

Matador Child is Victim of Accidental Shot

Artrude Bloodworth Elected City Secretary

Mystery Surrounds Manner in Which Gun Was Obtained

GRIM TRAGEDY stalked into the noonday tranquility of Matador shortly after Sunday church crowds had returned to their homes. David Lewis Damron, less than three years of age, son of Mr. and Mrs. D. L. (Dood) Damron, was found in a pool of blood by his mother, under a small cowshed at the rear of the Damron home on north Main street. A bullet from a 22 rifle had entered his left cheek, ranged through the left side of his throat and severed the jugular vein before escaping just above his left shoulder. The gun was found a few feet away.

He was rushed to Stanley Hospital Clinic and pronounced dead upon arrival. Manner in which the child obtained the gun is a mystery. Mr. Damron said he had placed it in the feed shed some time ago and the door was securely wired. However, a hole in the door was believed to have possibly permitted children entry. No shot was heard.

Mr. Damron was on a ladder inspecting the roof of his home. His brother-in-law, Jack Carter, Mr. Carter's wife and Mrs. Damron were in the house. Mr. Carter had previously punished his son, Lonnie, 5, for climbing on the ladder and he was under a tree in the back yard. Later he went in search of his small cousin, and returned to the house to announce that "David Lewis has got hurt."

Investigating the accident Sheriff John Stotts found part of the bullet which had struck a plank in the cowshed, about two feet from the ground. He said it was probable the child had been dragging the gun by the barrel, and fallen in such a manner as to cause a discharge.

The two families were about ready to begin their Sabbath noon meal when the child was found.

David Lewis Damron was born June 4, 1947 and died Sunday, April 2, 1950. Age 2 years, 9 months, 28 days.

Besides his parents he is survived by a twin sister, Mary Ann, and an older sister, Christina, 6. Also two grandfathers, Chris Damron and M. D. Carter, both of Matador.

Funeral services were held Monday at 2:30 p. m. at the Matador First Baptist church, by pastor, Rev. Clifford Potts. Pallbearers were T. F. Garnett, Jessie Smallwood of Matador; Dick Taylor and Walter Kelley of Quitaque and Intermont was held in Matador East Mound cemetery under the direction of McDonald Funeral home.

TRAIL DUST

By DOUGLAS MEADOR

Wagons of the wind rumbled through the dusty darkness, wearing cushioned ruts across the plains of night. Tempestuous hands tugged at the old tent's brown fabric and shook the dangling lantern's yellow flame. Shaking with fear the woman tightened the covers about her shoulders and held the sleeping child closer in her arms. She tried to close her eyes and sleep but the wind cried and shrieked with maddening laughter; the night was stilled in the quick-sands of time. The child whimpered and she touched the soft brow with her lips, feeling the strength and peace of love flow from her heart. The ridge-pole swayed and groaned; the canvas creaked and danced. New sounds seeped through the tent walls like sweat on a frightened face. She could hear chains but the wind swept the hopeful sound away. Again the chains returned and in their swift passing was the sound of a rumbling wagon. Rattling of the iron tugs was like soft music from an organ or vesper bells in a flowering valley. She pressed her lips again to the child's brow and waited. She must not admit having been afraid. Half of courage is concealing fears.

As a matter of scientific record investigations should conclude whether or not any flying saucers have been observed by bachelors, excepting those who employ temperamental cooks.

Retirement is that stage in a man's life when he can afford the luxury of doing nothing graciously and at the same time avoid the rebukes of his contemporaries. It is a polite term sifted out of the winnings of modern civilization.

Gone with the age of button shoes, buggy whips and Sen-Sen, is the timidity that liquor and tobacco odors might offend the squiring swain's sweet heart. Custom is society's behavior excused by its popularity.

Vagabond dream of my early youth was the acquisition of a new automobile and sufficient funds to drive all highways unfettered till they ended. Experience has till then ended. Experience has till then ended. Experience has till then ended.

CANCER CRUSADE QUOTA IS LIGHT

Motley county's quota for the 1950 Cancer Crusade is only \$324. The quota was announced last week in letters from Dr. D. M. Wiggins, President of the Technological college, and Dr. Clifford Jones, co-chairman of District 3 which embraces forty counties of West Texas, to Elmer Stearns executive vice-president of the First State bank of Matador, who has been requested to serve as county chairman.

The quota was based on population, retail sales and effective buying income, the letters declared, and reflect accurately the county's fair share of the state quota.

Mr. Stearns said no drive for funds will be made in the Matador Independent school district, which is the area supported by the Community Chest. "We will, of course, be glad to accept of funds from anyone," Mr. Stearns declared, "but no drive will be made in the area which supports the Community Chest, since the 1950 budget includes the provisions for the American Cancer Society (about 6¢ out of every dollar donated to the Community Chest) (continued on back page)

Simultaneous Revival Scheduled in County

Plans are in readiness for the Simultaneous Evangelistic Crusade of Southern Baptists in Motley county, it was announced this week by Rev. Clifford Potts, pastor of the First Baptist church of Matador.

The revival embraces 8,574 churches west of the Mississippi river and will start April 9th and continue through April 23.

The revival in Matador will be conducted by Dr. R. H. Falwell, director of religious activities, Wayland College, Plainview, and Rev. Potts will lead the singing.

Rev. Roy Clayton, Roaring Springs Baptist pastor, last night said his church would conduct but one week of the simultaneous revival, starting Sunday, April 16. He said the preaching would be conducted by Rev. O. C. Curtis of Perryton and that he (Rev. Clayton) would lead the singing. Miss Nella Mae Cass-tevens of Alvarado, will serve as pianist. Services will be held daily at 10 a. m. and 7:30 p. m.

A luncheon will be held Monday, April 10, for workers of the area, at Wayland college, Plainview, cafeteria, it was announced. No reports were available of plans of other Baptist churches in the county.

Spiritual Awakening C. Wade Freeman, superintendent of the department of evangelism, Baptist General Convention of Texas, Dallas, makes the following statement regarding the Simultaneous Crusade:

"Last week we looked at National conditions which have been used to break down the moral fiber of our citizenship. Today we would like to think of other conditions which have aggravated the moral breakdown. Drunkenness is no longer sin, it is merely a disease. Last is no longer a violation of moral law, it calls for the psychiatrist, and covetousness is no longer idolatry, it is business shrewdness. "Once a man stands face to face with the living Lord these falsehoods disappear. Things are seen in their true perspective. The Baptist churches of this county are seeking, in a united way, April 9-23, to call all of us to seek a fresh vision of God. All citizens who realize the value of a living moral thinking and living will be happy to join with these good folk in seeking a new vision of God."

Bosticks Return From South Dakota

Shaking the snows of South Dakota from their feet, Mr. and Mrs. Lewis Bostick, the former's father, Green Bostick and Hal Courtney, arrived in Texas Saturday night from Fort Pierre, and reached Matador Sunday morning around 11 o'clock.

The temperature once reached 33 degrees below zero and the snowfall was approximately 7 feet during the winter in Fort Pierre. For the past five months Lewis Bostick has been employed as foreman for the Barrick Cattle Company. When they touched foot to Texas soil again, the temperature was 80 degrees above zero and the sand approximately seven feet deep.

Accompanying his parents for his first taste of Texas sand was young Larry Lewis Bostick, six weeks old, who was born at St. Mary's Hospital at Fort Pierre on February 24, weight 7 pounds and 15 ounces. Mrs. Bostick is the former Mickey Roberts.

COME TO CHURCH SUNDAY

LIONS TO SPONSOR SERIES OF CITY CLEAN-UP DRIVES

A series of city clean-up drives are being sponsored by the Matador Lions Club, with the date of the first drive set for 7 a. m. Tuesday morning, April 11.

Responsibility of every citizen to take a part in the work is being left to the individual. It is hoped that every place of business in town will provide one or more "hands" to help give the city its first clean-up this season.

After the drive has been completed a committee of ten Lions will inspect all sections of the city. Negligent areas will be brought to the attention of those responsible in an effort to prevent the spread of diseases and to remove unsightly scenes.

Home-owners are asked to clean up their premises, placing trash and rubbish in containers in the alley for removal by the city clean-up truck.

State health authorities declare that the spread of polio in Texas is double the magnitude reached at this date last year.

Revival Attracts Large Attendance

Unusual evangelistic program being presented by Rev. and Mrs. Gerald E. Bonney at the Matador Methodist church, is attracting increasingly large crowds. The auditorium is frequently filled to capacity. Wide interest is reported in other phases of the revival conducted by the evangelists.

The revival which started March 29, will close Sunday.

Lions Impressed By Address

Music exerts a tremendous influence on human lives, according to Rev. Gerald E. Bonney of Boston, Mass., principal speaker at the regular, principal speaker of the Matador Lions held Tuesday in the basement of the Methodist church.

Rev. Bonney, accompanied by his wife and a ventriloquist's dummy, "Jerry", is conducting a spring revival meeting at the church, which opened March 29. The Bonney party represent a new field of evangelism which is extremely popular wherever presented.

Tracing the history of music from the savage jungle drums to present day, Rev. Bonney said: "It is a powerful influence. It is used in many factories to speed up production of workers. It is an inspiration to soldiers and it has a definite place in the church."

"There is danger in music, however," he declared, "and some present day swing music gets too hot." He stressed the vibrations resulting from song and instrument. "Music has a ministry", he declared.

Guests introduced, included Mrs. Virgil Skaggs, Mrs. Harold Allen, Rev. and Mrs. Bonney, Rev. T. M. Johns, Bill McDuff and Chet Braffardt.

Lion Melvin Meason was presented with a key membership. Total amount from the Lions Queen contest was announced as \$158, without adding the amount of fines collected by Tailtwister Raby Webb from members unfortunate enough to sponsor a winner. Lions sponsoring a winner in the contest were fined \$10 and \$7.50.

Announcement was made that the next meeting of the club will be held in the Matador school lunch room.

Temperature Is Up And Takes Tumble

Official temperature in Matador as in most of West Texas Monday cut some erratic dials. The mercury, clocked by City Water Superintendent Herman Stanfield, showed 93 degrees. It started falling before night, however, and before 8 o'clock Tuesday morning it had reached a crisp 30 degrees.

TO LUBBOCK MEET

County Judge and Ex-officio County Superintendent C. W. Giesecke, Jr. Tuesday night attended a meeting in Lubbock of county superintendents and grade school principals with State Commissioner of Education, J. W. Edgar, at the Lubbock hotel.

He was accompanied by Leo Purvis, superintendent and Ralph Trice, principal of the Roaring Springs schools.

Tradesday To Reopen

"Appreciation Day" weekly Saturday event sponsored by the Matador Lions Club and supported by local business firms, will be resumed Saturday, April 8th, at 4 p. m.

A new loud-speaker system has been purchased out of funds remaining when the tradesday event was discontinued in the late fall. A total of 26 participating firms will make weekly contributions to the fund. Dick Groves has been employed by the association of businessmen to collect, keep records and conduct the Saturday afternoon event.

Lion Forrest Campbell, chairman of the committee to reorganize the tradesday, said it is estimated that \$400 remains for a "starter."

The loud-speaker has been permanently placed on the Legion building and the events will be conducted at the same location each Saturday.

Firms participating, include City Bakery, Rogue Theatre, Household Supply Co., Spot Cash Grocery, Charlie's Grocery, Daniel Drug, Bishop Gro and Feed Store, Burton-Lingo, Higginbotham-Bartlett Co., Western Dry Goods Co., Harry Willett & Co., Commercial Grocery, Matador Hardware Co., Matador Variety, Campbell Chevrolet Co., Skaggs Grocery, Matador Auto Co., Freeman Thacker Butane Co., Ike's Grocery, Matador Butane Co., Jameson Machinery, Shorley's Cafe, Harris Grocery, Geneva's Cafe, Waybourns Cafe and one supporting firm, First State Bank.

Speedy Neighbors Likes Study Hall

On May 13, 1932 a little boy was born to Mr. and Mrs. J. P. Neighbors in the town of Matador. When he was six, Norman "Speedy" Neighbors started to school and had a good time all through the first and the successive years, getting at least one whipping a day, and sometimes more.

Then he entered high school as a green freshman. Because he was so little everybody liked to pick on him, and when the first day was over he went home with many knots on his head. Even though he was little he came out for football his freshman year, and has continued to

do so the following years. He showed up very well on the football team this year.

His pet like is swimming, pet dislike is school, his favorite sport is football, favorite class is study hall, he doesn't have a favorite teacher, and his favorite song is "Somewhere Over the Rainbow" by Homer and Jethroe. When school is out he plans to go to Montana. He does not plan to go to college.

If he had a perfect day he'd get up at 9 a. m. in Florida, eat his breakfast, then he would go to the beach and go swimming, go motor boat riding, and then get ready for lunch. He'd eat fried chicken, a salad, creamed potatoes, green beans, hot rolls and ice tea. Then he would take a nap, and upon awaking he would see a baseball game. He would return to his room and go to bed after an enjoyable day.

FOUR YEARS OF ENGLISH OR NOT?

In my case I am taking four years of English because I am figuring on going to College. If I had thought that I was going to work right after I graduated I would think that subjects like typing, bookkeeping, agriculture and mathematics would be better suited to fit the student's needs for a job around here.

Collins Howard Announces Candidacy For Seal Vacated By Eugene Worley

Collins Howard, former Childress County attorney and judge has announced his candidacy for United States representative from the 18th Congressional District in the May 8th special election.

Howard is a native of Texas, former machinist at the Fort Worth and Denver railroad shops in Childress and a veteran of World War Two. He has been a resident of the Panhandle district since childhood.

"In these critical times," Howard said, "I feel the nation needs men of mature judgement and with experience in public affairs in places of leadership."

"I believe my experience as a laborer, as an attorney and public official, and as an overseas veteran in the recent war, qualifies me to represent the people of this district in the United States Congress."

"I have no promises to make," Howard said, "but I will use my training, experience and ability to the best advantage possible in representing all of the people of the Panhandle district. I think preservation of the peace is the most vital question facing the world today, and, of course, I will do anything within my power to prevent another war. Equally important, I think, is maintenance of our democratic way of life. I shall always favor sane legislative action to protect that way of life from enemies, whether they are in this country or in foreign countries."

"I am opposed to all 'isms' except Americanism; and I do not favor nor am I supported by any group, clique or organization."

V. F. W., Motley County Memorial Post No. 6286, meets 1st Tuesday, 8 p. m. at the American Legion Hut, Matador, Texas. All eligible ex-service men are invited to attend.

Howard was born around the turn of the century in Goliad, Texas. His father, W. B. Howard was supt. of public schools in Amarillo in 1898. His uncle, Elbert Howard, homesteaded in Childress County in 1888, being one of the first settlers. Howard was educated in the Childress public schools, the Fort Worth and Denver Railway Shops, in the law offices of the lawyers of the 100th judicial district and in the Childress County Court-house.

Served four years as a machinist apprentice in the railway shops. In 1926 was promoted to shop foreman. Continued as such until the depression hit in 1932. Then began in earnest studying law in spare time in his father's and other law offices in the 100th judicial district.

Was admitted to the bar in 1935. In 1936 went to Pampa and went to work for Cabot Shops, Inc., as machine shop foreman. Stayed there for six months then announced for the office of county attorney of Childress County. Was elected for a two-year term and reelected for two more.

He then ran for county judge and was elected for a two year term and later re-elected for a second two year term. During the second term in 1942 volunteered for service.

"I sincerely ask the support of the voters of this district in this brief campaign."

Social Security Gives Aid When Breadwinner Dies

Many people think of social security as something to expect only when they get old, according to John G. Hutton, manager of the Lubbock social security office.

One of the most important features about this government insurance plan is the protection it affords the family in case the breadwinner dies. Where there are dependent children under 18 old-age and survivors insurance provides for monthly payments to the children and to the widow who is caring for them. The widow may be entitled to monthly benefits for life when she reaches 65. If there is no child or widow the worker's parents may qualify for monthly payments at 65 if they were dependent on him for their support. In some cases, there is one immediately qualified for any of the types of monthly payments and in such a case a lump-sum death payment may be made.

There are two important considerations in the payment of these benefits: first, the breadwinner must have worked under social security long enough to be insured; and second, a claim for the payments must be filed with the social security office. As a service to local residents,

a representative from the Lubbock social security office visits Matador regularly. This representative will be at the First State bank of Matador at 10:00 a. m. April 12, 1950.

Gene Worley Sends Appreciation To People Of District

To The People of the Eighteenth Congressional District:

I wish I could write each and every one of you an individual letter but since that is impossible, I am taking this means, through the kindness of the editor of your paper, to extend to you my thanks for your excellent cooperation and for the most generous support you have accorded me in the past.

For nearly ten years I have been honored by election as your Representative to the United States Congress. No one could be prouder of that honor than I am now and have always been. You have been more than generous to me through the years and I have done my dead-level best to make you a good Congressman. I hope I have succeeded.

You have no idea how really proud I am of the people in my District. I would not trade my own District for any in the United States. As I turn to new fields of endeavor, I will carry with me the recollections of my always pleasant associations with you. I wish for each and every one of you the very best of everything for all the years to come.

Sincerely,
Gene Worley.

FRIENDS SUPPORT PAMPA CANDIDATE FOR CONGRESS

PAMPA—Pampa and Gray county were getting set this week to give their fellow townsman an "all out" push in his race for congress.

He is Walter Rogers, former city attorney, district attorney for 2 terms and who has been an active leader in civic and community affairs during his 15 year's residence in Pampa.

First official event in the campaign is a barbecue in Pampa for Thursday afternoon at 5 o'clock with Sheriff Skinner Kyle as host and with peace officers of the district as special guests.

Pampa business men in a series of meetings have organized into a city-wide "Rogers for Congress" club, and plan a tour of the entire district on a campaign to "sell" the Pampa candidate as the best qualified entrant in the race.

Floydada, Texas

In groups of 4 to the car, the Pampa workers plan to visit every town and community in the district and pass out literature, distribute placards and tell the voters of the other counties about the Gray county candidate.

Mr. Rogers, who enjoys a large law practice, has arranged his affairs so that he can devote all of his time to the campaign. He plans a whirlwind trip over the district and will speak in all towns.

Stressing stability for agriculture, economy in government and the need for curtailing federal encroachment in local affairs, Mr. Rogers plans to outline his views to the voters of the area. He is opposed to federal aid to education, saying if Texas retains its lands it has no need for federal school aid, and is outspoken against socialized medicine. He believes that capital and labor should

settle their own disputes with the government in the role only of an arbiter.

In planning the kick-off barbecue, Sheriff Kyle said this event "is to be my treat." As a peace officer when Mr. Rogers was district attorney, Sheriff Kyle is an ardent admirer of the congressional candidate.

"I've seen him on the job, know what he can do", said the sheriff. "Only 3 acquittals during two terms as district attorney is something in my books; I want the other peace officers to know Walter Rogers. That's why I'm giving the barbecue as his campaign opening."

Mr. and Mrs. Rogers were married in 1936, shortly after he moved to Pampa from East Texas. They have 6 children, 3 of whom are in the Scouts. Mr. Rogers is 41 years old.

IN APPRECIATION

I wish to take this means of expressing my deep appreciation to friends and neighbors for their thoughtful cards, letters,

flowers and other tokens of friendship and concern during the period I was confined to my hospital bed. It is, indeed, comforting to have friends anytime, but especially when misfortune strikes. Again I thank everyone.
Kim Wilkinson.

HE BELIEVES

Walter Rogers believes future of our country depends upon the homes and small communities. Believes in home rule and home responsibility. Believes encroachments have been made upon individual rights which must be checked or rights will be lost to the people.
Believes a balanced economy must depend upon private competitive enterprise free of Government control except for adjustment of wrongs brought about by bad faith. Believes capital and labor should settle own disputes with government only in role as arbiter.
Believes economy of this region based primarily on agriculture, believes farmers of this section capable, sound-thinking Americans, favors stabilized farm economy but believes many features of farm program should be at option of the farmer and not at the whim or caprice of Bureaucrats. Problem can not be solved overnight, but is being solved and that farmer's suggestions and advice should be followed and used.
Pledges full assistance to Canadian Dam and all other water conservation projects in district, sees such projects as sound investment and essential to economy of district and also vital to national defense.
Believes federal aid to education is double taxation; believes if government will attend to own affairs, leave our tidelands alone and conduct itself in accordance with Constitution, Texas won't have to worry about federal aid to our schools.
Believes Civil Rights is a mis-nomer, is purely political and will not aid any of the peoples involved; if Constitution is followed there is no necessity for a Civil Rights program by Congress. Constitution provides that program fairly and honestly.
Believes the old people are not getting their just dues, too much of

the money set aside for them going into overhead costs, that they are entitled to more courtesy in their claims and requests.
Believes in soundness of depletion allowance for oil and gas business.
Believes that soft treatment of traitors should cease.
Believes in drastic reductions in government costs, abolition of overlapping bureaus, cleaning out of overstuffed departments, stream-lining red tape, demands full and fair day's work on part of every government employee, and courtesy to the taxpayers as they go along.
Believes in proper preparedness and defense of this country first; do the cutting where it will not weaken the strength of the nation.
Believes income taxes too high, that proper economy can bring about reductions.
Believes rights of Veterans to purchase land under Veterans bill should be immediately stream-lined, completely freed of red tape and all political favoritism should be abolished.
Summed up, Walter Rogers believes in our American way of life, is for efficiency and economy in government, and pledges the people of this district to work for these ideals.
He is widely-known and respected as an able and courageous lawyer and a conscientious and patriotic citizen.
He offers to the people of the district experience and training.
He is successful in his own profession.

Walter Rogers has as much at stake in the future of this country as any of the rest of us. Here is the Rogers family. Standing, left to right, are John, Walter and Tommy. Seated, left to right, are Mary Catherine, Mrs. Jean Rogers, Robert and Susan. "We're one family with never a dull moment," he tells friends.

Special Election . . .

(continued from page one)
The primary election are wholly different. The primary is a Democratic Party affair. The party names the judges, holds the election, counts the votes. The party pays the expenses, after getting the money from the Democratic candidates. The winner of the primary is merely the party's nominee for the general election in November. That's when the real election comes.

The special is more on the order of a general election. The counties pay for it. The counties appoint the election judges. The party has nothing official to do with it. Candidates file with the county judge in each of the 28 counties. There is no law on the books providing a deadline for filing in a special congressional election. But this must be reached in some manner, for each county must have time to get the ballots printed and distributed.

WILL YOUR ROOF LEAK?

There is only one time to repair a leaky roof and that is in advance of the rains. There is no time like the present to paint, repair and remodel your home and premises. If you are planning to build a new home let us provide you with an estimate.

"RELIABLE GINNERS"

We want to call the attention of the boys that are our Future Farmers of our land.

I have not had time to come and see all the calves that are being fed in our county.

It is the desire of our company to see that feed we sell does what it is supposed to do but if we do not know how your calves are doing then we do not know to come and see them or what to tell you.

We are always glad to come and look at your calves or cattle when they do not seem to look good are do not do as they should.

If we sell you cake and you loose money feeding you will stop feeding and we have no market for what we produce so it is very important that we see that you make money.

I had one party to change his ration on his calves and in only three days he told me he could see lots of changes.

We are proud of our customers and we are always willing to come and help you in any way we can.

The company pays me to help you and I am glad to do this and I am proud to work for someone that wants me to help my customers.

Yours Truly,
"Turn-Out JOE"
