Registration For Sugar Completed

WAR RATION BOOK Number One had been issued to more than 1,200 persons in Matador through the Matador schools late yesterday and registration for sugar rationing is believed to be progressing rapidly in other communities. Grade School Principal Vernon Doss said that former estimates were for 2,000 through this school, however the rate of registration indicated a possible smaller number would sign-up before the closing of registration tonight.

D. I. W. Birnie, chairman of the County Rationing Board said that some confusion had resulted from lack of understanding of the procedure but that generally the registration had met with complete cooperation of the public.

System set for handling registrants in the grade school gymnasium here during the four days met with general approval and commendation of the public and officials.

According to the 1940 census Motley county has a population of slightly less than 5,000, all of whom are eligible for ration books. Supplies included sufficient books for more people in event they appeared for registration.

Transfers Are Warned
Owners of ration books are warned to secure a transfer in event they move from the county. Mr. Doss, said. The transfer may be secured from the County Ration Board. In event no transfer is secured it will be impossible to secure another book when Book No. 1 is exhausted.

Each stamp allows the purchase of one pound of sugar, a two weeks allowance for one person. Stamp No. 1 must be used within 13 days or its value forfeited and stamp No. 2 used after the first 13 days. In other words each stamp represents 14 days (approximately 2 weeks) ration of sugar but it See SUGAR RATIONING page 4

City Ice Delivery Change Announced

Cooperating with the Nation's drive to conserve tires and delivery equipment, the Leon Ice Company announces a change in former city delivery service.

Earl Laughlin, local manager for the firm said that effective May 10, delivery service in the residential section will be made only during the morning hours. All special orders must be placed before 11 a. m. and no deliveries will be made in the afternoon.

Mr. Laughlin said that the commercial service would continue as usual.

TONSILECTOMIES REPORTED
Mildred Ross, daughter of Mr. and Mrs. Raymond Ross of Flomot, underwent a tonsilectomy in the Richards Memorial Hospital at Paducah, Tuesday of last week.

Miss Ruby Davidson of Roaring Springs, underwent a tonsilectomy Friday.

On Friday, April 24, the small son of Mr. and Mrs. D. A. Smith of Afton, underwent a tonsilectomy.

Drug Store Is Opened Under New Management

Through a transaction culminated last week, J. M. Bradford of Shamrock, Texas, has purchased the former Simpson Drug Store here and reopened the store under the new name of the Matador Pharmacy.

The store was opened Saturday with W. M. Beaton and Mrs. Gertrude Nelson former employees of the firm, resuming their positions.

Mr. and Mrs. Bradford have moved to Matador to make this their future home and express satisfaction with the manner in which the public has welcomed their reopening of the store.

"We like Matador," Mr. Bradford, declared, "and we want new and former patrons of the store to visit us that we may become acquainted as rapidly as possible."

"We will maintain a fresh stock of drugs, sundries, candies, tobaccos and other merchandise to be found in a modern store at all times. A registered druggist is on duty all the time to give expert attention to prescriptions and our modern soda fountain provides delicious soft drinks for those who seek refreshment. We will sincerely appreciate the patronage of everyone."

A large candy case has been installed at the store this week and other improvements are in the process of being made.

Colonel J. R. Peller In Matador Tues.

Lieutenant Colonel Joseph R. Peller, QMC, of Lubbock, District recruiting and induction officer for West Texas, visited Matador, Tuesday.

While here he visited the Local Board office and the Tribune. Colonel Peller commended the Tribune for its service in recruiting and induction work in this area and said that his office had received many fine recruits from this county.

The Colonel was on a routine inspection trip of the territory included in his district of the United States Army recruiting service.

Sgt. Harold Faulkner of Goodfellow Field, San Angelo, accompanied by Mrs. Faulkner, visited here several days last week with his mother, Mrs. H. T. Hammsley.

Low Price Placed On Fine Chicks

Poultry raisers of this area are offered an unusual opportunity to secure some of the world's finest chicks at regular hatchery prices plus storage or started chick charges.

The offer is made by Lewis Newman, manager of the Matador Hatchery who announces sale of his supply of started chicks from the world famous Egg & Apple Farm of J. E. Rice & Sons at Trumannsburg, New York. Mr. Newman paid 80c each for eggs to start his breeding flock two years ago.

Mr. Newman had planned to sell the chicks this season to vocational agricultural schools at a premium price, but started too late in the season to supply the schools and is forced to move the chicks through the regular channels of demand.

The White Leghorn strain is of unusual size, produces larger than usual eggs and has an outstanding laying record, the result of 47 years of expert breeding.

Mr. and Mrs. Scott Bolton of Turkey, former Matador residents, visited friends and relatives here Tuesday.

News dispatches late yesterday said that loss of life had been heavy during the last few days of fighting in defense of the island.

Clean Up Drive Is Planned

Annual city clean-up drive was planned by the Directors of the Matador Lions Club meeting at the Magnolia Cafe Monday morning. The drive which will be sponsored by the civic club, will be supported by the Boy Scouts, City of Matador and other groups. Dates have been set for the drive to start Monday morning, May 11 and continue through Saturday, May 16. In event that the work is not completed within that time, the drive will be extended, it was announced.

All residents and property owners are urged to take part, seeing that their own property and premises adjacent to their own is cleaned of weeds, all kinds of rubbish and other unsightly objects.

Free disposal service is maintained by the city but all rubbish must be placed conveniently in alleys and be placed in barrels, boxes and sacks where they may be dumped in the hauling conveyance with a minimum of trouble.

Property owners are urged to make a special effort to clean up their grounds as quickly as possible. It was declared that inspectors will probably be assigned various blocks and make reports following the scheduled clean-up.

Resident's Cousin Killed In Crash
First Lieut. Wilbert P. Matthews, son of Mr. and Mrs. A. H. Matthews of near Floydada, and a cousin of Mrs. Freeman Thacker, Matador, was one of five Army fliers killed in the crash of a two-motored Army bomber near Pleasant Valley in the Oregon hills Monday.

Lieut. Matthews, about 24, was a graduate of Floydada High School and of Texas Christian university. He was a star performer on the Floydada Whirlwind football team during his high school days.

He was in Lubbock last Friday when a plane in which he was making a routine flight landed at Lubbock Army Flying school. His parents and other members of the family met him there.

Mrs. Thacker, who returned from Floydada late Wednesday, stated that the body left Boise, Idaho yesterday morning and would arrive in Floydada at 9:15 Friday morning.

Funeral services will be held from the First Methodist Church in Floydada at 3:00 o'clock Friday afternoon.

Survivors are his parents, two small sisters and three brothers, Ersel Matthews of Lubbock, Percy of Hermosa, California, who has arrived home by plane, and Billy, a high school student at Floydada.

Several of Motley county's men in the armed forces traveled great distances to return home for a few days furlough during the past week. These include Pvt. Knox Jameson of the Naval Air Station, Norfolk, Virginia, nephew of T. T. and J. E. Jameson; Pvt. R. W. Tilson of the U. S. A. C. Gunnery School, Las Vegas, Nevada, son of Mr. and Mrs. T. G. Tilson; and Pvt. Roy George of Camp Stewart, Georgia, who visited his parents, Mr. and Mrs. B. C. George of Flomot, and Corp. Jack G. Parsons of Ft. Benjamin Harrison, Indianapolis, Indiana, son of Mr. and Mrs. C. D. Parsons, Roaring Springs.

Other service men who also visited here over the week-end all of whom are stationed in Texas, were: Corp. Dan Darsey of Camp Bowie, Brownwood, son of Mr. and Mrs. T. J. Darsey; Ray Sims of Sheppard Field, Wichita Falls, and John T. Smelser and Buford Sain of Camp Barkley, Abilene.

RECEIVES PROMOTION
Roy W. Amick, son of Mr. and Mrs. Robert Amick of Flomot, who is with the 75th Bomb Sqdn. stationed at Portland Air Base, Portland, Oregon, has been promoted to the rank of Staff Sergeant.

DICKENS COUNTY MAN IS CHARGED WITH FORGERY

Roy Allen, about 26, ex-convict of Dickens county who formerly lived at Roaring Springs, was arrested early Sunday morning by Sheriff H. H. Courtney and three charges of forgery filed against him.

Sheriff Courtney said the man is in jail awaiting action of the Grand Jury which will meet July 27, failing to make the bond set at \$3,000.

No details of the forgery, said to have been made on a customer of the First State Bank here, were revealed.

Candidates For Primary Exempt From New Law

Candidates in the Texas primaries are not required to make citizenship affidavits to secure their names on the ballot according to a recent ruling made by the Attorney General.

The announcement was made this week by county Democratic chairman Pat Sheridan and also by County and District Clerk R. A. Seay, through information received from the Secretary of State, W. J. Lawson.

An Act of the 47th Legislature read in part as follows:

"No person shall be permitted to have his name appear on official ballots as a candidate for any office in this State unless and until he shall file with the Secretary of State his affidavit, in a form to be prescribed by the Attorney General, that if elected to the office which he seeks, he will support and defend the Constitution and laws of the United States and of Texas."

The Attorney General's ruling, in part, follows:

"It is therefore our opinion that the provisions of said House Bill (Article 2978a) apply to the official ballot in general elections and in general elections only."

Granaries Needed For Excess Wheat

Granaries and other storage space is needed for approximately 21,000,000 bushels of wheat if the estimated 1942 Texas wheat crop of 38,000,000 bushels materializes, according to a statement issued by W. I. Rushing, Chairman, Motley County USDA War Board.

Mr. Rushing bases his statements on information obtained from the grain dealers, millers, Commodity Credit Corporation, AAA, and Agricultural Marketing Service, adding, "Very little warehouse space is empty at this time for warehouses are almost full of 1940 and 1941 wheat and grains, with no place to move it to make room for the 1942 crop."

"If grain is piled on the ground or improperly housed, no CCC loan can be made, provided of course, loans are in effect.

"In consideration of the acute storage situation, it may be that you will wish to build additional storage on your farm. In order to determine whether there is enough material, such as lumber and nails, available in this and other counties, it will be appreciated if you will advise this office of your possible needs. The County War Board wants to make arrangements for additional materials if necessary."

Mr. Rushing also pointed out that the storage allowance of 7 cents per bushel on wheat to be advanced at the time the loan is approved will assist materially in paying for new storage if loans are in effect.

ARRIVALS ANNOUNCED

Mr. and Mrs. A. N. Smallwood of Matador, are parents of a 7½ pound girl born Tuesday, April 28.

An 8 pound girl, Sylvia Nell, was born Sunday, April 26, to Mr. and Mrs. S. M. Cunningham of Whiteflat.

Mr. and Mrs. Fred Dawson are parents of a new baby daughter, born in the Richards Memorial Hospital, Paducah.

Mr. and Mrs. E. W. Smallwood and family, and Edgar Lee, visited in Quanah Sunday.

It is estimated that Indians were living in Texas 100,000 years ago.

Local Draft Board Will Start Mailing Of Occupational Questionnaires Soon

ALL SELECTIVE SERVICE registrants will be required to fill occupational questionnaires that the nation may make best use of their skills, experience and aptitudes, it was disclosed by the Local Draft Board, yesterday.

The first group to receive the large four-page questionnaire will be the Third Registrants, or those in the 21 to 45 age limit registered on February 16. Their questionnaires will be mailed this week, later they will be sent to men in the first, second and fourth registrations.

All the 35 questions must be answered. The questionnaire must be filled out in ink (typewriter can not be used). The questionnaire is in dual or double form and both forms must be filled in identical manner.

Each man receiving a questionnaire is asked to study it carefully before starting to fill it out. In event he is unable to fill out the questionnaire without assistance, he may apply to any member of the county advisory board which served to aid registrants in the regular Selective Service registration.

All Questions Must Be Answered
All questions must be answered. In event any question is left unanswered the questionnaire must be returned to the registrant which will cause useless delay.

The questionnaires must be returned within one week from date of mailing. They may be folded and returned to the local board without an envelope, by following the simple folding instructions.

Purpose of the questionnaire is an inventory of the present employment activities of the registrants and of their skills and abilities. It has no connection with and (See QUESTIONNAIRES Page 4)

BOYS IN SERVICE ARE GUESTS OF MATADOR LIONS

TWO branches of the Nation's armed force, the Army and Navy, were represented by Motley county boys as special guests of the Matador Lions Club in the organization's regular meeting held at the Methodist church basement Tuesday at 12:30. Knox Jameson from the Naval air station at Norfolk, Va., and Rayworth Tilson with the Army gunnery school Las Vegas, Nevada were the honor guests who received special tribute of the club.

Other visitors included four Paducah Lions, Clarence Parker, Roy Pearce, A. N. Cribbs and Boss Lion Wylie Boyle and five Matador high school honor students, Don Paul Keith, Ruth Evelyn Keith, Mary Ann Cook, Bennie Wayne Marshall and Johnnie Bell Willis.

Miss Roberta Jameson served as Lions Sweetheart in the absence of Miss Rachel Patton.

Announcements were made of the Spring Clean-Up campaign to start Monday, May 11 and continue for one week. It was also announced that Lions Henry Pipkin and C. A. Pitts have been appointed delegates to attend the state convention to be held at Odessa. Other Lions are urged to attend.

Lion Elmer Stearns made a report on the cash fund being raised for the relief of Crowell which was struck by a cyclone last week. He declared that the goal of \$500 had not yet been attained and urged anyone who has not been solicited but wishes to contribute, to leave check or money at the First State Bank.

Lion Henry Pipkin made an appeal for the China relief fund and announced that Lions Secretary Randall Whitworth has been appointed as treasurer.

L. L. Russell Is Legion Delegate

L. L. (Chick) Russell, announced Monday that he had been selected as delegate to represent the Fleming Post American Legion at the 18th District convention to be held in Berger, Saturday and Sunday, May 9th and 10th.

Principal business of the convention will be the election of District Commander, vice-district commander, delegates and alternates to the National convention.

Following Saturday's activities including a parade honoring parents who have sons in the service, the Berger post has arranged a Stag and Doe dance and party.

BUDDY DAVIS ACCEPTS CALIFORNIA POSITION

Buddy Davis, who has been employed in a pilot's mechanic school at Lubbock, has accepted a position as mechanic with the U. S. Army primary training school for pilots at Visalia, California, and left for that place Saturday, after visiting here with his parents, Mr. and Mrs. T. J. Daffern. He was accompanied to Lubbock by his mother, and sister, Catheryn.

VISITORS HERE SUNDAY

Mr. and Mrs. A. A. Harp had as visitors Sunday, Mrs. Harp's two sisters, Mrs. Don Remington, and sisters, Mrs. Johnnie Owens, the latter's husband, Mr. Owens and their daughters, Sandra and Virginia of Lubbock. Mrs. Remington accompanied Mr. and Mrs. Owens to Lubbock from which place she continued to her home at Los Angeles, California. She had been at the bedside of their father, who lives at Kirkland.

DATES ARE SET FOR COWBOYS' REUNION

STAMFORD, Tex., May 6—The thirteenth annual edition of the Texas Cowboy Reunion will be held this year "as usual" despite the war, it was decided at a recent meeting of directors of this non-profit organization. Dates for the Reunion were set for July 2nd, 3rd and 4th.

Although a number of rodeos throughout the Southwest suspended showing for this year, the directors felt that, in spite of the shortage of tires, the Reunion should be held for the benefit of the thousands of soldiers from every section of the United States who are stationed in Texas. Many service men from the north and east have never seen a real western rodeo, it was pointed out, and this year's Reunion will afford them that opportunity. Reduced prices are being offered for men in uniform.

Madames Melvin Meason and Tom Newman visited in Dallas over the week-end.

It is estimated that Indians were living in Texas 100,000 years ago.

Candidates For Primary Exempt From New Law

Candidates in the Texas primaries are not required to make citizenship affidavits to secure their names on the ballot according to a recent ruling made by the Attorney General.

The announcement was made this week by county Democratic chairman Pat Sheridan and also by County and District Clerk R. A. Seay, through information received from the Secretary of State, W. J. Lawson.

An Act of the 47th Legislature read in part as follows:

"No person shall be permitted to have his name appear on official ballots as a candidate for any office in this State unless and until he shall file with the Secretary of State his affidavit, in a form to be prescribed by the Attorney General, that if elected to the office which he seeks, he will support and defend the Constitution and laws of the United States and of Texas."

The Attorney General's ruling, in part, follows:
"It is therefore our opinion that the provisions of said House Bill (Article 2978a) apply to the official ballot in general elections and in general elections only."

Granaries Needed For Excess Wheat

Granaries and other storage space is needed for approximately 21,000,000 bushels of wheat if the estimated 1942 Texas wheat crop of 38,000,000 bushels materializes, according to a statement issued by W. I. Rushing, Chairman, Motley County USDA War Board.

Mr. Rushing bases his statements on information obtained from the grain dealers, millers, Commodity Credit Corporation, AAA, and Agricultural Marketing Service, adding, "Very little warehouse space is empty at this time for warehouses are almost full of 1940 and 1941 wheat and grains, with no place to move it to make room for the 1942 crop."

"If grain is piled on the ground or improperly housed, no CCC loan can be made, provided of course, loans are in effect."

"In consideration of the acute storage situation, it may be that you will wish to build additional storage on your farm. In order to determine whether there is enough material, such as lumber and nails, available in this and other counties, it will be appreciated if you will advise this office of your possible needs. The County War Board wants to make arrangements for additional materials if necessary."

Mr. Rushing also pointed out that the storage allowance of 7 cents per bushel on wheat to be advanced at the time the loan is approved will assist materially in paying for new storage if loans are in effect.

Low Price Placed On Fine Chicks

Poultry raisers of this area are offered an unusual opportunity to secure some of the world's finest chicks at regular hatchery prices plus storage or started chick charges.

The offer is made by Lewis Newman, manager of the Matador Hatchery who announces sale of his supply of started chicks from the world famous Egg & Apple Farm of J. E. Rice & Sons at Trumannsburg, New York. Mr. Newman paid 80c each for eggs to start his breeding flock two years ago.

Mr. Newman had planned to sell the chicks this season to vocational agricultural schools at a premium price, but started too late in the season to supply the schools and is forced to move the chicks through the regular channels of demand.

The White Leghorn strain is of unusual size, produces larger than usual eggs and has an outstanding laying record, the result of 47 years of expert breeding.

Mr. and Mrs. Scott Bolton of Turkey, former Matador residents, visited friends and relatives here Tuesday.

Registration For Sugar Completed

WAR RATION BOOK Number One had been issued to more than 1,200 persons in Matador through the Matador schools late yesterday and registration for sugar rationing is believed to be progressing rapidly in other communities. Grade School Principal Vernon Doss said that former estimates were for 2,000 through this school, however the rate of registration indicated a possible smaller number would sign-up before the closing of registration tonight.

Drug Store Is Opened Under New Management

Through a transaction culminated last week, J. M. Bradford of Shamrock, Texas, has purchased the former Simpson Drug Store here and reopened the store under the new name of the Matador Pharmacy.

The store was opened Saturday with W. M. Beaton and Mrs. Gertrude Nelson former employees of the firm, resuming their positions.

Mr. and Mrs. Bradford have moved to Matador to make their future home and express satisfaction with the manner in which the public has welcomed their reopening of the store.

"We like Matador," Mr. Bradford, declared, "and we want new and former patrons of the store to visit us that we may become acquainted as rapidly as possible."

"We will maintain a fresh stock of drugs, sundries, candies, tobaccos and other merchandise to be found in a modern store at all times. A registered druggist is on duty all the time to give expert attention to prescriptions and our modern soda fountain provides delicious soft drinks for those who seek refreshment. We will sincerely appreciate the patronage of everyone."

A large candy case has been installed at the store this week and other improvements are in the process of being made.

Colonel J. R. Peller In Matador Tues.

Lieutenant Colonel Joseph R. Peller, QMC, of Lubbock, District recruiting and induction officer for West Texas, visited Matador, Tuesday.

While here he visited the Local Board office and the Tribune. Colonel Peller commended the Tribune for its service in recruiting and induction work in this area and said that his office had received many fine recruits from this county.

The Colonel was on a routine inspection trip of the territory included in his district of the United States Army recruiting service.

Sgt. Harold Faulkner of Good-fellow Field, San Angelo, accompanied by Mrs. Faulkner, visited here several days last week with his mother, Mrs. H. T. Hammer-sley.

MALCOLM T. REINHARDT FIGHTS UNTIL HISTORIC FALL OF CORREGIDOR ISLAND

CORREGIDOR HAS FALLEN but not until its brave defenders made the Jap aggressors pay a dear price for their victory. Believed to be among the last of the starved, wounded and weary defenders was Malcolm T. Reinhardt, Jr., son of Mr. and Mrs. M. T. Reinhardt of Matador.

Young Reinhardt was mentioned only last week in a War Department release for his work in keeping up the morale of other soldiers, marines and sailors by helping organize a swing band at the island fortress.

Malcolm Reinhardt was well-known in this section of Texas and New Mexico for his band leadership before volunteering in the Marines. Another Texas boy, James Thompson of Waco, was also cited for his work in the band.

The Associated Press news item appeared in the Fort Worth Star-Telegram issue of April 28 and was broadcast by news commentator Ken McClure over radio station KGKQ on April 27.

Fall of Corregidor was acknowledged yesterday by the War Department but the fate of an estimated 10,000 civilians, soldiers, sailors, marines and native Philippine soldiers is unknown.

Mr. Reinhardt said yesterday that a short-wave radio station sponsored by station KOB at Albuquerque, New Mexico, had relayed a message to Corregidor last Monday, in which he and Mrs. Reinhardt had sent greetings to their son.

News dispatches late yesterday said that loss of life had been heavy during the last few days of fighting in defense of the island.

D. I. W. Birnie, chairman of the County Rationing Board said that some confusion had resulted from lack of understanding of the procedure but that generally the registration had met with complete cooperation of the public.

System set for handling registrants in the grade school gymnasium here during the four days met with general approval and commendation of the public and officials.

According to the 1940 census Motley county has a population of slightly less than 5,000, all of whom are eligible for ration books. Supplies included sufficient books for more people in event they appeared for registration.

Transfers Are Warned
Owners of ration books are warned to secure a transfer in event they move from the county. Mr. Doss, said. The transfer may be secured from the County Ration Board. In event no transfer is secured it will be impossible to secure another book when Book No. 1 is exhausted.

Each stamp allows the purchase of one pound of sugar, a two-weeks allowance for one person. Stamp No. 1 must be used within 13 days or its value forfeited and stamp No. 2 used after the first 13 days. In other words each stamp represents 14 days (approximately 2 weeks) ration of sugar but it See SUGAR RATIONING page 4

City Ice Delivery Change Announced

Cooperating with the Nation's drive to conserve tires and delivery equipment, the Leon Ice Company announces a change in former city delivery service.

Earl Laughlin, local manager for the firm said that effective May 10, delivery service in the residential section will be made only during the morning hours. All special orders must be placed before 11 a. m. and no deliveries will be made in the afternoon.

Mr. Laughlin said that the commercial service would continue as usual.

TONSILECTOMIES REPORTED

OUR CAR How to Get the MOST out of It

MORE TIPS ON DRIVING
Your car was built to "take it." Even so, it thrives best on treatment. Tests indicate the following driving techniques for the useful life of a car:
1. Don't give the engine more gas than it can digest.
2. Don't accelerate too rapidly.
3. Remember, the only result of extra burst of speed is extra pressure on the brakes a moment later.
4. Drive fast unless you're really in a hurry—and even then think if the time saved will be worth the extra wear on the motor, the extra cost of gas and the increased chance of accident.
5. Slow down before entering a curve. Then accelerate, but not too much. Your tires don't have to "squeal" to be unhappy.
6. Slow down on rough roads. Your springs may be able to take it, but your tires can't.
7. Don't stage a climbing test on every hill. Your gears are for a purpose.
8. Don't coast downhill. It's poor economy. The cost of wear on the brake linings is likely to exceed greatly the amount saved on gas.

Monday, April 27
I'm back again and just itching to do some mud-slinging. Everyone ready? Well, here goes! Maybe we should have more play practices. Some of these romances have developed into the "REAL" thing—not just acting Frank and Elsie are the best couple yet. His is certainly the new and unusual. Play practice has done a lot for Bennie and Guy, too. Bert and Wanda (this isn't new and you'll probably hear more about it in the future) have been enjoying each other's company a lot lately. Maybe this'll be one of those "everlasting" romances you hear so much about in M. H. S.; for instance, Billy and Ruby, or Norris and Gladys. Maybe next week we can add Harris and Velma Lee to this list.

Dorothy W. has finally outwitted two other rivals (or has she) and has now added Billie Ollie Collier Lawrence (What a title!) to her string. Jimmie Joe and Bernice Ruth have been seen together. Don't tell me this sorta thing runs in the family! June insists on one of the Pitts boys; but this time it's Jr. But Jr. has eyes only for a certain Sophomore. Gosh will this become one of those eternal triangles?

James Garth has a "Hands-Off" tag on that new Fish already. Too bad Richard. Is it true that Virginia has been stepping out with Sonny? Faustena's interest has turned from "read-heads" to college freshmen—of course, you know who. You guesst it! Another one of

Monday, May 4

The students of M. H. S. are still under the influence of spring but it seems like the number of romances have decreased. This week we have one triangle and one quadrilateral! The triangle is composed of Vance, Reatha, and Leona. The quadrilateral (something new) is composed of C. D. Alene, Aurene, and Paula. May the best girl win.

Elwanda and Sonny have been seen together, but Skeet seems to have found Bettie Sue to console him.

Patsy and Glenda have it bad! Glenda, you never told us you liked red-heads!

Aint love grand! At least Richard and Peggy Jean, as well as Tom Ed and Rachel, seem to think so! But definitely!

Jr. hasn't been seen in Paducah lately. We wonder why. Jr., Lavonne, Billy, and Justine seem to enjoy play practice immensely, or should we say after play practice? You might ask Jr. about his new nicknames!!!

Frank has been known to voice the opinion that the girls should take the boys to the show. Hang on to your money, girls!

Second Senior Play To Be Presented

"Set A Thief," the second senior play, will be presented May 14. The seniors have turned hillbillies and have dropped that M. H. S. accent for some real-honest-to-goodness hillbilly talk. These seniors are just about the hillbillyest gang that ever ran a moonshine still or ever drew a bead on a low-down skunk. They'll keep you laughing with their shooings, hangings, and weddings. It's a play of a different type, and one which will give you plenty of thrills that will end in a roar of laughter when you find out what it's all about.

The seniors who took over the parts of hillbillies from the Real Blue Ridge are:

Tony Kensick (a movie producer) Jr. Pitts; Cris Perkins (a scenario writer) McElton Skaggs; Caleb Forstye (a mountaineer) Billy Tunnell; Sally Bett (his wife) Janelle Jackson; Hannibal (their son) Norris Fuller; Mary Lee (their daughter) Johnnie Belle Willis; Biddy Austin (Han's girl) Laverne Smallwood; Fletcher Austin (Biddy's father) Harris Johnson; Granny Kent (a neighbor) Mavinee Russell; Lizzie Tudor (Granny's daughter) Ida Belle Armstrong; Julie Tudor (Lizzie's daughter) Justine Rattan; Ada Kent (Lizzie's niece) Melba Jameson; Tom Wilson (Ada's boy friend) Jimmie Joe Latimer; Noah Armstrong (Mary Lee's boy friend) Delbert Stone.

Labor Suit Fails In Large Claim

In a \$140,000 law suit entered in Federal Court at San Angelo by representatives of 87 former and some present employees of the West Texas Utilities, Federal Judge William H. Atwell awarded a total of \$681.33, with payment to be doubled, to eight men, all of whom were at one time employed in the Lake Pauline generating plant at Quannah, as overtime pay under the 40-hour week labor law. Judge Atwell's decision was rendered on April 29.

Only two of such eight workers are now with the company, it was announced.

The company employed approximately 1,200 people last year.

Eighty-nine of those involved in the representatives' suit, the court ruled, were not entitled to any additional pay. Many of them are former employees and no longer connected with the company it was said.

Basis for the suit was the contention that the company is engaged in interstate commerce inasmuch as the Quannah power plant generates some electric power which, in turn, is purchased by an Oklahoma agency. All power supplied by WTU to the agency is to be for war production work, it was said.

A statement by Price Campbell, president of the West Texas Utilities, said that the company was fully aware that it was not engaged in interstate commerce as a whole and had not anticipated any differential on the part of the 40-hour labor law on the small amount of electric power generated at Quannah and purchased for use elsewhere.

The company, it was learned, has been operating and handling its 24-hour-a-day service and maintenance problems so that workers employed on an hourly basis receive pay and hours off duty equivalent to the 40-hour labor law requirements since December 15, 1940.

How does prize wheat or corn at the county fair get that way? Sure, man-made soil improvers—modern synthetics—were added to improve on nature.

AND MODERN SYNTHETICS in Conoco Nth motor oil make it yield mileage that outscored all other brands tested in the sensational Death Valley Certified Competition. Five big-name quality brands got every fair chance against Conoco Nth oil. All were run till engines failed and none came closer than 58% of the mileage totaled by Conoco Nth!... the oil you can have for your needed Spring oil change that's now overdue... the oil whose best known man-made extra substance—at no extra premium—gives your engine OIL-PLATING.

OIL-PLATING backs up the familiar fluid type of oil film with a surfacing of lubricant close-bonded to inner engine parts. Every cylinder wall, for instance, becomes a wall of OIL-PLATING that doesn't all drain dry during all the time you use Conoco Nth. Even after all-day parking, the OIL-PLATING is still up to the topmost piston rings, ready to lubricate before any oil can circulate. That's one plain way of foiling excess

Pied 'Pinions

BY MRS. J. M.

Heaven help the poor working girl and her struggle with the new rayon hose which require from 24 to 48 hours to dry; especially those of us who boast of only one pair of hose at a time which we usually give a hasty rinsing just at bedtime, and trust to luck that they'll be dry enough to put on in the morning.

A little bride from this section of the country, who recently accompanied her young husband to the west coast, writes back to her parents: "We drove down to the Pacific last night... it was cloudy and the water was the color of tears. The tide was coming in, and there was a long, white line of breakers. The fishing boats anchored farther out, had white sails which made my breath catch in my throat... the line of the sky blended into the water and there was a fog; I had the impression that the horizon was almost a tangible thing and we were gazing into its translucent depths—like a panorama of the limbo of eternity."

And from the mother of the young bride, comes this bit of philosophy with regard to her hobby of pen-sketching: "Since the grass is coming out, roads are showing every where; crooked, crooked, straight, crazy, winding and beautiful. Roads, like folks, have character, and I intend to learn to make roads if I do nothing else this summer!"

I had not intended revealing the identity of the authors of these literary gems, but it would be pure selfishness on my part to withhold it. They are members of the Rex Rodgers family, whose ranch home nestles in the cradle of Tule canyon.

Far be it from us to be disparaging in our reception of some statements made about us in a recent column by that dean of columnists, Gene Howe, publisher of the Amarillo Daily News, better known by his friends and readers as "The Tactless Texan," although we are reminded of these lines by the poet Burns.

"O wad some Power the giftie gie us
To see oursel's as ithers see us!"

Baptist Circle Has Bible Study

The Henrietta Shuck circle of the Baptist W. M. U. met Monday afternoon at the church for a Bible lesson, taught by Mrs. J. R. Moore.

Roll Call was answered with a quotation of scripture from the Beatitudes. Reading of the minutes was given by Mrs. Cecil Shelton, followed by a report by the treasurer.

Next Monday afternoon the circle will resume the study from their Mission Study Book which

very much to be able to see ourselves in the light of Mr. Howe's fine compliments, which we quote in part with pardonable pride: "Few, if any, towns have as talented newspaper people as the Meadors who are attracting attention to Matador from all over the Southwest and the whole country."

"Douglas Meador is a brilliant writer and his wife isn't far behind him. She is just about as good an all-around newspaper person as her husband and she has her feet on the ground much better than he has. Besides she's cute and pretty and very alert."

Mr. Howe invaded our kitchen the other evening while we were in the act of burning a steak for his supper, and engaged us in conversation about ourselves, all the while we were striving desperately to think of something that would switch the subject to him.

He had the drop on us however, and instead of being the interviewer, was the interviewee; and we're still wondering just what family skeletons we unwittingly exposed in our confusion.

During the brief association we formed a deep regard for this very frank, human, interesting character, for if there is any trait which we admire more in a person than straight-forwardness, it hasn't yet been catalogued. There is absolutely no pretense about him, as his title implies, but if he is often prone to expose the frailties of others, neither does he spare himself.

Questionnaires . . .

(Continued From Front Page)

is not to be confused with the regular Selective service questionnaire (Form 40) which has been sent to all registrants to obtain data on which Selective Service classification is based.

The date obtained through the occupational questionnaire will be forwarded through state headquarters to the National roster of Scientific and Specialized personnel and to the United States Employment Service. It will be used by these federal agencies, respectively, to locate persons with certain professional and scientific qualifications and those who have skills or aptitudes in critical or essential occupations for the ultimate purpose of achieving a more complete and efficient utilization of the nation's manpower in the war production program.
