War Fund Drive Is Over Top

Value of Scout Work Is Shown by Records

Matador Troop To Be Re-organized

It costs approximately 2c per day for a boy to be a member of the Boy Scouts of America and it costs \$883 to send a boy to reform school. No boy trained in Scouting has ever been sent to a reform school or to a penitentiary in this country. Approximately 28% of the men in our Armed Forces were former Boy Scouts and 82% of the decorations awarded for valor in the present war, have gone to men who were former Scouts.

This amazing record was revealed by Merle Edwards, field executive for the Boy Scouts, of Lubbock, Friday, in a meeting with members of the Matador Lions Club. Mr. Edwards was here in interest of the Matador Scout Troop 60, sponsored by the Lions Club, which is at present threatened with dissolution. Present condition of the troop has been brought about by a minor part of the membership which refuses to abide by the strict discipline imposed on Scouts. Due to discord in the organization, Rev. M. B. Carroll, temporary Scout Master has tendered his resignation.

Scout Hut Windows Broken
Several weeks ago all the windows were broken in the Scout hut and other damage was sustained, including removal of some equipment from the building. Mr. Edwards, in his discourse with Lion members, declared he had obtained promises from the boys that the Scout hut will be restored to its original condition, entirely at the expense of those responsible.

He declared the Matador Lions Club had been over-generous to

the Scouts and stated that the policy of Scouting does not seek contributions. "We do not want anything given to Scouts," he said, "instead we want every boy to earn his way. That is one of the cardinal principals of Scouting. We appreciate the attitude of the club and the men who have made Troop 60 possible."

Boys Deserve Scouting

Mr. Edwards declared it was not fair to approximately 20 boys in Matador who are deservng of Scout training, to deprive them of the benefits because of three or four who will not accept the disciplinary requirements.

In a reorganization which may be established in the near future, boys must qualify to remain in the troop by passing one rank in Scout work or by receiving two merit badges within one month. At the end of that time those who have not qualified will not be accepted as members. "It will be up to the boys themselves," Mr. Edwards, declared, "the boys will throw themselves out by failing to work, or they will become members of the new organization."

Scout Master Needed

Principal need is for an experienced Scout Master for the Troop, and while the Tribune is not permitted to make an announcement at this time, this need may be filled in the near future.

Mr. Edwards said that if the new troop is organized and the Lions Club will appoint an active five-man board of directors to help the Scout Master, he will conduct two Court of Honor meetings here with the aid of District advancement chairman O. C. Arther of Spur and District Chairman Jack Christain of Lubbock. He also said he would personally

"T" Vehicle Owners Urged To Mail In Gas Certificates

Holders of "T" driving permits for all "War Necessity" vehicles are urged to mail their certificates to the Motley County War Price and Ration Board at once, according to C. A. Pitts, chairman.

"We will make issuance of gasoline of the 2nd quarter and return the certificates," Mr. Pitts declared. "This method will help us in avoiding last minute congestion, since the gasoline permits must be renewed by March 31," he explained. Mr. Pitts said his staff could handle the problem in this county if "T" permit holders would send in their certificates (by mail) at once.

He also cautioned all "T" vehicle operators to be certain that the information required on the back of the certificates, is complete before they are mailed into his office.

Truckers Asked To Aid

Mr. Pitts urged truck operators to keep a careful check on their tires and have them recapped before they wear beyond the recapping stage. He said that quotas are not available to meet the demand for truck tire replacements.

"In view of the rubber shortage," Mr. Pitts, declared, "it stands to reason that the situation must be corrected and the Motley county board appeals to truckers to cooperate by regulating both loads and speed to the point where their trucks may successfully operate on recaps."

JOHN BURLERSON DIES

Word was received here yesterday, by Mrs. A. D. Burlerson, advising her of the death of her eldest son, John C. Burlerson, of Duncan, Arizona. No details of funeral arrangements had been announced late last night, as the Tribune went to press.

Flomol Program Sells War Bonds

A program was staged by the Flomol high school Freshman class Friday night in the Flomol gymnasium. Admission required the purchase of a war bond or stamp. A total of \$637.38 worth of bonds and stamps were sold through the program.

Gift Dedication To Be Held Sunday

Matador Methodist Church will dedicate on Sunday morning, March 14, the new flags and the new hymnals which have recently been presented to the church.

The Christian flag, a gift of Judge and Mrs. G. E. Hamilton, and the United States flag, a gift of the Church School will be dedicated in honor of the men from the Methodist Church who are serving in the armed forces of our nation.

The one hundred Methodist Hymnals are a gift to the church from Mr. and Mrs. Harry Willett. They are in the rich dark blue board binding and will be a fine addition to the worship services of the church.

The dedication services will be held at the morning worship service, March 14, at 11:15.

Newspapers Again Being Mailed To Overseas Soldiers

After two-weeks delay, weekly copies of the Tribune are again being mailed to Motley county soldiers overseas. All back copies were placed in the mails last week.

Confusion over the A.P.O. order No. 19687, was removed this week in an extract from a man in overseas service: "Individual copies of newspapers... may be mailed to A.P.O.'s outside the continental United States only where subscriptions are specifically requested in writing by the addressee or for which subscriptions are now in effect." Battalion commander's approval is not necessary on subscriptions already in effect, according to provisions of Circular No. 19.

Several requests from overseas soldiers, approved by commanding officers have been received in response to letters sent out by the Tribune two weeks ago.

The Tribune expresses sincere appreciation for the following unsolicited contributions to the boy's subscription fund during the past week: Mrs. L. B. Turner (Flomol) \$1, J. C. (Doc) Burlerson \$5, Mrs. Bob Martin \$1, Phillip Anderson \$2, Vernon Latimer \$2, Lt. George D. Stapleton \$2, Mr. and Mrs. R. A. Day \$2, Mrs. W. D. Long \$1, Mrs. M. J. Reilly \$2.50, Charlie Keith \$1, Mrs. Raby Webb \$1, E. F. Springer \$2, C. T. Heller \$1, John S. Ferguson \$1, Mrs. E. D. Smith (Whiteflat) \$1.

Lions Will Hold Meeting Tuesday

Regular meeting of the Matador Lions Club will be held in the basement of the Methodist church, Tuesday at 12:30 p. m. All members are urged to make plans to attend. The luncheon will be prepared by or under the direction of Lion Henry F. Pipkin who has assumed responsibility for one of the organization's two luncheons each month.

Regular breakfast-meeting of the Lions directors will be held at the Magnolia Cafe at 6:30 a. m. Monday morning. All directors are requested to attend.

TO ALABAMA

Mrs. Martha Dell King accompanied Mr. and Mrs. A. A. Harp to Fort Worth Thursday, and from there continued to Camp Rucker, Alabama, for a 10-day visit with her husband, Sgt. Curtis King, who is stationed there.

Evangelist

Evangelist W. T. Stallings, above, is preaching nightly at the Matador Assembly of God Church, for a revival which has been in progress for several days. Rev. Stallings is being assisted by local pastor, Rev. N. L. Locke.

Special singing and preaching starts each evening at 8:30 p. m.

The revival is expected to last two and possibly three weeks. A cordial invitation is extended everyone to attend.

Discarded Rayons Are Needed For War Materials

All discarded rayon clothing is valuable for the war effort according to Mrs. M. J. Reilly, chairman of salvage for the material in Motley county. Mrs. Reilly declared that previously requests had been made only for rayon and silk hose, but new instructions request all kind of under garments and other articles made from rayon.

Mrs. Reilly said that any size pieces or ragged garments are just as servicable as intact garments, since they are reduced to a pulp material before being made into war goods. All material contributed should be clean.

Materials may be left at the West Texas Utilities Company office which has served as a collection depot for discarded hose, in the past.

Brother Of Local Resident Dies Sat.

W. F. Russell, 75, of Dallas, brother of J. E. Russell, Matador, died suddenly Saturday morning of a heart attack which struck him as he was enroute to his home from his place of employment. He had been with the Smith Detective Agency of Dallas for over 30 years.

Survivors include four daughters, three sons and four brothers.

J. E. Russell, with his son John, and daughter, Mrs. James Neblett, accompanied by Mr. Neblett, attended funeral services which were held at Dallas, Monday afternoon at 4 o'clock. The body was laid to rest at Blum, Texas, by the side of his wife, who died a number of years ago.

LUBBOCK, March 4—Elmer E. Jameson Jr. of Matador has received promotion in the Texas Technological college unit of the Reserve Officers Training Corps to the rating of first sergeant. Son of Mr. and Mrs. Elmer E. Jameson, he is enrolled at Tech as a junior electrical engineer.

ATTENDS FUNERAL FOR AUNT

Mrs. G. E. Hamilton, accompanied by her sister, Mrs. W. H. Tittle made a trip to Fort Worth, Friday to attend funeral services for their aunt, Mrs. C. J. Turner, 80, which were held Saturday.

Judge Hamilton drove to Paducah Monday to meet and accompany his wife home.

Flomol Community Contributes Over \$500; Matador Responds With \$1,023

IT WAS EASY. Motley county has exceeded its 1943 American Red Cross War Fund Drive quota of \$1,650, and several reports are still to be received, according to M. S. Patton, chairman of the drive, in a statement late yesterday. The largest public subscription ever attempted in this county was attained within ten days. Last report showed a total of \$1,782.96 collected.

Perhaps the most outstanding achievement of the county-wide drive was attained by Shelton Haynie, ex-serviceman of the Flomol community, who, through individual efforts, collected \$383. Most of his contributions were not of unusual size. At a late hour yesterday, Flomol

not had contributed a total of \$510.31. Whiteflat contributions were \$80. Roaring Springs has reported \$179.35. Total collections in Matador were \$1,023.30. No report has been received from Northfield or Folly.

Wichita Falls Contributor

Mr. Patton received the following letter with a \$5 check, this week:

"Dear Sir: "I am sending you a small check to apply on your county's quota for Red Cross, in appreciation of my good friends in Matador, and for their efforts and results in always going over the top."

"And especially in this contribution given in token of my admiration for your county judge, W. R. Cammack and my good friend, Douglas Meador, editor of the Matador Tribune, and whose column, "Trail Dust," I enjoy reading."

Sincerely yours, M. T. Clements, 1714 McGregor Ave, Wichita Falls, Texas."

Mr. Clements is affiliated with the firm of Voelcker & Dixon, famous architects of Wichita Falls.

Largest contribution in the drive was \$100 made by Mrs. W. W. Moore. Other large contributions were \$50 each by the Matador Land & Cattle Company and the Matador Auto Company.

Mr. Patton expressed his appreciation for the diligence and complete cooperation of all committees and chairmen who gave their time and effort so willingly in the outstanding public spirited achievement.

Matador schools raised a total of \$136.50. Seventh grade students contributed 100%. Grade school collections were \$44.85, High school \$60.65 and faculty \$31.

Importance Of Press Cited By Legislator

WASHINGTON, March 4—The nation's newspapers were hailed today by Representative Halleck (R-Ind) as "one of the most essential and vital factors in the winning of the war."

In a speech in the House the Indianan assailed "bureaucratic" critics of the press, asserting that "they are self-anointed, but if I were to choose between the bureaucrats and the newspapers for a guardian of the rights of men, I would unhesitatingly choose the newspapers."

Halleck called on Congress not to tolerate any "carelessness and groundless opinions" on the part of those who drafted regulations restricting the use of newsprint.

"If there are some whose animosity leads them to attempt to destroy the newspapers which stand between them and their goal let us seek them out and render them harmless," he added. "For when you destroy the newspapers, you destroy one of the most effective internal implements of war and of peace which this nation possesses."

VISITORS FROM DENVER

Mr. and Mrs. John Mackenzie, accompanied by John Mackenzie, Jr. and Mrs. Foster Carey, all of Denver, Colorado, were guests of Mr. and Mrs. M. J. Reilly, at the Matador Ranch headquarters, during the past week.

ARRIVAL ANNOUNCED

Mr. and Mrs. Vernon Craven of Bartlesville, Oklahoma, former Matador residents, are announcing the arrival of a son, John Arvil, who was born March 4.

ATTENDS CONFERENCE

Rev. M. B. Carroll, pastor of the Baptist church, together with Mr. and Mrs. R. E. Campbell, Mrs. D. P. Keith and Mrs. Clarence Kifer attended monthly Conference of the Floyd County Worker's Association, at Whiteflat, Tuesday.

CHANGES POSITION

Tom King, who was formerly cook at Bob's Cook Shack, has accepted a similar position at the Magnolia Cafe, made vacant by the resignation of Elbert Leonard, who plans to return to California.

Two Senators Urge Research For New Uses Of Cotton

Continued research for new uses of cotton and cotton-seed is being strongly urged by Senators George Moffett of Chillicothe, and Marshall Formby of McAdoo and Plainview, both of whom successfully sponsored similar legislation two years ago.

Moffett is Chairman of the Agricultural Committee in the State Senate, and Formby is a Member of the Committee.

Considerable research has been done in the laboratories of Texas A. & M. College, Texas Tech at Lubbock, and the University of Texas, during the past year, and considerable headway has been made in finding new uses for cotton and cottonseed.

As a result of this research, it may soon be possible to feed hogs and poultry unlimited amounts of cottonseed meal, something which has not been thought safe in the past.

At Texas Tech encouraging progress has been made in the direction of discovering uses for the

cotton fiber in connection with the manufacture of synthetic leather, insulating materials, wallpaper, etc. Also experiments are being made in making plastic building materials out of cotton burrs.

At the University of Texas a process of chemically treating the cotton fiber has been developed whereby the strength of the cotton yarn is increased by approximately 40%, thereby making West Texas short staple cotton equivalent in spinning strength to Mississippi Delta cotton.

Moffett and Formby are requesting the present Legislature to continue appropriation for this deserving research work. Both pointed out that if these experiments had been in progress for the past twenty years, there would be no surplus of cotton lint on the market today.

NATION VISITS MUSEUM

CANYON, March 6—Despite the difficulties of wartime transportation, every state of the United States except three is represented in registration at the Panhandle Plains Museum here. The three which have not furnished visitors are Mississippi, Wyoming, and Utah.

THANKS FROM 240 MEN

"The wonderful work that the Red Cross has done in the past thirty days by furnishing moving pictures for this Battery is beyond words to describe. We have been at this outpost for many months and the men have been able to get into town about once every three months. Since the advent of the moving picture, the morale of the men here has increased one hundred per cent. Will you please accept the heartfelt thanks from some 240 men for your great contribution towards giving them this recreation."

MILEAGE RATION

3 letters spelling ACID

Your engine's cylinders can't stop empty. They'll either load up with fresh raw gas when you shut 'er off, or get caught with stale burned gas they can't belch out.

In those useless leftovers are corrosive acids, trapped in the engine you can't replace—along with moist "sweat" as the interior cools. Any chemistry freshman knows these causes of biting corrosion, always present—long before wartime. But when your car was infrequent use, at speeds that thoroughly warmed the engine, it helped to offset the worst acid effects. How different today, when mileage, speed, and average engine heat are all down—giving acid its chance to run riot!

You can't open the engine and keep sponging out any acids or other moisture, while your car stands little used nowadays. But without extra fuss or extravagance you can change to Conoco Nth motor oil and get your engine internally OIL-PLATED.

You're familiar with anti-corrosive plating...like chromium-plating. Just as closely, this protective OIL-PLATING will be kept surfaced to delicate parts by advanced synthetic means—as described in the celebrated patent on Conoco Nth. Though your gasoline-nationed car makes few runs, you can combat corrosion between times. For you can keep your engine OIL-PLATED by changing to Conoco Nth this Spring at Your Mileage Merchant's Conoco station. Continental Oil Company

FORMER RESIDENT MARRIES RECENTLY

Word has been received by friends here, advising of the marriage of Miss Jimmy Lee Guthrie, formerly of Matador, to Staff Sergeant Merton I. Crist, of the Amariillo army air field, in a ceremony performed at dusk, Saturday, February 20 in the home of a Plainview Methodist pastor, the Rev. Reed.

Attending the ceremony were the bride's father, L. W. Guthrie of Plainview, her brother and his wife, and a couple from the Amariillo field.

Mrs. Crist wore a powder blue two-piece dress with a gardenia corsage, a matching blue off-the-face hat, black patent pumps, and white gloves.

She is a graduate of Seymour high school, where she was for four years her class favorite. As a senior she was basketball queen and a member of the annual staff. She is a freshman at Hardin-Simmons University, and is majoring in business administration.

Sergeant Crist's home is in Floodwood, Minn. He graduated from the University of Minnesota, and was employed in the Ford plant before his induction in the Air Force two years ago.

Mrs. Crist will join her husband in Amarillo in June.

BOOK REVIEW NETS COMMENDABLE SUM

Proceeds of the Book Review sponsored Tuesday night by El Progresso Club amounted to \$22.90 from which \$3.00 for expenses were deducted, leaving \$19.90, according to Mrs. U. L. Wille, president of the club. Proceeds will be used in maintenance of Matador City Library, which is sponsored by the study club.

Mrs. Leonora Luckett, reviewing the book, "The Drivin' Woman" by Elizabeth Pickett Chevalier held the unwavering attention of her audience throughout the program, and those who heard her, declared it to be one of the best reviews they had ever attended.

Several choral numbers were sung by students of Matador High School, under the direction of Mrs. G. E. Hamilton, preceding the book review.

W.S.C.S. TO HOLD WORLD PRAYER DAY FRIDAY AFTERNOON

The Woman's Society of Christian Service of the Methodist Church will hold a World Day of Prayer, tomorrow (Friday) afternoon, at the church from 3 o'clock until 4 o'clock, it was announced at the meeting Monday afternoon.

All the ladies of the church are especially urged to be present, and a cordial invitation has been extended the Baptist W. M. U. and all other women of the community to attend this meeting and help pray for World Peace.

Mrs. H. H. Schweitzer will be leader of the program, as follows: Prelude, Song; prayer; Introduction; "With All My Mind"; Song, prayer; "With All My Heart"; Song; poem; "With All My Soul"; special song, prayer; "With All My Strength"; song; offering; closing Prayer.

Group Meets Monday The Society met Monday afternoon in the home of Mrs. G. E. Hamilton, with Mrs. M. O. Johnson leading the program and Mrs. J. R. Whitworth conducting devotionals.

Last of the keys were presented to the officers by Mrs. Schweitzer, president. These included the "Key to the Bank," to Mrs. Lewis Eudy; "Key to the School Room," to Mrs. W. B. Swim. This key is used jointly by the secretary of children's work and Young People's work; "Key to the Alarm Box," to Mrs. Harry Willett; the "Duplicate Key" office of supplies to Mrs. R. P. Moore. Each one in turn explained the office of her key. This made up the "Seven Keys to Progress" which are the "Keys to the Kingdom," it was explained.

Mrs. Johnson brought some thoughts on the Student's Work, and Mrs. A. J. Daffern told the story of the "Emmaus Road."

Announcement was made of a Zone meeting to be held at Dougherty, next Tuesday, March 16, at 10:30 a. m. and the general meeting of the society which will be next Tuesday night at 8:15, at the church.

Ladies present Monday, in addition to those on the program, were: Mesdames J. L. Moore, F. M. Jenkins, Homer Sheats, and Miss Zona Ruth Scaff.

Baptist Women To Do Quilting Mon.

An all-day meeting of the Baptist W. M. S. will be held Monday, March 15, for the purpose of quilting, it was announced this week. Covering to be quilted has been pieced from scraps from the Red Cross sewing room, and it is estimated that six quilts will be realized.

Women of the Methodist church and all other women of the community interested, are extended a cordial invitation to assist in the quilting. A covered-dish luncheon will be served at the noon hour.

To Pack Box For Home The W. M. U. is also reminded that the date set for packing the box of clothing for Buckner Orphan's Home, is Monday, March 22. Good, used clothing is desired, and especially boys clothing. Other items which are needed include sheets, 72x99, pillowcases, towels and wash clothes. The nursery is also in need of new supplies as follows: Clothing for children 2 to 6 years old; sheets, pillowcases, bedspreads and blankets for children's beds; also toys, books and pictures for children of all ages.

Burleson Circle Meets The Burleson Circle met Monday afternoon with five ladies present. Mrs. R. E. Campbell taught a Bible lesson from Deut. 15-21. Others present were: Mesdames G. S. Craven, Ed Cammack, L. Rattan and Clarence Kifer.

Mrs. Henry Goodwin and Mr. and Mrs. Drue Byrd of East Afton were business visitors here Tuesday.

Mr. and Mrs. Maurice Campbell of Floydada, visited here Monday.

Mr. and Mrs. A. D. Williams, who recently moved to Lorenzo, visited friends here Monday.

Mrs. W. M. Vaughn, with Pvt. and Mrs. Troy Vaughn, visited in Lubbock Monday.

Mr. and Mrs. R. J. Harmon and daughter, and L. W. Harmon spent the week-end visiting relatives in Paducah.

C. G. Bridges, who now lives in Clovis, N. M., spent the week visiting in the home of Mr. and Mrs. Jack Hall.

Mrs. J. F. York is rapidly improving after a major operation, Tuesday in Lubbock General Hospital. Mr. York, who has been with her, returned Sunday.

Miss Joyce Thacker, Tech student from Lubbock, spent the week-end visiting her parents, Mr. and Mrs. M. S. Thacker.

Pvt. and Mrs. Troy Vaughn are here visiting their parents, Pvt. Vaughn is in training in Pampa, and Mrs. Vaughn has been employed in Houston.

Pied 'Pinions BY MR. S. M.

Any evidence of gratitude for an act performed, either as a favor or in fulfillment of duty, has no parallel. I recently heard a man say of a customer, "The expression on his face would have been compensation enough, even though he might never pay for the services rendered."

Mrs. Mary Whatley Clarke, editor and publisher of the Palo Pinto County Star, outstanding newspaper woman of the state, has a daughter, Mary Dunbar, who is following closely in her mother's literary footsteps. Mary Jr., journalism major at Texas Tech, authorized this thought: "The stars are only moonlight and dew beaten together by atmosphere and rolled out on nite's dough-board, to be shaped into gleaming, twinkling lights in the abyss of darkness."

If the present buying spree of Mrs. American Citizen continues, clothes rationing will not be necessary, because there won't be anything left to ration.

And speaking of rationing, did you hear the I.Q. broadcast recently when a definition of the word "Ration" was asked for; instead of the commonly accepted meaning of curtailment, it was disclosed that the actual meaning is to share. A little bulletin "War Work—the Second Year," just published stresses this fact: "We, as a nation, are free today to choose our way to fight to maintain our individuality, our freedom. We choose to impose upon ourselves regulations that change and restrict our customary way of living. We choose this way, because we know it is best for all of us that we divide fairly the supplies we have among all who need them. It is only fair for all to share and share alike. Sharing—rationing—is something new for most of us. The homemakers of America have a great responsibility to make it work; today, even more than a year ago, the Homemakers of America must do this job."

The resourcefulness of children has no equal. I recently learned that, undaunted by the shortage of candy, since the war, local youngsters have been buying cough-drops instead! Over-shadowing my admiration for their spirit of acceptance, and the acknowledgement that one mother was right when she pointed out that children eat too many sweets anyway, is a secret sorrow I have for a childhood deprived of such a little thing as candy.

A poignant description of human emotion is contained in the February issue of Texas Parade, published by the Texas Good Roads Association, in the column, "Friend Jasper" (The Chaparral Philosopher) by J. H. Briggs. He writes of a telegram he delivered to "Jasper" for the latter's hired hand, Pedro, from the War Department, advising that one of Pedro's boys had been killed in action.

"Pedro went to his heels and squatting there, looked into the fire. He sat motionless for a while and then he reached into his shirt pocket and taking out his tobacco sack slowly and deliberately rolled a cigarette, still staring into the fire. . . . We knew what was going through his mind. Which boy?"

Was it Juan or was it little Pedro? as long as he stared into the fire and did not ask, both were alive. When he asked, one died. He rose to his feet and said, "It is—" and then stopped. He would not name one boy before the other.

"Perhaps the thought should not have come to me but I thought how to the individual who received the blow it was not softened though it struck American, English, German or Jap. A boy is a boy and a heart is a heart anywhere."

Matador, Texas
Dear Sir:

Just a word to express my sincere appreciation to you for sending me the local paper. It certainly seems good to be able to keep posted on events of importance in Motley County and to read about my many friends and their actions at home.

I am certain that other fellows in the service must also appreciate this courtesy a great deal and I should like to say thanks both to you and to the people who are contributing towards the fund that makes this possible. Please find my own small contribution to be used to continue sending the paper to Motley County boys in the service.

Please change the mailing address of my paper to the above. Thanks again.

Sincerely,
George D. Stapleton

Childress Army Bombardier School Seeks Machinists

A call for experienced machinists to work at the Sub-Depot of the Army Air Forces Bombardier School at Childress has been issued by Capt. Myron S. Huckle, head of that department.

"Persons who have had several years experience on lathe, milling machines, shapers, drill presses, and so forth, and who live within a radius of fifty miles of Childress should follow the advice of the War Labor Board and contribute to the war effort by putting their skill to work at the sub-depot here," said Capt. Huckle.

"Those with other mechanical backgrounds in addition to those mentioned above—such as work on farm tractors, diesel oil field machinery, equipment—are also invited to apply to him at 361st Sub-Depot, Childress, or telephoning here immediately.

The sub-depot commandant pointed out that only those persons are outside the Selective Training age limits of 18 to 34 who are not subject to the draft for physical or other reasons should be hired.

"Pay while training, motions and good salaries experienced men constitute an extraordinary opportunity for training aviation ground crew," Huckle declared. "This field in peacetime has expanded rapidly through depression and promises greater than ever before."
