Bond Drive \$93,000 Short

HOPE WILTS AS TIRED WORKERS WEIGH CHANCES

MOTLEY COUNTY MAY FAIL to raise its 3rd War Loan bond drive quota of \$253,800, according to estimates made by weary workers meeting at the First State Bank here last night in review of the first two days efforts. Elmer Stearns, county chairman of the drive, declared that slightly over \$160,000 had been accounted for, with a few of the smaller communities still to report. Over \$93,000 worth of bonds were sold Tuesday, the first day of the drive.

While many possibly substantial buyers have yet to announce the amounts of their purchases, it was generally conceded that the suggestion of buying bonds with 1-3 of all available cash had not been accepted by many in a position to have greatly increased the total sales.

Many "Little People" Respond
Volunteer bond sellers were enthusiastic in their admiration for the patriotism shown by many so-called "little people." Many struggling with the bare necessities of life, many with sons and brothers in the service, buying small bonds with almost all the money they possess. Day laborers working in fields dug into patched overalls pockets for enough cash to buy one or more small bonds. Many people in the "moderate" class, yet with but little cash reserve, also responded to the limit of their abilities.

Uniformed Men Are Buyers
Ensign Paul Eubank, flying a torpedo plane in the South Pacific requested that \$375 of his savings be used to buy bonds in the 3rd drive. Many Motley county men are buying bonds regularly with their meager service pay. Others have sold their entire possessions, put the money into bonds and gone into service. Generally the people of Motley county have recognized the sacrifices being made by their men in uniform. Great, tragic battles now raging in Italy, have spurred many to the realization that the war is not won. That it is, perhaps only started so far as cost and loss of life is concerned.

"Our people want to do their share in the war effort," Mr. Stearns said, "and I believe when the weight of necessity in achieving success in this drive is fully (See BOND DRIVE back page)

Loan Group Holds Membership Meet

A membership meeting of the Memphis Production Credit Association was held at the school house here Friday night, with an attendance estimated at 20.

A very interesting program was presented. Others attending besides members were Ralph Howe, secretary-treasurer of Memphis, J. M. Dickson, assistant, also of Memphis and A. Dumont, Cattle county field representative.

RETURN FROM HOSPITAL

Mrs. N. J. Smalley returned Thursday from the Plains Hospital and Clinic, Lubbock, where she had undergone an operation for bone infection on September 4th. While improved, Mrs. Smalley's condition is declared still to be serious.

ARE DELEGATES

Mesdames G. E. Hamilton, Ed Williams and W. B. Swim have been named delegates from the Woman's Society of Christian Service of the local Methodist Church, to attend an Educational seminary at the Asbury Methodist Church in Lubbock, Wednesday and Thursday.

TO AMARILLO

Mrs. J. A. Groves accompanied her daughter and family, Mr. and Mrs. C. T. Howell and children on their return to Amarillo Sunday evening, after spending the weekend here. She will remain with them during the school term, while Mrs. Howell is engaged as teacher in the Vega school.

FINAL RITES ARE HELD FRIDAY FOR CHARLIE W. BOND

Final rites were conducted Friday afternoon, September 10, at 4 o'clock for Charlie W. Bond, 85, at the home of his son, R. P. Bond, in north Matador, by Rev. M. B. Carroll, pastor of the First Baptist Church.

Mr. Bond had been in failing health for a number of years, and had been bedfast for the past three weeks.

Pall-bearers were: Bill Dunning, John Russell, Pat Sheridan, J. R. Whitworth and Emmett Jinkins. Interment was made in East Mound Cemetery, under the direction of Homer Sheats, local undertaker.

Native Of Tennessee

Charlie William Bond was born at Mt. Pleasant, Tennessee, June 24, 1858, and departed this life September 9, 1943, at the age of 85 years, 2 months and 9 days.

Mr. Bond was married to Miss Josie Jones in 1889, and to this union eight children were born, four boys and four girls. Of these only two children survive to mourn his passing, a daughter, Mrs. Nettie Dean of Cushion, Oklahoma, and Richard P. Bond of Matador, six grandchildren also survive. His wife preceded him in death in January 1911, since which time he has made his home in and around the vicinity of Matador.

In 1908 Mr. Bond became a Christian and united with the Assembly of God church. He lived a quiet life, but endeared himself to those who knew him, and has a number of friends who will mourn his passing.

FARM SECURITY TO AID FALL-WINTER PASTURE PROGRAM

With many of the nation's farmers facing a critical feed shortage, and with a large number of farmers in this region forced to face the winter months with inadequate supplies of home-grown livestock feed, the Farm Security Administration has taken steps to assist with a fall and winter pasture program.

This was announced here this week by Samuel W. Westharrill, county supervisor for the FSA with office in the Bank building at Matador.

It is generally agreed that the use of fall and winter pasture would help offset the feed shortage in this area. Wheat, barley, and rye are considered the best cereal crops to plant in this region for fall and winter grazing, and these are recommended as a source of cheap feed as well as a means for conserving the reduced supplies of other feed. Moreover, these crops will furnish a large portion of protein. They also save labor because livestock can harvest their own feed.

In areas where other cereals freeze down, winter rye makes one of the best cold weather pasture crops because it is hardier and more freeze resistant.

Farmers who face a feed shortage are urged at this time to consider planting at least one acre of pasture per animal unit as this (continued on back page)

Boy Scout Membership Growing

Matador Boy Scout troop 60 has eight new prospective members following the first fall meeting held at the Scout hut, Tuesday, September 7th, it was disclosed early this week by Scoutmaster W. B. Swim. A total of 20 boys attended the meeting.

Accompanied by 17 Scouts, Scoutmaster Swim made an overnight hike to Roaring Springs, Friday evening.

Scoutmaster Swim is optimistic regarding the future of the troop here. He said, "much interest is being shown in Scout work and we have a nice list of prospective new members. I believe we will have sufficient membership to establish a full troop of four patrols with eight Scouts in each patrol."

Boys over 12 years of age are eligible for membership and are extended a cordial welcome to attend the regular Scout meetings held each Tuesday evening at the Scout Hut.

Farm Home Blaze Destroys Bedding

Fire believed to have originated from a cigarette, destroyed two mattresses and about \$75 worth of clothing at the P. L. Marshall home 1 1/2 miles east of Matador about 3 p. m. Tuesday. Matador Volunteer Fire Department truck with chemical tank, responded to the call, with the flames were under control when the department arrived. The fire originated on a sleeping porch. Mr. Marshall expressed his sincere gratitude to the fire department boys for their efforts.

A short time later a prairie fire was reported in the Matador ranch pasture, located near the Cap Rock west and south of ranch headquarters. Although considerable wind was whipping the fire, it was brought into control. No estimate of loss or details of the fire were immediately available.

TESTS SHOW FEW COWS AFFECTED

In over 200 milk cows in Motley county tested for Bangs disease by State Veterinarian, Dr. A. J. Lewis, Lubbock, only seven were definite reactors (affected), according to county agent J. R. Emmons. Eight cows showed some indications of a possible reactor. The tests indicated great improvement over the number of reactors in Motley county three years ago. At that time 800 head showed about 20% affected with the disease. The T. E. Cammack, dairy herd, tested recently, showed no reactors out of 34 head, Mr. Emmons declared.

TO VETERANS HOSPITAL

R. L. Murrell, manager of the Mission Gas & Oil Company, went to the Amarillo Veteran's Hospital where he is receiving treatment. He is expected to return home today.

Cammack Dairy To Sell Jersey Herd At Public Auction

Cammack Dairy is going out of business. The high quality thoroughbred Jersey dairy herd of 22 cows and heifers, will be sold at public auction, Monday afternoon, September 20. The sale which will be conducted by Seale and McDonald, auctioneers, will be located at the Cammack Dairy barn, one half mile east of Matador.

T. E. Cammack, owner of the dairy said he was forced to sell his herd because of the impossibility to secure sufficient help for operation. He has served this community with milk for over 15 years. Mr. Cammack has been working almost day and night in effort to keep the dairy in operation but declared he is definitely going out of business, to devote his time to farming and other interests.

All of the cows offered in the sale have recently been tested for Bangs disease. Stock listed for sale includes four 2-year-old heifers, giving milk, five 3-year-old cows, four 4-year-old cows, four 5-year-old cows, two 6-year-old cows and three 8-year-old cows. The sale will start at 1:30 p. m. Monday.

Coming To Town

HARLEY SADLER

HARLEY SADLER TO SHOW GRAPHIC JAP FILM HERE MONDAY

Good old Harley Sadler is coming to town. This time he is appearing under the sponsorship of the Matador Volunteer Fire Department and the Motley County 3rd War Loan Committee. Mr. Sadler will be here in person but he will not be accompanied by his usual troupe of thespians. Harley Sadler has gone to war with his show and he will appear here Monday with a motion picture, "Ravaged Earth," one of the most graphic documents to come out of the war. Mark L. Moody, American business man, was present and filmed the actual scenes of Japanese infiltration and invasion of China. "Ravaged Earth" is terrible. It will make you hate the Japanese more than you now believe possible. It will make your blood boil.

Hide Camera Under Coat

Secreting his camera under his coat, Mr. Moody made some of the shots through a buttonhole. Others were made by the aid of a periscope which enabled him to photograph the scenes over his shoulder. The films were concealed in Bamboo fishing poles and smuggled out of China. They were brought to the United States and blown up to professional 35mm size, musical score added and a narration added by Knox Manning. "Ravaged Earth" tells the truth about what our boys are up against fighting the Japs in the Pacific.

Tent Theatre Show

"Ravaged Earth" will be shown in the Harley Sadler tent theatre. Two shows, one at 7:30 and another at 9:30 p. m. are scheduled. A bond-booth will be located in front of the theatre and every person buying a bond will receive free admission to the show, however, it is not necessary to buy a bond to gain admission. Popular prices will prevail at the regular box office.

Lions Will Honor Leader Next Week

Boss Lion Elmer Stearns will be honored at the next regular meeting of the Matador Lions Club, Tuesday, September 21, through a perfect attendance drive. The nationwide "100% Attendance Week" is sponsored by Lions International, to honor club presidents, stimulate enthusiasm for the year's program and impress members with the strength of club organizations.

Every member of the club is urged to make plans now to attend the Tuesday meeting, and members of the board of directors are also requested to make the Monday morning meeting 100% in attendance.

Program for the Tuesday meeting had not been announced but will probably include as its theme the importance of perfect attendance as one of the most outstanding factors in the strength and service of a Lions club.

The Nile river has no tributaries for the last 1,700 miles of its long journey to the sea.

Sailor In Distant Africa Awaits His Paper From Home

Typical of hundreds of letters received by the Tribune from Motley county boys in all branches of the armed service, is one received during the past week from Douglas E. Pitts, Jr. S. 2-c. of the U. S. Navy, son of Mr. and Mrs. D. E. Pitts of Matador. The letter is dated August 22, in North Africa:

"Dear Ben: I think I will have a permanent address for a while, so I'll appreciate it very much if you'll send my paper. I have really missed it the past month and a half... the place we are in now is nothing like the U. S. A. It reminds me of Mexico. We don't have many comforts and no luxuries, but it could be worse. I am in a transportation unit here so I see quite a bit of the country... again I want to say I'll be looking forward to that hometown paper. Thanking you and all the folks back home, I remain—"

A weekly copy of the Tribune to every man in the armed service who requests it, is made possible by the volunteer contributions of readers. The publishers desire to express sincere appreciation for the following unsolicited contributions made since last publication: Wilson Barton \$2.50, E. D. Hutson (Roaring Springs) 50¢, Alvin Stearns \$1, Elmer Stearns \$1, L. A. Stearns \$1, Gilbert Gin (Fleming) \$3, Mrs. Clarence Kifer \$2, Bill Bryon Knight (Houston) \$5, J. T. Swim Jr. (Roaring Springs) \$1, Jess McBride \$1, Muse's Shop \$1.50.

TIN CAN SALVAGE DEPOT IS MOVED

Salvage of tin cans is still urgently requested by the government, according to Mrs. M. J. Reilly, county co-chairman for the drive. The depot for used cans has been moved to the Crews building on Highway 70 two doors east of the Phillips 66 service station. County Demonstration Agent Miss Dana Meredith is also co-chairman on the drive which includes the salvage of tin cans and waste kitchen fats.

Residents are asked to bring their waste fats to their meat market. All tin cans should be deposited in the salvage depot. After a can is emptied, the label should be removed, both ends cut out and the can mashed flat with the two ends inside. Cans should not be mashed too flat to prevent circulation of liquid with which tin is washed off and collected. Rusty or burned cans are of no use. Everyone is asked to leave cans at the depot but those who may not have means of transportation may notify either Mrs. Reilly or Miss Meredith and they will call for them.

City Asks Cleanup Of Street Gutters

Abominable condition of street gutters received attention of the city council in a recent meeting, with the result of a notice being published elsewhere in this issue of the Tribune. An appeal is made to business firms to clean up the gutters, with each enterprise assuming responsibility for the amount of street frontage occupied by its building. The notice, signed by City Secretary L. F. Lancaster, urges the cleanup in the interest of public health.

PRESSURE COOKERS TO BE TESTED THREE DAYS

Miss Dana Meredith, county home demonstration will test pressure cookers in her office, September 21, 22, and 23, she announces. Any one living in, or in the vicinity of Matador, is urged to bring her cooker for testing.

Miss Meredith will test cookers in the various communities in the near future.

Mr. and Mrs. David Guest spent Monday and Tuesday in Plainview where Mr. Guest went through the clinic.

MAIL DUST

By DOUGLAS MEADOR

cooled his tired old feet in all lake, swinging like a pendulum from the slender throat of pines. The air was bold and bearing the dignity of the decorum of silence. Spaces away lay a few rotting logs that had once been a part of the scars of man's vanities were almost healed. The tragedy attached to the house seemed fantastic. Before, a trapper had had his companion with a knife on the spot where he swayed, but winter of the crime. The man with the knife froze to death in and during his attempt to still carrying his partner's. The forest's delicate had washed the stains, in turn must pass. Wherein has been left the plunder of his pitiful injury, which nature conceals with the patience of a mother.

CAMPBELL'S FOOD MARKET

VICTORY GARDENS OPEN NEW FRONT FOR FALL SEASON

By Dana Ruth Meredith
County Demonstration Agent
Human effort and favorable weather conditions work together in vegetables food production. Your victory garden may have been victorious thus far but its future success depends on your ability to look ahead. Let us not

forget that the victory of the United Nations is dependant upon food production. The food you produce will go a long way in feeding the armed forces and supplying nutritious and well-planned meals here on the home front. Wholesome food is essential to a strong body and promotes clear thinking and an alert mind.

The first important step is to prepare the soil properly. Before plowing the soil, cut and remove all weeds and vegetable refuse. If turned under, molding and heating takes place, which dries out the top soil and prevents thorough cultivation. Where manure is available, spread coating over the

surface and plow it to a depth of four to five inches. It serves to increase the water holding capacity of the soil and prevents packing. Rotted compost may also be used to improve the soil tilth. Do not plow the fall garden more than four or five inches deep tends to dry out the soil and more moisture is required to wet a deep seed bed than a shallow one.

After plowing, break up all clods and lumps, rake the soil fine and smooth before sowing the seed. Remember too, that although the soil may be dry at planting time, such vegetables as spinach, beets, carrots, cabbage and lettuce mature slowly and likely will be subjected to considerable rainfall during the winter months. Vegetables carried over from

the spring planting season should have a side dressing of fertilizer. Green pepper, hot pepper, okra, field peas, pole butter beans and tomatoes make up the list. Apply the fertilizer eight or twelve inches from the plant on both sides of the row. Use three pounds per one hundred feet of row. If the soil is dry, water before applying fertilizer.

Let us make due preparation for that much anticipated fall rain. March on to Victory with your fall garden.

VISITING PARENTS

Mrs. Orvel Wells of Washington, D. C. is visiting her parents, Dr. and Mrs. A. C. Traweck, Sr. She was accompanied to Wellington, Texas, by Mr. Wells, who remained there to visit his relatives.

China Making Much Progress Despite Handicap Of War

Significant facts about China's "front behind the lines," showing to what extent the Chinese people have made possible the six-year resistance, are reported by recent visitors from that country, according to Henry Pipkin, chairman of United China Relief for Motley County.

These reports show that the Chinese people though battered and cut off from substantial outside aid, are by no means sitting around waiting for help, according to Mr. Pipkin. Under the stimulus of war, much progress has been made in development of natural resources, extension of agriculture and the creation of new industries.

"The story of China's development of oil resources is typical of these accomplishments. Before the war, China imported all her oil. In 1938, Chinese oil surveyors discovered oil in Kansu Province, 2,000 miles from Chungking, the war capital. Production started in 1941. During the first year, production totalled 200,000 gallons; during the second year, 2,000,000 gallons; during 1943, 6,000,000 gallons.

"China's shipbuilding industry is cited as another example.

"Free China today has no sea-ports. They were occupied soon after Japan started invasion. But 1,500 miles in the interior, China is building big passenger and freight vessels, anticipating the day when these can sail again on China's great rivers. Some of these ships are carried overland, smuggled through Jap lines, and set into service as naval guerrillas.

"Most of China's pre-war coal mines were either destroyed or seized by Japan. After the invasion, the machinery of some of the big mines in the war area was dismantled, hauled hundreds of miles to the West by the workers, and there set up. Today numerous large coal mines have been developed, having a total coal production of 6,000,000 tons a year and work on other coal seams in six different provinces is under way by both private and semi-official corporations.

"China's farmers are developing former arid land, and engineers have reclaimed thousands of acres of swampy land. In one province alone, production was increased by almost 84,000 acres. In Free China, almost 8,000,000 new acres have been planted to grain alone.

"The department of Agriculture in Nanking University, supported through United China Relief, has out-Burbanked Burbank in developing "new" fruits and vegetables that will flourish under widely different soil and climatic conditions.

"Take the potato. A new type is being developed by the Chinese from seed potatoes imported from us in 1941. This winter, many thousands of acres will be planted in this food.

"Before the war, scientific mining in China was in its infancy, and her boundless mineral resources in the west were fairly undeveloped. Today, despite the loss of many rich mines in the northeastern and coastal provinces, China today still possesses nearly all the potentialities necessary for the development into an important industrial nation—and she is still holding the key to many of the raw materials needed by the United Nations. Her iron reserves are estimated at more than one billion tons, for instance, and she has a substantial reserve of lead, copper, gold and manganese.

"Only assistance and cooperation from friendly nations are necessary for the greater development of China's potentialities."

Luncheon Honors Pioneer Mothers

Mrs. M. J. Reilly was hostess at a luncheon Thursday of last week, honoring a group of pioneer mothers of the community.

Places were laid with lace doilies, and attractive favors for ten guests and a low bowl containing a lovely floral arrangement formed an attractive centerpiece for the table.

Musical selections were played during the luncheon by Miss Marie Hunsucker, while "visiting" comprised the afternoon's entertainment.

Mrs. D. E. Pitts and Mrs. E. F. Springer assisted Mrs. Reilly in arranging the party and serving the following guests: Mesdames Charlie Bird, J. S. Lambert, C. W. Morris, M. L. Patton, J. E. Russell, W. W. Moore, A. D. Burleson, Harrison Williams, J. L. Moore and Mollie Wason. Oldest and youngest of the ladies were Mrs. Burleson, 90, and Mrs. Morris, 67, respectively. Others who were included on the guest list, but were unable to attend were: Mesdames I. E. Martin, W. T. Patton, N. B. Pitts and A. M. Bourland.

KARA HUNSUCKER ACCEPTS CORPUS CHRISTI POSITION

Miss Kara Hunsucker, who has been employed at Lubbock, returned here Sunday to spend the week before going to Corpus Christi, where she has accepted a position on the Corpus Christi Times. She assumed her new duties the 15th.

IN HOSPITAL

Mrs. Bob Johnson was conveyed to Lubbock Sunday, where she received X-ray treatments at Lubbock General Hospital.

ried pinions

After getting off to such a good start several weeks ago, we were shelved almost at the very onset, when our second attempt was grounded because of limited space and the necessity of some close juggling with type in order to make room for more important matters, and a few minor items, such as display advertisements.

We sure did regret this, after the swell build up given us by Mr. Bordenkircher of the F. W. Star-Telegram in his Vignettes in welcoming us back into the fraternity. (We had to put weights in our shoes to keep us on the ground, for days afterwards.)

Incidentally, we didn't, but we could have been canning okra in the interim—right out of Mr. M's Victory garden. In fact, the okra grew to such proportions that the theme song for our neighborhood

Chicken Canning Is Demonstrated

Boning and canning chicken was the demonstration given by Miss Dana Meredith at the Home Demonstration Club which met Tuesday afternoon at the home of Mrs. G. E. Hamilton.

The hour of regular meeting was changed to 3:00 p. m. during the business session presided over by the president, Mrs. D. E. Pitts.

Present at the meeting were: Mesdames D. E. Pitts, Frank Pohl, H. H. Schweitzer, W. M. Graham, R. P. Moore, Homer Sheats, W. Y. Higgins, W. N. Pipkin, R. E. Florence, J. L. Woodruff, W. B. Swim, Mrs. Hamilton and Miss Meredith.

now is, "Don't Sit Under the Okra Tree—etc., etc."

"Careless Listener Regrets."

When God gave out brains, I thought He said trains, and I missed mine.

When He gave out looks, I thought He said books, and I didn't want any.

When He gave out noses, I thought He said roses, and I ordered a big one.

When He gave out legs, I thought He said kegs, and ordered two fat ones.

When He gave out ears, I thought He said beers, and I ordered two long ones.

When He gave out chins, I thought He said gins, and I ordered a double.

Boy, am I a mess!

—Caps and lower case.

In welcoming a new editor's wife into the fold of long-sufferers, a wife of an Iowa publisher wrote the following letter to the bride:

"To George we offer congratulations for his fortitude in the face of uncertain world conditions; and for the bride, we welcome her to the long list of wives of editors! No more peace on earth—and not complete good will toward men, for you now, dear. You are a marked woman. Even your past friends won't tell you things, for fear you will 'put it in the paper'. Or, they will be sore if you forget to put it in.

This thing works both ways. When you walk down the street with George going to the movies, or a basketball game, or something, don't be surprised if you never get there. When the phone rings it may be an invitation to a party—but more likely it is somebody who wants to kill the editor, challenge him to a duel.

You'll get over being scared by this, after a while. The ones who don't phone, but land on your front steps, are the ones to watch. And remember, if the worst happens, very few editors are actually assassinated, and the uncertainty just adds zest to the whole thing.

You probably are a good cook, but you'd best forget the popovers and omelettes and concentrate on something that will keep in the icebox or oven, for, even though he frantically phones that he will

FAMILY REUNION HELD AT FLOMOT

A reunion of the Bynum family and relatives was held at the home of Mrs. A. J. Bynum at FLOMOT, September 4 and 5th, with most of the guests arriving Saturday afternoon.

All meals were cooked outdoors over an open fire. Coffee was made in a large wash pot, and chickens were fried over a camp fire. Sunday morning, a sunrise breakfast was enjoyed.

Relatives present included: Mr. and Mrs. A. B. Henry, Mr. and Mrs. Leslie Davis, Mr. and Mrs. J. D. Henry, Mr. and Mrs. Earl Huntington and three daughters and Misses Juanita, Dorothy and Betty Morris of Plainview; Mrs. Maggie Belyeu, and Mr. and Mrs. Calvin Young of Turkey; Myrtle Henry, Wellington; Mr. and Mrs. M. E. King and two sons of Phillips; Mr. and Mrs. Leslie Stephens and son, Amarillo; Mr. and Mrs. Tom Bynum, Mr. and Mrs. Floyd Bynum and children; Mr. and Mrs. William Bynum and children. Mr. and Mrs. Ralph Merritt and children; and Veryl and Alene Webb, all of FLOMOT.

Among friends attending the reunion were: Mr. and Mrs. Ralph Stapleton, Mrs. Dove Washington, Mr. and Mrs. Van Martin and sons C. W. Webb and son Lowell, Bobbie Jean and Coleen Morris, Joy and Geneva Tanner, Keith Cloyd and Calvin Earl Garrett.

Mrs. Arvil Craven of Ralls, visited here over the week-end in the home of Mr. and Mrs. G. S. Craven

be right home and must go right back, it may be some hours before he puts in an appearance, if at all. But, the tenth, or so time, he will actually come, and if things are not ready—zowie!"

Marie's idea of second childhood is an editor who spends all of a Sunday afternoon experimenting with a new set of Alpha-box. Now of course, those familiar with the trade know that the name applies to a handful of type doo-dads and ding-bats that can be joined together to make printed characters as long as from here to yonder. The results are usually either very super, or just very, depending on whether you are the creator or the critic.

Recent Bride Is Shower Honoree At Roaring Springs

A bridal shower given Saturday in the home of Mrs. Lem Miller, honored Mrs. Joe C. Meadows of Pampa, Texas, the former Frances Brown, daughter of Mrs. W. P. Cooper of Roaring Springs.

Assisting Mrs. Miller were Mrs. Maudie Williams, Mrs. Maggie Keashey and Miss Freda Keashey.

Mrs. Keashey presided at the bride's book as the guests registered. Mrs. Williams and Miss Keashey served punch. A large number of friends called between 4 and 6 o'clock.

Lieut. and Mrs. Meadows are at home in Pampa, after a honeymoon trip to Eagle's Nest, N. M.

INTEREST MANIFEST IN CHILD WELFARE AS YEAR BEGINS

The Matador Child Welfare Association met Wednesday afternoon, September 8 in the high school auditorium for the first meeting of the current school year, with thirty-nine parents, teachers and other patrons in attendance.

Due to unavoidable circumstances, Mrs. H. G. Stinnett Jr. of Plainview, president of Fourteenth District, Texas Congress of Parents and Teachers, was unable to be present. She was to have been the feature speaker of the program.

Program for the year, as outlined by Mrs. Chas. Keith, is to follow pattern set by Parents-Teachers Association, theme of which is, "Family Stakes for Freedom," designed to be of special help during the war period.

Entertainment for the grades, seventh through high school, is another important feature on the schedule of the welfare program. This is a most wholesome and project, and one that is especially needed in every community, deserving the full cooperation of every parent who has a child in this group. More time is being planned for assembly gatherings, whereas a program will be given once a month, each time by a different room. The public is cordially invited to attend these meetings.

Program Enjoyable Despite any disappointment felt at Mrs. Stinnett's inability to be present, an interesting program was given and enjoyed by the organization. Two piano solos were given by Gwendolyn Wilkinson and Dorothy Traweck, pupils of Mrs. Eva Kingery.

The association, always willing to do its part, and spurred by a talk given by Mrs. B. F. Tunnell, chairman of the Women's division of the bond-selling committee, voted to purchase two \$25 bonds.

At the conclusion of the meeting, refreshments of ice cream and cookies were served.

FORMER MATADOR GRID STAR HEADS SOFTBALL TEAM ON WEST COAST

Odell Washington, former Matador grid star, now employed with Moore's West Yard ship builders on the west coast, as manager of the yard's softball team, led his side to victory over the Livermore air base by a score of 8-1 in a recent tournament conducted by the Recreation department of the Oakland, Calif., Post-Enquirer.

Account of the tournament and a 4-column picture of "Tex" Washington being awarded the winner's trophy, appeared in the Post-Enquirer, and sent as a clipping to Mr. Washington's mother, Mrs. M. C. Washington of FLOMOT.

RETURNS FROM HOSPITAL

Miss Clotele Willie returned home Saturday from Lubbock, where she has been a patient in Lubbock General Hospital, following recent surgery.

NOTICE

The City Council of the Matador asks that each business man keep the streets in front of his place clean, for the benefit of the public health.

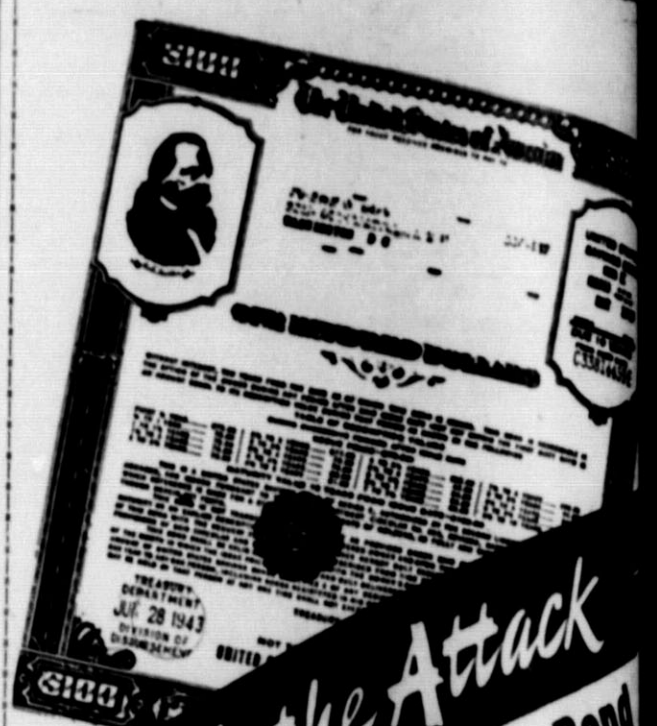

L. F. Lancaster, City Clerk

CARD OF THANKS

We wish to express our appreciation for the many kindness, words of condolence, the floral offerings and the passing of our beloved Mr. and Mrs. E. F. and family.

to let you know how appreciate the Tribune. The best letter a fellow from home, as you get things that happen mentioned in most from home.

good work going and E. Hourland 1st Bn. 501st ... these Yankees call all "gootropers."

returned home Maria, Calif., where stationed, having reparable discharge from service.

is a V-Mail letter received this week from T-5 Joe Berry Meador: Aug. 25, 1943.

Meador Tribune Texas

inished writing to Joe so decided to make it and write to you also. I take out a warrant if I am wrong about of your paper, as I as that would be purely and no offence meant.

Further word has been received from W. P. Graves, prisoner of the Japs, in a letter to his brother, W. D. Graves, formerly of Deming, N. M., now living at Flomot. The message was dated April 1, 1943, written from Branch No. 2, Tokyo Prisoner's Camp, and stated: "Am well. Hope you are all the same. Has been cold here, but is warmer now. Hope to see you all soon. Send this on to Modena and balance. With lots of love to all. As ever, W. P. Graves."

Marine Cpl. Burrell Tipton, in a recent letter, acknowledged receipt of copies of the Lubbock Avalanche, Amarillo Globe News, Wichita Falls Record News and several others, saying, "Boy, they really looked good; and you can quote me on that! I really enjoyed Mr. Guy's column where he took the glider trip. I'll bet he got a thrill too."

A-Cadet J. K. Simpson is now in training at the U. S. Naval Air Training Center, Corpus Christi, he writes to advise, saying: "I'm sending my new address so I'll not miss too many issues of the Tribune. I sure like the base here

probably won't see Joe until after the war. However, I fully intend to come to Matador and see for myself whether or not it has two streets or one, and if you couldn't spit across that one on a windy day.

Respectfully yours, Pvt. R. Gillies.

Pvt. Emmett Jackson, stationed at Fresno, California, arrived in Roaring Springs last week where he has been visiting relatives. He is returning to camp today.

Seaman Willie Gates and wife visited his mother at Flomot over the week-end. They left Sunday morning for San Francisco, Calif., where he is to report for duty.

Sgt. and Mrs. C. D. Tanner have been visiting her relatives at Vera the past week.

Pvt. Guy Kimbell Jr., of the Pampa Army Air Field, visited here this week with his wife and with relatives at Whitefiat.

Pvt. LeJuene F. Turner of Camp Howze visited his parents at Flomot over the week-end.

T-Sgt. Robert I. Watson, son of Mrs. Beatrix Watson, who has been on maneuvers near Nashville, Tenn., was in Amarillo two days last week. Mrs. Watson, of Tullia, visited him there before his departure for Camp Gordon, Ga. His wife accompanied him.

Dear Ben: Just a line to tell you of my change in address to, Lt. Jack Robinson Jr. 0-855674 512th Fighter Bomber Sqdn. 406th Fighter Bomber Grp. Congaree A.A.F. Congaree, S. D.

(Sort of long isn't it?) I don't have much time for writing now, so this will be cut short. I enjoy the Tribune as always. Thanks a lot.

Things are swell with me. Give my regards to my friends of Matador and Motley county. Sincerely, Jack.

Pfc. Richard Van Dyke writes from Shreveport, La., giving a new address as follows: 129th Ord. M. M. Co. cr. Postmaster, Shreveport. He says: "I will have to ask you to change my address again, for where I am now, the paper will sure look good, keep the home town paper coming, for there are about twenty of us who read them."

Dear Ben: Just a few lines to let you know at last I have left Camp Barkley, but I think we just went from bad to worse; we are west and south

and am plenty ready to start flying again. Thanking you, I remain Cadet J. K. Simpson, USNR Class 9A-43 C (c) U. S. Naval Air Training Center Corpus Christi, Texas

Another former Matador soldier now in England is Pfc. John Dee Cates, of the Army Medical Corps who has advised friends here that he reached foreign soil safely.

Pvt. Joe B. Rice has been transferred from Camp Wolters, Texas to Ft. Ord, California, where he is with 3rd Amp. Eng. Brig.

Pvt. Posey E. Wilcher, former Matador resident is stationed at Sheppard Field, with Station Hospital, Ward 1251, according to advice received.

Sgt. Melvin Meason has landed safely overseas, according to a cablegram received by his wife, Mrs. Mary Meason, Saturday. The message read, "All is well, landed safely. Don't worry."

Pvt. Dalton C. Hall, who has been stationed at Camp Wolters, visited in Roaring Springs this week with his brother, William L. Hall, and an uncle, Ezra Bowen. He is being transferred to another camp.

Pfc. Joe E. Campbell has been sent to Salt Lake City, Utah, from Sheppard Field, Texas, and is with Tent City Sub Air Detail.

Pvt. Thomas A. Bourland, formerly located at the Enid, Oklahoma Army Air Field, has been stationed at Independence, Kan., for the past several months, where he is with 403rd Avn. Sqdn. IAAF according to information received.

Lieut. Vance Gilbreath, who has been stationed at Camp Crowder, Missouri, visited his wife here this week, and will go from here to a new location in Florida.

Sept. 11, 1943

Dear Ben: Just a line to tell you of my change in address to, Lt. Jack Robinson Jr. 0-855674 512th Fighter Bomber Sqdn. 406th Fighter Bomber Grp. Congaree A.A.F. Congaree, S. D.

(Sort of long isn't it?) I don't have much time for writing now, so this will be cut short. I enjoy the Tribune as always. Thanks a lot.

Things are swell with me. Give my regards to my friends of Matador and Motley county. Sincerely, Jack.

He says: "I will have to ask you to change my address again, for where I am now, the paper will sure look good, keep the home town paper coming, for there are about twenty of us who read them."

Dear Ben: Just a few lines to let you know at last I have left Camp Barkley, but I think we just went from bad to worse; we are west and south

Flomot News

(By Mrs. L. B. Turner)

MEETING STARTS AT BAPTIST CHURCH

The Baptist meeting began here Wednesday evening, with Rev. A. C. Lamb of Duncan Flat doing the preaching. Rev. Walter Brian of Silverton led the singing Friday and Saturday. He plans to be here for the remainder of the meeting if his health permits.

Mrs. C. W. Webb returned home Tuesday from a visit with her daughter and family, Mr. and Mrs. Haskell Jones of Tulsa, Oklahoma. Her son-in-law accompanied her home.

Mrs. W. A. Funderburk returned home Tuesday after a brief visit with her brother and family at Estelline.

C. W. Webb made a trip to Lubbock Sunday and brought back some field hands to harvest cotton.

Mrs. Bernice Gates and son returned to Amarillo Sunday, after a week's visit with her father, R. H. Tanner.

Mr. and Mrs. A. W. Jones of Portales, N. M. visited relatives here over the week-end.

Miss Dorothy Williams returned to Lubbock Tuesday, where she will resume her studies at Texas Tech.

Harmon Moseley and son Dale Preston and Leldon Bynum returned home Sunday afternoon after several months' work in the wheat harvest. The Moseleys have been in the harvest fields since June, and Bynum joined them about the first of July. They followed the harvest through to

of Needles, California, and it was only 137 in the shade yesterday. Thanks a lot for sending me the paper and please change my address. I remain your friend, Frank A. Jameson.

PROTECT Your Home!

Back the attack... BUY WAR BONDS!

INVASION!... This is it!... Mighty America is poised!... Will you be able to say: "I personally put my full strength into the knock-out blow?"

THE Third War Loan is on. To carry the war home to our enemies, with killing fury, calls for an added 15 billion dollars, quickly. Your government merely asks you to lend your money. With every dollar of wealth in this richest of all nations as security! Mother, Father—you can't lose! But your boy—or your neighbor's boy—can! Your country can! Unless you put every ounce of your inspired strength into this final punch! Your boy, or your neighbor's boy, knows what the fruits of this devastating Allied invasion will be—the months, the dollars, the American lives it will save. And, across the miles, he is pleading—buy more and still more War Bonds—today!

STUDEBAKER BUILDS WRIGHT CYCLONE ENGINES FOR THE BOEING FLYING FORTRESS

Northfield Club Has Apple-Drying Demonstration

An interesting talk on drying fruits and vegetables, by Miss Dana Meredith, county home demonstration agent, followed by a demonstration on drying apples was enjoyed by members of the Northfield Home Demonstration Club in regular meeting September 9 in the home of Mrs. W. T. Moore.

The club was called to order at 2 p. m. and Mrs. Delmont Hays was elected council member to replace Mrs. Homer McCoy, who had resigned. Mrs. Pete Timmons was elected clerk of the club.

Following the business session, the ladies enjoyed a social hour. Each member brought a gift for the hostess.

Refreshments were served to Mesdames Delmont Hays, A. J. Matlock, Newell Timmons, Elbert Harrison, B. J. Boyd, J. B. Hoover Allen Thomas, R. B. Carnes, Pete Timmons, Claud McDonald, W. M. Wells, Juanita Fisher, Homer McCoy, Clyde Kincanon and T. B. Simpson; Misses Dana and Valeria Meredith and Glora Faye Perkins.

The club will meet Friday, September 24, at the home of Mrs. B. J. Boyd.

Mrs. Ware Fogerson and children of Silverton, visited here this week with her parents, Mr. and Mrs. R. A. Day.

Local Items

Rev. and Mrs. W. B. Vaughn of Lockney, formerly of Matador, were visitors here Saturday in the home of their son and family, Mr. and Mrs. Marvin Vaughn.

Miss Ruby Prater of Paducah, and Miss Mary Ola Tipton returned home Monday from a visit at Grandfalls, Texas with the latter's sister and family.

Miss Dean Weaver of Lubbock, visited in the home of Mr. and Mrs. M. T. Reinhardt over the week-end.

Former residents, Mr. and Mrs. Lawrence Bryan and children, Jimmie and Norma Jean, of Abilene, visited here over the week-end in the homes of their two aunts, Miss Maggie Bryan and Mrs. T. E. Cammack.

Mrs. F. F. Calhoun and young son, Arthur Fryar, who have been visiting her parents, Mr. and Mrs. A. L. Fryar at Plainview, have been guests here this week in the home of Mr. and Mrs. Henry Ford and other friends.

Mrs. George Parkhill of Crosbyton, has been the guest of Mr. and Mrs. R. E. Donovan, this week, having arrived Saturday.

Guests last week of Mr. and Mrs. Fred Simpson of Roaring Springs, accompanied by her daughter Mrs. Don T. Martin and baby son, visited friends and relatives here Sunday. Mrs. Martin and baby will go Ranger where they will join Mr. Martin in making that their home, he having recently accepted a position in the Ranger schools.

IT IS NOT NECESSARY TO BUY A BOND TO SEE "RAVAGED EARTH"

"Ravaged Earth"

A scene from Mark L. Moody's famous picture, "Ravaged Earth" presented here Monday night (one night only) by Harley Sadler, under the sponsorship of the Matador Volunteer Fire Department and the Motley County 3rd War Loan Committee. Popular admission prices will prevail, or free admission may be gained by the purchase of a War Bond. It is not necessary to buy a bond to see the show.

Local Pharmacy Becomes Agent For Lederle Line

Announcement is made by Kenneth Jeffers, manager of the Matador Drug, that he has secured the agency for the Lederle line of veterinary products, as an added service to stockmen and farmers of this area. Lederle Laboratories is well-known for veterinary biologicals and pharmaceuticals.

Never before has it been so important for farmers and ranchmen to guard the health of their valuable livestock. The immunization of horses, cattle, swine, fowl and small animals against disease costs but a trifle when compared with possible heavy losses through easily preventable infections.

Lederle laboratories is the largest makers of human and veterinary biologicals in the world, Mr. Jeffers declared. Each year the firm spends approximately a million dollars in research into human and animal diseases.

The firm is noted for its pioneering. Lederle perfected the first refined hog cholera serum, first introduced into this country an effective rabies prophylactic, developed Anthrax Spore Vaccine, was first to obtain government permission to produce an effective swine erysipelas serum, and comparatively recently, perfected equine encephalomyelitis, which stopped the nationwide epizootic of sleeping sickness among horses in 1938.

Northfield News

By Mrs. C. D. Kincannon

Mrs. R. B. Carnes returned home Monday from Long Beach, Calif., after a visit with her husband, who is stationed there.

Mr. and Mrs. Royce Florence and family of Matador visited Mr. and Mrs. D. T. Florence Sunday.

G. E. Payne of Snyder, Okla., is visiting here with his brother and wife, Mr. and Mrs. C. M. Payne and other relatives.

Mr. and Mrs. W. E. Collins and Mr. and Mrs. Tom Collins and son visited Mr. and Mrs. Harley Skidmore of Childress Saturday.

Roaring Springs NEWS

By Mrs. J. T. Mitchell

Mrs. M. S. Willis returned to her home here Monday, after an extended visit with her aged parents in O'Donnell.

Jane Braselton of Quanah, who has been visiting in the home of Mr. and Mrs. S. J. Braselton, returned to her home this week.

Dell and Donald Ray Mitchell left for their home in Amarillo, Saturday, after visiting relatives here.

Mr. and Mrs. I. D. King and children moved to Girard Monday to make their home.

Mr. and Mrs. Chas. Brooks enjoyed the privilege of having their children present in their home east of town, Sunday.

Those present were: Mr. and Mrs. Ed Whitaker and daughter of Brownfield; Mr. and Mrs. Barney Capshaw and daughter of Fort Worth; Mr. and Mrs. McElton Skaggs, Matador; Mr. and Mrs. Milton Brooks and children and Mr. and Mrs. Clarence Brooks of Roaring Springs, also Elta, Earl, Genelle, Mary Ann and Patricia, all of whom reside at home. Many friends also visited during the afternoon.

Forward March - America!

THE 3RD WAR LOAN DRIVE IS ON!

Today...YOUR COUNTRY looks to YOU to back the INVASION

3RD WAR LOAN

15 BILLION DOLLARS (NON-BANKING QUOTA)

The big drive is on! Not only on every battlefield—but on the home front, too. As the tempo of the war increases... as our fighting forces go all-out for INVASION, we folks back home must mobilize in their support.

We must back the attack with our dollars.

And that's what the 3rd War Loan Drive is for!

Today marks the opening of this vital drive, probably the most important appeal your government has ever made to you. Open your heart... and do your full part.

To reach our national quota everyone who possibly can must invest in at least one EXTRA \$100 War Bond during the drive. AT LEAST \$100. More if you can. That's in addition to your regular War Bond subscription. Invest out of your income... invest out of accumulated funds. Invest every dollar you can. For, one thing is certain—this is total war and everyone must do his full share. And that means you!

You know all about War Bonds. You know that every penny comes back to you with generous interest. That's why War Bonds are the safest investment in the world. That's why they help secure your future... hasten Victory. So now—let's all do our share. Back the invasion now—buy at least one extra \$100 War Bond in September.

Safest Investments in the World

First all steel bridge in the United States was built in 1879. It was built to span the Missouri river at Glasgow, Mo.

FARM SECURITY

(continued from page one)

operation may help them maintain peak production and avoid losses during the winter. Even those farmers with adequate feed reserves are encouraged to use winter pasture for the sake of economy.

The planting season for these grains is at hand, although good stands have been obtained from plantings as late as November 1, depending upon moisture conditions.

Farmers in Motley county who wish to produce fall and winter pastures, and who cannot obtain operating funds from usual sources, are invited by Mr. Weatherall to contact him in the near future.

"Farm Security loan funds for the purpose of helping farmers seed winter pasture are necessarily limited; hence I would suggest that farmers who will need the lending facilities of this agency make their application at the earliest possible date."

Local Items

Wanell Seal of Cee Vee, is attending Matador High School, and making her home with her sister, Mrs. R. L. Brandon.

Miss Maggie Bryan, accompanied by Patsy Sheridan, visited relatives in Amarillo several days last week.

Mrs. M. P. Fulkerson of Lockney, former Matador resident, visited with friends and relatives here during the past week.

BOND DRIVE . . .

(continued from page one)

realized, we will have many early buyers who will reconsider their purchases and increase them. In fact our only hope now seems to rest with this possibility, especially with those who have told us that they would buy more bonds if needed. We have practically exhausted our list of prospects. A vast amount of hard work is ahead of us."

School Programs Today

Estimates were as high as \$1,000 for the amount of bonds which may be purchased by school students here during a bond drive program at the high school this morning. Roaring Springs is holding a similar program.

Sanitary Condition Of Eating Places Affected By Public

AUSTIN—"Texas health officials are making every effort to improve the sanitary conditions of public eating places, and in addition schools are conducted to instruct foodhandlers. Moreover there are laws, rules, and regulations requiring the use of approved equipment and methods in such establishments. Nevertheless, one of the most forceful influences for sanitation is not being used and that is the public's unfavorable reaction toward dirty and insanitary places," states Dr. Geo. W. Cox, State Health Officer.

"The public cannot do the job entirely, nor can health departments bring about desirable and essential practices without the help of the public. As for hygienic practices, persons serving food and drink should be clean; should not cough and sneeze over the utensils and material served; should keep their hands away from their mouth and nose, hair and face; should handle all utensils by the outside instead of putting their fingers on the inside of service utensils. These are conditions a person can see, and unless these safeguards are practiced disease may result."

Also milk served can be appraised by the patron. Texas law requires that a milk bottle cap state grade of milk and whether it is raw or pasteurized. However, if milk is brought to a patron in a glass, he cannot know whether it

is from a graded supply or whether it is raw or pasteurized, but if served properly in its original container, with covered cap and legal label, the patron can secure from the label the information he should have before ever being willing to drink strange milk.

The patron should note sanitation conditions in food establishments. Are the floors, walls, ceiling clean? Are tables and counters clean? Are pies and other ready-to-serve foods protected from dust, dirt, and flies. Are flies prevalent?

"Be assured that what can be seen as a patron at the table or counter usually will be many times better, cleaner, and safer than conditions in the kitchen and other places out of sight of the patron," Dr. Cox warns.

Feeding Cottonseed Declared Wasteful

(Editorial from September "Progressive Farmer")

In recent months cotton farmers have had difficulty in getting enough cottonseed meal to feed their livestock properly. This has led many of them to consider the advisability of withholding enough of their own seed from the crushing plants to feed the livestock on their farms.

If this practice becomes widespread throughout the South, it will have a disastrous effect on the Government's efforts to maintain an adequate supply of vegetable oils and linters. It will also mean a tremendous waste of our

feed resources. Pound for pound, cotton seed is nowhere near equal cottonseed meal as a feed. In fact a ton of meal is worth more than 1 1/2 tons of seed for feeding. Cotton seed can hardly be classed as either a carbohydrate or protein feed. It occupies the middle ground between the two. Farmers usually find that where they feed enough cotton seed to balance their grain, stock begin to scour.

Farmers who supply the oil mills with seed feel that they should have a priority on enough meal to feed their livestock. The oil mills recognize their obligations to the farmers who produce the seed with which their mills are operated. There is a sort of unwritten law among them that they must supply homefolks first, especially, the cotton farmers.

Some of the oil mills issue certificates showing the amount of seed a farmer has sold on a certain amount. Methods by which the amounts of cotton farmers are met will vary from one to another.

BIRTHDAY DINNER

G. E. Hamilton was Saturday, September 14, special dinner in celebration of his birthday.

Guests for the occasion were Mr. and Mrs. W. L. McCall and Mrs. Fred Bourland; Mrs. Lige Cooper; Mrs. W. H. Timmons; Mrs. W. H. Timmons; Mrs. Ola Winn, Mrs. Madison and Tom Hamilton, Matador.

"I'm Not Dreamin' of a Utopia!"

Indeed, I'm not!" the soldier said, as he lifted his head high and looked into the future.

"I'm dreaming of something much more real and much more American than that! I'm dreamin' of an OPPORTUNITY" he continued, "of the chance to make a living the American way—working till I'm tired, but very happy, the way my Dad always has.

"That's what all of us soldiers are dreaming about. Honest, we don't want dole or charity. We just want to be back in our own home towns in the little yellow houses on Main Street making a living down at Joe's garage, while we're saving money to buy one of our own.

"This American way of living, this system of free enterprise, has certainly done a wonderful thing for the war—take the electric industry for example—90% of all the electric power supplying the munitions is being produced by companies like the one in my home town. That same company serves lots of home towns, and it's doing a big job for all of us soldiers by perpetuating freedom of enterprise.

"That's the opportunity we soldiers are dreaming about. It's bred into the very soul of American life. It means that any man or woman is free to create a business that fills a particular need in my town or any other community, just so long as they give the best possible service at the lowest possible cost to the most people.

"That's what I'm fighting for!
 "That's what I'm dreamin' about!"

West Texas Utilities Company

The Only Way You Can Help BUY ANOTHER BOND

Somewhere in New Guinea these wounded soldiers await evacuation. Flat on their backs, in the steaming heat of the jungle, where mosquitoes plague the air and ants and mosquitoes torment weary bodies, they dream of home . . . of clean white sheets and the touch of cool, comforting hands. You can help provide modern hospitals and the medicines they need for their recuperation by putting every dollar you can into War Bonds during the Third War Loan.
