Farm And Ranch News

By WACIL McNAIF

Now that the matter of definitely selecting a date has been settled Howard County Hereford breeders hope to wind up speedily details of plans for their annual sale March 4 in a bustling 1946 summer Feb. 23 was marked for the sale, but several complications arose during recent weeks which made a change practically imperative. Then, too, March 4 falls on Monday, and the association decided it might be more convenient for all concerned than Feb. 23, which comes up on Saturday.

County Agent Durward Lewter hopes to arrive at an early decision on dates for his 4-H show and sale. Time for this event also must be selected with care to avoid conflict, as he has entries placed for county 4-H members in several other shows already. Present indications are that a date prior to the Hereford breeders affair will be selected.

Most all Hereford breeders report that they are holding the cream of their herds for their sale. E. W. Lomax has been holding two of the best from his herd for some time, despite numerous opportunities to dispose of them earlier. Tom Roden plans to have about 8 or 10 head entered, which probably will be the largest individual consignment.

Morgan Coates and Leland Wallace have recently purchased 10 registered Herefords from J. S. N.

Dulaney of Sweetwater. All animals purchased carry Prince Domingo breeding. Coates and Wallace have also added a bull, which they bought from I. B. Cauble and Son.

The county agent's office still is the scene of activity, as farmers are gathering there for assistance in filling out their income tax returns. All farmers are reminded again that they must file a return or an estimate by Jan. 15, or else they will be subject to penalty. Complete assistance is available free of charge to all farm bureau members at the county agent's office.

Prospects of moisture were welcomed by farmers as most of this section was beginning to need it badly. Monday still hadn't brought enough to help appreciably, according to reports of several farmers in town, but the weather man promised more. A good rain should put the small grain crops in good shape.

County Agent Durward Lewter and several 4-H club members from the county will leave Jan. 28 for the Houston livestock show. Entries from Howard county are Ray Echols, Coahoma; Hereford steer; R. J. Echols, Coahoma; Hereford steer; Marie Petty, Elbow; Hereford steer; Perry Walker, Center Point, Southdown lamb; James Coates, R-Bar, (Coahoma club); Hereford steer; Raymond Phillips, Lomax, Southdown lamb and fine wool lamb; Bobby Powell, Coahoma, Southdown lamb; Hugh Willis Caughey, Luther, two Angus steers; and James Fryer, Knott, Hereford steer.

Big Poultry Crop Foreseen Despite Feed Shortages

Only one handicap is expected to interfere with what otherwise might be a booming production season for spring poultry, according to reports from Big Spring hatcheries and feed dealers.

Limited supplies of feed already are making themselves felt, and although many poultry raisers may be able to secure enough to tide them over, the potential increase may not materialize to the fullest extent of possibilities.

Protein supplement, corn and other essential grains are particularly scarce at present, and it appears unlikely that the supply will be able to approach the demand. Oats are the only feed available in large quantities.

Most local hatcheries plan to be in full operation by the end of January, and despite the feed shortage they are expecting a sizable chicken crop this spring. Many raisers have their own feed and will get by as well as they can without the scarce varieties. Prospects also point to a strong market for their products.

Local hatcheries will begin moving baby chicks secured from shipments within the next few days. Neel's and Keith's hatcheries have arranged for adequate supplies to suffice until they can put their own hatcheries into full-scale operation. Logan's plans to begin its hatching schedule soon after the middle of January.

Oil Tax-Supported Schools Anti-Treaty

AUSTIN, Jan. 8 (AP) — Texas public schools' benefit from oil taxes is rallying school opposition to the proposed British-American oil compact, Dan Hovey, chairman of the statewide committee of oil operators opposing the treaty, said today.

Hovey said school funds would be penalized if huge quantities of cheap middle eastern oil are permitted into the United States to replace Texas production.

LOOKING 'EM OVER

GOBLE BRYANT

HENRY FRNKA

With **ANGUS LECESTER** Without breaking stride, Big Spring's R. E. "Peppy" Blount has converted from football to basketball at the University of Texas.

The big boy made the expedition with the varsity Steers to Fayetteville, Ark., to do battle with the Porkers representing the state university. The Bovines had their clops chopped twice by the Hogs but the ex-pilot got in his share of playing time.

He was in action about half the first game, racked up six points, succeeded in outjumping George Kok, Arkansas' all-conference center who towers some three or four inches over the Big Springer.

Our state may come up with another All-America football tackle next season.

Goble Bryant made a fair name for himself while attending Texas A&M several years ago. He improved on it as a Fourth Air Force regular in 1944. Now he winds up at West Point, should be running alongside DeWitt Coulter, the Cadets' great lineman who is a native of Fort Worth.

WT-NM baseball league notes: Grover Seitz, a former Big Spring athletic personality, will skipper Pampa's circuit entry the coming season. Alex Hooks, one-time SMU first baseman, may wind up as straw boss of the Abilene club. Buck Faucett, El Pasoan who'll guide the Hollywood Stars of the Pacific Coast league through another season of play, holds controlling interest in the Albuquerque with relatives. Lamesa is dickering with the St. Louis Browns for a working agreement.

With Henry Frnka at the helm, Tulane's football backers are counting on the Green Wave for a Sugar Bowl appearance in 1947. They want St. Mary's back as the opposing club.

Two Runaway Girls Picked Up By Police

Mistreatment at home prompted two girls, 13 and 14 years old, to take leave from their homes in Meade, Kas., four days previously, police said Monday when they picked them up in a local bus station at 5 a. m.

The girls told officers that they had saved allowances and cashed in war bonds to enable them to run away. Evidently, their money was exhausted here. Officers are holding the two, pending word from their parents.

TOKYO, Jan. 8 (AP) — Attendance of two of Japan's major Shinto shrines decreased sharply during the recent New Year holidays, the Japanese press said.

McCarthy Faced With Problems, But He's Happy

NEW YORK, Jan. 8 (AP) — Joe McCarthy puffed complacently on a good cigar and refused to worry about the terrific job he faces next month in trying to sort out some 70 ball players in the Yankees' two Florida training camps.

"It's not going to be as bad as some people seem to think," he said during a lull in yesterday's press conference at the Yankee offices, when the appointment of Red Rolfe as the club's No. 1 coach was announced. "It won't be bad on a club like ours, where there are plenty of good ball players.

"Sure, it's going to be difficult to pick the best 25 or 30 players out of such a huge squad, but we'll have a lot of time to make our decisions, and the good ones have a way of coming to the top."

"Frankly," he continued, "I'm not so much worried about recognizing the new talent as I am in detecting whether some of our older stars might have reached or passed their peak while they were in the service. It's entirely possible that some of them did. They are the ones who are going to be in my own camp at St. Petersburg and who will make the training tour through Texas with me."

McCarthy has pretty well recovered from the stomach complaint which laid him low late last season and expects to get in a full year's work. He seems to have regained some of his old enthusiasm now that Joe DiMaggio and his other pennant-winning stars are returning. Not only that, but he and president Larry MacPhail appear to be hitting it off first rate. It is significant that Rolfe was McCarthy's choice as coach, not MacPhail's.

Q • How much light is enough to get good Grades?

Scientific tests have proved that children can read faster, read longer and remember better when they study under proper illumination. The plain truth is that many children do their lessons reluctantly because their eyes rebel at the hard work of trying to see under poor lighting.

Help your children keep their priceless possession. Keep their eyes young. Provide them with a lamp using at least a 100-watt bulb, or preferably one equipped with the 100-200-300-watt size.

The natural lighting you enjoy when reading by a window is an example of good illumination. Better Light in your home brings you closer to nature's ideal.

Lord Byron's 284 Wins Los Angeles Open Tourney

LOS ANGELES, Jan. 8 (AP)—Mr. Big of Golf—Byron Nelson, that is—is off a-wing on the 1946 tournament trail.

Lord Byron, as automatic as ever, won the 20th annual Los Angeles Open yesterday with 284 for the 72-hole tour of the Riviera course. And as the golfing fraternity picked up sticks and left for the San Francisco Open, which starts tomorrow, the burning question was: Who's gonna stop him?

His 71-69-72-72 added up five strokes better than Benny Hogan's 289, and nobody threatened Nelson after Sam Snead, defending champion, and Jim Ferrier, Chicago, faded after trailing by only two strokes at the end of 54 holes.

Nelson's first prize was \$2,666.67 in Victory Bonds. Hogan took \$1,866.67 for second place.

Using Marriage Talk As Lure, Marine Fritzes Coach's Hopes By Taking Star

By The Associated Press

Danny Lynch, prominent Dallas basketball official and coach of the Dr. Pepper team in the girls' major league, worked for two years to get Barbara Self, the great China high school cage star, on his squad.

Barbara finally came to Dallas and was here the five months required to be eligible to play in the league. She participated in one scrimmage session and then went home to get married.

"I took me two years to talk her into coming here to play and a paratrooper talks her into going back home in five minutes," moaned Danny.

Barbara was the girl who scored 4,189 points in three seasons—averaging 35 1-2 points per game. She really made more than that in her high school career but records were not kept her first season so no one knows just how many.

The Cotton Bowl game of last week which set all kinds of records for post-season gridiron classics was a personal victory for D. X. Bible, veteran coach of the University of Texas, in more ways than one.

There had been considerable criticism of the selection of Missouri to play Texas, Missouri, it was pointed out, didn't have much of a record, having lost three games, two of them by top-heavy scores. But Bible stepped forward as soon as the talk started and let it be known emphatically that the Cotton Bowl officials had nothing to do with the selection, that he had taken Missouri because it was champion of the Big Six conference, was a good team, was a fine school with great traditions and because the Missourians were "home folks" to him. He had come to admire Missouri very much in his tenure as coach at Nebraska.

Well, the game, which Texas won 40-27, thoroughly vindicated Bible. In fact, it "made" the Cotton Bowl. It was just the tonic it

Coast Circuit Can't Pay Top Stars, Claim

By HUGH FULLERTON, JR.
NEW YORK, Jan. 8 (AP)—Prexy Pants Rowland again is broadcasting that the Pacific Coast league will attain a major status almost any season now, but some of the big leaguers who turned down his bid last month maintain it won't be for four or five years. . . . The Cubs' Jim Gallagher explained it this way: "We hope the Coast league will be a major league because that will mean 600 major league baseball jobs instead of 400 and there would be that much more incentive for kids to play baseball. . . . But now those fellows can't pay major league expenses out of their gate receipts. . . . Take a player like Joe DiMaggio, for instance. He could pay him for his first few major league seasons while he drew \$7,500 or less, but when his salary got up to \$42,000 how could they take that out of a \$90,000 payroll and have anything left for the rest of the team?"

Undue Influence—
Sgt. Ray Schwartz, sports editor of the India-Burma "Round-up," reports receiving a letter from a Florida girl telling about the record of Frank Thomas, Alabama football coach. . . . "Ordinarily," says Ray, "I would take no heed, but she weakened my resistance by enclosing some locks of her blonde hair."

One-Minute Sports Page—
Oarsman Jack Kelly, Jr., had his dad send a shell down from Philadelphia to the Bainbridge, Md., naval training center so he can work out daily on the Susquehanna in preparation for taking a crack at the Diamond Sculls. . . . Looks as if the Cards should have made that deal for Walker Cooper on Columbus day. Their most promising prospect seems to be young John Caraglia from the Columbus, O. club, and another possibility is Lt. Del Wilber, who is due to get his army discharge in time to report to the Cards' training camp. He formerly caught for Columbus, Ga. . . . Wilbur Schu, the U. of Kentucky basketballer, was brought up with Baseball Commissioner Happy Chandler's family and is tagged "Senator" by his teammates.

Steers Invade Midland Gymnasium To Launch District 3AA Campaign

LANSING, Mich., Jan. 8 (AP)—Doris Baird was named by the Michigan State College Beta chapter of Porpoise, national honorary swimming fraternity, to reign at festivities honoring Michigan State's 1945 National AAU men's swimming team champions. A junior from Ionia, Mich., Miss Baird is also an excellent swimmer.

Broncos Here Friday Night

John Malaise's basketball Steers of Big Spring high school were scheduled to inaugurate their District 3AA play in an 8 o'clock game at Midland tonight.

The bout was originally slated to have been played this afternoon on recommendation of Midland school officials. However, they reversed themselves again for an evening play.

Play of such youngsters as Bill Campbell and Eddie Houser will be watched closely in the test. Campbell and Houser came onto their own for the first time last week when the Bovines vanquished O'Donnell's Eagles, 23-14.

Campbell contributed a smooth floor game while Houser was superlative around the basket, despite his lack of height.

Malaise's offense is constructed around the speedy Horace Rankin, who has shown a remarkable eye for the basket. The boss rang up 15 points against O'Donnell. Previously he had rated a spot on the McMurry invitational tournament team at Abilene.

B teams of the two schools will play an early game beginning at 7 o'clock.

The Longhorns return home Friday night to do battle with Odesa's Broncos.

Phillies Prepared To Depart Cellar

PHILADELPHIA, Jan. 8 (AP)—Housing shortages notwithstanding, the Philadelphia Phillies are ready to tear up their long-term lease on the National league's cellar.

General Manager Herb Pennock hasn't announced their new address yet, but he says they're all packed up, ready to leave the musty confines of No. 8, last place.

When Pennock took over the Phil front office, he announced that "we now have the money, if anybody wants to sell." So far, nobody, not even Sam Breadon of the St. Louis Cardinals, seems to have taken him too seriously.

Cincinnati is the only National league club expressing a willingness to do business with the Phils so far. The Reds parted with Frank McCormick, their veteran first baseman, who Pennock feels will give a lot of balance to the Phil's young infielders.

Other hot stove league deals have brought the Phillies outfielder Lou Novikoff from Los Angeles; infielder "Skeeter" Newsome from Boston; Johnny O'Neill from Portland, where he hit .311 last year and Ken Richardson from Hollywood. Pitchers Buck Ross and Johnny Humphries were acquired from the Chicago White Sox, and Charley Ripple will be up from Utica, where he won 17 and lost 5.

Hangs Up Gloves

AUSTIN, Jan. 8 (AP)—Tom Attra, twice national Golden Gloves light heavyweight champion, is back in civilian clothes looking for a physical training job in Austin. He says he has no desire to continue his career in boxing.

Attra has been in the army air forces since April, 1942.

Joan of Arc was born in 1412 in Domremy, France.

The Emancipation Proclamation went into effect Jan. 1, 1863.

A Vital Message To Men Who Feel Old

Why not regain the vim and vitality you once enjoyed?

If life apparently has lost its zest, you again may be able to enjoy life as you did in your youth. If added years have slowed down your vim, vitality and youthful pleasure, here is a simple method that may change your whole outlook on life. Just ask your druggist for CASELLA stimulating tablets. Take as directed on label. Don't feel old and worn out at 40, 50 or more. Take these tablets regularly until you feel that you have regained the pleasure of living you once enjoyed. Why be discouraged? Why not try CASELLA tablets and regain the verve and zest of a much younger man? There is nothing harmful in these tablets. They contain Celery seed, Thiamin Chloride, Passion Flower, Iron. Ask your doctor or druggist about this formula.

EAGLES ATTACK HIGH LINE PLANES

TOWER, Minn., Jan. 8 (AP)—Oh, the eagles they fly high in parts of northern Minnesota.

After inspectors of a northern Minnesota power company had complained about being attacked by vicious dogs, stinging bees and stubborn goats, the company decided to use an airplane for inspection of its high-line through the forests.

Now the flying inspectors, who make the trip in eight hours compared to weeks by foot, protest that bald eagles have attacked them and forced them off their course several times.

Wasson Quintet Routs Oilers

Elmo Wasson's team resumed its winning ways in Classic bowling league competition by routing Cosden's Oilers three times in as many tries at the West Texas alleys Monday night.

Other results saw White Trucks edge Texas Electric Service, 2-1, and Lee Hanson's win by forfeit over First National bank.

Jimmy Eason, Cosden star, punched out a 219 for the top single score of the evening while White Trucks' Leonard Morgan combined three respectable games for a 583, outstanding in that department.

Hoosman Upsets Savold In Ten

NEW YORK, Jan. 8 (AP)—A little over a month ago Manager Jimmy Johnston watched his highly touted Al Hoosman take a lactic from veteran Lee Savold and calmly remarked that his boy was still a little green but would make up for that defeat before long.

Last night, Hoosman, a lanky heavyweight, made Johnston look like a prophet as he handed the 2 to 1 favored Savold a first class shellacking in their return 10-rounder in Madison Square Garden.

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat, right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Baracrate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonsful twice a day. That's all there is to it.

If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloot disappears—how much better you feel. More alive, youthful appearing and active.
