**DRIVE FOR WASTE PAPER STILL ON**

The war is not over yet. Waste paper is still needed for the war effort, and in cooperation with the nation-wide drive for scrap materials, local Boy Scouts are making house-to-house visits each week to collect waste paper. The drive will end this month.

Three scouts, R. T. Hammett, Billie Ray and Norman Neighbors have received the "Eisenhower Award" for having collected 1000 pounds each. The badge is similar to overseas ribbons worn by men in the armed forces. Each scout collecting this amount, is entitled to the badge, according to Scoutmaster J. T. Hamilton.

**So the city folks have done it!  
Well, WATCH OUR SPEED!**

**WORD** comes from Washington that the fat-salvage problem has got to be licked in the small cities, the towns and on the farms.

We women have to save enough used fats in our kitchens to help make munitions medicines, fabrics, soap for military and civilian use, and many other essentials.

The job, to date, has been done largely by city people, because arrangements for collecting the fats were made in the cities first. And these city folks are turning in more than twelve million pounds a month.

Now we're called on. And will the women on the farms and in the towns and small cities break that record?

Don't worry—just watch our speed

**HOW TO DO IT:** Save all used fats in a can. Keep it handy to the stove. Scrape your broilers and roasting pans, skim soup and gravies, for every drop counts. Keep solid pieces of fat, as meat trimmings or table scraps, in a bowl.

Melt down once a week when you're going, add the liquid fat to the salvage can.

Take the can to your butcher as soon as it's full. He will give you two red pennies and up to four cents for every pound. If you have any difficulty, call your County Agent or Home Demonstration Agent. This message is approved by WFA and OPA and paid for by Industry.
