### Union Service Is Held Wednesday Victory Announced After Anxious Wait

**"Peace On Earth Good Will Towards Men"**  
The Peace of today, and the world of tomorrow formed the nucleus of an address by Rev. G. E. Turrentine, pastor of Matador Methodist Church in special union services held Wednesday evening at 9 o'clock, in the Baptist church. A number of personal expressions of thanksgiving were made, at the invitation of Rev. Turrentine.  
The services were arranged under the sponsorship of Fleming Post No. 337, American Legion in cooperation with the churches of the city, after the surrender of Japan was announced by President Truman Tuesday evening.  
Fleming Post, in regular meeting, immediately formulated the plans for the service, naming Vernon Doss as master of ceremonies. Presentation of Colors was by Matador Boy Scout, with Bobby Harp in charge. Rev. H. G. Verner, Baptist pastor read the Scriptures, and benediction was by T. E. Wood, Church of Christ minister. Prayers, special music and congregational singing led by B. F. Tunnell, were also included in the service.  
With the exception of a minimum amount of celebration by the younger crowds, noted principally by the use of auto horns and a few fire-crackers, news of Victory Tuesday evening was met with a spirit of reverence and sobriety, in Matador.  
Many local residents realized that peace finally had arrived only when the fire siren and gin whistles began to blow at 6 o'clock.  
First State Bank, the post office and most business places remained closed throughout Wednesday.

Japan has surrendered and peace again reigns on earth. The announcement, anxiously awaited for so long, came over the air at 6 o'clock Tuesday evening.  
In making the announcement, President Truman said he regarded the surrender as "unconditional".  
"I deem the reply a full acceptance of the Potsdam declaration which specified the unconditional surrender of Japan. In the reply there is no qualification," he said.  
The Japanese note, however, directly followed one from Secretary of State Byrnes in which the Allies agreed that the Japanese would be permitted to keep their emperor, at least for a time.  
"V-J Day will be proclaimed after the surrender has been formally accepted by General of the Army Douglas MacArthur, who has been named by the President as the supreme commander to receive the Japanese surrender."

### BURIED ON LUZON

Pfc. Dalton C. Hall, former Roaring Springs boy was killed on May 9, 1945, along the Villa Verde Trail, Nueva Vizcaya, Luzon, P. I., according to information furnished relatives by his commanding officer, 1st Lt. Laurence V. Stronge of the 128th Infantry.  
Hall was guarding his position when an enemy artillery shell struck nearby, causing severe concussion and instantaneous death. Lt. Stronge wrote, "War is a terrible thing and one of the most horrible aspects of it is the loss of those we hold dear. Little as it may seem it is comfort to know that Dalton died fighting so that his loved ones at home could live in peace. He was buried with his fallen comrades in the United States Armed Forces Cemetery No. 1, Santa Barbara, Luzon, Philippine Islands."  
A letter to William L. Hall, a brother, from Capt. Carroll T. Aly, Chaplain of the 128th Infantry, stated, "... he is buried in our beautiful American cemetery at Santa Barbara. His funeral was conducted by Chaplain Hardin, and I assure you that he was given a Christian burial with full military honors. As his chaplain, I was always glad to have him attend the religious services which I held for his company."

### Turner Hunter Says Thanks For Tribune

Sgt. Turner Hunter writes from Germany, to thank the folks at home for contributing in any way in sending the home-town paper to boys in the armed forces. He says, in part, "... I have just finished reading every word in the last issue of the Matador Tribune that you sent me, so I wanted to drop you a few lines and try to tell you just how much I enjoy and appreciate the Tribune. It is the next best thing to a good visit in good old Matador. Thanks to all the good people who contribute to sending all of us boys the news from home. It is appreciated more than I could ever tell you. Lots of my buddies like to read your "Trail Dust" and they are also glad when I get my paper. Two fellows have spoken for my last copy when I finish with it. Again, I say thanks a lot for the paper, and hello to all."  
The editors join Sgt. Hunter and the rest of the boys in expressing thanks for the following unsolicited subscriptions received since last week, A. E. Westmoreland, \$1; Cpl. Merritt Faulkner, \$3; Mrs. Claude Wilson, \$1.50.

### NO CANNING SUGAR WILL BE ISSUED AFTER AUGUST 31

Issuance of sugar for home canning will stop August 31. W. F. Jacobs, chairman of the local food panel announced this week, and those who have received only 5 pounds per person and still need sugar for canning, should get their applications in as soon as possible, so distribution might be made before that date.  
Original plans were to continue issuance through October, but the local board has been advised to issue the entire allotment for 1945 by the end of August so that the home canning sugar program can be completed.  
Most of the applicants in this county received only five pound per person after the drastic cut in sugar rations was announced in the early summer.  
Those who received 10 pounds of canning sugar per person, early, may make application for the remainder of the allotment, with the possibility of obtaining the sugar if it is available, Mrs. Ina G. Price, of the ration office said.  
Mr. and Mrs. Wiley Bridges of Brownfield, visited here from Thursday until Saturday in the home of Mr. and Mrs. Joe Meador.

### O'er The Land Of The Free

The People are learning a new word; speaking it softly and whispering it in their hearts with apprehension. Peace is like awakening from a hopeless dream and seeing the bright sunlight of a new day. Dismal clouds are breaking away and the first unspoken question is: "When will they return?"  
There is mist behind the eyes of a gold-star mother for whom peace echoes with emptiness. The thin youth who leans on crutches and smiles, knows how much the hour has cost. A lonely little wife bends closer to a loudspeaker and listens, her eyes wide and dry, her hand tense; peace is spoken like a prayer. -Meador

### Revival Starts Friday

The public is cordially invited to attend a series of gospel meetings to be held at the Church of Christ, Matador, beginning Friday, August 17, to continue through Sunday, August 26.  
Mr. O. D. Fikes, an able minister whose home is in Rio Grande Valley, will do the preaching. Mr. Fikes is here on a return engagement, having conducted a meeting in Matador last year.  
Gordon Gatewood, an elder of this congregation will have charge of the song service.  
Services will be held twice daily, beginning at 10 o'clock a. m. and 9 o'clock p. m. No morning service will be held however, on the opening day of the revival, or on Saturdays, it was announced.

### Cecil Swim Home On Furlough Visit

T/4 Cecil Swim of the 13th Armored Division is home for a 30-day furlough which he is spending with his parents, Mr. and Mrs. J. T. Swim of Roaring Springs, his wife, the former Larnell Watson, and their new son, Cecil Jr., born last week in Stanley Clinic.  
Swim reached home the 2nd of this month after spending 6 months overseas. In Germany, he was in the battle of Ruhr pocket, and in the drive through Bavaria into Austria. He wears 2 battle stars on his campaign ribbon, and also has the Good Conduct ribbon and unit Presidential Citation for meritorious performance of duty. He has been in the service the past three years.

### HOME ON LEAVE

Lt. Howard Traweck of the U. S. Navy, arrived home Monday for a visit with his parents, Mr. and Mrs. A. C. Traweck, Sr., and is accompanied by his wife, Mrs. Mary Dell Traweck of Paducah, Lt. Traweck has been stationed on the west coast, but reported in Washington, D. C., before coming here on his leave.  
Mrs. W. W. McDowell has returned here to remain with her parents, Mr. and Mrs. T. E. Cammack, following her husband's recent departure for duty overseas. He was stationed at Dodge City, Kansas until recently when he was transferred to Kearnes, Utah, going from there to the west coast.

### Reactors to Bangs Disease Are To Be Branded Friday

Cows shown to be reactors to Bangs disease in tests made last week, will be branded Friday, August 17, by Dr. A. J. Lewis, state veterinarian who will be in Motley County for that purpose, that being required by state law, County Agent, J. R. Emmons announced this week.  
Out of 196 cows tested, 23 were reactors, or victims of the disease and 5 were "suspicious". These may have Bangs and should be re-tested in 60 days, Mr. Emmons declared. The percentage of reactors, 14.3% was considered large.  
Hospitals have been contacted as to the number of cases of undulant fever caused by drinking milk of cows having the disease, and at the present time six cases of the fever have been reported.  
Blood testing is the only sure method of proving cows have the disease, Mr. Emmons said. Likely signs of the disease are birth of premature calves, and cows having trouble in calving.

### School Opens Monday At Roaring Springs

Roaring Springs public schools will start the 1945-46 term, Monday, August 20, according to an announcement made this week by Henry Teague, newly elected superintendent.  
The teaching staff is complete Mr. Teague said, with the following teachers: Mrs. Joe Lancaster, Mrs. L. M. Miller, Miss Bessie May Smiley, Miss Gladys Beck, Miss Freda Keahey, Mrs. H. W. Keahey, Mrs. Deva King, Miss Esther Peck, Miss Bessie L. Medlin, Mrs. Jewell Cooper, and Mrs. Mable Barrett will teach the colored school. H. L. Hall is school custodian for the coming year.  
Mr. Teague, a graduate of the Crowell high school and Arizona Teacher's College, produced the championship teams at the Five-In-One school near Vernon, Texas, and the Medicine Mound school last year. His basketball team of last year went to regional play in Dallas.  
He is doing graduate work at West Texas Teacher's College, at Canyon. He is a member of Pi Omega Pi, national honor fraternity for commercial teachers and has successfully organized commercial departments, having won state-wide recognition.

### Sgt. Elmo Bridge Recently Assigned Alert Crew Chief

1360TH AAF BASE UNIT, CHINA WING. (Special to the Tribune)  
Technical Sergeant Elmo D. Bridge of Glenn, Texas, recently transferred to the 1360th AAF Base Unit has been assigned to duty as Alert Crew Chief. He supervises the inspection, maintenance, adjustment, and minor repairs of aircraft and aircraft equipment.  
Among the duties of the China Wing, of which his base is a part, is to fly the notorious Hump "in reverse," that is: to fly from China in giant unarmed transports to India, and picking up a cargo of vital war materials, fly them back to China on a 24 hour basis.  
The primary mission of the Base Unit to which Sergeant Bridge is assigned is the servicing expeditious loading, off loading and dispatching of aircraft; the handling, caring for, and dispatching of troops, passengers, cargo, and mail destined for advanced fighting bases in the China Theatre.  
Sgt. Bridges first tour of duty overseas began when he left the States on the 3rd of January 1945 where he was last stationed at Smyrna, Tennessee.  
He wears the Asiatic Pacific Theatre Ribbon with one Battle Star for the India-Burma Campaign.  
Before he entered the Army he managed a farm for his father.

### Prize Gilts Sold By Mervin Green

Six gilts of Mervin Green, Roaring Springs, sold for \$597.75 at Panhandle - Plains Poland - China Breeders show and sale held in Plainview Saturday, August 11, for an average of \$99.62 per gilt.  
Mr. Green's average was \$10.00 higher than any other breeder's sale average being \$85.00. Thirty gilts, 4 sows and 5 boars were auctioned at the sale. Seven counties, Motley, Swisher, Hale, Lubbock, Randall, Castro and Hall were represented.  
This is the second time this year that Mervin Green topped the sale, according to County Agent J. R. Emmons, who said that Green's hogs topped the spring show, proving that Motley County has some of the best hogs in West Texas.  
Mr. Emmons also pointed out that the boar pig awarded Bob Rushing, 4-H Club boy of Matador, by Sears-Roebuck in the Cow-Sow-Hen program, is of the same breeding of gilts that were sold at this sale, and that Rushing's pig has a good chance to place well at the district show to be held at Lubbock in September.  
Mrs. L. D. Witcher returned to her home at Quitique, Saturday, after a visit with her daughter and family, Mr. and Mrs. Lloyd Fulkerson.

### OLD SETTLER'S REUNION WILL BE AUGUST 23-24

Next week, August 23 - 24 will be the dates for the 23rd annual reunion of Dickens-Motley Counties Old Settler's Association at Roaring Springs, instead of the last Thursday and Friday in the month, it was announced this week following a meeting of the directors and program - planning committee which met Sunday afternoon at Roaring Springs.  
The announcement was made by C. C. Halle, Afton, president of the organization, who declared that through a misunderstanding, other officials of the association erroneously set the dates for August 30 - 31. The standing dates, Mr. Halle explained, are the fourth Thursday and Friday in the month of August.  
As announced last week, a parade at 10 o'clock on Thursday will open the meeting, to be followed by memorial services for pioneers of the two counties. Rev. J. R. Gambrell, Baptist pastor at Roaring Springs, will conduct this

### TRAIL DUST

By DOUGLAS MEADOR

Peace lays gentle hands on the feverish brow and holds water to blood - caked lips. A pattern of clouds resting on blue cloth of sky, is seen above the tranquil fields. It has brought its lost ship with rich ecstasy, back to storage in the festive port. In uniform, squiring young and sweethearts, pause before shop windows in which clothing is displayed. Peace leads them to the gateway of a life and opens vistas that yesterday's uncertain future had concealed. The star dust shines in the old world's

White clouds, half-buried in deep cushion of velvet sky, shed their shadow tents across lush green field. Beyond the all white house two aged people toiled in the withering bow with labor and their lights. They worked apart each other, in the loneliness separate memories. A life had passed in which to think of all the things that bear passion, and now the twilight had brought a heavy burden necessity. A mad world rushed their door. It had lured their children to follow its enticing. But the fields were unengaged, and the rains continued nourish roots of another crop. The season would not wait.

Except for the citadel of solitude the unspoken sorrow of our hearts would find no clemency in which to beg for understanding.

There amid the broken tile of dreams the fair girl waited for the sound of her soldier's voice. She heard his step on the walk of the latch turn at the weight of his hand. There was a quality in his laughter like Crys-water tumbling from rocks. She could see his eyes, smiling where joy came to his lips. She felt the pressure of his strong arms; when all our tears are gone, pain has no bridle. His name is painted on a small, white stone on a far and lonely island. He is brown - clad men are burning; his comrades are home in hell. Wild crowds shout for him. He died for, but her name is in the memories of hours spent together, and the knowledge that he gave his life for others, young and in love, might be spared.

Laughter is often closer to tears than to more laughter.

Time has worn deep ruts in the memory, but there is still something almost sacred in the herbage of richness their love left for a few friends. It was like a lamp placed by an open window and filled at regular intervals by the fuel of their sincerity.

Travelers try to hide their pelf of wealth in the world where poverty of spirit has spread like a light, and ragged strangers find unity to the fertility of gold and silver. Hungry hearts remember the taste of its sweet ambrosia, and the wind is not called back, and do fallen petals return to the opening bud.

ITEM: What must be the quid-pro-quo to a gold-star mother who finds a pair of wilted, laden shoes in the shadowed archives of a closet; who had found a forever empty shirt and put it away?  
Life is charged with mystery because so many of the paths we follow will never lead us where we want to go.

## AAA FARM NEWS

Mr. Leonard Crowell of Flomot harvested his grain sorghum early last fall and placed the grain under loan at \$1.69 per 100 lbs. when the grain was bringing only \$1.20 on the market. On May 8, 1945, Mr. Crowell delivered his grain in satisfaction of the loan to an elevator. The difference obtained by placing the grain under loan as compared to the market price at that time on 13 3 bushels amounted to \$363.03. Mr. Crowell intends to go the loan route again if his feed makes grain. The announced loan price on No. 2 or better grain sorghum will be \$1.60 per cwt. for Motley County. Grain Sorghum cannot exceed 12% moisture content to be eligible for loan.

Willie M. Hill also delivered his grain in satisfaction of the loan. All other producers who had loans redeemed their grain by paying off the notes, while a few producers could not obtain loans

the past week for **T/Sgt. Elmo D. Bridge** and **William J. Bridge** RM 3/C, the latter in care of FPO San Francisco, and the former at an APO in care of Postmaster, New York.

because of the moisture content.

**1945 Cotton Purchase Program** Following are the details of the 1945 cotton purchase program to be operated by the Commodity Credit Corporation, U. S. Department of Agriculture, under provisions of the Stabilization Extension Act of 1945:

Purchase Prices: CCC will buy 1945-crop Middling 15/16 - inch cotton, basis gross weight flat cotton, at Memphis, Tenn., at the following schedule of prices in cents per pound, for the months indicated: August 22.15, September 22.20, October 22.25, November 22.30, December 22.35, January 22.40, February 22.45, March 22.50, April 22.55, May 22.60, and June 22.65.

Premiums and discounts for grades and staple lengths, and location differentials under the purchase program will be those in effect under the 1945 loan program. Requests for approval as purchasing agencies should be directed to Commodity Credit Corporation, Regional Office, New Orleans, Louisiana. Purchases will be made direct by the Corporation only where facilities are not available to handle the cotton

through purchasing agencies. Purchasing agents will pay the full purchase price to the producers upon the tender of warehouse receipts and sales agreements. Producers are not required to pay the purchasing agency any fee for the preparation of sales documents that are used in connection with the purchase program. Purchasing agents will receive a fee of 50 cents per bale, to be paid by the Corporation, for services rendered in handling purchases, and to cover interest on funds advanced to producers.

The Federal Deposit Insurance Corporation  
WASHINGTON, D. C.  
\$5000 MAXIMUM INSURANCE FOR EACH DEPOSITOR \$5000

FOR MANY YEARS just about every kind of business except farming has been able to insure itself against loss or damage from uncontrollable causes . . . against the unexpected disaster of fire, storm or other quirks of fortune. Even the farmer's crop could be insured in transit, in storage, and in processing . . . AFTER it left the farm.

NOW, through Federal Crop Insurance, farmers can protect their wheat crop from damage by unavoidable natural hazards. It is sound planning for farmers, like other businessmen, to protect their investment. Federal crop insurance gives this protection . . . from planting to harvest.

CROP insurance is good business for both farmer and the community. Anything that protects the investment of the farmer - assuring him a return from his year's work - protects the business and welfare of the community. Agriculture is the backbone of a prosperous community and a sound country.

**WE HOPE YOU NEVER HAVE TO COLLECT . . .**

NO one who carries insurance hopes to collect on it. Likewise Federal crop insurance is not a profit-making proposition - for either the farmer or the Government. But all-risk crop insurance is protection against complete loss of your investment . . . Against worry . . . against uncertainty . . . against wrecking of your plans.

## HOME DEMONSTRATION AND 4 - H CLUBS HOLD ENCAMPMENT AT ROARING SPRINGS

Motley County home demonstration clubs and 4-H clubs held annual encampments at Roaring Springs this month, the women meeting August 1-2 with forty club women and guests registered for the night and day.

The program was planned and carried out under the supervision of the council chairman and Mrs. Lois Jo Krause, Home Demonstration Agent.

Mrs. Geo. Beavers, vice-president of District 3, of the Texas Home Demonstration Association was a guest and speaker, and also appearing on the program was G. E. Hamilton, local attorney, who talked on the recent San Francisco Conference.

Handwork included making of scarves, curtains, aprons and stenciling. During the evening the

## 5 Good Country Tricks for Saving More Used Fats

This year our domestic supply of fats and oils will be approximately one and one-half billion pounds less than last year. Right now, we are facing our worst fat shortage since the war began. To make up for this staggering loss, the government is depending on the women of America—and particularly women on farms and in smaller cities.

Every spoonful, every drop of fat is needed to help make battlefield and homefront essentials. So roll up your sleeves and do an all-out job, won't you? Clip this checklist and pin it up in your kitchen as a reminder.

- FRIED SALT PORK**—with milk gravy. Salt pork yields so much grease, you won't need it all for gravy. Pour the rest into the salvage can.
- DEEP FAT FRYING**—use the fat over and over, but when it's too dark and smelly to use any more, don't forget Uncle Sam wants it!
- ROASTS AND CHOPS**—save all trimmings (scraps from plates, too.) Keep them in a small bowl; once a week melt them down.
- SAUSAGES**—they're better if you parboil them first. Skim the fat off the cooking water—scrape the fat from the frying pan.
- CHICKEN SOUP**—chill it before you use it. Scoop off the hardened grease (soup tastes better, too!)

When the salvage can is full, take it to your butcher promptly. He will give you 2 red points and up to 4c for every pound of used fat you turn in.

100,000,000 More Pounds of Used Fats Are Needed This Year

Ad by WPA and OPA. Paid for by Industry.

People used to say there were only two things certain in this funny old world of ours—death and taxes. We would like to nominate a third. And that is that a dollar buys a lot less today than it did fifteen years ago. That's certain, isn't it? Every time you go to a store to buy anything, you can't help realizing it. But—unlike the other two—there is one exception. It's electricity! Believe it or not, a dollar today buys more electricity than ever before!

You may not have noticed it—because with everything else going up in price, you'd likely assume your electricity costs more too. Actually, however, electricity has been coming down in price for several years to your home in the last few years, and that's another reason you may not have noticed how much the price of electricity has come down. So much, in fact, that if you're an average user of household electricity, you're getting about twice as much for your money as you did fifteen years ago.

And that's quite a trick! Because the business-managed electric light and power companies that supply over eighty percent of our electric needs, have had enormous tax bills—and a lot of other problems to meet since the war. Nevertheless it has been accomplished... through efficient business management on the part of the experienced men and women who operate America's electric light and power companies.

## Boys In The Service

S/Sgt. S. A. Swim is home on a two week's furlough from St. Petersburg, Florida, visiting his parents, Mr. and Mrs. J. T. Swim, Roaring Springs, and his brother, T/4 Cecil Swim, who has returned home from overseas.

Word has been received by A. A. Harp, that his son, Ensign Norman Harp, of the Navy Air Force, that he was doing O. K. and still with Halsey's Task Force. His letter was dated July 25.

women sat Indian fashion about a campfire and sang songs, followed by skits presented by each club, on the right and wrong in public etiquette. The "wrong" way provided much entertainment for the audience. Mrs. Lige Cooper, teacher in the early days of the county, also amused the group by recounting her experiences while teaching.

### Girls Enjoy Camp

Fifty-five 4-H girls with their sponsors and Mrs. Krause, enjoyed the 4-H camp which was held August 9-10. Girls attended from Flomot, Whiteflat, Matador and Roaring Springs.

Wading, games singing and handicrafts kept the girls busy. Mrs. Krause instructed the girls in using stencils and textile paint to decorate various household linens.

Food was cooked over an open fire and beds were made at night under the stars. Girls who attended had previously sent reports of this year's work to the agent.

NO. 1196 IN District Court  
Evelyn Long vs. John T. Long  
Issued August 7th, 1945  
To: John T. Long.

**GREETING:**

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 24th day of September, A. D., 1945, at or before 10 o'clock A. M. before Honorable District Court of Matley County, at the Court House in the town of Matador, Texas.

Said plaintiff's petition was filed on the 4th day of August, 1945. The names of the parties in said suit are: Evelyn Long, as Plaintiff, and John T. Long, as Defendant.

The nature of said suit being substantially as follows, to wit:

A suit for divorce, plaintiff alleging that she and defendant were married in Red River County, Texas, on or about February 8, 1940, and lived together as husband and wife until on or about July 19, 1943, when she was forced to permanently abandon defendant because of his cruel and harsh treatment and improper conduct toward her; that defendant never provided her with a home and failed to provide for her; that he spent money on women of questionable character, and spent a large part of his time with other women; that defendant was unkind, harsh and tyrannical toward plaintiff and abused her; that he assaulted her with his hands and did shake and otherwise handle her in a rough manner; that such treatment caused her great worry and thus injured her general health; that on divers occasions, he was guilty of excesses, cruel treatment and outrages toward her of such nature as to render their living together as husband and wife insupportable; that no children were born of said marriage, none adopted, and no community property accumulated.

Issued this 7th day of August, 1945.

Given under my hand and seal of said Court, at office in Matador, Texas, this 7th day of August, A. D., 1945.
