## RAIL DUST

By DOUGLAS MEADOR

It poured through a hole in clouds and splashed against small window. For an instant squares of gold reflected a splendor across the mess-flat. Loping along the dim cowboy steadied himself in middle and watched the glit-yellow window in the one-homesteader's shack. The went quickly and left a wake of spring twilight, still cold cheerless blankets of a bed where winter had shyly slept. The rider uncinch-saddle at the gate of the wire corral, and dragged his to the door of the shack. He of the partly-filled sack suspended from the rafters, a large bucket and returned corral, emptying the corn in a water wash-tub. Back at the he dragged his saddle inside to rest its salty leather from the sun. Night engulfed the dark dark sea flowing a sinking island. He found a and the cached food. Pres- he had a fire going in the color stove and a bucket of simmering on the heated. After a time he spread out bed, removed his boots and and rolled himself in the quills. Coyotes howled and wind rose to a gale. Time has much thread on the bodkin ears. A modern home of white covers the site where the stood. The mesquite flat is not fertile field and a paved passes near the route of the trail. The cowboy is no longer and dark and he hears a instead of spurs when he his. Recently he visited his for the last time until the are ended and drove home with the weight of parting heart. There was a break in clouds and a golden window house. The sun went quick- with another gray twilight, and with the drugs of winter's Coyotes barked somewhere the dusk and the wind rose sely.

## Lions Plan For Ladies' Night Meet

Two distinguished Lionism guests will be present for a Ladies' night meeting scheduled by the Matador Lions Club for Thursday night, March 16. Lions International District Governor Jack Griffith of Panhandle and Lions state secretary Roy Keaton of Austin, will attend the meeting.

The banquet will be a "covered dish" affair, with most of the program time given to the Lion visitors. The Ladies' night meeting will take the place of the club's regular meeting scheduled for March 21.

Report by welfare chairman D. E. Pitts at the directors' breakfast Monday morning, disclosed that seven needy children cases had been fitted with new glasses at Floydada. The firm of Wilson Kimbell discounted the fitting of the glasses one third of regular prices. The seven children were taken to Floydada on one trip by Lion B. F. Tunnell. Club secretary was authorized to pay the Floydada firm \$81.50. Preliminary examination of the children was made by Dr. A. C. Trauwek, Jr., without charge.

## Funeral Is Held At Northfield

Homer P. Ring, 63, brother-in-law of sheriff H. H. Courtney, died suddenly of a heart attack at his home in Wichita Falls early Monday morning, March 6th.

Funeral services were held at the Northfield school and interment made in the Northfield cemetery yesterday afternoon.

Local residents who attended the funeral included the following: Messdames Ward Rattan, W. F. Jacobs, Earl Laughlin, H. E. Berry and A. B. Simpson; Miss Rachel Patton; Elbert Reeves, Jim Edmondson and Henry Pipkin.

More complete details of Mr. Ring's funeral will appear in next week's issue of the Tribune

## FLOMOT 4-H CLUB TO PRESENT PLAYS TONIGHT

Four one-act plays will be presented in the Flomot school auditorium tonight (March 9), by the 4-H Club girls of Flomot, according to an announcement made this week.

In addition to the plays, other specialties will be offered for the entertainment of the audience.

"We assure you of a good time," the publicity committee declared. "Come see the four best one-act plays ever to be presented in the Flomot auditorium."

The entertainment will begin promptly at 8:30 o'clock, and admission of 10 and 20 cents will be charged.

Many Dedications Made In Methodist Services Sunday

In a Service of Dedication held Sunday in conjunction with the Lord's Supper, many re-commitments and special expressions of dedication to personal service were made by the membership of the Methodist church.

## Situation In Hand On Bougainville

MARINES had the situation well in hand on Bougainville when the above picture was made on Thanksgiving day, 1943. Second from right, forward, with pipe is Sgt. Bobby Echols, son of Mr. and Mrs. Bob Echols of Matador. Legend on back of this photograph, said, "Best galley crew in the Marine Corps. Left to right: Lt. M. W. Henry, Bn. commissary officer, assistant cook Johnson, Mess Sgt. Jehon, Pft. Alvin Hawthorne, Fl. cook Echols and Pfc. McDaniel. Boys turned doughnuts, pies, etc. had Thanksgiving dinner here." The photo was received a few days ago by Mr. and Mrs. Echols.

## Selectees To Receive Physicals

Potential candidates to answer the nation's call to colors are the following selectees who will leave Friday on the afternoon bus for Lubbock to receive preinduction physical examinations: 174 Lucius Ford Lancaster, S-295 J. C. McMahon, 302 John Kelly Green, 357 James Harrison George, 361 Wade Lee Morris, 378 James Herbert Swearingen, S-390 A. B. Dunning, 444 Julian Dean Edmondson (transfer to Hutchison county), 447 Tilmon Hubert West, 457 Everett Houston Arnold (transfer to Howard county), 462 Tommie James Vivian, 636 Frank Joseph Pohl (volunteer), S-636 Carl Ray Langley (transfer to Santa Clara, Calif.), 10,447 John Merwyn Russell.

No. 1,104 Lonnie Vernon Cagle (volunteer, transfer from Jacksonville, Texas), 794 Charley Richard Holiman (transfer from Westaco, Texas), 3,214 Henry Alvin Jacobs (transfer from Port Arthur, Texas), 3,194 Troy Lee Huitt, (transfer from Little Rock, Arkansas.)

MANY VISITORS AT LIONS MEET

Visitors made up a large part of the attendance of the meeting of the Matador Lions Club held in the Methodist church basement, Tuesday at 12:30. Nine visitors were introduced and welcomed to the meeting while attendance of members was the lowest of any meeting in several months.

After the enjoyable luncheon prepared by Methodist ladies, Boss Lion Elmer Stearns made a report of the directors breakfast, followed by a brief address by Lion Douglas Meador on the county Red Cross drive to start Sunday.

Scoutmaster Tom Hamilton made a report on Scout activities and announced that Bobby Harrp had assumed the place as assistant junior Scoutmaster.

Visitors introduced were district attorney Richard Stovall of Floydada, Cpl. Billy Tunnell of the U. S. Marines home on leave, Sam Weatherall of Paducah, Miss Clifton reporter for the District Court, Lt. Vance Gilbreath, District Judge Alton B. Chapman and C. E. Campbell of Vernon.

ERRATUM  
The Tribune wishes to correct an error appearing in last week's issue. In the article regarding two registrant volunteers, the initials on one name should have read: A. B. Stephens.

ACCEPTS NEW PLACE  
James Garth who has been employed for some time by the City Drug Store, has resigned to accept a place as clerk at Skaggs grocery. He began his new duties Tuesday.

MISSING SOLDIER REJOINS COMPANY  
Pvt. Garland Hollar, who was reported missing since the 27th of January, is now back with his company, and has advised his wife, Mrs. Ima Jo Hollar in a letter written February 18, which she received Saturday.

Pvt. Hollar advised that he had been cut off from his company for a while but was back; also that he had met some of his old buddies and a lot of mail had come in for him, and that he was in good spirits, and thought he would be able to write more often.

## RITES HELD HERE FOR DESCENDANT OF SAM HOUSTON

Funeral services were held here yesterday afternoon at the Matador Methodist church for Earl Lee Houston, 50, brother of Mrs. A. E. Westmoreland, and descendant of the famous Sam Houston, who was killed by an automobile on the highway near Brownfield, Texas, Sunday morning March 5.

Mr. Houston had been in Matador last week, working for a time on the oil pipe line being constructed across the county, and left Friday night with California as his announced destination.

Earl Lee Houston was born in Williamson county, Texas, March 16, 1893. He joined the Baptist church at the age of 12 years. He was a veteran of the World War I, serving in the cavalry, stationed in Hawaii. Later he enlisted in the Marines, serving in the armed forces a total of six years. Since returning to civilian life he had lived and worked in many localities and had been in good health all his life.

Funeral services were conducted by Rev. Geo. E. Turrentine and interment made in the Matador East Mound cemetery. He is survived by one sister, Mrs. A. E. Westmoreland of Matador and two brothers, Sam Houston of Dallas and Tom Houston of Galveston. Pall bearers were Joe Gaines, Marvin Patton, George Edwards, Freeman Thacker, V. A. Rattan and Clarence Kifer.

Man Charged In Death  
Fred Estes, 30, manager of a Brownfield variety store, was charged late Sunday with murder with a motor vehicle and driving while intoxicated, in connection with the death of Mr. Houston.

Estes declared, in a statement to District Attorney Rollin McCord, late Sunday night, that he did not remember striking any object on the highway but later in the day discovered his grill damaged and pieces of a man's clothing in it. After learning that a man had been killed on the highway he contacted officers.

PLANS COMPLETE FOR LT. EUBANK MEMORIAL SUNDAY

Arrangements have been completed for Matador's first memorial services for a World War 2 hero to give his life in the line of duty. Services in the memory of Lt. Paul Eubank, who lost his life in the South Pacific on January 11, will be held at the Methodist church at 3:30 p. m., Sunday, March 12.

Rev. W. B. Vaughn of Lockney, former Matador pastor and Rev. G. E. Turrentine, will conduct the services. Special music has been arranged by the Matador Choral Club, which Lt. Eubank aided in organizing.

Members of the floral committee have asked that friends do not contribute individual gifts of flowers. Reason for the request is that one floral display has been arranged, and those who knew the young Naval flyer, agree that he would wish only a moderate amount be spent for flowers, the funds being used instead for war-time causes.

## Army-Navy Test To Be Held At Flomot

The Army-Navy qualification test will be held at the school house at Flomot, March 15, at 9 a. m. It has been announced here. Any man or boy, between the ages of 17 and 22, who will finish high school by July 1st, or who has already finished, may take the tests, it was stated.

The examinations will be held by Everett Wallace, superintendent of the Flomot Schools.

## Soldier Is First to Give In Red Cross Fund Campaign

Official Opening Saturday For Quota Of \$2,700; Eight Days Time Alloted

A soldier in the U. S. Army, Cpl. Jim D. (Deward) Knight stationed at Claibourne, La., has made the first contribution to Motley county's quota of \$2,700 for the 1944 American Red Cross War Fund drive. Cpl. Knight's check was received some time ago by J. R. Whitworth at the First State Bank, it was revealed this week. Another serviceman, Lt. Vance Gilbreath, home on furlough, made a \$5 contribution to the campaign when he was a guest of the Lions luncheon, Tuesday. Although the drive will not officially open in the county until late this week, many contributions have already been received.

Business houses in Matador will be canvassed Friday afternoon to avoid interference with employers and employees during the Saturday rush. Superintendent B. F. Tunnell, county War Fund chairman disclosed early this week.

Mr. Tunnell declared that every community in the county is completely organized to carry on an intensive campaign of solicitation for eight days, at which time it is believed the county's quota will be reached if not oversubscribed.

County residents are asked to make contributions without being solicited by the workers in instances where it is possible. Importance of the Red Cross work is proved by countless thousands of cases where the organization has brought comfort, to, and frequently saved the lives of men on the world battle fronts. It is supported entirely by contributions of the people. Contributions by servicemen themselves, who are fully aware of its great service, is the best endorsement the Red Cross offers. Daily newspapers are carrying true articles of servicemen in German prison camps who have authorized their relatives at home to check on their accounts for \$25 to \$100 Red Cross contributions.

Larger Contributions Needed  
Motley county could not possibly reach its quota if the old policy of "dollar membership" were applied to the present war-time drive, Mr. Tunnell, declared. While contributions of any size will be accepted, workers will place emphasis on the need to more than double last year's contributions. "Motley county has all the resources necessary to reach its quota," Mr. Tunnell, said, "and I believe we will find the people (See SOLDIER FIRST page 4)

MAIL SERVICE IS DELAYED TWO DAYS

Despite ideal spring weather Matador and Roaring Springs were isolated from incoming mail service for two days this week when the Quanah, Acme and Pacific train failed to run Monday morning, result of a wreck on the line between Paducah and Roaring Springs. Newspapers and outgoing mail are carried by a motorized rapid transit company operating between Vernon and Plainview.

Service over the railroad was resumed yesterday, bringing an over-burden of mail for post-office employees and rural carriers.

## Scout Work Progressing

Unusual interest is being shown in Boy Scout work here according to a report made by Scoutmaster Tom Hamilton early this week. Mr. Hamilton said that the Matador Troop 60 now has 35 members with 25 present at the last meeting.

Mr. Hamilton said that he believes the Father-Son banquet, and the Boy Scout day of city management are contributing factors in the increased interest among boys of the city. Scoutmaster Hamilton led 29 boys on an all-day hike in the Matador ranch pasture on February 22.

Last week-end Mr. Hamilton asked for Boy Scout volunteers to aid in the Red Cross drive starting in Motley county Saturday, and every boy in the troop volunteered his services.

Mr. Hamilton said the boys are painting and locating a number of metal barrels about the streets of Matador as trash containers. The barrels, condemned for further regular services, have been contributed by the Phillips Petroleum Company, as well as two new chairs for the Scout hut.

Men In Service To Be Listed On Roll  
Names of Roaring Springs men in the armed service will be listed on a proposed board to be erected on the park corner facing the highway business route through town, it was announced this week.

Cost of the honor roll board will be paid for by public subscription and a number of contributions have already been received. Those interested in the project or desiring to make a contribution, are asked to see Mrs. M. S. Thacker or Mrs. J. D. Mitchell.

NEW ARRIVAL  
Born to Mr. and Mrs. J. C. Hodges of Afton, on February 29 a girl, weighing 7 pounds, 12-ozs. and named Patricia Ann.

H. T. Lebow and son, Bill Lebow, former residents of this community, were transacting business here last week. They now live in Bailey county.

## Legion Starts New Work At Cemetery

Led by Legion committee chairman L. B. Robertson, extensive improvements were started at Matador East Mound cemetery last week. Dry grass on the burial grounds was burned, more trees and shrubbery planted and additional grave plots were staked. Cemetery alleys and streets are being graded to improve drainage and to facilitate driving inside the grounds.

An urgent appeal is made to everyone who has friends or loved ones buried at East Mound to aid the Fleming-Post American Legion to continue its cemetery improvement campaign.

Regarded by many as one of the most beautiful and well-kept small cemeteries in this area present park-like appearance of East Mound is attributed to caretaker E. B. Chambliss. His work has amounted almost to a devotion, despite his very meager compensation paid by public subscription and he has converted the once stark, rocky, weedy hill into a place of beauty and dignity.

Those who visit the cemetery often, know that Mr. Chambliss devotes all his available time to its care, through hot summer days and almost all kinds of inclement weather. Through the growing season he may be found constantly engaged in his war against weeds, cultivating flowers and trees or giving special attention to graves at the request of persons who have loved-ones buried here. Anyone desiring to make a contribution to Mr. Chambliss, may leave funds for him with Legionnaire J. R. Whitworth at the First State Bank.

The Armed Service

Tunnell of the U. S. arrived home Monday, San Diego, California, with his parents, Mr. F. Tunnell.
Mrs. Guy Kimbell of spending a sixteen-day visit with his parents, Mr. G. Kimbell of White...

Well, I have a slight change to make—I'm not a "lone wolf" any more, but I'm howling just the same!

Here's many thanks for the paper Ben and all of those who make it possible for us to receive it.

Hoping to receive some more papers soon.
Your friend as ever,
Cpl. John W. Cook
U. S. Army Air Force Overseas.

Dear Editor:
Just a few lines to let you know that I've moved again; this time it is Ireland. The country here, in my estimation, is more beautiful than England, but maybe the reason that I like here better is because it was raining all the time I was there; but I'll still take the good old U. S. A.

I haven't seen the Tribune for some time now, so would appreciate it very much if you would send it to me here at my new address. I enjoyed it very much when back in Denver, so keep up the good work, and thanks ever so much.

Sincerely,
T-Sgt. Billy W. Sanders

Pvt. E. D. Lawrence of Shepard Field, spent the week-end with his family here.

C. W. (Billy) Newberry, F. 2-c, aboard ship and receiving his mail in care of the fleet postoffice, San Francisco, writes this week:
"Dear Mr. Meador:
It is a great pleasure to sit down and write to you, and tell you how much I appreciate the paper. I really enjoy it. I think it is the largest, little paper ever printed and you will never know how much it helps to know the address of some of the boys that I went to school with.

If it is not asking too much of you, could you give me the latest address of Joe Shirley of Roaring Springs? I want to get in touch with him; have been trying for some time now.

Well, lights are about to go out, and when they say lights out, they mean for them to go out.

A Reader,
Billy Newberry."

Cpl. James H. Henson of Lubbock Army Air Field was a Matador visitor this week.

FLOMOT SPORTS NEWS
"LONGHORN'S BELLOW"
Last week-end, February 25-26, the basketball teams played in a tournament at Quitaque.

The B team won first place, and the senior team won second place. Weldon B. Merritt was high point man from Flomot.

We are very proud of these boys and hope they will be winners next time.

LEWIS NEWMAN, Manager

Would your car take-off and fly with 100-OCTANE GASOLINE?

"I had a strange dream last night," said the A-Card Driver. "Somehow I got a tankful of 100-octane gasoline; and when I left the gas station, my 1939 puddle-jumper had such fantastic pep and power that it took-off and sailed right over the head of the traffic cop."

Strange dream is right! Because strange as it seems, today's 100-octane aviation gasoline will not greatly improve the performance of today's cars. Your present engine was designed for the gasoline which was available at the time you bought your car, and 100-octane would add little or nothing to its satisfactory operation.

When victory comes, however, automotive designers will undoubtedly develop smaller, much higher compression engines which will deliver remarkable mileage and power with post-war super fuels.

When that day arrives, Phillips will be ready... because Phillips was one of the first, and remains one of the largest makers of high octane aviation fuels. Phillips present production of 100-octane gasoline could fuel

enough Flying Fortresses to drop 600 tons of bombs on Berlin daily. And soon the figure will be stepped up to an equivalent of gasoline sufficient to drop 800 tons of bombs per day on the German capital.

Actually, this American super fuel is not gasoline made by ordinary refinery processes. It is a true synthetic chemical, made by chemical processes which rearrange the petroleum hydrocarbon molecules.

That is why we say: Every time you see the Phillips 66 Shield, let it remind you that Phillips refineries, in addition to producing gasolines, lubricants, and fuel oils... are also gigantic chemical plants pouring out weapons for victory.

Worthwhile Projects Are Sponsored By National Congress Of Parents-Teachers

To promote the welfare of children and youth in home, school, church and community is the primary aim of the National Congress of Parents and Teachers as carried out by Parent-Teacher associations functioning in the communities throughout the nation.

Other objects of the organization are: To raise the standards of home life. To secure adequate laws for the care and protection of children and youth.

To bring into closer relation the home and the school that parents and teachers may cooperate intelligently in the training of the child.

To develop between educators and the general public such united efforts as will secure for every child the highest advantages in physical, mental, social and spiritual education.

In an earnest effort to fulfill these worthwhile objectives, through the cooperation of a national organization. The Matador Child Welfare Association became a Parent-Teacher Association early in the school year, and membership in the movement is solicited by the group, in order that the youth of the community might better be served.

The small fee of fifty cents is all that is required to become a member of the Matador Parents and Teachers Association in order to help carry out the objects of the National Congress, besides the many special projects which are being performed for the benefit of children in the Matador public schools.

The Matador P-T-A sponsors the school lunch room which serves over a hundred and fifty school children, hot balanced meals, with milk each day at noon for the small sum of fifteen cents. Free meals are served to underprivileged children.

The organization supplies the schools with all first aid equipment. A recreational program for boys and girls of junior high and senior high school age has been planned by the P-T-A and the Junior and Senior classes were entertained on February 22.

Cooperation of the community is badly needed if this project is carried out to a success and everyone realizes that wholesome recreation is one of the vital needs for boys and girls of teen age.

The Matador P-T-A has helped with Health projects in the schools this year. The Association has and will give financial aid to those school children who need preventative serums.

The P-T-A has bought almost every picture that adorns the walls of the grade school classrooms, and in many instances has bought library books.

In summing up these objectives, one member of the executive board declared, "If we can have the whole-hearted support of the community, this organization can accomplish great things for our boys and girls."

Vows Exchanged By Miss Marion Riley And Cadet Reilly

Miss Marion Riley of Boulder, Colorado, became the bride of Aviation Cadet Maurice R. Reilly, Saturday evening, March 4, 1944 at 8 o'clock in an impressive twilight ceremony performed in the chapel of the Eagle Pass Army Air Field at Eagle Pass, Texas, where the bridegroom is stationed.

Vows were exchanged before Chaplain Hal Martin, parents of the couple, and twenty cadet friends. Nuptial music, played by the chapel organist, included "At Dawning" and the wedding march from Wagner's "Lohengrin".

Following the ceremony, a reception was held for the bridal party. The bride, given in marriage by her mother, Mrs. Gladys Riley of Boulder, wore a white satin wedding dress with blush veil, held in place with a crown of orange blossoms. Her bouquet was white orchid with white carnations. Maid of Honor was Miss Emma Jean Mullenix of Boulder, who wore a full-length gown of pink marquisette with a shoulder-length veil held with pink carnations. She carried a bouquet of blue iris.

Aviation Cadet Ralph Queal attended the bridegroom as best man. Miss Reilly is a graduate of the University of Colorado at Boulder where she met Cadet Reilly, who had enrolled there after his graduation from Lake Forest Academy, Chicago.

Leaving his studies to enter the Army Air Forces February 19, 1943, Cadet Reilly received his first training at Jefferson Barracks, Missouri, and from there was sent to Michigan State University. For pre-flight training he was sent to San Antonio, Texas, and received primary training at Pine Bluff, Arkansas. His basic was received at Independence, Kansas and he is now receiving advanced in Single Engine Pursuit at Eagle Pass.

He is the son of M. J. Reilly, manager of Matador Ranch headquarters here and Mrs. Reilly, who was raised here and graduated from Matador High School. Continuing an athletic career begun in high school, he was recognized as an

outstanding football player at both Colorado University and Lake Forest Academy and was known in both institutions and by an enthusiastic following of fans, as "Tex" Reilly. Until Cadet Reilly completes his present course and receives his wings in April, his wife is residing at Carizo Springs near Eagle Pass.

Mr. and Mrs. M. J. Reilly returned home Monday, after attending the wedding, accompanied by Mrs. Gladys Riley and Miss Emma Jean Mullenix, who remained here as their guests until Wednesday when they continued to their home in Boulder, Colo.

Elm Trees Offered Local Residents

With the advent of another spring, long-established city beautification plan of the Matador Lions Club went into action early this week. Particular work on beautification by the club has been annual program of tree-planting established over ten years ago. The result is that Matador, once almost barren of trees, is now almost like a square mile park in the summertime. Many residents have more elm trees than space for them to grow. Others may have need for trees to set out this spring. The Tribune will act as an exchange. Anyone desiring more young shade trees or having a surplus of trees, please telephone 123. There is no charge for the service.

Aleutians Have Fantastic Climate

BREATH-taking beauty may often be found in the changing vistas on the Aleutian Island, as the above scene made near Cold Bay. Navy Seabee Claud Wilson CCM, who spent approximately one year on the islands, including Attu, lent the above photos to the Tribune for making engravings.

FANTASTIC weather was a constant problem to armed forces on the islands. The above quarters is the one in which Seabee Wilson spent much time. It was not unusual to awaken and find snow higher than the door, which required shoveling before men could climb outside.

MODERN CONVENIENCES were scarce on the Aleutians when Seabee Wilson was stationed there. He declared the above scene typical during extreme weather. The Tribune hopes that some of its uniformed readers stationed in the tropics will find consolation in their location when compared with the above scene.

MAYBE... future cars with Glareless Lighting

BUT... OIL-PLATING YOUR ENGINE is like outdoing the future - today

3,965,194 people bought the "latest" cars—mostly 1941 models. Twenty-odd million cars are still older. All the probable new car orders—even if dated today—won't be quickly filled. Then what future car improvement is likely to mean more than the instant improvement of your present car's health?

The least you can do for it is to have unsuitable scratchy old Winter oil drained. But get more than an oil change; adopt the major advancement of oil that OIL-PLATES—simply by getting Conoco Nth motor oil for your indispensable Spring oil change. Conoco Nth adds protective OIL-PLATING to working parts by "magnet-like" effect. This comes from the special modern synthetic in Conoco Nth oil... at regular price.

OIL-PLATING defies engine acids. These infest every engine; they're part of every explosion. They tend to corrode metals most when your engine's driven little—not heated throughout—often re-started after full cooling. Yet even for more favorable postwar driving you'll want acid-resistant OIL-PLATING. Why not get it without waiting? Today! Simply change to Your Mileage Merchant's Conoco Nth oil for Spring. False Fire Alarm Arouses Populace

Sleeping residents were aroused to bewilderment shortly before 6:30 Sunday morning when the city fire department siren began a terror-evoking series of screams that might have originated in some world other than this one. Instead of the familiar single signal of fire the alarm continued intermittently for several minutes, but with no particular pattern.

Speculation ranged all the way from an air raid to end of the war and brought much of the male population down town garbed in bath-robos, pajamas and other apparel unusual to street
