

## Servicemen Are Returning Daily

### FIGHTS JAPS

Motley County service men are arriving home daily from overseas duty, most of them coming from the European theatre to spend furloughs at home before going on to the Pacific combat zones.

Three members of the famous 86th "Black Hawk" Division, reached here Sunday and expect to re-train at Camp Gruber, Oklahoma, at the conclusion of their visits. These are, Pfc. J. D. Payne, son of Mrs. Ethel Payne, Pvt. Herman W. Ellithorp, son of W. E. Ellithorp, and husband of Mrs. Ruby Ellithorp, and S/Sgt. Milton A. (Buck) Dillahunt, former Matador resident, nephew of Mr. and Mrs. A. D. Beauchamp, who were overseas four months.

Pfc. Joe Campbell, who was wounded in action, hospitalized in England, and recently returned to the states, is also visiting his mother, Mrs. Joe Campbell, coming here from Okmulgee, Oklahoma, where he was sent for further treatment.

Pvt. Walton C. Moore, who has been stationed in the Central Pacific for the past 14 months, has returned to the states and is at Camp Beal, California, his parents, Mr. and Mrs. Calvin H. Moore of Whiteflat have been advised.

**LEYTE VETERAN ENROUTE**

Mr. and Mrs. H. C. Duncan received a wire from their son, T/5 H. D. Duncan, last week, from Camp Patrick, Va., advising that he would be home soon. He is returning after 2½ years combat in the Pacific, and for the past two months has been hospitalized and treated for wounds received at Leyte.

Also home from the Pacific area is Frank E. (Buddy) Davis, AMM 2/C, member of a Utility Squadron, overseas the past 17½ months. He is visiting his parents, Mr. and Mrs. T. J. Daffern and other relatives.

A veteran of European warfare with Patton's Third Army, Cpl. R. L. Webb has arrived home for a visit with his parents, Mr. and Mrs. L. D. Webb and other relatives with three combat stars, Presidential Citation and Purple Heart Award for injuries received in January, Cpl. Webb was in the D-Day invasion of France, and had the unusual experience of escaping, with a companion, after being captured by the Germans.

### NEW YEAR STARTS FOR LIONS CLUB

First meeting of Matador Lions Club, beginning a new year with newly installed officers at the helm, will be next Tuesday, July 3, at 12:30 o'clock at the Methodist Church.

Boss Lion Emmons requests the presence of all members, and reminds all service men home on leave and furlough, of the standing invitation to attend as special guests of the club.

Regular board of directors meeting will be held Monday morning at 6:30, at the Magnolia Cafe.

### Post Office Fixtures are Rearranged

Local residents entering Matador's post office this morning received quite a surprise as they attempted to locate their boxes, following re-arrangement of the fixtures, which was done after office hours Wednesday evening and night.

The parcel post and stamp windows are now located in the center of the partition, with sections 1 and 2 at the left of the windows, next to the street. The new arrangement will facilitate handling and sorting of the mail, postmaster E. F. Springer stated.

The office, as previously announced, will advance to second class on July 1, will be open from 8 a. m. to 6 p. m.

Buford Hobbs has accepted a position as clerk in the office, to assume duties the first of the month Mrs. D. E. Pitts, who has been employed the past year, is assistant postmistress.

### Farm Road Project Is Approved

Application of the commissioner's court for a state farm-to-market road from the town of Flomat, made a year ago, has recently been designated and approved by the State Highway Commission, County Judge Wm. R. Cammack has been advised. The road will extend from Flomat, north for two miles.

The commissioners court at its last meeting, entered into a contract with the State Commission, in which the court agreed to furnish all the right-of-way for this much needed improvement in the Flomat community.

This project was approved as a "post-war" project, and work of construction will begin just as early as the necessary survey of the right of way is completed by the State District Engineer, Judge Cammack said.

The designation will finally open up a farm-to-market road from Floyd county line, through Flomat, to intersect with State Highway No. 18 near the W. B. Barton home.

### EUBANK PORTRAIT TO BE IN CAPITOL

Portraits of two Texas legislators who were killed in action will be painted for hanging in the state capitol under terms of an act signed by Gov. Coke R. Stevenson last month.

The paintings will be of Lt. (jg) Paul Eubank, Matador, a member of the 47th and 48th legislatures and Lt. Duncan S. Hughes, Georgetown, a member of the 47th legislature.

The act appropriated \$1,200 for the two portraits and frames.

### OLD SETTLERS TO SPONSOR DANCE JULY 4

Annual Fourth of July dance will again be sponsored by the Dickens - Motley Old Settlers Association at the pavilion in Roaring Springs, according to an announcement made this week by C. C. Halle of Afton, president of the organization, who was visiting in Matador Tuesday.

All proceeds of the dance, to be held on the evening of the 4th, will go into the treasury of the association.

Recent improvements have been made in the floor, placing it in first-class condition, Mr. Halle stated.

Bush Thornton and his string band of Spur, who have played for the annual affair the past eight years, will again furnish the music this year.

### Matador To Observe 4th

First State Bank post office, West Texas Utilities Co., and most business houses in Matador will be closed next Wednesday, July 4, in observance of the national holiday.

Several firms made no definite announcement concerning plans to close, but those to be closed include Western Dry Goods, Harry Willett & Co., Matador Variety Store, beauty shops and possibly the grocery stores and barber shops.

American and British prisoners were treated better by the Nazi guards than prisoners of other nationalities were treated, especially the Russians. There was ample evidence that the Russians and the Germans have a deep seated and most bitter hatred for one another. Consequently the Russian prisoners of war had a tougher time than the American and British. One officer told me a few instances where German civilians tried to kill some of the flyers who had been shot down over Germany, but he also said the Nazi Army tried to prevent such killings. I personally have no idea as yet of how many of our men were killed by the

### Buddies Meet

Lubbock —After seeking to see one another since they have been in service, SK 2/c James Moss of the Navy and Master T/Sgt. Tommy Van Meter of the Marine corps were reunited last week in Lubbock. They barely have missed one another at various places while serving in the Pacific. At Kwajalein island, the ship on which Van Meter was serving was going in as Moss's ship was leaving. They missed one another by about 15 minutes. Moss, son of Mr. and Mrs. E. E. Moss of Roaring Springs, has been in service about two and a half years and Van Meter, son of Mr. and Mrs. W. E. Van Meter of 2206 Ninth, more than four years. They played together in the high school band and were close friends. Until their reunion, they had not seen one another in more than three years. Moss has seven battle stars in the American and two in the Philippines. Van Meter served in the Marshall island invasion. Moss reported back for duty Monday and expects to go overseas again. Van Meter will report to Jacksonville, Fla., at the conclusion of his furlough.

### Worley Tells Of Germany

(Editor's Note: This is the second of a series of articles by Congressman Eugene Worley, concerning conditions in Germany, as he saw them on a recent tour of that country.)

In my report last week I mentioned some of the horrors of the Nazi atrocity camps. Most of the inmates in these camps were political prisoners of various nationalities including anti-Nazi Germans. Apparently, when anyone disagreed with Hitler or opposed him or his policies in any fashion, he or she, and generally with their children, would suddenly disappear from the scene. The Gestapo seemed to work very well indeed in Germany. Everyone in Germany was bound to have known of the existence of these atrocity camps because they discussed them furtively over the backyard fence or in secluded spots. Whether all German people approved their existence seems to be a subject of debate, but certainly the entire nation is not free from blame in permitting or sanctioning the existence of a government which would stoop to such barbaric depths.

The most notorious atrocity camps were at Buchenwald, Dachau, Belsen and Nordhausen. There were others, of course, but these were the worst.

Now as far as the treatment accorded our own American prisoners of war in the regular Nazi Prisoner of War Camps, there is an international standard which provides that all prisoners of war shall be treated in a fair and humane fashion. Both Germany and the United States signed this agreement - Japan did not.

I was about halfway in Germany before the Nazi collapsed and talked to as many American enlisted men and officers as I could find who had been liberated from Nazi prisoner of war camps. It is, of course, impossible to determine exactly how our men were treated in all camps and in all cases, but the following seemed to be the consensus of opinion among the American boys with whom I talked: They seemed to think that

### Cowboy Reunion July 2-4

STAMFORD, Texas, June 28. Plans are nearing completion for the 15th annual Texas Cowboy Reunion here July 2, 3 and 4, according to W. G. Swenson, president. More cowboys have entered the various events and more quarter horses have been entered than at any corresponding date for previous shows.

Swenson says arrangements are being made to handle a big crowd, and a big help that will be doubly important this year will be the chuck wagons from ranches. A number of the ranches have indicated they expect to have their wagons on hand when the reunion opens. These chuck wagons have always been a popular attraction at the Stamford reunion, as they give many people an opportunity to eat at a regular ranch chuck wagon.

The oldtime cowboys as usual will have their individual chuck wagon near the bunkhouse. All paidup members of the Texas Cowboy Reunion Association, which is the oldtime cowboys, are given tickets to the rodeo and get their meals at the bunkhouse chuck wagon. The bunkhouse is used for the annual meeting and election of officers.

Several residents of the Matador and adjoining communities are members of the Association and plan to attend this year.

### TEXAN CAFE UNDER NEW MANAGEMENT

Texan Cafe is now operating under new management, following a transaction last Thursday, whereby Mrs. Ted Steen sold the business to Mrs. Pauline Cooper and Mrs. Elsie Felts, who will operate the cafe under partnership arrangement.

A slight change in personnel has been made, but continuance of courteous service is assured the public.

### VACATION BIBLE SCHOOLS CLOSE

A two-weeks vacation Bible School was brought to a successful close Friday afternoon at the Methodist Church, with a closing program which included Pledge to Flags; songs by Beginners and Primary; two plays, "Prodigal Son" by junior boys, and "Wise and Foolish Virgins" by junior girls. A missionary play, "An Important Question" was given by the Intermediates.

Enrollment during the school totaled 78, as follows, Beginners, 24; primary, 22; junior, 20; intermediate, 12. Certificates were awarded in church services Sunday night.

### WHITEFLAT HAS VBS

A successful vacation Bible school was also held at Whiteflat Baptist Church, according to a report by the pastor, F. D. Hankins, who stated that the school closed June 15. Sixty were enrolled, with an average attendance of 49, and 21 perfect attendance records.

Rev. Tom Harmon and his wife of Grandview, assisted in the work.

### RECEIVE DISCHARGES

T/4 Pete Knight, veteran of the Attu invasion, and later transferred to action in the south Pacific, has received a medical discharge from the U. S. Army after being treated in government hospitals for tropical infection.

M/Sgt. Rudolph Carpenter, a former Matador resident, has also received a discharge from the Army Air Corps, and is at home in Riverside, California, with his wife, the former Marguerite Patton and their baby daughter, Sharon. He is a veteran of Pacific campaigns, and was overseas two years. He enlisted in the Army November 25, 1940.

### IS VISITOR

S/Sgt. Delvin Thomas is visiting here with Mr. and Mrs. A. B. Aldrich, after spending the past year in Italy. His wife, the former Opal Louise Herring, daughter of Mrs. Aldrich, died last September, while the sergeant was overseas.

## Old Shoes

### Are Easy On The Feet...

America is recognized as being a nation of sentimental people, and it is typical of their nature to cling to that old pair of shoes that are so easy on their feet. They are loyal to those time-tested things that hold a remnant of past faithfulness, be it an old hat, or a business that was patronized and was up to their standard. So, when we handle your banking business, we feel that you will look back from tomorrow with complete approval of our business methods of today. A business tried and true.

## Prompt Changes In Addresses Are Important

Prompt changes in address are important to insure delivery of the home-town paper to men and women in the armed forces, and especially to those overseas, with constant changes in troop movement in the European theatre and many boys returning home, it would especially be appreciated if notice is given promptly upon the boy's arrival home, or as soon as it is known that he is enroute.

Returned veterans almost without fail express their thanks personally, for having received the Tribune while in the service, and the Tribune joins them as well as those who write, in expressing appreciation for the support the folks at home have given the paper.

Unsolicited subscriptions were received the past week from the following: A. A. Harp \$2, Mrs. Turner Hunter (Roaring Springs) \$1, R. W. Amick (Flomot) \$1, J. R. Whitworth \$1, Mrs. J. B. Hoover (Northfield) \$1, Mrs. John Barton, \$1, Mrs. H. Plemons \$2, Audric J. Morris (Kress) \$2.

## Memphis P. C. A. Invests In Bonds

The Memphis Production Credit Association has invested \$20,000 of its member capital and surplus in war bonds during the 7th War Loan drive, according to Ralph Howe, secretary - treasurer. "This makes a total of \$71,700 the association has invested in bonds to date," he said.

The current \$20,000 purchase is credited on county goals in the association territory as follows: \$4,500, is credited to the Cottle county quota, \$4,000 to Hall county, \$3,000, to Collingsworth county, \$2,500, to Motley county, \$1,500, each to the Childress and Hardeman count quotas and \$1,000, each to the Brisco, Donley and Foard county quotas.

Production credit associations in Texas are investing \$863,000 of their own funds in war bonds during the current drive. This represents practically all of the net increase in member-owned stock and earnings since the end of September, 1944. Mr. Howe said.

## Worley...

(continued from page one)  
German civilians during the war. (The Army is at the present time investigating that angle.)

One boy with whom I talked had spent 19 months as a prisoner of the Nazis. He stated that the only food provided by the Nazis for several months was one loaf of bread daily to be divided among 7 men and a bowl of very weak potato soup.

All of our men agreed that if it had not been for the Red Cross packages which the Swiss Red Cross delivered to the Americans that our men would have probably died from disease. While in Germany, I also heard of the Nazi excuses for the shortage of food in the prisoner of war camps, namely, that food was short all over Germany. At the time I was there however, which was in April, I saw no evidence of extreme hunger or food shortage among the civilian population. It seems to me that had the Nazis been fully interested in complying with the Geneva Convention, at least some of the food apportioned to the civilian population could have and should have been diverted to the Allied prisoners of war.

I have been through both camps over here in America in which were confined Germans and Italians our forces had captured in Europe. There is no question in my mind but what this nation fully complied with the Geneva Convention - in fact many people have the opinion we complied too well. The Army followed this policy in the hope that the enemy would treat our own American

captives fully as well. As pointed out by the above opinions seemed to be rather general among the American men with whom I talked. I am informed that the Army is interviewing others and conducting a survey to determine as nearly as humanly possible exactly how all of our men were treated during German captivity, which information I hope will be available soon.

Needless to say, I've never seen a happier bunch of fellows in my life than our boys when our forces rolled in and set them free. They know far better than anyone else, the full meaning and blessings of freedom.

## WEDDINGS HOLD SPOTLIGHT OF INTEREST AS ANNOUNCEMENTS ARE RECEIVED

Interest is centered on announcements of several weddings of residents of Matador and other communities in the county which have been made during the past several weeks, including several service men who have returned home after foreign duty.

### Donald Groves Is Married Saturday

Miss Hazel Blount of Paducah became the bride of S/Sgt. Donald Groves of Matador, in an eight o'clock ceremony performed Saturday evening, June 23, at Pampa, Texas, with Rev. E. M. Dunsworth, pastor of the First Baptist Church of Pampa, officiating.

The bride wore a blue suit with a white carnation corsage, and for "something borrowed" she wore some earrings belonging to Mrs. Dick Groves, who, with her husband, L. L. Dick Groves, cousin of the bridegroom, attended the couple. Mrs. Dick Groves wore a gray linen suit with a corsage of yellow roses.

Daughter of Mr. and Mrs. J. L. Blount of Paducah, the bride was reared there, and following graduation from Paducah High School, she attended Draughon's Business College, Lubbock. She is employed as bookkeeper at J. C. Penny's in Paducah.

S/Sgt. Groves is the son of Mrs. J. A. Groves of Matador. He was born and reared here, and is a graduate of Matador High School. He entered the armed forces June 30, 1942, and after training at Sheppard Field, Texas, Chanute Field, Illinois and at the Army Air Base at Richmond, Va., was sent overseas October 10, 1943. He was in the D-Day invasion of France, and while overseas, was based in five European countries. His duties

were with the ground mechanic crew, servicing Flying Fortresses. He has just recently returned to the states.

### Nuptials Are Read At Corpus Christi

Announcement was received here this week by Mr. and Mrs. A. A. Tipton, advising of the marriage of their son, Marine Cpl. Burrell A. Tipton, to Miss Jessie Mae Rucker of Corpus Christi, in a double-ring ceremony performed June 6. Nuptials were read by Rev. J. C. Harris, Baptist pastor of Corpus Christi.

The bride is the daughter of Mr. and Mrs. W. E. Harris of Sour Lake. She attended Sour Lake High School and business school at Beaumont. She is now employed at the naval air training station at Corpus Christi, where Cpl. Tipton is stationed, awaiting further assignment.

Corporal Tipton is a graduate of Matador High School and was employed by the Tribune for eight years preceding his entrance into the armed forces, having begun as an apprentice while still in school.

He enlisted in the U. S. Marine Corps in March, 1942, and after receiving training on the west coast, was sent to New Zealand, where he was based until the historic landing at Tarawa, in which his division, the second Marines, led. He is also a veteran of Saipan and Tinian. He returned to the states in January,

### Lonnie Russell Is Wed Thursday

Miss Clovis C. Charles of Seattle, Washington and Lonnie L. Russell, son of Mr. and Mrs. L. L. Russell of Matador, were united in marriage, Thursday, June 21, at 2 o'clock at the Methodist parsonage here. Rev. G. E. Turrentine, pastor, performed the ceremony in the presence of the bridegroom's mother and R. D. Clements, only attendants.

The bride wore a white two-piece dress with white hat and accessories. Her corsage was of American Beauty roses. She is the daughter of Mrs. Henry Jensen in Seattle, Wash., and George W. Charles of Jamestown, N. D. She is a graduate of Jamestown High School, and also attended Jamestown College.

The couple met in Seattle, in the early spring, when young Russell was based there awaiting a discharge from the U. S. Marine Corps, after four years service, and Miss Charles was employed in the Northwest Metal Products, in Seattle.

Born and reared in Matador, Russell was Private First Class at the time he received his discharge, and had seen combat in four major campaigns in the Pacific. These included Guadalcanal, Makin, Tarawa, and Saipan, and his medals include the Bronze Star and Purple Heart, the latter for wounds received on Saipan.

This year, and after a visit with his family here, reported to Corpus Christi.

(Courtesy Turkey Enterprise) Mrs. Blake Barton, who before her marriage on Sunday, May 20, was Miss Bonnie Ruth Crowell, daughter of Mr. and Mrs. Leonard Crowell of Flomot. The couple were married while MoMM 1/C Barton, son of Mr. and Mrs. J. B. Barton of Flomot, was home on 20-day leave. The ceremony was performed in the home of the bride's parents in the presence of a few relatives and friends.

### Mitchell - Banks Rites Announced

Mr. and Mrs. L. W. Banks of Newnan, Georgia, are announcing the marriage of their daughter, Beverly, to Pfc. Frank N. Mitchell, U. S. Marine Corps, of Roaring Springs, Texas, in a ceremony performed in Dillon, South Carolina, May 6.

The bride was reared in Newnan, and met young Mitchell when he, as a graduate of Roaring Springs High School, was engaged in selling Holland Magazine with a team which toured the southern states in 1936.

Pfc. Mitchell is the son of Mr. and Mrs. J. D. Mitchell of Roaring Springs, where he grew to manhood. Following high school graduation, he attended Texas Technological College, Lubbock, until he enlisted in the U. S. Marine Corps. He spent four years on aircraft carriers, and returned home with seven major battle stars, the Presidential citation and several medals of service.

He is stationed in Camp Lejeune, N. C., where he is in Officers training.

### Thacker - Hunter Vows Solemnized

The marriage of Miss Dorris Hunter, daughter of Mr. and Mrs. S. D. Hunter of Roaring Springs, and Melvin Thacker, AMM 3/C, of the U. S. Navy, was solemnized June 8, at Crosbyton, Texas, with the pastor of the Methodist Church officiating.

The bride was reared in Roaring Springs, where she completed high school and later attended West Texas State College, Canyon.

The bridegroom was also reared in Roaring Springs, where he attended school and was superintendent of the First Baptist Sunday School, and junior deacon of the church.

He volunteered his service to his country, and has been based in the islands of the Caribbean Sea and the Atlantic, until recently. He is now located on the eastern coast.

Why Phillips is Today One of the Country's Greatest Producers of Butadiene for Synthetic Rubber

The fast-rolling truck pictured above is one of the famous "Red Ball Express" that kept the supplies rolling across France in the wake of the victorious Yanks.

But that truck also represents one of the biggest headaches tire men—and oil men—have had to face in this war!

You see, our synthetic rubber program has had to overcome more than the lack of raw rubber from the Jap-held East Indies. It has had to cope with a fantastic demand for tires for Army trucks and other vehicles.

Why is that demand fantastic? Just imagine speeding along roads pitted by shellfire and sprinkled with shrapnel... hub-deep in mud, or rutted in frozen ridges. Under those terrible conditions, tires become frayed and useless at an appalling rate.

That American industry has been able to meet this terrific demand for all-important truck tires is due, to a great extent, to companies like Phillips.

For long before Pearl Harbor, Phillips scientists foresaw the possibilities of butadiene in producing synthetic rubber. As a result, when the blow fell at Pearl Harbor, Phillips great research and production facilities were ready to step into the breach.

Today, the Phillips 66 Shield stands for one of America's leading producers of synthetic rubber... as well as a great producer of 100-Octane Aviation Fuel, and an almost endless list of newer and better products from petroleum gases and petroleum.

Victory Ends Long Rule by Military Might

Combined Strength of the Allies Drives Naziism To Defeat.

Victory for the Allies in Europe—the most anxiously awaited event in modern history—means the liberation of a continent which has been under the domination of military might ever since the German blitz rolled into Poland in the fall of 1939.

Starting with Hitler's bloodless conquests of trusting neighbors, the threat which has hung over the world has finally been dissipated by an overwhelming superiority of the Allies in men, materials, air power, sea power and the overwhelming desire of free peoples to rid the world of the tyranny which has "blacked out the lights of Europe."

The Allied victory and the capitulation of Germany has once more restored freedom to Europe. Victory is sweet after the period of despotism which has prevailed here, as in 1918, the world must appreciate that victory is one of arms alone so far and must be followed by a peace that will ensure the world against anything like the rise of National Socialism again.

June Invasion Started It. Today the Allies have beaten Germany to her knees, something that was beyond the comprehension of most of the world little less than a year ago. The invasion of Europe started it in June, 1944, and the quick success in France and the drive to the heart of the reich itself blasted the theory of a "European fortress" that Hitler said was impregnable.

Battle-hardened veterans of Britain who stopped Rommel in Egypt, the husky young Yanks in their superb equipment, Frenchmen fighting to win back their homeland, the bitter Poles who remembered how they tried to fight the Wehrmacht with nothing but rifles—all these are responsible for the downfall of what was supposed to be an "invincible" army.

And hammering away on the other side of Germany were the Russians, who took the best the Germans could strike them with, and then came back to drive the hated Hun out of Russia and beat him back until there was no retreat and there finish off Germany as a military power.

The victory in Europe is won but what years of suffering that continent has seen since the day that Adolf Hitler first became chancellor of Germany in January, 1933.

Forming of Axis Was First Phase Of Long Struggle

Hitler made his first move in the long chain of events that was to lead to World War II in 1936, after he had secretly built up a German army and had rearmened the country in direct violation of the Versailles treaty.

In March, 1936, Hitler ordered the first of his goose-stepping legions into the Rhineland, cutting France off from her eastern allies and setting up a barrier that could not be circumvented by anything short of total war—which he knew France was not ready to declare.

Then in October, 1936, Hitler and Mussolini formed the Rome-Berlin pact, giving both fascist nations the agreements they needed to bully the world. Mussolini had already taken Ethiopia and had defied the British navy to try to enforce sanctions against him—the only threat which the democratic nations of the world were able to make.

In March, 1938, Hitler grabbed Austria and he now found himself with a perfect gateway to Czechoslovakia, where the only real threat in arms was to be found in the well-equipped Czech army.

Munich Agreement. But even that army found itself hemmed in on three sides and Hitler and Mussolini were ready to dictate the terms to Czechoslovakia and Daladier at Munich—where Great Britain and France agreed to the surrender of the Sudetenland and with it all of Czechoslovakia's industrial areas and armed power.

While all this had been going on in central Europe, Spain had been fighting a bitter civil war that was the testing ground for many of the German and Italian armies' plans for "blitzkrieg," the lightning war that was to sweep Europe. Spain found itself in the Fascist camp, and the Allies found that the Mediterranean had suddenly become an Axis "lake" with the British fleet still held by Italy.

In the United States, a wordy civil war was being fought on the threat of being drawn into the maelstrom that was developing across the Atlantic. This country was not yet sure that it could stay out of war, but there was a decided sentiment that this time "the Yanks aren't coming" and a good percentage of the population believed that we should stay out of the fight.

Carol and Gail Norrid, children of Mr. and Mrs. Henry Norrid of Amarillo have been visiting here the past month with their grandparents, Mr. and Mrs. C. W. Norrid.

Russia's '43 Stand Was Major Factor In Final Victory.

In direct contrast to the Axis victories at the start of 1941 and 1942, the opening of 1943 saw the Germans lose the battle of Stalingrad, defeated at Tunis and Bizerte and a sleeping giant of American industrial power slowly but inevitably shaking off his shackles and rising to full production for war.

Through most of '43 the Russians had fallen back before the German drive. But then Stalin ordered his men to stand before Moscow and in a brilliant trap caught and exterminated whole German armies and sent the broken remainder reeling back on the northern front.

Stalingrad, whose downfall had been promised innumerable times by Hitler, refused to fall. And suddenly the Russians clamped a giant pincer around the besieging army and the Germans suffered the loss of another army corps and felt the powerful sweep of the Red army.

Russians Smash Ahead. From the high water mark of German conquest in the fall of 1942, the Russians quickly reformed and won victory after smashing victory during 1943.

The Russians stretched their colossal manpower along a 2,000-mile front and counterattacked whenever they found a German weakness. The Germans had planned to fight a war of their own choosing—to pick a spot and blast away at it until they broke through and then go on to clean up in the familiar blitzkrieg pattern.

But now it was the Russians who could pick their spots. Instead of concentrating on one place, the Wehrmacht now had to watch dozens of fronts for the most unlikely places for an attack, and once it was launched, nothing the Germans could do could stop it. The victim of blitzkrieg had learned his lessons well, and the teacher was now getting a demonstration of the old technique—and with some added innovations.

At the end of 1943, an offensive aimed at Germany and the German armies from the Russian front seemed more likely to succeed than anything set in motion from the Mediterranean up to that time. The western front was still to be heard from.

Hitler's armies had suffered their greatest defeats on the Russian front.
