Death Claims Pioneer

Death claimed one of Motley county's earliest pioneers late Friday night when Mrs. J. L. Moore, 82, died in Matador. Funeral services were held by Rev. G. E. Turrentine at the Matador Methodist church at 3 p. m. Sunday and interment made beside her husband in East Mound cemetery.

Mrs. Moore had been ill but a short time and her condition was believed improving. She died suddenly about 11:30 Friday night.

Mrs. Moore was born in Campbell county, Tennessee, January 30, 1862 and moved with her parents to Tarrant county at the age of ten. She later resided in Young county and was married to John L. Moore in Graham, November 25, 1885. The couple moved to Motley county before it was organized, where Mr. Moore was employed as a cowboy. Moving to Matador, Mrs. Moore owned one of the town's first enterprises. She operated a millinery store here before the town was organized. She was later employed by the old Matador Mercantile company for about 15 years. Mr. Moore was at one time in the pioneer history of the county, appointed sheriff to fill out an unexpired term.

Church Member 60 Years
Mrs. Moore had been a member of the Methodist church for approximately 60 years, having professed faith at Caseyville, Young county, during a protracted meeting. Mr. Moore preceded her in death April 5, 1938.

Survivors are three brothers and one sister, John F. Gibson, Paducah, J. J. Gibson, King county, Charles F. Gibson, Aspermont and Mrs. E. L. Ribble, Crowell. Pall bearers were nephews: Roy Gibson, Merrick Gibson, Malcolm Morris, Thurman Moore, Ralph Shonefelt and Curtis Ribble.

Cottle Pastor To Conduct Services

Rev. Tom Goodman, whose home is in Paducah, will be the supply pastor at the First Baptist church here, Sunday, July 30, according to an announcement made Tuesday by Rev. H. G. Verner.

Rev. Verner started a ten-day revival at Becton, Lubbock county, yesterday, which will continue through Friday, August 4th. Rev. B. H. Baldwin is the regular pastor at the Becton church.

Rev. Goodman will conduct only the morning services here Sunday, as the evening services will be dismissed for the Methodist revival now in progress.

Jimmy Guest Has Narrow Escape In Tractor Accident

Jimmy Guest, 13, son of Mr. and Mrs. David Guest, former Matador residents who now live at Turkey, probably owes his life to his quick thinking and quick action during an accident on Mrs. L. B. Archer's farm east of Matador, Saturday afternoon.

Young Guest, visiting his uncle, Lewis Eudy, had gone to the Archer farm to aid in field work. With others employed in the field he was standing behind the tractor the clutch of which became engaged while the engine was in reverse. Retreating from the advancing tractor, he found his escape cut off by a pick-up truck and attempting to get out of the path, he fell, but used his wits to crawl forward under the tractor to safety in front of it. Struck by a wheel of the tractor and pinned against the pick-up he suffered a laceration directly over his heart which penetrated between his ribs and required four stitches at the Trawek hospital where he was rushed for medical treatment. He also suffered a burn on his right ear, which was probably brushed by the tractor wheel. His injury was considered minor, altho the laceration would have brought in a death had it been a fraction of an inch deeper.

SOIL DISTRICT IS DECLARED FREE OF BUREAU CONTROL

Certain criticism has been slanted toward soil conservation districts, charging that they are controlled by bureaucrats from different central points in the nation, according to county agent J. R. Emmons. While some of the criticism may have been true in the past, a different pattern is presented by the Amended State Soil Conservation Act, HB-444, of the 47th Legislature, Mr. Emmons declares.

Control of the districts rests with ranchers and farmers, under the state law which provides an excellent opportunity for the property owners to operate their own business as an organized group and without any foreign influence. By law, control must rest with a soil conservation board made up of local resident landowners, which has the sole right to set the board's regulations and policies. Principal purpose of the proposed Motley-Cottle county districts, to be known as the Upper Pease Soil and Water Conservation District, is that the organization will be in a more favorable position to receive use of machinery released by the government after the termination of the war. Election date has been set for August 12th.

Clerks Are Appointed

Mr. Emmons said the following clerks have been appointed to serve in their respective communities: Roaring Springs: Alfred Dye, L. E. Kingsley and Loyd Stafford. Matador: T. E. Cammack, C. T. Jinkins and W. T. Patton. Whiteflat and Whitestart: James Taylor, Ben Edwards and A. K. Wilkinson. Flomot: Luther Turner, C. B. Jones and Bud Morris, Northfield: Delmont Hays, Newlin Timmons and John Edward Payne.

4-H Encampment To Be Held Next Week At Roaring Springs

A two-day encampment for 4-H girl club members of Kent and Motley counties will be held at Roaring Springs, August 3-4. Miss Lois Jo Bentley, Home Demonstration agent has announced.

Miss Bentley and Miss Dorothy Snelling of Jayton, H. D. agent for Kent county will attend the girls, together with a mother or sponsor for each club.

Club members eligible to attend the camp are those who have finished four out of six goals in food and clothing. The goals were set by the girls themselves earlier in the year.

An interesting and instructive program has been arranged for the two days, including a number of new projects. An attendance of approximately 100 club members and sponsors is anticipated.

FIVE-COUNTY SINGERS TO MEET AT GASOLINE

The Five-County Singing Convention will meet Sunday, July 30, at Gasoline, according to an announcement made this week by Tab Williams, president of the association.

The meeting will be all-day, with dinner on the ground. The association is comprised of Motley, Floyd, Dickens, Cottle and King counties.

W. R. Cammack

Three Democratic nominees in Saturday's primary (tantamount to election), above, are Hubert Lee of Cottle county who won the state representative race over H. C. Preslar with a margin of only 296 votes in the four counties. H. H. Courtney re-elected Sheriff, Tax Assessor and Collector without an opponent and County Judge and Ex-officio county superintendent who was also re-elected without an opponent. News engravings of other winners in the election are not available.

Special Services Being Held During Revival Meeting

Revival meeting held at the Matador Methodist church by Dr. Frank L. Turner who is delivering the messages and Rev. R. Eugene Britain in charge of singing and young people's meetings, has featured a series of special services this week. Special services were held for colored residents of the community Tuesday night, which was well attended by the visitors. Special services were held for young people Wednesday evening.

Tonight outstanding services will be held for men and women in the armed services. Parents and relatives are asked to attend in the absence of those who can not be present because of their service to the country.

A series of socials has been held in private homes during the week following regular services at the church.

Much interest is being shown in the meeting and large crowds have attended each service. The meeting will close Sunday night.

Light Vote Cast In First Primary

RECORD CROWD AT ELECTION PARTY

Only moderate interest was evidenced by the record crowd which filled the streets of Matador until near midnight, Saturday. Practically every available parking space in the business district was filled, while a large crowd witnessed the Pantex Ordnance Plant exhibition truck, picture show and listened to music and election returns broadcast over the public address system.

Pantex Likes Reception
Officials of the Pantex personnel department expressed their gratitude to the Matador Lions Club for the sponsorship of their exhibition here and the general reception given them by the public. One official declared: "We have not received as much cooperation anywhere as shown us in Matador. We regret the mechanical trouble in the loud-speaker system developed during the period when election returns were being made. Please express our thanks to everyone for contributing to the success of our visit here."

Use of the public-address system was made available to Dr. Frank L. Turner, conducting the Methodist revival here, for services on the court house square at 4 p. m. Saturday.

Pantex manufactures bombs and shells for the fighting fronts and at present so many orders are on hand that the plant is hard-pressed for sufficient help to keep up schedules. A number of applications were signed by county residents to begin work in the Amarillo plant.

Tribune Delivered On Bloody Saipan

The sun never sets on Tribune readers. Cpl. Burrell A. Tipton with the 2nd Marine Division on Saipan island has received his first mail after the island's conquest. It was a copy of the Tribune, the home newspaper which he printed for eight years before volunteering in the Marines. Cpl. Tipton is a veteran of Tarawa. In his undated letter written on Saipan and postmarked July 16, he says: "You can chalk up another 'first' for the Tribune. The first mail I received here on Saipan, was the Tribune, and a recent issue at that. I landed in the first assault wave..."

Publishers of the Tribune desire to express sincere appreciation for the following unsolicited contributions to the boys-in-service-subscription-plan, received since last publication: Mrs. J. H. Whitehead (Portales, N. M.) \$1. Lee Thomas (Northfield) \$2. R. H. Tanner (Flomot) \$1.50. Matador Land and Cattle Company (Denver, Colorado) \$15. Mrs. J. V. Shirley (Roaring Springs) \$2. J. M. Duren (Roaring Springs) \$50. Mrs. Curtis King \$2.

Farmers Save Over \$1,350 In 1943 On One Variety Lint

Motley county cotton farmers saved more than \$1,350 during 1943 through participation in the one-variety cotton program as provided for under the Smith-Doxey Act for members of organized cotton improvement groups, according to tabulations made by county agent, J. R. Emmons.

In addition to free classing, which amounts to 15¢ per bale, market news is also available to members. The service will be available to farmers this year.

Officers of One-Variety Cotton groups, according to gin communities, are: Roaring Springs—Ennis E. Moss, president, Herman Havis, group representative and George C. Springer, alternative group representative. Matador—U. L. Willie, president, Elbert Reeves, group representative and W. I. Rushing alternate group representative. Flomot—C. W. Webb, president, Tom Speer, group representative and Henry S. Gilbert, alternate group representative.

Matador—Lockett 35, Hybrid 97, Cluster and Delta 27 and Acala 18. Flomot: Hybrid 143. Of the total 334 members, Hybrid is favored with 250 growers.

Only One Run-Off Remains In County

LIGHTEST VOTE in many years was registered in Motley county Saturday when slightly over one thousand qualified voters went to the polls, as against some estimates of as high as 1,400. County and District Clerk R. A. Seay polled the highest number of votes, with 1,002 (all figures are unofficial).

Doug Meador was nominated County Commissioner of Precinct one with a clear majority over his three opponents. He received 302 votes against Marshall 18, Rushing 76 and Hill 121.

Henry F. Pipkin was reelected to precinct one Justice of the Peace office with 336 votes against R. H. Eskridge 173.

Lee Has Easy Victory
Hubert Lee of Cottle county achieved easy victory over H. C. Preslar, Childress county, with almost three to one votes, for the place of state representative, 121st District, in Motley county. Sunday Childress Index declared Preslar received a big majority in his home county and carried Hall county. Lee won by a landslide in his home county. Unofficial and incomplete returns gave Lee 3,076 to Preslar's 2,770 in the four-county district.

Governor Coke Stevenson won over his eight opponents for the democratic nomination of governor. Motley county voted 784 ballots in his favor. Congressman Eugene Worley rolled over his single opponent, La Marr Bailey of Amarillo for the 18th Congressional district nomination, carrying every county in the district. Worley had 23,320 votes to Bailey's 4,548.

 Franchised Bottler: Pepsi-Cola Bottling Co. of Lubbock

Hey, Chum! Wanna buy some nice fresh kilowatts?

It's not likely that a shifty, fast-talking gent will ever slide up to you with such an offer.

Bootleggers and Black Markets exist only where there are shortages—and a chance to make big profits by breaking ceiling prices.

There are no Black Markets in electricity, nor are there any shortages.

And far from pushing against price ceilings, the price of electricity has stayed right down on the floor. In fact, over the last 15 years, the average price to the average family has been cut just about in half. Of course, you probably have more electric appliances and use more electricity today than you did then—but you're getting twice as much for your money!

Your thanks for such a big bargain belong largely to your friends and neighbors who work with this company. They're doing a better job every year.

CITATION BY PUBLICATION

THE STATE OF TEXAS

TO DOROTHY TURNER,

GREETING: You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 11th day of September, A. D., 1944, at or before 10 o'clock A. M., before the Honorable District Court of Motley County, at the Court House in the town of Matador in Motley County, Texas.

Said plaintiff's petition was filed on the 24th day of July, 1944. The file number of said suit being No. 1168. The names of the parties in said suit are: James Turner vs. Dorothy Turner, James Turner, as Plaintiff, and Dorothy Turner as Defendant. The nature of said suit being substantially as follows, to wit:

A suit for divorce, the plaintiff charging that he and defendant were legally married in Seattle, Washington on 21st day of May, 1943, and lived together as husband and wife until on or about the 26th day of December, 1943, when, as charged by plaintiff, defendant admitted to him that she had, on or about the 15th day of December, 1943, and on other occasions about said date, committed adultery with one McGinnis, a

sailor, whose first name is unknown to plaintiff, and with other men whose real names are unknown to plaintiff, but some of whom are known by the nick names Chico Jimmie, Baby and Bill, and that defendant had brazenly admitted that she had been having immoral and sexual relations with all of the men named above, and defiantly told plaintiff that she only married him to get the allotment allowed sailors for the support of their wives, during the present war, plaintiff then being a sailor in the active service. That thereafter plaintiff abandoned de-

defendant and has not lived with her as his wife since. That no child or children have been born to plaintiff and defendant as the fruit of such marriage, and that they have no community property, the plaintiff praying for divorce.

Issued this the 24th day of July, A. D., 1944.

Given under my hand and seal of said Court, at my office in Matador, Texas, this the 24th day of July, A. D., 1944.

R. A. Seay, Clerk,
District Court, Motley
County, Texas.

My Sincere Thanks

I am deeply grateful for the splendid support given me in Saturday's primary election. I want to take this means of thanking everyone who aided in any manner to warn my campaign.

I'm a terrible SHERLOCK HOLMES

PLEASE HELP ME!

I'M AN EXPERT, when it comes to checking tires for inflation, cuts and bruises, and re-capping . . . and I'm even more of an expert at lubricating cars, of any age and make, right from front bumper to tail-light.

But when it comes to catching counterfeit gasoline ration coupons, I'm a washout! Believe me, every service station man in the country tries, because it is his patriotic duty. We know that oceans of oil are needed to win the war, and we know that unless the black market in gasoline is broken, there may not be enough to go 'round.

So, help me and help yourself and your Uncle Sam, by endorsing the face of every coupon in your possession.

Don't take any gasoline coupons from anyone as a gift! Don't accept gasoline at any price without giving up coupons! And use the legal gasoline you buy for essential driving only!

I have asked you to help me; in return, I'll be glad to help you. Bring your car in any time for the many Tire-Saving and Car-Saving services I offer. Some are free, and some carry a small charge for materials and labor. But they are a big aid in making your car and your tires last longer and go further.

You'll find me at the Orange and Black 66 Shield, the famous sign of Phillips 66 Gasoline and Phillips 66 Motor Oil.

In Appreciation

Friends are the richest possession any man can hold and I want to express my appreciation to everyone who contributed in any measure to my nomination in Saturday's primary election.

Since this is my first venture in public office I feel that I am highly honored by receiving a majority of votes cast. I want everyone in this precinct to know that I will strive with equal effort to discharge the duties of my office to the satisfaction of all the people. Whether you voted for me or not, I want to merit your confidence as your commissioner.

YOU GET SO MUCH FOR SO LITTLE!

War causes costs to go up. Your dollar buys less of almost everything... it takes plenty more of them to run your business and your home. Taxes have soared, but one thing that remains the same is your electricity. Your dollar buys twice as much electricity for your home as it did in 1939. Today your electricity is carrying two jobs... a war job and its regular job of peace. You are asked not to be wasteful in its use, but in spite of this double task your electricity has been there when and where you wanted it... there is never any "standing in line."

The proudest title in the Army

IT CONSISTS of two simple words.

Yet every soldier who's worth his salt covets it.

This title is simply:

"Good Soldier."

It isn't just happenstance that so many women in the WAC have earned this title—the proudest in the Army.

For wherever Wacs are working, both here and overseas, there you find a job well done. And done with a spirit so gallant and fine that high Army officers everywhere say of the WAC...

"They're soldiers. Good soldiers!"

"Good Soldier"
