RAIL DUST

By DOUGLAS MEADOR

the vast cliffs of night glow like scattered stars on the rim of an end...

autumn leaves and lover's perhaps the ignominy of shaly days is entered close...

ing wind bulged the canvas window pane and the warped, unpainted until it gained entrance...

ing over the table, a thin, tired woman attempted to a needle by the unsteady Her long, once delicate trembled as she clutched thread...

REV. VAUGHN IS RE-APPOINTED LOCAL PASTOR

Rev. W. B. Vaughn was re-appointed to serve the Matador Methodist Church for another year, when announcement of appointments were made by Bishop Ivan Lee Holt in the closing session of the annual conference of Northwest Texas Methodists at Big Spring, Sunday.

Tribune Receives Long Subscription

In almost eight years of continuous publication, the Matador Tribune has received its first 5-year, cash in advance subscription. Sam Ross of Flomot has paid his subscription until October 26, 1946, for which the Tribune offers sincere appreciation.

While publishers appreciate words of praise regarding the quality and policies of their newspapers, the reader who expresses his sentiments in the manner selected by Mr. Ross, is the most convincing.

The Tribune has received several 3-year subscriptions but Mr. Ross' is the first for 260 issues.

Road Bonds Are Again Vote Issue

Property owners will go to the polls for a third ballot Saturday to express their convictions on the county's proposed \$70,000 road bond issue, which would be used to improve and repair county roads that have been damaged or destroyed by the excessive rains this year in all four precincts.

It is believed the bond issue is the only case on record where three successive elections have been held on one proposition. In the last election the bonds were defeated by a margin of only three or four votes.

County officials said early this week that a false rumor had been circulated to the effect that a road contractor was paying the cost of the election in order to secure favors when contracts are let. Belief was expressed that few would be influenced by the rumor since such an agreement would be a strict violation of the law.

Many sections of the county are in distress because of the road conditions and the community of Flomot, which is almost isolated during rainy weather, may lose support of its school if the Quitaque river bridge north of the town, is not repaired. It is also feared that the RFD and post-office mail service may be reduced or lost if the damaged and destroyed roads are not repaired.

Roaring Springs Schools Closed To Pick Cotton

When attendance dropped almost 80% within one week, Superintendent C. W. Giesecke Jr., of the Roaring Springs Independent Schools decided that he should dismiss the remaining students. So the Roaring Springs school students are released for two weeks to pick cotton.

JOINS SOCIETY

Fred G. Simpson Jr., has been elected to the Alpha Chi Honorary Society at West Texas State College, Canyon, where he is a student.

Miss Erbie Boguss of Lubbock visited here last week with her parents, Mr. and Mrs. J. L. Boguss.

DRAGONS - MATADORS TO CLASH HERE TODAY

Football fans from the forks of the road are expected here this afternoon at 2:30 when the Matador Matadors and Paducah's not-so-reluctant Dragons tangle helmets on the Matador Arena. Well impressed on the minds of most local gridiron fans in the tragic results of contest with the Dragons on Paducah gridiron one year ago. The Matador enthusiasts who have continued their interest in football since that game, are looking forward to a possible "recoup."

FIVE MORE BOYS LEAVE FOR ARMY

Five boys left Matador on the bus for Lubbock at 9:30 Monday to be inducted for training in the U. S. Army at Fort Bliss, Texas. They were Loid D. Bridges of Whiteflat and Matador, Curtis Ellis of Flomot, F. A. Garnett of Roaring Springs and Samuel Wade Askins, transferred from Hot Springs, Arkansas.

David L. Campbell has been notified to be prepared to leave December 1, for Ft. Sill, Oklahoma, it was revealed by the county draft board, Monday. Call has been received for three more to enter service from this county on December 8, their names to be disclosed later.

Members of the local board declared they had reached order No. 400 on the list of 693 registered in Motley county during the two registrations. First boys to enter training from the county were Robert Birchfield and Roy Scott, who left on November 23, 1940.

THANKSGIVING PROGRAM TO BE NEXT WEDNESDAY

Final arrangements have been completed for a community union Thanksgiving service which will be held next Wednesday night, November 26, at the Methodist church, instead of tonight at the Baptist church, as erroneously reported in last week's Tribune.

Rev. F. E. Swanner, pastor of the First Baptist Church of Paducah, will preach the Thanksgiving sermon with special music by the Matador Choral Club.

Matador Boy Scouts will act as ushers. The program, which will begin at 7:30 o'clock, is as follows: Song, "Take Time to Be Holy"; Choral Club; Pledge Allegiance to the Flag, B-y Scouts; song, "Star-Spangled Banner"; choral club; prayer, R. E. Campbell; song, choral club; Scripture reading, Rev. W. B. Vaughn; song, choral club; "The Observance of Thanksgiving"; Vernon Doss; sermon, Rev. F. E. Swanner; song, "Doxology"; Benediction, G. E. Hamilton.

Everyone is extended a cordial invitation to attend the services, and join in an old-fashioned religious observance of Thanksgiving.

First Negro On Jury Service In Motley County

November term of the Grand Jury meeting here Monday, established two new records. It was believed to be the first meeting of a Grand Jury in Motley county with a negro member. Also it was the shortest session on record. The jury convened at 10 o'clock Monday morning and was dismissed at 12 noon, without finding a single indictment.

A recent ruling by the Supreme Court requires that a negro be on the jury commission, grand jury and petit jury for validity in a case where a negro is tried for murder. Since the cases to be tried are not known in advance, it becomes necessary that a negro be placed on the jury commission, grand jury and petit jury. The requirement is designed to prevent racial discrepancy.

N. U. S. Lowe served on the jury commission, H. C. Beck served on the grand jury and Roy Barrett is scheduled to serve on the November District court petit jury, which will meet Monday, November 24th.

City Will Observe Today as Official Thanksgiving

"Democratic" Matador will observe presidential proclamation declaring November 20th, (today) as Thanksgiving. However, the action is not essentially prompted by political sympathy.

Matador sportsmen literally brought home the bacon this year as they returned last week from hunting expeditions which extended from Mason county in south Texas, to points in Colorado. The kill included 3,000 pounds of elk meat, dressed; over 1,000 pounds venison, one bear and two turkeys.

The bear was killed by L. R. Bishop, who together with John Hamilton and Bob Echols of Matador and Raymond Ross of Flomot, returned the first part of last week from Crawford, Colorado, where they averaged 1 1/2 elk each, bringing in six.

Mr. Bishop is having the bear hide tanned to be made into a rug. Cecil Shelton bagged two turkeys and two deer when he hunted with Tom Kennedy of Ralls, former Matador resident, in south Texas, from Friday until Monday. The deer weighed 160 and 100 pounds.

With one deer each to their credit, Henry Ford, D. E. Pitts, C. M. Glenn, R. P. Moore, Alvin Stearns and A. J. Daffern returned home Thursday from a hunting trip in New Mexico, near Tularosa.

Discussion started at the Lions Club directors' breakfast Monday morning but failed to reach an agreement. It was resumed at the Lions luncheon at the Baptist church Tuesday, with the membership present and immediately ran into difficulty. Finally a committee was appointed to canvass the business section and secure each firm's opinion. This method also failed to reach complete agreement, but it was decided to observe today, as the most feasible. However, reports circulated late yesterday that some firms would remain open, which may cause others to follow to such an extent that little will remain of the original plan for a united city observance.

Bank Will Close Today The First State Bank will remain closed during the day and other firms including both lumber yards, the West Texas Utilities Company office will observe today as Thanksgiving. The post-office has posted a notice that it will be closed today. The principal difficulty in agreement results from the grocery stores, although most of them have posted signs to the effect that they will be closed.

Local Firms Will Remain Closed For "Confused" Holiday

Argument for today as official Thanksgiving was supported by the annual Paducah-Matador game here at 2:30 this afternoon, and the need to secure as great attendance as possible. The fact that the city schools are closed today (and Friday) was further argument in favor of observing today. President Roosevelt has announced that after this year, only one Thanksgiving (the last Thursday in November) will be observed.

Rev. W. M. Joslin Is Declared Improved

Rev. W. M. Joslin, who was a patient in the Hendrick's Memorial Hospital at Abilene last week, was conveyed home Sunday afternoon by R. E. Campbell, and declared by attending physicians to be greatly improved.

Rev. Joslin went to Abilene to attend the State Baptist Convention, but after undergoing examination at the hospital for a chronic ailment which was at first believed to be malignant, he was confined to his bed for the remainder of the week for treatment.

Final analysis of Rev. Joslin's condition revealed that he would recover possibly within several weeks.

"Business No More Stable Than Soil Of Motley County" Says Soil Expert

"When the soil is gone, the capital of a country is gone," O. T. Williams, representative of the Soil Conservation Service, Lubbock, told the Matador Lions Club at the regular luncheon held in the Baptist church basement, Tuesday.

As principle feature of the program, Mr. Williams' address was titled, "How Erosion Affects Business" and was declared by many as the most thought-provoking ever delivered before the club.

"You have all witnessed the results of erosion in Texas counties south and east of the Panhandle," Mr. Williams, declared, "you have seen empty houses, the empty poverty-stricken towns, resulting from gullies across the fields. Erosion is at work here in the rich soils of Motley county and if measures are not taken, the soil will be lost and nothing will remain of the wealth and stability that we know today. Nature Builds Slowly "It requires nature 400 years to build one inch of top soil, yet that much soil may be lost in one sand storm or heavy rain. Business can not be more stable than the soil of the farms which support it. We know that the caprock is moving westward and that nature has been building soil slowly. When man arrived, the scales were tipped out of balance and the soil started depreciating. It is declared that the American farmer has done more to destroy soil than the farmers of any nation on earth. Now there is no more rich land to the west. We must protect what we have. "Through the ages, erosion has (See LIONS MEET back page)

Rider Returns

Shannon Davidson, winner of the Nocona, Texas to Oakland, California Pony Express race, has returned from Hollywood to his home in Flomot.

Visiting friends here Saturday, Mr. Davidson declared that he was glad to be home and back in Texas. He has been working in the Republic and other Hollywood studios since receiving national fame following the long horse race, almost three years ago.

"My mother has fed my horse so much that he is too fat to ride," Mr. Davidson said, "but I am going to put him on a diet until he is in condition. I expect to remain at home indefinitely or at least until "cotton chopping time."

L. L. Russell Named To Legion Offices

L. L. (Chick) Russell, delegate for the Fleming-Post American Legion attending the Panhandle Plains Association convention at Dalhart, Friday and Saturday, was elected 5th Zone Commander of the 18th District. Spring convention will be held at Borger on a date to be announced later.

He was also named Grand Conduiter of the famous 40 & 8 group, which has scheduled a "wreck" in Amarillo on Saturday, November 22.

Legionnaire Russell reports one of the most successful conventions he has ever attended. Texas, Oklahoma and New Mexico were represented. Mr. Russell was the only delegate from the Fleming-Post.

Petit Jury Named For November Term

The following men have been notified to serve on the petit jury of the November term of District court:

C. W. Webb, T. M. Dixon, P. H. McDorman, Sterling Price, H. O. Dyer, Harley Gunn, L. R. Smith, G. C. George, Raldo Martin, H. V. Cromer, H. M. Solomon, W. E. Ellithorp, B. C. Cox, Jim Lancaster, Claud McDonald, Newell Timmons, John Irwin, Elmer Jameson, Ernest Fisher, Ray Patton, A. B. Henderson, J. M. Dobbins, Robert Collier, J. A. Hollar, Melvin Dirickson, Alfred Dye, L. A. Nelson, Ray Barrett, R. A. Fletcher, John Turner, Scott Bolton, J. R. Nail, D. E. Pitts, Ben Dillard and Charley Byars.

COTTON GINNING REPORT

Census report shows that 1,166 bales of cotton were ginned in Motley County Texas from the crop of 1941 prior to Nov. 1, as compared with 6,475 bales for the crop of 1940.

H. J. Marler, Special Agent. M. C. Green of Roswell, N. M. spent last week end here with his family.

HUNTERS RETURN WITH EVIDENCE OF MARKSMENSHIP

Matador sportsmen literally brought home the bacon this year as they returned last week from hunting expeditions which extended from Mason county in south Texas, to points in Colorado. The kill included 3,000 pounds of elk meat, dressed; over 1,000 pounds venison, one bear and two turkeys.

The bear was killed by L. R. Bishop, who together with John Hamilton and Bob Echols of Matador and Raymond Ross of Flomot, returned the first part of last week from Crawford, Colorado, where they averaged 1 1/2 elk each, bringing in six.

Mr. Bishop is having the bear hide tanned to be made into a rug. Cecil Shelton bagged two turkeys and two deer when he hunted with Tom Kennedy of Ralls, former Matador resident, in south Texas, from Friday until Monday. The deer weighed 160 and 100 pounds.

With one deer each to their credit, Henry Ford, D. E. Pitts, C. M. Glenn, R. P. Moore, Alvin Stearns and A. J. Daffern returned home Thursday from a hunting trip in New Mexico, near Tularosa.

Gins Grind Into Large Cotton Crop

Continued capacity operation of Motley county's eight cotton gins, humming day and night, and tooting at about \$100 per ton, is pouring a flood of "white dollars" into the pockets of cotton producers.

It was estimated late yesterday that approximately 5,000 bales of the 1941 crop has been ginned. Cotton (three bales) arrived here this week from Kent county because of crowded conditions in that section. Roaring Springs gins report considerable cotton from Dickens county.

Local merchants experienced another "boom" Saturday, although the continued fair weather kept many in the fields that might have otherwise "come to town" to supply their needs.

Forecast of rain or snow Tuesday or Wednesday failed to materialize but the temperature dropped last night to near the freezing point.

RETURNS HOME

Mrs. A. D. Bursleson, who has been visiting a daughter, Mrs. Will Graham at Tulla, returned home Saturday evening, accompanied by Mr. and Mrs. Graham. Her daughter, Mrs. Margaret Newman, and Mrs. Tom Newman, had accompanied her to Tulla the previous Sunday.

DRAGONS - MATADORS TO CLASH HERE TODAY

Score was made at the start of the first quarter when Durbin ran the ball back 30 yards from kickoff, followed by a 10-yard pass to Tunnell, who made the touchdown. Tunnell's kick for the extra point was good.

A pass to Lockney's halfback Mitchell early in the second quarter was followed by his 50-yard run to touchdown. The kick was good, making the score 7-7 at the half.

Lockney intercepted a Matador pass in the third quarter to lose the ball on a fumble in the next play. In a series of short drives the Matadors reached the goal for their second touchdown but failed to kick the extra point. In the 4th quarter Tunnell took a pass and dashed about 50 yards and followed another pass of 10 yards to touchdown, then kicked the extra point.

Late in the last quarter Lockney reached the goal through a series of short passes and achieved their 2nd touchdown, but failed to make extra point.

"He knows how to get along with the legislature"— These are typical comments of citizens in a poll conducted by the Texas Surveys of Public Opinion about Governor Coke Stevenson. The poll shows that over 75 per cent of the people approve of him as Governor.

After getting Uncle Ruben seated at a football game between two colleges, his nephew told him "You'll now see more excitement than you ever saw for two dollars." "I don't know," replied Uncle Ruben, "that's just what the license cost me when I married aunt Jennie."

Recently when your columnist asked the one and only J. Frank Dobie who his favorite Texas characters were, the famous Southwestern writer made this characteristically forthright reply: "I can think of several Texas characters I have been mighty fond of. None of them have been Ph. D. professors. One was a town caverer but no mayor has been among them. Two or three have been goat-herders and another was always about to find the Lost Bowie Mine."

"Jim Bowie, with his Bowie knife, comes close to being my favorite character. Several favorites have been old trail drivers, like George W. Saunders, Walter Billingsley, Ab Blocker and Charles Goodnight. One of these range favorites was an old Mexican vaquero."

"Just to satisfy you, I'll name for the moment Bigfoot Wallace as my favorite. He was full of vitality and heartiness. He was as cheerful as a fat mule grazing with mares and colts. He was as honest as daylight and could stretch the blanket wide enough to make it cover half a county. His heart was as big as an ox and he was as simple as a child. He loved good company."

Those of you who heard Dobie on "I Give You Texas and the Great Southwest" at 12:45 p. m. on a recent Sunday over the Lone Star State Chain found that he could talk as interestingly as he writes. Maybe your columnist can get him to visit us again soon over the radio.

A stranger applied at the police station for lodging, and when asked his name, replied that it was Smith.

"Give me your real name," he was ordered. "Well," said the applicant, "put me down as William Shakespeare."

"That's better," said the officer. "You can't fool me with that Smith stuff."

Mrs. Melvin Meason made a trip to Lubbock Saturday.

New Cotton Market To Use 750,000 Bales Each Year

There is a new, almost untouched market for cotton that will use around 750,000 bales a year if only 10 per cent of the potential market is captured.

The field is that of insulation. Use of cotton for this purpose is apparently past the experimental stage.

Most cotton insulation to date has been used in home construction. Tests, however, show that the lightness and cohesiveness of cotton insulation make it a natural where settling by vibration is a factor.

For this reason manufacturers are turning to cotton insulation in refrigerator cars and trucks and in household refrigerators. The product is now being tested for use in marine and airplane construction.

Cotton insulation material is impregnated with a fire resistant agent and houses insulated against cold, heat, and sound with cotton treated in this manner are actually more fire-proof than non-insulated structures.

These comments come from H. H. Williamson, director of the Texas A. and M. College Extension Service. He pointed out that interest in the use of cotton as insulation had been stimulated by the U. S. Department of Agriculture's search for new uses for cotton.

The department recently announced that its Surplus Marketing Administration would provide payments of nine cents per pound to holders of approved applications who manufacture and sell insulation made of cotton, cotton card strips, and cotton comb waste. This payment takes the place of industry's "introductory offer." The 1941-1942 payments

Influenza Showing Increase in State

Fulfilling a prediction made several months ago by the State Department of Health, an epidemic of influenza in Texas is represented by the 1392 cases reported for the week just ending, according to Doctor Geo. W. Cox, State Health Officer. This total is 6 times greater than that shown for the same week, in the preceding 7 years.

"Neglecting proper treatment of influenza, or allowing the patient to be up too soon may have disastrous results," Dr. Cox warned, "since persons suffering from influenza are particularly susceptible to other infections."

Dr. Cox emphasized the importance of guarding against "flu"; drinking plenty of water, eating simple, nourishing foods, outdoor exercise, plenty of sleep in a well-ventilated room, and sensible dress according to the weather were stressed as best precautions.

"Pneumonia, frequently resulting from influenza, is a very dangerous complication," Dr. Cox stated, and advised that a patient go to bed immediately upon the first appearance of a cold and place himself under complete medical care.

WHAT WILL THEY THINK OF NEXT

Idaho has four dairy herd improvement association testers operating from comfortable and well-equipped trailers. In one end of the trailer is a compact and efficient milk-testing laboratory. The trailer is so wired that when it arrives at a farm it can be connected with the power system. A small motor runs the testing machine and an electric plate heats the necessary water.

are limited to the equivalent of 27,600 bales of cotton

GET THIS UNUSUAL NEW BOOK FREE DURING THIS SPECIAL SALE of the new MORNING GLORY MATTRESS and BOX SPRING COMBINATION. HERE'S THE BOOK that is the last word on social custom and entertaining in the Southwest! Whiteflat Home Is Scene Of Shower For Recent Bride

At a meeting of the Whiteflat Baptist Missionary society held in the home of Mrs. G. M. Acker last week, her daughter, Mrs. Garner Trammell, the former Ila Acker, was complimented with a surprise shower, with Mrs. L. A. Carlisle and Mrs. Jess Terry as co-hostesses.

Refreshments of cake and cocoa were served the guests who called during the afternoon.

Those registering or sending gifts were: Mesdames W. L. McWilliams, L. A. Carlisle, W. M. Clifton, O. T. Casey, J. D. Spray, Frank Edwards, Belle Stephens, E. D. Smith, J. R. Garrett, L. R. Browning, Ben Keltz, Ernest McWilliams, F. Z. Martin, Victor Smith, Tom Doran, Ben Edwards, L. M. Garrett, J. A. Trammell, Earl Stephens, Maud Dean, Welton Bailey, Bob Jameson Jr., Dowell Garrison, Bill Dunning, Harold Campbell, Malcolm Morriss, Jr., Jesse Terry, Curtis Graham.

Mesdames Robert Darsey, Grady Acker, J. D. Perkins, C. M. Barton, Hugh Vinson, T. J. Darsey, Joe Bloodworth, R. L. Jameson, Ed Jameson, Ed Whitaker, Kim Wilkinson, E. P. Humphries, Peg Spray, W. J. Knoy, Irene Groves, Clovis Murphy, Malcolm Morriss, Sr., T. M. Dixon, Cordie Stephens, Jim Jameson, Tom Tilson, Ed Williams, Archie Acker, Bill Edwards, Bob Pritchett, Grace Stephens, and

Large Attendance At Welfare Meet

Forty-five parents and patrons were in attendance at the regular monthly meeting of the Matador Child Welfare Association which was held Wednesday afternoon of last week.

A very interesting talk was given by Judge G. E. Hamilton, and patriotic songs were enjoyed by the assemblage. The pictures were won by the first and eighth grades.

All mothers are urged to attend the Child Welfare meetings as they are very worthwhile as well as enjoyable.

Is Party Honoree Thursday Evening

Miss Mary Ola Tipton was honoree at a small dinner party Thursday evening, given by her sister, Mrs. Ben Meador, on the occasion of her birthday.

An autumnal motif, featuring Thanksgiving, was used in table appointments.

Guests were: Misses Wandell Berryman, Maxine Green, Marion Clements, and Marguerite Patton.

Mr. and Mrs. Kenneth Fink and son K. Me., of Childress, visited here Sunday with her sister, Mrs. Bryan Camack and family.

Alfred Barton; Misses Minnie K. Stephens, Mildred and Virginia Vinson and Bernice Garrison.

VISITORS WILL PRESENT PROGRAM AT M. E. CHURCH

The Flying Squadron of the Ancil Lynn Sub-district League will present a sing-song and program at the Methodist church here Sunday evening, November 23, at 6:00 p. m., according to an announcement received here from the counselor, Lorin Leibfried of Floydada.

The Flying Squadron is composed of officers and workers of the sub-district Methodist Youth Fellowship.

Everyone is extended a cordial invitation to attend this service, and the young people of the church are especially urged to be present.

Methodist Society Has Joint Meeting

Both circles of the Women's Society of Christian Service of the Methodist Church met in general monthly meeting Tuesday evening at the church, with Mrs. C. T. Jenkins as program leader.

Quiet music opened the meeting, followed by a hymn, "I Would Be True" and Meditation by Mrs. David Guest. Prayer was offered by Miss Mable Jameson, and a poem read by Mrs. Jenkins. Following another hymn, Mrs. Don Martin discussed, "The Things that Make for Our Peace."

Delicious refreshments were served by a committee composed of Mrs. A. C. Traweck Sr., Mrs. H. H. Schweitzer and Mrs. Homer Sheats.

Present in addition to those mentioned, were: Mesdames Henry Solomon, Curtis King, Frank Pohl, L. R. Bishop, Fred Simpson, A. J. Daffern, W. M. Graham, Harry Willett, Marvin Vaughn, R. P. Moore, J. R. Whitworth, H. K. Ford, Ethel Payne, W. B. Vaughn, Clarence Sparks and F. M. Jenkins, Wanda Graham and Nancy Lou Vaughn.

Neal Pipkin Has Birthday Party

Neal Pipkin was honored with a birthday party Friday afternoon, celebrating his sixth birthday, at the home of his parents, Mr. and Mrs. W. N. Pipkin.

Candy favors were given the guests, and refreshments of cake and jello were served following an afternoon of games.

Present were Ruth Marie Stanley, Carolyn Sanders, Virginia Rhea Gilbert, Cora Ann Craven, Dona Cecelia Pipkin, Shirley Estes Patti Pipkin, Danny Solomon, Tom and Duck Hamilton, Cecil Irwin, David Keith and the honoree.

Rummy Club Meets With Mrs. Campbell

Mrs. Harold Campbell was hostess Thursday afternoon to the Rummy Club, at the Campbell ranch, with six members present.

Mrs. Grady Acker held high score and Mrs. Ray Patton, low, at the conclusion of two games.

Others present were: Mesdames Paul Patton, R. E. Campbell, Jr., Malcolm Morriss, Jr., and Walter Coulson.

Delicious refreshments of chicken fruit salad, brownies and hot punch were served.

Young People Are Entertained Tues.

Tuesday evening Mr. and Mrs. W. M. Clifton entertained with a social at their home for the Young People's class.

Games were played and refreshments were served to the following: Aurene and Melba Jameson, Dorothy Jean Casey, Betty Sue Knoy, Mary Jaunice Wilkinson, Bertha Doran, Evelyn Quattlebaum, Ida Belle Armstrong, S. A. Dixon, Ocie Terry, Royse Doran, Dan Tilson, Steve and Lohrke Armstrong, Travis Clifton, Mrs. W. J. Knoy, Mr. and Mrs. Harry Armstrong, and Mr. and Mrs. W. M. Clifton.

Pied Pinions BY MRS. M.

We have said it before, and repeat it now, that to use the abbreviation Xmas, is to take Christ out of Christmas, and in the words of J. Walter Greep, columnist for the Austin Daily Tribune, to do that is to omit the only reason we have for celebrating the day.

It seems that someone over in Georgia has started a one-man crusade to eliminate the use of the abbreviation, and we sincerely hope he succeeds. The suggestion, as Mr. Greep points out, is not a new one, but has been the subject for discussion many times.

Elaborating on the subject, Mr. Greep says: "To refer to Christmas as Xmas removes its meaning—makes it just another day. It becomes a day to be exploited commercially, to be observed with festivities and revelry, a day for foregathering—but a day that has no spiritual significance. We have shortened the word to Xmas, in our minds as well as in print, we had just as well cease celebrating the day."

"Christmas is a day of light and music and good fellowship, because it is the day celebrating the birth of a Great Hope in the hearts of men. It is not a pagan festival, though we treat it as such. It is a religious holiday and cannot be considered as anything else."

Merchants can't of course, be criticized for making the most of their opportunities in setting before the public so many tantalizing and enticing gifts, but I remember when a pair of handmade bedroom slippers was the most wonderful and desirable package on the tree. And the most elaborate gift was a hand-painted satin handkerchief case, simply constructed of cardboard and a thin padding of cotton.

The latest in dolls is little short of miraculous. With a heart that beats, and the ability to sleep, walk and talk, as well as perform other bodily functions, it lacks only for someone to design a method for making it grow. However, there seems little excuse for increasing the population of a world already overflowing with puppets.

We acknowledge with deep appreciation a bouquet of beautiful marigolds tendered by Mrs. D. E. Pitts. Although we fail to live up to it, we have long been an advocate of the slogan, "Flowers for the living," and have found it especially nice to be on the receiving end. Other friends have, from time to time shared their lovely flowers with us and each offering has been a silent reminder of our own neglect in doing nice things for others, and been an inspiration for many unfulfilled resolutions.

We are humbly grateful for these floral offerings while we still have sight and the sense of smell to appreciate and enjoy them. Only the survivors receive the benefit of those which accompany the bier to the final resting place.

If everyone were forced to operate a telephone switchboard for only one day, it is highly probable that we would have a little more tolerance for the lapses or mistakes of the girls who sit tirelessly hour after hour, trying to be the best of their ability to serve us.

Contrary to popular belief, the night operator gets very little rest during the wee hours of the night and early morning, because somewhere there is always someone who places a call. Often someone calls in at 3 or 4 o'clock in the morning only to inquire for time. In small communities such as ours, the operator obliges with such information as the football score when the local team is playing out of town; or supplies the name of some new arrival, or obituary data at the death of a citizen.

As in practically every vocation the telephone operator beginner pulls many a "boner"; connecting

wrong numbers causes the confusion. A humorous occurrence in a neighboring town, to imbibing strong drink, his home number to urge the wife come after him. The operator was just learning the business and connected the customer with the sheriff's office. Without ping to wonder at the name voice which answered, the operator said, "Come quick, I'm so drunk I don't know what I'm doing." After seeing the location, the operator only went after the man placed him in a cell and sobered.

FAITH IN THE FUTURE!

Although we live in a streamlined age devoid of the simpleness of Puritan life, we still possess much the same fear and faith in the future as the Puritan had. While the Puritan overcame his fear by trusting to God and his flintlock, people today need not depend on powder and shot. Instead, they look to their bank to insure them safety, and to guarantee future security.

MORE THAN A WORD?

FAIRNESS AND EQUALITY...

Since the days of dugouts, scattering homesteader's shacks and small patches of plowed-up sod, Motley county has been justly recognized as a territory of friendly, neighborly and unselfish people. In the modern years the same traditions have prevailed and strangers have been amazed at the cooperation and unity; the true western spirit that has endured through the swiftly changing times.

Now, in a crisis, that in the past would have warranted the sincere, united support of the entire citizenship, a shadow threatens to change the scheme of things; to break the chain of honored tradition.

One group of property owners is fortunate. They are provided access to splendid paved roads, maintained by the state and government, merely because their ranches and farms happen to be close. The less fortunate group must accept their conditions, since improved roads cannot pass every home. They did accept graciously until the heavy rains washed away their puny bridges and culverts and in many cases destroyed the old roadbeds and isolated them from the rest of the world.

They are not asking for paved roads. They seek only to provide adequate dirt roads and cheap bridges to serve their actual needs. They seek to protect and serve their homes, schools and communities with as little expense as possible. They have no desire to create additional taxes except to actual necessity. Everything they possess is at stake.

Some are criticized and condemned because they refuse to accept defeat. Still, this fact must be accepted: These citizens, your friends and neighbors, deserve admiration and support. They are defending their homes and the safety and security of their families. They are asking for the just rights of worthy American citizens. They are asking for fairness and equality.

Ponder these questions? Is justice more than a word? Has the honored tradition of this country perished? Must each man get all he can for himself and ignore the unhappy plight of his neighbor? Is it fair that he be deprived of actual necessary road facilities while paying the same taxes you pay, to support the improved roads which are at your disposal, but which he can't use? How would you vote if conditions were reversed?

Go to the polls Saturday and return Motley county to its honored place in the estimation of the world beyond its borders. Prove to your friends and neighbors that you want to help them and that the pioneer spirit which made this great country, is not dead. Of course it will cost you something. Everything worthwhile has its price tag, but your returns for this investment in good citizenship will repay a hundredfold.

TO PRESS MEETING

Mr. and Mrs. Cummings and Miss Bess Medlin accompanied a group to the Press Meeting in Texas Tech Friday.

Home accidents are the eighth most important cause of deaths in the United States and are responsible for about 32,000 deaths and 4,700,000 disabling injuries each year.

American Day served by Club

"American Day" was observed by El Progreso Study Club in the home of Mrs. A. R. Call when it was answered by some interesting facts to the Twenty-one Council.

Many of the foods—livestock and livestock products—needed for defense of the democracies can be produced by a grassland agriculture, which has been described as "a panacea for erosion."

That won't happen to Texas farm and ranch lands this time, the state coordinator declared. "Here's why: Texas farmers and ranchers, supported by the U. S. Department of Agriculture, other federal agencies, and local state agencies, already have a going program of conservation and wise land use.

"Why Can't I Make A's" Student Laments

"Why can't I make A's?" This is the question I worry about most. At home there is too much to do besides study (or at least this is the excuse most pupils make.) There is the baby to tend to and big sister to order you around with the importance of a queen, and two nights out of every week there is a party or some other entertainment to go to, and simply just too many other things to do besides study.

If ever, and that is pretty often, I don't have any lessons, the teachers ask for the papers. During study hall when I study, or rather pretend to, there is too much excitement besides studies.

The boy behind you is making every noise imaginable, and the girl in front of you is writing notes and jumping and squirming because she can't keep still for the thoughts of who the note is to and what is in it. It is enough to get a person's mind off his studies; and of course, he has to be interested (sometimes).

The only way I can think of to make A's is to keep your nose out of the other person's business and study more often.

M.H.S.

Students Enjoy Informal Dance

An informal dance was given in the home of Mr. Harry Morris, November 7, 1941. Refreshments of hot chocolate and cookies were served to: Johnnie Belle Willis, Virginia McCarty, Joyce Marie Thacker, Marion Alice Mitchell, Dorothy Nelson, Dorothy Morris, Grace Morris, and the hostess, Estelle Morris.

Sonny Russell, Algie Durbin, Phil Green, J. C. Titus, Bert Schweitzer, Patsy Sheridan, Junior Pitts, Raldo James, Brown Morris, Gene Morris, and Vance Campbell.

Why I Dislike English

They expect me to write an essay on why I dislike English. Why I could write a whole book on it and they'd never understand. They expect us to spend all our life studying English, and then they ask us why we don't like it? Can you understand a thing like that? Well, I can't. But what are we gonna do? Study it, of course!

Why should I like English when all we have is tests, and more tests. And of all days to give a test is the day after you throw a big party and your whole evening is ruined. Just as you are having a wonderful time, you suddenly remember about that test, or maybe it's two, and there you are back in a black mood, again.

You never know what to do. Nothing is ever the same. One time it's "Green" and the next time it's "Greene". Well, how are we to know whether some old "guy" spells his name with an "e" or not. We don't! We just have to guess, and my guess is always wrong.

All I know is that I could go to school the rest of my life and I would never get English straight. Now "ain't" that right?

M.H.S.

Grade School News

FIRST GRADE

The beginners welcome three new pupils to their roll: Mack Oxford, Don Miller, and Lemond Walker.

THIRD GRADE

The third grade wish to welcome Jerry Walker and Boothe Oxford as new classmates. The class regret the absence of their pupils, and are looking forward to having them back soon.

SEVENTH GRADE

The class wishes to welcome Wanda Lou Browning back after a period of absence. The Boy Scouts and other students are learning "The Star Spangled Banner."

Miss Godfrey's reading and art classes are studying some interesting work at the present.

FIFTH GRADE

The fifth grade is working on dramatization in reading on Thanksgiving and Christmas plays. The other classes are studying the derivation, enunciation, and pronunciation of words.

EIGHTH GRADE

The eighth grade is studying the human figure in art. Five of the Red Cross beanie caps have been finished.

NOTICE!!!

Everyone that has one of the grammar school song books please return them for the pupils to use in their song chapel programs. This is an urgent call for the lovers of songs.

Kampus Klatter

Joyce and Walter apparently enjoyed the trip home from Floydada on the bus. Others found it a bit chilly, but they didn't seem to mind!

James and Bernice Ruth had a good time during the football game Friday night but Bernice Ruth and Harry Louis had a better time after the game. Oh, well, we said it wouldn't last.

Rachel and Tom Ed. reported a swell time after the game also. The Fausteena-L. M. romance is still going strong. She was seen Saturday night carrying his birthday present around and taking his picture Sunday.

June and Algie surely do seem to enjoy these junior football games. They are of the opinion that the school should turn out for them more often.

Gene W. has been seen casting sheep's eyes at Dorothy Mae. These Coxes surely do get around.

We have just stumbled upon one of these eternal triangles. This time it's Hubert and Sam

crossing swords over Frances Marshall.

These Green boys are still escorting Johnnie Belle and Gladys Marie around. Will it never end? What's this? You guessed it. It's another triangle composed of Sonny, Estelle and Bert. May the best man win.

And there's yet another one in good of M. H. S.; While Norman is happily working Vance is showing Marion Alice the bright lights. What a pal!

Wiley Frank grows fonder of Edna Mae every day. Is she really unaware of his affection, or is she just pretending?

We have just discovered that Hubert, of all people, likes blondes. As evidence, just watch him flirt with Billy Jo.

Question: What freshman boy is in love with what Sophomore girl?

Answer: Raldo is in love with Joy. What a scoop on the two-timer!

Leona and Ellis reported a swell time at the party. More power to them.

At last we've got the dirt on Ruby V. She has a new heart throb from Roaring Springs and his name is "Jelly".

We hope to hear more from this in the future.

Poor Onieta! We suggest, unofficially of course, that she use the school for celebrating the 20th when Bryan is celebrating the 27th.

We hear J. C. and Virginia are another couple who like to go kodaking. Are we right?

After weeks of wondering, we now know why Buster goes to Quanah! He won't tell us her name but if we find it out in the near future we will surely publish it.

Billy P. really shouldn't ever pay to see a show because he spends all his time looking at Ruby. Oh, well, maybe she enjoys the show anyway.

Billy T. seems to enjoy these football games that he isn't in more than any others, especially, when he has a cute little Roaring Springs girl to show off.

We have definitely decided that Gene R. isn't a woman-hater. He is now dancing attendant to Frances S.

Two of the many juniors who are enjoying the paper hunt are Tom Ed and Ruth E.

James Edmondson says he isn't going to be in the races because he knows Helen went catch him. Now isn't that loyalty, folks?

Jr. says he took a test Tuesday. Now just what could he mean by that. He and Spott had a swell time at the party with those two Paducah Pep Leaders. Nice going, boys. Why can't everyone be that lucky?

Dorothy W. and Sonny were said to have got very mad Sunday night. But it was a rotten deal, wasn't it Sonny?

That blazing romance between Wanda and Lewis had a turn to the better last Sunday. Let's hope it lasts.

M.H.S.

Students' Opinion

QUESTION: What could be done to improve our school?

Answers: Billy Jo—The lighting and heating system could be improved.

Imogene—We need more chapel programs.

Walter—More scientific equipment would be very useful.

Edna Mae—We could use more school equipment.

Peggy Jean—It would be much better if the chairs in the library didn't make so much noise when they are moved.

Frank W.—Better desks, books, and subjects, would make a great improvement.

Frances M.—Longer study periods would be a big help.

Tom Ed.—M. H. S. needs a band with lots of pretty major-ettes.

Miss Whitten—We need more music in our school.

Janelle—M. H. S. could use a loud speaker in the auditorium.

Mr. Gray—This school would be better if the students would follow a plan for studying and recreation.

Jack B.—Our school would be better with only five periods.

Norris—This school could be improved if they would let the seniors sit where they want to.

Mc—This would be a better school if the teachers would quit being so free with their demerits.

Algie—This school needs a porch or something to protect us from the cold this winter when we have to stand outside.

Billy—This school needs to have a Sadie Hawkins Day every six weeks so we boys could save a little money.

M.H.S.

Ideal Girl...

This is Guy Kimbell's ideal girl.

Eyes—Janelle,
Hands—Janelle,
Smile—Janelle,
Personality—Janelle

Teeth—Janelle
Hair—Janelle
Lips—Janelle
Complexion—Janelle.

M.H.S.

Leona—"Pardon me for walking on your feet."

Charles—"Oh, that's O.K. I often walk on them myself."

M.H.S.

Go To Church Sunday

Sport's Rambles

By Curly Joe

Now, we are almost on an actual running for the championship. We have been beaten by Floydada who has been defeated yet. However, still have a good chance to run-up in the district. I want to thank the boys football team for their help in the Floydada game.

Paducah, whom we have been beaten by Floydada, 0. That means we still have a good chance to beat Paducah.

The Junior Boy's squad started working night under Mr. Ezzell, looking forward to a game and we have some boys work and cooperate with Ezzell isn't sure when a game will be, but he will announce it soon.

The grade school junior not had much recognition work they have been doing have been working out Coach Thomas. They have played three games in Crosbyton, Paducah, and defeating Turkey.

The Junior High Football were defeated 25-0 last by Ralls' second string boys played a good game but badly outwitted.

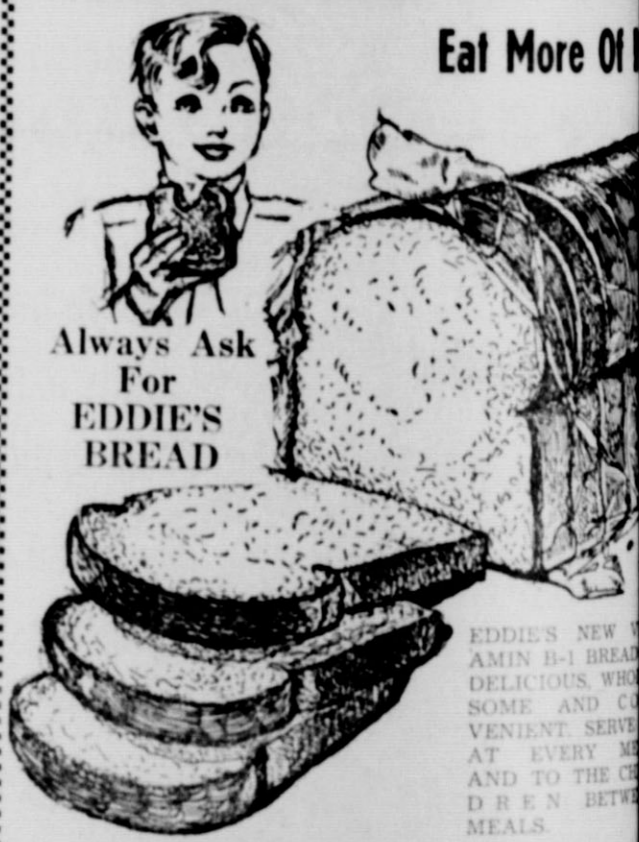

I think our junior team done very well, considering equipment and their age.

Sonny—"Say did you see a girl I was out with last night was an image of her mother."

Algie—"Yes, I know, a picture."

Mesdames W. N. Pipkin, W. F. Jacobs and R. E. Campbell, Jr. visited their mother, Mrs. Bert Estes, in Wichita Falls, Wednesday.

Lions...

(Continued From Front Page)

defeated man in every nation on earth. It will defeat this nation if means of protection are not developed. Gentlemen, no community ever rises above its soil."

Mr. Williams advocated organized soil conservation and declared that CCC labor was available to organized sections. He also pointed out that a great amount of armament equipment to use for soil building would probably be given to organized sections "when and if" the present emergency is ended. He said that Crosby, Floyd, Hall, Lubbock, Hale and other Panhandle counties are organized for soil conservation and that great progress is being made.

Mr. Williams was introduced by County Agent J. Rufus Emmons, who was program sponsor.

Lions Zone Meet Scheduled
Announcement was made that that a District 2-T Lions Zone meeting would be held in Matador on December 9, which will be attended by District Governor H. V. Pender, of Lubbock.

Grain Sorghums Loans Available

Grain sorghums (maize and kaffir) loans are available to Motley county farmers, and will aid in handling the excessive maize crop, according to M. J. Stacy, county agricultural assistant.

Grain to be placed in the Federal commodity loans must be thrashed and stored either on the owner's farm or in country warehouses.

Loans value is 40c per bushel on No. 1 maize, 38c per bushel on No. 2 maize and 35c per bushel on No. 3. Mr. Stacy said the loan available would amount to approximately \$15 per ton on the No. 1 grade.

Mr. Stacy will gladly supply complete information to interested farmers requesting it at the county agent's office. The loan amounts to slightly less where storage is made in country warehouse in order to pay storage fees.

Workers Are Asked To Aid In Sewing

Urgent need of volunteers to aid the local Red Cross sewing room is announced by Miss Mary Keith, chairman of protection.

Miss Keith said that workers are urgently requested to aid in knitting children's sweaters and sew boy's shirts, to secure the quota which must be shipped about the last week in December.

The Red Cross sewing room is located in the Rogue theatre building and is open each Saturday afternoon from 3 to 5 p. m. All materials is furnished by the Red Cross.

Local Firm Offers Book For Hostess

Southwestern traditions, entertainment, etiquette, etc., take on a distinctive flavor, different in many respects to other sections of the country, according to this new and interesting Hostess Book just released.

It tells in an interesting manner just what to do on every occasion, gives favorite eating places in the Southwest and a vast amount of other helpful information.

Through cooperation with Taylor Bedding Manufacturing Company, the South's largest bedding plant, at Taylor, Texas, Matador Hardware & Furniture Company is offering for a limited time one of these books to each adult woman calling at their store during their special "Wake up and Sing" Sale on the Morning Glory mattress and matching box spring combination.

"It is the kind of book to which you'll refer often," declares L. C. Harp, manager of the Matador Hardware and Furniture Company, "and although the usual price is \$1.00, we are offering this book free to you during our Morning Glory Mattress sale."

In a test of 308 days by the Department of Agriculture, pellets fed mash in pellet form each averaged 17 eggs more than those fed unpelleted mash. Feed consumption for each group was practically identical.

An Expectorant for COUGHS —That's a "Honey"

Compounded from rare Canadian Pine Balsam, Menthol, Glycerine, Irish Moss and other splendid ingredients, Buckley's CANADIOL Mixture is different—more effective—faster in action. Get a bottle today—take a teaspoonful, let it lie on your tongue a moment then swallow slowly—feel its powerful effective action spread thru throat, head and bronchial tubes, coughing spasms ceases for right away it starts to loosen up thick choking phlegm and open up clogged bronchial tubes. Now you'll know why over 10 million bottles of Buckley's have been sold in cold, wintry Canada.

City Drug and your own druggist has this great Canadian discovery.
