War Fund Drive Near Quota

Population Growth Is Indicated

Despite calls of the selective service, war work in other localities and other population drains, Motley county has gained approximately 800 residents since February 28 when Ration Book No. 2 was issued, according to tabulations made early this week by the local rationing office.

C. A. Pitts, chairman of the Motley county War Price and Rationing Board said it is probable that most of the additional No. 4 books issued last Thursday, Friday and Saturday were for cotton-pickers in the county. Registration for Book No. 2 in February was 4,051. Registration for Book No. 4 was 4,857.

Registration was continued on through part of Saturday in some of the five Motley county schools, altho Thursday afternoon and Friday had been designated as the period in which to receive the new Book 4. Shortage of registrants in Matador and other localities made it impossible to complete the registration during the assigned period.

Increased Salvage Of Fats And Tin Urged For County

Texas is falling short in its salvage of inedible fats for war purposes according to a communication from the Texas Salvage Committee to Mrs. M. J. Reilly, chairman of the Motley county Women's Activities Committee. The paper signed by Lewis C. Huff, declares that Texas is now in 37th place in the nation, with less than 137 turned in last month. It is estimated that one tablespoonful of kitchen fat salvaged daily from each home in the nation, will produce sufficient glycerine needed in the manufacture of 1,510,670 pounds of gun powder every day. Inedible kitchen fats may be sold to meat markets, acting as collecting agencies in most localities.

Tin Cans Are Needed

A critical need for salvaged tin cans is also expressed, since the cans are used in the mining of copper, used in every piece of ammunition. Copper is declared the most critical war material. While a tin can contains 99% steel, one percent tin and no copper, it is essential in copper mining. Tin cans are cut into shreds to allow maximum chemical reaction. After being shredded, cans are shipped to the copper mines where they are fed into large vats, coming in contact with water containing low grade copper ore in solution. In the chemical reaction the iron becomes pure copper after the water is drawn off. One tone of pure copper is precipitated from each ton of shredded tin cans.

Matador's tin can salvage depot is located in the Crews building on Highway 70, two doors east of Phillips 66 station. Shipment can not be made until sufficient amount is collected to provide a truck-load for the nearest can shredding plant at Dallas.

Contributors Add \$9 To Paper Fund

The Matador Tribune desires to express sincere appreciation for the following unsolicited contributions to the boys-in-service paper fund, received since last publication, Mrs. L. B. Archer \$1, J. RAYMOND VERNON TRUE

LEGION PRESENTS FLAG TO MOTHER DURING MEMORIAL

Stark tragedy of war was brought close to the border of Motley county, Sunday afternoon, October 24, when memorial services were held for Raymond Vernon True, 24, Fireman First Class, U. S. Navy, son of Mr. and Mrs. W. I. True, at the Fairmount church, west of Flomot. The young sailor was reported missing after the U. S. S. Plymouth was sunk on August 5th, 1943.

Memorial services were conducted by Rev. J. J. Terry of Whiteflat, pastor at Fairmount and Rev. L. J. Loyd of Oklahoma, former pastor. A military escort by the Fleming-Post American Legion included Floyd Bradley, Vernon Doss and L. L. Russell of Matador, T. W. Turner, Ernest Fisher, H. S. Gilbert and Shelton Haynie of Flomot. "Building a Memorial" was the subject of the message delivered by Rev. Loyd.

The American Legion presented the grief-stricken mother with a large American flag during the ceremony. Flowers tendered at the memorial were later brought to the Flomot cemetery and placed on graves of the deceased in the True family lot.

Born In Floyd County

Raymond Vernon True was born at Fairmount, Floyd county, March 23, 1919, where he attended school for a number of years. He later attended Flomot high school. He was converted and joined the Baptist church in August 1931. He enlisted in the Navy in January, 1941.

Besides his parents, he is survived by a brother, Robert W. True, serving in the army with the contingent in England, and a

No Soap Shortage; 22 Lbs. For Each

COLLEGE STATION—Contrary to current rumors, there is going to be enough soap for everybody in this country during the next 12 months.

Sufficient quantities will be manufactured for each man, woman, and child to have 22 pounds of toilet and household soap, according to information received by the Texas A. and M. College Extension Service. That is the equivalent of 16 large packages of soap chips or flakes, or 35 bars of laundry soap, or about 94 cakes of toilet soap.

In addition, three and one-half pounds of soap per person will be available to commercial laundries, institutions and factories. Extension workers say, however, that it's still important not to hoard soap and to use it carefully without waste.

TO RESIDE HERE

Mr. and Mrs. Clay Gilbert have returned here from Pampa where they have been residing, and Mrs. Gilbert and children will make this their home, following Mr. Gilbert's entrance into the armed forces, in the immediate future. He has been employed in defense work at Pampa.

Crops Destroyed By Hail In Flomot Area

Violent hail storm destroyed a large amount of the best crops in Motley county shortly after sundown Friday. A section between Quitaque and Pease river extending from the Caprock to Childress county east sustained the brunt of the storm. Flomot community suffered severely.

John Barton reported practically a total loss of 150 acres of cotton in which a sack had not been placed. W. A. Rattan reported a similar loss of 100 acres from which none had been gathered, while other farmers declared that crops left were hardly worth gathering. Many hundreds of acres of maize and other grain were destroyed or badly damaged. Some fields were not badly damaged in the stricken area.

Reports declare that three "attacks" of the storm, which included heavy rain, passed over much of the territory. Hailstones as "large as a man's fist" were reported, however most of the crop damage resulted from smaller hail. No loss of livestock was reported.

Cloud Appears Small

The cloud, which started forming in the west during the late afternoon, appeared small as it moved north and eastward about dark. Considerable electric display was viewed from Matador, as residents from this and other sections watched the cloud, hoping that it would move south and alleviate the rainfall shortage with which much of the county is affected.

Some sections of the Northfield community reported damage from hail and rain as the storm moved eastward, but not to the extent of damage suffered by Flomot. Some crop damage was reported in Hall and Childress counties.

Matadors Win Over Lockney

Matador Matadors won their first game of the season Friday afternoon when they scored over the Lockney Longhorns to the tune of 27-13 on the Matador Arena.

Coaches Gordon Gatewood and Freddie Welling are working their charges over three hours daily in preparation to meet the Floydada Whirlwinds at Floydada Friday night, expected to be one of the toughest games of the season. Volunteer carriers for the team will be appreciated, since the rough, cold trip by truck will lessen the Matadors' chances of victory. Anyone willing to help transport the team will please communicate with either coach immediately.

Two Scores For Campbell

Halfback Vance Campbell was responsible for two touchdowns in the game here last Friday. One was gained in the first and one in the 2nd quarter. Extra points were made in both instances. In the 3rd quarter fullback Charles Price caught a pass and ran 40 yards to pay dirt and the extra point. In the 4th stanza end Gene Webb caught a pass and made a touchdown, but the team failed to convert.

Starting lineup was: Gene Webb E; Herbert Smallwood, E; Pete Williams, tackle; Billy Wason, tackle; James Garth, G; Bob Harp G; Harry Lewis Willett, C; Jackie Simpson, QB; Vance Campbell, HB; James Meador, HB; and Charles Price, FB.

Dr. Lipscomb To Preach Sunday At Methodist Church

Dr. L. N. Lipscomb of Plainview, District Superintendent, will be here Sunday and will preach at the local Methodist church in the evening service beginning at 8:00 o'clock, the pastor, Rev. W. B. Swim, announces.

Following preaching service, Dr. Lipscomb will hold regular Fourth quarterly conference.

Dr. Lipscomb is well known in this area and is recognized as one of the most outstanding preachers in the conference, and everyone is extended a cordial invitation to hear him at this opportunity.

Flomot Collects Over \$580 Despite Friday Crop Loss; Many Large Gifts

First freeze of the season was evident Wednesday morning as ice was reported in most sections of the county. Unofficial temperature here was 25 degrees above zero, as observed by several residents.

Harry Willett declared he applied the garden hose to his tomato vines in the early morning to prevent frost damage, to have the water freeze on the vines before he had noticed the thermometer.

Mrs. W. E. Reeves Is Seriously Injured In Fall At Home

Mrs. W. E. Reeves was seriously injured Tuesday morning, sustaining a broken hip when she stumbled and fell over a footstool in the living room of her home in south Matador.

Unable to reach the telephone to summon aid, Mrs. Reeves was compelled to remain in her prone position until the arrival at noon of her grandson, Pat Reeves. The accident occurred after her daughter, Miss Verlin Reeves had left for her duties as teacher in the grade school.

Mrs. Reeves was treated for her injuries and placed in a cast, at Traweck Hospital, and Wednesday was conveyed by special ambulance, to Dallas for further examination and treatment by a bone specialist. Her son, Dr. Robert Reeves of Duke University, Durham, N. C., will join the family there, Mrs. Reeves' two other sons, Elbert and Roy, with their wives and Miss Verlin Reeves having accompanied her to Dallas. Her other daughter, Mrs. Robert C. Shilling, resides in Dallas at 5614 McComas.

CITY TO RECEIVE ESTIMATE ON NEW BRIDGE THIS WEEK

Matador will hear "the bad news" within the next few days regarding the cost of a new or rebuilt bridge across Ballard creek to replace the structure on North Main street, wrecked by a heavily-loaded truck last week. An engineer from the Austin Bridge Co., builders of the original bridge, will be here to meet with the city council after he has made a survey of the situation.

Mayor G. T. Edwards said Tuesday that no plans have been made except to get an estimate on the cost of rebuilding the bridge, or the cost of a new one. Mr. Edwards said that a bridge of concrete and steel construction would also be considered. In event construction will involve too great amount of funds, Mr. Edwards said a temporary bridge to last for the duration may be built.

Acetylene torches were used to cut the bent steel of the old bridge as the county road crew, using a caterpillar tractor, cleared away the wreckage Monday and Tuesday and salvaged as much material as possible.

Two Daughters Of Pioneer Sheriff Are Visitors Here

Mrs. Sidney N. Smith of Galveston and Mrs. O. C. Baker of Houston, daughters of William (Bill) Cloyd, pioneer Motley county sheriff, returned to Matador, Tuesday, for a visit after an absence of many years. They were both born here when Matador was a pioneer western "cowtown."

"We decided to come back to Matador for a breath of pure air and to visit old friends here," one of the ladies told Judge Henry Pipkin.

Their father was the sixth sheriff of Motley county, being elected to office in 1896, just five years after the county was organized.

The two native residents were honored guests at an "elk steak" barbecue, and program arranged by the Masonic Lodge Tuesday evening.

Pal Sheridan Is Recovered From Eye Impairment

Pat Sheridan returned to work at the Sanitary Barber Shop, Saturday, after the bandages were removed from his left eye following a serious and painful injury sustained in his home on the evening of October 13. Mr. Sheridan was repairing a screen door when the screw-driver which he was using slipped and punctured the ball of his eye. Dr. Albert Traweck, Jr., made five stitches in the eye ball. Had the screw-driver struck a fraction of an inch closer to the center of his eye, Mr. Sheridan would have lost his eyesight in the orb. He declared that he can now see as well out of the eye as before the accident.

INJURES FOOT

Bill Offield of Afton was treated here Tuesday last week, for a badly lacerated left foot. The injuries were received when his foot became caught in a combine as he was combing feed.

FIRST ICE HERE TUESDAY NIGHT

First freeze of the season was evident Wednesday morning as ice was reported in most sections of the county. Unofficial temperature here was 25 degrees above zero, as observed by several residents.

Harry Willett declared he applied the garden hose to his tomato vines in the early morning to prevent frost damage, to have the water freeze on the vines before he had noticed the thermometer.

Northfield Plans Box Supper Drive

Reports received yesterday indicated that Motley county's quota of \$2,052 for the National War Fund Drive, has not been reached, but optimism is held that contributions may put it over the top by Saturday night. A check for \$50 from J. C. Burleson late Monday placed Flomot far over the community's self-assumed quota of \$550, despite the severe storm damage of Friday night. Mr. Burleson's contribution was made through Shelton Haynie, Flomot's star worker in the drive.

Matador has collected approximately \$1000, with the largest gift made in the drive, \$100, coming from the Matador Land & Cattle Company. Largest individual gift received in Matador was \$50 from Mrs. I. E. Martin. The drive at Roaring Springs and Darden Canyon is continuing through the week-end. Whiteflat has not made a final report and it is assumed that some solicitation still remains in the community. The drive is completed in Flomot with approximately \$585 collected.

High School Makes Drive

County chairman Douglas Meador made a brief address before the Matador high school Monday morning, which was followed by the organization of a committee by the student body for the purpose of conducting the drive in the school.

A booth will be located in front of the First State Bank in Matador Saturday afternoon, which will be operated by high school girls soliciting contributions to the drive among residents who may not have had an opportunity to give.

Box Supper Friday Night

B. F. Simpson, chairman of the Northfield committee has announced a box supper to be held at the Northfield school house Friday night, with the proceeds going to the county's War Fund Drive. The box supper will start at 8 p. m. and a cordial invitation is extended to every one to attend. Plenty of good food is assured, but the bidding will be brisk according to opinions of those on the

Shortage Of Store Help Affects City

Matador is facing a critical shortage of help in stores and other places of business according to a survey made last week with holiday season approaching, merchants feel that sufficient clerks can not be obtained unless recruits can be obtained from housewives and others who have not previously been employed.

George Springer, manager of Spot Cash Grocery, declared, "We may be forced to close part time through the busy season unless more applicants are forthcoming. War industry, military service and vast changes resulting from the experienced help and we face a serious situation to provide clerks to wait on our customers. Other merchants expressed similar opinions regarding the help situation during the approaching holidays.

METHODISTS TO HOLD ALL-CHURCH SOCIAL FRIDAY

A covered-dish supper and all-church social gathering will be held Friday night at the Methodist church for the members, their families and friends.

Rev. W. B. Swim, pastor, in making the announcement, extends a cordial invitation to everyone to "Bring your supper and the entire family and come and enjoy the evening with us. There will be plenty of Food, Fun and Fellowship."

Social Diseases Receive Attention Of Health Leaders

In a statement issued this week by Dr. Geo. W. Cox, State Health Officer, it was disclosed that in the near future an intensified state-wide educational campaign will be instituted for the control of venereal disease.

"The venereal disease situation in Texas has been receiving the close attention of the State Health Department," Dr. Cox said, "and it has become apparent that with the heavy concentration of military forces now within the borders of this state, the scope of the control program must be broadened. One of the most essential measures in this respect is the danger of the public to the danger involved."

Every possible means for informing the public will be used, with emphasis placed on newspaper publicity, radio lectures, posters, pamphlets, leaflets, and personal information disseminated at venereal disease clinics throughout the state. Although there are now 138 treatment centers and clinics operating in the state, Dr. Cox indicated that if additional facilities are needed for the treatment of infected persons, more clinics will be established when the need is ascertained.

Special educators, doctors, and case investigators from the State Department of Health will be available for consultation and assistance to those cities and communities in the state most urgently needing such help.

One Variety Plan Is Profitable To Cotton Farmers

COLLEGE STATION—Experience of 277 farmers in Gaines county this cotton season is showing that an approved variety of cotton seed will out-yield consistently the short-staple varieties in that area. And the chosen variety is opening in the field just as rapidly as any other.

Cline E. Morris, Gaines county agricultural agent, reports that these 277 farmers organized three one-variety cotton improvement associations this year and are co-operating in the government's cotton planting and seed improvement program. These cotton growers purchased their seed from sources approved by the State Cotton Planting Seed Improvement Committee, and the cost was little more than ordinary cotton planting seed.

Here is an example Morris cites. The first bale of one-variety cotton ginned at a Seminole gin this fall made a 516-pound bale from 1,730 pounds of snaps. It graded strict middling and had a staple length of 32-32 of an inch. The short staple varieties, he says are grading strict middling and stapling 13-16. Consequently the grower of the approved variety is getting a difference of \$7.75 per bale in loan value.

Paganism is Topic Of W.M.S. Program

"Paganism—a Challenge to the Christian Witness" was the subject of the program given at general monthly meeting of the Baptist W. M. S. held in the church basement Monday evening.

Devotional was brought by the leader, Mrs. Vernon Doss, and interesting discussions given as follows: "Paganism," Mrs. H. E. Berry; "Price of Paganism," Mrs. Fred Clower; "Christian Witness in Pagan Lands," Mrs. Edith Sanders; "Lights Against Pagan Darkness," Mrs. Cecil Shelton; "Paganism in High Places," Mrs. Loyd Fulkerson and closing meditation by Mrs. Elbert Reeves. Special music was a violin solo by Mrs. M. B. Carroll.

The program followed an enjoyable covered-dish supper, served at tables attractively decorated in a Halloween motif.

Present, other than those on the program were: Mesdames J. L. Woodruff, Ed Cammack, M. B. Carroll, Sr., Clarence Kifer, G. S. Craven, Claude Wilson, R. E. Campbell, A. A. Tipton, Ben Meador, Freeman Thacker, Harry Carter, C. Warren and a new member, Mrs. Freddie Welling.

Circles Re-Organized
In a business session following the program, at which Mrs. Freeman Thacker, general chairman, presided, several matters received attention. Drawing of names by circle chairmen re-organized the two groups with new memberships, both circles voting to retain the present names, Burleson and Henrietta Shuck.

New Committee Chairmen were named as follows: Stewardship, Mrs. H. E. Berry; Benevolence, Mrs. R. E. Campbell, Sr.; Education, Mrs. T. E. Cammack; Mission, Mrs. G. S. Craven; Mission Study, Mrs. Cecil Shelton; Periodicals, Mrs. Vernon Doss; Personal Service, Mrs. Clarence Kifer; Margaret Mother, Mrs. Elbert Reeves; Young People's Leader, Mrs. Colquet Warren; Bible Study, Mrs. A. A. Tipton.

The third Monday in November was set for the day the W. M. S.

El Progreso Club Opens Year With Recent Annual Tea

El Progreso Study Club opened its current year on October 14, with a tea in the home of Mrs. G. E. Hamilton.

Mrs. U. L. Willie, president, brought greetings to the club, after which the assembly sang, "Texas, Our Texas," led by Miss Thressia Godfrey.

The program included a "Time Quiz" conducted by Mrs. Mae McKenzie, which was very interesting and instructive, and two violin selections by Mrs. M. B. Carroll, accompanied at the piano by Mrs. Hamilton.

Hostesses for the tea, Mesdames Willie, Hamilton, Geo. C. Springer and J. R. Whitworth, Misses Mary Keith and Thressia Godfrey, served a delicious plate consisting of hot chocolate, chicken sandwiches, cookies and olives.

Those present besides the hostesses and on the program, were: Mesdames Joe Bloodworth, A. J. Daffern, L. C. Harp, Leonora Luckett, Freeman Thacker and J. L. Woodruff.

The club will meet this afternoon with Mrs. H. M. Solomon.

TO OKLAHOMA

Mr. and Mrs. Dick Wright and Miss Dorothy Walker left Tuesday afternoon for their home at Mangum, Oklahoma, following Mr. Wright's arrival from Fresno, California, with a physical discharge from the U. S. Army, due to an injured knee. Mrs. Wright and her guest, Miss Walker, have been visiting here with the former's grandparents, Mr. and Mrs. J. S. Lambert.

will meet to pack the annual offering of gifts and contributions for Buckner Orphans Home.

Members of the Henrietta Shuck Circle will meet Monday afternoon at 3 o'clock in the home of Mrs. H. E. Berry, with the Burleson Circle meeting at the same hour with Mrs. J. L. Woodruff.

Watt Page mailed the uniform back to him.

The striking resemblance of Pvt. Norris Fulfer of the Air Corps, in training at Sheppard Field, to his hero-brother, S. Sgt. G. W. Fulfer of Salt Lake, Utah, was noted and commented on by a number of local citizens, some of whom were confused as to the correct identity of the former when he visited here over the week-end on his first furlough since induction. One acquaintance of long standing, shook hands with Norris with the remarks, "Glad to have you back for another visit, G. W., how long will you be with us this time?"

Other than missing, by a hair-breadth, being one of the principals in a plane crash tragedy, riding with a celebrity, and being mistaken for a traveling salesman, Rev. M. B. Carroll's recent trip to Louisville, Ky., was more or less uneventful.

Having ridden a plane from Memphis to Nashville, enroute to Louisville, he had hoped to make the return trip via air. But the passenger list was complete and he stood with a group of disappointed and disgruntled travelers at the airport, to watch the great airliner as it took off. The next morning, enroute home by train, he bought a newspaper and the first thing which met his glance was the head-line story of the fateful crash, near Nashville, in which all lives were lost.

One of the passengers on his brief plane ride to Louisville, was Rochester—Jack Benny's valet, who, according to the pastor, is a very natural and unaffected personality, as well as a typical southern darkey, apparently untouched by the fame and fortune which has come his way.

Similar to the reaction of a local cowboy, ex-soldier who shed his uniform upon arriving home with a discharge from the army, and left it lying on the floor of a barber-shop bath in exchange for his rodeos and boots, is this story of one Jessie Carter of Celina.

It seems that Selective Service Headquarters had written Carter, who had been discharged from the Army at a Port of Embarkation, for a routine check-up on his draft classification.

In reply, Carter not only sent the information requested, but his uniform as well.

Patti Pipkin Is Hostess At Party For Shirley Estes

Miss Patti Pipkin was hostess Friday evening at a surprise birthday party honoring Shirley Estes on her eleventh birthday. The guests wore Halloween costumes and decorations were used in keeping with the occasion. Sara Frances Springer and Don Wason were awarded first place for the most original costumes. After a number of games were played, refreshments of sandwiches, potato chips, pickles and cake were served to the following: Marcia Ann Gilbert, Billie Frank Skages, Julia Marie Sams, Sarah Springer, Eldora Jameson, Ann Harp, Geraldine Waybourn, Doris Ann Doss, Ollie Sue Lancaster, Wanda Graham, Rosemary Bloodworth, Dorothy Traweck, Margaret Sanders, Cora Ann Craven, Chas. H. Sanders, Truman Groves Jimmy "Jeep" Guest, Don Wason, Norman Seigler, Garland Rattan, Neal Pipkin, W. F. McCaghren, the guest of honor and hostess.

Mr. and Mrs. Boyd Willett of Corpus Christi were hosts recently to two former Matador schoolmates of Boyd's—Miss Kara Hunsucker, who is employed on the Society desk of the Corpus Christi Caller-Times, and Aviation Cadet Kenneth Simpson, who is receiving training at the U. S. Naval station located there. It was his first leave from his base in the six weeks he had been located there, and an enjoyable evening was spent by the group, according to reports.

Incidentally, if the Caller-Times isn't careful, the Chamber of Commerce might slip in and take Miss Hunsucker's name from their pay-roll and add it to their own. Her letters home have been filled with enthusiastic reports of the Gulf city and she says, "I surely wish you had lots of gas and tires so you could come down for a visit here... it's such a wonderful place to spend a vacation. Even Annabella says so... she's spending a couple of weeks here with Tyrone, who's stationed at the air base."

In response to several requests for the pattern of the crocheted articles shown in a cut used in an issue of the Tribune several weeks ago, we have secured the instructions and they are available to anyone wishing a copy. The instruction sheet includes direction for making a medallion collar, Love Knot, and Bo-Peep.

To the homemaker, the following recipe for canning pork and beans will be of interest. It is one which our Flomot correspondent, Mrs. L. B. Turner sent in recently and was given her by Mrs. R. H. Tanner:

10 lbs. small white navy beans, soaked over night and washed thoroughly through several waters pour in open kettle and boil 10 minutes. Place two or three cubes of pork in bottom of sterilized jars and fill jars with beans up to 1 1/2 inch of top. Finish filling jar with the following sauce: Bring to boil, 1 pound brown sugar; 12 cups water; 3 bottles of catsup (pint size); 2 tablespoonfuls of salt. Process for 70 minutes.

TO AMARILLO
Mr. and Mrs. M. S. Patton accompanied their son, Pfc. Keith Patton, to Amarillo Tuesday, from where he continued to Chicago, Ill. where he is stationed.

Also accompanying them was Mrs. Norris Ford, who was enroute to McCook, Nebraska, to join her husband, who will be stationed there. She has been the guest of Mrs. J. W. Ford the past week.

committee, which include Mrs. Tom Moore, Mrs. Boone Simpson and Mrs. Delmont Hays.

Chairman Meador said yesterday, "I feel certain Motley county is not going to fail in this appeal to aid 17 wartime agencies in one contribution. Motley county will never fail to do its duty. The great, generous spirit with which the people of this county have contributed in this drive, and the willingness with which workers have taken of their time and effort to promote collections, is one of the most gratifying experiences of my life. I have no doubt but that the quota will be oversubscribed. Motley county is working as one great family in every phase of the war effort, with malice, prejudices and personal benefit, buried deep beneath complete cooperation."
