Water Department Installs New 62 Automatic Pump

Altho on order through application since last May, the Matador City water department has recently received and installed a new automatic Pomona turbine high-lift pump. The new pump will force 460 gallons of water per minute into the city reservoir Morris Lee Britton, 10,398 Evart and replaces for active use the old pump which was installed in 1928. City secretary Lucius Lancaster estimates the old pump has conveyed a possible 400 million gallons of water for the use of Matador citizens. It will be kept in re-

ens of Matador have purchased S. J. Braselton, from Hall county ens of Matador have purchased and John William Hathorn from will lower the key fire insurance rate, secretary Lancaster, declared. In addition its automatic feature, which is not fully adjusted. will reduce time required for the city pumper to fill reservoir. When in complete working order it will certain level at all times. The reservoir holds 50,000 gallons. The underground reservoir at the city wells holds 100,000 gallons.

Matadors To Enter Region Meet Today

population followed a Matador football or basket ball squad anywhere within a 100-mile radius. War, tires, time and gasoline have changed the picture. One lone, solitary fan, in addition to Coach Gordon Gatewood watched the Matador Matadors basket ball squad achieve an outstanding sports victory Friday night when they defeated the Lockney Longhorns 20-17, to end the conference season. The Matadors have won all of the 26 games they have played this season. Friday night the Matadors had a half-time score of 12 to 7. In the third quarter the Longhorns score stood at 7 while the Matadors' total 19. In the fourth quarter the Longhorns turned on the pressure to gain 10 points while the Matadors took charity tosses for 2 points. One fan in the rooting section gave them his support.

The team has had little home support during the entire season, They have played with patched, faded suits, some of which are assembled from sweat shirts, swimming trunks and Thansportation has been a confor out-of-town games. Coach Gatewood has frequently paid fares for the boys to reach games. Starting with only \$4.94, Mr. Gatewood has paid expenses and cleared approximately

Oil Stove Fumes **Believed Cause Of Near Fatalities**

Fumes from an oil-burning heating stove were believed to have caused two near fatalities in Matador Friday night. Two school teachers, Miss Zona Beth Faulkner a room at the G. E. Hamilton residence in the west section of town, returned from the show Friday night to find smoke and soot covering their quarters. They immediately turned out the fire which they had lighted before going to the show, cleaned up the room and retired, leaving a window open that any remaining fumes might escape.

Upon being awakened Saturday morning by Mrs. H. E. Berry (Mr. Laymen and the Baptist Train- and Mrs. Berry and daughters are ing Union will have charge of staying at the home during Mr. the church services Sunday at the and Mrs. Hamilton's visit to Flor-Baptist Church, it was announced ida), Miss Faulkner was unable to move and also experienced exces-"The Church At War" will be sive drowsiness. After several the topic for consideration in a minutes and by supreme effort talk to be given by V. A. Rattan she managed to attain a sitting at the morning hour. Those who position, and revived sufficiently heard Mr. Rattan when he spoke to realize that Miss Gideon was themselves of this opportunity to cupied in an adjoining room with hear him again on a subject of her two daughters, Nannette and Joyce, and their guest. You are Invited to Bring Your Car to the Phillips 66 Service Station at Seast Once a Week for Tire-Saving and Car-Saving Service

and Uncle Sam doesn't mean maybe!

If you are a patriotic American, this is an invitation which you must read and heed!

The life of our country may depend on the life of your car. If this sounds exaggerated, re-member that official estimates declare that the nation's all-out war effort will be seriously endangered if the number of serviceable cars in the U.S. falls

below 20,000,000. In 1943 the number of cars scrapped was 1,500,000. This year 2,000,000 more will probably go to the junk heap. Yours must not be among them. Literally, you must coax and cajole every last bit of usefulness from the aging engine, chassis, and tires of your car.

Phillips 66 service men are specially pledged to perform all serv-ices which will improve the operating efficiency of your car and lengthen its life. Phillips Tire-Sav-ing Service includes checking air pressures at least once a week . . . inspecting for nail holes, cuts, and bruises . . . examination of tire car-cass to warn you when recapping is advisable and still possible.

Phillips Car-Saving Service in-cludes inspection of battery, air filter, and anti-freeze protection . . . regular lubrication at every point

specified by the maker of your care So do the right thing. Do the wise thing. Care for your car for your country by enlisting the aid and co-operation of the nearest Phillips 66 service man. Drive in at any Orange and Black 66 Shield . . . sign of fa mous Phillips 66 Gasoline and Phillips 66 Motor Oil.

## Solitary Fan . . .

Games will start at 8 p. m Thursday night, at the Wayland gymnasium. Two games will be played Thursday night, three Friday morning, three Friday afternoon and 2 Friday night.

During the season the Matador's Bill Wason scored 252 points, with Bob Harp 223 points. However, the remarkable record achieved Coach Gatewood's charges is credited to complete teamwork, without any player attempting to become an individual "star." The team's total season score was 688 against their opponent's score of 307 points

#### Transportation Critical Need

Serious problem of getting the Plainview early this that the players may have a full day of rest, is worrying Coach Gatewood. Cage fans who plan to attend the tournament, are asked to communicate with Mr. Gatewood immediately He said that the problem of the return trip was not important, but that the time he is able to arrive in Plainview with his squad may be a factor in determining victory

# MAIN STREET

Has helped destroy a lot of America's old illusions. Gone are the ideas that all South Sea beauties look like Dorothy Lamour; that all Englishmen wear monocles and all Russians whiskers. Gone is the idea that freeenterprise is some vague theory for the guy in the big city to worry about.

Wherever you live . . . on Main Street, Park Avenue, or RFD No. 4 . . . you are vitally concerned with the continuation of this American system.

The grocery, the millinery shop, the corner drug, the hardware store, the hamburger stand, the score of other businesses which make up your Main Street, the farm on RFD No. 4, the

ranch in the south end of the county ... all of them, like your local electric service company, are products of business management under the system of private enterprise.

PRIVATE ENTERPRISE—the right of every American to work when and where be wants, within reason; to enter any business of profession; to create, produce and benefit by bis own success.
