

Spectre Of War Casting Shadow Over World

Matador Tribune

VOL. 56, NO. 15 MATADOR, MOTLEY COUNTY, TEXAS, THURSDAY, JUNE 29, 1950 PRICE FIVE CENTS

U. S. PLANES ROAR OVER SOUTH KOREA AGAINST INVADERS

A PATTERN of thought still familiar in the memory of most of the people of the world has returned to the news services and the lips of millions within the last few days. It is the spectre of war and its terrifying possible consequences.

American planes and warships went into action against the Communist invaders of South Korea Tuesday. Within hours after President Truman ordered a striking new American policy against further Communist aggression in Korea and all East Asia, General MacArthur in Tokyo declared tersely:

"The Far East air forces and naval elements of the Far East Command are conducting combat missions south of the 36 parallel of Korea in support of the Korean Republic.

"Ammunition and supplies are being air and water-lifted to Korea to aid the Korean forces."

A South Korean broadcast in the name of President Syngman Rhee said United States bombers and fighter planes were attacking North - Korean invaders in the field.

The United States asked Russia—widely accused of instigating and supporting the North Korean invaders—to use her influence to cause withdrawal of the Red forces from South Korea.

The United States thus took military action and gave the Soviet Union a face-saving chance to call off the fight.

Gets UN Support

President Truman's bold military plan to save South Korea and draw the line of Communism in East Asia won majority support Tuesday in United Nations Security Council. Seven countries lined up for it less than six minutes after the announcement from Washington that the US is putting ships and war planes into protective combat against Red invaders from North Korea.

First seven to endorse the new Truman policy were United States, Britain, France, China, Norway, Ecuador and Cuba.

CHILLS AND FEVER PLAGUE MARKETS

Stock and commodity markets had a bad case of chills and fever Tuesday. Prices swung widely in the heaviest trading in nearly 11 years under fast breakdown news from Washington, and the Korean war front. But at the close, extremes of both highs and lows were trimmed. Yesterday's reports showed a more even trend and a wide recovery from much of the previous day's stock market losses.

War in Korea broke a Senate-House deadlock over draft extension and propelled a broadened extension through the House. The Senate, moving almost as fast, approved the measure Wednesday. The House voted 315 to 4 as it heard reports that US airmen under White House orders to halt Communist aggression, already were bombing tanks of the forces which invaded South Korea from the North.

Local Interest Great

War has been the subject of many conversations here during the past three days but there is no alarm, President Truman's new policy has met with the approval of the people. Many believe the United States and Russia must eventually fight and that this country might have an advantage through earlier conflict. Opinion of the man on the street in Matador indicates his hope for peace, but if war is inevitable "the sooner the better."

On the other hand many observers believe we may be nearer peace while at war in the new conflict than before.

BENEFIT DANCE DATE CHANGED

Old Settlers benefit dance scheduled for Friday night (June 30) has been changed until this night of July 4th in order to avoid conflict with the Dickens County Old Settlers meeting, it was announced this week.

Proceeds of the dance will be used in defraying cost of installing new lights for the rodeo arena. The lights have been installed during the past week and it is declared the organization now has one of the best lighted rodeo arenas in West Texas.

Music for the July 4th dance will be by the Stamford "Rhythm Makers". Dancing will start at 9 p. m. at the Roaring Springs Pioneer Pavilion.

Break In Rainfall At Dawn

What appears as a break in night conditions in the county resulted from 1.01 inches of rain about dawn this morning.

Thunder showers started last night with little more than a trace of rain. Lightning caused several slight interruptions in power service slightly before daylight.

Rain that started after 4 a. m. was accompanied by strong winds but no reports of damage have been received. Records of the Murrell Furniture Co. show a rainfall in Matador of 1.01 inches since January first. Jan. was 37-inch, Feb. 1.05, March none, May 3.09 and June 2.05 including today's 1.01 inch.

Skies are still overcast, temperature has dropped and prospects for more rain are favorable.

Murrell Furniture Schedules Party

If you don't know about the Murrell Furniture Co., opening in the Jackson building at the southwest corner of the square, chances are that you will be there tomorrow night. In true Murrell fashion, the owner, Joe Murrell, the owner of the "Boys of the Golden State" orchestra of Plainview is planning a "get-acquainted party" at the store. Top billing on the menu of entertainment is music by the "Boys of the Golden State" orchestra of Plainview.

Joe Murrell (who says he dyes his hair grey for distinction) is expected to make a few remarks after his loud-speaker system. Official opening of the store is Sunday morning.

Two free gift pools will be held for registration at the Friday night get-acquainted party. The store will give five \$50 credit certificates (not more than one to apply on a single purchase) to five visitors. The \$50 credit may be applied on any refrigerator, living room suite, bed-room suite, dining room suite or kitchen range in stock. Children are not forgotten. Tea Para-Cycles, four-wheel rubber-tired hand carts are to be given away. Registration will be Friday night and announcement of winners will be made at 2 p. m. Saturday. Winners must be present to receive gifts.

Mr. Murrell said his entire Plainview organization will be at hand Friday night for the "get-acquainted" party.

Clearance Sale Attracts Crowd

Clearance sale at Gabriel's Department store (formerly Western Dry Goods Company) attracted a large crowd of shoppers this morning when the doors opened at 9 o'clock.

And no wonder. Two pairs of nylon hose sold for \$1 between the hours of nine and ten. Mens' dress, work or sport shirts went for \$1. The sale will continue through July 8th, George Gabriel, the new owner of the store, announced.

"We have plans for complete remodeling of the store," Mr. Gabriel declared, "and we must move the present stock of merchandise. We feel that the customers in this area should have the advantage of unusually low prices we are offering. We want to build good will in this area and we want to sell the best merchandise possible at the lowest possible prices. Nothing is reserved in this sale and we have been unable to list but a few of our many bargains in our advertising."

METHODIST YOUTH CHOIR SINGS AT FLOYDADA CHURCH

Methodist Youth Choir, directed by Mrs. G. E. Hamilton and Mrs. Frank Pohl, sang at the Methodist Church, Floydada last Sunday night, and will present the evening service in song at the Methodist church at Flomot, Sunday night, July 2.

Mrs. Albert Traweck, Mr. and Mrs. Nelson McMahon, Mrs. Frank Pohl, Mr. and Mrs. Varner McWilliams and Mrs. G. E. Hamilton accompanied the following young people to Floydada: Carolyn Pohl, Frances McMahon, Ruth Marie Stanley, Jimmy Graham, Frances, Dorothy and Frank Traweck, Rich and Hamilton, Charles Keith, Gail and Glynda McWilliams, W. E. Russell, Calvin Moore, Patti Pipkin, Joanne Darsey, Charlotte Campbell, Patricia Smelser, Betty Neighbors and Billy Mack Phillips.

LONG-TIME RESIDENTS MOVE TO CROSBYTON

Mr. and Mrs. Vernon Doss left Friday for Crosbyton, where they will make their future home, after a residence here of twenty-four years, during which time they were associated with the Matador school system, with the exception of a few years when Mr. Doss was engaged in the grocery business. Mr. Doss is now County Supervisor of Elementary school work in Crosby county. Their many friends and associates here in school and church circles regret to lose them from this community.

TO LUBBOCK

D. S. Pruitt visited in Lubbock Tuesday at the bedside of a son, Lloyd, who is a patient in a hospital there. He returned home Wednesday.

RELATIVES VISIT

Sunday visitors in the home of Liberal Green, Sr. were Mr. and Mrs. J. C. Green, Sr. and Mrs. Earl Green and son, and Mrs. Earl Green, also Mrs. Bennett of Amarillo; also Mrs. Green's sister, Mrs. Funderburgh and Mrs. Sherry and Johnny children. Bill Slover and two brothers and children of White Star and Flomot, joined them for a short visit. Elwanda Green accompanied her cousin, Sherry Funderburgh, home for a two weeks visit at Breckenridge.

EARLY-DAY RESIDENT VISITS FRIENDS HERE

Frank Greer of Roosevelt, Ariz., early-day Matador cowboy who worked for the late Henry H. Campbell, was here this week visiting friends as he was enroute to Stamford to attend the Texas Cowboy Reunion. A number of local residents are making plans to attend the reunion which opens Saturday, July 1, and continues through the 4th.

Cars Meet In Roaring Springs Latin-American Killed In Street Altercation

Two cars driven by Latin-Americans met in the center of Roaring Springs business section during the first hours of Sunday morning and a few moments later Lorenzo Casnes Santos, 22, of Afton was mortally wounded.

Mike Salas, another Latin-American of near Roaring Springs, surrendered to Sheriff John Stotts about 4 a. m. Sunday morning, charged with murder. He was later released on \$2,000 bond.

The shooting was about 2 a. m. Sheriff Stotts declared Santos was brought to the Stanley Clinic Hospital here and died at 3:15 a. m.

Attendees at McDonald Funeral home here, where the body was taken, said death of Santos was due to a single shot which entered the man's back and ranged up through his body and out his throat.

Sheriff Stotts said the weapon believed used in the shooting was a 32-20 caliber pistol. He said Salas told him the shooting had occurred when Santos allegedly drew a knife. Santos was believed to have been shot as he was stepping out of the car. Sheriff Stotts said he found a knife inside the automobile.

No details which might have led to the altercation have been revealed. Salas has been employed on the Ollie Scott farm near Roaring Springs for a number of years.

TWO-DAY CLOSING IS NOT CITYWIDE

Plan started early this week to close Matador business places both Monday and Tuesday did not meet with unanimous approval of all firms contacted. July 4th closing, however, will be observed by all business places with the possible exception of filling stations, cafes and drug stores.

Original idea of the Monday closing was to provide employees and employers with a three day holiday (Sunday, Monday and Tuesday). Since the idea met with some opposition, it was dropped before complete survey of business places had been made. Several firms have declared they will be closed both Monday and Tuesday.

Placards have been printed and are in the windows of firms which plan to observe both the 3rd and 4th.

Rites Held For James Smallwood

Funeral services for James Albert Smallwood, 7-year old son of Mr. and Mrs. G. F. Smallwood of Glenn, Texas were held Friday afternoon, June 23 at the Methodist Church, Roaring Springs, by Rev. Bob Jameson of Matador, and Rev. E. J. Keith pastor of the Baptist Church at Afton.

Pallbearers were: Leo Purvis, Ralph Trice, Dan McKay and Ralph Marshall. Honorary pallbearers were playmates of the small boy. They were: Bobby Stafford, Freddie Cargile, S. J. Braselton, Jr., Jimmy Legg, Roy Warren and Ronald Dean Warren. Mrs. Jessie Lee Lancaster and Mrs. S. J. Braselton, with sixth grade girls, had charge of the floral offering.

Interment was made in Matador East Mound cemetery under direction of McDonald Funeral Home.

Injuries received when the child fell from a moving automobile last Wednesday, resulted in his death early Thursday morning.

Besides his parents he is survived by two brothers and two sisters, Gerald, Patsy Lou, Sharlene and Bobby Mack, all of Glenn, Texas and one grandparent, J. O. Carlson of Oxnard, California.

CHILDRESS TO BE NEXT HOST CITY FOR LEGION PARTY

Children's delegation attending the American Legion party here Friday night extended an invitation to members of posts in the Seventh Zone to hold the next meeting in their city. An invitation was also extended by the Memphis delegation but a vote of the members awarded the honors to Childress.

Approximately 50 members and visitors from Afton, Turkey, Paducah, Memphis and Childress were registered. Excellent barbecue supper awaited guests following registration. Following the short business session the meeting was "open" to games dancing and visiting.

Date for the next zone meeting was not announced except that it will probably be held late next month.

New Closing Hour To Start Saturday

New Saturday noon closing hour announced last week by the First State bank will go into effect July 1. Elmer Stearns, executive vice-president of the bank urges customers to be reminded of the new business closing hour in order that no inconvenience will result.

Banks throughout this area of West Texas have been observing the Saturday noon closing for an extended period of time.

Further announcement was made by officials that the bank would remain open Monday, July 3 but would observe the July 4th holiday on Tuesday.

JOINS PARENTS HERE

Gordon Anders, 7, has joined his parents, Mr. and Mrs. D. G. Anders to make his home here. He was accompanied here recently by Mrs. Anders' mother, Mrs. G. L. Wells and son, Douglas, of McComb, Miss.

MOTLEY PIONEER CALLED BY DEATH

Mrs. Kate Timmons, resident of Motley county the past 49 years, died here Monday at Traweck Hospital, after an illness of three and a half months.

Funeral services were held Tuesday afternoon at 4 o'clock at the Northfield school house, to accommodate the large crowd of friends and relatives who assembled to pay last respects to "Grandma" Timmons as she was affectionately known in that community. Rev. Marvin Brotherton, pastor of the Methodist Church, Matador, conducted the rites, and pallbearers were: H. B. McCoy, Ebb Thomas, Nolan Thomas, Tom Moore, Ira Berry, and Allen Thomas.

McDonald Funeral Home, Matador, was in charge of funeral arrangements, which included interment in the Northfield cemetery.

Was Native Texan

Mrs. Timmons was born in Wise County, March 2, 1872 and passed away at Matador, Texas, June 26, 1950, at the age of 78 years, 3 months, and 24 days. She was married to James F. Timmons in 1891 at Decatur, Texas and they made their first home in Baylor county. Moving to Motley county in 1904, they had made their home in the Northfield community since that time. To this union were born eleven children, all of whom survive and were present at the funeral. Mr. Timmons preceded his wife in death in 1941.

Mrs. Timmons was converted and joined the Methodist church at the age of 19.

Her surviving children are: Mrs. Alvord Monk of Melrose, N. M.; Mrs. Harley Ware of Albuquerque, N. M.; Mrs. Henry Pope and Edridge Timmons of Matador; Lawrence Timmons of Coo Vee; Mrs. Bob Elliott, Newell Grady, Walter, Leland and Weldon Timmons, all of Northfield. She is also survived by 23 grandchildren, 1 great-grandchild, and two half-sisters.

Veterans Reach Fund Agreement

AMICABLE agreement for the disposal of the \$16,000 veterans memorial fund "held in trust" by the Fleming Post American Legion was reached Thursday night after extended session of discussions. Approximately 40 veterans of both World Wars and a few donors to the fund attended the open meeting held in the Legion Hall.

Stormy arguments ensued at intervals as different plans for spending the fund were advanced. A movement to augment the fund with another drive to construct a memorial building met with but slight support. Veterans of Foreign Wars were almost unanimous in support of a plan to divide the money evenly between the American Legion and the VFW. Placed to a vote by chairman Howard Traweck, the motion carried approximately 21 to seven. Amendment to the motion urged that the money be used to construct new or improve present buildings which would follow original plan for which the money was contributed.

During discussions Tribune files of November 1944 were read in which purpose of the fund was reported as "a memorial for our returned servicemen as a tribute for their services during the war . . . to be placed in U. S. bonds and held in trust by the American Legion until the end of the war."

A motion was made that the commanders of the two veterans organizations, M. S. Patton of the American Legion and L. M. Cox of the VFW, with Howard Traweck compose a committee to cash the bonds and divide the proceeds. Since Commander Patton is now vacationing in Mexico City, action was deferred until his return.

Two Generations

One spokesman declared "the two veterans organizations represent two different generations and it is impossible for them to agree on the kind of building they want or the purpose for which they would use it. I am in favor of the fund being divided evenly."

It was pointed out that the fund had been collected to build a memorial building for returned servicemen and that since every man in the county was eligible to belong to one or both of the organizations, he would receive benefit as intended.

The Motley County Memorial Chapter of Veterans of Foreign Wars is at present completing an attractive building immediately adjacent to the city park. Members declared that original plans of the building would probably be enlarged.

No immediate plans of the American Legion have been announced although some members declared the present Legion building would probably be improved with a portion of the funds.

100F Lodge Plans Memorial Services

Plans for a memorial service are being made by the Matador I. O. F. lodge for Sunday, July 9th, it was announced this week. The services will start at 4 p. m. and at the conclusion of the program, markers will be placed at the graves of deceased members of the lodge in Matador East Mound cemetery.

R. H. Bearden will be master of ceremonies, Randall Whitworth will lead the song services, scripture reading will be by W. B. Wason and Rev. Berry Watson will conduct the prayer. Singing will be conducted by a Floydada quartet. Judge J. E. Daniel of Floydada will deliver the memorial address and benediction will be spoken by V. A. Rattan.

Baptists Encamp At Blanco For Events

A camp for junior boys, ages 9 to 12, was held this week from Monday until Wednesday at the Plains Baptist assembly camp in Blanco Canyon, for district nine which was attended by approximately one thousand boys and camp leaders.

Matador Baptist Church was represented by one junior boy, Charles Renfro, who was accompanied by Dick Groves as leader.

Tuesday, a group of women from here assisted with serving the noon meal at the camp. They were: Mesdames Bess Patton, J. L. Woodruff, Loyd Latimer, Ben Keltz and Tom Newman.

Camp for intermediate boys, ages thirteen to seventeen opened Wednesday, to continue until Friday noon. General camp for the entire family, will be held July 3, 4, and 5, to be followed the second week in July by an camp for girls. Camp for Mexicans in this district will be held later in the month.

Programs include religious instruction and recreational periods, with swimming as the principal feature.

TO Y. M. C. A. CAMP

Neal Pipkin left last week for Duncan, Okla., where he visited Mack Davis and accompanied him to Camp Classon, Okla., for a two week's Y. M. C. A. encampment.

City Park Is Lighted

Installation work was completed last week to provide Matador city park with a modern lighting system. Construction was done by West Texas Utilities Company crew. The new lighting makes available for night use the children's wading pool, picnic tables and barbecue pit. Playground equipment ordered by the Matador Lions club will also be available for evening use with the lighting system.

Citizens are invited to use the city park for picnics and other outings. The wading pool available Wednesday, Saturdays and Sundays is enjoying an increasing popularity with the youngsters (10 years and under).

In advancement of civic pride everyone is asked to remove trash and litter resulting from picnics since the park has no regular custodian.

Lighting of the park is a joint project of the Matador Garden Club, Matador Lions and V. F. W. The lights are a part of the street lighting system and burn all night.

CHILDRESS TO BE NEXT HOST CITY FOR LEGION PARTY

Children's delegation attending the American Legion party here Friday night extended an invitation to members of posts in the Seventh Zone to hold the next meeting in their city. An invitation was also extended by the Memphis delegation but a vote of the members awarded the honors to Childress.

Week-end visitors in the home of Mr. and Mrs. Joe Gaines were her two grandsons, Stanley Dan Level of Canyon and Newell Level, jr., his wife and son, Jimmy of Fort Worth.

Morris Supporters Are Staging Free Rodeo At Paducah

Central West Texas supporters of Senator G. C. Morris of Greenville (Hunt County) are planning a rousing and typical send-off for their candidate for lieutenant governor. On the evening of Friday, June 30, at 8 p. m. in the Rodeo Arena in Paducah, Texas, they will give a big free rodeo show at which Senator Morris will be the guest of honor and the principal speaker.

Program for the evening has been worked out by a committee representing the Central West Texas region, and a rally attended by several thousand people is being projected. Col. Byron Shotts of Paducah will preside, and Hon. Claude Calloway of Crowell will present the speaker.

Senator Morris has been known in Central West Texas for many years as the man in the Texas senate who guided, with success, such important measures as the rural road construction bill, the rural school aid bill, and the well-balanced tax measures now in use in Texas. He has been the consistent opponent of the retail sales tax movement, and is widely credited with keeping it out of the Texas law books for the past ten years. He has also served with distinction as lieutenant governor, and is now asking for his first elective term to that important office.

The free rodeo show, with which his friends will greet Senator Morris is well worthy to represent the area. Sammy Baugh of Rotan, probably the best known athlete Texas ever gave the nation, will join Harold Felts of Paducah (who is a crack amateur roper) in contesting Fred Albright of Knox City and Nolan Pitcock of Asperment in a team match, the latter pair to represent the professionals. The match roping will be known as the "amateurs versus the pros," and each team

will rope eight calves. They will go for a cash prize of \$200, so the match will be hotly contested. Pitcock and Albright are widely known RCA ropers.

Another spectacular event will see Steeldust's Little Sister, one of the champion reining mares of the United States, contest an opponent in a reining match. Little Sister will be ridden by Fred Albright.

Farm Program News

Gene D. Frisbie, Secretary

Gene D. Frisbie, Secretary of the local PMA office has announced that farmers who want a "new growers" wheat allotment for 1951 must file an application by June 26, 1950. Producers who raised wheat in 1948, 1949, or 1950 are not eligible for new growers allotment. Producers who had a wheat allotment of 5 acres or less this year must also make a request for an allotment for next year. These producers will not receive an allotment unless they make the request by June 26. Mr. Frisbie states that wheat mixtures for 1951 will not be allowed.

In connection with the cotton program, Mr. Frisbie said meas-

uring of acreage will begin about June 26. It is requested that the farmer or his representative be on hand to show the reporter his crops and to sign the forms in connection with the acreages. Full cooperation of producers will be appreciated. The acreages of all crops other than cotton and peanuts may be estimated. Wheat, of course, has already been measured. Producers who have overplanted their cotton allotment have the privilege of destroying the excess acreage. Acreage destroyed must be reported to the PMA office within 15 days, and the remaining acreage will again be measured. There is a charge of \$2.00 per farm or \$1.00 per plot of cotton, which ever is greater, to check the acreage after the excess cotton has been destroyed. Producers who think their acreage has been measured incorrectly may request the office to remeasure. There is a charge of \$5.00 for remeasuring at the request of the farmer. Mr. Frisbie stated that it now appears that cotton acreages will be reduced next year.

Plans for the 1951 conservation program are now being made, and it is hoped that the program will be in operation by October 1, 1950. The county

Tribune, Matador, Motley County, Texas, Thursday, June 22, 1950

committee has recommended several new practices for Motley County, which have not yet been approved by the State Committee. It is believed that some of the practices that have been carried out in past years will not be approved for the 1951 program.

Altavene Clark Announces Stand Regarding "Deals"

AMARILLO (Special)—Altavene Clark, who led the field of Democratic candidates for Congress to represent the 18th Congressional district in the May 6 special election, has announced her emphatic opposition to many of the so-called "deals" of the present administration.

"I am as strongly opposed to P. E. C. as anyone could be," Mrs. Clark declared. "I am equally opposed to federal ownership of the state tidelands."

"In the case of the Texas tidelands, I firmly believe the republic of Texas had every right to believe its lands and its tidelands would not be violated by the union when the Lone Star State agreed to annexation. I shall fight for state rights to the limit of my ability and against any form of centralized government in Washington which will, in any manner, take away the rights of individual states. Our constitution guarantees state rights and individual freedom and I shall never believe that any so-called "deals" are as good as the old-fashioned Jeffersonian Democracy."

Mrs. Clark is on leave of absence, without pay, from her Washington position of executive officer of the House Agricultural committee. She has served 17 years in the 18th Congressional District Congressman's office during the terms of Marvin Jones and Eugene Worley. "I feel," Mrs. Clark added, "Those years of experience qualify my seeking the office of representing the Panhandle."

Mrs. Clark also said, "For the past 18 years I have watched Congress lose prestige to the executive department. I have watched the Supreme Court lose prestige in becoming closer allied with political factions rather than maintaining its judicial purpose of protecting people's rights. That's why I want to go to Congress to represent the 18th Congressional District."

"I have read letters from the

district, met with district committee groups, studied the desires of cities, communities and individuals and have wanted to work as congressman to realize those desires. I believe I'm better qualified to make those hopes come true through these years of experience. I believe the ambitions of the 18th Congressional District, individually and collectively, comes first and above any party clique, swap outs, or tradition. I promise my fullest cooperation, knowledge, acquaintances and experience toward such representation of my district," Mrs. Clark declared.

Death Rate From Diabetes Is High

AUSTIN, June 19 — Death rates from diabetes is three times as high in diabetes whose condition was not discovered until after complications developed than for patients whose illness was recognized and brought under treatment before advanced symptoms appeared.

Based on recently completed national studies, this was revealed Thursday by State Health Officer Geo. W. Cox.

"Diabetes has not always been a public health problem," the health officer declared. "It became one when we found that the death rate is much greater when the condition is discovered late."

"Public education makes for lower diabetes death rates, and public education in such matters

is a health department job," Dr. Cox told this story about diabetes.

It used to be that many diabetic patients sought treatment only after having developed serious complications. A considerable number of all diabetics examined at autopsy showed active pulmonary tuberculosis.

The discovery of insulin gave physicians a specific treatment for prolonging patients' lives, even before it was entirely clear what the disease was and what its effects were. Thus, event after event took place with insulin therapy, eventually leading to the realization that early discovery means longer life.

"Diabetes mellitus" — called sugar diabetes by some people — is a condition in which the body cannot properly process the sugar it needs. The result is chronic thirst, hunger, and weakness. Eventually, without insulin, the patient will literally starve to death. Insulin injections will correct the faulty body processes.

"In 1949, there were 739 diabetes deaths in Texas," Dr. Cox said. "By comparison, that same year there were only 189 polio deaths."

"It's the family physician who is in the best position to discover diabetes or a pre-diabetic condition. That's just one more point in favor of regular medical check-ups," the doctor concluded.

From where I sit... by Joe Marsh

Maybe This'll Wake Us Up!

Because a couple of thoughtless drivers threw a newspaper out of their car yesterday, Miss Gilbert, our school principal, nearly had a bad accident.

She was following them on the highway and the paper flattened over her windshield, so she couldn't see. In a minute her little coupe was across the line—right in the path of an oncoming trailer-truck. It missed... but only just!

The parties were recognized and soon as I heard about it I ran over to Sheriff Harper—demanded they be brought up on charges. But

Harper says: "Hold on, Joe. Let's talk this out, over supper and a glass of beer at Andy's."

He pointed out that those weren't criminals. Just careless. But a lot of us seem to be getting these days, judging from the trash we see along roadsides. From when I sit, this near accident may be the lesson we need to make us stop littering our roads—and start showing a little tolerant consideration for our neighbors!

ANOTHER STRIKE

AGAINST THE PUBLIC AND INDUSTRY AND AGRICULTURE SERVED BY FIVE WESTERN RAILROADS

President Truman's EMERGENCY BOARD recommends a 40-hour week and a pay increase of 18 cents an hour, or \$1.44 a day for switchmen represented by the Switchmen's Union of North America.

• Notwithstanding the tremendous increase in their expenses involved, the

Railroads' answer to Board is... **YES!**

Union leaders' answer to Board is... **NO!**

In face of Board findings to the contrary, union leaders insist on 48 hours pay for 40 hours work. This would be an average increase of 31 cents an hour, or \$2.48 a day. So Union leaders have called a completely unjustified strike on 5 Western railroads, effective June 25.

On June 15, an Emergency Board appointed by President Truman under the terms of the Railway Labor Act recommended the railroads grant switchmen a 40-hour week and a wage increase of 18 cents an hour, or \$1.44 for an 8-hour day.

Despite the added financial burden involved, the railroads are ready to accept those recommendations, as they have always accepted Emergency Board recommendations on national issues.

But the leaders of the Switchmen's Union refuse to accept! They demand an average increase of 31 CENTS AN HOUR OR \$2.48 A DAY—although their present earnings are substantially higher than those of workers in other industries!

Board Says Demands Unjustified
In its report, the Board declared this demand unjustified by all the evidence presented. It also pointed out that it would give the switchmen an unfair pay advantage over other groups of railroad employees, and would add too great a burden to railroad costs.

Here is another case of a railroad union flouting the findings of an Emergency Board—another case of calling a crippling

strike in an outrageous and reckless attempt to force demands which the Board clearly labels as unjustified!

Leaders of the Switchmen's Union are calling this strike in defiance of the Board—in defiance of the facts—and at the expense of the public!

In its report on this case, the Board made this statement:

"The railroad industry, the Board believes, needs above all else a period of relative stability to adjust and adapt itself to present competitive post-war conditions."

Despite this warning, the leaders of the Switchmen's Union are upsetting the apple-cart—forcing a completely unjustified strike against everybody who uses the railroads.

FIVE WESTERN RAILROADS AFFECTED BY THE JUNE 25 STRIKE

The five railroads affected by this strike, which goes into effect at 6:07 A. M. local time, Sunday, June 25, 1950, are:

- Chicago Great Western Railway Company
- Chicago, Rock Island & Pacific Railroad Company
- The Denver & Rio Grande Western Railroad Company
- Great Northern Railway Company
- The Western Pacific Railroad Company

It is time to put an end to such un-American tactics!

The Answer to a Raw Attempt At Dictatorship is "NO!"

In the interest of the public who depend on the railroads every day, there can be only one answer to this outrageous and dictatorial action by the leaders of the Switchmen's Union. And that answer is—"NO!"

We are publishing this and other advertisements to talk to you at first hand about matters which are important to everybody.

Home Demonstration NOTES

By Mary S. Deeb

Motley County Home Demonstration clubs plan to have a county-wide picnic for the families of the T. H. D. A. clubs on Friday, July 7, at 7:00 p. m. at the Matador city park, down the hill from the Methodist church. At that time they plan to build a barbecue pit, so every member is urged to come dressed to work, and to bring a trowel.

Each member will need a picnic supper for her family, but drinks will be sold by the 4-H girls to help finance their trip to the Dallas Fair next year.

Make your plans now to come and bring your family, for it does us all good to get out together.

Editors Feled At Press Convention

(delayed)

The Welcome Mat was out for editors and publishers who gathered at Fort Worth during the past week-end to attend the 71st annual convention of Texas Press Association.

In addition to hearing outstanding speakers from over the nation, including columnist John Henry (Cosmopolitan's Main Street), the visitors were also accorded royal entertainment.

Swift and Company were hosts Friday at luncheon, serving thick, tender steak with trimmings, followed by a tour of the plant, and Friday night the group were guests of Amon G. Carter at his Shady Oaks farm for a barbecue supper.

Lunch Saturday and a tour of the assembly building where B-36 bombers are rolled down the assembly line at the rate of

one each week, was a courtesy of Consolidated Vulree Aircraft Corporation.

Clayton Rand, renowned author-humorist of Gulfport, Miss., was speaker at the closing banquet Saturday night in the crystal ballroom of Texas Hotel.

Tribune editors, Mr. and Mrs. Douglas Meador attended the convention.

Former Flomot Boy Writes From Alaska

A card was received last week by Editor Meador, from R. L. (Charlie) Brown, formerly of Flomot, who has been in Alaska the past two and a half years in the position of locomotive fireman on Alaska R. R. Department of Interior.

He writes, "... you won't remember me, but B. F. Tunnell will. (Matador High '35) ... send me a Tribune and I'll answer some questions on Alaska ... could write books about this beautiful country! (Moose, caribou, bears). Temperature to-

day (June 13) 60 degrees below 34 degrees below, Clouds."

For the benefit of friends who might wish to write Charlie, address is: general delivery, Spenard, Alaska, via Anchorage.

ATTEND RECITAL

Among those attending the recital of music pupils of Mrs. E. Hamilton in her home Tuesday of last week, were the following from out-of-town: Mrs. Jack Nichols of Odessa, Mrs. Harold Bentley of Plainview, Mrs. J. Dickens and daughter, Sharon, of Roaring Springs.

HOME FROM TRIP

Mr. and Mrs. W. A. Nelson, David of Lubbock, accompanied by their sons, Tresa McDonough of Matador, returned home Thursday from a trip which included visits to Stillwater, Okla., Lake Tawakoni, Missouri and points in Kansas.

How many can you identify? (Your pharmacist uses them every day)

Pictured above is some of the equipment your pharmacist uses to compound the prescriptions your doctor writes.

- ①—Pill die. Used for a variety of purposes, including the mixing of ointments and dividing of powders, as well as for rolling and shaping of pills.
- ②—Prescription balance. Used in weighing prescription ingredients, usually solids. So sensitive it can weigh one five-thousandth of an ounce.
- ③—Filter paper and funnel. Used to separate or filter out undissolved particles from liquids; eye drops, for example.
- ④—Mortar and pestle. Used for mixing and grinding operations to insure uniform and even distribution.
- ⑤—Water bath. Used like a double-boiler to heat mixtures, to melt ointment bases, or to maintain liquids at desired "below-boiling-point" temperatures, up to 100 degrees Centigrade (212 degrees Fahrenheit).
- ⑥—Conical graduate. Used to measure liquids accurately. Some of the smaller graduates measure quantities as little as a twentieth of a teaspoonful.

Ability to use specialized equipment with scientific skill reflects but a part of your pharmacist's training, gained in college laboratories and in actual practice. Qualified by law to engage in the practice of his profession, he has an intimate knowledge of thousands of different drugs—their dosage, usage, and properties.
