Former Pastors To Speak During Baptist Dedication

All-Day Program To Honor Church's 50th Anniversary

Former pastors of the Matador Baptist Church will have principal parts on the dedication program which has been arranged for services to be held Sunday, August 23, it is announced by the program committee. Among these will be Rev. H. M. Weldon, of Albany, who was pastor at the time the building project was begun.

Other former pastors who will attend and participate in the program will be Rev. G. I. Brittain of Plainview, who was the third pastor called by the church, Rev. W. L. Williamson of Amarillo, and Rev. W. C. Garrett of Roswell, New Mexico.

Plans are to observe the Golden Anniversary of the organization of the church, in connection with the dedication program, since some uncertainty has arisen as to the actual date. Mrs. A. D. "Mother" Burleson, only surviving charter member of the church, remembers the date of organization as 1892, while others are of the opinion it was a year later.

Committees Named
The executive committee of the W. M. U. met Friday afternoon in the home of Mrs. R. E. Campbell Sr., and named the following committees to function in connection with the all-day service which will include lunch served in the church basement at the noon hour:
Dish Committee: Mesdames Fred Clowers, Elbert Reeves and Earl Laughlin.
Coffee and Tea committee: Mesdames G. S. Craven and R. E. Campbell; Food Arrangement: Mesdames D. P. Keith, Buford Hobbs, J. A. Groves, T. E. Carmack and Clarence Kifer; Registration Committee: Mesdames J. Farris Fish and Claude Wilton.
The Dedication Services will be divided into three sections, to include the Sermon of Dedication in the morning worship; talks and devotionals in the afternoon program, and the evening worship service which will begin the annual revival meeting for the church. Special music has been arranged for the entire program throughout the day.

The W. M. U. announces that their general business meeting will be held Monday afternoon, August 17, instead of the last Monday in the month, in order that it will not conflict with the meeting.

Flomol Boy Scouts At Summer Camp

The Flomol Boy Scouts, accompanied by J. T. Spears, were among the group participating in the final encampment of the summer at Camp Post last week, according to a report by Rev. John A. Winslow, camp director.

These included: Calvin Earl Garrett, Curtis Neece, Ray B. Turner, Ray B. Garrett, Bill Meyers, Melvin Pope, Richard Turner, Deary Merritt, Johnny Spear and Keith Cloyd.

Lions Governor To Visit Local Club At Next Meeting

Lion Murry H. Fly, 2-T District Governor, of Odessa, will be in Matador on Tuesday, August 18 to be honor guest of the local club's regular meeting to be held at the Baptist church basement.

Since Governor Fly is making his circuit to conserve as much automobile use as possible, clubs are cooperating by providing transportation to the next club on his schedule. He will visit Silverton and Turkey on August 17 and meet with the Paducah club on the evening following his noon visit here.

The Matador Club has notified him that he will be provided transportation to Paducah, and as a prideful gesture of the cattle country, has secured a horse for him to ride across the 30 miles. The horse will be hitched at the church for him to leave as soon as the meeting is over. The secretary forgot to tell him that the steed is slightly sway-back, and that a blind bridle but no saddle is furnished.

Lions To Bring Sweetness
Members are requested to furnish their own sugar supply to fit individual needs at the Tuesday meeting. The ladies circle serving the luncheon makes the request due to the sugar shortage and their inability to accumulate sufficient amount of sugar for beverages.

Regular meeting of the Lions directors will be held at the Magnolia Cafe, Monday morning, August 17, at 6:30 a. m.

County Has Four Motor Accidents During Past Week

An epidemic of motor vehicle accidents struck Motley county during the past week. A total of four accidents were reported. Deputy Sheriff Ward Rattan investigated an accident in Roaring Springs about 9:30 Saturday night, in which cars driven by H. B. Carpenter and Odell Gordon Osborn were involved in a collision. Small damage was reported in the Osborn machine while Mr. Carpenter's car sustained an estimated \$100 damage.

R. M. Hopper of Lubbock and his family escaped serious injury when a tire blew out on their 1941 Studebaker about midnight, Sunday night. The accident happened about four miles west of town and the car turned over three or four times. Its damage was estimated at \$600.

Scout Executive

LUBBOCK, Texas—G. M. Unger, former Scout Executive of the Black Beaver Area Council, Boy Scouts of America, with headquarters in Chickasha, Okla., has been selected to fill the vacancy of Scout Executive of the South Plains Council, which position has recently been resigned by Jack O. Stone, who has been commissioned a Second Lieutenant in the Army Air Corp. Mr. Unger comes from a Council comparable in size to this and has had many years experience in Scouting.

He is expected to arrive in Lubbock, headquarters for the South Plains Council, the 20th of August and will bring his wife, and two children, Nancy, 5½ years old, and John Allen, 2 years old, to make his home here.

INDUSTRIAL AND INSTITUTIONAL SUGAR QUOTA UP

Allotments of sugar for industrial and institutional users have been increased, effective August 7th, according to D. I. W. Birnie, chairman of the Motley County War Price and Rationing Board.

Industrial users will be given a 10% increase, thus raising their allotment to 80% of their sugar "base," while institutional users will be granted a 25% increase, boosting their allotment to 75% of their base.

Mr. Birnie requests that industrial and institutional users make application for their September-October allotment on Monday and Tuesday, August 17-18.

These increased allotments do not affect private users of sugar. Mr. Birnie issued a warning yesterday to ration book holders regarding the surrender of books to the local board when holders are inducted into the armed service. Either through lack of information or negligence many have failed to respond to the demand, which will involve heavy penalties. The same demand also applies to heirs by next-of-kin in cases of death. The War Ration books must be surrendered immediately.

Farmers have everything to gain and nothing to lose in the shift to a three-year contract for wheat crop insurance, according to W. I. Rushing, chairman of the Motley County AAA committee.

Scrap Iron Drive Gains Response

Leaders Attend District Meeting At Lubbock Wednesday; Iron Need Vital

RESPONSE to Motley county's scrap iron drive is gaining momentum daily as farmers, ranchers and businessmen deliver increasing amounts to Matador's two scrap dealers, according to W. I. Rushing, chairman of the General Salvage Committee.

Mr. Rushing, J. R. Emmons, County Judge W. R. Cammack, V. D. Pippins and L. R. Bishop attended a district salvage meeting held at the Lubbock Hotel yesterday in which 15 West Texas counties were represented.

Chas. A. Guy, editor of the Lubbock Avalanche-Journal was chairman and C. L. Huff, secretary of the Texas Salvage Committee made the principal address. Mr. Huff told his interested listeners that the nation has a vital shortage of scrap iron and that the war effort now depends on the success of the drive. He declared that nothing is more important to our struggle

Because of an error in last week's Tribune mixed scrap iron prices were quoted above the Matador market price of \$8 per ton. There is no set price on iron but the Matador market is declared on an average with other towns where metal must be trucked to railroad loadings.

than the complete cooperation of every citizen in getting scrap metal to the dealers who will rapidly ship it to the stymied iron companies.

Junk Rally August 29th
The county's scrap metal drive is now under way and everyone is urged to sell their metal as soon as possible, however the maximum interest is expected to be reached by August 29, date set for the county-wide junk rally. Plans are now being made to feature the rally in a program to be held in Matador, in which prizes or honors will be awarded and entertainment furnished. Special warning is made with regard to tin. No tin is wanted at present since no facilities are available for processing it. Scrap iron is the cry of idle steel mills unable to fill vital war orders for metal to build guns, shells, tanks, planes, ships and a thousand other items essential to the gigantic war program.

Mr. Huff, in his address at Lubbock yesterday, assured civic leaders that scrap metal is so essential that special laws will force the sale in rare instances where lack of cooperation may be encountered.

Patriotic citizens, who have been unable to purchase War Bonds, are urged to sell their scrap metal and invest the money in securities, thus aiding the war effort in two instances, however, it is declared that the more important help is through the sale of scrap metal, since "it is impossible to make a gun out of money."

Legion To Sponsor Increased Pay For Cemetery's Care
E. B. Chambliss should have an increase in pay for his excellent care of the Matador East Mound cemetery, according to the local Fleming Post American Legion.

Splendid condition of the Matador cemetery is a source of pride with local residents who have loved-ones buried here, it was pointed out and Mr. Chambliss has achieved the attractive appearance of the cemetery only through much effort.

The Legion requests that J. R. Whitworth at the First State Bank be authorized to draw on accounts regularly to bring Mr. Chambliss' income up sufficiently to be on par with other labor. Friends living outside of Matador, but who have relatives buried here are requested to contribute to the Legion-sponsored drive to increase the caretaker's salary.

VISIT IN QUITAQUE
Mrs. Lloyd Fulkerson and children, accompanied by her mother, Mrs. L. D. Witcher of Selinas, California, visited in Quitaque this week in the home of Mr. and Mrs. Buddie Morris. Mrs. Morris is Mrs. Fulkerson's sister and also daughter of Mrs. Witcher.

Pioneers Outline Program

Program plans were outlined here Monday for the 20th annual meeting of the Motley-Dickens Counties Old Settler's Association, to be held in Roaring Springs, Thursday, August 27.

C. C. Haile of Afton, president of the association for the past 12 years stressed the request that all old-timers and others planning to attend, arrive early, that old acquaintances and friendships might be renewed with sufficient time for visiting. Because of the national emergency and tire shortage, the meeting will be held only one day instead of the 2-day program of past years. No parade is planned.

The program will start at 10:45 with an opening number by the Patton Springs high school band. Memorial services will be held at 11 o'clock, directed by Rev. R. C. Brown of the Spur Christian church.

"Friendship Groups" Dinner
Dinner will consist of basket lunches spread in "friendship groups." Everyone is urged to come with well-filled baskets.

Afternoon program will start about 2:15 with the Patton Springs band offering another group of selections. Rope and saddle contests will start at 3 p. m. The rodeo committee is composed of Mervin Green, chairman, Jack Luckett, J. N. Scribner and John Russell. Premiums will be given according to amount of money available following the dance which will be held at the pavilion Wednesday night, preceding the meeting. All funds will be used to support the rodeo the following day.

Judge T. T. Bouldin of Mineral Wells will speak simultaneously with the start of the rodeo. Continuous dancing will be held at the pavilion during the afternoon and evening after the program is completed, Mr. Haile announced.

Henry Pipkin Is Recognized As "Friend Of China"
Henry F. Pipkin, local chairman of the United China Relief is in receipt of a certificate award in recognition of his services in behalf of that movement, in securing more than the quota set for this county. However, Mr. Pipkin, with customary modesty, states that over half the contributions were made voluntarily and that the success for putting the drive "over the top" was due to the efforts of Lewis Eudy and Joe M. Gaines, who aided in the solicitations, and the Tribune for the publicity given.

The certificate is signed by Wendell L. Willkie, Honorary Chairman, Paul G. Hoffman, Chairman, and W. R. Herod, President, and reads as follows: "TRUE FRIEND OF CHINA: This certificate is hereby awarded to Henry F. Pipkin in recognition of his splendid work on behalf of our great friends and allies, the Chinese, and is hereby acknowledged a True Friend of China."

By BOYCE HOUSE

Found this in the Wood County Democrat; it's entitled "An Editor's Prayer."

Blessed are the merchants who advertise for they have faith in their business, and their prosperity shall increase many fold.

Blessed is the woman who sends in a written account of a party or a wedding, naming names and dates and time and places, for she shall see more than a brief hint that such an event took place.

Blessed are they who do not expect the editor to know everything by telling him whenever an interesting event occurs in which they are interested, for they shall have a better newspaper in the town.

Blessed are those who get their copy in early for they shall occupy a warm spot in the heart of the editor.

Blessed are they who do not think they could run a paper better than the editor runs it—yes, thrice blessed are they, because there are so few of them in the country.

Folks, old Boyce House is so busy that let's fill up the space this week with a quotation from a man who can really write—former Governor Pat M. Neff, my good friend, as he is the friend of all the 6,500,000 citizens of this State. In his book, "Making Texans," he pays this tribute to "The Hen."

The hen, hatched and raised in the lowly environment of the barn yard, has scratched her way to fame and fortune. Though she lives and labors in humble surroundings, her cackle—like the voice of freedom—is heard around the world. Hers is a universal language. It is understood wherever the tongues of men fashion the symbols of speech. Her beauty is unhonored in the realms of art but she is known wherever the dinner bell is heard or the banquet board is spread.

Hers is not the elfin grace of the swan. Hers is not the sweet song of the canary. Hers is not the colorful glory of the peacock. Hers is not the arrogant pride of the eagle. And yet all these feathered favorites combined do not rank as high in the affairs and the affections of men as does the placid, the diligent and the unpretentious hen.

"Pay as you go" is the hen's policy. She is self-sustaining. Not long ago, a carload of hens was shipped from Texas to New York and they laid enough eggs on the trip to pay for the freight.

This is an age of substitution. We substitute cotton for silk, oleomargarine for butter, and jazz for

music; but there is no satisfactory substitute for the vitamin contents and mineral compounds of an egg. The hen has less than a teaspoonful of brains and she boasts of no college degree; yet she is the most expert alchemist of the ages. She mixes in her simple laboratory the elements of calcium, magnesium, iron, sodium, potassium, sulphur, chlorine and phosphorized fats—mixes them into rich and well-balanced nutrients in a sanitary and protective shell. She defies the world to make a substitute.

The home is the hub of humanity. On its stability, civilization depends. The hen is a home-maker. She supplies the table, fills the wardrobe and lifts the mortgage. The farm wife of the henless home has no bank account. The hen is the only servant that can just "lay" around the house and still make money.

The hen, feathered aristocrat of the barnyard, the only billion-dollar bird beneath American skies, should be our national bird. No longer should the selfish, haughty, arrogant eagle, which never earns an honest dollar, adorn the nation's coin. Contrary to the American spirit, the eagle makes war on smaller birds and steals its daily food from creatures too weak to protect their own. All you can say in favor of the eagle is that it flies above the clouds and builds its nest high on the mountain crag. Its meat, its feathers, its eggs and its offspring are worthless in both the homes and the markets of men.

The image of the honest, patient efficient hen who, by picking up the scattered grain and turning it into gold, has made her business one of the biggest industries beneath the American flat—hers is the image that should go upon our coin. She graces alike the paltry meal of the plebeian and the epicurean board of the plutocrat. Her cackles but she does not crow. Her daughters are everywhere; her sons never set. Hats off to the hen! Thank you, Governor Neff.

The East Texas timber belt is today capable of yielding 87,000,000 cords of wood pulp, more than six times the total pulpwood required for the entire United States in 1930.

VISIT IN NEW MEXICO

Mrs. Hugh Cook, accompanied by her son Nevada Lee, and daughter, Mrs. Tutt Garnett, were visitors last week-end with her oldest son, Pvt. John W. Cook, stationed at the Air Base at Alamogordo, New Mexico. From Lubbock, they accompanied Mrs. Cook's cousin, Mrs. Ed Greer.

Several hundred species of cacti are indigenous to Texas and cover a wide range from the western edge of the East Texas Forest Belt to the western boundaries of the state.

H. J. R. No. 1

A JOINT RESOLUTION

proposing an Amendment to Article III of the Constitution of the State of Texas by adding a new section thereto to be known as Section 49a, requiring all bills passed by the Legislature on and after January 1, 1945, appropriating money for any purpose, to be sent to the Comptroller of Public Accounts for his approval, and fixing the duties of the Comptroller with reference thereto; authorizing the Legislature to provide for the issuance, sale, and retirement of serial bonds, equal in principal to the total outstanding, valid, and approved obligations owing by the General Revenue Fund on September 1, 1943; providing for the submission of this amendment to the voters of this State; prescribing the form of ballot; providing for the proclamation and publication thereof; and providing for the necessary appropriation to defray necessary expenses of the submission of this amendment.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto, immediately after Section 49, a section to be known as Section 49a, to read as follows:

"Section 49a. It shall be the duty of the Comptroller of Public Accounts in advance of each Regular Session of the Legislature to prepare and submit to the Governor and to the Legislature upon its convening a statement under oath showing fully the financial condition of the State Treasury at the close of the last fiscal period and an estimate of the probable receipts and disbursements for the then current fiscal year. There shall also be contained in said statement an itemized estimate of the anticipated revenue based on the laws then in effect that will be received by and for the State from all sources showing the fund accounts to be credited during the succeeding biennium and said statement shall contain such other information as may be required by law. Supplemental statements shall be submitted at any Special Session of the Legislature and at such other times as may be necessary to show probable changes.

"From and after January 1, 1945, save in the case of emergency and imperative public necessity and with a four-fifths vote of the total membership of each House, no appropriation in excess of the cash and anticipated revenue of the funds from which such appropriation is to be made shall be valid. From and after January 1, 1945, no bill containing an appropriation shall be considered as passed or sent to the Governor for consideration until and unless the Comptroller of Public Accounts endorses his certificate thereon showing that the amount appropriated is within the amount estimated to be available in the affected funds. When the Comptroller finds an appropriation bill exceeds the estimated revenue he shall endorse such finding thereon and return to the House in which same originated. Such information shall be immediately made known to both the House of Representatives and the Senate and the necessary steps shall be taken to bring such appropriation to within the revenue, either by providing additional revenue or reducing the appropriation.

"For the purpose of financing the outstanding obligations of the General Revenue Fund of the State and placing its current accounts on a cash basis the Legislature of the State of Texas is hereby authorized to provide for the issuance, sale, and retirement of serial bonds, equal in principal to the total outstanding, valid, and approved obligations owing by said fund on September 1, 1943, provided such bonds shall not

draw interest in excess of two (2) per cent per annum and shall mature within twenty (20) years from date."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the State of Texas, at the next general election to be held on the first Tuesday after the first Monday in November, 1942, being November 3, 1942, at which election all voters favoring said proposed amendment shall write or have printed on their ballots, the words:

"For the Amendment to the Constitution of the State of Texas, requiring appropriation bills passed by the Legislature to be presented to and certified by the Comptroller of Public Accounts as to available funds for payment thereof, limiting appropriations to the total of such available funds, providing for issuance of bonds to pay off State obligations outstanding September 1, 1943, and fixing the duties of the Legislature and Comptroller of Public Accounts with reference thereto."

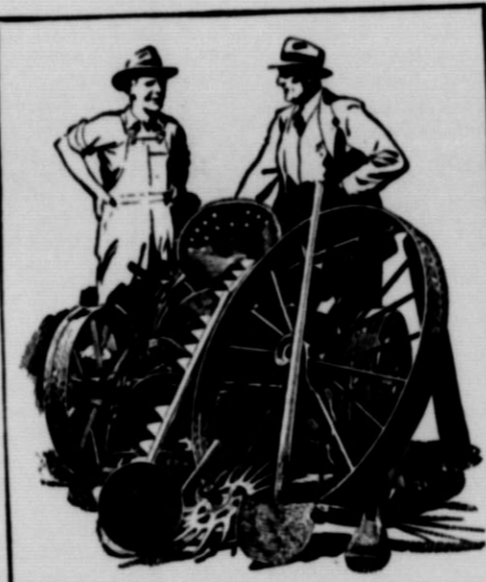

Those opposing said proposed Amendment shall write or have printed on their ballots, the words:

"Against the Amendment to the Constitution of the State of Texas, requiring appropriation bills passed by the Legislature to be presented to and certified by the Comptroller of Public Accounts as to available funds for payment thereof, limiting appropriations to the total of such available funds, providing for issuance of bonds to pay off State obligations outstanding September 1, 1943, and fixing the duties of the Legislature and Comptroller of Public Accounts with reference thereto."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have same published as required by the Constitution for a amendments thereto.

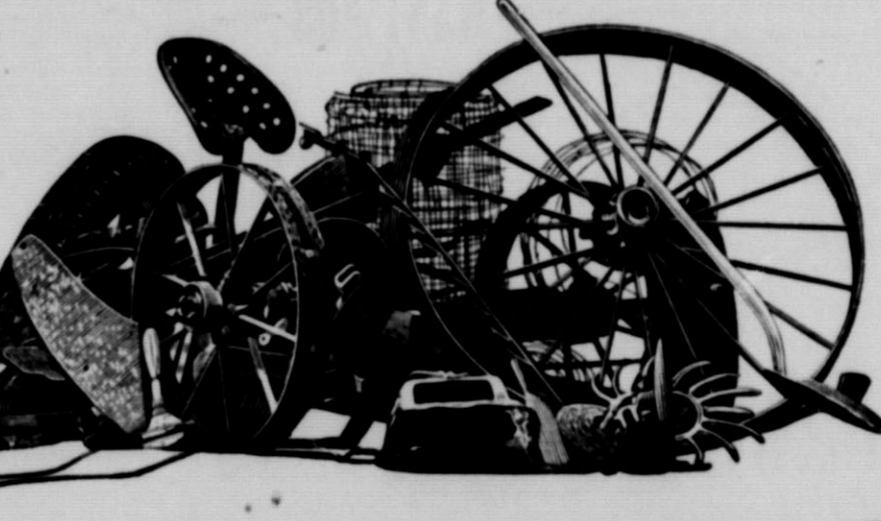

Sec. 4. The sum of Five Thousand Dollars (\$5,000.00), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas, not otherwise appropriated, to pay the expenses of such publication and election.

To Publish July 30; Aug. 6, 13, 20

"What's it good for?" "Guns, tanks, and maybe part of a plane"

JUNK needed for War

In the barnyards and gullies of farms and in the basements and attics of homes is a lot of Junk which is doing no good where it is, but which is needed at once to help smash the Japs and Nazis.

Scrap iron and steel, for example. Even in peacetime, scrap provided about 50% of the raw material for steel. It may be rusty, old "scrap" to you, but it is actually refined steel—with most impurities removed, and can be quickly melted with new metal in the form of pig iron to produce highest quality steel for our war machines. The production of steel has gone up, up, UP, until today America is turning out as much steel as all the rest of the world combined. But unless at least 6,000,000 additional tons of scrap steel is uncovered promptly, the full

rate of production cannot be attained or increased; the necessary tanks, guns and ships cannot be produced. The rubber situation is also critical. In spite of the recent rubber drive, there is a continuing need for large quantities of scrap rubber. Also for other waste materials and metals like brass, copper, zinc, lead and tin. The Junk which you collect is bought by industry from scrap dealers at established, government-controlled prices. Will you help? First—collect all of your waste material and pile it up. Then—sell it to a Junk dealer, give it to a charity, take it yourself to the nearest collection point, or get in touch with your Local Salvage Committee. If you live on a farm, consult your County War Board or your farm implement dealer. Throw YOUR scrap into the fight!

JUNK MAKES FIGHTING WEAPONS

One old disc will provide scrap steel needed for 110 semi-automatic light carbines. One old plow will help make one hundred 75-mm. armor-piercing projectiles. One useless old tire provides as much rubber as is used in 12 gas masks. One old shovel will help make 4 hand grenades.

MATERIALS NEEDED

Scrap iron and steel. Other metals of all kinds. Old rubber. Rags, Manila rope, burlap bags. Waste Cooking Fats—When you get a pound or more, strain into a large tin can and sell to your meat dealer. NEEDED ONLY IN CERTAIN LOCALITIES: Waste paper and tin cans—wanted only in certain areas, as announced locally. NOT NEEDED (at this time): Razor blades—glass.

Church --- Social Activities

Resident Is Best Man At Wedding Of Brother In Olney

J. Rufus Emmons, Motley County Agent, served as best man at the wedding of his brother, Lieut. Claude D. Emmons of Camp Wolters, and Miss Zelma Elliott daughter of Mr. and Mrs. O. W. Elliott of Olney in nuptials solemnized at the First Baptist Church of Olney Saturday evening. Rev. W. H. Townsend, church pastor, officiated at the ceremony.

The Lohengrin wedding march and Mendelssohn recessional were played by Mrs. Carl Ramsey, who also played "I Love You Truly" during the ceremony. The bride wore a blue marquisette gown with matching veil and carried a bouquet of red roses. Her maid of honor was Miss Ann Arnold of Perryton, who wore a white net dress and carried pink carnations and asters.

Ushers were Lieutenants Frank Prevost, Cecil Helen and T. A. Richardson, all of Camp Wolters. Following a reception, the couple left on a wedding trip to various points in south Texas.

A graduate of Texas A. & M. College, the bridegroom is the son of Mr. and Mrs. W. M. Emmons of Hico. Mrs. Emmons is a graduate of Texas Tech and taught last year in the Floydada schools. Mrs. J. Rufus Emmons and son, Jimmie, also attended the wedding.

Birthday Dinner Given Here Sunday

A birthday dinner was given Sunday in the home of Mr. and Mrs. Fred Clower in honor of Newton Fletcher of Roaring Springs.

Those present were: Newton Fletcher and son J. N. Jr., Mr. and Mrs. H. D. Marshall, Mrs. Mary T. Sampson, Mr. and Mrs. John Green and children, Kelly, Anne and Duffy; Mr. and Mrs. Ray Warren and children, Don and Kathleen; Mr. and Mrs. Clarence Brooks and daughter, Shirley; Mr. and Mrs. R. J. Harmon and daughter, Ronda; Mr. and Mrs. Delmar Davis and daughters, Karen and Betty; Mr. and Mrs. Lee Marshall and son Corby Lee; Mrs. Mae Fletcher and daughters, Nell and Dell, and the host and hostess, Mr. and Mrs. Fred Clower and son Dennis Dahl.

Mr. Fletcher left for east Texas Sunday afternoon, where he will visit friends and relatives for ten days.

HENRIETTA SHUCK CIRCLE MEETS

The Henrietta Shuck Circle of the Baptist W.M.U. met Monday afternoon at the church for Bible Study, taught by Mrs. J. R. Moore. A short business meeting was conducted by the chairman, Mrs. Earl Laughlin, and plans were discussed for serving the Lions luncheon next Tuesday, Aug. 18. Due to sugar shortage, it was voted to request members of the Lions Club to furnish their own sugar for drinks.

Former Resident Is Married Recently

Word has been received by friends and relatives here, advising of the marriage of Miss Lena Mae Davis of Lubbock, to a Mr. Dan Ellis, in a ceremony performed August 5, in Spokane, Washington.

The bride is the daughter of Mrs. L. F. Davis and is well-known here, having been reared here and graduated from Matador High School before moving with her family, to Lubbock.

Mr. Ellis is a radio instructor in the Army Air Corps.

Pied Pinions BY MRS. J. M.

Regardless of the distances one travels, there is always one certain locality which remains 'home' in the heart. This idea is splendidly advanced in a letter received recently from Mrs. Arthur Cooper of Floydada, the former Ruth Simpson, who was reared here. She writes in part:

"Dear Ben: Much has been written to you from our soldier boys in appreciation of the Tribune. I want to add my thanks to theirs for a well little home town newspaper. You always seem to put in all the little sparks of neighborhood news that somehow make a glow in the homesick heart, be it 30 miles away or 300.

"Your column (i.e. Trail Dust) is always the best treat to me. The thought behind is like a living green shoot pushing its way to the light through the mud of unwieldy words.

"Though not an experienced fan-letter writer, I am a firm believer in giving credit where credit is due. Here's hoping that your talents may rise to even greater heights of expression. Sincerely, Ruth Simpson Cooper."

Incidentally, her many friends here have appreciated for many years, Ruth's own literary ability, as evidenced by her letter. And we are glad to note that it has not suffered neglect, despite the fact that she doubtless has her hands full looking after four lively youngsters, two of whom are twins!

Recent observations promote the conclusion that few combinations are more incongruous than a man and a coffee table. Besides the uncomfortable attitude the position imposes when they find themselves seated on a divan behind such object, they assume such a comical expression in trying to find a place for their feet. Most of them I dare say, would enjoy nothing more than the privilege of propping their heels up on the smooth surface in a gesture of defiance as well as comfort.

The meanest man in our town that we know of is the one who gave his wife a coffee table for Christmas and then raised such a ruckus when he stumbled over it while groping for the light switch and almost broke his neck—that she finally had to compromise and

APPEAL MADE FOR KIT BAGS FOR MEN IN ARMED FORCES

Upon advise that the War Department has indicated thousands of Kit Bags will be needed during the next few months if every Service Man is supplied with one as he leaves this country, an appeal is made by the local Red Cross Chapter of which Miss Mary Keith is Chairman of War Relief Production, for an agency to subscribe to the movement.

The cost amounts to around one dollar per kit, and many Chapters have found that different groups and organizations are delighted to assume responsibility for filling these kits according to Mrs. Sloan Colt, National Assistant Director in Charge of Production. "Because of the urgency of this request, it would be well to immediately approach any local agency which might be interested, such as church groups, fraternal organizations, Legion auxiliaries, women's clubs, schools, or any individuals who might wish to contribute," Mrs. Colt wrote in a recent letter to Miss Keith.

Already several hundred thousand of these kits have been filled by nearly 400 Chapters throughout the country, and Miss Keith feels that with some local agency to subscribe to the movement, the Motley County Chapter will be able to do its part also.

ARRIVAL ANNOUNCED

Mr. and Mrs. Eldred Seigler are announcing the arrival of a daughter, Linda Beth, Monday, August 10. She weighed 7 pounds, 2 ounces.

Miss Mable Jameson visited in Oklahoma City from Thursday until Monday.

keep it shoved up against the wall, out of the way.

Definitely it dates me, but how much more enjoyable is the music of the 20's with its carefree jazz time, than the more modern swing time tunes. To hear again such colorful melodies as "Dardanella," "Sundown," "Coquette," not to mention the Wang-Wang Blues and all the other little blues, and best of all the beautiful dreamy waltzes—the Missouri for instance is a very satisfying experience. I can now dial the radio in anticipated pleasure, with the recent "come-back" of these old favorites of an era now passe.

Very, very interesting to learn is the fact that theoretically, the bumblebee cannot fly. "According to theory of aerodynamics and as may be readily demonstrated demonstrated through laboratory tests and wind tunnel experiments, the Bumblebee is unable to fly," is the wording of a sign in one of the General Motors plants. "This is because the size, weight and shape of his body, in relation to the total wing spread, makes flying impossible.

But, the Bumblebee, being ignorant of these scientific truths, goes ahead and flies anyway—and makes a little honey every day."—and also stings, as pointed out by Mr. M. when he called our attention to the paragraph on the Vox Pop page of Liberty.

"Dear Pa: If you want me to come back to the farm when Uncle Sam says he don't need me any more—here's what you'd better do: Buy two of the meanest mules you can find. Name one of them 'Corporal' and the other 'Sergeant'. I'll be glad to spend the rest of my days telling them exactly what I think of them. John."—The Chaser, Sanatorium, Texas.

LOCAL ITEMS

Mrs. Charlotte Hunsucker with her daughter Marie, visited in Olney Saturday, with her other daughter, Kara, who is employed on the Olney Enterprise. They accompanied Mr. and Mrs. J. R. Emmons there.

TEXAS POULTRY GROUP TO MEET

Poultry's part in the winning of the war will be the theme of the Texas Baby Chick Association, which returns to Dallas, its birthplace for its 19th annual convention, to be held here at the Baker Hotel, August 17-20. President U. H. Mileur, Sudan, will preside.

Selective service, ceiling prices, inflation, priorities, tires, rationing and other war restrictions will be explained by Government officials to some 1,000 delegates representing Texas' \$60,000,000 poultry industry, which brings cash returns to the state next to cotton, cattle and dairy products.

The Experiment Station of Texas A. & M. College has a report to make on their recent discoveries in the use of cottonseed meal in poultry feeds. The stimulus of the war on the dehydration of eggs will receive attention. Inflation as it affects the industry will be handled by Tyrus Timm, economist in farm management, Texas A. & M. Extension Service. Poultry diseases will be discussed by Dr. T. O. Booth, State Veterinarian. Dr. T. C. Byerly, senior poultry husbandman, U. S. Department of Agriculture, Washington, will cover "Our Victory Program."

A hatchery school will be held each morning with Prof. R. N. Sherwood of College Station in charge, giving the delegates an opportunity to keep abreast of the times. Texas now ranks third in the nation in the number of hatch-

A JOINT RESOLUTION proposing an Amendment to Article 3 of the Constitution of the State of Texas...

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 3 of the Constitution of the State of Texas be amended by adding thereto a new section to be known as Section 49-b...

Section 2. The Legislature may provide by law for the issuance of not more than Two Million Dollars (\$2,000,000) in bonds or obligations of the State of Texas...

Section 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and have the same published as required by the Constitution and existing laws of the State.

Section 4. The sum of Ten Thousand Dollars (\$10,000) or so much thereof as may be necessary is hereby appropriated out of the State Treasury...

H. J. R. No. 23 admitted to the qualified voters of the State of Texas at an election to be held on the third day of November, 1942...

"For the Amendment to the Constitution of the State of Texas authorizing the investment of not more than Two Million Dollars (\$2,000,000) of the Permanent School Fund in bonds of the State of Texas...

"Against the Amendment to the Constitution of the State of Texas authorizing the investment of not more than Two Million Dollars (\$2,000,000) of the Permanent School Fund in bonds of the State of Texas...

Section 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and have the same published as required by the Constitution and existing laws of the State.

Section 4. The sum of Eight Thousand Dollars (\$8,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of said publication and election.

Section 1. Article V of the Constitution of the State of Texas be amended by adding thereto a new section to be known as Section 22-a and reading as follows: "Section 22-a. The Legislature shall have the power, by local or general law (without the necessity of advertising any such local law), in counties having a population in excess of two hundred thousand (200,000) inhabitants according to the then last Federal Census, to create other courts having either exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters."

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified voters of the State of Texas at a special election to be held on the first Monday in November, 1942, at which time all voters favoring such proposed Amendment shall have written or printed on their ballots the following: "For the Amendment to the Constitution, providing that the Legislature may in certain counties create other courts having either exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters."

In the Armed Service

TRIBUTE PAID TO PIONEERS BY FORMER ACA SECRETARY

Tribute to the pioneers of Motley and Dickens counties, was paid by Lowell Sharbutt, former Motley county A.C.A. Secretary...

"Guess that those two counties, Motley and Dickens, are preparing for their reunion at Roaring Springs. Sure would like to go to that. I really admire those pioneers who have stood out so prominently in the development of the part of the country which we can call 'ours'."

"I saw B. D. Thomas last week, but haven't seen Knox Jameson as yet... how is the Lion's Club progressing? Fine, I am sure... received the Matador Tribune yesterday and enjoyed it as usual, however, this one was especially interesting in that it had the election results and also part of a letter from Paul Eubank."

Two Motley County youths are now stationed at the Alamogordo, New Mexico, Air Base. They are Pvt. John W. Cook, son of Mr. and Mrs. Hugh Cook, and G. W. Fulfer, son of Mr. and Mrs. W. M. Fulfer, both of whom were transferred from Boise, Idaho...

A C Dick Groves, who has been transferred to Brooks Field, from Randolph Field, writes: "Dear Ben, I have just finished reading last week's paper and really enjoyed it. I read it from cover to cover. I am always glad to get the paper and look forward to it every week."

"I have graduated from Randolph Field and am being transferred to Brooks Field, August 6, for my advance training. The more I fly the better I like it. I now have a little over 150 hours in the air, of which 10 hours are night flying, 13 hours of formation flying, 20 hours instrument flying and the remainder divided up into the other things. Thanks a lot for the paper, and please change my address to the following, Sincerely A C Dick Groves Class 42-J A. C. Det. Brooks Field, Texas

Visiting relatives and friends here during the week-end were Pvt. Tom Newman, Pvt. Ray Sims and Pvt. Donald Groves, all of Sheppard Field, Wichita Falls.

Pvt. Alfred Barton Jr., left Sunday to return to Ft. Benjamin Harrison, Indiana, after a furlough visit with his parents, Mr. and Mrs. Alfred Barton Sr., who accompanied him to Amarillo. He is with the 5th Corps Area Laboratory.

Word is received that Cpl. Roy George, who has been stationed at Terminal Island, San Pedro, Calif., has been transferred to Roscoe, California. His address is: Btry. C. 603 C. A.

Pvt. Raymond A. Ratton, who left recently for Ft. Sill, Okla., has been stationed at Ft. Petersburg, Florida, according to word received by his parents. He has the following address: 585th T.S.S. A.A.F. R.T.C. No. 18.

From Private First Class C. B. Glenn Jr., whose home is Roaring Springs, we are in receipt of the following letter: Tampa, Fla., Drew Field 564th Sig. A.W. Bn Plotting Co. August 5, 1942

STOCKHOLDERS TO HOLD ANNUAL MEET

Farmers and ranchmen in Motley and Dickens counties who make up the Matador National Farm Loan Association will hold their annual stockholder's meeting in Matador, on Saturday, September 5, it was announced by M. S. Patton, secretary-treasurer.

The year 1942 marks the "silver anniversary" of the establishment of the Federal Land Bank system, which is made up of local farmers' cooperative credit organizations throughout the country.

The Matador association, one of the 300 in Texas which own the Federal Land Bank of Houston, has more than 275 stockholders-members and a large attendance is expected at the meeting.

Directors of the association are: President, J. L. Woodruff, Matador; Vice-president, R. C. Echols, Matador; Secretary-Treasurer, M. S. Patton; and Directors, G. T. Edwards and W. I. Rushing, Matador and J. C. Burleson, Whiteflat.

The following committee has been named to complete arrangements for the annual meeting: M. S. Patton, W. I. Rushing and R. C. Echols.

Lightning Strikes Here Monday Night

Lightning struck a telephone distributor box in north Matador about 10:30 Monday night to scatter telephone wires and disrupt service in a number of telephones. The bolt struck a pole near the Bruce Martin home and arced to power line, causing an electric light to explode in the William Earl Briscoe home a block away.

Mr. Briscoe was preparing for bed at the time the lightning struck and received slight shock. Mrs. Briscoe had retired and exploded glass from the bulb scratched her about the throat.

The Briscoe home is located on the site of the former N. M. Groves home which was destroyed by fire resulting from lightning several years ago.

Only slight showers fell here Monday night, but the rain was reported as much as two inches in fully community and good rains were reported at Whiteflat and Fiomot. John Lee said he received approximately 1/2 inch of rain on his farm northeast of town.

DAUGHTERS VISIT HERE

Mrs. T. P. Metcalf of Franklin, Texas, and Miss Sue Glenn, General Secretary of Y. W. C. A., Fresno, California, are visiting here in the home of their mother, Mrs. C. L. Glenn. Mrs. Metcalf and children, Pryse Jr. and Marilyn, were met at Childress Wednesday of last week and accompanied here by her brother and sister, C. M. Glenn and Miss Amy Glenn, with their niece, Miss Dorothy Woodruff.

Mr. and Mrs. J. L. Woodruff and daughter, Dorothy, also Pryse Jr. and Marilyn Metcalf, drove to Childress Sunday to meet and accompany Miss Sue Glenn here.

13,085,000 Bales Cotton Crop Is Forecast For '42

The agricultural department Saturday estimated the cotton crop will be 13,085,000 bales compared with 10,944,000 last year and a 1931-40 average of 13,109,000 bales.

The crop board predicted condition of the crop was 79 per cent of average and indicating an average of 266.7 pounds of lint per acre compared with 222.5 last year. Cotton to Aug. 1 totaled 48,830 compared with 1,969 in 1941.

The report indicated 1942 per cent above last year's 2.2 per cent less than the average.

The board said above temperatures last month with small rainfall helped generally in check. The one week late in Texas, estimated at 184 pounds production at 3,177,000 compared with 2,652,000 in 1941.
