JUSTICE POPPY SALE... BY AUXILIARY... eeds from the sale of pop... n Armistice Day, by the... y of Fleming-Post, was... gratifying, according to re... Wednesday.

Amount turned in by the... communities was \$116.55.

"Armistice was Great Mistake," says Smith

"WE left a war for our sons to finish", Lieutenant Governor John Lee Smith declared in an Armistice Day address at the Baptist church here Saturday morning at 10:30. The eloquent Lieutenant Governor held the crowded church auditorium audience with the power, truth and wisdom of his words. Standing near other World War I veterans of the Fleming-Post American Legion, Lt. Governor Smith said, "I was near Metz, France 26 years ago today, when the guns became silent... the dull and terrible thunder of war had passed, we believed... but the Armistice was the greatest mistake the allies could have made... the Germany army did not surrender... we had not won the war but left it for our sons to finish..."

Lt. Governor Smith has a son now in combat service. His graphic words continued, "... do not ask me the reason, I know only that a strange natural law exists which is a spiritual law with God as its author, that peace is never won except by the shedding of blood."

Flays Strikers

Bitter in his eloquence against wartime strikers, Lt. Governor Smith said, "America is not a land of free men as long as labor dictators force our workers to bow to their wishes... what excuse can we at home provide our returning fighters that will explain wartime strikers who leave their vital employment to 'better their conditions'? I feel that the American Legion should have marched on Congress to demand that strikes be crushed out while our men in uniform are wallowing in their own blood in the world's battlefields."

Well-Planned Program

The well-planned program included presentation of colors by the Legion color guard, invocation by the post chaplain, recognition of service families and appropriate songs by the Matador pep squad, under arrangement of Mrs. G. E. Hamilton, taps by Scout Bobby Harp and benediction by Rev. H. G. Verner.

War Fund Meets All Quotas

All communities have reached or exceeded their quotas in the United War Fund drive, according to Douglas Meador, chairman, Northfield, with a goal of \$125, has reported with its full quota achieved. Foley (included in Flomot) and other Flomot contributions have brought the total far above the county quota of \$2,330, which treasurer J. R. Whitworth has already remitted to the state War Fund headquarters at Austin. Additional contributions will be remitted at a later date.

Terracing Proved Profitable By Motley Farmer

That "thar is gold in them thar ridges" is proved by Lloyd Stafford Motley county farmer who secured the services of County Agent J. R. Emmons to run terrace lines on his newly-purchased farm in 1943. Despite a 3 1/2-inch flash flood which struck the terraces, Mr. Stafford kept all the rainfall with the exception of one terrace. He made an exceptional feed crop in an area where many fields were burning up from the drought and poisoned for cotton insects while much of the cotton was burning in his vicinity.

County Agent Emmons reported to the Tribune that Mr. Stafford was poisoning for cotton insects during the fury of the drought, but the report was disregarded with the assumption that the county agent had spent too much time in the sun, probably with his hat off.

Cost of construction the terraces was less than the maximum payment of \$1.50 per 100 feet allowed by the Agricultural Conservation Association. Mr. Stafford said he will gladly verify the fact that terracing is highly profitable regardless of the AAA payment. He is willing to purchase a malted milk for the county agent through a gentlemen's agreement, after being satisfied he will harvest one-half bale per acre from his cotton land and is prepared to buy a second malted milk when 50 bales have been gathered from his cotton land.

Mrs. A. A. Harp's father, R. O. Storm of Kirkland, and her brother, Preston Storm of Blanca, Colo., were guests here in her home Tuesday and Wednesday.

Bond Drive Start Is Postponed

Start of the 6th War Bond drive in Motley county has been postponed from November 20th, to Wednesday, December 6th, according to Elmer Stearns, chairman of the sales committee. Mr. Stearns said postponement of the drive was decided feasible because of the unusual delay in cotton harvesting in this area. Shortage of pickers and late-maturing crops have delayed the harvest an estimated three to four weeks.

While the drive is scheduled to close on December 16th, Mr. Stearns said it was believed possible to secure the county's quota of \$165,000 within the remaining time, since intense work by various committees in past drives has produced quotas in approximately one week's time. All plans of committees in Motley county school districts are in readiness to open the drive on December 6th, he declared.

District Governor Pays High Tribute To Matador Lions

Honored guest at a special meeting of the Matador Lions Club, Tuesday at 12:30 p. m., Lee Johnson of Wink, Texas, Governor of District 2-T, paid high tribute to the local organization, when he said, "Matador Lions Club is well-known throughout District 2-T, Texas and Lions International for its outstanding organization and achievements."

County Lauded For Home-Front Action

Columbus Hale, president of Old Settlers' Association of Afton, was a Matador visitor Saturday and attended the Armistice Day and Dedication Programs. At a round-table talk at a luncheon at the Wilson Cafe, where a Tribune reporter was present, Mr. Hale complimented the county in general and spoke of the service the county was rendering our service men and women. We quote Mr. Hale, "Motley County is the most progressive county in the state and most affectionate to our boys in the service."

Mr. Hale was accompanied by his wife and is well known throughout the county. He is an old cowboy, having pitched tents and cooked alongside of the Matador ranch hands. He is a booster for Pole Hereford, having placed two of his young animals in the Harry Campbell herd recently. Mr. Hale was one time an employee of the Matador ranch. He recalled incidents of those days.

Freak Radish Is Grown In Matador

A freak "radish within a radish" has been found in the fall garden of A. B. Aldrich on the Matador town section within two blocks of the courthouse. The strange vegetable is a round or flat red radish pierced by a long white radish which probably sprouted beneath. In addition to the freak radish, Mr. Aldrich has produced a large amount of turnips that are not freaks, except by their size and exceptional fine flavor. One of the large turnips makes "a mess" for two.

TO CARLSBAD

Mr. and Mrs. Ed Williams have moved to Carlsbad, N. M. to make their home for the winter. Mr. Williams accompanied his wife there several weeks ago, and returned here to attend to business matters.

COTTON GINNING FAR BELOW 1943

Cotton ginning in Motley county is less than half the amount at this time last year according to Maudie L. Marler of Flomot, special agent for the Federal Department of Commerce, bureau of census. The report shows that 2,738 bales of cotton were ginned in Motley county from the crop of 1944 prior to November 1, as compared with 5,624 bales from the crop of 1943.

Farmers declare shortage of pickers is responsible for much of the reduction in ginning and that the crop is in danger of great loss in the event of "falling weather". County Agent J. R. Emmons said yesterday that some hope for more pickers has been received from the south plains where the harvest is further advanced. If sufficient housing facilities can be obtained.

Methodist Pastor Is Returned

Rev. G. E. Turrentine has been returned to fill the pulpit of the Matador Methodist church for the consecutive year as result of action of the annual conference held at Sweetwater, Wednesday thru Sunday.

Rev. Turrentine accompanied Mr. and Mrs. W. F. Jacobs to the conference Wednesday and remained through Friday.

Cowboy Is Injured When Horse Falls

Joe E. Gorden, 42, line rider for the Matador ranch, was seriously injured about 4 p. m. Sunday when his horse fell near the Mott Camp house where he is stationed. The cowboy suffered three fractured ribs when his horse stepped on his back, in arising after the fall.

COUNTY TO EMPLOY FEDERAL TRAPPER

Motley county ranchers and farmers have requested the commissioners court to employ a federal trapper to poison coyotes, beginning January 1, for a period of about two months. The cost will not exceed \$100 per month, part of which will be paid by the Matador Land and Cattle Company, with the remaining portion paid by the government. The government will employ two men part of the time, according to county agent J. R. Emmons.

Despite the heavy demands for men qualified in poisoning and trapping, Motley county will be given priority because the work was conducted here last year, E. J. Pope, Wildlife Service agent, told the commissioners court in a meeting, Monday. About 300 poles were collected through the work in this county last year.

Mr. Emmons said that ranchers including A. D. Beauchamp, J. E. Tussell, U. L. Willie and others had told him they found many dead coyotes which the trappers did not find and register in their reports. H. H. Schweitzer said that coyotes killed between \$250 and \$300 worth of calves for him last year. Mr. Emmons declared, neighboring counties have continuously employed trappers.

County Judge W. R. Cammack said that the commissioners court had raised the bounty on coyotes from \$1 to \$1.50 for local trappers and citizens of the county.

SPIRIT OF GRATITUDE of the people back home for the sacrifices being made by their sons and daughters in uniform, was reflected in terms of cash subscribed by leaders from various communities meeting at the Matador Methodist church basement, Thursday night. The small group of men, estimated at 80, had met for the purpose of organizing a drive to raise funds to construct a permanent veteran's memorial after the war is ended. With the characteristic spirit of the citizenship of this area, the drive was launched among the group present. Over \$8,500 in cash was collected. The original goal of \$10,000, set by the American Legion, sponsors of the movement, had been raised to \$16,500.

W. T. Boggus Is Wounded In Action

S/Sgt. W. T. Boggus has been seriously wounded in action according to a telegram received here by his wife early Tuesday. The message read as follows: "Regret to inform you that your husband (S/Sgt. W. T. Boggus) was seriously wounded in action on Peleliu Island on October 25... you will be advised as reports of his condition are received. Dunlap, Adj. General." Sgt. Boggus is being hospitalized at a south Pacific base, according to the telegram but the address cannot be published because of censorship reasons. Sgt. Boggus, who is the son of Mr. and Mrs. J. L. Boggus of Matador, went overseas about five months ago. He has been in service approximately 2 1/2 years.

Raymond Kingery Wounded In France

Pfc. Raymond Kingery is back in the states and is hospitalized at William Beaumont Hospital, Ward 4, El Paso, Texas, where he is being treated for wounds received in action in France.

Upon his return to the states several weeks ago, his father, L. E. Kingery, visited him, and his mother is now in El Paso to be with him.

Officer In France Appreciates Paper

On the Tribune's mailing list of more than 400 men in the armed service, are a number of non-residents, who have requested they receive a weekly copy. Among this group is Lt. Billy W. Koon, husband of the former Billie Lawrence, who writes the following letter from France, dated October 12, 1944: "Dear Mr. Meador: I received my second Tribune and was so very glad to get it. Altho I am not a resident of Matador or Motley county, I like to read about what goes on. I know many of the boys my age in Matador and it helps me to keep up with them. For instance, in my last paper I saw a picture of Joe M. Gaines. We knew each other a few years back when he was living at Spur and in many other cases I've noticed men's names that I know and had almost forgotten about. "I am quite sure that every boy that gets the Tribune overseas enjoys it more than he can ever say and I think it is a wonderful idea, whoever thought it up... I'll say again, thanks for the Tribune."

It is with sincere appreciation that the Tribune gives credit for the following unsolicited contributions towards the support of gratis subscriptions to men in uniform, received since last publication: Jack Robinson (Paducah) \$3, Mr. and Mrs. Ted Woolery (Lubbock) \$1, Emmett Jenkins \$1, P. L. Marshall \$1, J. R. Emmons \$3, B. D. Clifton (Afton) \$2, Mrs. E. D. Smith (Whitflat) \$1, Mrs. J. H. Bailey \$0.

CUBS TO MEET FRIDAY

Scout Cubs will meet Friday afternoon from 4 until 5 o'clock. It was announced this week by Cubmaster, W. N. Pipkin.

Meetings will be held in the homes of Den Mother, Mrs. C. Warren on the south side of town, and Den Mother, Mrs. Ceretha Franklin, on the north side. All cubs are urged to attend.

Fired by the enthusiasm of the meeting Thursday night, teams began working throughout the county Friday morning. Reports of other communities are still to be received and the Matador community is only partially worked, Legion officials declared. Approximately \$3,000 was collected Friday and reports. Many contributions of \$500 have been received and others have intimated that they will contribute that amount. The funds will be placed in War Bonds and held in trust by the Fleming-Post American Legion until the war is over and labor and materials are again available.

Memorial Worthy Of Deeds

Details of the memorial are still to be worked out regarding the type of building which will probably include a large auditorium, trophy room, roll of honor, reading rooms, spacious lounges, gymnasium and other facilities associated with a modern club, or home for veterans of World War 2. The club will belong to Motley County's more than 600 men and women in uniform, a present from the people at home, and a small token of their high esteem and gratitude; a memorial of tribute.

All native sons and daughters know that Motley county is not a "lush" country. It has no great wealth, no source of unusual income. Contributions to the fund that will pay for the memorial have been earned by hands in labor, from the soil, by those at home. It represents the spirit of generosity that prevails among the parents, relatives and friends whose sons and daughters are defending the American Way of Life.

FARM WORKERS GO IN 1-A CLASS FOR DRAFT VIOLATIONS

Two violations of strict Selective Service rules which forbid an agricultural worker from leaving his pursuit to enter other lines of employment, have resulted in immediate classification into 1-A, according to Ralph Stapleton, chairman of the Motley county draft board.

"We have no alternative," Mr. Stapleton declared, "it is one of the instances when we are required to place the registrant in 1-A, if he is under 38 years of age, and has not received a decision of the board allowing his departure from an agricultural pursuit."

TWO INDUCTED IN ARMED SERVICES

Two Motley county registrants left Matador Tuesday morning at 8:30 for induction at the Dallas induction station, according to Edith Sanders, clerk of the Local Board. The two inductees were: 10,137 Clarence Odell Brownlow and 10,359 Ollie Jewel Lawrence. William Brown Morris, No. 10,475, now home on a 10-day leave, was accepted at Dallas for Naval Reserve on November 8th.

RETURNS HOME

Mrs. A. D. (Mother) Burleson has returned home after an extended visit in the home of her daughter, Mrs. Will Graham of Tulla. Another daughter, Mrs. Margaret Newman, made a trip to Tulla last week to accompany her home.

Diabetes Taking Appalling Number Of Human Lives

Diabetes, a disease for which modern medicine can do so much, took a toll of several hundred lives in Texas during the past year, according to Dr. Geo. W. Cox, State Health Officer.

"While the communicable diseases such as typhoid fever, malaria, diphtheria, and smallpox are causing a decreasing number of deaths each year in this country, diabetes which was unknown in the early pioneer days is now taking an appalling number of human lives," Dr. Cox said.

"Until recent years diabetes was not recognized as a major health problem but it became noticeable in direct ratio to the development of medical laboratory procedures."

Dr. Cox said that diabetes is generally recognized as a class disease. It seems to attack the white collar class of indoor men and women much more frequently than it does the outdoor person whose work is more vigorous and calls for more exercise. Whatever the actual cause of the disease may be, vocational and economic conditions are factors, since it seems a fact that those who do not indulge in luxurious living and whose occupation calls for manual labor are not frequently effected. Dr. Cox said that simple living, wholesome diets, sufficient exercise, and sleep are factors in the prevention of diabetes, and an annual physical examination is important to determine whether or not diabetes is present in the middle-aged group.

AT P-T. A. CONGRESS

Mrs. Tom Tilson, president of Matador Parent-Teacher Association, and Mrs. H. M. Solomon, treasurer of the organization, left Tuesday for Fort Worth, where they attended Texas Congress of Parent and Teacher organizations in a two-day meeting, Nov. 8-9.

Mrs. Solomon was to be joined at the convention, by her sister, Mrs. Gail Bradley of Corpus Christi, a delegate from the P-T.A. of that city.

In Pacific Area

Pvt. Clifford A. Jones, son of Mr. and Mrs. C. M. Jones of Flomot and a veteran of two major missions in the Southwest Pacific, is now stationed on New Guinea. Entering the service in September, 1943, with a Cavalry unit, he trained at Fort Riley, Kansas and Fort Ord, California, before going overseas in April of this year.

Lubbock Lions ...

(CONTINUED FROM PAGE ONE)

Play grounds in the world have been erected with an amphitheater seating more than 8,000. On tour, the troop of 125 artists come to Lubbock after playing most great cities in the nation. More than 50,000 witnessed the play in Dallas recently. Reserve seat prices range from \$1.20 to \$3.60 (tax included). Tickets are on sale after November 9th at Kuykendall Chevrolet Company, 1115 13th St., Lubbock.

Broken Cable Cuts Out Many Phones

Telephone service in southeastern Matador was impaired late Tuesday when support poles of a winch truck driven by Walter Clower Jr., struck and broke the lead cable crossing Highway 70 just east of the Main street intersection. Linemen were busy yesterday repairing the damage which was estimated to be in the neighborhood of \$1,000. Two telephone poles were broken by the impact.

Boys In The Service

An APO number, in care of the New York Postmaster, changes the address for T/S Jeff D. Woods, formerly of Camp Pickett, Va.

Pvt. E. D. Lawrence, formerly of Laredo AAF, is now stationed at Lincoln, Nebr., according to advice received from the post office department.

Pfc. Joseph W. Timmons, formerly of Ft. Meade, Md., is now in England, receiving his mail at an APO in care of the New York Postmaster.

German collaborators are learning that when you play with dogs you are bound to get bit.

What people think of you is not nearly so important as what you are.

A contented man is he who enjoys the scenery along a detour.

Germany's idea of courtesy seems to be to step on other people's toes until they apologize.

Wonder how many men kneel down today when they aim at a woman's heart?

Some men dislike women for no reason at all. Others like them for the same reason.

Marriage is a sentence starting with a proposition.

Boxers who are dull during their training period usually get polished off in the ring.

If you want to make your relatives think a lot of you, make a fortune... and then drop dead.

Some people never save money for a rainy day because they don't plan to go shopping when it rains.

CARD OF THANKS

We wish to express to friends our sincere appreciation for the many kindnesses shown to us in the recent sorrow and loss of our son and brother, Dale. May God richly bless each of you.

Mr. and Mrs. F. S. Bourland and family.

VISITS PARENTS

Norman M. Pitts, student at State University, Austin, spent a few days between semesters with his parents, Mr. and Mrs. D. E. Pitts. He returned Monday. He has just recently been elected president of Lambda Chi Alpha.

Local Items

Mrs. Charlotte Hunsucker had as a recent guest, Mrs. Harry B. Hill, who was enroute to her home in Dallas, from Ruidoso, N. M., where she spent the summer.

The Armed Service

Thomas B. Harris, a visitor from the home front, was here for the week-end with her mother, Mrs. Williams and friends.

Pvt. Speer of Ft. Oglethorpe, arrived here for the week-end Tuesday afternoon to report for duty. Her new address is Mrs. Wm. Beaumont, 21st St., El Paso, Texas.

Thank you for the letter from Pvt. Speer. "It is a lot to us in the home front, and depending on the best, so naturally, we appoint them."

Mr. J. Anderson of Del Rio, visited with his sister, Mrs. J. J. Jenkins.

Perkins and Pfc. and Marshall of Lubbock, week-end visitors in the home front.

Mr. Anderson of Del Rio, visited with his wife, Mrs. R. L. Anderson.

Mr. E. Meason, who is in care of Postmaster, N. Y., has notified us in APO number.

Mr. Robert E. Marler, in care of Postmaster, N. Y.

Mr. Tunnell now has an address in care of Fleet Post Office, San Francisco, Calif.

Mr. T. Turner and Pvt. Reed of Camp Wolters, are folks over the week-end.

U. S. Army Forces on New Britain (Special to the Tribune)—Pfc. Duard F. Irby, son of Mr. and Mrs. Joe F. Irby of Motley County has been awarded the Combat Infantryman Badge for exemplary conduct against the Japs in the Southwest Pacific.

Pfc. Irby, BAR man with an infantry outfit of the 40th Division on New Britain, earned the Infantry award for courageous and aggressive action against the Japs. He was a member of a patrol that went deep into enemy territory to ambush an enemy outpost.

He was inducted into the army at Ft. Bliss and trained at Camp Haan, California, and Fort Lewis, Washington. In August, 1942 he was transferred to the Hawaiian Islands. He has since served on Guadalcanal and New Britain where he is at present.

McElton Skages, 19, son of Mr. and Mrs. V. J. Skages, has been advanced from the rank of Corporal to Sergeant, according to a special release to the Tribune from an Eighth Air Force Bomber Station in England. Sgt. Skages is tail gunner on a Fort.

S/Sgt. Dow R. Thompson writes from France, to advise a change in his APO number, and to say that he is receiving the Tribune regularly every week. He writes, "Again I say real thanks to everyone who has helped you get the Tribune to all of us."

Billy R. Bishop, A.O.M. 2/c, has had a change in address, in care of Fleet Post Office, San Francisco, California.

Freddie Welling, who is in training at the U. S. Naval Station in San Diego, Calif., writes to say that he has received the paper and enjoyed reading it very much. He is in Co. 44-532, USNTC, San Diego.

Pvt. Johnnie A. Stotts now has an APO number, care Postmaster, New York, N. Y.

NEW ROCKWELL KENT MURAL

A panoramic view of America at peace—theme of mural presented to Committee on Interstate and Foreign Commerce of the U. S. House of Representatives.

Washington—Forecasting America at peace, an artist's conception of our countryside as it would appear from an airplane after the war, is the story portrayed by Rockwell Kent, famous landscape and figure painter and wood engraver, in his mural in the meeting room of the Committee on Interstate and Foreign Commerce of the U. S. House of Representatives.

Presenting his mural, which has been called by critics the outstanding decoration of the House and Senate, to Chairman Clarence F. Lea of the House Committee at ceremonies here, Mr. Kent described the painting as a checkerboard of fields, pastures and forests with the little villages here and there, and the church spire so familiar to travelers by air. There is a broad modern highway crowded with peacetime motor traffic, and heavy river and railroad operations. In the sky are streamlined airplanes.

Above all these realities is a group of four angels flying outward to the four corners of our land and of the world. Their wings have the form of the letter "V" for Victory, and they represent the Four Freedoms. Freedom of Speech is represented by an angel bearing flowers; Freedom from Fear by an angel with head erect and looking outward; Freedom from Want by an angel bearing a sheaf of wheat; and Freedom of Religion by an angel with arms and hands out-

stretched in benediction on America. In the spirit of her gesture are the words "On Earth Peace." The completion of the thought that comes to one's mind are the words, "Good Will Toward Men."

Accepting the mural on behalf of the Committee on Interstate and Foreign Commerce, Chairman Lea called attention to the great strides that have been made in the development of civil aviation under the stress of war. The major improvements in air transport, born out of the urgent requirements of military needs, will be a great stimulus to aviation throughout the world in the years immediately following the close of the war, the veteran legislator said. He foresaw a definite place in postwar aviation for thousands upon thousands of returning pilots, mechanics and technicians who have been successful in military aviation and who desire to remain in peacetime aviation.

Chairman Lea emphasizes that civil aviation has grown to be one of the major industries of the nation. In his opinion the value of our commercial air system to our economy and well-being is limited only by the ability exercised in its utilization.

"No man can visualize the extremities of aviation's growth in the decade or generation ahead," said Chairman Lea. "The spirit that inspired the artist inspires all of us when we think of America at peace once again."

Tribune, Matador, Motley County, Texas, Thursday, November 16, 1944

Flomot News

(By Mrs. L. B. Turner)

Mrs. E. C. George and son, Terry came home, Tuesday after several week's visit with Terry's grandparents, Mr. and Mrs. G. C. George at Corpus Christi and a short visit at Sonora with Rev. and Mrs. J. E. Eldridge and family.

Ray B. Turner spent the week-end at Matador in the home of his aunt, Mrs. L. B. Archer and family.

Mrs. M. E. Garrison, who has been with her daughter, Mrs. F. S. Bourland several months, returned to Matador Tuesday to spend the winter with another daughter, Mrs. Richard Seay.

Mrs. A. J. Bynum and Mrs. C. W. Webb returned Tuesday of last week from Marlon after a week-end visit.

A birthday dinner was given Sunday in the home of Mrs. Pearl Martin in honor of Mrs. Martin and granddaughter, Miss Ray Nell Irby, whose birthdays are Nov. 10 and Nov. 13. Those present were children and grandchildren of Mrs. Martin; Mr. and Mrs. Raymond Irby and children of Floydada, Mr. and Mrs. B. W. Gunn and Mr. and Mrs. Barney Martin and son.

Mr. and Mrs. Lem Standefer went to Adrian Monday to take their daughter, Mrs. John Bourland and children, home.

James Washington of the U. S. Navy, who has been visiting relatives here, returned to Olton Monday enroute to California.

Guests in the W. H. Webb home, Sunday were: Mrs. Baby Webb and children of Matador and Pvt. and Mrs. Howard Standefer and baby, Sharon of Garden City, Kansas.

Mr. and Mrs. Bud Simpson and son, Billy Paul, spent Sunday in the home of her parents, Mr. and Mrs. F. S. Bourland.

Mr. and Mrs. A. M. Bourland of Lubbock visited his brother and family, Mr. and Mrs. F. S. Bourland, Tuesday of last week.

Dinner guests in the C. W. Webb home Sunday were: Mr. and Mrs. L. B. Turner and son, Pvt. Richard T. Turner of Camp Wolters, Orville Lee, Misses Frankie Hawkins Geneva Tanner and Trula Dell Gilbert.

Winfred Lee Walker of Quitaque is visiting in the Dennis Cloyd home.

Dinner guests in the home of Mr. and Mrs. Oscar Vinson Sunday were Miss Scarlet Beason, Mrs. L. A. Bynum and Mrs. T. A. Bynum.

AWARDED D. F. C.

An Eighth Air Force Bomber Station, England—Technical Sergeant Ernest C. George, son of Mr. and Mrs. G. C. George, Corpus Christi, and husband of Mrs. May George, Flomot, has been decorated with the Distinguished Flying Cross, it was recently announced by the commanding general, 8th Air Force.

The citation accompanying the award reads: "For extraordinary achievement while serving as a radio operator gunner of a B-17 Flying Fortress on a number of combat bombardment missions over Germany and Nazi occupied Continental Europe. Displaying

great courage and skill. Sergeant George, fighting from his gun position, has warded off many enemy attacks and has materially aided in the success of each of these missions."

Sgt. George has been decorated with the Air Medal and three Oak Leaf Clusters in addition to the Distinguished Flying Cross.

He is a graduate of the high school at Flomot, where he was active in sports and a member of the football and track teams.—Quitaque Post.

A man's appetite always improves after he swallows his pride.

Half the world's troubles come from saying yes too quickly; and half from not saying no quick enough.

Radios have taught mankind the blessings of silence.

Love is the quest; marriage the conquest; divorce the inquest.

Nowadays the rising generation retires when the retiring generation rises.

Southwest Pacific

Dear Ben:

Just a line or two to let you know that I have received four more of my papers. They were old, but they sure were good to read. I read them all the way through.

I met Dalton Hall over here not long ago and sure was glad to see him. He gave me three papers that I had not received. I wrote you once before to let you know my new address and hope that you got it. I had said in that letter that I had not received a paper, but I got one the very next day.

Yours truly,
Pfc. Raymond Davis.

T/3 Charles S. Williams has a change in address as follows: Co. B. 58th I AT Bn. 15th Regt. Camp Howze, Texas.

1st Lt. Fred G. Simpson has recently had a change in APO number.

William Albert Johnson, son of Robert L. Johnson of Matador, was sworn into the U. S. Naval Reserve at Dallas, Friday and immediately transferred to the U. S. Naval Training station at San Diego, California. William, who applied for enlistment at the Navy Recruiting Station, Lubbock, attended Matador High school and played baseball.

Pvt. Lonnie L. Russell, who has been receiving his mail in care of Fleet Post Office, San Francisco, Calif., has been moved recently. As yet, we have not been notified of his new address.

Pvt. Earl T. Freeman has been transferred from Camp Beale, California, to Camp Polk, La. His address: 14th Hdq. & Hdq. Det., Louisiana.

Phillips 66 Gasoline Motor Oil

Care For Your Car For Your Country

PROMPT SERVICE TO FARM PATRONS

We Appreciate Your Patronage

ROY ROBERTS, WHOLESALE AGENT

PHONES 68 AND 66J

We used to ride a lot

Wistful young America may not be able to understand why those long, lovely rides in the country are now only a memory.

But their patriotic fathers, meeting the necessity for conserving gasoline and for prolonging the life of tires and cars, have reduced their driving to a minimum. They know that "Care for your car—For your country" is more than a slogan, that such care is important lest the nation face a wartime crisis in domestic transportation.

So now, more than ever, they want a quality oil to preserve and protect their motors. Their only question is: How can I tell which are the quality oils?

Here is one easy answer, in a very frank statement by Phillips: If you want our best oil, remember we specify that Phillips 66 Motor Oil is our finest quality . . . the highest grade and greatest value . . . among all the oils we offer to average motorists.

Experts recommend changing oil every two months. Especially, don't neglect the seasonal change this fall. Get rid of contaminated, summer-thin oil. Drain and refill with a quality lubricant. Ask for Phillips 66 Motor Oil.

CARE FOR YOUR CAR—FOR YOUR COUNTRY

It's Phillips Finest Quality

PROVED IN 50 BILLION MILES OF SERVICE

Rheumatic Heart Disease Is Fatal To Many Children

Rheumatic heart disease is now the first cause of death among children aged ten to fourteen, and is second only to tuberculosis at ages 15 to 25. Despite the importance of this disease its epidemiology is not completely established. No vaccine such as those that prevent typhoid, diphtheria, smallpox and whooping cough has yet been developed for its prevention or control. We do know, however, some of the danger signals and with the physician's accurate diagnosis some of the damaging results of the disease may be prevented.

Dr. Geo. W. Cox, State Health Officer, points out that in general the danger signals of rheumatic fever are pain and swelling in the joints of the knees, ankles, elbows, or wrists. The pain usually is left in one of these centers and spreads to the others. Centrifuges a child will get irritable and cross without any visible signs of a good reason for this attitude; he may cry easily or develop habits of nervousness. A physician should be consulted at once in such a situation, for these symptoms may be the beginning of rheumatic fever.

Exposure to frequent chilling, damp or overcrowded living quarters, a poor diet, an attack of scarlet fever, a bad cold or other infection caused by certain streptococcus germs are likely to be predisposing factors in the appearance of rheumatic fever.

According to Dr. Cox the best safeguards against this disease are to have each child and adult examined at least once a year by a physician, to have the right kind of food for an adequate diet, and to have plenty of rest. When the disease is suspected of being present, a doctor should be consulted at once.

Mrs. J. A. Groves, who is spending the winter at Vega, near Amarillo, with her daughter and family Mr. and Mrs. C. T. Howell, spent the week-end at her home here.

Birthday Dinner Honors Mrs. Morris

Mrs. C. W. Morris was honored on Friday, November 10, with a lovely birthday dinner given in the home of Mr. and Mrs. Littleton Rattan, with Mrs. Virgil Rattan assisting.

Fall flowers decorated the home and the dining table was centered with a large white cake, decorated with candles and bearing a card with Birthday greetings. After the honoree succeeded in blowing out the candles, she was presented with many lovely and useful gifts.

Those enjoying the occasion were: Mrs. B. F. Middleton of Af-ton, Mrs. C. D. Bird and great-grandson; Mrs. Grover Price and small daughter; Mr. and Mrs. H. S. Watson, Mr. and Mrs. V. A. Rattan, the honoree and the host and hostess.

BIRTHDAY PARTY
Jaynell Norris, daughter of Mrs. Dorothy Norris, celebrated her fifth birthday, November 11, with a party at her home. She received many nice gifts.

Guests who enjoyed the occasion were: Charlotte and Waymon Muse, Darlene and Gary Doyle Brown, Myrna and Helen Webb, Sandra Nell Follis, W. E. Russell, June Welcher, Shelby Jackson, J. Charles and Elmer Lee Herring, Rose Carolyn Donovan, Velma Fay Briggs, Kelly Elmo Jackson and Sybil Jackson.

Contoured Acres Grow More

Contour cultivation is basic conservation farming, essential to increased production for war today and the preservation of America's soil for the farmers of tomorrow, says the War Food Administration.

Contouring cuts down erosion by preventing water from carrying off the soil. It increases acre-yields of crops, maintains their quality by holding the fertile topsoil in place, and increases the moisture content of the land.

Contour farming means plowing, harrowing, planting, cultivating, and harvesting on the level rather than up and down the slope—around the hill rather than over it. The furrowed ridges slow down the movement of water off the field, allowing more moisture to soak into the ground, and stopping the soil from being washed down to lower levels. When contouring cuts the speed of the water run-off in half, for example, its capacity for carrying soil drops about 75 percent, according to WFA reports. In controlled tests covering a 7-year period, land cultivated up and down hill lost almost two and a half times as much soil per acre as land farmed on the contour.

Contouring has many variations such as contouring intertilled crops, contour strip-cropping, contour seeding of small grain crops, and contouring for water conservation. But WFA points out that the basic principle is the same—working across the slope instead of paralleling it. Assistance in carrying out these and other contour practices is available to farmers under

the conservation program administered by the Agricultural Adjustment Agency.

Type of soil and steepness of slope both influence the retaining capacity of contour furrows, says WFA. Contouring may be all that is required to control erosion on land with open, porous soil, easy slopes, or where rainfall is gentle. Under less advantageous conditions, additional practices such as terracing, cover crops, and sod waterways may be required to achieve the best results.

Conservation of moisture, soil, and plant nutrients through contouring has had a notable effect on acre-yield of crops, says WFA. In specific areas startling increases were reported, such as 23 bushels more corn an acre in Iowa, an increase of 62 bushels per acre of soybeans in Illinois, 44 more bushels of potatoes an acre in New York, an increase of 4 bushels of wheat per acre in the Great Plains, and 29 pounds more cotton per contoured acre in Texas.

Most of the farmers who have been using the contour method of handling their crops report that it costs for less fuel, less power, and less work than going up and down the slope. Experience has shown that on a 5-percent slope a farmer can plow 10 percent more land on the contour in a given period, and that he will use 10 percent less tractor fuel acre for acre. In Illinois it was reported that costs had been reduced as much as 95 cents an acre for labor, 25 cents an acre for horse and machinery expense, and 72 cents an acre for total farm expenses, compared with costs on uncontroled farms.

LOCAL ITEMS

Miss Chlovey Fuller of Lubbock, spent the week-end here with her parents, Mr. and Mrs. W. M. Fuller.

Miss Helen Stanfield of Lubbock was a week-end visitor here with her parents, Mr. and Mrs. Herman Stanfield.

Mrs. Lyman Campbell and young son, Bundy Hal, spent the week-end visiting her mother in Amarillo.

Mrs. Claude Wilson was a week-end visitor in Sweetwater, with her husband's parents.

H. M. Solomon and son Danny, spent the week-end visiting the former's sister and family of Fort Worth. They were accompanied home by Mrs. Solomon, who attended State Parent-Teacher Congress last week.

Miss Jane Warren spent the week-end visiting in Canyon.

Bill Embery, student at West Texas State College, Canyon spent the week-end visiting friends here.

Large And Quick Sales Is Strategy For Bond Drive All Communities Being Solicited

... will be lost when... starts to drive for... Loan quota of \$165,000... December 6th... workers are poised to... rapidly in order... of time made... the postponement of... from November 20 to... because of the late... season. Prospects will... for purchases to the

limit of their abilities since large and quick sales are essential to the success of the campaign. Reviewing the forthcoming drive, Elmer Stearns, county sales chairman declared he believed the patriotism of the county's citizenship will make possible the county quota in the short time allotted. The 6th War Fund drive closes officially throughout the nation on December 16th. "The war is at its

most critical stage," Mr. Stearns declared, "and hopes for an early peace have subsided before the grim reports from our battlefronts. The finest of our nation's manhood is fighting in blood for every inch of ground on the tragic roads to Tokio and Berlin. It is hardly possible that our sales volunteers will find it necessary to explain the need for money to continue the war, nor is it expected that

any of the county's citizenship will assume the attitude that their money deserves exemption from use. Everyone knows that dollars going into battle will always return; many of our boys do not." Mr. Stearns said that a number of sales had already been made, which will be credited to the quota, and he urged anyone expecting to be away during the ten-day drive, to make purchases at

once. Bonds purchased at the First State Bank here are credited to the respective school district's quota in which the purchaser resides. Newspapers reported yesterday that two Texas counties had already exceeded their quotas. Motley county has never failed to raise its quota on any War Fund drive or wartime contribution since Pearl Harbor.

CASH amounting to more than \$13,000 has been contributed to the fund to build a memorial to the valor and sacrifices of Motley County's men and women in uniform, it was disclosed yesterday. More than \$13,000 given out of the purses and generous hearts of Motley County citizens will buy War Bonds to be held in trust by the Fleming-Post American Legion until after the termination of the war when labor and materials are again available. Diligent crews are working in every community in the county to boost the fund until the goal of \$16,500 is subscribed, the amount estimated as adequate for a fitting tribute to those wearing uniform in the defense of freedom. Legion leaders believe the goal may be attained and probably oversubscribed before the holidays.

That the men and women in service may know who has contributed to the fund, plans are being made to publish the names and amounts donated beginning with next week's issue of the Tribune. Because of the shortage of space and other publication handicaps, the list of names

will probably be printed in four installments, and subsequent contributions credited as they are received. Publication of names was decided on after deliberation with view of a permanent printed record, and also to credit the spirit and generosity of the people at home who have dug deep into their thin purses to honor their gallant defenders. In instances where more than one contribution has been made by an individual, the total amount will be published.

Home Exhibit Shows Outstanding Advance

A NEW ERA has arrived in Motley county. Working quietly and efficiently, Miss Jo Bentley, Motley county home demonstration agent, has organized and led the Home Demonstration Council and housewives in one of the most outstanding advances in the county's history. Under Miss Bentley's able leadership both rural and urban homes have become more attractive, comfortable and efficient. Out of the fertile soil she has shown the way to production of vegetables and fruits that rival the finest grown anywhere.

Now on display in the north windows of the temporary courthouse building is an exhibit of garden vegetables that might have been selected from the fields of California and the Rio Grande valley. Every vegetable in the window was grown in the rich soil of Motley county. The righthand window is devoted to needlework, art-craft and home-craft work developed under Miss Bentley's leadership and instruction. The entire window is devoted to items, all of which were produced by the Home Demonstration Council.

Every Tribune reader is urged to visit the exhibit that full appreciation of Miss Bentley's work and ability may be attained. Tangible proof produced by women of Motley county is on display that refutes the supposition that the future holds no greater promises than the production of beef and cotton. A new era has arrived with more pleasant, attractive homes, abundant, healthful and thrifty foods; an era of progressiveness that will leave its heritage to the future.

New Officers Elected
New officers were elected for the Motley County Home Demonstration Council meeting in Miss Bentley's home demonstration office in the courthouse, Saturday afternoon. The following officers were named to lead the organization for the next fiscal year: President, Mrs. Bob Martin; vice-president, Mrs. Delmont Hays; Secretary-Treasurer, Mrs. Fred Bourland.

The organization voted to secure the services of Mrs. George Beavers of Vernon, to conduct an officers' training course in parliamentary procedure, in the near future. (See HOME EXHIBIT page 4)

Sgt. Bill Tilson, "The Voice" Heard From Hollywood

Sgt. W. R. (Wild Bill) Tilson, soldier extraordinary, who returned home recently from the European wars with five campaign stars, two citations and his disarming smile, is in Hollywood. Sgt. Tilson probably studied the movie capital with interest, but his visit there was in no way connected with production of the flickering celluloid. He was merely enjoying the sights of the city of make-believe afforded a soldier on a three-day pass from his camp in California, to which he has recently been transferred from Idaho.

While in Hollywood, Sgt. Tilson made a phonograph record of his voice, dated November 12, and sent it to the Tribune editor. Speaking with an unusual quality of naturalness, he expressed his thanks for the Tribune, and also to the Matador Lions Club and Tribune readers who make possible the gratis subscriptions to men in uniform. He asked to be remembered to Lions J. R. Whitworth and Rufus Emmons. "I decided I just as well make this record, since it is free," he declared. The record bears the advertising of Gem safety razor blades.

MRS. WILIE ATTENDS COUNCIL MEETING

Mrs. U. L. Willie, president of El Progresso Study Club, attended a Council meeting of Texas Federated Clubs, held last week in Fort Worth. She returned home Thursday afternoon.

INFANT SON DIES

A graveside service was held in East Mound Cemetery, Saturday, November 11, for the infant son of Mr. and Mrs. Tom Vivian, of Spur, who died shortly after his birth on Friday, at the home of Mr. and Mrs. L. V. Vivian, the grandparents.

Lt. Hobart Smith Awarded Soldier's Medal For Heroism

With the 3rd Division of the Seventh Army, France (Special to the Tribune)—First Lieutenant Hobart C. Smith, of Roaring Springs, Texas, has been awarded the Soldier's Medal for heroism not involving actual conflict with the enemy while serving with the 3rd Infantry Division on the famed Anzio beachhead.

On May 27, 1944, Lieutenant Smith went to the aid of several injured men trapped inside the burning wreckage of a Consolidated B-24 bomber.

Despite roaring flames, exploding ammunition and dense smoke, he entered the flaming wreckage three times carrying two injured occupants to safety. He worked at freeing a third man, until almost suffocated, before being forced out for fresh air. Before he could re-enter the wreckage, the left wing gasoline tank exploded and totally destroyed the plane.

His parents, Mr. and Mrs. H. L. Smith, and his wife, Mrs. Joyce Thacker Smith, reside at Roaring Springs.

Honored By Ally

ANTONE FREEMAN RECEIVES HIGH BRITISH AWARD

One of the most unusual awards reported by a man in uniform from Motley county has been tendered CRT Antone H. Freeman, for services while on duty in England. Chief Radio Technician Freeman was awarded the British Empire Medal for services.

Notice of the award, on embossed letterhead of the British Empire, is in possession of CRT Freeman's wife, Mrs. Antone Freeman of Evant, Texas. Dated February 14, 1944, the letter follows: "Sir, I am commanded by My Lords Commissioners of the Admiralty to inform you that the King has been graciously pleased to approve the award to you of the British Empire Medal (Military) for zeal, skill and devotion to duty shown in the maintenance and repair of all radio equipment while serving in H. M. S. VICTORIOUS. The medal will be presented to you in due course. I am, Sir, your obedient Servant, H. V. Markham."

Delay in publication of the article has resulted, in part, from difficulty encountered in securing a photograph suitable for making the above engraving. Radio Technician First Class Antone Hamilton Freeman is the son of Mr. and Mrs. A. Freeman of Roaring Springs.

W. B. GRANT, 80, IS CLAIMED BY DEATH

W. B. Grant, 80, resident of Motley county for approximately 18 years, died at the home of his daughter, Mrs. Emma Murrah, in west Matador, Monday evening. Funeral services were held at the Matador Church of Christ by Minister Morris Tisdal of Roaring Springs, at 4:30 Tuesday afternoon and interment made in the Matador East Mound cemetery. Pall bearers were J. W. Dewbre, Ardur Smallwood, Jack Steen, Floyd Bradley, L. R. Cartwright and Henry Thompson.

William Burdine Grant was born at Mt. Ida, Arkansas, November 8th, 1864, and died at Matador, Texas, November 20, 1944, age 80 years and 12 days.

He married Miss Ella Mills at Texarkana, July 5, 1885 and to this union six children were born, three of whom survive. They are Mrs. Emma Murrah of Matador, Mrs. C. E. Soderstrom of Floydada and Mrs. Bertha Tingle of Fort Worth.

Mr. Grant's wife died February 9, 1904, and he later married Mrs. Martha Hankins at Hillsboro. To this union one son was born, Charles Grant of Matador. Mr. Grant's second wife also preceded him in death. Mr. Grant had lived in Texas about 35 years.

Other relatives attending the funeral services were Mr. and Mrs. E. L. Wilson and Mrs. Harvey Wilson of Childress, Cpl. and Mrs. James H. Henson of Lubbock and Mrs. Fred Ellis of Denver, Colo., and Mrs. Charlie Casler of Paducah.

W. W. CLEMENTS HEARS OF MOTHER'S DEATH

Tragedy struck twice in quick succession in the W. W. Clements home last week, when he received word of his mother's death, the day following arrival of the message advising that his son-in-law, S/Sgt. W. T. Boggus had been seriously wounded in action.

Mrs. J. H. Clements died Wednesday, November 15, at the age of 82, at Coffeyville, Miss., where she had made her home with a daughter. Eight sons and four daughters survive. Two sons, W. W. of Matador, and A. L. of Childress, formerly of Flomot, are well-known in this community, having made their homes in the county for a number of years.

W. T. Boggus Dies Of Wounds

Another gold star replaces a blue in Motley County's magnificent standard, as the death of S/Sgt. W. T. Boggus is recorded in the annals of eternity. A telegram received by his wife, Mrs. Marion L. Boggus, Sunday morning about 9 o'clock, from the war department, revealed the tragic news that Sgt. Boggus died on October 27. He was mortally wounded October 25, on Peleliu Island, according to a previous message received Tuesday of last week. Details of the engagement which cost the life of the youthful sergeant, have not been released.

W. T. Boggus was born at Erax in Erath county, Texas, September 21, 1920. He was 24 years, 1 month and 6 days old at his death. He moved to Matador with his parents, in 1937, and graduated from Matador High School in 1938. On December 25, 1941, he was married to Miss Marion Clements, and the following June, entered the armed forces. He received training at Camp Rucker, Alabama which was followed by eight months of maneuvers in Tennessee and the desert in Arizona. From here he was sent to San Luis Obispo, California, and later to Camp Beale, Calif. He was sent overseas around the first of July.

Sgt. Boggus was with an Infantry unit of the famous 81st division which landed at Angaur in the first days of the Palau Islands invasion.

He had been a member of the Church of Christ for a number of years. He was of a quiet, unassuming disposition, and representative of the highest type of young American manhood.

In addition to his wife, he is survived by his parents, Mr. and Mrs. J. L. Boggus of Matador, and two sisters, Miss Ervic Boggus of Midland, and Mrs. A. P. Clepper of Henderosn, Nevada.

Rev. Dick O'Brien Speaks At Baptist Church Tonight

Rev. Dick O'Brien, pastor of the First Baptist Church, Big Spring, will be principal speaker tonight at the Baptist Church, when "Family Night" will be held by the membership.

The meeting is sponsored by the Brotherhood organization, and will begin at 8:00 o'clock with supper in the church basement.

Rev. O'Brien, a former pastor of the Floydada Baptist Church, is well-known in this area and his reputation, not only as a speaker, but a wit as well, is wide-spread. All who heard him speak on a similar occasion last year, will not want to miss this opportunity. A cordial invitation is extended everyone to attend.

Good Program Sunday.
Morning services Sunday were conducted by the Brotherhood, in the absence of the pastor, Rev. H. G. Verner. An inspirational address by Elbert Reeves, on the subject of Christian education, followed devotionally led by V. A. Rattan. Special music was a male quartette composed of Vernon Doss, Roy Reeves, V. J. Skaggs, and R. E. Campbell.

Pickers Stymied By Rain

Cold and heavy clouds that brought intermittent showers and snow over the Panhandle for three days, cleared late Sunday and allowed the needed cotton pickers to return to the fields early this week. Rainfall here as registered by the city wells official gauge, was approximately .75 inch. Some sleet and snow fell early Thursday but melted as it struck the warm earth. Snow covered several areas of the South Plains but melted rapidly.

First killing frost of the season was reported at Lubbock Sunday night when the mercury dropped to 30 degrees, about five degrees colder than the coldest weather reported here. While scant frost damage can be observed "in the low places", county crops are benefitting from the extension from the usual first killing frost date.

Some relief from the cotton-picker situation has been achieved in the past ten days, and with the return of favorable weather, farmers believe a large per cent of the county's cotton crop will be harvested within the next two or three weeks. Rainfall over the week-end was reported as general over the entire county and this area of the Panhandle.

L. L. Russell Made District Legion Grand Cheminot

L. L. Russell, veteran of World War 1, has received his certificate as Grand Cheminot of the 5th Division, Vulture Locale 689, which means that he is an official of the jovial order of 40&8, American Legion. The rollicking organization derived its name from French rail cars used in World War 1 which had a capacity of 40 men and eight horses. Mr. Russell is the only Fleming Post member who belongs to the 40&8.

Mr. and Mrs. Russell attended the American Legion 18th District convention, held at Shamrock, Saturday and Sunday, where members of 52 posts were represented. Adjutant General of Texas Earheart, made the principal address in favor of the one-year military training for youths following the termination of the war. Other leading speakers included Mrs. Howard Hudgens of Vernon, Department President of Texas of the Women's Auxiliary and Bill Lee, field representative of the American Legion.

RETURN HOME

Miss Virginia Jones, accompanied by her parents, Mr. and Mrs. Frank Jones, have returned to their home at Cee Vee, Miss Jones, who has been recuperating from surgery at Traweck Hospital, will remain at her home until after the Christmas holidays, before returning to her studies in high school here.

Former residents, Mr. and Mrs. C. E. Mize of Roby visited here several days last week.

STUDENTS AT HOME
 Students of Texas Tech, Lubbock, spent the week-end at their homes here were: Donald G. ... and Evelyn Keith and Reatha Rayne Robertson. Accompanying Miss Keith home as her house guests were Misses Louise Hallmark, Edna Mae Hamilton, Wynema Powell and Miss Robertson.

who have already paid the supreme sacrifice in the great world conflict, and pointed to the board containing more than 600 names, declaring that more than one out of eight of the county's population is in uniform. G. E. Hamilton introduced Lieutenant Governor Smith to the large group gathered in the roped-off area of the street. "No monument is sufficient to honor our men in service," he declared. "We can't dedicate a monument to those who wear the uniforms of our armed forces, who build to the skies... we can only dedicate ourselves to completing the unfinished task, in tribute to those who have gone on the dreadful mission of war... we can build a living memorial; a land that is a monument to these young men, many of whom have changed their white stars for gold." In closing the address he quoted Lincoln's famous Gettysburg address. Songs were conducted by the Matador pep squad, prayer was offered by Rev. F. D. Hanks of Whiteflat Baptist church and benediction by Rev. J. E. Lee of the Flomot Baptist church.

HOSPITAL NOTES

Miss Virginia Jones was dismissed from the Traweek Hospital Tuesday. She recently underwent surgery.

Mrs. A. J. Matlock of Northfield has been receiving treatment for a knee injury at the Traweek Hospital the last three weeks. She is visiting with her daughter, Mrs. A. B. Simpson, while receiving treatment.

Miss Helen Jones was dismissed Tuesday of last week from the Traweek Hospital where she was a patient last week.

Little Martha Stevens, 6, daughter of Mr. and Mrs. E. L. Stevens of Foley, was dismissed last week from the Traweek Hospital. She is recovering from an appendectomy which took place in the Traweek Hospital about two weeks ago.

NEW ARRIVALS

Born November 4th to Mr. and Mrs. Wilson Reed of Quitaque, a 9 1/4 pound boy, Wilson Harrison Reed, at the Traweek Hospital.

ELMER STEARNS

Elmer Stearns, accompanied by his brother, Arthur Stearns of Plainview, visited in Mineral Wells over the week-end with their father, L. A. Stearns.

SHOES FROM HOLLAND

Mrs. W. I. Rushing has a new pair of shoes for which no ration stamps were required. The shoes are hand-made, entirely of wood, direct from Holland, a present from Lt. Bert Ezzell, formerly associated with the Matador high school faculty. The interesting footwear is on display at the Commercial grocery.

TO MARLIN

Mr. and Mrs. C. H. Norton, accompanied by Mrs. A. A. Tipton, left Sunday morning, for Marlin, Texas, where the two ladies will remain to receive a series of mineral bath treatments. Mr. Norton returned home Tuesday.

WILL WE DO AS WE HAVE BEEN TOLD

Ninety-seven per cent of the people have to be told what to do. They are one talented people who will do if told what to do and if told to do something that they can do. ANY ONE who can read in any language can read the Bible on Saturday night and invite others to read with him.

Our Declaration of Independence has been captured by the British three times since it was written in 1776.

UNFINISHED BUSINESS

Popularizing the reading and studying of the Bible as the inspired word of God remains today the most important unfinished business of the church, a business the finishing of is long sense overdue. The main trouble is that the church is not working at it very ardently.

When you put a ring on her finger don't put yourself under her thumb.

The wise man conceals how much he thinks of himself; and how little he thinks of others.

Most fat people are weighed and found wanting to weigh less.

Those axes you see in the glass cases in railroad cars are not for opening the windows.

A political platform is for one party to stand on and the other party to jump on.

No flier is considered an ace until he has downed five planes.

It was on Christmas night in 1776 that General George Washington and his small army crossed the Delaware River at McKonkey's Ferry, near Trenton, N. J., to win the battle that revived the hopes of American independence.

Pennsylvania is called the Keystone State.

New York is known as The Empire State.

Paper manufacturing from wood pulp, in Maine, dates back to 1880. Ten years after the establishment of the paper mill industry there was a rapid development of the lumber, granite, ice and fishery trades.

New Mexico became a state on January 6, 1912, the 47th state to be admitted to the Union.

The State of New Jersey, one of the thirteen original States, was originally a part of New York, and was first settled about 1617 by the Dutch.

A regiment of fishermen from Marblehead, Mass., handled the oars and piloted the boats that carried George Washington and his army across the ice-filled Delaware River in 1776.

At one time there were over 5,000 Shaking Quakers, or "Shakers" as they were called, in America. Now there are less than 50.

The first steamboat on the Great Lakes was named Walk-on-the-Water.

Sunday editions of newspapers first appeared during the Civil War.

California was admitted to the Union on September 9, 1850.

The manufacture of paper from wood pulp, which has revolutionized the publishing industry, was begun in Herkimer, N. Y., in 1866.

The song "Yankee Doodle" was written by a British army surgeon.

Maryland, one of the thirteen original states, was named after the mother of Charles II.

Indiana was organized territorially July 4, 1800. The State was admitted to the Union December 11, 1816.

Cattle were first brought to America by Columbus, on his second voyage in 1493.

Since the day the Declaration of Independence was signed it has twice escaped destruction by fire.

McKonkey's Ferry, near Trenton, N. J., the point where the Continental Army crossed the Delaware River in 1776, is called Washington's Crossing.

Since 1920 the American Red Cross has expended over \$100,000,000 in disaster relief throughout the United States. An additional total of \$25,822,052 has been expended in disaster relief in foreign lands.

Brutality to an animal is considered an animal cruelty to mankind—it is only a difference in the victim.

Deep in the Heart of Taxes

You've heard the song "Deep in the Heart of Texas" Most people today are deep in the heart of taxes. A bad point to make a good point. Last year America's tax-paying electric light and power companies footed a tax bill of more than seven hundred million dollars. One-fourth of the electric dollar goes for taxes of one kind or another.

Still, taxes are necessary in modern war, and seven hundred million dollars or any fraction thereof will buy a lot of planes and guns, medical supplies, tanks and ammunition.

The business-managed companies which pay the taxes are glad to contribute to this fight for freedom. But a lot of people say: How can the electric companies pay these increased taxes and other wartime costs and still keep the price of our household electricity so low? For the truth is, if you're the average user of home electricity, you're getting about twice as much electricity for your money as you were getting, say, fifteen years ago. To do this takes the utmost operating efficiency and economy, and constant engineering research under sound business-management. You can be sure that experienced business management will keep your electric service dependable and low-priced.

PLEATS HAVE RETURNED!

War Production Board Order L-224 has been modified, and all restrictions on men's suits have been removed except two-extra trousers of same goods and vests with double breasted coats.

Pleated trousers, of course, is the big item, many wanted them, now they are available. Also large knees and bot-toms.

All restrictions have been removed on sizes, lengths, and fancy styles.

Deliveries are still on a two week schedule, and we think we can maintain this service or better for the rest of the season.

Pvt. Ellis G. Freeman now has an overseas APO number, in care Postmaster, New York, N. Y.

According to recent letters from **Pfc. J. C. Wagnon** of Flomot, he has been in the hospital 4 weeks with a crushed foot. He gives his location as "Somewhere in India", and says that he would be very glad to hear from all the folks back home.

Pvt. James Wilson Reed and Pvt. Richard T. Turner of Camp Wolters, visited home over Sunday.

Elmo (Joe) Jeffers was recently advanced to the rank of sergeant. From somewhere in Frange, Sgt. Jeffers writes, "...have wanted to write you for some while, but they are keeping us on the go, so that I don't find the time.

"Your papers are still getting here now, and I enjoy them even though they are two months old. Last week I got four of the July and August issues. They do well to get here that soon, as you have no idea how much mail is handled daily over here. My wife and mother keep me posted on most of late events.

"I wish it were possible for me to write you all about this country, as some things are hard to believe on paper—but will tell them to you at a later date. We are all in good spirits and high morale, but like myself, the boys are ready to go home.

"Ben, here is wishing you and yours a very happy Christmas, and keep the home fires on the beam. Your friend, ... Jeff."

From **Pfc. Jimmie J. Latimer**, comes the following letter:

"Dear Ben and Staff: Here's just a little note to let you know how things are over here. I have thus far been through two engagements. You know which I mean. My paper hasn't come in three months now. I did meet Bob Murphy here on the beach one day. He happened to have a copy of October 9th issue, which was very interesting to me. Some day I hope to meet W. T. Boggus and Curtis King, but they are in different regiments from me.

There are lots of Jap souvenirs, but we can't send them home yet. So long, and thanks for the Tribune. Sincerely, Jim."

Pvt. J. W. Morton, who is stationed in Florida, has been visiting his family here while on furlough.

Cpl. Wiley Fulfer and Cpl. Billy Tunnell, both of the U. S. Marine Corps, had the pleasure of an unexpected encounter on Bougainville Island recently. Both boys wrote of the incident in letters to their respective parents, Mr. and Mrs. Foster Fulfer and Mr. and Mrs. B. F. Tunnell.

LOCAL ITEMS

Mr. and Mrs. Foster Fulfer visited in San Antonio the past week with their daughter and husband, Mr. and Mrs. Ben Phifer.

H. L. Dennis, former minister of the Church of Christ here, now of McAdoo, was a Matador visitor Monday.

Mrs. Joe Winters of Lubbock, formerly of Matador, visited relatives and friends and looked after business interests here this week.

Mrs. Ralph Dockendorf returned to Goosecreek, Saturday. She had been visiting friends and relatives in Matador.

Mr. and Mrs. Eldon Webb and son Arlen, have returned to their home in Los Angeles, California, after a week's visit here with their parents, Mr. and Mrs. L. D. Webb of Matador and Mr. and Mrs. J. F. Smith of Dickens.

MRS. L. L. SAMS DIES LAST WEEK AT WACO

Mrs. L. L. Sams, 75, resident of Waco for a number of years, and mother of Lt. Rowe Sams of the U. S. Navy, former member of the Matador school faculty, died last Thursday of a heart attack. Mrs. Rowe Sams had been with her for about three weeks prior to her death, since she had been in failing health.

Survivors are two daughters, Mrs. T. J. Fouts of Denton and Mrs. W. H. Beasley of Waco; and two sons, Ross M. Sams of Waco, and Lt. Rowe Sams, who is on duty on a destroyer escort in the Atlantic. A granddaughter, Miss Julia Marie Sams, left Friday to join her mother, in Waco and to attend the funeral service.

HOSPITAL NEWS

Joe E. Gordon, admitted for treatment Monday at the Traweck Hospital for a chest injury, has not as yet been dismissed from the Hospital. He is reported improving.

Little Ann Mohon of Turkey, Texas, was treated Sunday at the Traweck Hospital for bruises and sprains received when she fell from the rafters of a garage.

Mrs. Lewis Clifton of TeePee Flat was dismissed Nov. 20, from the Traweck Hospital.

ARRIVAL ANNOUNCED

A daughter, Pamela, was born September 15, 1944 at St. Anthony's in Amarillo, to A.M. 2/c Kenneth C. Parmelee and Mrs. Parmelee. Mrs. Parmelee was employed as English teacher in high school last year, and resigned at midterm to accept a position in the school at Canyon, where she makes her home with her parents. Her husband is at Kingsville, Texas, N.A.A.T.B.

Mrs. A. L. Clements and daughter, Mrs. Steve Thomas and young daughter, of Childress, visited here Tuesday with Mr. and Mrs. W. W. Clements and family.

Wise Americans How Fight COUGHS

or Bronchial Irritations Due To Colds—With Buckley's "Canadiol"

Almost instantly you get the surprise of your life—coughing ceases—right away it loosens up thick bronchial tubes—makes breathing easier. There's real economy in Buckley's—all medication—no syrup. Half to one teaspoonful will convince the most skeptical. Get Buckley's "Canadiol" made in U.S.A., the Cough Mixture that out-sells all others in Australia, New Zealand, Canada and many other countries on merit alone. At all good drug stores.

100 OCTANE GASOLINE

Don't grow wings on a car

NO MIRACLES from present car if the tank were with 100-octane gasoline. Motor was engineered specially for the gasolines which available at the time you buy your car. To secure the best of very high octane fuels, that motors will have much compression ratios, will be lighter, and will deliver increased power and extra mileage.

This will be possible because super gasolines to be made for motorists in the post-war period. And you have every reason to expect that Phillips will be among the first to offer these improved motor fuels soon.

Because Phillips is today of the nation's five largest producers of 100-octane aviation gasoline, Phillips is also one of the leaders in the war production of butadiene for synthetic rubber.

These achievements are a direct result of Phillips long years of peacetime research to extend the frontiers of knowledge concerning hydrocarbon chemistry. Other accomplishments, which cannot now be told for security reasons, flow from Phillips wartime exploration of the limitless possibilities of chemical production of new and better things from petroleum gases as well as from petroleum.

This is why we say: Every time you see the Phillips 66 Shield, let it remind you that Phillips refineries, in addition to producing gasolines, lubricants, and fuel oils... are also gigantic chemical plants pouring out weapons for victory.

6th WAR LOAN

THE young man in this picture obviously is an extreme example. Our Government certainly does not expect any of us to go that far in restricting our buying—even to put the 6th War Loan over the top.

But our fighting forces certainly will feel that their sacrifices are appreciated if we deny ourselves some things and put the money into extra War Bonds instead.

Remember, War Bonds pay off at maturity at the rate of \$4 for every \$3 invested. Try to buy at least one extra \$100 Bond while this 6th War Loan Drive is on.

Mr. and Mrs. Watson Entertains Friends

A Forty-two party was given on Friday evening, November 17, by Mr. and Mrs. H. S. Watson at the home of their daughter, Mrs. Bill McCaghren.

Refreshments of hot chocolate and cake were served to the following: Mr. and Mrs. Ben Keltz, Mr. and Mrs. F. Z. Martin, Mr. and Mrs. W. L. McWilliams, Mr. and Mrs. Bob Jameson Jr. and two sons, Mr. and Mrs. Rhenard McCarty and little son; Norman Glenn Spray, Mr. and Mrs. Bill McCaghren and the host and hostess.

Attend Club Tea At Spur Tuesday

Several members of El Progresso Study Club attended a program and tea at Spur, Tuesday, sponsored by the 1917 Study Club of that place.

The interesting program included a display of paintings by Mrs. Bird Clay. Tea was served with sandwiches and cookies.

Those attending from Matador were Mesdames U. L. Willie, L. C. Harp, Leonora Luckett and J. L. Woodruff.

GO TO CHURCH SUNDAY

Box Packed By WMU For Orphans Home

A box of clothing and cookies was packed by the Baptist W.M.U. for Buckner's Orphans Home, Dallas, in a meeting Monday afternoon at the church. The box was declared to be the best sent from this church in several years. All articles of clothing were in good condition.

Valuation was set at \$119.50 for the used clothing, \$34.55 for new apparel and \$5.28 for cookies.

A program was given which included devotional by Mrs. Ed Cammack and a report by Mrs. J. L. Woodruff, on Baptist General Convention held last week at San Antonio.

CARD OF THANKS

We wish to take this means of expressing our most profound gratitude to neighbors and friends for the many acts of kindness, words of sympathy and the beautiful floral offerings tendered during the illness and death of our beloved father, W. B. Grant.

Mrs. E. M. Murrain
Mrs. Bertha Tingle
Mrs. C. E. Soderstrom
Charlie Grant.

Mrs. J. C. Green Jr. and baby, Jimmie, and Mrs. Hardy Berryman and young son, Buddy, returned home Tuesday of last week from Camp Gruber, Oklahoma, where they visited their husbands.

Tribune, Matador, Matley County, Texas, Thursday, November 23, 1944

The Tribune Goes To Press; Miehle Now In Operation

Perhaps you, gentle and patient reader, have noticed little change in your weekly copy of the Tribune for the past three issues. A newspaper is a piece of paper with some words printed on it. It is printed in a printshop, on a press. A simple procedure. That statement is accepted by everyone except printers and others associated with the production of the printed word.

For the past three issues the Tribune has been produced under distracting conditions. Two of the past issues have been printed in Floydada, through courtesy and understanding of neighbor Homer Steen, editor of the Floyd County Hesperian. Last week's Tribune was printed here on the pony Miehle press, which produced its first impression about midnight Wednesday night.

Behind the weeks of turmoil, worry and work, was an idea to provide the Tribune with better and more modern equipment. The Miehle press was purchased in Milwaukee, Wisconsin, during last May. The nine thousand pounds of dismantled machinery, shipped in boxes and crates, were stored in the Matador Auto building just north of the Leon Ice plant, because the Tribune did not have sufficient room for two newspaper presses. The big Babcock (10,000 pounds) had to be moved. The press was sold to the McCamey News three weeks ago and its removal required that the entire east window of the Tribune office and shop be taken out. The window has been restored now and something like order has been restored in the shop which produces this weekly newspaper.

The individual whose name appears under the masthead as editor of the Tribune, has spent two entire nights lying on his back, wallowing in the grease and grime beneath the Miehle. His hands are broken and torn in toll with using "cultivator wrenches" during the past three weeks. He is weary but grateful that the big task is almost completed. After the Miehle is adjusted, your weekly copy of the Tribune may be printed a little better.

The Tribune wishes to express profound appreciation to everyone who aided in any way during the days and nights of stress required in the removal of the Babcock press and the installation of the Miehle. Many volunteers and several compensated workers contributed to the work. In every instance there was complete cooperation and willingness; an attitude of partnership and responsibility, motivated by the obligation to get issues of the home paper to 400 Matley county men in uniform. The Tribune has no greater ambition and will never seek more renown than to be the people's paper; an institution of cooperative service.

Post Office Urges Early Shopping

Public response to the Post Office Department's "Shop Now! Mail In November" campaign is good but needs to be better, according to Postmaster General Frank C. Walker.

"Extraordinary wartime conditions face us," Mr. Walker said. "Unless more people buy and mail this month the Postal Service cannot do its job of delivering all Christmas gifts on time."

"It is not pleasing to us to have to ask the American people to mail packages so far in advance of the delivery date. We do so only because it has to be done. The job is a tremendous one, but we are confident that it will be done because we know from experience that given sound reasons Americans cooperate magnificently."

"Unprecedented shortages of man power and transportation facilities growing out of the war compel early mailing. The Postal Service has given 50,000 experienced employees to the armed forces and 200,000 railroad workers have gone to war. Equally serious is the fact that rail and other transport facilities are taxed to the limit with the great burden of war traffic which all of us know must take precedence."

"In a great number of our 43,000 post offices the man power situation is critical. The 200,000 extra workers whom we normally recruit to handle the swollen Christmas volume of mail were unable to work long hours of overtime and to do heavy work. This cannot be expected from the

women and high school boys and girls to whom in large part we must look this year to meet the situation.

"The way in which everyone responded in making it possible for us to handle a volume of 70,000,000 parcels for the armed forces overseas leaves no doubt in my mind that the November Christmas mailing will be equally successful. I ask for the help of the press, radio, business advertisers, civic groups and all Americans in making it possible for the Postal Service to do its work."

"We urge everyone to buy now, mail in November and mark gifts 'Do Not Open Until Christmas.'"

Everything For The Home, Farm and Ranch

Higginbotham-Bartlett Co.

LUMBER, BUILDING SUPPLIES AND HARDWARE

War forced closest attention to every motoring detail. And this fine habit of thoughtfulness has grown on car owners.

You'd only be testing human kindness by changing to a half-flat spare and setting out for the next air home. Where a forgetful man actually tries it, a good Samaritan generally drives up alongside, pointing a helpful warning. America has become as thoughtful as all that toward her indispensable cars. And of all the examples of car-care the greatest single one you can follow is to have your engine OIL-PLATED. In that way—by changing to Conoco Nth motor oil for Winter—by changing to this patented oil that OIL-PLATES—you'll give your engine's insides the nth degree of protection from acid corrosion.

All engine combustion creates corrosive acids. They're bad enough even when "exhaled" fairly well, but from now on they won't be! Fairy's extra-low mileage and cool operation mean acids at their worst. Patented Conoco Nth oil, however—thanks to costly pioneer research—brings the special ingredient whose magnet-like effect OIL-PLATES your engine's fine inner finish, to cope with corrosion. Attached as closely as protective chrome plating could be, the internal OIL-PLATING keeps up its steadiest possible hindrance to direct contact between acids and engine parts... Then down go the chances of corrosion, just as soon as you change to popular-priced Nth oil for Winter, at Your Mileage Merchant's Conoco station. Continental Oil Company
