Lions Entertainment Outstanding Success

Bidding was high, wide and handsome, with the sky the limit and no ceilings set, at the entertainment and auction held by Matador Lions Club in the school gymnasium Tuesday night.

With Lion Henry Ford acting as auctioneer, sugar sold for \$7.50 per 5-pound bag, bacon at \$1.00 per pound and nylon hose brought \$6.50. Other "scarce" items which were auctioned included Kleenex, alarm clocks, chewing gum, tires, Prestone, electric irons, paint, garden hose, diapers, Jello, Kodak film and Hershey bars. All merchandise was donated by Matador merchants.

Three pairs of nylon hose were raffled off and won by Miss Alene Bloodworth, Mrs. Hub Swearingen and S. D. Rattan of Flomot. Two tires were won by Hoyet Burnam and Mrs. Russell Surles. Lucky ticket for a \$25.00 savings bond, donated by First State Bank, was held by W. T. Patton.

Enjoyable Show
Proceeding the auction, a group of boys from Boys Ranch, Tascosa, entertained with a highly enjoyable tumbling show, and "Stuttering Sam" Hunter, Amarillo radio performer with Cal Farley's daily broadcast, entertained with jokes and anecdotes.

Composing the tumbling act were the following boys: L. G. McDowell, Billie Jack McLaughlin, Billy Marsh, Ronald Johnson, Jim Farmer, B. O. Oliver, Claude McSmith, Russell Reneau, Pat McCarthy, Dale Hulsey, Kenneth Hutto, Joe Wayne Johnston and Bobby Hutto. They were accompanied by their director, Ralph Dykeman.

Profits which the Lions Club received from the auction, entertainment and advertising amounted to around \$800.00. Officials said and will be used in promoting the Matador school athletic program in purchasing new football equipment.

The Matadors have had very little new equipment during the past 5 years, and it is estimated that around \$1,767.00 is required to finance a team through a season especially if a large amount of equipment is necessary to be replaced.

SCOUTS CUB PACK TO MEET MONDAY

The Cub Pack of the local Scout troop will meet Monday evening, April 1, at 7:30 o'clock in the basement of the Methodist Church with Pat Lewis of Lubbock, area Boy Scout executive, present it was announced this week.

All cubs and their parents are urged by Cubmaster W. N. Pipkin, to be present for this meeting.

Flomot Is Winner In District Track Meet

Records toppled right and left Friday afternoon as the Flomot Senior boys made off with the district 4-B crown in track and field events. Taking eight out of fifteen first places the Flomot team rolled up a thirty-three point margin over their nearest rivals and set seven new district records.

Final scores were: Flomot 74; Estelline, 41; Silvertown, 24; Turkey, 15; and Quitaque, 4. The Estelline boys showed surprising strength in the individual races, taking first place in the 100, 220, 440 and 880 runs, and Coker of Turkey made off with the mile run in record time, but Flomot took both relays, the low hurdles and all five of the field events.

Legless Singer Joins 'Handicap' Band

Cpl. Johnny Caton of Hamilton Field, Calif., looks over some music with new vocalist recruit for his handicapped veteran's band.

The dimpled Miss is 16-year-old Jo Ann Jackson of San Francisco, daughter of Mr. and Mrs. Gordon Jackson, and granddaughter of Mr. and Mrs. J. M. Jackson of Matador.

She lost both her legs in an accident a year ago, when she was knocked down as she stepped in the path of an approaching street car as she and her mother got out of their parked car on a San Francisco street.

Last week, she underwent another operation, which was necessary before she will be able to use artificial limbs.

Caton, who lost use of his right hand in a shotgun blast, took up one-handed drumming, started the band, and now has some "name" band vets on his roster.

ROARING SPRINGS BUSINESS MEN'S CLUB NOW LIONS

The Roaring Springs Business Men's Club, recently organized, was dissolved in a meeting held Wednesday of last week, and its members organized into a Lions club with 30 members.

President of the new club is S. J. Braselton; vice president, Harold Jones and secretary-treasurer, J. D. Mitchell.

Principal speaker at the luncheon and organization meeting was K. L. Riggs, Lubbock insurance man and member of the Lubbock Lions Club. Riggs helped organize the club. The Lubbock man spoke on juvenile delinquency, recommending that the Roaring Springs High School gymnasium be kept open during the summer, and equipped with facilities for the recreation of youngsters of the community.

Among the guests were Quin Baker, vice president and general manager of the Quannah, Acme and Pacific railway and W. L. Richardson and C. S. Edmonds, also of the Q. A. & P. Motley County Judge, W. R. Cramack and Pat Sheridan of Matador, and Pat Lewis of Lubbock, area Boy Scout executive.

ROARING SPRINGS RESIDENT DIES OF HEART ATTACK

A heart attack claimed the life of Mrs. J. F. Bridges of Roaring Springs, Saturday, March 16, as she visited in the home of her daughter, Mrs. Dale King, also of Roaring Springs, shortly after visiting friends and shopping in Matador.

H. H. (Cy) Courtney, Sheriff of Motley County, barely escaped with his life in an affray with a prisoner late Wednesday afternoon, in which he received a gash in his throat and cuts under the left eye and on the right hand. The prisoner, Alfred Brooks, about 19, who had been retained in the Lubbock jail for the past month and half, was being brought to Matador by Courtney, to stand trial today, for car theft.

The surprise attack was staged in attempt by Brooks, to escape, and occurred at Bob's Cook Shack, where they had stopped for a bite of supper, before proceeding to the local jail.

After eating a hamburger, the prisoner attacked the sheriff with a paring knife which he concealed on his person. Harvey Campbell, a trusty serving a term in the local jail, who had accompanied Courtney to Lubbock, jumped to his rescue, hitting Brooks over the head with his fists. Mrs. Jackie Jackson, waitress at the Cook Shack, also rushed to the rescue, with a pitcher of cream, which she broke in hitting the criminal on the head. By that time Courtney had secured his pistol, which he used as a club, beating his assailant until he relinquished his hold and was forced to surrender. Both Courtney and Brooks were treated at Traweck Hospital for injuries received.

Brooks had served a jail sentence in Albuquerque, N. Mexico, for burglary, and was under a 2-year suspended sentence for burglary at Midland, Texas, and also two felony indictments for burglary at Tulsa.

About two months ago he stole a pickup in Amarillo, which he abandoned here, escaping in an automobile belonging to John Meason of Roaring Springs. He was caught at Paducah, returned here, and later taken to Lubbock to await trial.

 AND ENJOY THE
 Difference!**

PLUG IN... I'M REDDY!

Food, fuel and clothing are higher. But electricity is still
 cheap!

Today, electricity for the average household costs only about
 half as much as it did fifteen years ago. If your bill is a little
 higher than it was then, that's because you use a lot more
 electrical appliances. And you're getting just about twice as
 much for your money!

Why is electricity so cheap? Because tax-paying electric com-
 panies under experienced business management have done
 a better and better job of bringing the benefits of electricity
 to more and more families at lower and lower prices.

 Wednesday afternoon after
 school, the Seniors split the
 breeze to dear old Roaring
 Springs. The boys kept the girls
 in a frenzy with crawfish, sev-
 eral dips in the icy water, and
 missing shoes later found in
 the treetops. After all this
 rough-house, a delicious picnic
 lunch was spread by Mrs. White
 and Mrs. Bloodworth. A deligh-

 close with games and dancing
 in the home of Jolene Blood-
 worth.

 The Juniors took off in high
 for the well-known spot of
 Roaring Springs Tuesday even-
 ing. They played baseball, both
 boys and girls, until everyone
 was exhausted. After starting a
 huge bonfire, everyone roasted
 weiners, and ate until the chape-
 rones, Miss Fussel, Mr. Allen
 and Mrs. Sanders began to get
 uneasy about them. After every-
 one finally finished, and the
 boys tried to beat each other
 broadjumping the creek, every-
 one gathered around the camp-
 fire to get warm and dry and
 shoot the breeze. Believe me,
 there was a tired bunch of kids
 when they got home.

CITATION
THE STATE OF TEXAS

 You are commanded to ap-
 pear and answer the plaintiff's

 A. M. of the first Monday after
 the expiration of 42 days from
 the date of issuance of this Ci-
 tation, the same being Monday

 trict Court of Motley County,
 at the Court House in Matador,
 Texas.

Said plaintiff's petition was
 filed on the 18th day of Sep-
 tember, 1945.

The file number of said suit
 being No. 1198.

The names of the parties in
 said suit are: Gordon H. Camp-
 bell as Plaintiff, and Vivian
 Campbell as Defendant.

The nature of said suit being
 substantially as follows, to wit:
 A suit for divorce, alleging that

 ty, Texas, and that the resident
 of the defendant is unknown;
 That plaintiff and defendant
 were lawfully married in Yuma
 Arizona on Dec. 16, 1942, and
 lived together as husband and
 wife until April 1943; That
 plaintiff was kind to defendant
 and provided for her support,
 but defendant abandoned plain-
 tiff, without cause, and left
 Yuma, went to Phoenix and

**Farmers Reminded
 Of Crop Insurance
 Deadline April 25**

Applications for Federal Cot-
 ton Crop Insurance must be
 signed before the crop is plant-
 ed, Roy Burleson, member of
 the County ACA Committee,
 pointed out today.

In Motley County the dead-
 line for obtaining insurance on
 the 1946 crop is April 25th the
 ACA official explained, but he
 emphasized that the application
 must be made before the crop
 is seeded.

The insurance covers all un-
 avoidable risks, he contined,
 such as hail, drought, floods, ex-
 cessive rains, insects, diseases,
 wind, frost, snow, wild life,
 hurricanes, and tornadoes, but
 it does not protect against avoid-
 able losses such as negligence,
 damage to quality, or failure to
 prepare land, plant or cultivate
 according to good practices.

To date 27 applications for
 insurance have been filed in the
 County ACA office. Producers
 wishing to take out insurance
 can sign up either in the county
 office or with any of 5 official
 FCIC sales agents in the county.

"The agents are attempting
 to contact every cotton grower
 in the county", Mr. Burleson
 pointed out, "but it is possible
 some may be missed. The insur-
 ance is available to all pro-
 ducers, and those who are not
 reached by the agents should
 come to the office to sign up."

To The Voters of the City of Matador

I would like to be your next City Secretary, and I believe I am qualified to hold the office. For the past four years I have served as secretary and treasurer of the Matador Volunteer Fire Department.

I have lived in Matador for the past 27 years, with the exception of about five years, from 1937 to 1942, when away at work.

There are a number of people who do not know me by my given name, which is Earl McBride. They know me by my nickname, "Pumper". My correct name, Earl McBride, will be on the city ballot.

I would like to see the voters take more interest in the election for it is the voters who pay the taxes. If you don't express your voting right at the polls, you are then voting for someone you do not want in office. Come out and vote at the City Election, Tuesday, April 2, 1946.

If I am elected your City Secretary, I want to assure everyone that an assistant will be on duty at the office at all times during office hours.

Yours truly Earl (Pumper) McBride

VERNON PLANS FOR FIRST SANTA ROSA ROUNDUP AND LIVESTOCK EXPOSITION

Civic leaders in North Texas today announced the plans for the first Santa Rosa Roundup and Livestock Exposition to be held in Vernon, Texas, May 29, thru June 2, indicating that it will be one of the largest and most colorful events ever designed or produced for North Texas, Southern Oklahoma, and New Mexico. It was revealed that a master plan for the undertaking has been prepared which includes grandstands, rodeo arena, stock barns and pens, exhibition buildings, carnival or circus grounds, swimming pool, airplane landing strips, and all other facilities in keeping with an undertaking of this magnitude.

Now under construction is an all steel grandstand, with a seating capacity of 5,000 persons, the most modern rodeo arena in the south, and landing strips. The plans call for paved streets and walks, and for ample parking space to accommodate many thousands. Because of the shortage of material and labor, the

entire development cannot be completed earlier than 1947.

To Open With Rodeo
The opening production will be a 5-day rodeo beginning May 29th, and running thru June 2nd including three evening performances with matinees on Memorial Day, May 30th, and the following Sunday, June 2nd. This show will be produced by Earl and Jack Sellers of Del Rio, Texas, prominent as leaders in rodeo productions of the United States. Both professional and amateur events are planned, and only the finest exhibition or speciality acts will be featured.

Here in the heart of a rich agricultural country, the beginning of the great livestock, produce, home craft, and semi-annual rodeo exposition has created the warmest public enthusiasm. Leaders are looking forward to the rapid development of the vast undertaking. The success of the project has been assured by E. Paul Waggoner, prominent ranch and oilman of Vernon, who has assumed financial responsibility for the construction and development of the master plan.

Beautiful Site
The rodeo and exposition site consists of approximately 150 acres located on the beautiful slope of Paradise Creek, one mile south of Vernon. Leaders

emphasize the fact that this will be the first exposition and rodeo ground in America affording landing strips for private planes. Air-minded America may now travel to its greatest rodeo and livestock exposition, land on the exposition grounds, and have their plane accessible for the return trip home.

It was emphasized that this semi-annual Rodeo and Livestock Exposition was not a local affair. It has been planned and designed by surrounding communities in a concerted effort to afford adequate recreational facilities and exposition grounds for all the communities and industries of North Texas, Southern Oklahoma, and New Mexico.

"This," said Mr. Waggoner, "is the first step in the realization of a dream for all who belong to this oil, agricultural, and cattle raising heart of the great Southwest."

Health Department In Need Of Books

The Texas State Department of Health is in need of a library of its own so that all those interested in giving health service may keep abreast of the advanced ideas in their line of work. Many of the problems encountered in dealing with public health require a great deal of research and information. These books are also needed for use by those interested in health questions and by students.

No money has been appropriated for a library and Dr. Geo. W. Cox, believes that public spirited citizens, industry and organizations in the State will donate enough books so that the state Department of Health may have a first class library without spending tax money.

Books are needed on the following subjects: Public Health, Medicine, Laboratory Technics, Nutrition, Pediatrics, Sanitary Engineering, Nursing and all subjects allied to those mentioned.

The Texas Society for Crippled Children has made the first donation of one hundred

dollars worth of books with the crippled children's books are needed by others so anyone who has books to donate should be sent to the department of Health.

DISTRICT CHAMPIONS INCLUDE ALL-STATE PLAYER

District 4B Champs!

Believed to be the first Motley County boy ever selected on an all-star basketball team, Barnele Washington, second from the left above, received that distinction recently, after the Flomot team won the district Class B Championship. The all-star team was selected by college coaches, officials and sports writers of the State, who saw the various teams in action during the season.

Washington, tall scrapping guard of the Flomot team was selected on the basis of his stellar performance in the district and regional meets as well as in invitation tournaments and in two class AA games. He also was a star on the Flomot Championship track team that won the district and area championships last spring, and was high point man as Flomot again took honors this spring. He was also

fullback on Flomot's undefeated Class B football team last fall.

REVIVAL MEETING TO CLOSE SUNDAY

The ten-day revival meeting in progress at the Baptist Church will come to a close with evening services Sunday.

Much interest has been shown in the meeting, and both morning and evening services have been well attended.

A cordial invitation is extended the public to attend the few services remaining. Rev. C. K. Roberts is bringing inspirational messages, and Rev. Dee Cates is doing outstanding work in leading the singing.

DOGS MUST BE TAGGED

All dogs in the community must be vaccinated and license tags for the year attached to collars, according to announcement made this week by Mayor Geo. Edwards. Danger of rabies, thru animal bites, becomes prevalent this time of the year, Mayor Edwards pointed out.

It will be necessary that all dogs appearing without license tags, be picked up, the mayor declared.
