Business Houses Here are Closed

LADIES NIGHT DATE SET BY LOCAL LIONS

Holding their regular meeting Tuesday in the Methodist church basement, the Matador Lions Club announced evening of September 17 (8 p. m.) as the date for "Ladies Night."

Second vice-president R. E. Campbell served as president in the absence of Boss Lion Howard Traweck and first vice-president Vernon Doss.

Lion Campbell announced that the Ladies Night meeting would be held in the back yard of Lion Henry Pipkin's home.

A talking motion picture featuring the Coast Guard's heroic action during the D-Day invasion furnished the principal part of the program. The enjoyable luncheon was prepared by Lion Pipkin.

Visitors included L. A. Stearns, Ralph Dockendorf of Houston, Judge Alton B. Chapman and District Attorney Richard Stovall both of Floydada.

Coach Brady Thomas was announced as a transfer member and Vance Gilbreath was introduced as a new member during the meeting.

Reestablishment of the Bird Common School District was voted August 10 by members of the County School Board.

The Bird district became a part of the Roaring Springs Rural High School District last July. Approximately 20 square miles of the Bird district will be affected, and the Roaring Springs school buses will not cross the Tongue River.

Mrs. Marvin English, 36, former Matador resident, died suddenly Tuesday at her home in Midland, it was learned here through a telephone message from friends at Floydada, to Mr. and Mrs. B. F. Tunnell.

Details concerning the circumstances of her death were not known, but it was assumed that she died of a heart attack.

Mr. and Mrs. English made their home here several years ago and Mr. English was manager of Higginbotham Bartlett Lumber yard here. He is manager of the company's branch at Midland.

Survivors include Mr. English and three children, a son Bobby, 16, and two daughters, 3 and 6 years old. The girls were born after the family left Matador.

Free-Gate Rodeo To Attract Many

MANY OLD FRIENDS will meet today. Trail blazers of half century ago and those that followed them, joined by their friends and families will be at Roaring Springs to open the 24th annual reunion of the Motley-Dickens Counties Old Settlers Association.

President C. C. Haile of Afton, announced last week that the program has been arranged to provide entertainment for all ages, including dances tonight and Friday night to close business houses here all day today.

A little greyer and their ranks thinner, the early settlers of Motley, Dickens and neighboring counties, will meet and talk in the shade of the Pioneer pavilion at Roaring Springs.

Coach Brady Thomas was announced as a transfer member and Vance Gilbreath was introduced as a new member during the meeting.

The reunion will open this morning with a pioneer parade at 10:00 o'clock. Awards will be announced for the most authentic old-time rigs and no mechanical powered vehicles will be entered.

Dudley carnival shows have been in Roaring Springs since Monday and will remain until after the reunion has closed.

Only free-gate rodeo known in the Panhandle will offer entertainment to rope and leather fans. The rodeo is under the management of John C. Russell and Mervin Green, who have purchased outright, the cattle which will be used in contests.

Free baseball games will also be held each afternoon, according to an announcement by President Haile. Provisions have been made to handle and park the large number of automobiles expected.

The noose on frolicking school children slowly drew tighter this week, and school officials prepared for the coming semester.

Those to be taken in the first draft will be the scholars of Roaring Springs, who are scheduled to report to their school at 9 a. m., on Monday, August 26. The regular school term will begin at that time.

In Matador, school registration will begin at 10 a. m. Thursday, August 29, when the seniors report. Juniors will register at 1:30 p. m. the same day. Registration for the sophomores will be held at 1 p. m., August 30, and freshmen will follow the sophs at 3 p. m. on the same day.

Grade school students will sign up sometime Monday morning, September 2. Officially, school will open for the Matador Rural High School on September 2.

Tractor Runs Over 11-Year-Old Youth

Cecil Wayne Shelton, 11, son of Mr. and Mrs. Cecil Shelton of Matador, last week suffered minor facial injuries and body bruises when he fell in front of a tractor he was riding on the Homer Kingery farm in Darden Canyon.

Shelton and one of the Kingery boys were riding on the hood of the machine at the time of the accident. The youth fell in front of the tractor and its front wheels caught the left side of his head and left arm.

Three other youths were riding on the vehicle at the time. They were David Kingery of Plainview, and Roger and Leslie Frank Kingery of Darden Canyon.

ROARING SPRINGS CHURCH OF CHRIST TO HOLD REVIVAL

A series of Gospel services will be conducted by the Roaring Springs Church of Christ beginning Sunday, August 25 and ending September 1, according to an announcement made this week.

Roy Deazer of Spur, outstanding evangelist speaker of this area will do the preaching. He is a former student at Abilene Christian College, Abilene, and well-known in this section.

Minister C. V. Allen will preach the first service of the meeting Sunday night.

Evening services will begin at 8 o'clock, and services will also be held each morning during the meeting, it was further announced.

Rumors On Veterans Cotton Spring Up

Speculation on servicemen's cotton, which was pooled during the war, was rampant this week. Rumors said that the veterans would be able to pay off their notes and sell their 1941 cotton at 1946 prices.

Other unofficial reports stated that the cotton "had already been sold," and that the veterans would receive the 1941 prices of 15 cents per pound.

The current price for a bale of cotton is \$50. Marvin Allen, AAA administrative officer, declared that the AAA office in Matador had received no instructions on the matter.

Some farmers who entered the armed forces were unable to meet their notes, and the government pooled their cotton. Thus, the rumors were started in the belief that the government was holding the cotton until the servicemen returned.

The Tribune was unable to get any definite answer from government offices.

Soil Conservation Superintendent To Be Elected Aug. 24

A meeting to elect a new soil conservation superintendent for District 1 (Motley and Cottle Counties) will be held at 3 p. m. Saturday in the district courtroom in Matador, according to J. R. Emmons, county agent.

The district, comprising the territory west of Turkey, was established last year and R. O. Ross of Flomot was elected soil conservation superintendent. The new superintendent will

WILL HOLD BAPTIST REVIVAL HERE

REV. J. D. THORN Evangelist

E. ED GIBBS Singer

Leaders in the Baptist Revival meeting which will begin here tomorrow (Friday) night, will be Rev. J. D. Thorn of Houston, Texas, who will do the preaching, and E. Ed Gibbs of Dallas, who will lead the singing.

Services, as announced by the pastor, Rev. H. G. Verner, will be at 10 o'clock each morning and 8:30 each evening. Everyone is extended a cordial invitation to attend all services. The meeting will come to a close Sunday, September 1.

AG CLASSES FOR VETS TO BE DISCUSSED

Possibility of establishing vocational agricultural classes for Matley County veterans, similar to on-the-job training, will be discussed on September 3 when T. L. Leach, agricultural advisor for the Veterans Administration, comes to Matador, according to J. R. Emmons, county agent.

Time and place of the meeting is to be announced later, Emmons said.

Under the proposal, the veterans administration would send agricultural instructors to communities that could meet a class quorum.

Further information on the meeting will be sent to approximately 600 veterans who have registered with the county agent, Emmons declared.

Quail Season Meet Set For Thursday

A meeting to discuss the possibility of closing the quail season in Motley County this year will be held at 7:30 p. m. Thursday in the county courtroom, according to J. R. Emmons, county agent. The new time was set so as to avoid interference with the Old Settlers Reunion at Roaring Springs.

Emmons said that landowners had advised him that the shortage of quail was greater this year than it ever had been. The landowners will meet to debate whether to request the legislature to close the season for this area.

Motley County's quail season opens December 1 and closes January 16.

NINE CHICKS HATCH IN WELLINGTON WITHOUT AID OF HEN OR INCUBATOR

Has it been hot in Wellington? No definite proof has been found that it is hot enough to fry eggs on the sidewalk, but there is proof that it has been hot enough to hatch baby chicks without the assistance of a hen or an incubator. The proof—nine of them—may be seen at Mrs. A. B. Cooper's on Haskell street.

Slightly over three weeks ago Mrs. Cooper decided that her Buff Orpington chickens were running around over the neighborhood too much. She clipped their wings and put them in a pen where they have been every since.

Friday morning, August 2, she heard a chirping sound south of her garage and went to investigate. There sheltered underneath the broad leaves of the canna plants was a neat nest that some biddy had made. It contained six yellow chicks and five eggs. Saturday morning two

Groves Appointed Service Officer

Dick Groves, newly elected adjutant for the American Legion Post here, has been appointed as county service officer by the commissioners court. He will succeed Howard Traweck, who has taken a position with the Veterans Administration in Lubbock.

Groves' appointment will not become official until he is appointed by State veterans officials. At that time, he will enroll for a course of instruction required by appointed county servicemen's officers.

Light Rain Cools Area

Tuesday was turned into an early fall day by an hour-long shower which fell leisurely and subdued the current drought. A register of 45 inch was recorded by the government rain gauge.

County Agent J. R. Emmons said that the brief drizzle would be of greater advantage to the terrain than any of the rains which have fallen this year.

Tuesday's rain, he said, soaked into the ground and was neither too much or too little.

Tuesday's drizzle began at noon, lasted until 1 p. m., and the remainder of the day was covered by an overcast which cooled the rain water to sink into the earth unmoistened by the summer sun.

Early reports from Padueah told of a 3 inch rain, but this was unconfirmed by presstime. Whiteflat reportedly received a smaller shower than did Matador.

Troop 60 Scouts Win Swim Awards; Attendance Banner

Boy Scouts of Troop 60 last Thursday won two first place events in the Break Plains Court of Honor Swimming meet held at Roaring Springs. The troop was also winner of the attendance banner for the first half of the year. Five troops and approximately 100 Boy Scouts were in the competition, according to Scoutmaster Tom Hamilton.

Dan Tilson copped the two first place swimming awards for his troop. He won the back stroke and the free style events in the intermediate division.

Second honors were taken by the troop in the free-style relay and the diving events in the intermediate division. Don Wason won the diving contest, and a team made up of Wason, Tilson, Norman Neighbors and Wayne Gray took second slot in the relay.

The troop was credited with three third place awards in the junior division contests. Kenneth Dunning won third in the Junior side stroke, and the Junior medley relay was won by a team made up of Dunning, Dean Stotts, Jerry Warren and Garland Rattan. The same group went on to win third in the free style junior relay.

FOUNTAIN EMPLOYEES

New fountain clerks were employed at both the City Drug and Matador Drug during the past week. Miss Lou Marshall is at the Matador Drug and Miss Dorothy Lou Hill, at City Drug. Also recently joining the Matador Drug force was Thomas Sanders.

Mrs. Bessie Patton returned to her home here Wednesday of last week, after spending the past several months visiting in Austin and Houston.

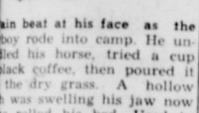

Mr. and Mrs. J. W. Johnson and children of Tirock, Colorado, arrived here Wednesday for a visit with her parents, Rev. and Mrs. H. G. Verner. Mr. Johnson has just recently returned home from overseas.

ON VACATION

Mr. and Mrs. Albert Daffern left last Thursday for Creed, Colorado, where they joined Mr. and Mrs. Fred G. Simpson of Roaring Springs, for a fishing trip.

Mrs. J. M. Birchfield left Saturday for Phoenix, Arizona, to the bedside of her father, R. E. Meador, pioneer resident of this county.

John K. Campbell of Dallas, former resident of Matador, was visiting friends here last week, and also visited his sister, Mrs. Malcolm Morriss of Whiteflat.

Mrs. Oscar Williams of Amarillo, visited here last week with Mrs. H. Williams and other relatives.

Telephone Company To Move To Dallas

The general operating offices of the Southwestern Associated Telephone company will be moved from Lubbock to Dallas next spring, Roy Autry, vice president and general manager of the firm has announced.

Autry said that the move would be made sometime between Feb. 1 and May 1. The company's offices have been located in Lubbock since 1928.

Purpose of the move is to become more centrally located with respect to the company's holdings, Autry declared. A district and division office and a warehouse for the northern part of Texas will be maintained in Lubbock. The company holds 210 exchanges, including the Matador system.

Falls cause 39 per cent of all fatal farm accidents.

Consider Nursing Career, Health Officer Declares

Dr. Geo. Cox, State Health Officer, is appealing to young women high school graduates to seriously consider the public health nursing profession as a career when re-entering school this fall.

"Public health nursing offers young women opportunities for lifetime careers which are highly useful and satisfactory. Demands for professional nurses now exceed the supply in public health and other fields of work," Dr. Cox said. "Possibilities of travel, varied experience, income, and other features of the profession compare very favorably with those open to women in other careers."

Education for nursing is available in 37 schools in Texas and enrollment is now under way for fall classes, which open about September 1. All schools should have vacancies. Applicants should be graduates of high school or have some college credit, with a record of good scholastic standing, be in good physical condition, and of high moral character. An interest in people, and their problems, also ability to work well with one's hands is necessary.

Prerequisite training in public health nursing includes a 36 week course in medical, obstetric, pediatric, physiological and are studied. Completion of courses entitles the individual to the diploma of the School and to take State Board Examinations leading to the R. N. Certificate.

GOD HEALED HIM

"I dressed his wounds, and God healed him," was the modest statement of the great French physician, Paré. It was he who first insisted on cleanliness and fresh air for his patients.

These things now are accepted as the minimum essentials for health, although in the sixteenth century they were revolutionary. Medical science has traveled a long road since the days of Paré. Some diseases have been eliminated, others drastically curtailed. Given full co-operation, physicians could eradicate many of the infectious diseases still rampant today. It is up to you to take advantage of the knowledge your physician possesses.

Your prescriptions will be promptly and accurately filled.

R. M. STANLEY, Manager

His Farm Fields Are Factories

U. S. FARMERS have made our fields into factories.

We live better than people in other countries because our farmers get more out of the soil.

The steel industry takes pride in the way it has helped bring about this improvement in farm practice. Tools of steel—from the plowshare to the giant combine—have multiplied in number and increased vastly in quality.

Fifty years ago the typical farm in America used about 3 tons of steel. Today the figure is nearer 17½ tons.

That is a measure of the modernization of agriculture and an indication of the interdependence of steel and farming.

We no longer have separate "farm production problems" or "industrial production problems."

We have but one set of problems for everybody.

If strikes, for instance, restrict the supply of farm implements and supplies through work stoppages, or make their cost prohibitive, America is out of gear.

Anything which tends in this direction is bad for the farmer—and finally for everybody. Farmers know it. Everybody else should know it.

Steel mills need all the scrap iron and steel they can get. The shortage is serious. Farmers can get extra dollars and help increase steel output by sending worn-out machinery, etc., on its way to the furnaces. AMERICAN IRON AND STEEL INSTITUTE, 350 Fifth Avenue, New York 1, N. Y.

The Institute has printed a booklet STEEL SERVES THE FARMER.

Write for a copy and it will be sent gladly.

Mrs. Walter Brewster Baldwin

Marie Hunsucker and Walter Baldwin Are Married In Corpus Christi Rites

Miss Grace Marie Hunsucker, daughter of Mrs. Charlotte Moore Hunsucker of Matador, and Walter Brewster Baldwin, son of Mr. and Mrs. William Henry Baldwin of New Canaan, Conn., were married Tuesday morning, August 20, at 10 o'clock in the Corpus Christi cathedral, in rites read by the Rev. Fr. M. J. Adams.

Traditional wedding music was offered by Sister Aloysius, organist, and Steve McFarland, boy soprano, sang Schubert's Ave Maria.

The bride, given in marriage by Robert M. Jackson, wore a gown of white marquisette fashioned with a fitted bodice, gathered skirt, bracelet length sleeves, and a yoke of net edged with self-ruffling. Her veil of illusion fell from a halo head-dress of pearlized orange blossoms and Brussels lace. She carried a Brussels lace handkerchief and a white prayer book topped with a white orchid and stephanotis.

Sister is Maid of Honor

Maid of honor was the bride's sister, Miss Kara Hunsucker, and Miss Fay O'Conner were bridesmaids. They wore identical dresses of yellow organza designed with bouffant skirts, sweetheart necklines and puffed sleeves. They carried cascade bouquets of Esther Reed daisies.

W. H. Baldwin, Jr., served his brother as best man and ushers were Dr. Otis Montgomery and Robert Oliver.

Members of the bridal party and relatives attended a wedding breakfast in the Princess Louise Hotel in Corpus Christi. The tiered wedding cake was served by Miss Gladys Ruth McNamara of San Antonio. Also present from out-of-town were the bridegroom's parents.

Mother of the bride wore a salmon pink crepe dress with side drape, and matching pink feather hat, and a corsage of Carnations of India. The bridegroom's mother was dressed in gray and white print crepe with an orchid corsage, and wore a gray feather hat.

Trip Is By Plane

For a wedding trip by plane to New Hampshire, the bride wore a gray dressmaker suit with a gray feather hat and Calcutta lizard accessories. Her corsage was of orchids.

Mrs. Baldwin was reared in Matador and is a graduate of Matador High School and also Texas Technological college, Lubbock where she was a member of Forum and Las Chaparras social club. She has done graduate work in Spanish at the

SHOWER IS GIVEN FOR RECENT BRIDE

A bridal shower for Mrs. Melvin Mohling, the former Joyce Smith, was given in the home of Mrs. F. M. Casey of Whiteflatt, Tuesday afternoon, August 13. Co-hostesses were Mesdames L. A. Carlisle, O. T. Casey, F. Z. Martin and Tom Edwards.

Refreshments of cookies and punch were served to the guests. Those bringing and sending gifts were: Mesdames W. E. Smith, Roy Mitchell, L. L. Lynn, Kim Wilkinson, E. D. Smith, E. E. Terry, Elbert Terry, Ernest McWilliams, M. C. Thomas, M. D. Morriss, Tom Spray, Bill Slover, E. C. Harris, Archie Mitchell, Pearl Wilkinson, James Taylor, C. P. Pool, F. D. Hanks, H. S. Watson, Frank Edwards, R. L. Smith, Nannie Thompson, L. R. Browning, Tom Tilson, Varner McWilliams, W. L. McWilliams, Joe Bloodworth, Julia Doran.

H. J. R. No. 10

HOUSE JOINT RESOLUTION proposing an Amendment to Article 16 of the Constitution of the State of Texas, by adding thereto Section 62 providing a Retirement, Disability and Death Compensation Fund for the appointive officers and employees of the State; limiting the amount contributed by the State to such Fund; providing for investment of Fund with certain exceptions; prohibiting recipients of benefits hereunder from receiving other direct aid from the State; authorizing counties to provide for appointive county officers and employees after favorable vote in a county election for such purpose; limiting the amount contributed by the county to such Fund; providing for investment of Fund with certain exceptions; prohibiting recipients of benefits from said Fund from receiving other direct aid from the State; and providing for an election, necessary form of ballot, and publication of the question of adoption of this Amendment.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 16 of the Constitution of the State of Texas be amended by adding thereto Section 62, which shall read as follows:

"Sec. 62 (a). The Legislature shall have the right to levy taxes to provide a Retirement, Disability and Death Compensation Fund for the appointive officers and employees of the State; provided that the amount contributed by the State to such Fund shall equal the amount paid from the income of each such person, and shall not exceed at any time five per centum (5%) of the compensation paid to each such person by the State, and shall in no one year exceed the sum of One Hundred and Eighty Dollars (\$180) for any such person.

"All funds provided from the compensation of such person, or by the county, for such Retirement, Disability and Death Compensation Fund, as are received by the Treasury of the State of Texas, shall be invested in bonds of the United States, the State of Texas, or counties or cities of this State, or in bonds issued by any agency of the United States Government, the payment of the prin-

icipal of and interest on which is guaranteed by the United States, provided that a sufficient amount of said funds shall be kept on hand to meet the immediate payment of the amount likely to become due each year out of said Fund, such amount of funds to be kept on hand to be determined by the agency which may be provided by law to administer said Fund; and provided that the recipients of benefits from said Fund shall not be eligible for other pension retirement funds or direct aid from the State of Texas, unless the Fund, the creation of which is provided for herein, contributed by the State, is released to the State of Texas as a condition to receiving such other pension aid.

"(b). Each county shall have the right to provide for and administer a Retirement, Disability and Death Compensation Fund for the appointive officers and employees of the county; provided same is authorized by a majority vote of the qualified voters of such county and after such election has been advertised by being published in at least one newspaper of general circulation in said county once each week for four consecutive weeks; provided that the amount contributed by the county to such Fund shall equal the amount paid from the income of each such person, and shall not exceed at any time five per centum (5%) of the compensation paid to each such person by the county, and shall in no one year exceed the sum of One Hundred and Eighty Dollars (\$180) for any such person.

"All funds provided from the compensation of each such person, or by the county, for such Retirement, Disability and Death compensation Fund, as are received by the county, shall be invested in bonds of the United States, the State of Texas, or counties or cities of this State, or in bonds issued

by any agency of the United States Government, the payment of the principal of and interest on which is guaranteed by the United States, provided that a sufficient amount of said funds shall be kept on hand to meet the immediate payment of the amount likely to become due each year out of said Fund, such amount of funds to be kept on hand to be determined by the agency which may be provided by law to administer said Fund; and provided that the recipients of benefits from said Fund shall not be eligible for any other pension retirement funds or direct aid from the State of Texas, unless the Fund, the creation of which is provided for herein, contributed by the State of Texas as a condition to receiving such other pension aid."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified voters of this State at an election to be held throughout the State in November, 1946, (being the 5th day thereof) at which all ballots shall have printed thereon:

"FOR the Constitutional Amendment authorizing the Legislature to provide a Retirement, Disability and Death Compensation System for the officers and employees of the State of Texas and authorizing counties to provide such system for the appointive officers and employees of the counties of the State of Texas," and

"AGAINST the Constitutional Amendment authorizing the Legislature to provide a Retirement, Disability and Death Compensation System for the officers and employees of the State of Texas, or counties or cities of this State, or in bonds issued

ABSTRACTS Prompt Service Warren Abstract Co Notary Public Courthouse Matador

VOTE FOR R. E. McDONALD CANDIDATE FOR OFFICE OF Commissioner of Agriculture

Qualifications:

- R. E. McDonald has served the State Department of Agriculture for eleven years
- He has acted as advisor to various Agriculture Commissioners holding the office
- He drafted the Pest Control law. This is one of the most effective Legislative Acts in the control of various pests that menace agricultural production.
- He drafted the Seed Certification Law which guarantees to farmers protection in the purchase of good seed
- He was elected by the Plant Quarantine Officers of the South to represent the Southern States on the National Plant Board for three successive two year terms.
- He served on the State Seed and Plant Board for several years
- He holds the confidence and esteem of his co-workers not only in Texas but throughout the South because of his ability.

Recognition of Ability. R. E. McDonald was selected by the United States Department of Agriculture in the Eighth Corps Area for emergency work necessary during the War. He had charge of certain cotton pest control work in the entire South and cooperated with all of the states and with Mexico.

Further Recognition of Ability. The representative of Mexico in Agriculture of the United States in 1943 requested the Secretary of Agriculture to send R. E. McDonald to that country to aid in the establishment of Cotton Pest Control Programs. He was commended by the Mexican Secretary of Agriculture, therefore enjoys the confidence and respect of our Southern neighbors in cooperating in insect pest control. R. E. McDonald speaks the Spanish language and understands farmers of various racial groups.

R. E. McDonald will cooperate. R. E. McDonald has always cooperated with A. & M. College and other institutions working for the welfare of Agriculture. He is a member of numerous societies and organizations which are high in Agricultural circles.

Elect a Democrat to a Democrat office. R. E. McDonald is interested in increasing farm income by increasing production. He has never held public office. Present incumbent secured many votes from voters thinking they were voting for R. E. McDonald.

Your Confidence and Support will be Appreciated

HELP ELECT R. E. McDONALD, a man of ability and a man who will cooperate with the farmers and the Agricultural groups of our great State of Texas.

 ROARING SPRINGS, TEXAS

Allan Shivers Runs For Lt. Governor On Qualifications

Senator Allan Shivers, leading candidate for lieutenant governor, is seeking election on the

basis of his qualifications of a wide training and experience. In every way, Allan Shivers, the legislator, lawyer, farmer and World War II combat veteran, is exceptionally qualified for the No. 2 state office. As a state senator for a number of years, he established an excellent record of public service. A loyal Democrat and native Texan, he is a man of highest character and splendid personality. The majority of Texans believe he will reflect credit and honor on the State of Texas.

Shivers, a war veteran of two time he earned 5 battle stars, did his best to make this a free country for a free people. He will continue that course as lieutenant governor.

He has conducted a dignified campaign, free of mud-slinging and personalities. His platform appeals to every Texan: Better farm-to-market roads, better salaries for school teachers, enlarged public safety facilities, a thorough public health program, restricting of the state for legislative purposes, greater aid to the aged, real assistance to war veterans, reorganization of the first class university for the colored, and equal responsibility from both labor and management. He is against a sales state income or any other form of new taxes.

Allan Shivers will be the lieutenant governor of all the people. In addition to integrity, sincerity and ability, he has a background of training and a record of public service already performed which gives him the right to ask for promotion.

Burns-Morris Vows Are Read Recently In Ceremony Here

Miss Coleen Morriss, daughter of Mr. and Mrs. P. H. (Bud) Morriss of Flomot, and Walter P. Burns of Fort Worth, Texas and Oakland, California, were united in marriage, Monday, August 12, at 6 p. m., in the home of Rev. and Mrs. George Turrentine of Matador. Rev. Turrentine, Methodist pastor here, read the single-ring ceremony.

Attendants at the wedding were the bride's parents, her brother and sister, Wendell and Bobbie Jean Morriss, and her grandmother, Mrs. M. C. Washington.

VACATIONISTS RETURN

Several Matador residents who have been on vacation the past two weeks, returned home over the week end. These include Mr. and Mrs. W. F. Jacobs who have been at Red River, N. Mexico. Returning home Monday were C. M. Glenn and his sisters, Miss Amy Glenn and Mrs. J. L. Woodruff, who have been at Colorado Springs, Colo. Others who vacationed in Colorado Springs, who have also returned home are Mr. and Mrs. L. C. Harp and daughter, Ann.

DUDE BARTON WINS SECOND AT RODEO

Miss Mary Ellen (Dude) Barton of Flomot, took second place honors in the sponsors' roping contest at the Top O' Texas rodeo held in Pampa, Friday and Saturday.

Attending the rodeo from Matador were Sheriff and Mrs. H. H. Courtney and Mr. and Mrs. Wason. Don Wason, Sheriff Courtney was one of the judges in the quarter-horse show held Friday in opening rodeo events.

HOME ON LEAVE

Pvt. James Garth, son of Mrs. Melvin Dirickson, and Pvt. Jackie Simpson, son of Mr. and Mrs. A. B. Simpson of Northfield, arrived home Sunday from San Diego, Calif., to spend a 10-day leave visiting friends and relatives. They have just completed training in U. S. Marine boot camp on the west coast.

S. J. R. No. 5 A JOINT RESOLUTION

proposing an amendment to the Constitution of the State of Texas authorizing the Legislature to appropriate Seventy-five Thousand (\$75,000.00) Dollars, or so much thereof as may be necessary, to pay claims incurred by John Tarleton Agricultural College for the construction of a building on the campus of such college pursuant to deficiency authorization of the Governor of Texas on August 31, 1937.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be amended by adding a new section, as follows:

"The Legislature is authorized to appropriate so much money as may be necessary, not to exceed Seventy-five Thousand (\$75,000.00) Dollars, to pay claims incurred by John Tarleton Agricultural College for the construction of a building on the campus of such college pursuant to deficiency authorization by the Governor of Texas on August 31, 1937."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at the next general election to be held on the first Tuesday after the first Monday in November, A.D., 1946, at which all ballots shall have printed thereon: "FOR THE CONSTITUTIONAL AMENDMENT AUTHORIZING THE LEGISLATURE TO PAY FOR BUILDING CONSTRUCTED FOR JOHN TARLETON AGRICULTURAL COLLEGE."

IZING THE LEGISLATURE TO PAY FOR BUILDING CONSTRUCTED FOR JOHN TARLETON AGRICULTURAL COLLEGE"

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment.

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this state.

Sec. 4. The sum of Five-Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the treasury of the state, not otherwise appropriated, to pay the expenses of such publication and election.

FARM NEWS

BY MARVIN ALLEN
 Motley County ACA
 Administrative Officer

BRIEF REPORTS FROM THE U. S. D. A.:

The 1946 cotton loan has just been announced by the CCC. The average rate for 15 1/16 M. cotton will be 24.38 cents per pound, which is 92 1/2% of the parity price of cotton as of August 1, 1946. Loan rates according to locations.

retirement of said bonds and to pay interest thereon, and any of such moneys not so needed shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State of Texas on the first Thursday in November, 1946, at which election all voters favoring the proposed Amendment shall write or have printed on their ballots the following words:

"FOR the Amendment to Article III of the Constitution of the State of Texas by adding Section 49-b creating a Veteran's Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II."

Those opposing said proposed Amendment shall write or have printed on their ballots the following words:

"AGAINST the Amendment to Article III of the Constitution of the State of Texas by adding Section 49-b creating a Veteran's Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II."

If it appears from the returns of said election that a majority of the votes cast were in favor of said Amendment, the same shall become a part of the State Constitution and be effective from the date of the determination of such result and the Governor's proclamation thereof.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and laws of this State.

Sec. 4. The sum of Ten Thousand Dollars (\$10,000) or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of such publication and election. 4t 8-29

COTTON SITUATIONS:

The average of the ten world spot markets for cotton shows M 15/16 selling today at 35.85. This year cotton acreage harvested may be second smallest in 60 years. With "normal" yields, 1946 indicated acreage would produce about 9,900,000 running bales, adding August 1 carryover, 1946-47 supply would be 17,400,000 bales. Disappearance in 1946-47 may total 13 million bales (10 million domestic and 3 million export). This would leave carryover of only 4,400,000 bales August 1, 1947. Research work at cotton laboratories at both College Station, Texas and Stoneville, Mississippi has been programed for substantial expansion for this fiscal year.

1947 Agricultural Conservation Program Announced:

Increased local responsibility for conserving land resources on America's 6 million farms and ranches is the only major change in the agricultural conservation program for 1947 announced by the U. S. D. A. Authority for the \$360 million program is granted by Congress under the agricultural appropriation act of 1947. The money is authorized to assist in carrying out soil building practices, soil and water conservation, or the harvest of grass and legumes seeds and to pay administrative costs of the program. The authorization is approximately the same as in 1946.

For the first time, the program for 1947 allows up to 10 per cent of county conservation funds to carry out a practice not included in the list approved for states. The balance of county funds, as before, will be used to carry out practices selected by farmers and committees from a long and flexible list. Such lists are worked out in each State by farmer-committees and technical experts.

Success of the program depends upon farmers and their committees who together work out plans for individual farms. All County Agricultural Conservation Program (AAA) committees are active farmers, elected by farmers, in lo-

cal balloting to run the conservation program. Greater emphasis on the local approach should help farmers make some needed shifts from practices which were necessary for quick wartime production to those of greater long-term soil building value.

Our continuing goal in this program is to get the greatest amount of conservation possible out of each dollar provided by Congress. Special emphasis in 1947 will be placed on measure to prevent soil erosion and to conserve water. Such measures include building of terraces, erosion control dams, livestock water ponds and similar practices. Use of lime and fertilizers on legumes and grasses will continue to be a major part of the program. Application of these soil-enriching minerals reveals in a dramatic way the immeasurable value to both city people and those on farms. Lime and fertilizers improve the health and vigor of legumes and grasses, greatly increasing production and quality. This means more and better livestock and gives us what we are finally seeking—more and better food to improve the health of our people and those of other lands who need our food and fiber.

Since the conservation program began in 1936, farmers have increased by seven times their use of lime under the program. They are using nine times as much phosphate. Not only do their soils improve, but they are getting better yields and slowing erosion. Despite wartime hardships imposed on the land, farm production during and since the war have been one-third above 1935-39 levels. More and better conservation is a factor in that record.

A nation destitute of its top soil is a weak nation—Conserve your soil.

RETURN HOME

Mrs. H. G. Verner and daughter, Bobby Lou, also the former's mother, Mrs. G. W. Libia returned home Sunday from Abilene where they have been visiting.

Radio Shop Now In New Location

Sellers Radio and Electric Shop is now located in a recently completed structure just east of Higginbotham-Bartlett Lumber yard, according to an announcement made recently, by Frank Sellers, owner of the business.

Mr. Sellers has been doing radio repair and electrical work for several months, and while construction of present quarters was underway, he was located on the Paducah highway east of town.
