

# Long Drought is Broken in County

## Matador Tribune

VOL. 20, NO. 23

MATADOR, MOTLEY COUNTY, TEXAS, THURSDAY, AUGUST 29, 1945

PRICE 5c

### TRAIL DUST

By DOUGLAS MEADOR

Hanging across the western sky, a line of white clouds swayed like the cloth of men's dreams, washed clean of hates and fears and free from stains of stubborn memories. The earth was soft and cool beneath my cheek, smelling of rain, damp sage and rotting cottonwood roots. Above me the green leaves seemed fastened against the sky, except the high limb where a scissortail alighted softly, paused a moment and sprang again into flight. I dug my toe into the moist sand and tried to vision the scene through the bird's eyes. An ant hurried across my bare foot and a small green worm was measuring the leg of my bleached overalls. Walking on the wet, rippled sand in the creek bed, I found a small eddy of rich chocolate mud and stepped in it deliberately to observe the spiraling strips ooze up between my toes. Farther up the stream I reached the last pour-off and climbed up the low bluff. Crossing the little valley I found two bleached tarrapin shells gleaming like white skulls pushing up through the grass and speculated on the cause of their deaths. Beyond the dark green hackberry tree where I had intended to explore a dove's nest, I heard my mother calling. I tried to estimate the extent of her impatience by the sound of her voice as I spread the fence wires and entered the field. Over the hill I could see her going toward the garden with two hoes and felt assured she had not been calling me more than 30 minutes. I stopped by the well for a gourd of water and to wash the mud from my feet, then looked at the sun. It was the summer we had no clock and seemed to have an abundance of time.

Repeat customers at the bar of folly never receive one on the house.

Friends are loaned from heaven with no more requirement than their regular repair with friendship.

All through the laughing night the cowboy listened to echoes of the blonde girl's song. It hurried ahead of him to the moon shadows of canyons as he rode back to camp from the brush arbor meeting. She had stood by the organ with the other singers but she was like a strange, exotic flower, alone and sublime in a field of wheat. The cowboy twisted the soft brim of his hat when she rose and sang the simple ballad. It was the whispering of the winds across a thousand prairies, the paths of a lost horse's neigh and the terror of a distant coyote's cry. All the misery and laughter in the world seemed blended in her voice. Like a tide pouring in from the walls of night, he felt all the loneliness of his life engulf his soul as the slender girl finished her song with the light of flickering torches on her face. He remembered the hidden smile behind her eyes, after he reached the wagon and unrolled his bed. There was no oblivion in his sleep because pieces of her voice followed his dreams like sparkling water in a crystal goblet. He could hear the bell horse in the remuda when he awoke long before the first overture of dawn. He rolled a cigarette and watched the white wafer of moon bounce on the horizon. Cowboys were rousing about him and the moon had gone. Bits of the girl's song fell out of his thoughts and there was a melancholy quality in early autumn wind. He remembered the prayers for rain at the meeting, but it would come too late. The nesters were moving out and the golden girl would go with them.

### First 1946 Cotton Is Sold at 40c Per Pound

Shades of 1919. First bale of 1946 cotton ginned in Motley County was purchased by Manley Thompson, manager of Spears gin at 40c per pound, about 6c above the market price.

C. M. Barton, Jr., brought 2,700 pounds of snaps to the gin Thursday afternoon and received a 554-pound bale plus 152 pounds of lint remnant which will be held for a future bale. The grower received \$221.60 for the bale and \$33.30 for the 1,110 pounds of seed (price based at \$60 per ton.) Ginning was contributed by Spears Gin.

The cotton was grown on the Charlie Barton farm about 20 miles north of Matador (Barton community) and pulled from about 40 acres of early planting. Mr. Barton has 263 acres of cotton and estimates that he may make 75 bales without further rainfall. In event of rain and late frost, the yield may be greater.

Merchants and businessmen of Matador contributed \$173.50 in cash as a premium for the first bale, making a total of \$428.40.

### Haile Back To Helm Of Pioneers

For the 17th consecutive year, C. C. Haile of Afton was named president of the Motley-Dickens counties Old Settlers Association at the organization's 24th annual meeting held at Roaring Springs, Thursday and Friday. Only change in former officials was that of vice-president when U. L. Willie of Matador was named to serve during the fiscal year. Mrs. M. D. Freeman is secretary-treasurer of the organization.

What was declared by pioneer residents as one of the largest crowds ever to attend a reunion filled all available space at the Pioneer Pavilion, Thursday and Friday. Baseball games and rodeo performances were well-attended as were the meetings of pioneers at the pavilion.

Rodeo winners At the rodeo, first day calf-roping winners were as follows: 1st Jack Johnson, 16.2; second, Cotton Stephens, 17.1; third Herb Martin, 18.2; fourth W. E. Burleson, 19; fifth, Will Lee, 20.4.

Second day calf-roping winners were first, Skeet Burks, 16.3; second, Tutt Garnett, 18.2; third, Quinn Martin, 21.2; fourth, Truett Smith, 22.1; fifth, Leland Timmons and Bille Jo Stephens (tied), 24.1.

Ribbon roping winners for Thursday were: first, W. E. Burleson, 7.1; second, John Moore, 7.4; third, Allan Thomas, 9; fourth, Bille Joe Stephens (no time given); fifth, Sonny Russell and Cotton Stephens (tied), 10.

Ribbon roping winners for Friday were: first, John Moore, 11.3; second, W. E. Burleson, 12; third, Fred Dalby, 13.2; fourth, See PIONEERS Back Page

### Methodist Revival To Be At Whiteflat

The Whiteflat Methodist Church will begin a revival meeting tomorrow (Friday) night, which will continue thru September 8, it was announced this week by the pastor, Rev. E. N. Goode.

Rev. Lemuel Hester of Weimert, Texas, will do the preaching. Morning and evening services will be held, Rev. Goode said, and everyone is extended a cordial invitation to attend.

### Bank To Observe Labor Day Holiday

First State Bank of Matador will observe Labor Day, national holiday, by remaining closed Monday, September 2, officials announced this week.

### Matador Vets Can File For Pay On Unused Leave Bill

Application blanks for servicemen wishing to file claims for unused leave are now available at the Matador Auto Company, according to J. L. Woodruff and Dick Groves, American Legion members.

Under the recently passed Armed Forces Leave Act of 1946 non-commissioned veterans may receive compensation for leave they did not use. The act is designed similarly to the terminal leave pay of officers of the Army and Navy.

Veterans applying for the blanks must bring a certified copy of their discharge. There will be no charge for aid rendered in helping applicants to fill out the forms.

### Funeral Held For Accident Victim

Funeral services were held Sunday at the First Baptist Church for A. E. Westmoreland, 56, retired farmer and Matador resident for 26 years who was killed last Thursday in an automobile accident four miles east of Guthrie.

Rev. H. G. Verner conducted the services, and interment was in East Mound cemetery under direction of Bryan McDonald, Funeral Home of Matador. Pallbearers were: Joe Gaines, L. H. Drickson, W. L. McWilliams, Rev. C. B. Bowen, John Barton and Sam Wilkinson.

With Mr. Westmoreland at the time of the accident was his wife, Mrs. Ollie Westmoreland, who was critically injured and taken to a Paducah hospital where she remained for observation until Friday afternoon.

### County In Line With State Vote

Motley County fell in line with the rest of the state in the governor's race last Saturday. Residents of the county gave Beauford Jester 451 votes and Homer P. Rainey 182 votes.

The only districts in the county which gave an affirmative nod to Rainey were Union Corner and Folley communities. Rainey took Union Corner 9-0 and Folley 14-0.

### SOCIAL JUSTICE FOR NEGROES IS MINISTER'S PLEA

A mixed crowd of Negroes and Whites met Sunday at the Macedonia Baptist Church and listened to Rev. W. M. Carrington, 72-year-old Negro evangelist, plead for social justice for his race. Rev. J. D. Thorn, who is currently conducting a revival at the First Baptist Church, also addressed the group.

"A Christian civilization is not based upon race, but grace," the Negro minister said. "It is not based upon white, but right, it is not based upon blacks, but facts."

Mentioning the desirability of "social justice" for Negroes, Reverend Carrington declared "If anybody thinks we can be comfortable, I would ask him to change places with us. We are appealing to the White Christian people not for social equality, but for social justice."

Rev. H. G. Verner, pastor of the First Baptist Church, introduced Reverend Thorn, who traced the progress of the Negro race.

Rev. Thorn pointed out that the Negroes were living in "African heathenism" 300 years ago and were living in slavery 100 years ago, and that their progress since those times has been rapid. He advised the Negroes in the group to beware of fanatics who would lead their race astray.

### Flomot Girl Hurt In Auto Accident

Raldena Martin, 16, daughter of Mr. and Mrs. Raldo Martin of Flomot, last Thursday received a broken right arm and a broken right ankle when she was thrown from a car fender which she was riding.

The accident occurred on the River Hill road between Roaring Springs and Matador when the vehicle which the Martin girl was riding ran into the rear of another automobile. The girl was enroute home from the Old Settlers Reunion at the time.

Miss Martin was treated at Stanley Clinic and released Sunday.

Mr. and Mrs. Euman Lyles of Turkey spent the week end here visiting her parents, Mr. and Mrs. C. Warren.

### Home Demo Peaches Ready To Deliver

Colorado Elberta peaches, procured by the Motley county home demonstration marketing committee, are now ready for delivery, according to Miss Mary Katherine Cook, county home demonstration agent.

The high-quality peaches, measuring 2 1/2 inches and "brushed" free of fuzz, are priced at \$4 per bushel.

Orders are being received at Campbell's Food Market and must be placed not later than Saturday, August 31, Miss Cook declared.

Members of the marketing committee urged everyone interested in securing good canning fruit, to cooperate by placing their orders at once. No orders can be received after Saturday.

Advice from the Colorado growers declare the fruit is now ripe and ready for delivery.

### Local Gas Firms To Boost Prices

Advertised elsewhere in this issue of the Tribune is a price increase on all butane and propane gases which will become effective September 1.

Both the Matador Butane Company and the Freeman Thacker Butane Company will boost their prices to meet increases which have been put into practice at gas refineries.

### Lion Directors Will Meet Monday

First September meeting of Matador Lions Club directors will be held at Marvin's cafe at 6:30 a. m. Monday. Regular club meeting will be held in the Methodist church basement at 12:30 p. m. Tuesday.

Card notices have already been mailed to directors urging 100% attendance at the early Monday morning meeting. Many important problems await consideration, according to club officials.

Greater stress will be placed on attendance through the month of September according to plans being formulated. Lions International has outlined a 100% attendance program which is designed to stimulate enthusiasm for the year's work, impress members and others by a display of strength and start International attendance contests in full strength.

### Farmers and Ranchers See a Brighter Future

Marvin Allen, AAA administrative officer at Matador, will address the 21-county AAA administrative officers' meeting Friday at Wichita Falls. He will speak on "Conservation Materials and Services."

Gary Barnes, state farm supervisor, was originally scheduled to make the talk. The meeting is the regular 3-month gathering of administrative officers of district three.

### Pupils Are Signed For Fall Term

Registration of Matador High School's 100-odd students began at 10 a. m. this morning when the dignified seniors looked over their teachers and textbooks and renewed friendships. The faculty made no bones about their happiness to be back in the harness—particularly at a salary boost to \$165.

School officials said that the salary boost was only temporary and that the pros would get a substantial raise when the problems of consolidation have been worked out.

For the benefit of the sophomores and freshmen, who won't register until 1 and 3 p. m. tomorrow, Superintendent Bert Ezzell made public his faculty lineup.

Ezzell will teach civics and American history; High School Principal Vance Gilbreath will explain algebra, geometry and chemistry; Head Coach Brady Thomas will double in world history junior business; Mrs. Mae McKenzie will tutor in commercial work and Spanish; Miss Irene Feussel will instruct in home economics; Miss June Coleman in English; and Mrs. Verner McWilliams will advance the theory of biology.

Two resignations preceded the registration. Bob Percival, recently appointed grade school principal, went to a higher salary at Wellington, leaving his See SCHOOL Back Page

### 'Day by Day' Cleaners to Open Sept. 2

Matador's newest business enterprise will open Monday, September 2. "Day by Day Cleaners" owned and operated by R. A. (Riley) Day and son E. A. Day will start the new equipment in their new building as soon as they have enough clothes to fill the washer.

The father-son partnership will hold open house Saturday, August 31, at which the public is invited to inspect the new quarters and equipment. Clothes will be received Saturday for cleaning and pressing and be ready for delivery Monday.

Located on Highway 70 one block east of the Magnolia station, the new building is impressive. It fronts the north with two entrances. The cleaning plant will occupy only the east half of the 60 x 50 building. The west 30 x 50 is for rent.

Every article of equipment is new and of the latest design. Two new Hoffman presses are separated by the steam puff-iron table equipped with four heads of various shapes. Steam is supplied by the McKee gas-fired automatic steam boiler. The boiler is equipped with a return water system which returns hot water that has been changed from steam used by the presses and other equipment. The action is automatic. The plant is equipped with an Elcco steam spotting board.

The modern Huebsch tumbler has an automatic fire control device which injects wet steam in event of fire ignited by static See DAY BY DAY Page 8

### Marvin Allen To Address AAA Meeting

Marvin Allen, AAA administrative officer at Matador, will address the 21-county AAA administrative officers' meeting Friday at Wichita Falls. He will speak on "Conservation Materials and Services."

Gary Barnes, state farm supervisor, was originally scheduled to make the talk. The meeting is the regular 3-month gathering of administrative officers of district three.

### Rainfall Here Is Over 1 1/2 Inches

DROUGHT-BREAKING RAINS fell over most of the Panhandle early this week to end one of the most severe "dry spells" within the memory of old-timers. Welcomed with almost equal enthusiasm was the relief from high mercury readings that have plagued much of the state for the past six weeks. From the 100 degree slot, temperatures skidded to 68 here yesterday.

Official reading of the city wells rain gauge yesterday afternoon was 1.40 inches but later showers about nightfall are believed to have brought the total over 1.50 inches. Skies at midnight were still heavy. Rains have been reported from all sections of the Panhandle area. Lubbock had approximately 2.50 inches.

Rain fell all the way from Vernon west yesterday with Paducah receiving another flash flood according to travelers. U. L. Willie said yesterday afternoon that he estimated three inches had fallen at Roaring Springs. All other areas of the county have reported good rains.

Critical situation for the cattlemen and stock farmer has been relieved. The rainfall will be of great benefit to late cotton and will raise the county's production for beyond earlier estimates, growers believe. Late cotton in particular will be benefited.

Cattlemen faced the situation of no feed and none available. With "reasonable late" frost it is believed that sufficient feeds will be produced to supply local needs. The entire outlook has been greatly improved which also includes the improvement of the grass situation. Again West Texas may live up to its time-worn slogan: "Promise the moon and give th least or promise the least and produce the most of any country in the world."

### QUAIL SEASON TO BE CLOSED

Ranchers and members of the Motley County Game Management Association last Thursday voted 41-1 in favor of closing the quail season in Motley County.

The action of the association will be referred to the executive committee of the group who will refer the matter to the state legislature, according to J. R. Emmons, county agent.

Only a special session of the legislature can make the proposal effective this year, as the quail season begins on December 1 and closes January 16. Otherwise the season will not be closed until 1947.

Proponents of the closing of the season were land owners who reported that the shortage of quail was greater this year than it ever had been, but not all landowners held this opinion.

At last Thursday night's meeting, A. S. Jackson, biologist for the state game commission of Austin, told the group that Motley County had the best game organization in the state and that several other counties were basing their game units on the one of this county.

Those on the executive committee who will work out the details are Gus Bird, Elbert Reeves, L. A. Stearns, Mervin Green, and U. L. Willie.

### GI AG Classes To Be Talked Tuesday

Veterans of Motley County and Veteran's Administration officials will discuss the possibilities of establishing vocational agricultural classes under the G. I. Bill at 8 p. m. Tuesday in the courtroom at Matador, according to J. R. Emmons, county agent.

Principal speaker at the meeting will be T. L. Leach, agricultural advisor for the Veteran's Administration at Lubbock. Leach will bring an official from the VA office in Paducah.

As tentatively planned, vocational agricultural classes will be held in any community which can provide a class quorum. Instructions will be sent out from the VA offices, according to Emmons.

Mrs. Martha Edwards of Sacramento, Calif., arrived Tuesday for a visit with her sister, Mrs. H. Williams, in the home of the latter's daughter, Mrs. Edith Sanders.

James Rufus Fish of Dallas and his brother, John Farris Fish who has been visiting him, returned to Matador Tuesday evening and are visiting their parents, Mr. and Mrs. J. Farris

Fish. Gordon Russell, who is enrolled at Hardin-Simmons University, Abilene, is visiting his parents, Mr. and Mrs. Eddie Russell between summer and

fall semesters. Mr. Russell, accompanied by Jackie Bradshaw, drove to Abilene Monday to accompany him home. Mr. and Mrs. J. H. Barrett and son Landon of Happy, visited here Tuesday with Mrs. Barrett's sister, Mrs. H. G. Verner and family.

Nature's Forces Hold the Rings Around Saturn...

### and OIL-PLATE Your Engine!

NO one knows just why Saturn is the only planet to have rings around it. We do know, however, that mighty forces of gravitational attraction hold them there. Through extensive research into the forces of attraction between molecules of liquids and solids, Conoco scientists are able to bring America's motorists the benefits of new and better oils.

Using the force of molecular attraction (basic force that holds things together), a special ingredient in Conoco N<sup>th</sup> motor oil is attracted to working surfaces of your engine. In fact, so strong is this attraction that cylinder walls are OIL-PLATED.

And because molecular attraction holds Conoco OIL-PLATING up where it belongs... prevents it from all draining down to

the crankcase, even overnight... you get these benefits:

- added protection during the vital periods when you first start your engine
- added protection from corrosive action when your engine is not in use
- added protection from wear that leads to fouling sludge and carbon
- added smooth, silent miles

That's why you'd be safer to OIL-PLATE your engine now... at Your Conoco Mileage Merchant's. Look for the red triangle. Continental Oil Company

## Electric ROASTERS

Homemakers unanimously acclaim the new all purpose electric roaster as one of the most useful of household appliances. It is a miniature range—not a toy—and is used for auxiliary cooking by many of our electric range customers.

Roasting, frying, baking and broiling are equally easily accomplished with modern electric roasters.

West Texas Utilities Company

### R. Springs News

M-Sgt. Billy Sanders is home this week on furlough. He is en route to Sherman.

Mr. and Mrs. James Harmon of Canyon are here visiting relatives this week.

Mr. and Mrs. Lewis Judd and son of California are visiting her parents, Mr. and Mrs. J. M. Carpenter.

Mr. and Mrs. Vester Shirley arrived home this week after a honeymoon trip to Washington and Canada.

H. J. R. No. 49

HOUSE JOINT RESOLUTION proposing an amendment to Article VIII of the Constitution of the State of Texas by adding thereto a new section to be known as "Section 7-a", providing that subject to legislative appropriation, allocation and direction all net revenues derived from the taxes, except gross production and ad valorem taxes, levied on motor fuels and lubricants and motor vehicle registration fees shall be used for the sole purposes of acquiring rights-of-way for and constructing and maintaining public roadways, for the administration of laws pertaining to traffic and safety; and for the payment of principal and interest on county and road district bonds or warrants voted or issued prior to January 2, 1939, and declared eligible prior to January 2, 1945, for payment out of the County and Road District Highway Fund under existing law provided, however, that one-fourth (1/4) of such net revenue from the motor fuel tax shall be allocated to the Available School Fund; providing and insuring that each county shall never derive less revenue from motor registration fees than the maximum amounts and percentages

of such fees allowed to be retained by each county under the laws in effect on January 1, 1945; negating any interpretation of this amendment as authorizing the pledging of the State's credit for any purpose; providing for the submission of this amendment to the voters of this State; prescribing the form of ballot; and providing for the proclamation of the election and the publication thereof.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Sec. 1. That Article VIII of the Constitution of the State of Texas be amended by adding thereto a new Section to be known as 7-a and to read as follows:

"Section 7-a. Subject to legislative appropriation, allocation and direction, all net revenues remaining after payment of all refunds allowed by law and expenses of collection derived from motor vehicle registration fees, and all taxes, except gross production and ad valorem taxes, on motor fuels and lubricants used to propel motor vehicles over public roadways, shall be used for the sole purpose of acquiring rights-of-way, constructing, maintaining, and policing such public roadways, and for the administration of such laws as may be prescribed by the Legislature pertaining to the supervision of traffic and safety on such roads; and for the payment of the principal and interest on county and road district bonds or warrants voted or issued prior to January 2, 1939, and declared eligible prior to January 2, 1945, for payment out of the County and Road District Highway Fund under existing law provided, however, that one-fourth (1/4) of such net revenue from the motor fuel tax shall be allocated to the Available School Fund; and, provided, however, that the net revenue derived by counties from motor vehicle registration fees shall never be less than the maximum amounts allowed to be retained by each County and the percentage allowed to be retained by each County under the

laws in effect on January 1, 1945. Nothing contained herein shall be construed as authorizing the pledging of the State's credit for any purpose."

Sec. 2. The foregoing Amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at the General Election to be held in November, 1946, at which election each ballot shall have printed thereon the following words:

"FOR the Amendment to the Constitution of the State providing that subject to legislative appropriation, allocation and direction all net revenues derived from taxes, except gross production and ad valorem taxes, levied on motor fuels and lubricants and motor vehicle registration fees shall be used for the sole purposes of acquiring rights-of-way for and constructing and maintaining public roadways, for the administration of laws pertaining to traffic and safety; and for the payment of principal and interest on county and road district bonds or warrants voted or issued prior to January 2, 1939, and declared eligible for debt service prior to January 2, 1945; providing that one-fourth (1/4) of such net revenue from the motor fuel tax shall be allocated to the Available School Fund; providing and insuring that each county shall never derive less revenue from motor registration fees than the maximum amounts and percentages of such fees allowed to be retained by each county under the laws in effect on January 1, 1945; and negating any interpretation of this amendment as authorizing the pledging of the State's credit for any purpose."

"Each voter shall strike out with pen or pencil the clause which he desires to vote against so as to indicate whether he is voting FOR or AGAINST said proposed amendment."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution for Amendments thereto.

be used for the sole purpose of acquiring rights-of-way for and constructing and maintaining public roadways; for the administration of laws pertaining to traffic and safety; and for the payment of principal and interest on county and road district bonds or warrants voted or issued prior to January 2, 1939, and declared eligible for debt service prior to January 2, 1945, providing that one-fourth (1/4) of such net revenue from the motor fuel tax shall be allocated to the Available School Fund; providing and insuring that each county shall never derive less revenue from motor registration fees than the maximum amounts and percentages of such fees allowed to be retained by each county under the laws in effect on January 1, 1945; and negating any interpretation of this amendment as authorizing the pledging of the State's credit for any purpose.

### Revolutionize Future Air Attacks

Official U.S. Army Photograph

Greatly increased accuracy in future bombing attacks is forecast by this remarkable, just-released photo of guided bombs at work. In a test run from 10,000 ft. during a test raid on a Jap-held bridge late in the war, it shows three guided bombs, called Azon, bursting squarely on target. To left, standard bombs simultaneously released exploded in air; and scores of craters testify to failure of previous standard bomb attacks. Developed by Gulf Oil research for the Air Corps, Azon bombs are steered by the bombardier through radios in their tails right onto the target. Introduced in final stages of the war, guided bombs have since been improved. The Razon bomb, an advance over Azon, has been developed, adding still further precision to U.S. power.

### Thomas To Face Fall Football Schedule With 33 Matadors — And No Grid Shoes

Thirty-three Matadors will begin their preliminary football training Monday afternoon in an effort to whip themselves into shape for the coming football season, according to Brady Thomas, the new coach. The only apparent gloom on the football horizon is that of equipment, although the football uniforms are expected to arrive sometime next week. Most of the remaining equipment has arrived, but it appears doubtful that the 1947 Matadors will be playing in new grid shoes. As a matter of fact, sporting goods supply houses have advised Matador High School that most of the smaller community football teams will have to go through the season on tennis shoes — a course which the Matadors may have to follow. Nevertheless, this news has had little effect on the morale of the players or fans. Thomas has previously come out with a rather optimistic view on the chances of the Matadors copping the football cup for this district, but a fairly stiff schedule, which will be announced later, tends to sober any sort of over-optimism. Those who will report for Monday include the two 1946 co-captains, Tom Rufus (Fud) Edmondson, and Wayne (Mule) Timmons. Others to check in will be Bob Rushing, Leo Archer, Lewis Blevins, Don Bradley, Bobby Browning, Nevada Cook, Hal Courtney, Herbert Garth, R. C. Giesecke, W. C. Graham, J. H. Irwin, Bobby Jameson, Loren Jones, Albert Marshall, W. F. McCaghren, Norman Neighbors, Bonner Nelson, D. R. Norton, James Price, Garland Rattan, John Rogers, Thomas Sanders,

### Swine Directory To Be Published Soon

COLLEGE STATION, An official Texas Swine Breeders Directory will soon be available to hog growers, farmers, 4-H FFA boys all over the state. The directory, put out by the educational committee of the Texas Swine Breeders Association, will contain a description and brief history of every breed of hog in Texas, plus a list of breeders in the state with the particular type swine that each raises. In addition the directory will have educational articles on swine breeding, selecting and management, written by outstanding authorities.

Forty thousand copies of the directory will be printed, says Regenbrecht. It will be a 100-page publication, 40 pages of which will contain educational material.

### New System Worked By Cotton Farmer

COLLEGE STATION, Here's another way to beat the labor shortage.

Bill Nordt, Washington Co. farmer who works with a tractor and two-row equipment, plows two rows and skips two rows the first time over a cotton field. On the second trip, he hooks up his four row cotton duster in connection with his cultivator and dusts insects on four rows of cotton while plowing the alternate rows he skipped on the previous plowing.

By this method he saves the time and work involved in one extra trip over the entire field. Joe C. Froese, Washington Co. agricultural agent, says that this is one of many shortcuts worked out by farmers in that county during the critical labor shortage.

Mr. and Mrs. Henry Ford returned home Sunday from a vacation trip to Oregon and Washington.

Mrs. Julia Cornett spent the week end visiting her daughter, Mrs. Carl Cooper and family at Plainview. On her return home Tuesday, she was accompanied by Mrs. Cooper and her two daughters.

Norman Seigler, B. D. Smallwood, B. J. Stephens, N. G. Spray, M. L. Spray, W. W. Spray, D. R. Wason, James White and Jack Wood.

### Scientists Discover Accepted Theory Regarding Athlete's Foot to Be False

Scientists sweating over their feet tubes have given the hotfoot to one pet theory about athlete's foot — the one that says perspiration is the cause.

The fact is, it isn't so much the humidity as the feet. Paradoxically, perspiration has furnished the cure for the ailment.

It is now available commercially under the name of Sopronol. It's a name for propionic acid, which scientists discovered in human sweat. This acid, oddly, destroys completely the fungus between the toes we call athlete's foot.

Extensive Research Sopronol, which can now be secured at all drug stores, was uncovered after extensive research involving an inquiry into the acidity of the skin and the complete examination of the antiseptic action of a whole series of fatty acids.

First step was the discovery by scientist W. F. Bruce that acids containing an odd number of carbon atoms, including propionic acid which has three, destroyed bacteria.

Next, two other research men, S. M. Peck and H. Rosenfeld, interested in the possibility that human perspiration might contain immu-

nities to parasitic and fungus infections, found that the propionic acid found in sweat totally inhibited the growth of typical fungi at certain concentrations of the acid.

People tended to laugh at Peck's discovery because it insinuated that the more you perspire the less chance you have of getting athlete's foot, which, they knew, was not true.

Explained Peck explained this too, however. It seems that between the toes, where infection is most prevalent, the perspiration is not true sweat but "insensible perspiration." In other words, little more than water and salt. This false sweat does not contain the propionic acid, which is present only in the true sweat produced by the sweat glands and given off in more dry areas of the skin.

This is why you ought to be glad that you perspire in the summer. Otherwise, you would have athlete's foot instead of athlete's foot. And now, thanks to science, you don't even have to have athlete's foot. The propionic acid found in sweat has been isolated and prepared for your use.

### Navy Corpomen To Get Extended Duty

All male hospital corpomen of the Navy with less than 18 months service will be given an additional six months assignment, regardless of eligibility of discharge, authorities of the Eighth Naval District have announced.

A large number of war casualties was given as the reason for the extension of service. Demobilization of WAVE hospital corpomen will not be effected by the order, but a plea for volunteer postponement of demobilization for any period between September 1 and July, 1947, has been issued by the Navy Department.

### HITCH-JOHNSON

Miss Louise Johnson, granddaughter of Mr. and Mrs. Ed Hutson of Roaring Springs, and Harlen Hitch of Andrews, Texas, were united in marriage Saturday night, August 24, by Rev. C. Stonecipher, Baptist minister of Roaring Springs. They were accompanied by Mr. and Mrs. W. J. Hamm Jr., of Afton, aunt and uncle of the bride.

### BOURLANDS HOLD FAMILY REUNION

A family reunion was held in Lubbock Tuesday of last week, in the A. M. Bourland home, and for the first time in ten years that so many of the children were together. All were present with the exception of Clyde Bourland.

Those present were: Carroll Bourland of Orlando, Florida, Edwin Bourland of Oklahoma City, Okla., Mr. and Mrs. Scott Bolton of Quitaque, Mr. and Mrs. Fred Bourland and family, Mr. and Mrs. D. P. Keith and family and Mrs. Perry Lee Marshall of Matador.

The mother, Mrs. A. M. Bourland was at home for the occasion, but was returned to St. Mary's Hospital Wednesday,

### ATTENDING 4-H ROUNDUP

Miss Mary Katherine Cook, county home demonstration agent, and J. R. Emmons, county agent, left Monday for Bryan where they will attend the Texas 4-H Roundup at Texas A&M. The meeting will last until Friday.

Emmons will return at the close of the roundup, but Miss Cook will begin her vacation then. She will visit friends in New York City and will return September 16.

Local Harvest Festivals are being planned thruout the nation now to encourage an increase in home food production and preservation.

where she will remain for an indefinite period. She has been ill for the past three weeks. However, her condition is believed to be improved.

## His Farm Fields Are Factories

U. S. FARMERS have made our fields into factories.

We live better than people in other countries because our farmers get more out of the soil.

The steel industry takes pride in the way it has helped bring about this improvement in farm practice. Tools of steel—from the plowshare to the giant combine—have multiplied in number and increased vastly in quality.

Fifty years ago the typical farm in America used about 3 tons of steel. Today the figure is nearer 17½ tons.

That is a measure of the modernization of agriculture and an indication of the interdependence of steel and farming.

We no longer have separate "farm production problems" or "industrial production prob-

lems." We have but one set of problems for everybody.

If strikes, for instance, restrict the supply of farm implements and supplies through work stoppages, or make their cost prohibitive, America is out of gear.

Anything which tends in this direction is bad for the farmer—and finally for everybody. Farmers know it. Everybody else should know it.

Steel mills need all the scrap iron and steel they can get. The shortage is serious. Farmers can get extra dollars and help increase steel output by sending worn-out machinery, etc., on its way to the furnaces. AMERICAN IRON AND STEEL INSTITUTE, 350 Fifth Avenue, New York 1, N. Y.

The Institute has printed a booklet STEEL SERVES THE FARMER. Write for a copy and it will be sent gladly.

# School Days ARE HAPPY DAYS

## CLOTHING OUTFITTERS . . .

OF COURSE many articles of clothing are still scarce but our stock is as complete as will be found elsewhere. For SCHOOL GIRLS we have wash dresses, sweaters and blouses in most sizes. For SCHOOL BOYS we have hats, socks, school jackets and khaki school pants . . . we have many other items of school apparel . . . it will be a pleasure to show you.

**Former Flomot Resident Is Married In Church Ceremony At Lockney July 31**

Miss Twila Fay Sanders of South Plains became the bride of Robert G. Morriss of Plainview formerly of Flomot, at 5 o'clock, July 31, in a double-ring ceremony at the Lockney Methodist Church. Rev. E. C. Armstrong, formerly of Lockney, now of Tahoka, officiated.

The bride, daughter of Mr. and Mrs. Andrew Sanders, wore a cream white satin gown, fashioned with a fitted basque, semi-bustle and floor sweep train. Her finger-tip length veil of silk lace fell from a tiara of simulated orange blossoms. The bridegroom had chosen the material for the wedding gown and sent it to his fiancée while on duty with the U. S. Army in Castle, Germany. The bride wore a necklace of pearls and carried a white Bible with a shower bouquet of white gladioli, delphiniums and tea rosebuds.

Miss Lois Huckabee, cousin of the bride, was maid of honor.

She wore a blue silk net gown and her flowers were salmon pink gladioli tied with sea green ribbons. Ruby Morriss and Helen Vaughn, flower girls, were dressed in pink and blue net gowns and carried baskets of dahlias in pastel colors to the altar.

The bride's mother wore a black crepe dress with white collar and cuffs, with a white corsage. The bridegroom's mother wore a two-piece navy blue crepe with white blouse and a white corsage.

The bride was given in marriage by her uncle, Nelson Sanders of Monument, New Mexico. Miss Sue Knoy, pianist, played "Memories" and Lohengrin's Bridal Chorus. Misses Joy and Geneva Tanner sang, "I Love You Truly."

Orville Washington Jr., served the groom as best man. Buddy Sanders and Jimmy Purcell were ushers.

The bride is a graduate of Sil-

**MISS FRANCES SCHWEITZER IS BRIDE OF JAMES P. MOSS IN SUNDAY RITES**

Miss Frances Lucile Schweitzer, daughter of Mr. and Mrs. H. H. Schweitzer of Matador became the bride of James Preston Moss, son of Mr. and Mrs. E. E. Moss, of Roaring Springs, in rites performed Sunday morning August 25, at 9 o'clock in the home of the bride's parents.

Rev. G. E. Turrentine, Methodist pastor, read the double-ring ceremony before an altar of greenery, candelabra and baskets of pink gladioli.

Wedding music, played by Miss Roberta Jameson, pianist, consisted of "Clare de Lune", by Debussy, "Traumeri" by Schumann, and the traditional wedding marches.

The bride, given in marriage by her father, was attired in an aqua crepe dress with brown accessories, and her corsage was of pink roses. She carried a white Bible and for "something old", she carried a handmade point lace handkerchief, which was about thirty years old.

Mrs. Bert Schweitzer was her sister-in-law's only attendant. She wore a brown crepe dress with brown and beige accessories. Hoyle Gene Moss served as his brother's best man.

The wedding was followed by a reception at which Misses Mary Jaunce Wilkinson, Betty Price, Gladys Marie Springer and Geraldine Rogers of Plainview served cake and punch from a lace-covered table. Tall white candles in crystal holders, pink roses and pink and white carnations decorated the dining room.

Guests included Mr. and Mrs. E. E. Moss, Mike Hoyle and Louis Nichols of Roaring Springs, Lt. E. E. Moss Jr., of San Antonio, Miss Barbara Moss, Miss Avenelle Moss of Floydada, Mrs. J. A. Goodwin and Mrs. H. C. Lewis of Lubbock, Virgil Leonard, Mrs. Edna Patton and Bert Schweitzer of Matador.

Mrs. James P. Moss

Visitors in the V. J. Skaggs home this week were his parents, Mr. and Mrs. Frank Skaggs of De Leon, and Mrs. Skaggs' sister and family, Mr. and Mrs. Jackson Quinn of Ft. Worth.

Tribune, Matador, Matley County, Texas, Thursday, August 29, 1946

**THACKER-MITCHELL RITES ARE READ AT ROARING SPRINGS SUNDAY MORNING**

Miss Lavoe Mitchell, daughter of Mr. and Mrs. C. E. Mitchell of Amarillo, and Joe Melton Thacker, son of Mr. and Mrs. M. S. Thacker of Roaring Springs, were married Sunday morning, August 25, at 9 o'clock, in the home of the bridegroom's parents.

Rev. G. C. Tiner, pastor of First Baptist church of Roaring Springs, read the double-ring ceremony before an improvised altar decorated with baskets of pink gladioli and fern, flanked by crystal candelabra.

Mrs. Glenn Dobkins, pianist, played "Ah Sweet Mystery of Life" (Herbert) and "In The Garden of Tomorrow", (Deppen) and accompanied Miss Betty Sanders, who sang, "Always", "Bridal Chorus" from Wagner's Lohengrin, was played for the professional.

The bride, given in marriage by her father, wore a gown of white marquisette, fashioned with a sweetheart neckline and fitted bodice with a ruffled bodice. Her fingertip veil of matching marquisette fell from a

coronet of sequins. Her corsage was of pink roses and she wore white lace gloves and carried a white Bible. She wore a pearl necklace and pearl ear rings belonging to her sister.

Mrs. H. C. Smith, sister of the bridegroom, was matron of honor. She wore a gown of yellow marquisette over tafetta, with a corsage of red roses, and a Dutch style headdress of yellow lace.

M. S. Thacker attended his son as best man.

Mother of the bride wore a grey crepe gown. The bridegroom's mother was dressed in black crepe. Both wore corsages of white pom-pom asters.

**Reception Held**

The bridal party was honored at a reception immediately following the ceremony. The table was decorated with a centerpiece of pink crepe myrtle reflected on a mirror. The arrangement was flanked by white candles in rosepoint crystal holders.

The three tiered wedding cake was topped by a miniature

bridal couple. Punch was served from a crystal punch bowl. Presiding at the reception were Mesdames Clifford Lawson, B. F. Nichols and M. L. Hoyle.

Out-of-town guests attending the wedding and reception were C. E. Phipps and daughter of Vernon, Arizona, Mr. and Mrs. M. Mr. and Mrs. Billy Chris Williams of Levelland, Texas, Mrs. Elbert Hurst of Spur, and Joe Jimmy Keahy of Lubbock.

For a wedding trip to South Texas, the bride wore a powder blue suit of Panama linen with black accessories.

Upon their return, the couple will be at home in Roaring Springs.

The bride attended West Texas State College at Canyon following graduation from Roaring Springs High school. Prior to her marriage she was employed by Russell Stationery company at Amarillo.

The bridegroom is a graduate of Roaring Springs High School, and attended Texas Technological college, Lubbock, where he was a member of Socii club. He served in the Navy for fourteen months and is now associated with his father in the hardware business at Roaring Springs.

**New Arrival...**

TOP COAT WITH MANY LIVES

FLIRTATION FLEECE COAT THAT GOES EVERYWHERE WITH EVERYTHING. YOU'LL LOVE ITS DEEP ROOMY SLASH POCKETS, ITS ROUNDED PANEL SHOULDERS, AND ITS VERSATILE COLLAR CLOSING THAT CAN BE WORN ATTRACTIVELY OPEN OR CLOSED. DRAGON GREEN, BURNT BRICK, SURF BLUE, SCARLET. SIZES 10 to 18.

**Willett & Co.**

McElton Skaggs and Harold Allen were business visitors in Wichita Falls Monday and Tuesday. Mr. Allen visited his brother while there.

Miss Jane Warren and Miss Chareen Ketchersid visited in Amarillo from Monday until Wednesday.

Silverton high school with the class of 1945.

**Reared At Flomot**

The bridegroom is the son of Mr. and Mrs. R. M. Morriss of Plainview, former Flomot residents, and graduated from Flomot High School in 1943. He entered the service after graduation and has just returned from 18 months overseas with the U. S. Army.

Following the ceremony and a reception, the couple left immediately for their home seven miles north of Plainview.

The reception was held at the home of Mrs. H. P. Hartson, aunt of the bride. Assisting with the serving were Miss Naomi Huckabee and Miss Sue Knoy. Miss Ima Nell Gunn presided at the guest register which was signed by over 125 guests.

The four-tiered wedding cake, embossed with white and pink, was decorated with confection bridges from one layer to another and with miniature trees and flowers. It was topped by a bride and bridegroom. The huge cake was a gift from an uncle of the bride.

Members of the bride's immediate family who were present were Mr. and Mrs. Andrew Sanders, Hansel, Buddy and Eula Mae. Members of the bridegroom's family included his parents, Mr. and Mrs. R. M. Morriss, Mr. and Mrs. Jack Ingram and Ruby Morriss of Plainview. Other of his relatives present were Mrs. L. B. Archer and daughters, Billie Jo and Imogene of Matador; Mr. and Mrs. John Jones and daughter Frances, Mr. and Mrs. Bud Morriss and Harley Gunn of Flomot.

Among the other out-of-town guests were Rev. and Mrs. W. J. Knoy, Mrs. E. C. Armstrong, Mrs. Grady Wimberly, Mrs. J. L. Wimberly, Mr. and Mrs. H. C. Seefeldt, Jr., of Silverton.

### FARM NEWS

BY MARVIN ALLEN  
 Motley County ACA  
 Administrative Officer

**WANTED A FINE DINNER;  
 SHE THREW IT TO DOG**  
 A lady recently stated that  
 she had thrown her own din-  
 ner to the dog most of the time  
 because her sick just to look at  
 was making her feel so ill.  
 She was swollen  
 with gas, full of bloot, and head-  
 aches. She felt worn out and was  
 constipated. Finally she  
 got INNER-AID and says she  
 feels everything in sight  
 going perfectly. Bowels  
 are regular and normal. She is  
 feeling like "some other woman"  
 taking this New Com-

**How The New Price Control  
 Act Affects the Farmer:**  
 Prior to August 21st there  
 were ceiling prices on only a  
 very few agricultural products,  
 such as fruits, vegetables and all  
 cereal products. However, most  
 all agricultural products now  
 come under the price control ac-  
 tion of the Price De-  
 control Board.

**INNER-AID** contains 12 Great  
 Bowls of relief. They cleanse bowels,  
 ease gas from stomach, act on  
 the liver and kidneys. Mis-  
 erable people soon feel differ-  
 ent. So don't go on suffer-  
 ing. Get INNER-AID. Sold  
 in all drug stores here in Mot-  
 ley County.  
**RED ANTS!** You can easily  
 get rid of them with  
 your premises of Red Ant Beds  
 Durham's Extermo Ant  
 at a cost of less than 5c per  
 Six Balls 30c and 12 Balls 50c  
 your druggist or at  
**CITY DRUG STORE**

The Price Decontrol Board is  
 an independent Agency compos-  
 ed of three members appointed by  
 the President with the ap-  
 proval of the Senate. The Board  
 has the final say as to which  
 items shall be decontrolled. The  
 plan is to gradually decontrol  
 all items as soon as conditions  
 warrant. The intention of this  
 act is to have all controls elimi-  
 nated by June 30, 1947. All non-  
 agricultural commodities not  
 important in relation to business  
 or living costs must be out from  
 under control by December 31,  
 1946.  
 Another job of the decontrol  
 Board is to decide what sub-  
 sidies will be reestablished on  
 farm products and what the  
 rate of payment will be. No sub-

sidies may be paid on any item  
 that does not have a ceiling  
 price.

Commodities in short supply  
 as determined by a certified list  
 made up each month by the Sec-  
 retary of Agriculture that have  
 been previously decontrolled,  
 may have controls reestablished.  
 For example, if on the first  
 of September the Secretary of  
 Agriculture should not  
 have wheat on his list of  
 items in short supply, then dur-  
 ing September there would be  
 no ceiling price; but if on the  
 first of October wheat would ap-  
 pear on the list, then during  
 October wheat would have a  
 ceiling price.

Agricultural commodities  
 that were not under control  
 prior to April 1, 1946, may not  
 now be put under control. The  
 principal crops that this pro-  
 vision affects are cotton and rye.  
 (Editor's note: Marvin Allen  
 is in a quandary. He has the  
 most recent government agri-  
 cultural data at his finger-  
 tips, but he is wondering if  
 he has been sifting out the  
 proper items for use in his  
 column. In short, Allen is  
 seeking criticism which will  
 aid him in molding the  
 AAA News into a service to  
 his readers. Any suggestions  
 should be mailed to Marvin  
 Allen, care of the AAA of-  
 fice at Matador. A penny  
 postcard will do.)

**Cotton Situation In Short:**  
 Cotton acreage in cultivation  
 on July 1 was estimated at 18.3  
 million acres, the lowest in 40  
 years. Should this acreage pro-  
 duce at average yields (1941-45)  
 the 1946 crop would amount to  
 about 9.5 million running bales.  
**Texas Cotton Yields:**  
 The average cotton yield for  
 all Texas cotton farms from  
 1935 to 1944 was only 169  
 pounds per acre and even that  
 is above Motley County's yield  
 of 142. Only two states in the  
 cotton growing regions of the  
 Nation had lower production  
 per acre during this period.

Here are the production re-  
 cords for the other cotton produc-  
 ing states for the same period:  
 Missouri 433; Virginia 319; N.  
 Carolina 341; S. Carolina 293;  
 Georgia 236; Florida 153; Ten-  
 nessee 334; Alabama 248; Miss.  
 320; Arkansas 311; Louisiana  
 271; Oklahoma 158; N. Mexico  
 473; Arizona 420; Calif. 584 and  
 all others 395.

Makes one wonder if Texas  
 farmers should continue to grow  
 cotton on as extensive a scale as  
 in the past or turn to a more  
 productive crop. This is es-  
 pecially true of Motley County  
 with our low average yield.  
 This year nearly 50,000 of our  
 112,000 cultivated acres was  
 planted to cotton, despite the  
 possibilities of low yields.  
 Should we try to grow a more  
 productive crop or should we  
 increase the fertility of the soil  
 by conservation methods and  
 thus be able to compete with

### Watch For Postwar Disease Rise, Says Dr. George W. Cox

AUSTIN—In discussing the  
 possible danger of inflation to  
 the American way of life, Dr.  
 Geo. W. Cox, State Health Of-  
 ficer, has declared that he be-  
 lieves one phase of this menace  
 which should not be overlooked  
 is the danger of inflation in the  
 incidence of disease.

"Just because we have won a  
 war is no reason why we should  
 allow the disease and death  
 rates in the country to become  
 higher than in recent peace-  
 times," Dr. Cox said. "Indeed, it  
 is an urgent reason why we  
 should sharply reduce these  
 rates among our people and use  
 every effort to keep the health  
 levels among our civilian and  
 military population at the high-  
 est possible peak."

The State Health Officer em-  
 phasized once again, as he has  
 often done in the past, the ne-  
 cessity for using the more easi-  
 ly accessible, common-sense  
 safeguards of health. Immuni-  
 zation against several of the  
 more killing diseases is available  
 to all, at little or no cost. Such  
 protection should not be neglect-  
 ed and the person who allows  
 himself or his family to suffer  
 from a preventable illness is,

### Criminals Turning To Rural Sections, Records Reveal

AUSTIN—Criminals are prey-  
 ing upon the rural population of  
 Texas at nearly double the  
 rate of two and a half years ago,  
 Director Homer Garrison of the  
 Department of Public Safety de-  
 clared today.

whether he realizes it or not,  
 actually handicapping the na-  
 tion's reconversion effort. An-  
 other health precaution which  
 can and should be practiced in  
 every home and community is  
 careful sanitation; clean clothes,  
 a clean body, and clean home  
 environments do much to pre-  
 vent the appearance of illness in  
 the home and the same sanitation  
 practiced throughout the  
 community will help to insure  
 the good health of that com-  
 munity.

"Good, wholesome, nourish-  
 ing foods, home and community  
 sanitation, and the protection af-  
 forded by immunization can do  
 a lot to prevent the needless in-  
 flation of the disease and death  
 rates in this country," Dr. Cox  
 asserted.

Garrison said rural crime in-  
 creased 85.27 per cent from the  
 first six months of 1944 to the  
 first six months of 1946.

Biggest gain was in robbery,  
 up 158 per cent. Another stag-  
 gering gain was shown in burg-  
 lary, up 112 per cent. Auto theft  
 jumped 96 per cent; felony theft  
 61 per cent; murder and homi-  
 cide 55 per cent; and rape 48  
 per cent.

During the same period crime  
 increased 42 per cent in the  
 cities. The overall gain for both  
 rural and urban jurisdictions  
 was 54.54 per cent.

Garrison said law enforce-  
 ment officers are "holding their  
 own against long odds," for ar-  
 rests have increased in direct  
 proportion to the gain in crime.  
 Convictions, however, are lag-  
 ging behind. The penitentiary  
 systems received 930 new  
 prisoners in the first half of  
 1944; 862 in the first half of  
 1945; and 1221 in the first half

of 1946, Garrison said. This rep-  
 resented an increase of 31 per  
 cent from the 1944 to the 1946  
 period.

Never place staples or nails  
 in your mouth.

other states in per acre yield?  
 \*\*\*\*\*  
 Fertilizers have a definite  
 place in the building and main-  
 taining of soil fertility.  
 \*\*\*\*\*  
 Soil fertility losses yearly by  
 erosion are 21 times greater than  
 that required to produce a crop  
 of cotton.  
**Wheat Goals Raised  
 For 1947 Crop:**  
 A national wheat goal of 71-  
 700,000 seeded acres for the  
 production of next year's wheat  
 crop was announced today by  
 the United States Department  
 of Agriculture.  
 This would be the largest  
 wheat acreage since 1938. About  
 70 per cent of the total would  
 be planted to winter wheat, and  
 the remainder to spring wheat.  
 The 1947 goal compares with  
 71,057,000 acres seeded for the  
 1946 crop, and with 68,781,000  
 acres for the 1945 crop. It is based  
 on estimated requirements  
 during 1947-48 for food, seed,  
 exports, and carry-over.  
 Yields equaling those of the  
 last few years would produce on  
 the 1947 goal average the fourth  
 successive crop of more than one  
 billion bushels of wheat. If  
 yields were to fall to the 1935-44  
 average of 13 bushels per acre, a  
 crop of 934 million bushels  
 would be produced.  
 Officials said that the propos-  
 ed acreage is larger than would  
 be described for proper long-  
 time utilization and conserva-  
 tion, but that a large supply of  
 wheat is needed in view of the  
 world food situation and the  
 low level of wheat stocks, and  
 therefore a maximum acreage of  
 wheat is proposed for 1947.  
 State goals will be announc-  
 ed following a determination of  
 local possibilities by federal and  
 state agricultural agencies at  
 state and county levels.

 President of Yellow Cab, Louisville, Ky. "Safety,  
 dependability, and economy are the watch-  
 words of successful taxi operation. B.F. Goodrich  
 Silvertowns meet these requirements."

For Safety, Economy, and Mileage choose the tire that  
**OUTWEARS PREWAR TIRES**

One of the taxi fleets that tested the new  
 B.F. Goodrich Silvertown before it was offered  
 for public sale was Yellow Cab, Louisville,  
 Ky. In addition, it was tested on police cars  
 and the B.F. Goodrich test fleet over millions  
 of miles in all kinds of weather under severest  
 conditions, and even at high speeds.  
 All these tests supported Mr. Ballantine's find-  
 ings that "... their wider, flatter tread gives  
 our cabs better traction and surer, safer  
 stopping. The stronger cord body means fewer  
 interruptions and service stoppages. And in  
 actual mileage, tests on our fleet prove they  
**OUTWEAR PREWAR TIRES.** Because  
 Silvertown tires cover more ground, our cabs  
 can, too, without interruption."  
 We know you'll want these tires for your car.  
 So to be on the safe side, see us today.

H. J. R. No. 62 HOUSE JOINT RESOLUTION proposing an Amendment to Article III of the Constitution of the State of Texas by adding a new Section to be known as Section 49-b, creating a Veteran's Land Board and establishing a Veteran's Land Fund; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto a new Section to be known as Section 49-b which shall read follows:

"Section 49-b. There is hereby created a Board to be known as the Veteran's Land Board, which shall be composed of the Governor, the Attorney General, and the Commissioner of the General Land Office. The Legislature shall provide by law for the issuance by said Board of not to exceed Twenty-five Million Dollars (\$25,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veteran's Land Fund. Such bonds shall be executed by said Board as an obligation of the State of Texas in such form, denominations, and upon such terms as shall be prescribed by law, provided, however, that said bonds shall bear a rate of interest not to exceed three percent (3%) per annum.

"In the sale of any such bonds a preferential right of purchase shall be given to the administrators of the various teacher retirement funds, the Permanent University Funds, and the Permanent Free School Fund; such bonds to be issued only as needed, in the opinion of the Veteran's Land Board under legislative authorization.

"The Veteran's Land Board shall be used by the Board for the sole purpose of purchasing lands suitable for the purpose hereinafter stated, situated in this State (a) owned by the United States, or any governmental agency thereof; (b) owned by the Texas Prison System, or any other governmental agency of the State of Texas; or (c) owned by any person, firm, or corporation.

"All lands thus purchased shall be acquired at the lowest price obtainable, be paid for in cash, and shall be a part of the Veteran's Land Fund.

"The lands of the Veteran's Land Fund shall be sold by the State to Texas Veterans of the present war or wars, commonly known as World War II, in such quantities, and on such terms, and at such prices and such rates of interest, and under such rules and regulations as may be prescribed by law; provided, however, that any such lands remaining unsold at the expiration of eight (8) years after the effective date of this Amendment may be sold to anyone as shall be prescribed by law.

"All moneys received and which have not been used for repurchase of land as provided herein by the Veteran's Land Board from the sale of lands and for interest on deferred payments shall be credited to the Veteran's Land Fund for use in purchasing additional lands to be sold to Texas Veterans of World War II, in like manner as shall be provided for the sale of lands purchased with the proceeds from the sales of the bonds, provided for herein, for a period of eight (8) years from the effective date of this Amendment; provided, however, that so much of such moneys as may be necessary to pay interest on the bonds herein provided for shall be set aside for that purpose. After eight (8) years from the effective date of this Amendment, all moneys received by the Veteran's Land Board from the sale of the lands and interest on deferred payments, or so much thereof as may be necessary, shall be set aside for the retirement of said bonds and to pay interest thereon, and any of such moneys not so needed shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State of Texas on the first Thursday in November, 1946, at which election all voters favoring the proposed Amendment shall write or have printed on their ballots the following words:

"FOR the Amendment to Article III of the Constitution of the State of Texas by adding Section 49-b creating a Veteran's Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II."

Those opposing said proposed Amendment shall write or have printed on their ballots the following words:

"AGAINST the Amendment to Article III of the Constitution of the State of Texas by adding Section 49-b creating a Veteran's Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II."

If it appears from the returns of said election that a majority of the votes cast were in favor of said Amendment, the same shall become a part of the State Constitution and be effective from the date of the determina-

**NOW, MORE THAN EVER BEFORE THE ARMY HAS A GOOD JOB FOR YOU!**

NON-COMMISSIONED GRADES NOW OFFERED TO FORMER ARMY OCCUPATIONAL SPECIALISTS

Good jobs in non-commissioned grades are being offered now by the Regular Army to qualified former servicemen!

Veterans discharged on or after May 12, 1945, who enlist or reenlist for 3 years may be enlisted in the non-commissioned grade for which qualified, provided this grade is not higher than that held at time of discharge, and provided that at least 6 months of former service was in one of 400 designated military occupational specialties in which enlistment is now desired.

Important, interesting jobs are open in hundreds of skills and trades in the Army, with splendid training and educational advantages! These are in addition to free food, housing, clothing, medical and dental care, low-cost insurance.

There's adventure, travel, education, a secure and profitable future in this vital, realistic profession. Get full details at your nearest Army Recruiting Station.

★ Highlights of Regular Army Enlistments

1. Enlistments for 1½, 2 or 3 years. (1-year enlistments permitted for men now in the Army with 6 or more months of service.)
2. Enlistment age from 18 to 34 years inclusive (17 with parents' consent) except for men now in the Army, who may reenlist at any age, and former service men depending on length of service.
3. A reenlistment bonus of \$50 for each year of active service since such bonus was last paid, or since former service men depending on length of service.
4. A furlough for men who reenlist within 30 days. Full details of other furlough privileges can be obtained from Recruiting Offices.
5. Mustering-out pay based on length of service to all men who are discharged to reenlist.
6. Option to retire at full pay for the rest of your life after 20 years' service—increasing to 30 years' service pay after 30 years' service.
7. GI Bill of Rights benefits assured for men who enlist on or before October 5, 1946.
8. Choice of branch of service and overseas stations (if those will open) on 3-year enlistments.

**NEW PAY SCALE**

Starting Pay	Monthly Service Pay	MONTHLY RETIREMENT INCOME AFTER 20 Years' Service
Master Sergeant	\$165.00	\$107.25
or First Sergeant	135.00	87.75
Staff Sergeant	115.00	74.75
Sergeant	100.00	65.00
Corporal	85.00	56.25
Private First Class	80.00	52.00
Private	75.00	48.75

In Addition to Clothing, Food, Lodging, Medical and Dental Care.

★ In addition to pay shown at right: 20% increase for Service Overseas, 50% if Member of Flying or Glider Crews, 5% increase in Pay for Each 3 Years of Service.

Listen to "Warriors of Peace," "Voice of the Army," "Proudly We March," "March With the Army Show," "Sound Off," "Happy Warrior," "Sports Review," and "Spot Light Bands" on your radio.

## David Campbell Is Complimented Gift Reception In Willett Home

David Campbell, the son of Dorothy Wason, was complimented at a miscellaneous gift reception given Wednesday afternoon, August 21, in the home of Mrs. Harry Willett. Co-guests were Mesdames John L. A. Nelson, Gertrude J. R. Emmons and J. R. Emmons.

The reception rooms were decorated with bowls and vases of pink, white and yellow flowers. Centerpiece for the laced dining table was a bowl of pink and white carnations, flanked on each side by white candles in holders. The punch bowl on a round reflector, encircled with a wreath of pink white carnations, and ferns. The punch were served yellow and white frosted cake and white tapers in hurricane lamp holders decorated with pink. Punch was poured by Mrs. Emmons and Mrs. Gertrude Nelson.

G. E. Hamilton played music throughout the reception. The following guests were present: Mesdames W. A. Campbell, R. E. Campbell, Sr., W. J. Agins, Albert Reeves, J. E. Smith, C. D. Pipkin, F. M. Moore, Tom King, Groves, Velma Fulfer, Folmar, Vester Shirley, Bourland, Bernice Knight, Ketchersid, Jack Spray, Barton, Joe Bloodworth, Stanfield, Edith Sanders, Darsey, R. E. Campbell, Phil Green, Lois Smart, Ezell, Bert Schweitzer, Patton, D. E. Pitts, G. E. Patton.

Miss Ruth Evelyn Keith, K. Cook, Dorothy Nelson, Knight, Barbara and Ketchersid, Robertson, Dorothy Stanfield, Janet Sanders, June Pope, Billy Frank Skaggs. A large number of gifts were given by friends unable to attend.

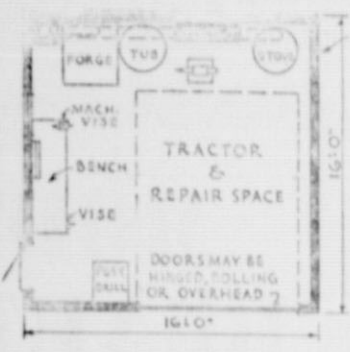

**WEDDING ANNOUNCED**  
Mr. and Mrs. Boyd Willett of Charles, La., are parents of son, Boyd Ryan, weight 8 1/2 pounds, born August 14. Word of new arrival was received by the paternal grandparent, Mr. and Mrs. Harry Willett.

## Fixing Up the Farm by BURTON WILLIAMS

### Farm Shop Pays Its Way

A WELL equipped farm shop is the best answer for keeping farm machinery in operating condition. It is essential to keep buildings, your home and other equipment in good repair. The shop need not be expensive or elaborate, but it should be orderly and systematic.

If you have electricity available on the farm, the shop should be wired. Good lights will offer encouragement to do work on dark and rainy days when outside work can't be done.

A warm shop in the winter is another desirable feature. It can be obtained by lining the interior with asbestos cement board and including a stove in the shop's equipment. Asbestos cement siding will add lasting qualities to the exterior surface of the shop building.

### CARD OF THANKS

To our friends:—We should like to tell you how deeply we appreciate your understanding sympathy, your tender thoughtfulness, your many expressions of love and the beautiful floral offerings that have lightened the burden of our grief, but words cannot half express what they have meant to us. Our sincerest wish for you is, that in your dark hour of need, there may be those who will be as tender, kind, and faithful to you, as you have been to us.

Mrs. A. E. Westmoreland  
Mr. and Mrs. Lamar Guthrie  
and Gail  
Brothers and Sisters of  
A. E. Westmoreland.

## ★ FASHIONS ★

For the complete look, the fan-pleated gray-and-red-striped dress shown above as pictured in the August issue of Good Housekeeping magazine is ideal.

## Early Treatment Can Check VD, Says Dr. George W. Cox

Because of the fact that a venereal disease is no respecter of persons, people of every class and color, rich and poor, educated or ignorant are numbered among the victims, asserts Dr. Geo. W. Cox, State Health Officer.

"Venereal diseases are among the most vital health problems in the State of Texas today," Dr. Cox said. "The amount of suffering, economic loss, insanity and even death from venereal disease cannot be accurately estimated but would reach a shocking figure if disclosed."

### STANLEY CLINIC

Mr. and Mrs. R. R. Tibbetts of Lubbock are parents of a 7 1/2 pound son, Billy Carl, who was born August 23 at Stanley Clinic.

A son, Evander Grant, weight 8 pounds 9 ounces, was born at the clinic on August 23, to Mr. and Mrs. E. J. Hines of Flomot.

Don Kent was the name given a 6 pound son born August 26 to Mr. and Mrs. Eldred Seigler, in the clinic.

A son, weight 7 pounds, 13 ounces, given the name Harold Hayes Jr., was born at Stanley Clinic August 24, to Radioman

Dr. Cox. "Both syphilis and gonorrhea are almost 100 per cent curable if discovered and treated in their very earliest stages. Thousands of deaths annually could be prevented," Dr. Cox said, "if sufficient attention were given to the early diagnosis and thorough treatment of syphilis. Delay reduces the chance of cure and in many cases is the direct cause of death."

Dr. Cox urges that every person who might suspect a venereal disease infection have a physical examination, so that if present, the disease can be brought under treatment at the earliest possible date.

1/2 H. H. Gunter and Mrs. Gunter. The father left Tuesday to return to the Naval base at Long Beach, California, after spending a leave visit here.

Two tonsilectomies were performed the past week, being Juanita Green, daughter of Mr.

and Mrs. J. C. Green Jr., and Francis Lancaster, daughter of Mr. and Mrs. Luther Lancaster.

As a result of the National School Lunch Act, more children over the nation should soon be getting better lunches.

### MARRIAGE ANNOUNCED

Mr. and Mrs. W. M. Lee have received word of the marriage of their granddaughter, Miss Jackie Durl House, to a Mr. A. R. Rainey at Redlands, Calif., on July 23. The couple will make their home in California.

**Clean Clothes are Like New!**

OLD CLOTHES ARE LIKE NEW when they are properly cleaned and pressed by our modern, scientific methods. Why search for new school clothes when old garments can be made like new at a small cleaning expense?

You will be surprised at the extra service which still remains in garments that have been discarded. Bring them in and let us help solve your school wardrobe problems . . . many old garments are far superior to much of the merchandise now available.

### FLAMES ENGULF MILL AT LUBBOCK

Roaring flames engulfed the Standard Milling Company grain elevators in the northern city limits of Lubbock Tuesday night in what appeared to be one of the biggest fires in the city's history.

Almost every available piece of fire equipment in the city was called out to fight the blaze which was still out of control at 8 o'clock, more than an hour after the blaze started.

Flames shot hundreds of feet into the skies and a huge pall of smoke drifted over the scene.

Residents of the city called police, fire and newspaper offices inquiring if the "entire city were burning up."

The elevator was reported to be filled with grain. Occasionally an explosion would send flames towering above the scene as firemen battled against what appeared to be hopeless odds.

More than 4,000 persons caused a traffic jam in the area as the smoke attracted attention.

Ambulances were sent to the scene but no casualties were reported an hour after the fire started.

### Chicago Wheat Down A Nickel

Wheat tumbled 5 cents a bushel, the limit decline permitted in a single session on the Chicago Board of Trade Wednesday.

Selling was persistent throughout the session and was attributed by brokers to milling companies. Mills apparently were

### Thomas Murder Trial Is Moved To Sweetwater

The case of Jim Thomas, charged with murder in connection with the deaths of Dr. and Mrs. Roy Hunt of Littlefield on Oct. 26, 1943, has been sent to Sweetwater from Lamesa on a change of venue, H. M. LaFont, 64th District court attorney at Plainview said Wednesday. Date for the trial has not been set. The venue change was made upon the motion of District Judge Louis B. Reed, Lamesa.

The Littlefield physician and his wife were slain in their bed at their Littlefield home. Their bodies, trussed with wire clothes hangers, pieces of wearing apparel and cord, were found early that morning by neighbors summoned to the home by the Hunt's two small daughters.

#### VISITORS RETURN HOME

Mrs. James Neblett of Denton, her son and wife, Mr. and Mrs. James Russell Neblett and Mrs. Jack Bradshaw and son Jack Calvin, of College Station, left Tuesday for their respective homes after a week end visit here in the home of Mr. and Mrs. J. E. Russell, parents of Mesdames Neblett and Bradshaw. Also visiting her parents over the week end was Mrs. J. W. Drace of Lubbock.

selling future contracts as a hedge against their purchases of cash grain, traders stated.

Weakness of stocks discouraged investment buying of wheat, which ordinarily could be expected to support the market traders said. Corn and oats were steady.

#### Milestones at Four Months

The four-month anniversary is a good time to pop your moppet into the play pen. He'll be spending most of his waking hours there soon anyhow. So you'd better train him to be happy behind bars now, while he's still flat on his back. Besides, even tiny babies need exercise. And the padded covering of the play pen is a safe, out-of-the-way place for him to kick his heels.

Toward the end of the fourth month he may try sitting up. This will be an exciting moment for you both, and you'll be sorely tempted to help. But don't give in to the impulse. This is one thing he must learn to do himself. He won't learn any faster if you prop him up, and the chances are he'll be more tired when the experiment is over.

If your baby has not yet begun eating cereal, the doctor will probably suggest introducing this new kind of food to him soon. The liquid diet he's been living on to date now lacks certain food essentials needed for continued growth and strength. The new pre-cooked cereal food was created to supplement this deficiency. Favorite cereal flavors—wheat, oats, and corn—are blended with nutritious elements like yeast, wheat germ, fat-free milk solids, and sugar. This good-eating combination is easy to please your small fry's palate. And its ease of preparation will save you many precious kitchen minutes. For you need add only milk or the baby's formula, to this pre-cooked cereal food, stir for a few seconds till the mixture is fluffy in consistency, then serve.

The ideal time to start strained foods varies with each baby, but around cereal time is preferred by many doctors. These strained foods supply further quantities of desirable vitamins and minerals; they provide just the right degree of consistency of bulk; and they offer an opportunity to teach baby new tastes, textures, colors, and aromas. At first-serve these dishes should be thinned out with the milk formula until they are of a consistency familiar to your baby. As he learns to lap this up with gusto you can gradually decrease the amount of liquid added and increase the proportion of strained vegetable, meat soup, or fruit.

Mr. and Mrs. J. W. Thompson of Whiteface, have been visiting here with their son and family, Mr. and Mrs. C. M. Thompson.

Mr. and Mrs. A. J. Williams of Nocona and their daughter, Evelyn, who is taking Nurses Cadet training at Harris Memorial Hospital, Ft. Worth, spent the week end here visiting Mr. Williams' mother, Mrs. H. Williams and other relatives.

### Man Found At Odessa Feared Murder Victim

The body of a man found beside Highway 80 near Big Spring yesterday has been tentatively identified as E. C. Warner, Odessa oil field worker.

Justice of Peace Walter Grice said today that he believed the man had been murdered.

The man had been shot thru the head. A pistol was nearby. Identification was established by Ector County Sheriff Hugh Hatliff when baggage checks found on the body led to two suit cases in the Odessa bus station. Letters in the suitcase were addressed to Warner and post-marked Tylertown, Miss.

A deposit slip showed \$25 had been left in an Odessa bank by Warner.

### Albuquerque Is Farm Capital

Secretary of Agriculture Clinton P. Anderson has set up temporary headquarters for his department at the post office building in Albuquerque.

Anderson has arrived in Albuquerque for a visit, and says he plans to spend several hours each afternoon in the office. The mornings will be spent at his farm south of Albuquerque where he is grooming three race horses for the state fair in September.

Anderson says that unless he is called back to Washington sooner, he plans to remain in Albuquerque until about Oct. 1. The temporary office of the Department of Agriculture is being managed by Jack McFarland, Anderson's special assistant.

Anderson says he and his Albuquerque office will be in con-

### New Wheat Type Resists Rust

Austin wheat, a new rust resistant soft red wheat, has proven superior to other commercial varieties for Central and South Texas growing conditions in tests conducted during eight years by the A. & M. Experiment Station.

It is recommended for the area from Fort Worth-Dallas southward, but should not be grown in the hard red winter wheat area as it is not resistant to cold and drought.

Experiments conducted at the Denton substation since 1937 have given favorable yield comparisons for Austin wheat and have proven its resistance to leaf and stem rust and to loose smut.

Favorable yield comparisons also have been secured at Temple, College Station, Greenville, Angleton and Beeville.

Austin wheat seed were first distributed to Central Texas farmers in 1942. Its use spread so rapidly that about one million acres were grown in Texas this year. Foundation seed is distributed from the substations at Denton, Temple and Beeville.

**TO TEACH AT GRANDFALLS**  
Miss Alla Mae Fuller is visiting her mother, Mrs. W. M. Fuller this week and will leave during the week end to assume teaching duties in the school system at Grandfalls.

Frank Pohl and Burrell Tipton made a business trip to Amarillo Tuesday.

Anderson says that unless he is called back to Washington sooner, he plans to remain in Albuquerque until about Oct. 1. The temporary office of the Department of Agriculture is being managed by Jack McFarland, Anderson's special assistant.

Anderson says he and his Albuquerque office will be in con-

EASY ON YOUR BUDGET

**Buy The Thrifty Way**  
(Drug Prices Have Not Advanced)

IF YOU WILL COMPARE present drug prices with those of five or ten years ago, you will be surprised to find that they have not advanced and in many instances, they are lower! The few exceptions are in items that contain imported ingredients.

**BUY LARGER SIZES AND SAVE**

Regular household drugs can be purchased in larger sizes at a great saving. You save the difference in expense of extra packaging. Here are a few examples to be found on our shelves:

Listerine 3 oz. size 25c, Large size 14 oz. 69c  
Phillips Milk of Magnesia 4 oz. 25c, 26 oz. for 75c  
Bayers Aspirin 12 tablets 15c, 100 in bottle 75c  
McKesson Mineral Oil, Pint 49c, quart for 89c  
Sal Hepatica 2.4 oz. 30c, Medium size, 6 oz. for 60c

## Franks Is Elected Supervisor Of Soil Conservation Area

Charlie Franks of Flomot was elected as the new soil conservation supervisor September 24 at a meeting of landowners in the Courtroom in Matador.

Franks succeeds R. O. Ross, also of Flomot, who held the position for one year when soil conservation district No. 1 was established last year. Franks will serve the regular term of five years.

District one comprises Motley and Cottle counties, beginning with the territory west of Turkey.

J. R. Emmons, county agent for Motley County, said that the program of work for next year had already been mapped out and would be put into operation next fall or winter.

## Indemnity Blanks On Cotton Losses Mailed This Week

Certificates of indemnity on cotton losses will be delivered this week to farmers, according to Marvin Allen, AAA administrative officer.

The superphosphate, used for soil food, will be sent to the Braselton Implement Company at Roaring Springs, as will the Austrian winter peas. The Austrian winter peas are used for winter pasture plants.

## Error In Date Of Church Of Christ Revival Meeting

Date given the Tribune last week as the beginning of the Roaring Springs Church of Christ revival was in error. The item should have read that the series of services will begin September 1 and close September 8th.

Roy Deaver of Spur, outstanding evangelist speaker of this area will do the preaching. He is a former student of Abilene Christian college and well-known in this section.

Minister C. V. Allen will preach the first service of the meeting Sunday night.

Evening services will begin at 8 o'clock, and services will also be held each morning during the meeting, it was announced.

## County To Receive Food For Pastures

Forty tons of superphosphate and between seven and eight thousand pounds of Austrian winter peas are due to arrive in the county soon, according to Marvin Allen, AAA administrative officer.

The superphosphate, used for soil food, will be sent to the Braselton Implement Company at Roaring Springs, as will the Austrian winter peas. The Austrian winter peas are used for winter pasture plants.

## Saturday Is Last Day For Insurance On Winter Wheat

Saturday is the last day to apply for crop insurance on 1947 wheat, according to W. L. McWilliams, chairman of the Motley County ACA Committee.

The policies, sold only on a three-year contract, enable farmers to make a wider choice of the type coverage than they have been getting, McWilliams declared.

A non-profit organization, the Federal Crop Insurance unit is set up to pay all premiums collected in the forms of indemnities to cover any insured losses, McWilliams said. Administrative expenses are paid by the government.

Further details may be obtained from the AAA office here.

Under new rules of the set up, farmers may insure percentages of their wheat crops from 60 to 100 per cent.

Thus, premium rates will be reduced for the lower coverage policies and farmers may see a guaranteed crop return from hail, winter kill, drought, insects and other natural hazards.

Twenty-four wheat crops were insured in Motley County this year.

## Tribune Receives "Maverick Town"

The story of Old Tascosa, "Maverick Town," by John L. McCarty, assistant publisher of the Amarillo Globe News, is now on sale at the Tribune. The book of 277 pages is a masterpiece of printing by the University of Oklahoma Press. It sells for \$3. Illustrations are by West Texas' own Harold D. Bugbee of Clarendon.

Mr. McCarty is an outstanding newspaperman and wrote his first article on Old Tascosa more than 20 years ago and has been collecting stories and information on the old cattle-crossing town ever since. His parents lived in Old Tascosa in 1930. "Maverick Town" is his third book.

First printing of the book has already been exhausted and sales are far ahead of early estimates. It is perhaps the most outstanding book ever written on the history of the Panhandle.

## Day by Day ...

or other causes. The Standard washer which has a capacity of 15 to 18 suits, is equipped with a pressure cleaner which cleans the solvent at the rate of 1,000 gallons per hour. Clothes are cleaned in constantly cleaned solvent. The new extractor is standard cleaning plant equipment which removes the solvent by centrifugal force and is powered by a motor moving at 1,750 RPM.

Mr. Day (R. A.), an experienced cleaner who operated a shop here for many years previous to moving to his farm at Whiteflat, said the plant has a capacity of approximately 125 garments (suits and dresses) per day. A cordial invitation is extended everyone to inspect the new plant and building at the open house, Saturday, and to try the quality of work and service.

## Ten Prize Colts Take Awards At Old Settlers'

Twenty-three colts were paraded before three judges last week at the Old Settlers' Reunion at Roaring Springs. Ten of the colts took prizes here.

Judging the event was H. H. Courtney of Matador, Slim Humphrey of Cee Vee, and George Humphrey of Guthrie. First prize award was \$11, second was \$8, and third award was \$4.

In the suckling horse colt division, the first award went to a piece of horseflesh owned by John Stotts, Dude Barton, and Mary Sue Burleson took the second and third award ribbons with their colts.

A filly belonging to Billy Charles Cross copped the blue ribbon in the suckling filly colt event. Second honors went to a horse of William Curtis Graham, and a steed belonging to Don Forbes took place three.

In the yearling filly colt judging, a mount belonging to Charles Hart was adjudged the best in the field. Second place was taken by the entry of Cranhill Jones, and a steed of Audrey Cross took the white ribbon.

One entry was entered in the yearling horse colt bracket. The prize was won by the entry of Odis Smith.

Sometimes I am convinced we reach a stage in life where we fear death mainly because the world will discover the true absence of our importance.

## A. E. Westmoreland Pioneers ...

(Continued From Page 1)

Anson. Here, he met and married Miss Ollie Houston, and to the union were born 2 children, Weldon, who met a tragic death October 7, 1943, and Georgia, who is Mrs. Lamar Guthrie of Erick, Oklahoma.

Mr. and Mrs. Westmoreland moved to Whiteflat in 1918, and two years later made their home. He was a member of the Baptist church here, as is Mrs. Westmoreland.

Beside his wife and daughter, he is survived by 1 grandchild, Gail Lamar Guthrie, 3 brothers and 6 sisters. They are: Leslie and Irvin Westmoreland of Anson; Luther Westmoreland of Abilene; Mrs. Ellis Dean and Mrs. Bert Dean of Anson; Mrs. Ted Gleason of Hamlin; Mrs. Albert Powers of Spur; Mrs. Roy Cole of Napa, California; and Mrs. Jack Watts of Brownfield.

## School ...

(Continued From Page 1)

duties to George L. Mills, a Texas Tech graduate. The other resignation was that of Mrs. D. C. Bradley, whose duties will henceforth be taken by Mrs. Jack Barton.

All of the teachers of the system hold college degrees.

Grade school students, who register at 10 a. m. Monday, will share some of the faculty with their high school pals. Mrs. Varner McWilliams will teach grade school English as well as the seventh grade; Principal Mills, the seventh grade; Mrs. Melvin Meason, eighth grade; Miss Thessia Godfrey, sixth grade; Mrs. Charlie Keith, fourth grade; Miss Amy Glenn, third grade; Miss Verlin Reeves, second grade, and Mrs. Vance Gilbreath, the first grade.

**What To Bring**

Students who have not yet registered should bring their book cards. Ezzell declared. Those transferring from other schools should bring both book cards and report cards.

Also, children of one family may register at the same time instead of waiting for their assigned time. About 150 high school students and between 250 and 300 grade school students are to be affected by the registration rules.

Students of the colored school will register at 9 a. m. September 9, one week after the official beginning of the white school.

**Bus Schedule**

The school buses will not begin operation until Monday, September 2, the date named as the official beginning of classes.

Vance Gilbreath will drive the Fairview bus. Brady Thomas will take the east Whiteflat route, Marion Thomas, the west route and Mrs. Frank Montgomery will pilot the Barton Bus.

Buses will be routed by homes if cattle guards are provided and if the roads are improved. Once the schedule is established, school vehicles will not wait for tardy students, Ezzell declared.

Mr. and Mrs. Harold Campbell returned home Monday from a business trip to Galveston.

Mr. and Mrs. W. R. Moore and daughter, Billy Beth of Ft. Worth, were visitors here last week with his parents, Mr. and Mrs. R. P. Moore and other relatives.

Miss Dorothy Woodruff has been visiting in Dallas, Fort Worth and Mineral Wells the past ten days.

## Pioneers ...

(Continued From Page 1)

Robert Koonce, 13.3; fifth, Alvis Townsley, 14.

First day junior calf roping was William Curtis Graham, 72. Second day winners were Richard Nalls, 50.4, and Kenneth Baldwin, 74.

Winners in first day old men's breakaway roping were: first, Lud Harris, 6.4; second, Walter Carpenter, 7 and Bill Rucker, 7.4.

Winners in the second day old men's breakaway roping were: first, Walter Edwards, 4.3; second, Raleigh Harkey and Walter Carpenter (tied) 9.2 and third, Bill Rucker, 10.

First day winners in the girls' balloon race were: Dude Barton, 16.2; second, Jaunice Rucker, 17.4, and third, Shorty Albright, 18.1.

Second day winners in the girls' balloon race were: first, Dude Barton, 16; second, Juanice Rucker, 17; and third, Vera Meyers, 18.

First and second day boy's calf riding entrants were: (no time given) Buster Mooney, Neil Lowe, Heavy Thomas and Pat Bowen.

**Memorial Services**

Rev. Chas. Sargent, Methodist pastor of Roaring Springs delivered the memorial sermon in services held following the parade.

While Mrs. Freeman read names of the deceased of Motley county and Mr. Haile read those of Dickens county, carnations were placed in oval plaques which hung on each side of the pulpit. Memorial wreaths also decorated the rostrum.

Motley county deceased during the past year included: C. W. Whitaker, Mary L. Sullivan, Henry C. Clifton, R. E. Williams, N. F. Watkins, H. L. Cook, Mrs. Belle Cantrell, R. W. Garvin, C. L. Osborn, J. L. Murrell, W. E. Cantrell, John A. Fuston, A. E. Butterfield, Mrs. Lila E. Martin, Wilburn Sayers, Oscar Vinson, Jim Lee, Mrs. J. F. Bridges, L. W. Harmon, W. R. Graves, M. J. Reilly, Mrs. Sudie Duval, Mrs. D. Holt.

The Dickens county list included: Mrs. J. J. Davis, Clad Bradford, Mrs. D. J. Jones, W. A. Kimbell, Jim Robertson, Mrs. Clyda May Rankin, Mark A. Edgar, L. M. Thornton, Jake Rains, Ward Harris, W. F. Cathie, John Norris, Lt. Oscar L. Boothe, Harry Lewis, Mrs. H. C. Allen, Mrs. J. I. Greer, Mrs. Sarah Early, Mrs. Harry T. Johnson, Mrs. C. N. Kidd, Mrs. G. W. Hubb, Mrs. P. A. Ramsey, Mrs. Ann McClure, J. A. Murphy, J. F. Fifef, Mrs. Sarah Ann Ward, Mrs. Jane Puckett, H. C. Allen, Bill McClung, Mrs. Robert McAtter and Mrs. Lou Sinclair.

**Parade Winners**

Winners in the parade which opened the 2-day celebration were: Chris Damron, most typical old-time cowboy; Dude Barton, most typical modern cowgirl; John Stotts, most typical modern cowboy; Mary Green, most typical junior cowgirl; Billy Dan (Heavy) Thomas, most typical junior cowboy. Only vehicle in the parade of approximately 200 horseback riders, was a donkey-drawn cart, driven by Don Ray Ward, which won the ribbon for the most typical old-time rig.

Mr. and Mrs. F. A. Bird and son Charles of Midland, were visitors here the first of the week with his parents, Mr. and Mrs. C. D. Bird and with her mother, Mrs. H. Williams and other relatives.

Mr. and Mrs. G. R. Moore and family of Melvin, Texas, were week end visitors here in the home of Mrs. Moore's sister and family, Dr. and Mrs. J. G. Ketchersid.

Tribune, Matador, Motley County, Texas, Thursday, August 28, 1947

## 'No Retirement Age For Christians,' Says Thorn

"There is no retirement age for Christians, engaged in service for Christ," declared Rev. J. D. Thorn, evangelist from Houston, in an impressive sermon this week from the Baptist pulpit where he is doing the preaching in a revival meeting which will close Sunday.

Citing the life of Enoch as an example of true service, Rev. Thorn centered his remarks on three phases of Christian life: Consecration, Continuation and Consummation.

Much interest is being shown in attendance at the services, which are held each morning at 10 o'clock and at 8:00 p. m.

Singing is under the direction of E. Ed Gibbs of Dallas, who

also leads the juniors in a "Prayer Band" service each afternoon at 4 o'clock.

A cordial invitation is extended by the pastor, Rev. J. D. Thorn, to the public to attend the remaining services of the meeting.

M. S. Patton and son, accompanied by L. C. Patton, made a trip to Ruidoso, N. M., over the week end, to accompany Mrs. Patton home, several weeks visit there.

Mr. and Mrs. H. S. Verner and Mrs. W. F. Moore and children, W. F. Moore, Sue, returned home Saturday night from a two-week visit with relatives in California.
