## Youth Charged with Automobile Thefts

Claud Vest, 16, of New Jersey, was an upstairs guest of Sheriff H. H. Courtney last night, charged with the theft of two automobiles, both of which were recovered. About 11:30 Tuesday night Mrs. Earl Folsom was awakened by the starting of her automobile from in front of her home at Ralls. Garbed in a dressing gown, she hurried across the street to the home of a deputy and informed him that her automobile had been stolen. Calls were quickly made to neighboring towns. Early yesterday morning her car was found abandoned, out of gas, in front of Dr. A. C. Tra-week, Jr.'s home in Matador. Almost simultaneously, Loyd Martin whose home is about 1/2-block distance, reported that his car had been stolen. Sheriff Courtney and Deputy John Stotts recovered the Martin automobile yesterday about 13 miles west of Crowell. They brought the youth back and placed him in jail.

## Plane Makes Crash Landing In Field

What was described by residents of the vicinity as a "two-motor Army plane" made a crash landing in a plowed field on the Grover Bearden farm about three miles south of Roaring Springs late Monday. Flying several thousand feet when his motors failed, the pilot sought emergency landing, witnesses declared, but was forced to make a crash landing on the field. Without lowering his landing gear, he made a "belly landing" on the lister furrows. The plane sustained some damage but no members of the crew were injured. The air field to which the plane belonged, nor the names of any of the personnel were disclosed. Military salvage crews had re-moved the plane for repairs at an early hour Tuesday morning.

## Status Of Social Security Accounts Now Available

If you do not know the status of your social security account and have not requested a statement of your account, you should do so, said John D. Palmer, manager of the Lubbock Social Security Board office, in a statement today. Palmer pointed out that "all careful persons ask for statements of their bank accounts once each month. This is not done because of distrust or lack of confidence in the honesty and efficiency of the bank but merely because it is good business and a protection for the depositor and the bank alike. The practice of calling for bank statements is encouraged by banks. The Social Security Board encourages employees to request statements of their old-age and survivors insurance accounts at least once a year, and they have made the asking easy." In order to secure a statement of one's social security account, a workers merely fills out a simple post card, Form OAR-7004, giving his account number, date of birth, name and address, and mails the card to the Social Security Board, Candler Building, Baltimore, Md. The form may be obtained from any Social Security Board office. This method of securing a statement of your social security account is very similar to that of obtaining a bank statement, where a depositor fills out a form giving the date, the exact name of the account and his signature. Any worker can merely write a letter to the address given above, showing his account number, date of birth, name and address, without using the post card, Form OAR-7004, and a statement of his social security account will be sent to him. Palmer emphasized the importance of checking up on social security accounts at least once a year.

## Legion Seeks Aid On Rehabilitation From Legislature

"Every Legionnaire in Texas should be proud to know that Texas has contributed to the armed forces a larger proportion of its population than any other state in the union," according to J. R. Whitworth, Post Service Officer of the local American Legion Post here. "When this huge army of heroes are returned to the Lone Star State it is going to be hard for some of these veterans to adjust themselves in their local community and find their place in society. The American Legion realizes that many men of the armed forces will return disabled in body and mind." "The first obligation of the American Legion is to render service to the disabled and their dependents, and The American Legion is asking the state legislature now in session for a small amount of additional appropriation for the Veterans' State Service Office in order that we will be in position to fulfill our obligation. The American Legion is confident that this fine body of legislators we have representing each community in the State of Texas will assume their responsibility by granting the request of The American Legion for this additional appropriation," Mr. Whitworth, declared. "Thousands of disabled servicemen are now being discharged from the armed forces monthly, and a number of these veterans are discharged with battle scarred wounds, with empty arm sleeves and with amputated limbs. Besides this, many death cases are being reported daily from the different theaters of war. The need for rehabilitation is great. It is necessary to expand the rehabilitation work of The American Legion in assisting the disabled soldier who returns and in assisting his widow and Gold Star mother to secure government benefits provided by our national Congress."

## EMPLOYED IN AAA OFFICE

### Contributors Are Generous To Fund For Free Papers

Motley county boys in the armed service who receive the Matador Tribune each week appreciate the continued generosity of the folks back home who make unsolicited contributions to aid the publication in support of the plan. Letters from every training camp in the nation and from almost every war front in the world testify to the attitude with which the Tribune is received by those away from home. Almost 300 copies of the Tribune go into the mails each week, and changes of address are received every day. Miss Mary Tipton corrects all changes and addresses the single wrappers each Wednesday afternoon for Thursday mailings, so that no copy of the paper will be delayed. The publishers desire to express sincere appreciation for the following unsolicited contributions made during the past week: J. P. Moss (Floydada) \$5, R. L. Jameson \$1, Chas. Brooks (Roaring Springs) \$1, Lewis Newman \$2, Jess McBride \$2, H. M. Murphy (Whiteflat) \$1, Miss Lizzie McBride (Roscoe, Texas) \$1, C. A. Martin (Flomot) \$1.

### Scrap Dealers In Need Of Metals

Matador's two scrap dealers are receiving urgent requests from the government to secure every available ounce brass, copper, zinc, aluminum and other metals so seriously needed in the war effort. While small amounts of iron and other scrap are in evidence at the two yards, regular shipments are being made on demand from the government and other towns and communities are being canvassed to supply the requests. Residents are urged to either bring the metals and scrap iron to the yards where highest cash prices are paid, or to notify either dealer that the needed war material may be obtained upon call with truck. Nothing in the entire war effort is more essential than the scrap metals and every citizen is requested to search again for every extra pound which will add its weight in our fight against aggression.

### Some Registrants To Retain Old Classifications

New classification cards are not being issued to all Selective Service registrants, members of the Motley county Local Draft Board declared this week. Some misunderstanding has resulted from previous announcements to the effect that new classifications are being mailed. Only those registrants changed to a new classification by recent regulations will receive new cards. Registrants who do not receive new cards must assume that they have been retained in the same classification as indicated on the cards which they now carry. Complete details of the revised regulations will be found elsewhere in this issue of the Tribune.

### Price Panel Meet Scheduled May 14

According to the new plan, members of the price panels will be given certain regulations and thus be placed in a position to render greater assistance to merchants in their territory. All members of the county panels are requested to remember the date and attend the meeting.

### FINAL SHIPMENT MADE OF 1942 RED CROSS QUOTA

All garments, both sewed and knitted, included in the Motley County quota for 1942 shipments, have been completed and packed for shipping from the local Red Cross sewing room, according to a final report made this week by Miss Mary Keith, who served as 1942 Production Chairman.

Much of the credit for completion of the work is given Mrs. D. I. W. Birnie, Chairman of Knitting for 1942, who kept a complete and accurate record of all the knitting checked out, and the return of the finished garment.

Mrs. Birnie also did a large portion of the knitting and sewing and assumed responsibility for having the Red Cross room open twice each week for two hours, usually remaining the full two hours herself. On the few occasions when she was unable to keep the room open personally, she made arrangements for someone to stay in her place.

**Garments Completed**  
The report listed the following garments which comprise the final shipment: FOREIGN RELIEF: 4 quilts (completed), 5 wash cloths, 3 boys shirts.

**ARMY OLIVE DRAB YARN:** 5 sleeveless sweaters; 1 pr. bed socks; 1 pr. knee bands; 1 pr. stump socks; 1 helmet; 1 beanie.

**KIT BAGS & HOUSE WIVES:** 409 kit bags; 423 house wives; \$257.10 donated to pay for filling 257 kit bags sent to Perryton, Texas, Ochletree County, where they will be filled for shipment overseas.

### Dental Programs Prove Effective

In checking the results achieved by school dental programs in Texas, Dr. Geo. W. Cox, State Health Officer, announced today that such programs have proved to be highly effective in lessening the permanent teeth mortality rate, reducing it in some cases more than 75 per cent in a period of only five years.

In one city, the permanent teeth mortality rate was reduced from 24.37 per cent to 3.5 per cent in less than five years' time, with a full-time dental health program in effect.

"If the mortality rate of permanent teeth is a dependable unit of measurement in the evaluation of dental public health programs," Dr. Cox said, "it is obvious that there is unlimited value in the type of programs now carried out by the State Health Department."

Dr. Cox expressed the opinion that the increase in the volume of dentistry for children in local dentistry offices was directly attributable to the influence of the school dental programs, and added that the improvement of children's attitudes as patients was very noticeable.

"I believe that as times go on," Dr. Cox stated, "the results will be even more noticeable. As the public becomes aware of the possibilities in this field, there will be an ever-growing demand for at least some type of dental health program in every community."

### Husband Of Former Resident Is Cited For Silver Star

Sgt. Charles Steinberg, native of Milwaukee, Wis., and husband of the former Maxine Greene, who was reared here and is now employed at Hobbs, N. M., has been cited for a Silver Star for bravery in recent fighting "somewhere on the Southern Tunisian Front," according to an Associated Press story appearing in daily newspapers over the nation last week.

The youthful officer, with eight riflemen, defeated an Italian infantry platoon armed with flame throwers, rifles and grenades, who tried to ambush them. The story became known when Sgt. Steinberg's outfit came out of the mountains where they had been fighting until the break-through.

"When the Italians opened fire," the A.P. story recounted, "Sgt. Steinberg gave a quick order and his riflemen, dropping flat, returned a devastating 16 rounds of rapid fire each. There was no need to insert more cartridge clips. The Italians' opposition ceased and their hands went up in token of surrender."

"When Sgt. Steinberg investigated the strong point he found 15 Italians dead and two wounded he marched the prisoners back to his company post. His colonel especially commended him, for he had won the engagement by cool courage without the loss of a single man. He has been cited for a Silver Star for bravery."

The Baptist W. M. U. met Monday afternoon in the home of Mrs. J. R. Moore, for general meeting, with eighteen members, including the hostess present.

The program, in form of a playlet, was given by members of the Henrietta Shuck Circle, on the theme of "The One Hundred Thousand Club," and included the following as characters: Mesdames J. L. Woodruff, Cecil Shelton, Fred Clower, Paul Fulfer, F. M. Butler, Lewis McDonough, Elbert Reeves, Bill McCaghen, Buford Hobbs and J. D. Craven.

Other ladies present were: Mesdames T. E. Cammack, L. Rattan, A. A. Tipton, A. D. Burleson, G. S. Craven, Clarence Kifer, R. E. Campbell and Mrs. Moore.

In a business session, it was voted to pack a box of eggs for the Buckner Orphans Home, and those who have eggs to contribute are requested to leave them at either Skaggs' Grocery or Campbell's Food Market. Donations will be received at these two places, through Saturday, it was stated.

The ladies also voted to varnish the recently purchased seats for the church, and have set the third Monday in May for this purpose. They will bring their lunch on that day, and come prepared to spend the day at the church. Everyone is urged to assist in this project, and to remember the date which will be May 17.

Mr. and Mrs. A. A. Harp and son Bobby, visited relatives in Kirkland Sunday.

## El Progresso Club Features Mother's Day With Program

A "Mother's Day Program," with special features, was presented at a meeting of El Progresso Study Club, Thursday, April 22, in the home of Mrs. G. E. Hamilton. Mrs. Leonora Luckett was program leader.

Quotation for the occasion was: "A Mother is a Mother still, the holiest thing alive."—Coleridge.

The program opened with a story, "The Mother Sits by the Fire," by Mrs. Henry Solomon, followed by a quartet composed of Mesdames G. E. Hamilton, George Springer, and J. R. Whitworth and Miss Thessia Godfrey, who sang, "Down by the Old Mill Stream."

"Living Pictures," depicting various stages of family life were posed by school students, and included "Bride and Groom" portrayed by Ruth Evelyn Keith and Mack Jacobs, with Mrs. Hamilton playing the wedding march. A "Family Group" was formed by Norman Merle Pitts, Oneita Whitaker, Ann Harp, Rosemary Bloodworth, Dick and Harry Hamilton, to the strains of "Home Sweet Home," and the final picture was that of an "Elderly Couple," portrayed by James Mervin Russell and Faustena Fulfer, while the quartet sang "When you and I were Young Maggie."

A social hour followed the presentation of the program, when punch and cookies were served to the members and their special guests for the occasion.

## Recent Engagement Revealed At Tea

Announcement has been made of the engagement and approaching marriage, in May, of Miss Clarice Whitten to Lt. Roach V. Allen. The betrothal was told at a tea given by her mother, Mrs. L. L. Whitten, 818 Kentucky Street, Fifty guests were present.

Miss Whitten, daughter of Mr. and Mrs. L. L. Whitten, is teaching in the Canyon High School. She is a graduate of the Amarillo High School and West Texas State College, Canyon.

Lt. Allen is a son of Mr. and

## Pied Pipers BY MRS. M.

Beginning Saturday, March 6, to continue until July 3, "Wings for Victory" weeks are being held in England, similar to our own War Bond Loan drives. According to an item in the London Daily Sketch, (Tues. March 2) a feature of London's week was the release from Trafalgar Square, of 1,350 pigeons with messages to Savings Committees.

According to "The Kentish Mercury," of March 5, the campaign aims at a total of 150,000,000 lbs, or approximately \$750,000,000, in American money. Various theatres advertised special programs as follows: "Lewisham's Wings for Victory Week; Target, 750,000 lbs. to purchase 18 Stirling four-engined bombers and 6 Spitfire fighters"; at the Deptford, the "target" (or goal) was 500,000 lbs. for the purchase of 6 Catalina Flying Boats, 6 Mosquito Bombers and 52 Spitfires; while the Greenwich set a target of 552,277 pounds for "Bombers, fighters and equipment to aid our intrepid Airmen."

These British newspapers, together with copies of "The People," "Daily Express," and "Daily Herald" were included in a bundle to Miss Mary Ola Tipton, from her British correspondent, Miss Doris Earthrowl.

Other items of interest include a news story as follows: "Frederick Paekman, of 139 Kirkdale, Sydenham, was summoned at Greenwich Police Court on Friday for selling spaghetti at 8d. a pound when the controlled price is 7½d. He said he was misinformed as to the price. The magistrate accepted this explanation and dismissed the summons upon payment of 1 pound, 1s. costs."

Interesting to note also, is the number of American-made films being shown in the theatres there. To mention a few, the following were advertised in the Mercury: Herbert Marshall in "The Moon and Sixpence"; Anne Shirley, in "Lady Bodyguard"; Fred Astaire and Rita Hayworth in "You Were Never Lovelier"; John Carroll and Ruth Hussey in "Pierre of the Plains"; Kathryn Grayson, in

Mrs. J. B. Allen of Lockney, and is at present in the Chemical Warfare Service of the United States Army, stationed in Alabama. He received his B.A. and M.A. degree from West Texas State College.—Amarillo Globe-News.

Miss Whitten has many friends here who no doubt will be interested in learning of her approaching marriage. She taught English in Matador High school during the past two years, resigning at mid-term to accept a position in the Canyon school.

"Seven Sweethearts": Mickey Rooney, in "A Yank at Eton"; also a "Scattergood" and Henry Aldrich film; while in the Daily Express, are advertised these: Bing Crosby, Bob Hope in "Road to Morocco"; Ronald Coleman-Greer Garson, in "Random Harvest"; George Brent & Priscilla Lane in "Silver Queen"; Charles Boyer and Hedy Lamarr in "Algiers"; Betty Grable and Victor Mature in "Footlight Serenade"; Ginger Rogers and Cary Grant, in "Once Upon a Honeymoon."

Included in a column, "Noble Talk" by William Hickey in the Daily Express was the following humorous paragraph:

"Another anecdote from North Africa... Drew Middleton, New York Times correspondent, was riding in a 'half-track' vehicle near Tebourba with two American soldiers.

"Suddenly some enemy troops, ambushed in an olive-grove, opened fire on them.

"For a few moments it was noisily unpleasant. The driver put on speed, soon got them out of the enemy's range. As the atmosphere cleared, Middleton overheard what the two soldiers (who had gone on talking all the time) were saying:

"One said: 'Well anyways, Hitler's a genius.'

"Well, if he is,' said the other, 'he's a stoopid genius.'"

Due to the need of towel economy in England, patrons of hotels, hairdressers' shops and offices are ordered to "Please Bring Your Own Towel." Because of the shortage, no coupons can be issued to certain trades for the purchase of towels, but Doctors, dentists and chiropodists each are rationed in limited amounts. Allowance for factories is a ration of four coupons between now and the end of the year for every ten workers.

With space at a premium in all British papers, Chic Young should feel greatly honored in the appearance of "Blondie," alongside only one other comic strip appearing in the "Sketch."

An example of space-conservation is noted in the following "box" feature (also from the Sketch) titled, "Just a Thought" by Kathleen Partridge, on the subject of "Daisy Logic":

"Daisies looking from the grass appear to check me as I pass, as if they said (each one agreeing) 'Go Keep your life, superior being, Roam on other hills and shores—I would not change my field for yours. I converse with the trees and sky, though I'm so small and they so high. I nod to clouds, I dance with breezes and children love my white chemises. I bask in sun, I bathe in dew. I'm satisfied with life—are you?'"

And we also read where Ben Lyon and his wife, Bebe Daniels (had you forgotten her?) two of the principals in the B.B.C. entertainment, "Hi, Gang," were awarded 5 pounds and costs in a libel action against the Daily Telegraph. It was stated in court that a letter appeared in the Telegraph, headed "Flabby Amusement," which described their show as "an insult to British intelligence... a sordid show."

Well, now that the smoke has all practically cleared away, we are glad to give to our many inquiring and solicitous friends, our tried and tested recipe for charcoal soup. First secure a soupbone, supposedly for your canine pet, which, upon thorough investigation proves to be too fresh and nice for that purpose, so without hesitation, put the kettle on, with water, and start said bone to boiling; at high speed, then promptly dismiss the matter from your mind and go about your business as usual. (Best suggested time for these maneuvers is noon Saturday.) Upon arrival home late in the afternoon, following a hectic day in town, with visions of a savory soup supper, and an evening of rest and relaxation, with plenty of time to read your Sunday School lesson, you are met at the door with the most gosh-awful odor—like nothing you've ever inhaled before, and the most staggering job of housecleaning you'll ever be faced with. We unreservedly guarantee results; in fact, we have about decided that the only logical avenue of escape would be to move out, lock, stock and barrel; or better still, just move out.

**HOW TO MAKE YOUR MEAT GO FURTHER**

Meat Cut	First Meal	Second Meal	Third Meal
			
			
			

Nutrition authorities say that Mrs. American Housewife's job of feeding her family is one of the most important in the war effort. For nourishing food is going a long way toward building strength and morale on the home front.

At the same time, women are being called upon to conserve food as a wartime necessity. This means they must use every ingenuity to eliminate waste and get the most out of the food they buy.

How to make their meat go further seems to be a subject of special interest, since building meals around this food is an American tradition. So home economics experts have come to the rescue with all sorts of ideas and recipes designed to extend the meat purchase as far as possible.

Here are a few of many practical ideas along this line.

**BEEF BRISKET**

**First meal.** Brisket cooked with beans is a delicious dish for the first serving. The beans are soaked overnight and brown sugar, onion and seasonings added, then placed in a covered kettle with brisket on top. Brisket and beans should be covered with water and cooked in

a moderate oven for about three hours.

**Second meal.** Broiled toastwiches suggested for the second meal, are prepared by slicing left-over brisket and making into sandwiches. The sandwiches are dipped in beaten egg and milk and broiled until brown.

**Third meal.** The left-over meat from the brisket may be ground and combined with boiled rice and seasonings to make a stuffing for green peppers. These are baked in a hot oven until done—about 45 minutes.

**BLADE END OF PORK LOIN**

**First meal.** Blade end of the pork loin is excellent for a roast. The end cut is lower in price than the center cut. Roasting is easy when a few simple rules are followed. The roast should not be covered and no water added. A low temperature saves both meat and fuel. A bread dressing, shaped in balls and placed around the roast half an hour before it is done, will extend the servings. This roast requires 30 minutes per pound.

**Second meal.** The cold slices of roast pork are delicious heated in barbecue sauce.

**Third meal.** The trimmings from the roast make a surprise supper dish when combined with cream sauce and served between layers and over the top of biscuits as Pork Short Cake.

**LAMB SHOULDER**

**First meal.** A stuffed lamb shoulder is a thrifty roast. The bones may be used to season vegetables or to make soup stock. A tasty stuffing is made for it by combining whole kernel corn, cracker crumbs, seasonings and minced green pepper. The roast is placed on a rack in an open pan and about 40 minutes per pound allowed in a slow oven.

**Second meal.** For the next night's main dish, combine cubes of cold roast with left-over vegetables and enough gravy to hold together. Place mounds of the mixture on squares of pastry and fold over to make a triangle. Pinch the edges together. Brown in a hot oven. These are called Pasties.

**Third meal.** The remaining lamb "bits" may be ground and mixed with cooked oatmeal, an egg and seasonings to make Scotch Pancakes for supper or for breakfast.

Flomot went to a lake on the plains for a fishing trip. Those enjoying the outing were: Mrs. Pearl Martin, Mr. and Mrs. Barney Martin, Mr. and Mrs. Buck Roach, Mr. and Mrs. Boots Gunn and several children.

Mr. and Mrs. Earl Anderson and daughter, of Borger, spent Sunday in the home of her mother, Mrs. Mollie Gates.

Miss Bobbie Amick and Mrs. May George of Matador, visited relatives here Sunday.

**WILL HITLER BE ELECTROCUTED?**

"Buy War Bonds and help turn the heat on Hitler!"

**West Texas Utilities Company**

A DOLF may not live long enough to pay for his mass murders by actually sitting in the "hot seat." But electricity is already hastening the day of his doom!

Electricity drives delicate machines that turn out time fuses—and thundering presses that forge tank armor. Electricity is a basic part of every bayonet, bomber and battleship—of all America's roaring war production.

Even when war began, America had more electric power than all the Axis countries combined. It's no military secret that today our power supply is far greater. And it's no secret, either, that the electric companies under experienced business management supply about seven-eighths of it!

Free Americans set world production records primarily because they are free—because they have grown up under a business system that encourages initiative and invention—instead of taxing Axis slaves.

Free Americans are helping billions of dollars help put Hitler in the dock. But once he's there, a million dollars worth of electricity will finish the job! Which goes to show what BIG things a penny-priced electricity can do!

L. J. Jack Robinson, Jr. 0-855674, writes from Orlando, Fla.: "Dear Ben, I am now seeing Florida for the first time and I like it very much, but just from a visitor's standpoint. It is a very pretty state but I am sure that I wouldn't want to live here."

I was in Daytona Beach for a day and night to see the beach and the W.A.A.C.'s. I like the beach and WAAC's O.K. but the latter are not allowed to talk to officers without written permission of C.O. I went in swimming in the Atlantic and enjoyed it very much until they told me later that a man-eating shark was killed just a couple days before.

Just continue to send the Tribune to me at 628th Bomb Sq. Key Field, Meridian, Miss. I will be back there some time soon, then I will catch up with all my back reading and news of Matador and Motley county.

Give my regards to the people of Motley county and Matador. Sincerely, Jack.

April 10, 1943 Dear Sir: Thought I would drop you a line and let you know my new address. I have been transferred over seas and have therefore missed several copies of the paper, and I want you to know that I have really missed it, because getting that paper really makes me feel wonderful. I read it over five or six times at least, and wish for more. I just want you to know that I appreciate the paper and am sure all the other boys do too.

I will tell you as much as I can about the Island. It is in the Pacific and is a very beautiful place, but the mosquitoes are what you call bad! I didn't believe that they could be any worse. It is a beautiful place, but it doesn't compare with the good old U. S. A. Tell everybody hello and that I would sure like to be in good old Matador about now. I guess all the girls are really lonesome now, being as so many boys are in the service! Would like to see them all. Well, it's about time for chow, so I thank you again for the paper and will be expecting a copy as soon as possible.

Thanks again, Pvt. Bascomb A. Murphy 1st Signal Depot Co. 1st Base F.M.F. Cr. Fleet Postoffice San Francisco, Calif.

New York, N. Y. March 19, 1943

Dear Ben: Just a word to express my sincere appreciation to you, and the swell people of Motley county, for sending me the local paper. I have been receiving the paper pretty regular lately, with the exception of a few weeks that I happened to be too far out to get it at the time, but it reaches me just the same, sometimes late, but it is never too old for me.

It gives me great pleasure to consider myself as coming from that swell neighborhood, and I wish to be back to see all of my old friends again soon. The business here is plenty rough, but there is still lots of room for it to get worse than it really is. I don't get to be in the states as much as I would like, but consider myself lucky to get to come back every once in a while, and talk American talk a little.

Well Ben, my time is running short now, so I will close, leaving with you my greatest appreciation for what you are doing for the boys from our swell little hometown.

Yours sincerely, Harold H. Gunter, RM 2/c. Cr. Postmaster, N. Y.

April 19, 1943

Dear Ben: Sorry that I haven't written before now to thank you and all of the people of Motley county for the paper that I have been getting. I would have written before now, but it takes most of my time for training. By getting the paper I can find out where most of the boys in service are stationed. If any of the boys are stationed at Camp Roberts besides the three who came here when I did, I haven't seen them.

Well it's time for the lights to be out, so I will stop off here, and thanks again for the paper. Yours truly, Pvt. Clyde Smallwood 4th Platoon Co. C. 79th Inf. Tng. Bn. Camp Roberts, Calif.
