War Bond Quota \$104,000

War Finance Committees From Five Counties Attend Childress Meeting

WAR BOND QUOTA for Motley county is \$104,000 for the month of April. Announcement was made at Childress, Tuesday afternoon, when War Finance committees from Collingsworth, Motley, Cottle, Hall and Childress counties met in the Chamber of Commerce building at 1:30 p. m. The meeting was called by Charlie Ware, Chairman of the Amarillo region for War Bond sales, who was accompanied by George Benson of Lubbock, vice-chairman and C. M. Smith of Plainview, regional manager.

Motley county was represented by members of the combined Victory Fund committee and the War Bond sales committee. Those attending included G. E. Hamilton, E. C. Stearns, T. B. Edmondson, W. L. McWilliams (Whiteflat), C. D. Bird, Ralph Stapleton and H. S. Gilbert of Flomot, Mrs. A. J. Matlock and Walter Bain of Northfield, Melton Thacker and John Meason of Roaring Springs, Douglas Meador and Mrs. G. E. Hamilton.

National Goal 13 Billions
Mr. Benson explained that the national goal for the month of April has been set at 13 billions, with five billions coming from banks of the nation and eight billions from individual purchasers. Motley county's quota of \$104,000 is above the amount which will be subscribed by the First State Bank. The two national selling committees have been united only for the month of April and will resume their regular functioning when the quota has been achieved. The county's quota was the lowest named at the meeting. For comparison, Cottle county was given a quota of \$215,000, Potter county \$6,000,000.

Seven Issues Of Bonds

Seven different issues of bonds will be offered during the campaign, it was explained, with a suitable issue for every type of purchaser. All types of bonds sold to individuals (all bonds excluding sales to banks) will count on the county's quota. All sales made after midnight last night will be given credit on the quota. A new issue, "Income Tax Note," bearing 1.07% interest, issued for three years, may be used to pay income taxes after being held 60 days. Mr. Ware declared that in his opinion 90% of the sales would be the popular "E" bonds.

A complete system of organization for workers in the counties was suggested for the gigantic task assigned by the Treasury Department during the month of April. It was explained that no "high pressure" methods are to be employed and that under no condition is any individual or company to be urged to buy any stipulated amount of bonds.

Equal To Battlefront Victory

Mr. Benson explained, "We three have pledged our time, money and effort to the success of this challenge. We believe the people of the Amarillo region will over subscribe the quota assigned us and we are going to give each county every bit of support possible, but this drive is based on the patriotic spirit of American citizens. When the national quota of 13 billions is achieved it will be a home front victory equal to victory on the Africa front. To fail would equal failure in Africa. We know our fighters are not going to fail us and we know the American public will not fail them."

A Slogan for the 'April Drive'

A slogan for the "April Drive" will be: "Every man, woman and child in the county buy a bond during the month." Based on an estimated 4,000 population, it will require bond purchases equal to an investment slightly over \$25 from every man, woman and child in the county, to meet the April quota. Mr. Hamilton and Mr. Stearns expressed optimism regarding the drive, but both declared it will require the efforts of every citizen to attain the goal. Foreign, or out-of-county owned companies will be solicited to make purchases in the county which will be credited to the county quota.

Mrs. F. M. Jinkins left Friday

for Marlin, for a series of mineral bath treatments. She was accompanied by a cousin from Plainview.

Mr. and Mrs. N. M. Groves have

moved to Abilene to make their home, having purchased a business there.

Point Values Reduced On Some Food Items, While Others Are Increased

Starting Monday, fruit juices now require fewer of your blue ration coupons, while prunes and raisins will take none at all, the Office of Price Administration has disclosed through the release of April point values by the post office.

Point value of dried soups has been slashed 50 per cent, but more points are needed for canned beans, catsup, chili, sauce, tomato paste and sauce, applesauce, fruit cocktail, peaches and pineapple.

Fruit juice reductions range up to 60 per cent. These and the cuts on dried soup were made because the products were not selling up to expectations, officials have declared. Greatest reductions are on 46-ounce cans of juice. This size of grapefruit juice posted for 23 points in March, now requires only 9 points. A 46-ounce can of tomato or pineapple juice now requires only 22 points instead of 32 for March. The basic ration remains at 48 points a month a person. All A-B-C blue stamps expired at midnight last night. Blue

(Ration Book 2) stamps D-E-F are now valid for April purchases. Red Stamps In Use
Red (A) stamps became effective Monday with the nation's inauguration of meat rationing, including cheese, canned fish and edible fats and oils. Red (A) stamps are valid this week. The following week unexpired red A's plus the red B stamps will be usable, accumulating until the first four weeks' meat stamps expire together on April 30.

Matador markets reported little trouble in the customer's use of the new red stamps, although service was retarded in becoming familiar with new values and counting. One Matador market sold out of fresh meat late Saturday, and unusual sales were reported at the three markets. However all markets were well stocked Monday and no shortage was in evidence, except in ham and bacon.

Contributions For Servicemen Papers Are Continued

Generous support continues to be received for the Tribune's policy of sending the home newspaper to all Motley county men in the armed service. Despite the fact that new names are added to the men-in-service list each week, and that a continued increase of changes in addresses are received with each mail, contributions keep close to the actual cost of printing and mailing the papers each week.

The Tribune wishes to express sincere appreciation for the following unsolicited contributions received during the past week: Mr. and Mrs. Bob Echols \$5, C. C. Jones \$1, Harry Lee Morris \$1, H. M. Murphy \$1, Mrs. A. Freeman (Roaring Springs) \$1, Mrs. L. E. Cooper (Roaring Springs) \$1, Mr. and Mrs. W. H. Nichols (Roaring Springs) \$1.

Farm Women Expect To Increase Foods

American farm women assisted by the Farm Security Administration, who led the nation in the percentage of food increases last year, expect to give Uncle Sam more vital foods this year, according to Mary E. Workman, home management supervisor for the FSA in Cottle, Motley and King counties.

"Farm Security women throughout the nation canned more than 150,000,000 quarts of food last year, feeding their own families largely from home canned foods without drawing much from commercial supplies. This year, these same women plan to feed hundreds of thousands of Americans off basement shelves, relieving demand for scarce foods while their farm garden increases go to the commercial markets.

Farm Security home makers in these counties this year will increase the size of their gardens on an average of one-fourth over that of last year. The gardens are planned to grow a continuous supply of health-giving vegetables from the beginning to the end of the regular gardening season.

RETURN FROM ALABAMA

Mrs. W. T. Boggs returned home Friday from Dothan, Ala., where she has been residing the past several months, near Camp Rucker, where her husband has been stationed.

Also returning from Alabama, was Mrs. Curtis King, who has been visiting her husband at Camp Rucker. Her sister, Miss Zona Ruth Scaff, and Miss Paula Patton met her in Childress Saturday and accompanied her home.

'42 COTTON CROP AT 14,484 BALES

Motley county's 1942 cotton crop was 1,432 bales short of the official government report for March 1, the previous year, according to total ginnings compiled by special agent Maudie L. Marler for the Department of Commerce Bureau of Census.

The report shows that 14,484 bales of cotton were ginned in Motley county March 1, 1943 from the crop of 1942 as compared with 15,916 bales ginned on the same date in 1942 from the crop of 1941.

While some ginning has been reported in the county during the past month, the past year's total will be short of the 1941 crop.

Car License Sales Large

Motor car and truck owners "come up to the lick-log" and paid for the expensive little tabs that permits operation of motor vehicles during 1943, in a larger number than was expected. Yesterday afternoon 610 automobiles had been registered at five p. m., against 676 registered on the same date in 1942.

Miss Rachel Patton, deputy in the office of Sheriff, Tax Assessor and Collector H. H. Courtney, declared that last-minute purchases had been heavy and that many more would probably be registered before the office closed for the day. Today, April 1, is the last day which vehicles may be operated without penalty.

Both farm trucks and commercial trucks were registered in a greater number than on the corresponding date last year. Farm trucks 128 against 126 in 1942 and commercial trucks 87 against 83 in 1942.

COUNTY TRUSTEE ELECTION APRIL 3

School trustee elections will be held over the county, Saturday, April 3, according to information received from County Judge W. R. Cammack's office yesterday.

Trustees will be elected for the county board and various independent school districts. Nominees registered with Judge Cammack are: Tom Moore, Northfield; M. J. Reilly, W. F. Jacobs, L. C. Harp, L. B. Robertson, Hoyt Burnam and Henry Pipkin, Matador; F. P. Dawson and O. L. Bearden, Roaring Springs.

County trustees: E. P. Reeves (at large), M. S. Patton, Pct. 1; R. L. Jameson, Pct. 2. No nominations had been filed for Whiteflat and Flomot, but elections will be held in each of the communities. The Matador election box will be located at the City Hall.

Lions Program Is Arranged For Tues.

Regular first April meeting of the Matador Lions Club will be held in the Methodist church basement, Tuesday, April 6th, at 12:30 according to announcement made by officials yesterday. An interesting program has been arranged and all members are urged to make plans to attend.

MULESHOE HOME IS DESTROYED BY FIRE

Destroyed has been received here that the farm home of Mr. and Mrs. Earl Darsey, 12 miles south of Muleshoe, was destroyed by fire of undisclosed origin Saturday afternoon. Mr. and Mrs. Darsey, former Motley county residents, were in Muleshoe at the time of the fire, and lost their entire household effects and all clothing except that which they were wearing.

The house was located on a farm belonging to J. M. Jackson.

"Hardest Job Left For Those At Home" Declares Eubank

"Hardest job of this war is left for those at home," declared Representative Paul Eubank, recently commissioned ensign in the U. S. Navy, honor guest at an informal "covered-dish" banquet held in the Methodist church basement last Thursday evening, by the Matador Lions Club and ladies. Representative Eubank left for Childress Friday where he boarded a Fort Worth and Denver train enroute to California, to report for duty.

In his brief address distinguished by reticence and modesty, Ensign Eubank explained some of his extensive training, with emphasis on the wonderful food, medical care and physical conditioning provided by the Navy for its fighting men.

"It seems to me that the hardest job is left for the people back home," he reiterated, "you are making daily sacrifices for the comfort and well-being of men in uniform, without complaint and with a willingness that is an inspiration to every Motley county man in uniform. Every week I read in the Matador Tribune where Motley county has gone over the top in bond drive, Red Cross quota, China Relief or some other war effort, which bespeaks the attitude of the people back home. You do with rationed portions of gasoline, tires, foods and wearing apparel in a spirit that equals the sacrifices on any other front. The people on the home front, especially here in West Texas, are doing their part and more; I assure you that we on the battle fronts will justify your sacrifices to an ultimate victory over our enemies."

Hours Changed For Navy Examinations

Examinations to select young men for the U. S. Navy, Coast Guard and Marines, scheduled to be held at the Matador high school tomorrow morning, April 2, will be held at 10 o'clock instead of 10:30 as previously announced. All interested in the examination are asked to arrive not later than 9:30 a. m. in order to allow 30 minutes to fill out admission and identification forms. The examination will require two hours.

Miss Zona Beth Faulkner, supervisor of the examination announced the change in hours this week, after further information regarding the tests had been received. She declared that a number of youths from various communities in the county had expressed their intentions of appearing for the tests.

REVIVAL MEETING COMES TO CLOSE

The revival meeting which was held at the Baptist Church last week, came to a close in the services Sunday evening. Rev. M. B. Carroll, pastor, did the preaching, and Bob Killgore of Wichita Falls was choir director.

Although attendance was not outstanding in number, a consistency of the church membership was noted in regular attendance, and the meeting was declared a success in the spiritual development of the church.

Rev. Carroll centered the sermons about the person of Christ, His life and leadership, and all who attended the meeting expressed a newly developed understanding of the scriptures along this subject.

Mr. and Mrs. Claude Groves and children of Childress, formerly of Matador, visited here over the week-end with their parents. Mr. and Mrs. R. N. McMahan and daughter, Mary Joyce, of McLean accompanied by Billie Marie Stewart, and Mrs. J. A. Groves, who is visiting her daughter of Alarred, Texas, visited friends and relatives here Sunday.

When a Feller Needs Another Hand

Butch is in a predicament... one that isn't covered by military training. While he certainly could use another hand, we're betting that Butch will find a way to handle the situation.

In fact, most every businessman, farmer, stockman... every producer in West Texas today... knows just how he feels. They, too, need another hand.

Your Electric Servant has the same problem. Right now, we're being called on to balance good service and low rates against fast-climbing operating costs and shortages of material.

We're doing it, too. Filling every wartime order ahead of schedule in addition to your normal peacetime needs. And besides that, we're balancing a big plate of taxes.

Don't get us wrong. We know the necessity of heavy wartime taxes. We're proud that ours was a sizable portion of the \$620,000,000 in taxes paid last year by America's business-managed electric companies. That was 25c out of every dollar paid for electric service. The total of \$620 million dollars was enough to outfit 1,687,762 soldiers like Butch.

We're proud, too, that there has been no rationing of electricity... and no increase in cost to you!

How is it possible to do this... pay heavy taxes, overcome shortages of material and manpower?

Well, the credit goes to sound, well-balanced business management. And because our trained and experienced organization of men and women are working together as a team.

But while America's electric companies, under business management, are doing all this, government and municipal (politically operated) power systems are not paying a penny in taxes to help win the war.

Shouldn't every one do his full share?

TWO FLOMOT GIRLS MARRY RECENTLY

Miss Juanell Morris of Flomot, became the bride of Corporal Jack A. Ingram, of the U. S. Army, in a ceremony read Thursday evening, March 25, at the Baptist parsonage at Matador, Texas, by the pastor, Rev. M. B. Carroll.

The bride is the daughter of Mr. and Mrs. R. M. Morris. A graduate of Flomot High School, she attended West Texas State College, Canyon, the past two years.

Cpl. Ingram, who is stationed at Camp Campbell, Ky., is the son of Mrs. Ingram of Amarillo, formerly of Quitaque.

Mrs. Ingram plans to continue her studies until the summer vacation, when she will join her husband.

Turner-Richards Vows Said

On Saturday evening, March 20, at 7:00 o'clock, Miss Joy Turner of Flomot, and Sergeant W. J. Richards of the U. S. Army, were united in marriage at Plainview, Texas, with Rev. L. N. Lipscomb, District Superintendent of the Methodist Plainview District, reading the vows in his home.

The bride is the daughter of Mr. and Mrs. T. W. Turner, and is a graduate of Flomot High School. She has been attending Business College in Plainview for the past several months.

Sgt. Richards is the son of Mr. and Mrs. N. B. Richards of Lockney, and is stationed at Hobbs, N. M. He returned to training camp, March 22.

Mrs. Richards will remain at Plainview until May 1, when she plans to join her husband.

W. D. Herring of Plainview, formerly of Matador, was a business visitor here Friday.

PUPILS PRESENT RECITAL FRIDAY

Music pupils of Mrs. Homer Kingery, and expression pupils of Mrs. J. R. Whitworth, were presented in a recital Friday afternoon, March 26 in the high school auditorium.

MRS. AMOS P. BOND

FORMER RESIDENT MARRIES SATURDAY

The marriage of Miss Eleanor Mitchell, daughter of Mr. and Mrs. Grover C. Mitchell of 2112 Twentieth street, and Sgt. Amos P. Bond of Lubbock Army Flying school, son of Mr. and Mrs. Edward L. Bond of Clarksboro, N. J., took place Saturday afternoon at 4 o'clock in the parlor of the First Methodist church with Rev. Cecil R. Matthews officiating with a double ring ceremony.

A bowl of white tulips on the mantle was reflected in a tall wall mirror and white tapers on either side were lighted by Misses Jean and Louise Anderson, twins.

The music was given by Miss Joyce Watson who sang "Because" (D'Hardelot), with Miss Marion Chandler at the piano and as the vows were exchanged a string trio, consisting of Misses Watson, Chandler and Carolyn Reynolds, played "Liebestraum" (Liszt).

Bride Wears Navy Suit

The bride wore a navy suit with corresponding accessories and a corsage of gardenias. For "something old" she wore a bracelet that her father had given her mother before they married.

The couple is at home in Lubbock.

Sgt. Bond is a graduate of Swedesboro, N. J., High School and he attended Drexel Institute of Technology in Philadelphia. Before he enlisted in the Army he was a junior student at New England Conservatory of Music in Boston where he was a member of Phi Mu Alpha sinfonia fraternity and the Conservatory orchestra. He was a member of the Massachusetts NYA Symphony orchestra. He plays in the LAFS band and also the LAFS orchestra.

Mrs. Bond is a graduate of Lubbock High school where she was a member of the Sub-Deb and Girl Reserves. She is a junior student at Texas Technological college where she is majoring in music. She was in the Freshman Honor society and holds memberships in the MacDowell Music club and Las Leales society—Lubbock Avalanche.

Mrs. Bond has a wide circle of friends here, having lived here with her parents for a number of years before they moved to Lubbock to make their home. Mr. Mitchell was owner and publisher of the Motley County News before going to Lubbock.

Pied Pinions BY MRS. M.

W. F. Jacobs was witness to an interesting incident last week while returning home from a business trip to Dallas. He made the trip by train to Vernon, and continued the rest of the way home by bus, and it was after he had secured a seat on the train that a soldier came in and sat down in a seat behind him. Soon, a sailor came in and sat down by the soldier, and the latter immediately began to converse with his seat-mate.

The nature of his conversation was one of complaint. It seems he was stationed at the Childress Army Air School, and nothing suited him there... no place to go, and nothing to do; accommodations were poor, not to mention the people and the climate. In fact, in his opinion, it was about the lousiest field a fellow could be stationed.

During this time the sailor had replied with brief monosyllables, until finally the soldier inquired where he was stationed, and then fairly shrivled up at the reply. "For the past three months I've been on Guadalcanal," was the sailor's answer.

Another story we liked is one we read recently. It seems someone had noticed two sailors constantly together at the Stage Door Canteen, and asked them why. "When you've been alone with a guy on a raft for 17 days," one of them explained, "you either get to hate him, or love him for life."

What constitutes a military secret is a question which many correspondent has asked when told that he cannot write a story about something he believes to be common knowledge. How difficult is the answer is shown by the following story which is vouched for.

An official in the war department called the navy to secure the exact longitude and latitude of Henderson Field, major airport on Guadalcanal. "You can't have that, it is military information of value to the enemy," he was told. "What enemy?" queried the official. "Why the Japs, of course," the navy man replied. "I don't suppose you happen to know that the Japs built Henderson Field," was the sarcastic rejoinder of the army man.

Well it looks like the Texas Legislature had a busy session this month. Under consideration in the House was a bill directing that the effects of alcohol and narcotics on the human system be taught in tax supported schools. At one point the bill directed that the effects of snuff and tobacco be taught. Circling back, the House eliminated snuff but retained tobacco.

Snuff said.

We've discovered a good way to get a little house-cleaning done. Just start looking for something

"Don't Worry About Us—

—we'll grow our own food! That's the battle-cry of America's six million farm families as the gardening season rolls around. Growing vegetables at home relieves overburdened hauling facilities, releases more commercial vegetables for the fighting men, and insures a wholesome, inexpensive diet for each family.

you've lost, and while you're looking you'll be so amazed at the long-forgotten and obsolete objects you're uncovering that you'll start weeding out and discarding a bunch of stuff; and chances are you'll even forget what you started out to look for.

Peace Program Is Given At Meeting

"Volcanoes cast forth rocks, revolutions, men," was the quotation for a "Peace Program" given Thursday afternoon, March 25, before El Progreso Study Club, meeting in the home of Mrs. H. M. Solomon. Mrs. Joe Bloodworth was leader.

Following roll call, these subjects were discussed: "Winston Churchill," by Mrs. Freeman Thacker; "Franklin Delano Roosevelt," Mrs. Mae McKenzie; "General Douglas MacArthur," Mrs. George Springer.

Ensign Paul Eubank was a very welcome visitor, and gave an interesting description of his training in the Navy Air Corps.

Members present were: Mesdames Joe Bloodworth, A. J. Daffern, G. E. Hamilton, John Hamilton, L. C. Harp, Leonora Luckett, U. L. Willie, J. L. Moore, J. R. Whitworth; Miss Mary Keith, those on the program, and the hostess.

Mrs. G. E. Hamilton and Miss Zona Beth Faulkner visited in Childress over the week-end.

Red Tape

If the branches of the Office of War Information don't look out they are going to be without information.

Not long ago Deskins Wells, who runs the paper at Wellington, Texas, received a request from the OWI office in Dallas for a subscription, price \$1.50. Accompanying it came a basketfull of Government forms to be filled out before payment could be made.

Wells took a look, bundled them up and sent them back, saying: "I wouldn't fill out these forms for \$1.50."

But there is no reforming the Government red tape artists.

Last week the New York OWI office wanted one copy of The New York World-Telegram, price 3 cents.

Did that cause a commotion? But let The World-Telegram tell the story, headline and all: WE HEREBY AND GLADLY GIVE THE OWI A PAPER

The World-Telegram today (Feb. 19) disposed of one of the most costly newspapers it ever printed, although it was exactly like the hundreds of thousands sold Feb. 9 for 3 cents each. The difference was in the purchaser.

Yesterday a messenger bearing "requisition 11964" on the letterhead of "The United States of America Office of War Information, 224 W. 57th St.," requesting a copy of the final edition of Feb. 9, appeared at The World-Telegram offices, 125 Barclay St. The requisition was duly filled out and signed. It promised "A confirming purchase order will follow in a few days."

The messenger was given a copy and departed. The World-Telegram clerk went back to his duties. No further thought was given the requisition and there was no intention of collecting 3 cents.

Today the promise of a confirmation order was kept with a vengeance. The confirming order itself arrived, filled out in 14 different places and properly in order, along with an "Importance Notice" letter giving instructions on how to fill out four attached forms, one white and three yellow, in order to obtain payment of the 3 cents.

title (president, partner, proprietor, owner) must appear under the certificate at the left center of the voucher.

As it would have taken considerable time to fill out all the forms and answer the government's letter The World-Telegram called the Office of War Information and said, please, wouldn't the government accept the paper for nothing. The Office of War Information said it wouldn't—that all the forms had to be filled out as per instructions.

After struggling with the forms for a time The World-Telegram put in another call, which reached another government official, who agreed to accept the paper as a gift.

We hope he doesn't change his mind. WE DON'T WANT THE THREE CENTS.—E. M. Pooley in The El Paso Herald-Post.
