## Model 'Paper' Horse Placed in Museum

CANYON, Nov. 26—A paper-mache horse, having real hair, mane and tail and appearing so realistic that most persons are deceived at first glance, has been placed in the Panchard-Plains museum here.

The gift came from J. Martin Crews, Childress banker.

From 1907 until recently, the model horse was used in the display of harness and saddles at an implement company store in Childress. It is sturdily made on a wooden base and is mounted on the main museum floor near the startlingly realistic statue of Fred Scott, oldtime cowboy, the horse makes an effective display. The saddle shown is the first made in Amarillo. This was built for John Arnot. The bridle, of black and white horse hair, was made by J. A. ranch, about 1883. Campbell hired a Mexican to make a hair bridle for Mrs. Campbell, then plaited one himself as he watched the Mexican work. The blanket, a Navajo, is from the Susan J. Allen collection.

The "horse" was made by a Canyon with elevators, where people tell each other that the rest of the nation is incidental. His knowledge of the cowboy will not allow anything but polish on boots.

Charlie, an regularly grateful that trains and planes between New York and California, make it convenient for the commuters to use through tickets. To feel mighty uneasy if they should shake one out of the plush into the Panchard. We would be forced to start dipping the cattle again.

## Writes New Book

As funny as Irvin Cobb's "Speaking of Operations" or Ellis Parker Butler's "Pigs Is Pigs"—that's what reviewers are saying about Boyce House's new book, "How I Took Hollywood by Storm," a Southwest-wood by storm, which is based on his observations while helping make the big moving picture, "Boom Town."

House, of Fort Worth, is known to hundreds of thousands through his Sunday radio programs and his column "I Give You Texas." "How I Took Hollywood by Storm" is pocket size, sturdily bound, and is just the thing for a Christmas gift for young or old and it would give a lot of chuckles to a Texas soldier off in camp somewhere.

## The 9 Billion Dollar Victory Loan Drive Is On!

This week the United States Government begins the task of borrowing nine billion dollars from accumulated savings and idle funds in the next several weeks as an essential part of winning the war more quickly and more completely.

During these critical weeks you probably will be visited by a representative of one of the securities firms or banks which are contributing their time and effort—without compensation of any kind—to the Victory Fund Committee. He will explain to you, for instance, the benefits that you can obtain from the new Victory 2 1/2's—available for the first time. Welcome him as a war worker when he calls. If you miss him, ask your banker or securities dealer for full particulars. There is no limit to the amount that you can purchase.

Today many American families are torn apart. Millions have left their homes or their jobs; thousands have given their lives and many more are prepared to do so.

But the government, your government, is not asking you to give anything to this Nine Billion Dollar Drive. It is asking you to lend it all of the money you can possibly invest in what is the safest investment in the world—at a good rate of interest.

When the Victory Fund representative calls, please remember this: it is in your own interest, as well as that of your country, to listen to him—and to invest.

**BUY THESE VICTORY 2 1/2'S NOW**

Twenty-six year 2 1/2% per cent bonds due December 15, 1968, callable December 15, 1965. Issued in coupon or registered form at the option of the buyer. Commercial banks will not be permitted to hold these bonds until ten years after the date of issue. There is no limit on the amount any eligible investor may purchase. Interest is paid semi-annually, June 15 and Dec. 15. The bonds will be sold in denominations from \$500 to \$100,000. In the event of the death of a holder, the bonds may be redeemed at 100% and accrued interest for the purpose of satisfying federal estate taxes.

Two series of shorter term obligations: (1) 1 1/2% per cent bonds due June 15, 1948, and (2) 1 1/2% per cent certificates of indebtedness due one year after issue. These securities are open for subscription by banks, and also by all other classes of investors, whether private, corporate or institutional.

Other Treasury Securities offered to investors through the Victory Fund Committee are Treasury Tax Savings Notes A and C, and U. S. Savings Bonds, Series F and G.

Although the play, generally accepted by New York wisecracks as "the most forceful and true-to-life one-act play in many seasons," is based upon contemporary times, the heroine is dressed in a style popular in the 1890's.

The play gets its name from the fact that the hero-prisoner is confined in a "basement cell," of which there are none in the Motley county bastille, and periodically through the theatrical nightmare shouts up through the bars at the people outside with a stentorian, "Hello Out There."

For the benefit of West Texans who are too busy with important things to keep up with playwrights and authors, Saroyan is a literary screwball with a strong dash of what some people call "temperament" and others call "pure idiotic cussedness." An Armenian, he probably knows less about the country between New York and Hollywood than a hawk knows about a sidesaddle.

Many thanks, Charlie, for the information and your comments. I cannot think of anything less deserving a reply than this art-abortionist's abuse of my native Matador.

### Mr. and Mrs. J. S. Lambert Honored In Celebration Of Golden Anniversary

Mr. and Mrs. J. S. Lambert were honored Sunday afternoon at an open-house reception in the home of their daughter, Mrs. Henry Ford, when friends called to extend congratulations on the eve of their golden wedding anniversary.

Guests registered in a white satin covered book, in the form of a bell, with a white satin ribbon across the face bearing the line, "Lambert, 1892-1942," lettered in gold. Golden-hued chrysanthemums decorated the house.

A three-tiered wedding cake, artistically decorated with baskets, topped by golden colored roses, and two miniature love birds, was the central object of attraction, and formed the centerpiece for the dining table, which was laid with a lace cloth. White tapers burned in crystal branched candelabra at either side of the cake.

Tea was served by Mrs. D. E. Pitts, and coffee by Mrs. J. R. Whitworth, from silver services. Squares of cake were served with the beverages.

#### Married In Callahan County

Miss Virginia Theford and Joseph S. Lambert were married December 7, 1932 at Scranton, Texas, in Callahan County, and moved with their family, to Motley county in 1931, from Coke Matador.

They chose a homestead in the north part of the county, with only one other family for neighbors. Their home, like all others of that era, was a half-dugout, until a time when lumber was hauled from Childress, thirty miles away, for a house.

Their postoffice was at Northfield, about 10 miles distant, and the nearest doctor lived at Matador, twenty-five miles away. When an emergency demanded his presence, word had to be conveyed by horseback.

In their isolation, communication with the outside world was infrequent, and social contact was maintained by the arrival twice a month, of a visiting preacher.

"The Sundays when we had preaching were the happiest and most exciting events in our lives," Mrs. Lambert once declared in reminiscence, "and the children looked forward to them as they would Christmas."

After several other families, including the G. W. Seiglers and the Charlie Harpers had settled in the neighborhood, it became the custom to hold Sunday School during the afternoon, with everyone remaining at one home for supper, which was followed by an evening of singing.

The late Rev. C. D. Pipkin, Methodist preacher, and the late Rev. W. H. Rattan, Baptist, alternated in holding the preaching services, with Rev. Pipkin and his family arriving on Saturday to be over-night guests of the Lamberts. Mr. and Mrs. Seigler, Baptists, always entertained the Rattan family on his Sundays there.

#### Move To Matador

Although a school was maintained in the Lambert community, first in a dugout located across the Pease river, and later in a school house, Mr. and Mrs. Lambert moved to Matador in 1909 in order to send their children to school here. They built the home in which they still live, in north Matador.

Their oldest daughter, Ollie, died in 1914 while attending Clarendon College at Clarendon, and in addition, to Mrs. Ford, they have one other daughter living, Mrs. Tex Litteral of El Paso.

Mrs. Lambert was born near Gainesville, Arkansas, and came with her parents to Texas, when she was 16 years of age. Mr. Lambert is a native Texan, having been born at Granbury, Hood County. He has been re-elected to serve his sixth consecutive term as County Commissioner of Motley county, evidence of the esteem and confidence which his friends and neighbors have for him.

#### SUNDAY GUESTS VISIT IN L. B. ARCHER HOME

Mr. and Mrs. L. B. Archer had as dinner guests in their home recently, Miss Gladys Marie Ross of Lubbock, her father, Alvin Ross of Turkey, her grandmother, Mrs. B. F. Turner, Frances Jones and Mr. and Mrs. R. M. Morris and family all of Flomot.

Visitors who called during the afternoon included Mr. and Mrs. Leland Jinkins, Mrs. Joe Lancaster and daughter, Palma, Mr. and Mrs. T. W. Turner, Mrs. R. I. Thomas and baby, of Flomot; J. L. Lee and son Roscoe.

The occasion was in honor of Miss Ross, who plans to leave soon for Albany, Georgia.

Mrs. W. R. Dirickson, Mrs. Joe Gaines and Miss Paula Patton, were shopping in Plainview Friday.

### COUNTY ATTORNEY MARRIES SATURDAY

Miss Mary Dell Frazier of Paducah, Texas, and Howard C. Traweck, Lieutenant, J.G., in the U. S. Navy, and County Attorney of Motley county, were married Saturday, December 5, in a ceremony at the Methodist parsonage at Paducah, by the pastor, Rev. J. H. Crow.

Following their marriage, the couple stopped for a brief visit in Matador before continuing to Lubbock on a short wedding trip.

Mrs. Traweck is the daughter of Mr. and Mrs. H. M. Frazier of Paducah. She is a teacher in the Paducah High School, which position she will resign the first of January when she will assume her duties as County Superintendent of Cottle County schools, to which place she has been elected. She has her degree from North Texas State Teachers College, Denton.

Lieut. Traweck, the youngest son of Dr. and Mrs. A. C. Traweck Sr., was born and reared at Matador, and following his graduation from this high school, he attended San Diego State College, at San Diego, California, later transferring his credits to Texas Technological College, Lubbock. Upon receiving his B. A. degree from Tech, he enrolled at the University of Texas, Austin, law school, receiving his LL.B. in 1938.

Upon his return to Matador, he was appointed to the office of County Attorney, to which office he was again re-elected this year.

He enlisted in the United States Navy the past spring and reported for duty in March, as third class petty officer at the San Diego Naval Training Station. On the 17 of November he was sworn in as Lieutenant, Junior Grade, and after a furlough visit with his parents here, and his subsequent marriage, left Monday for Princeton, N. J., to report for officer's training at Princeton University.

Lieut. Traweck was accompanied to Amarillo Monday, by his wife and his mother, who returned home Tuesday.

### Patton-Carpenter Rites Performed

Miss Marguerite Patton, daughter of Mrs. Edna Patton and Sgt. Rudolph Carpenter of the Army Air Corps, son of Mrs. Lula Carpenter, both of Matador, were united in marriage in a ceremony performed at Plainview, Texas, Tuesday, December 8.

The bride was reared here with the exception of a few years when the family resided at Quanah, where she graduated from high school. After returning to Matador to make their home, she was employed at the Matador Variety Store, and for the past several weeks was employed as bookkeeper for the Phillips 66 service station.

The bridegroom, who is stationed at March Field, California,

grew to manhood in this community and is a graduate of Matador High School. He is with the 27th Bomb. Sqdn. of the 30th Bomb. Gr., and has been visiting his mother and sister here during the past week, while on furlough.

The young couple left Wednesday afternoon for California, where they will make their home

while he is stationed on the west coast.

#### ATTEND TEACHERS MEET

A group of teachers of the Baptist Sunday School, together with the pastor, Rev. M. B. Carroll, drove to Floydada Tuesday evening to attend a district Teacher's Meeting, at which several state leaders were present. Others mak-

ing the trip included R. E. Campbell, S. S. Superintendent, Mrs. Campbell, and Mesdames Vernon Doss, Bill McCaghren, Edith Sanders and Claude Wilson.

Mrs. George Springer returned home Sunday morning from Montrose, Colorado, where she was called recently at the death of her mother.

Mr. and Mrs. J. D. Crane a business trip to Lubbock day.

Mrs. E. F. Springer returned home Sunday from San Antonio where she has been visiting sisters, Mrs. Tom Harris and Mary Martin. Mr. Springer to Childress to meet and pany his wife home.

**Marriage Rites Performed Friday**

Miss Gartha Glenn, daughter of Mr. and Mrs. C. B. Glenn of Roaring Springs, and G. T. Bird, son of Mr. and Mrs. G. D. Bird, of the Bird ranch, were married Friday morning, December 4, in the pastor's study of the First Baptist Church, Plainview, by the pastor, Rev. Reavis. The bride wore a pink crepe dress with black accessories. The only attendant was the bridegroom's mother. . . . Following the ceremony, the couple continued to Amarillo for a short wedding trip, returning home late Sunday evening. . . . Mrs. Bird was reared at Roaring Springs, and graduated from high school there in 1940. She has been employed at Matador since May, coming here to accept a position in the office of the local draft board. She has been employed in the office of County Judge W. R. Cammack, since the latter part of July. . . . Mr. Bird was reared on the Bird ranch, and attended school here. He is employed by the Matador Land and Cattle Company, and the couple will continue to make their home here.

**Tire Applications . . .**

(continued from page one) Regarding applications for truck tires, Mr. Pitts, declared, "When application is made for truck or commercial vehicle tires, owners must show their complete tire inspection report, the same as on passenger cars. If owner cannot show that he has complied with regulation and kept his report up to date, the application will be refused. It is a violation of the law to drive a truck or passenger car tire beyond the point of recapping and gasoline rationing book may be revoked. All passenger cars must have tire inspection not later than February 1st. All passenger cars allowed more than basic rationing (240 miles per month) must have tire inspection each 60 days, with no two inspections closer than 30 days." . . . He also explained that new applications for passenger tires must have inspection records attached. All owners of War Necessity vehicles must present certificate with application for tires. . . . Mrs. Pat Sheridan visited in Quanah Sunday, with her cousin, Mr. and Mrs. S. J. Bailey.

**Yuletide Decorations Displayed**

Despite anxiety, wars, rationings and shortages, the festive Yuletide spirit arrives regularly to bestow its cheer on weary mortals. . . . Except for the absence of excess Christmas lights, most Matador places of business are decorated with gay windows, filled with attractive merchandise. Many items are absent but there is still a bountiful assortment from which to select gifts. . . . Two large candies have been arranged at the door of the Matador Baptist church, product of Rev. M. B. Carroll's ingenuity, attracting all who pass on south Main street. Many Matador homes display Christmas lights and decorated trees, while others have a garland-light in a single window. . . . Local stores are selling Christmas trees almost as rapidly as they can secure them. Gift stores report unusually heavy sales of merchandise much of which will be sent to men in camps in advance of the Christmas rush which the Post Office Department has predicted will exceed all previous records, and resulting in much delay. . . . Lubbock visitors Friday included Mrs. G. S. Craven, Mrs. J. D. Craven and daughter Rachel, Mrs. Alvin Stearns, Mrs. Claude Wilson, Mrs. J. S. Stanley and Mrs. L. J. Barkley.

**E. DOBKINS RITES HELD AT LUBBOCK FRIDAY AFTERNOON**

Funeral services for Elgin Dobkins, 66, who died at 12 o'clock noon Thursday at his residence at the edge of Lubbock on the Tahoka highway, were conducted Friday afternoon at 3:30 o'clock at the Calvary Baptist Church, with Rev. C. J. McCarty officiating. He was assisted by Rev. A. W. Welch, pastor of the church. . . . Death was attributed to a heart attack which struck as Mr. Dobkins was on his way home after having driven his daughters to their work in Lubbock. Stopping at a service station, he requested an attendant to drive him home, and before his physician could reach the house, at Mrs. Dobkins' summons, he had passed away. . . . Mr. Dobkins owned gins at Roaring Springs and at Glenn, in Dickens county, but due to ill health, had retired from vocational activities this fall. He had sustained a severe heart attack two years ago which had confined him to his bed for several months, and had never fully regained his health. . . . Mr. Dobkins was born at Gainesville, Texas, July 14, 1876, and had lived in this vicinity since 1928, moving to the former Dobbs City community in Dickens county. He conducted his business affairs at Matador, and was well known among the businessmen here. . . . Tank Car Substitute

A method for converting ordinary box cars to carry liquid cargoes, such as gasoline, oil, etc., has been offered by a Chicago inventor, Mark J. Fields, as a solution to the tank car shortage.

Fields' invention was demonstrated in the Santa Fe Railway's yards in Chicago before a group of railroad and government officials, who expressed optimism over the idea.

His box car-to-tank car conversion scheme consists of dividing an ordinary box car into four compartments by means of wooden bulkheads. In each compartment, a canvas container, treated on the inside with a DuPont rubber synthetic, Faraprene, is suspended by

means of a series of pulleys and ropes. Each tank has a 4-inch intake and a 4-inch outlet and may be filled and emptied simultaneously, which makes for speedy handling.

Each of the canvas bags has a capacity of 2,500 gallons of liquid or a total of 10,000 gallons for the four containers. This is equal to the capacity of an ordinary tank car. The car in which the test was made was an 80,000-pound capacity car.

Among those attending the demonstration were O. L. Gray, assistant to the operating vice president, and E. E. Chapman, mechanical assistant, both of the Santa Fe.

\$500 IN STOLEN GOODS COMES OUT OF BOOT

BROWNWOOD, Texas, Nov. 28—Sheriff Earl Stewart of Brown county and his deputies have more than \$500 worth of new merchandise for somebody. They came into possession of the merchandise by looking in a boot.

The boot was worn by a drunk who had served out his fine and was about to be released from the Brown county jail. A deputy questioned the drunk and found a harmless love letter folded in a handkerchief. He continued the investigation then.

In a slit beneath a boot-strap was found a small piece of paper. It was from an escaped Texas convict, directing a friend to pay an Abilene land lady \$2 and remove some luggage from a room he had rented.

Sheriff's officers found five new pieces of costly luggage loaded with a variety of merchandise, including three new suits, twenty-five leather bill-folds, numerous pen and pencil sets with \$15 to \$25 price labels, thirty ladies' compacts priced up to \$15 each, several \$15 and -20 electric razor sets, and many other items.

Women AT WAR

Betsy

The little girl tugged gently at her mother's sleeve.

"Now, Mother?" she asked. "Now can't we write my letter?"

"Why of course, Betsy," Mrs. Carson grinned. "Are you going to write it or am I?"

"Well," Betsy said. "Maybe you'd better kind of say it to me. Only I'd love to write it."

"All right, then, Miss Carson, take a letter," her mother said, walking slowly up and down the room. "Ready? Dear Mr. Morgenthau: The way I save money for War Stamp buying is to steer all the small household jobs to-

ward my daughter, who is eight years old. She is so keen about buying War Stamps that I know all the money I might have paid to someone else for doing the jobs will go toward Victory when paid to her."

"Now make a list, Betsy. Windows washed, 60 cents. Apples picked from under the tree, 25 cents. Emptied trash cans, 4 cents. Sold string beans from the garden, 15 cents. Sold strips of spoiled film to children for sun-gazing, at one cent a yard, 20 cents. Total, \$1.24. Yours helpfully, I hope,"—and then I'll sign it at the bottom."

Betsy was puffing like a gramophone from her labors. The tall, painstaking letters tottered bravely across the sheet of paper. Gravely Mrs. Carson took the pen to sign.

"Mother, would it be the proper etiquette if I signed it too?"

"Perfectly proper, I think," Mrs. Carson said without a smile, and handed the pen back to Betsy.

Many New Workers Entered By Social Security In Area

LUBBOCK—From January to October 31, 1942, a total of 9172 new workers entered employment in the Lubbock area of the Social Security Board. The area includes the counties of Bailey, Lamb, Hale, Floyd, Motley, Cottle, Cochran, Hockley, Lubbock, Crosby, Dickens, King, Yoakum, Terry, Lynn, and Garza. These figures are based on the number of new social security account numbers issued by the Lubbock office of the Board according to a statement by John D. Palmer, manager. However, it was explained, this number does not represent the total of new employees since many workers employed already had account numbers.

In addition to the issuance of almost 10,000 account numbers to new employees within the ten-month period, the Lubbock office issued a total of 2872 duplicate ac-

count numbers who, through accident, had cards.

What You Buy With WAR BONDS

The 155-millimeter gun is the modern version of the old "GPF" of World War I days. It has a range fifty percent greater than the old gun, heaving a 95-pound projectile approximately 15 miles. It is capable of high road speed and each one costs \$50,000.

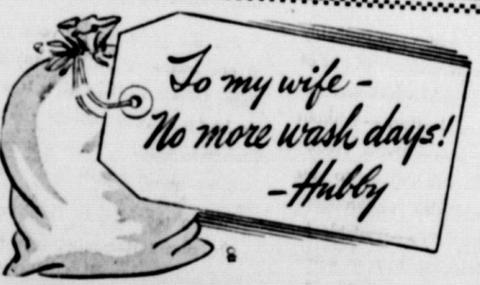

Arsenals of America are working at terrific speed turning out this long range, effective weapon for our armed forces. You and your neighbor working hand-in-hand in unity can make possible the purchase of an adequate number of these guns by buying War Bonds. Put 10 percent of your income in War Bonds to help reach your county quota, every day.

The 'lectric train that wasn't the

SOME things are hard to understand—even when you're grown up under the Christmas tree this year.

And grownups will understand why there isn't the usual supply of electric appliances which in the past have made such swell Christmas gifts.

It dates back to a Sunday morning—December 7, 1941. Since then the wonderful electric train, with its light and whistle and all the bright shiny cars, has gone into guns, planes, tanks and ships.

And the factories that used to make electric refrigerators, stoves, sweepers, radios, irons and the like all are doing war work.

In our showrooms are a few small appliances that may be given as Christmas gifts. But, before buying, be reasonably sure they are needed.

The electric power which drives tiny trains for boys like Jimmy also is helping to drive the massive machines that make tanks, guns, bombers and ships.

But we planned ahead, and made certain that West Texas had plenty of power. Today every war plant—light and power, whenever and wherever needed.

This great abundance of electric power, under the American system of free enterprise, means production—and production in this modern-day war means Victory. Then the real Christmas will come again... and Jimmy will get his 'lectric train!

# In the Armed Service

After several weeks of anxiety, members of the Joe Meador family, as well as other relatives, are now made happy upon receipt last week of a letter from their son and brother, Joe B. Meador, T-5, advising that he is well. He wrote, in part:

"Dear Folks:  
Well this finds me fine and I surely hope the same for all of you. I am now in a new place, Northern Africa. It is sure swell here. We have had fresh fruit such as tangerines. The climate is about the same as home. I have a lot of fun with the natives here... most of them speak Spanish.  
Love,  
Joe."

We'll wager if anyone is having any fun out of this war, it would be this little guy, and if he doesn't negotiate a trade with the natives to "swap" one of these west Texas Pease river bridges for the sphinx or one of the pyramids, we'll be greatly surprised.

E. P. (Paul) Fuller, T.M. 3-c, of the U. S. Navy, writes to advise that he is now located at Treasure Island, California. "I certainly appreciate the paper, and the effort put forth by you, your staff and the good people of Motley county, who are helping to make the sending of it possible. I send my best wishes to all my friends in Motley county.

Your friend,  
Paul Fuller.

## Contributions To Free Subscription Plan Are Generous

The spirit of generosity which predominates the lives of West Texas residents, is reflected this week in the voluntary contributions to the Tribune's plan of sending free subscriptions to our boys in the armed service.

Despite a considerable increase in "new names" added to the list, much of the actual price of the

subscriptions has been paid by contributions. Two contributions are from men in uniform.

The Tribune desires to make this announcement: Anyone may contribute to the subscription plan but men in uniform are not expected to make donations. The Tribune is being paid for by the people back home. Men in service owe nothing, nor is there any obligation to write. We appreciate the letters but the Tribune is paid a hundred-fold in the knowledge that its weekly visit brings even a small amount of pleasure into your lives. If you, or some of your relatives or friends requested the Tribune sent to your camp or station, we feel that it is welcome. You will continue to receive it every week so long as it is possible for the publisher to buy paper and ink.

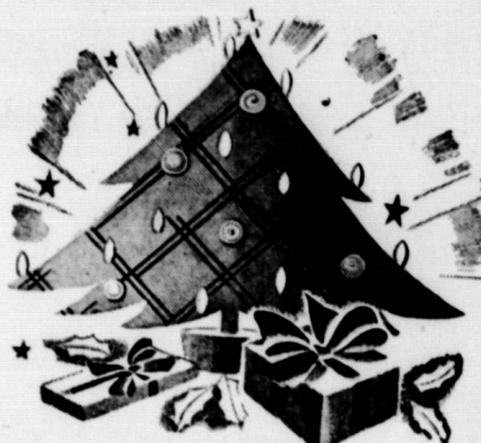

We gratefully acknowledge the following unsolicited contributions received during the past week: F. Z. Martin (Whiteflat) \$1, L. L. Terry, 50c, L. A. Carlisle \$1, Mrs. L. E. Cooper (Roaring Springs) 50c, W. A. Campbell (Roaring Springs) \$1, Tom G. Tilson \$2, Pvt. Alvin N. Merrell \$1, Lieut. Howard Trawick \$4, Homer Sheats, \$2, Henry Thompson \$2, Henry Pipkin \$1.
