City Attacks Polio Hazards

"Clean-Up" Corps Is Organized At Mass Meeting

Town To Close Up For Trash Clean-up

UNITED ATTACK on trash, weeds, filth, flies, mosquitos, rodents and other poliomycelitis hazards was launched at a mass meeting of business and professional men in Matador early Monday morning. Approximately 25 men met in the open-air band stand on the court house square and mapped strategy of the clean-up drive after Mayor G. T. Edwards announced that the city council had approved payment of costs for mowing weeds from streets and alleys.

Elmer Stearns was named chairman of the group. Cooperating business houses will not open their doors before 10 or 10:30 a. m. Tuesday, August 17, while the "Clean-Up Corps" covers approximately a dozen business blocks. All trash, tin, junk automobile bodies and other objects that might impede action of the tractor-powered mower, will be loaded and hauled away. Eight trucks and pick-ups have been pledged for service.

Pitts Is Named Leader

C. A. Pitts was named leader of the group and he will assign location and direct activities of the volunteer business men and citizens who will report for work Tuesday at 7 a. m.

It was announced that services of the powered mower may be obtained by private citizens who desire weeds cut on vacant lots in the residential district. Services may be secured for a nominal fee by calling the city hall. Grounds to be mowed must be cleared of all trash that would damage equipment.

Action by the city in what is probably Matador's most extensive clean-up drive followed application of a Matador Lions Club committee to the council during regular meeting Tuesday, August 3rd.

Extreme emergency of the situation is cited by the fact that seven cases diagnosed as poliomycelitis have been reported in neighboring Floyd county since July 1 and of these five have been fatal.

The following excerpt is from (See CLEAN-UP CORPS page 4)

Heat Reign Buckles West Texas

All records of continued August heat have been shattered in Texas Panhandle weather. Yesterday completed 26 consecutive days in which the mercury has risen to 110 degrees, according to official records made at Childress, less than 60 air miles from Matador.

All row crops are suffering from the heat and need of moisture. Cotton is "holding up well" in most areas, however, farmers in some tight land sections declare that cotton has already sustained much damage.

Continued hot nights have resulted in much of the crop damage and also brought about discomfort for human existence. Thermometers remain in the neighborhood of 90 degrees through the entire night.

Weather Signs Fail

Weather prognosticators have been reticent to forecast rain. Predictions that rain would fall on August 10th burned in the dry, white heat of another day. Most of the "weather prophets" shake their heads when date of the next rain is asked. All old-timers are unanimous in agreeing that the weather is the hottest they have ever known.

Red Cross Class Has Authentic Patient To 'Doctor'

The Red Cross Home Nursing class had an authentic patient to "doctor" at their final meeting last Thursday evening, when Mrs. Homer Sheets slipped and fell, breaking her left arm. Examination disclosed that both bones were broken, but that the breaks were clean.

The two Matador classes had met in the home of Mrs. L. C. Harp in a concluding meeting, completing the course of twenty-four hours. Out of twenty-eight originally enrolled, 23 satisfactorily completed at least 20 class hours and will receive certificates Mrs. Lena Cox, who has been conducting the course, stated.

A shower of home-canned fruit and vegetables was presented Mrs. Cox by the group, in appreciation for her efforts here, each members bringing a jar which she had put up herself.

Others Still Meet

The Northfield class of 18 members will have their final meeting Friday, August 13, while the classes at Flomot, Roaring Springs and Whiteflat will close August 16, 17 and 18, in the order named.

Despite the heat, the attendance record in these classes has been very high, Mrs. Cox declared.

"I am highly pleased," she said, "by the interest displayed in this course by the women throughout the county, and the effort many have made or had to make in order to attend a class.

"Their interest in personal, home, school and community health indicate their strong desire to aid in providing the proper healthy environment for their families."

Mrs. Cox will complete her work here August 19, and return to her home in Fort Worth.

Sgt. G. W. Fuller Awarded Order Of The Purple Heart

Local residents, listening at station KGNC, Amarillo, during the news broadcast Friday at 12:30 were electrified at hearing the name of Sgt. G. W. Fuller read over the air as having been presented the Order of the Purple Heart. The medal that was presented just 24 hours after the Rumanian raid on Sunday, August 1, made the seventh medal Tech. Sgt. Fulfer has received while on duty in the middle eastern theatre of war.

Tech. Sgt. Fulfer, a radio operator and gunner, has been awarded the Air Medal five times, and the Distinguished Flying Cross once, and the Order of the Purple Heart.

In a news story appearing in Monday's Amarillo Globe-News, it was pointed out that, "Unusual is the fact that the award was presented so soon after the Fort-tress raid on Polesti, Rumania, when ordinarily such awards are presented much later. The report of the presentation came on the United Press Radio Wire with a Cairo, Egypt date line."

The Purple Heart is awarded to members of any of the service branches for injury sustained during gallantry in action. The other six medals Tech. Sgt. Fulfer has received have been Air medals.

His parents, Mr. and Mrs. W. M. Fulfer, have been advised by his wife, Mrs. Goldie Fulfer of Ogden, Utah, that she had received a cable from Sgt. Fulfer, which gave the impression that the injuries he sustained were rather slight.

FLOMOT YOUTH IS REPORTED MISSING

Report was received in Matador Tuesday that Mr. and Mrs. W. I. True of the Flomot community had received a message from the Navy Department that their son, Raymond True, was "reported missing in action." No further details were available.

BAPTIST REVIVAL TO CLOSE SUNDAY

The revival meeting which is in progress at the Baptist Church will come to a close Sunday evening, with Rev. J. R. Balch preaching the last of a series of inspirational sermons.

Good attendance has been in evidence at all the services, and the music, under the direction of Roy Reeves, with Miss Rachel Patton and Mrs. M. B. Carroll at the two pianos, has been exceptionally received. Substitute pianists are Mrs. H. E. Berry and Miss Marie Hunsucker. Misses Earlene Laughlin and Dorothy Woodruff were at the pianos in an all-youth choral program Sunday evening.

The public is again extended a cordial invitation to attend the services which begin at 10 o'clock each week-day morning, and at 9 o'clock each evening, with special prayer services in progress preceding the evening preaching hour.

County OPA Board Attends Clinic

Seven members of the Motley County War Price and Rationing Board attended the OPA clinic held at Spur, Tuesday, August 10.

Approximately 40 delegates from six West Texas counties attended.

Motley county was represented by the following: C. A. Pitts, chairman of the board; Mrs. Sterling Price, chief clerk; Mrs. Gertrude Nelson, clerk; C. W. Morris, price panel; R. O. Ross, foods panel; J. R. Emmons, gas panel; D. L. Guest, tire panel.

ASSEMBLY OF GOD REVIVAL MEETING NOW IN PROGRESS

A revival meeting is in progress at the Assembly of God Church, with pastor W. H. Bice as evangelist. The meeting began Sunday night.

The public is extended a cordial invitation to attend the services.

TO DALLAS

Mr. and Mrs. Ray Jacobs spent the week-end here in the home of his brother and wife Mr. and Mrs. W. F. Jacobs and were accompanied on to Dallas Monday by Mr. Jacobs and sister, Mrs. Bob Faris, who has been visiting here enroute to her home at Gilbert, Arkansas.

Last Rites Held For Pioneer

Mrs. G. M. Kingery Dies Wednesday At Darden Canyon

Final tribute was paid Saturday afternoon at the passing of another of Motley county's pioneers, when funeral rites were held at 4 o'clock in the Baptist church here for Mrs. G. M. Kingery, who died Wednesday at the home of her son, Arvie Kingery in the Darden Canyon community.

Mrs. Kingery had been in failing health for about four years, and had been bedfast since February prior to her death.

Minister H. L. Dennis of McAdoo, former Church of Christ minister here, conducted the service, in which he was assisted by Rev. R. L. (Bob) Jameson of Whiteflat, retired pioneer Methodist preacher of this section. Pallbearers were Alvin Stearns, Alfred Dye, Ben Dillard and three grandsons, Kyle Kingery, Leon Kingery and A. J. Cooper. Floral offerings were carried by granddaughters and nieces of Mrs. Kingery, and their friends, as follows: Nona Helen Kingery, Betty Joe Kingery, Alvis Kingery, Leil Kingery, Mrs. June McDougale, Juanita Reed, Ruby Reed, Birdie Bell Winters, Doris McDorman, Lila McDorman, Beryl Cavett and Charmaine Merrill and Ida Belle Irvin.

Interment was made under the direction of Campbell Funeral Home of Roaring Springs, in Matador East Mound cemetery, by the side of her husband, who passed away January 29, 1936.

Born In Tennessee

Martha Alice Reed was born in Overton County, Tennessee, August 19, 1862 and died August 4, 1943, at the age of 80 years, 11 months and 15 days. She was married to G. M. Kingery in April of 1881, and to this union eleven children were born, all of whom survive except two, Horace, who passed away November 16, 1922, and Isaac, on January 18, 1923.

Mr. and Mrs. Kingery moved to Stonewall County, Texas, in 1890 and to Motley County in 1898 where they settled in the Darden Canyon community to make their home until death.

Mrs. Kingery obeyed the Gospel at the age of 16 years, and was a faithful member of the Church of Christ the remainder of her lifetime. Resident of the county for 45 years. Mrs. Kingery was a typical pioneer wife and mother, and in later years became known to her host of friends and neighbors, as "Grandmother" Kingery.

H. L. Smith Resigns

H. L. (Les) Smith of Roaring Springs, resigned his position Monday as Motley county commissioner of precinct four, to accept an appointment as Roaring Springs postmaster.

Commissioners' Court immediately appointed J. N. Fletcher of Roaring Springs to serve "until next general election," as instructed by the law. Mr. Smith's appointment followed the resignation of Mrs. Garlin Murphy as postmaster, who will leave immediately to be near her husband now in the armed service. Mr. Smith was re-elected commissioner for his second term at the last election.

"We regret to lose Mr. Smith as a commissioner," County Judge W. R. Cammack, declared Tuesday, "he is a very able man, with a mind to think with and instinctual fortitude to say what he thinks."

Mrs. Carpenter Is Critically Ill

Mrs. Walter Carpenter who was conveyed to a hospital in Abilene about ten days ago, is declared in a critical condition, with little hope held for her recovery. Examination upon her arrival there revealed that one lung had been infected by amalaing growth which was believed to have been cured over a year ago when she underwent surgery for its removal.

Accompanied by Mr. Carpenter and their daughters, Frances and Lela, Mrs. Carpenter went to Abilene for treatment for what she thought was an asthmatic condition, because of difficulty in breathing. She was placed in an oxygen tent Saturday.

County's Terracing Equipment Rolls Up Vast Record Of Service During Season

Army-Navy "E" award committee will probably never learn of the wartime service rendered by Motley county's terracing equipment, rolling through blizzards, choking dust and blistering heat to improve production and protect precious ranchers during of farmers and months. R. E. Florence, supervisor and tractor operator, and Odell Dobbins, grader operator, must remain as "forgotten soldiers" who accomplished their objectives on an impartial but unspectacular front.

Over 448,000 feet of standard terraces, 10,000 feet of diversion terraces and 56 miles of fire guards is the construction record of the two men and equipment of this year. It is estimated that double the amount of service would have been purchased had the equipment been available. Cost of use of equipment is \$3.50 per hour. Plowing fire guards averages about \$2.70 per mile, with AAA program paying \$2.64 per mile.

Ranchers are advised to take advantage of the service with increased fire hazards resulting from extreme dry weather, and especially adjoining highways and public roads. Landowners near bombing targets are advised to use all extra protection measures available. Probable scarcity of feed increases the value of range grass to augment the war effort.

Terracing Cost Is Low

Farmers have paid an average of 80 cents per 100 feet for terracing which is approximately the same as AAA payment. Terraces have been constructed on 25 farms in the county during the season. Heavy rains in spring and early summer caused breaks in only two terraces.

Demand for terracing has been so great that many farmers have left terrace space in their fields with the work being done when the equipment was available after crops had been planted and cultivated.

Bob Echols Named State Director Of United War Chest

HOUSTON, August 9.—State directors of the United War Chest of Texas from Region 17 have been announced by George A. Butler, president and campaign chairman of the State War Chest.

An attempt has been made to have every section and virtually every interest thoroughly represented on the board which now includes more than 350 Texas men and women," Mr. Butler announced. "We feel that we have one of the finest boards ever selected in the state."

Members of the board from Region 17 include W. D. Arnett of Lamesa, Dawson County USO chairman; S. E. Cone of Lubbock; R. C. (Bob) Echols of Matador, Motley County USO chairman; J. C. Gillham of Brownfield, president Texas Bankers Association; Dr. Clifford B. Jones of Lubbock, president Texas Technological College; and Mrs. W. G. Kennedy of Muleshoe, president State Women's Home Demonstration Clubs.

The following counties are in Region 17: Bailey, Borden, Cochran, Cottle, Crosby, Dawson, Dickens, Floyd, Gaines, Garza, Hale, Hockley, Kent, King, Lamb, Lubbock, Lynn, Motley, Stonewall, Terry and Yoakum.

LIIONS MEETING IS SCHEDULED TUES.

Matador Lions Club will hold its regular meeting at the Methodist church basement, Tuesday, August 17th, 12:30 p. m. with chief Henry Pipkin in the harness for the first time since his return from the Cleveland Lions International convention.

The regular meeting of the directors will be held at the Magnolia Cafe, Monday morning at 6:30 a. m.

New Head of District and County Attorneys Association Says His Group To Take Up Redistricting

LONGVIEW, Texas, (Special) — What redistricting, if any, is needed by Texas, and how best to effect it will be the first order of business of the District and County Attorneys Association of Texas, Fred Erisman, new association president, announced here today.

Erisman, serving his third term as district attorney of Gregg County, said his organization will make a thorough survey of the redistricting situation, which already is under study by a legislative committee, and will make its findings the basis for a constructive program to be announced as soon as completed. The prosecuting attorneys, he added, will cooperate fully with the District Judges Association of Texas, and the legislative committee headed by Rep. C. M. McFarland of Wichita Falls, former county judge.

The district and county attorneys also will work with the provost marshals, adjutant general's department and other military authorities for the duration, Erisman pledged.

Erisman, a dark-horse candidate elected at the annual meeting of his organization at Houston following the State Bar convention there, was born in Fort Worth nearly 35 years ago, attended public school there and at Greenville, was graduated from Texas Christian University in 1929 and afterward attended Brown University at Providence, R. I., where he was awarded a fellowship in government and economics at Duke University, Durham, N. C.

Fate decreed Erisman was not going to Duke, however. While riding horseback in a Fort Worth park he was thrown and suffered a skull fracture. While convalescing he studied law and was admitted to the bar in April, 1931. He was assistant district attorney here in 1933 and 1934, and special attorney for Gregg County in highway condemnation proceedings in 1935-36. He was then named city attorney of

FRED ERISMAN

Longview, serving in 1937-38. Since 1929 he has served as criminal district attorney here. He was admitted to practice before the Supreme Court of the United States in November, 1940, on nomination of Senator Tom Connally.

The new association president has been state vice president of the Junior Chamber of Commerce, winning the title of "outstanding vice president" in 1940, when he visited practically every junior chamber in Texas. He is a past chancellor-commander, Knights of Pythias, post commander, Knights Templar, member of Moish Temple, Fort Worth, and at Brown University was a member of Alpha Tau Omega.

SAILOR GRATEFUL TO CONTRIBUTORS FOR HOME PAPER

Sea, 1-c. Knox Jameson, located at the Naval Air Station, Norfolk, Virginia, pays a tribute of appreciation to Tribune men-in-service fund contributors for making it possible to receive weekly copies of the home newspaper, in the following letter received by publisher Douglas Meador:

August 6, 1943
Dear Ben:
"Just a word to let you know I am still in the states. The Tribune is very welcome every time it comes. I want to thank you again for it and all those who are contributing to the servicemen's paper fund. It is very nice of you folks to send us the paper. A lot of boys, even in our own state of Texas, never heard of such a thing. Lots of them from other towns in Texas have to pay their own subscriptions or get no paper. What you are doing is a great credit to the community. The paper gets to me each following Wednesday....
"Thanks again for the paper and good luck to the Lions Club. Your friend,
Edward Knox Jameson."
The Tribune expresses sincere appreciation for the following unsolicited contributions to the paper fund made since last publication: Albert Daffern \$2, Forest Campbell (Ablene) \$1, Mrs. A. B. Cloyd (Flomot) \$1, Mr. and Mrs. R. V. Heller (Richmond, Calif.) \$2, Mrs. Delbert Groves (Oklahoma City) \$5, Jack Robinson (Paducah) \$2, Mrs. G. T. Bird \$1, Charlie Pollock (Hale Center) \$1.00.

Miss Dorothy Lou Hill returned last week from California, having accompanied her sister, Mrs. J. D. Gaines, there recently.

Pfc. Norris T. Cloyd is stationed at the Amarillo Army Air Field, 599 T.S.S. Bks. T-1827, according to information received last week.

**TRIBUTE IS PAID
O. E. S. FOUNDER
BY LOCAL CHAPTER**

Matador Chapter No. 66 Order of the Eastern Star celebrated the birthday of the founder of the Order, Robert Morris, with a fitting program Thursday evening, August 5th.

After the usual business had been conducted, Mrs. U. L. Willie gave a highly interesting talk on the application of the obligation of the Order after which she introduced the guest speaker of the evening, Robert Reynolds of Spur chapter.

Mr. Reynolds' address was one of the most inspiring talks ever presented in this hall. Those who heard him will never forget the beautiful sentences with which he portrayed the life and works of this man who did so much for Free Masonry and the Order of the Eastern Star. A beautiful duet was sung by Mr. and Mrs. J. R. Whitworth with Mrs. G. E. Hamilton at the piano.

A general round-table of talks by those present closed the evening program after which delicious refreshments were served.

**REEVES-SHILLING
VOWS SPOKEN HERE**

Nuptial vows were exchanged here Saturday morning, August 7, at 10 o'clock by Miss Daisy Reeves and Robert C. Shilling, both of Dallas, in a ceremony held in the pastor's study in the First Baptist Church, Rev. J. R. Balch of Seymour, Texas, former Baptist pastor here, officiated.

Only attendants were members of the bride's family, Mr. and Mrs. Roy Reeves and small daughter, Patricia Ann, and Mr. and Mrs. Elbert Reeves and sons, Donald and Pat.

Mrs. Shilling was born and reared in Matador, attending the public schools here, and following graduation, she attended Baylor University, Waco, Texas, from which she received her B. A. degree. A former teacher in the schools here, she has been teaching in the Bowd Storey Junior High School in Dallas for the past several years. She is the daughter of the late W. E. Reeves and Mrs. Reeves, pioneer residents of this community.

**Quick Tricks In Fresh
Vegetable Cookery**

Gone with the can is the art of short-cut cookery. Back to the sink and the range we go. Ahead for all of us is some good old-fashioned cooking.

Biggest blow to short-cut cooks is the curtailed stock of canned vegetables. For most women have learned more heavily of late on the food processors' skill with vegetables than their own kitchen cunning.

Meantime, though—while we've been wielding the opener and brandishing the can—food scientists have brushed up their cooking methods, discovered short-cut tricks.

Less time is needed now, less water used, less fuel than when you last cooked fresh vegetables. Short-cuts in preparation, and quick cooking in just a little water are the newest rules, turn out vegetables superior in color, texture, flavor.

Epicures have taught us how to serve and season, too—advise herba, sauces, condiments to enhance fresh vegetable flavors. Here is a comprehensive, up-to-date course in vegetable cookery. Clip and consult frequently.

Asparagus
Wash well. Cut scales from base. Break off woody ends. Steam whole until tender. Or, when cut in pieces, cook stalks 10 minutes, then add tips and cook 5-10 minutes longer. Serve with milk, butter, or vitaminized margarine.

Beets
Pare, then shred or dice. Steam in 1/2 cup water. If shredded will take 15-18 minutes. Diced, require 25-30 minutes. Season with basil, summer savory, or fennel. Serve with vinegar sauce or Harvard sauce.

Broccoli
Wash and trim leaves and tough stems. Split stems lengthwise. Tie in portion-sized bundles. Using deep pan stand upright in 1 inch water. Cover and steam 10-20 minutes. Serve with hollandaise sauce, mayonnaise, or enriched margarine.

Brussels Sprouts
Wash. Trim stems and leaves. Cut x mark in ends of stems. Steam until tender, 15-20 minutes. Serve with butter or vitaminized margarine.

Cabbage
Wash, trim, and shred. Steam 8-12 minutes. Serve with ketchup sauce, or season with mint, carrot-ways, or fennel.

Carrots
Remove tops, wash, pare, or scrape. Cut in crosswise slices. Steam 12-20 minutes. Serve with butter, vitaminized margarine, or

white sauce, or season with summer savory, mint, basil, parsley, or thyme.

Cauliflower
Trim off leaves and base. Separate into flowerlets. Wash. Steam 10-15 minutes. Serve with cheese sauce, cream sauce, butter, or enriched margarine.

Corn on the Cob
Husk and remove silk. Place whole in boiling water and cook 5-10 minutes. Or steam 10-15 minutes. Serve with butter or vitaminized margarine.

Onions
Remove outer skins. Partially quarter. Boil or steam in a little water 25-35 minutes. Season with tarragon or thyme, or serve with ketchup-margarine sauce or white sauce.

Parsnips
Wash and pare. Slice crosswise. Cook, covered, until tender in small amount of boiling water, 25-35 minutes. Serve with butter, vitaminized margarine, or mashed.

Peas
Shell and wash. Cook in enough water to prevent burning 10-20 minutes. Season with mint, summer savory, basil, or rosemary, or serve with cream sauce, butter, or vitaminized margarine.

Potatoes (white)
Wash and peel. Halve. Steam 30-40 minutes. Season with mint, parsley, basil, or chives. Serve with butter, enriched margarine, mashed, or creamed.

Potatoes (sweet)
Pare and quarter. Steam 30-40 minutes. Serve with butter or vitaminized margarine, or glaze in honey.

Rutabagas
Wash, pare, cube or slice. Steam 25-35 minutes. Mash with salt, pepper, butter.

Spinach
Wash several times. Cut off stems. Steam with very little water 8-10 minutes or until stems are tender. Serve with vinegar dressing, or season with sweet marjoram or mint.

Summer Squash
Slice or dice. Steam in enough water to prevent burning 15-20 minutes. Serve with butter or vitaminized margarine.

String Beans
Wash, snip off ends, and string. Cut in 1 inch pieces. Steam 30-40 minutes. Serve with butter or vitaminized margarine, or season with summer savory, sweet marjoram, or sage.

Tomatoes
Blanch and peel. Slice or quarter. Boil in enough water to prevent burning 15-20 minutes. Season with basil, sweet marjoram, or sage.

Turnips
Wash, pare, dice, or slice. Steam 20-30 minutes. Serve with butter or vitaminized margarine.

**Use Fresh or Canned Cherries
To Make this Tempting Dessert**

THIS delicious cherry bran pudding would make a hit at anytime but this year it is destined for special popularity. We might call this a "cherry stretching" recipe because less than one cup of cherries is transformed into seven gay desserts—an important point when fruit is a bit expensive and not too plentiful.

If fresh cherries are not available on local tree or market place, why not invest some of your extra blue points (that your victory garden is saving you) in a can of sour cherries? A number two can (2 1/2 cups) takes just fourteen points—as this goes to press and you can enjoy this pudding and have enough cherries left for a chiffon pie or cherry dumplings. In fact the family might just ask for an encore on this!

Sour Cherry Puddings
1/2 cup shortening 1 teaspoon vanilla
1/2 cup sugar 1 cup extract
1 egg 1 cup flour
1/2 cup bran 2 1/2 teaspoons bak-
ing powder
1/2 cup milk 1/2 teaspoon salt
1/2 cup drained, cooked cherries
Mix shortening and sugar together thoroughly; add egg, beat well. Soak bran cereal in milk; add flavoring. Sift flour, baking powder and salt together; add to first mixture alternately with bran cereal and milk. Put five or six cherries in bottom of each greased custard cup and fill

two-thirds full with batter. Bake in moderate oven (375° F.) about 25 minutes. Serve hot with Cherry Sauce. Yield: 7 puddings.

Cherry Sauce
1 1/2 cups cherry 1 1/2 tablespoons
Juice 1/2 teaspoon
1/2 teaspoon salt
Add juice to cornstarch and stir until smooth. Add salt. Cook slowly, stirring until mixture is clear and cornstarch is thoroughly cooked. Serve hot over Cherry Cakes. Yield: 1 1/2 cups.

Note: Use sweetened, canned cherries. Water may be substituted for part of juice if necessary.

CLEAN-UP . . .

(continued from page one)

the Floyd County Hesperian, issue August 5th, in a front page lead article:

"... with instructions to lay aside all routine duties except the most urgent and devote his time to arousing municipalities and the citizenship to the danger of complacency, Joe A. Stanley, Jr. district sanitary engineer representing the Texas State Department of Health, Monday spent several hours in Floydada conferring with city authorities and local business people on measures which may be taken to clean up filth spots in the community and arouse the citizenship to their responsibilities in preserving healthful conditions."

Check Up At Fort Worth
 "Stanley was one of several sanitary engineers who spent last week-end in Fort Worth, where they surveyed conditions and aided in pointing out unclean spots which needed attention. 'There is no doubt that flies and possibly mosquitoes can spread poliomyelitis,' said Mr. Stanley. 'competent research workers have proven this fact. And while it is true there are unclean spots in the state where infantile paralysis has not gained a foothold, other spots where it is gaining ground do have the 'sore' spots to contend with.

"Taking cognizance of the shortage of manpower in this community, Mr. Stanley said it was one of the possibilities all that could be done would be for inspections and recommendations to be made and then call upon the citizens themselves to clean up on their premises. In particular fly-breeding places—unsanitary privies, chicken lots, cow lots and uncovered garbage disposal containers—should be eliminated, he said."

Firemen To Burn Weeds
 Matador Volunteer Fire Department will burn weeds in alleys and on vacant lots after they are dried and raked, it was announced Tuesday. Residents desiring to have weeds burned should call the City Hall.

Further plans for the general clean-up, Tuesday, August 17, will include sounding of the fire alarm signal at 7 a. m. Members of the fire department will aid business and professional men in the work.

Hospital News

Mrs. Tom Spears of Flomot underwent an appendectomy Tuesday.

Mrs. Dick Taylor of Quitaque was treated this week for a ruptured blood vessel. The injury was received when Mrs. Taylor fell over a bucket, striking her ankle in such a manner as to cause an internal rupture.

Mrs. Calvin Holcomb Sr. of Plainview, received treatment here the past week.

Miss Grace Clond of Flomot received treatment Wednesday.

TRIBUNE IS ENJOYED BY FORMER RESIDENTS

Former residents still enjoy reading the "home town" paper, as indicated by numerous testimonies to that effect. In advising a change of address to Grand Prairie, Texas, Mrs. Frank Buckley wrote, "We still think the Tribune is the best local paper we ever read."

Other former residents who have expressed similar ideas in this connection include Mr. and Mrs. Elmer Jameson, now living in Carlsbad, N. M., who declare that they read the paper as eagerly as "any soldier-boy"; Mrs. Tom Harris of San Antonio; Houston Patton of Wichita Falls; Dr. and Mrs. H. C. Eargle, who recently moved from Brownwood to Dublin, and Mrs. Lila Bird Moore of Swathmore, Pa.; Robert L. Hoyt of Fort Worth, altho not a former resident, recently wrote to express enjoyment of the Tribune.

RESIDENTS MOVE

Mr. and Mrs. Charlie Pollock and family left Tuesday for Hale Center to make their home, where Mr. Pollock is manager of Higginbotham-Bartlett Lbr. Company's branch office there.

Other residents who recently moved were Mr. and Mrs. Clay Gilbert and daughters, who have gone to Pampa to make their home, Mr. Gilbert having employment in a defense plant located there.

Further plans for the general clean-up, Tuesday, August 17, will include sounding of the fire alarm signal at 7 a. m. Members of the fire department will aid business and professional men in the work.

ONE OF YOUR PARTNERS UNTIL VICTORY IS WON

I write letters in the nearly-dark

THIS is part of an actual letter from a soldier overseas:

"It's not the big things that you miss out here. It's the little things. Like street noises. Or an electric lamp. Where we are there ain't no such. Since I'm on duty all day, I write letters in the nearly-dark. Funny, how you can miss a common, ordinary light bulb."

Here in West Texas, folks take electric service for granted. We take for granted that, when our fingers flip the switch, the lights will blaze—instantly!

The fact that we do take electricity for granted is a tribute to the men and women who supply it.

They've made it dependable—and they've made it cheap.

Today the average West Texas family gets twice or three times as much electricity for its money as just fifteen years ago.

We're sorry, soldier, we can't do much about sending you electricity over there. But our power is helping train more men . . . helping build the weapons of war with which you will win the victory.

This we are doing the American way . . . under business management and free enterprise. We're in the war, as you are, fighting to dispel the darkness of state slavery—the Nazified system of centralized bureaucratic socialism that threatens all free people.

DON'T WASTE ELECTRICITY JUST BECAUSE IT'S CHEAP—and isn't rationed! Don't waste anything. Get thrifty again! Insist that the money you pay in taxes not be wasted on unnecessary bureaucratic agencies.
