 12 obsolete type tires and six tubes.

MONDRO ENTHRALLS MATADOR AUDIENCE

One of the best entertainments of its type ever staged here, was given Tuesday evening when Mondro the Magician presented "Mystery Revue" in the Matador high school auditorium. With as mystifying a bag of tricks to be found anywhere, Mondro delighted his enthusiastic audience each time he performed a feat. Ranging from the ever popular card and handkerchief tricks, to more incredible performances of illusion and mental skill, the program met with instantaneous response. Included in the two hour program in addition to sleight-of-hand tricks, were several feats of almost impossible physical proportions. Mondro has traveled extensively with his act, thruout the country. He is practically a native of this section, having made his home in Lubbock for over 17 years, and still a resident of that city. Proceeds of the entertainment went to the high school athletic association.

John A. Hamilton To Be Candidate

District Attorney John A. Hamilton will enter the 1942 political handicap to seek re-election to office, within the immediate future according to a statement made by Mr. Hamilton yesterday. Because of immediate urgent duties of his office, the District Attorney said it would be impossible for him to prepare a formal statement for publication in this week's issue of newspapers covering his district.

DR. LIPSCOMB TO PREACH AT M. E. CHURCH SUNDAY

Dr. L. N. Lipscomb, Dist. Superintendent of the Plainview District will preach here Sunday evening at 7:30, at the Methodist Church. At the close of the preaching hour Dr. Lipscomb will hold first quarterly conference of the year. Special music will be included in the service, it was further announced. All church members are urged to attend, and especially the church officials, who are also requested to be prepared to make reports. Visitors are welcome at all times, and a special invitation is extended the community.

REV. VAUGHN ATTENDS S. M. U. PASTORS SCHOOL

Rev. W. B. Vaughn left Monday for Dallas, where he attended Pastor's School at Southern Methodist University this week. The course began Monday and will close tonight.

WEEK-END VISITORS

Mr. and Mrs. Robert L. Reinhardt of Plainview, visited here over the week-end with his parents, Mr. and Mrs. M. T. Reinhardt and son Gene. The visitors were enroute to San Antonio, where the younger Mr. Reinhardt will be employed in defense work as magneto man. He has been employed in the Phillips Battery and Electric Shop in Plainview for the past 16 months.

MOVE TO ARIZONA

Mrs. Sam Chambliss left Sunday for Holbrook, Arizona, where she joined Mr. Chambliss, who is employed in the Mission Filling Station of that place, owned by Walter Sample. Mr. Chambliss was employed here for the past year, at Bishop's Feed Store. The water of the ocean freeze very slowly and imperfectly, due to the presence salt.

FRED SIMPSON ENLISTS

Fred G. Simpson Jr., left Monday for San Antonio, where he has enlisted as a flying cadet at Kelly Field.

CVISIT PARENTS

Visiting their parents, Mr. and Mrs. J. E. Russell, over the week end were A. G. Russell of Houston Mr. and Mrs. Jack Bradshaw and son, Jackie, of Amarillo, and Mr. and Mrs. J. W. Drace of San Angelo.

Ignored The Bullets... During the first World War the late Brigadier General Hiram I. Bessars of the U. S. Marine Corps was standing on the parapet of a trench observing the movements of the enemy.

The million and one half men in uniform will absorb 312,000,000 pounds of wool, or about one third of the quantity being used in the United States this year.

Housewives Urged To Conserve Coffee

COLLEGE STATION — Retail prices of coffee have risen about 20 per cent in the last year, and the export price from Brazil and Columbia is now twice as high as it was in October, 1940.

This means homemakers must buy their coffee more carefully than ever, says Louise Bryant, specialist in home management for the A. & M. College Extension Service.

Because of proper diet and early dental care, the teeth of the Dionne quintuplets show no signs of decay.

Liver contains a good supply of vitamin A, is rich in riboflavin, iron and phosphorus, and contains thiamin and nicotinic acid.

Folic acid, a vitamin discovered recently by a Texas scientist, is a member of the family of B vitamins. It was so named because of its abundance in leaves.

Do not grow peanuts for harvest on the same land more often than once in three years, says Texas A. and M. College Extension Service experts.

If the coffee can has been standing on the cupboard shelf several days this means it will take more coffee to make a good beverage. It all adds up to this, Miss Bryant says: "Buy your coffee in small quantities. Don't waste any of it. Enjoy it while you can."

Texas 'Exes' Will Have Meet March 2

TRADITIONAL BANQUETS PLANNED THROUGHOUT U. S. BY UNIVERSITY ALUMNI

AUSTIN, Texas—Ex-students of the University of Texas will meet in nearly 100 cities in Texas and throughout the nation March 2 for their traditional banquets, according to reports of plans reaching the office of the Ex-Students Association here.

John A. McCurdy, association secretary, has been notified that preliminary plans are being pushed for such meetings in New York.

San Francisco, Los Angeles, Chicago, Denver, St. Louis, Kansas City, Minneapolis, Philadelphia, Boston, Washington, Shreveport, New Orleans, Mexico City, the Canal Zone and several points in South America.

These out-of-state meetings will be in addition to about 75 in Texas. University staff members will speak at a number of points in the state.

Among early speaking arrangements for the night are those listing Pres. Homer P. Rainey for Texarkana, Vice Pres. J. Alton Burdine for Palestine, Football Coach Dana X. Bible for Abilene, Hulon Black for Austin, Dr. S. L. Joekel for the Valley, Lynn Landrum of Dallas and McCurdy for Houston, and Arthur L. Brandon, director of public relations, for Fort Worth.

Because of proper diet and early dental care, the teeth of the Dionne quintuplets show no signs of decay.

SHOWER IN STANLEY HOME SATURDAY COMPLIMENTS MRS. W. T. BOGGUS

A miscellaneous shower given Saturday afternoon in the home of Mrs. J. S. Stanley, complimented Mrs. W. T. Boggus, the former Marion Clements. Joint hostesses with Mrs. Stanley were Mesdames L. C. Harp, L. J. Barkley, B. F. Tunnell and Pat Sheridan.

A Valentine motif was used in cocktail napkins and table decorations. The dining table was laid with a lovely lace cloth and centered with mirror reflectors. On the center reflector was a heart-shaped candy box encircled with a wreath of ivy and red berries, and at each end were red candles in crystal holders. Refreshments of cookies and spiced tea were served.

Mrs. Tunnell presided at the Bride's Book, in which the following names were registered:

Mesdames D. I. W. Birnie, C. A. Pitts, Elmer Stearns, Ray Patton, H. H. Courtney, L. R. Bishop, A. C. Trawick Sr., Foster Fulfer, B. C. Cox, W. F. Jacobs, D. E. Pitts, Harry Willett, George Birchfield, John Hamilton, Harry Campbell, Hugh Gray, U. L. Willie R. E. Donovan, Joe Bloodworth, E. F. Springer, George Springer, J. H. Sample.

Mesdames Annie Tudor, G. S. Craven, F. G. Simpson, A. J. Daffern, J. A. Groves, W. M. Fulfer, Elbert Seigler, Earl Laughlin, W. J. Whitworth, J. L. Woodruff, J. R. Emmons, George Gray, Ben Meador, Eddie Russell, Don Martin, Ward Rattan, Mae McKenzie, T. J. Daffern, Robert Collier, Fred Clower, Alvin Stearns, Leona Luckett, J. R. Moore, Charlotte Hunsucker, Farris Fish, Hub Swearingen, Rhenard McCary, Tom Newman, Curtis King, John Stotts, Bert Ezzell, Bill Eggleston, H. S. Watson, Bill McCaghen, M. C. Green, Freeman Thacker, Melvin Meason, J. L. Boggus, W. W. Clements, the hostesses, Ruth Marie Stanley and Misses Maxine Green, Amy Glenn, Mabel Jameson and Ruth Groves.

Remember Pearl Harbor

Legion Auxiliary To Meet Weekly

The American Legion Auxiliary of Fleming Post will meet each Tuesday evening beginning next week, to do work for the Red Cross, it was decided at regular meeting of the organization Tuesday evening of this week.

The meetings will be open to the public, and all women of the community who are interested in doing their part in defense work, are given this opportunity to join in a worthy cause.

Due to the present shortage of materials, the ladies will devote the time to piecing quilts, and it is suggested that they furnish their own scissors, needles and thimbles. Thread will be furnished by the auxiliary.

As soon as the local Red Cross sewing room receives sufficient materials, work will be resumed in knitting and making garments.

Child Welfare To Meet Wednesday

The Matador Child Welfare Association will meet next Wednesday afternoon, February 11, at 3:30, in the recreation room in the grade school, it was announced.

Theme of the program will be "Youth and Democracy," with a talk by Mrs. Tom Tilson on the subject, "Democracy Begins at Home."

Group singing of "Arms for the Love of America," and "We are Americans, All True Blue," and songs by the 5th grade students, will also be included on the program.

All parents and patrons are urged to attend, and are reminded that the rooms represented by the most visitors will receive picture and book awards.

Year Book Studied At Circle Meeting

The Henrietta Shuck Circle of the Baptist W. M. U. met Monday afternoon at the church for a study of the year book, which was taught by Mrs. W. M. Joslin.

Each member present took part in the devotional. Present were: Mesdames Joslin, Vernon Doss, Earl Laughlin, Cecil Shelton, Elbert Reeves and Elbert Seigler.

A review of a book on missions is to be given by Mrs. Elbert Reeves at the church beginning at 3:00 Monday afternoon. All circles of the W. M. U. are requested to attend.

Methodist Circle Has Meeting Mon.

Both circles of the Women's Society of Christian Service of the Methodist church met Monday afternoon at the church.

Mrs. H. H. Schweitzer, study teacher, brought an interesting lesson following the devotional which was led by Mrs. W. Y. Higgins.

Flomot Club Holds Meeting Recently

The Stitch and Chatter Club of Flomot met January 29, in the home of Mrs. H. A. Wallace, for an all-day meeting.

New officers of the club are: President, Mrs. Wallace; vice president, Mrs. Elsie Clold; secretary, Mrs. Gordie Washington; reporter, Mrs. John Bourland.

Seventeen members, one guest and one new member were present.

Mrs. Bourland will be hostess at the next meeting, which will be February 12.

Mr. and Mrs. George Gray and baby son, Mrs. J. S. Stanley and Mrs. L. J. Barkley were Lubbock visitors Friday.

MRS. J. W. WALKER TO BE BANQUET SPEAKER HERE

Mrs. J. W. Walker of Plainview, state president of Texas Federation of Women's Clubs has accepted an invitation to be the speaker for the fifth annual Mother-Daughter banquet here next Friday evening.

Prominent in club activities for a number of years, Mrs. Walker was district president of the 7th district before her election last year as state president of the Texas Federation. She has just returned from a trip to Washington, D. C., where she attended a mid-winter meeting of the Board of Directors of the General Federation of Women's Clubs and a series of brilliant forums on vital phases of national defense.

Due to the almost constant attention which her official duties require, it is not always possible for Mrs. Walker to be able to meet the many bids made for her presence at social functions. The Matador Child Welfare Association, sponsors of the annual banquet affair here, feel very fortunate in having secured her as speaker for this occasion.

Mrs. Walker will be the house guest of Mrs. U. L. Willie during her visit in Matador.

Interesting Program

An interesting program has been arranged, with Mrs. J. R. Whitworth as toastmistress, and including the following: Song, "Star-Spangled Banner," assembly; invocation, Mrs. Fred Simpson; banquet; song, "Dear Mom," pupils of Miss Mabel Jameson; Greetings of Welcome, Mrs. H. H. Schweitzer; Salute to Mothers, Frances Schweitzer; songs by girls sextette; Address, Mrs. J. W. Walker; closing song, "God Bless America."

Miss Alla Mae Fulfer, student at Wayland College, Plainview, spent the week end here visiting her parents, Mr. and Mrs. W. M. Fulfer. She brought as her guest, her room mate, Miss Othelia Ritchey.

SHORTAGE OF WOOL SLOWS KNITTING

Shortage of wool and congestion of transportation facilities is causing curtailment of Red Cross volunteer service work in knitting sweaters and making garments, according to information received by the local office.

Miss Mary Keith, chairman of production in Motley county declared that Red Cross chapters throughout the country are finding it increasingly difficult to secure material. All production chairmen are requested to keep an accurate check of all material given out and also check the follow-up. All volunteers who are making woolen or knitted garments are requested to return the scraps to the chapter.

While relief of the shortage in material is not in sight, it is believed that essential needs may become available some time in the near future.

Mrs. Freeman Is Honored Sunday

The 85th birthday of Grandmother L. C. Freeman was celebrated Sunday at Vernon, Texas, in the home of her son, J. M. Freeman.

Mrs. Freeman is a pioneer resi-

dent of Roaring Springs, having lived there many years. She came to Roaring Springs with her family, from Sulphur Springs in 1917, and has many relatives and friends living there. Her husband passed away about 8 years ago and she has lived with her children at Roaring Springs and in McAdoo, since that time. Her oldest grandson, M. D. Freeman, of Roaring Springs also celebrated his birthday at the same time.

About 36 relatives and friends were present for the occasion, including the following from Roaring Springs: Mr. and Mrs. M. D. Freeman and sons; Mr. and Mrs. Herman Havis and children and Mr. and Mrs. Bruce Freeman and children.

there to be enthusiastic when war is a gigantic tangle of men are set up like tentpins in the bowling nations; and what is about that?

However, to fall in pass along a little story from which we gleaned chuckles, to-wit: That the fellow who, passing Cross headquarters, head inside the door and the knitting ladies: "Pearl Harbor and what about the one about the restaurant proprietor whose menu reads: 'Fried Potatoes'."

It's wacky, of course, other place on the face earth could it be done on own land of the free—bundles for Congress storm, which we suppose include layettes for the ture.

If seeing is believing, witnessing the baffling chance of a magician, they still believe in Santa Claus, stork, and the Republic.

Pied 'Pinions BY MR. S. M.

Now is the time for all good men—and women, to come to the aid of their country.

There's more ways than one to contribute to the All Out For Defense movement. By maintaining enthusiasm and a sense of humor, we can aid materially in keeping the morale of the nation bolstered up.

Easier said than done of course, "Humor," as William Allen White once said, "is hard to can. It sours and jells." And, after all, what is

Jim eats breakfast at the SUPPER table now!

IT'S a screwy schedule. Jim downs a man-sized dinner while Mom's doing the breakfast dishes, sleeps the day away, and gets breakfast at the family supper table! He's on the night shift at the power plant.

The night is bright with light when Jim goes to work. Turbines that have been humming 24 hours a day never pause as fresh men take over the all-out job of generating power for Democracy.

CONTINUOUS production makes

tremendous demands on men, machines, and on the electric service that powers practically every operation.

But the power is always there—day and night—Sundays and holidays—365 days a year.

The electric industry was ready when the crisis came—ready to serve every military need in addition to your home and business—ready to meet new needs with new construction. 1941 saw more than 2½ million extra horsepower installed—enough

to light one-fourth of all the homes in the U. S. A.!

America's electric companies have been able to accomplish this by good business management—by producing over 90 per cent of the nation's electric power and making it available almost anywhere, over carefully interconnected systems.

We're glad we can make this report—and glad to pledge our unending effort to supply millions of workmen with all the electric power they need to make America POWERFUL!

"Grass Vital To Defense Program" Says R. E. Dickson

"Grass has an important part in the present defense program and the future of the United States," declared R. E. Dickson, manager of the Spur Experiment Station and national authority on range terracing, before the regular meeting of the Matador Lions Club held in the basement of the Methodist church, Tuesday. "Despite the fact that 70% of the state of Texas is still in grass, we have given this important crop small consideration," Mr. Dickson said. "We have taken grass for granted and lack sufficient knowledge of its requirements. "A short time ago study was made of grass on the Canadian river watershed and range requirements in that territory. It was found that a cow consumes 6,000 pounds of grass per year and that it requires 400 pounds of water to produce one pound of grass. It was estimated that with proper grass land terracing, one million five hundred thousand more cattle could be kept on the Canadian watershed alone."

Supplementing his address with well-displayed grass exhibits and pictures, Mr. Dickson was able to create a more graphic idea of the importance of proper terracing of grass land. One display case exhibited grass roots more than 6 feet in length, of native or "Buffalo" grass. Mr. Dickson was assisted by N. F. Donahoo, also associated with the experiment station. Other visitors included Marvin Patton and R. Stapleton, members of the local Draft Board, and J. D. Allen, student of Texas Tech. In the absence of Boss Lion Dr. J. S. Stanley, first vice-president Douglas Meador served as chairman. Announcement was made of the Motley county Civilian Defense organization registration and all Lion members were urged to fill out membership cards before Saturday afternoon when registration for Matador will be held at the Fleming-Post American Legion building. The Tuesday program was sponsored by Lion Rufus Emmons.

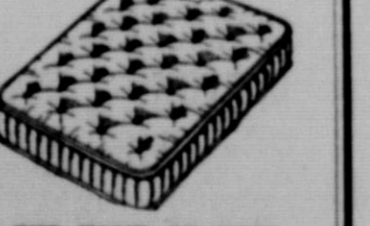

RETURNS FROM CALIFORNIA Mrs. Bess Patton returned to Matador Sunday afternoon after a visit to Los Angeles and San Diego, California where she visited in the home of her daughter and son-in-law, Mr. and Mrs. Lois Sparks. She made the motor trip with Mr. and Mrs. L. Ellis of Hereford. Mrs. Ellis is Mrs. Patton's sister.

NEW RANCH HAND A new ranch hand has been acquired for McDonald Camp. The young man is Ed D. Smith III, who arrived February 1, tipping the scales at 10 pounds and 4 ounces. Mother and son are doing well, and the proud cowpuncher papa is busy fashioning a teething ring of lariat rope.

Orange and lemon trees have been planted on North Carolina's tropical belt, Balhead island.

In ancient Rome, a tribunal originally was a place where officials met to discharge their official duties. GHOST TOWNS Turkish tax collectors found nearly 200 abandoned villages in Asiatic Turkey, east of Aleppo. Most of these deserted towns were being overrun by wolves. The Japanese alphabet has two sets of characters—katakana for the use of men, and hiragana for the use of women. The Navy requires the officer of the deck when in port to wear gloves and carry a spyglass.

MARRIAGE LICENSE DELIVERED AFTER SPAN OF 44 YEARS

The license which united in marriage, Miss Ida Edmondson and Rev. C. D. Pipkin has been delivered to Mrs. Pipkin exactly 44 years after it was issued. The license, thought to have been filed with the late Rev. Pipkin's personal papers during these years, was discovered recently in the office of County Clerk, R. A. Seay, and handed to Mrs. Pipkin when she was securing the birth certificate and marriage license of her son, Clyde, of Dalhart. Clyde had requested that his marriage license be sent him because his father had performed the ceremony. The incident occurred Thursday, January 28, 1942, exactly 44 years after the date of the license which was January 28, 1898.

Mineral Wells Has New Bid For Fame

MINERAL WELLS, Texas.—Mineral Wells continues to add to its reputation as the city of unique distinctions. First, of course, is its worldwide fame for its mineral waters and as a resort city. And Mineral Wells has mountains two of 'em right in the city limits. Mineral Wells is the hometown of Corinne Griffith, famous star of the silent cinema. She's now the wife of George Marshall, famous sportsman-owner of the Washington Redskins, professional football team on which Sammy Baugh stars. Back in the old days, this city had a street railway system that was the curiosity of West Texas. Mineral Wells was the hometown of the late Thomas W. Jackson, famous author of such popular old humor books as "A Slow Train Through Arkansas," "Through Missouri On A Mule," "I'm From Texas, You Can't Steer Me," etc. And, just a few short years ago, Mary Martin (My Heart Belongs To Daddy) was teaching dancing in the roof garden of the Baker Hotel here. And now Mineral Wells has another unique distinction. It has a famous band that has the only "Solo-Vox" in captivity among dance and radio bands. The band is Jack Amlung's Baker Hotel Band. The Solo-Vox is a strange instrument resembling a tall radio with a keyboard that's played with one finger. It can be made to imitate practically every musical instrument. The great crowds that gather in the Baker Hotel lobby for the band concert each evening find additional entertainment in the uncanny mimicry of the Solo-Vox. No doubt other bands will soon be including a Solo-Vox in their regular assortment of musical instruments, but Jack Amlung's Band is first to use one as a regular feature.

Wholewheat comprises only three per cent of all the flour sold in the United States notwithstanding that the whole grain contains three times more phosphorus, four times as much iron and eight times as much vitamin B. Both have the same number of calories.

Crop Insurance To Cover Green Crop

COLLEGE STATION — Boll weevils and weather will be out of luck this year as far as insured cotton farmers are concerned, according to Donald L. Cothran, state cotton insurance supervisor. All-risk insurance, being offered Texas cotton farmers for the first time, also protects the crop from other unavoidable hazards, such as drought, fire, flood, plant diseases, storms, hail and wind he said. "Risk on seed before planting is not so great; cotton in the bale is so much water under the bridge," Cothran said in explaining that insurance takes cotton through the roughest period, when it is growing in the field. Under the Federal Crop Insurance program, either 50 or 75 percent of the normal production may be covered by insurance. Cost of insurance will vary by farms since yields are figured from production records, and premiums are based on past crop losses on individual farms, the supervisor said. "This simply means loss-loss farms will have smaller premiums than high-loss farms," Cothran explained. When producers take out insurance, they sign a commodity note, which is part of the contract and guarantees the premium will be paid either in cash or cash equivalent before maturity date. Premiums may also be deducted from future AAA payments, indemnity payments, if any, or from cotton loans, if available, Cothran said. First closing date on insurance in the state is January 31, for Willacy, Starr, Hidalgo and Cameron counties. Other closing dates are March 1, March 15, and March 31.

COME RIGHT IN, FRIEND!

Texas deer are friendly critters. The Conroe Courier carries a story about a seven-point buck that showed up on the Court-house lawn, to the astonishment of busy shopping crowds. And the Tyler Telegraph tells us that a doe was seen lightly tripping across the old city airport recently.

TEXAS PETROLEUM INDUSTRY STARTS SCRAP METAL DRIVE

DALLAS—A drive has been started to collect all the scrap metal and rubber of the Texas petroleum industry by the Texas Mid-Continent Oil & Gas Association. The campaign is being undertaken at the request of the Federal Government through its Bureau of Industrial Conservation, Geo. C. Gibbons, executive vice-president of the association, explained. It will be carried out by oilmen leaders in each large producing area of Texas, the Nation's principal oil state. "The Texas petroleum industry is responding immediately to the government's request to collect for re-use all the old iron, steel, aluminum and rubber which we have on hand," Mr. Gibbons said. "A chairman will be named at once for each important oil-producing county, with a committee made up of leading oilmen from each field in that county. The committee will work with the operators as well as field superintendents and farm bosses to locate all scrap on the leases, in yards or at plants, and make these materials available for appraisal and purchase by scrap dealers and oil supply firms." At the special request of the government, all scrap will be handled through experienced scrap buyers who are prepared to buy, sort and ship these materials, Mr. Gibbons said. Leading oil supply manufacturers will co-operate in the campaign by sending their own scrap buyers to purchase the materials and send them at once to their own plants for reprocessing into oil field goods, he added. "In this way," Mr. Gibbons said, "oil field scrap can go back at once into manufacture of new

pipe and other supplies vitally needed by our industry to meet war-time demands. The situation of some of the companies making oil field goods is already serious, with only a single day's supply of the necessary scrap on hand. Texas operators have hundreds of tons of scrap materials on their leases and in their yards and around their refineries. It is patriotic service to the Nation as well as to our own industry to make these available for re-use. We are sure the Texas petroleum industry will co-operate to the fullest."
