Salute America's Automotive Mechanics! They Serve America by Keeping Our Cars and Trucks Serving for Victory

Why America's Cars and Trucks Are VEHICLES OF VICTORY*

· Sole transportation for war workers in many com-

· Sole transportation for war materials in many

communities. · Six out of every ten farms use one car or more

· 67 per cent of all farm car mileage is necessity driving.

· Many war plants depend on trucks to haul all "Victory" freight.

 Trucks alone serve 54,000 communities not reached by railroads.

All signs tell you-MORE PEOPLE GO TO CHEVROLET DEALERS FOR SERVICE

The automotive mechanics of yesterday are the Victory Service Men of today. . . . For it's up to them to maintain the motorized transportation system which carries men and materials to and from America's war plants, America's farms, America's other essential industries. . . . They know their job, and they're doing their job! . . . Help them to keep your car or truck serving for Victory by getting skilled service now and regularly. *All statements hased on reports compiled by the Michigan State Highway

to Conoco Nth motor oil. This oil's added synthetic - with apparent "magnetic at-traction" - closely bonds lubricant to inner engine parts. That's OIL-PLATING. It resembles any protective plating in not all "going elsewhere" while the car stands cold.

OIL-PLATING doesn't all quickly drain off to the crankcase. Oil down there is off to the crankcase. Oil down there is still trying to "get a move on" as the engine starts, while Oil-PLATING is already fastened clear up to the topmost piston rings. It's there shead of rampant wear in starting cold. It's there the rest of the time, too. And so the strong liquid-type film of Conoco Nth is sliding between Oil-PLATED surfaces. Not much look-in for wartine wear. Better change at Your Mileage Merchant's Conoco station. He knows your correct Winter grade of Conoco Nth. Continental Oil Co.

Elect yourself to the ONCE-A-WEEK CLUB at Your Mileage Merchant's Conoco station. Choose your own regular day to have him check tires, oil, radiator and battery. His systematic sttention means trouble-prevention. He'll report in advance on lubrication and anything that he finds you need for the duration of your car!

Pointers Will Aid Keeping, Brewing **Rationed Coffee**

Keeping the coffee in the refrigerator to preserve its freshness is just one of the tricks housewives should learn before coffee rationing starts Nov. 28, Mary E. Keown been at Leesville, La., has been state home demonstration agent transferred to Ft. Sam Houston, with the agricultural extension service, said today.

Under the rationing plan of a pound every five weeks for each person. Americans will have to get along with about one-third less coffee than the average used during the last five years, she said. "But the cut need not be that

sharp in its results to us if we use our heads and manage well," Miss Keown declared. She offered the 1. Keep your coffee in a tightly

overed container. 2. Keep coffee in a refrigerator

or some cool place. It deteriorates

3. Keep your coffee pot clean. Wash, scald and air it after each

4. Have your coffee ground as fine as possible for the kind of pot you intend to use. Finely ground coffee goes further than coarsely ground coffee. The best grind varies according to whether you brew drip, periolate or plain boil

5. Measure coffee accurately-

aper. It is the first Texas paper Community, who was seriously in- use level and not heaping spoon-

6. Learn to make coffee properly. Boiling drives off the very elements you want and causes that strenuous treatme

7. Serve the coffee as soon as i is made.

8. Make only the exact amount you want to use. Left-over, coffee ever before. With new is nearly always wasted, although it can be stored in the refrigerator has a definite obligi to use as flavoring or for a cup of his property in sound warmed-over coffee, if you like good working orde

Owners' Duty To **Keep Homes In Sound Repair**

There are many important repairs and replacements that should should be properly be made in your home before the sure against the winter season sets in.
