## Orville Freeman Killed In Wreck

Orville F. Freeman, 35, former resident of Roaring Springs, driver of the Firestone test fleet was fatally injured Sunday (September 23) about 1:30 p. m. when his truck overturned one-half mile east of Dripping Springs. He died a few minutes after Walter Horner of Dripping Springs had found the wreck. Information regarding the tragedy was made available to the Tribune by a newspaper item provided by relatives. Name of the newspaper publishing the item was not available. Orville Freeman is survived by his mother, Mrs. Mary Freeman of College Station; two sisters, Mrs. Pat Richards of Dallas and Mrs. Roscoe Sealy of San Antonio; two brothers, Bruce Freeman of Baytown and Pvt. Ellis G. Freeman, with the 84th Division in Germany.

## REURNS FROM HOSPITAL

Mrs. Roy Reeves, who underwent surgery in Oklahoma City early last month, returned home recently. Mr. Reeves having gone there to accompany her, and their small daughter, Patricia, home.

## SURVEY SHOWS JOBS AWAITING SERVICEMEN

Returning Motley county servicemen are finding jobs awaiting them, according to a survey completed by J. R. Emmons, local service office representative.

Mr. Emmons' survey shows that 35 farms are for sale in the county, 12 farms are for rent, 40 jobs and employment for 45 sons, combine to provide a total of 132 places for returning servicemen.

Byron Handley of Paducah, county service officer for Motley, Cottle and King counties, commended Mr. Emmons highly on his work in making the survey and is reporting the plan to the State Veterans office.

## Servicemen Record More Discharges

Discharges of more returning servicemen from Motley county were placed on record in the office of District and County Clerk, R. A. Seay, during the past week. Honorable discharges were recorded for the following:

Pvt. Gregori Hernandez of Roaring Springs, who was in the armed service three months and nine days. Sgt. Robert A. Echols, USMC, Matador, discharged Sept. 29, 1945. Field cook, enlisted Oklahoma City, August 27, 1942. (Service record incomplete) In southwest Pacific area over two years, including Empress Augusta Bay area, Bougainville, BSI, Guam, Marianas Islands, Iwo Jima and Volcano Islands. Melvin S. Thacker, MM 2/c, U. S. Navy aviation, discharged October 5, 1945 at San Pedro, California.

S/Sgt. Boyd Perkins, Coast Artillery, discharged at Ft. Sam Houston, October 7, 1945. Total service three years, ten months and 19 days. Overseas one year, six months and 22 days. Service in Rhineland, Northern France, Normandy, EAMC, three bronze stars and American defense medal.

Cpl. Bill D. Cole, discharged at Ellington Field, Texas, October 1, 1945. Total service two years, five months and 5 days.

Master Sgt. Joe D. Gaines, Army Air Forces, discharged at Ft. Sam Houston, September 30, 1945. Total service six years, four months and 11 days. Two years, four months and 19 days overseas. Campaigns: Sicily, Naples Foglia, Normandy, Northern France. (See SERVICEMEN page 4)

## Matadors Lose To Crosbyton

Matador Matadors lost to the Crosbyton Chiefs to the tune of 19-0 under the lights at Crosbyton Friday night. Crosbyton made touchdowns in the second, third and fourth periods of the game. Crosbyton chalked up seven first downs to four, three penetrations to none and 269 yards net to 157.

## WEEK-END GUESTS

Week-end guests in the Bob Martin home, were the following Tech college students: Althea Byrd, Electra; Patsy Priest, Brady; Dorothy Nelson, Matador and their daughter Elwanda. Other guests included Viola Jameson, June Pope and Sue Lawrence.

## ACCEPTS POSITION

Mrs. Melvin Dirickson has accepted a position in the parts department of the Matador Hardware and Furniture Company, where she assumed her new duties Monday.

## County Quota Lower For Victory Drive

Less than half of the \$110,000 "E" bond quota assigned Motley county in the Seventh War Bond drive, has been allotted as a quota in the last and Victory Bond drive which will start throughout the nation on October 29 and continue through December 8th. Elmer Stearns, county chairman, whose leadership has been a factor in the county oversubscribing every War Bond drive, said yesterday the county's "E" quota in the Victory drive had been named at \$50,000.

Plans are under way to launch the drive on the scheduled date. Mr. Stearns declared, but due to the late crops in the area, it may be necessary to delay the start one or more weeks.

However, he will call a county meeting of community chairmen prior to October 29, to determine a practical date for starting the drive.

Mr. Stearns said that purchases of War Bonds had continued since the termination of the war, altho on a greatly reduced scale. He said some counties had reported sales equal to their monthly quotas during the war, altho no monthly quotas have been issued for 2 months.

## City To Create Office Of Water Superintendent

An ordinance, appearing in this issue of the Tribune, will create a new office for the City of Matador. The office of water superintendent, to be filled by appointment, will become legal after three publications of the ordinance.

Duties of the new office will include supervision of the city's water wells, pumping and distribution of water, care of pipes, mains and meters of the city's water system. All reports must be made directly to the City Council. The water superintendent must be qualified to perform the duties of his office, according to Section 2 of the ordinance.

Rules were suspended in the final reading of the vote on the ordinance, because of an emergency affecting public health and safety, and the voting for passage was recorded as unanimous.

## Mill Iron Bulls To Go On Sale Nov. 1st

Wellington, Texas, Oct. 8—The Mill Iron Ranch will hold its third annual sale of registered Hereford bulls at the Cottonwood headquarters on Thursday Nov. 1. Lafayette M. Hughes announced this week.

In announcing the sale, Mr. Hughes said: "With but few ex-

## Matadors Lose To Crosbyton

ceptions all of our Mill Iron bull calves since 1937 have been sold to neighbors and friends within a radius of approximately 150 miles. These same neighbors and friends will have the first opportunity to buy this year's bull calf crop, which is the best we have yet produced."

Twice this fall individual cattlemen offered to buy the entire bull calf crop of 1945; but the offers were turned down because Mr. Hughes wanted to stay with his original plan of placing his bulls with commercial cattlemen adjoining the Mill Iron Ranches.

This crop has a 33 1/2 per cent cut, which cut is going through feed lots to packers for further proof that Mill Iron breeding is a key to high meat quality. Only the top of two thirds will be offered for sale this year. Phenomenal results have been obtained by commercial cattlemen who have been using these bulls as herd sires for the past eight years. Herds of mixed breeds have been improved in a few short years to such an extent that it is difficult to tell them from a pure bred herd. One buyer, who had a herd of Jerseys, reported that the first cross resulted in a crop of white faced, heavy set calves that fed out remarkably well. Results Are Evident However, the majority of the bulls have gone to commercial cattlemen who used them to improve the quality of their Hereford herds. The results can be seen on scores of ranches in the Southeastern part of the Panhandle, where she assumed her new duties Monday. (See MILL IRON BULLS page 3)

## Soldier Enjoys Every Issue Of Home Newspaper

Pfc. Thelmer O. Ozborn, with the U. S. Army Air Forces, stationed at Blytheville, Arkansas, enjoys every issue of the Matador Tribune, according to the following letter, dated Oct. 5.

"Dear Friends Back Home: I wish to take this opportunity to thank you, and all the other people who help make it possible for me to get the paper each week. I have enjoyed every copy for they have been a great source of information and pleasure to me. I am sure all the other boys are also very grateful for receiving the home newspaper." (A.S.N. 38635288, Sqd. A, 809 Base Unit, Blytheville A. A. Flt. Box 1717).

The Tribune desires to express sincere appreciation for the continued and loyal support of its readers in making it possible to send the home newspaper to Motley county servicemen and women. No request for a subscription has been denied, nor has anyone ever been solicited for funds to support the plan. At one time approximately 600 weekly copies of the Tribune were being mailed each week. At present between 400 and 500 copies are still sent to Motley county men and women in uniform.

Special appreciation is tendered for the following recent unsolicited contributions to the plan: Bert Schweitzer \$5, C. M. Barton \$3, Mrs. L. E. Cooper (Roaring Springs) \$1, C. E. Harris (Whiteflat) \$3.

## Pioneer Cowboy Visits Matador

Some changes have been made since Frank Greer of Kingman, Arizona, left the Matador ranch here more than three years ago when the great cattle empire was under the management of Henry Campbell. He was here last week visiting pioneer friends in the thinning ranks of early-day cowboys with whom he worked.

## RADIO STARS TO PRESENT PROGRAM AT WHITEFLAT

Posey Brothers and their gang will appear at the Whiteflat school auditorium, Tuesday night, October 16, at 7:30 p. m., according to an announcement made this week by the school principal, Mrs. Nancy Turner. Admission for the two-hour program will be 20¢ and 40¢.

This will be the second performance by the group in the county since the termination of the war. They appeared at Roaring Springs, October 5.

They have appeared on radio stations in Vernon and Wichita Falls and are featuring as their newest "find," the Smart Boy from Arkansas, "Whistle Pete."

## Lint Crop Estimate Is Reduced

Department of Agriculture's estimate on the 1945 cotton crop released from Washington, Tuesday, was the smallest since 1934. The estimate was 9,779,000 bales based on crop conditions October 1, and 247,000 bales decrease from the estimate of a month ago.

It compares with 12,230,000 bales produced last year and a 10-year average of 12,293,000 bales. The 1934 crop was 9,450,000 bales.

The crop reporting board estimated that the lint yield per acre will be 260.7 pounds, 32.8 pounds below the record established last year.

In Louisiana, Mississippi and Central and Eastern Texas, more weevil damage showed up than had been anticipated and the crop prospect declined, the department said. In northwest Texas, hot dry winds damaged the late-planted cotton. In Oklahoma, dry hot weather followed by rains of flood proportions damaged the crop very seriously.

## Crop Unusually Late

The crop is extremely late and the amount ginned in "near a record low", the department said. The Bureau of Census estimates that 2,176,023 bales from the 1945 crop had been ginned before October 1. This compares with 3,988,150 bales last year and 5,749,745 bales ginned by October 1, 1943.

## Installation Is Held By Eastern Star

Installation services held by the local chapter of the Eastern Star were held during the regular meeting of the organization on October 4.

Cut flowers, furnished by Mesdames Virginia Willie, Ollie Pitts and Maggie Hamilton, decorated the chapter room and banquet hall.

The refreshment committee consisting of Mesdames Jewell Harp, chairman, Allie Cox, Opal Craven, Sallie Bishop, Raulita Kifer and Winifred Darsey, served delicious home-made cake, coffee and cocoa to the following:

Mesdames Grace Campbell, Faye Clements, Maud Dean, Ina Price, Ethel Emmons, Ruby McWilliams, Lucy Ford, Maggie Hamilton, Vivian Jacobs, Vinie Keltz, Bertha Jones, Mary Meason, Bess McWilliams, Hettie Patton, Opal Pipkin, Ollie Pitts, Susie Posey, Jewel Reeves, Edith Sanders, Suleekee Stapleton, Hattie Tee Tomlinson, Margaret Whitworth, Virginia Willie, Maggie Lee Courtney, Myrtle Groves and Miss Rachel Patton, Messrs. G. E. Hamilton, W. F. Jacobs, W. N. Pipkin, Charlie Posey, Elbert Reeves, Ralph Stapleton and J. R. Whitworth.

## EXPECTS TO SEE JAPAN

Cpl. Orval L. McGowen, son of Mr. and Mrs. Bud McGowen, Lockney, is serving overseas with the 247th Port Company in Manila. He served in Finschafen, New Guinea before coming to the Philippines.

He is a graduate of the Flomot High school and expects to see Japan before returning to the states.

## War Chest Drive Plans Perfected

### Junior Campbell Builds Chairs On Okinawa

R. E. Campbell, Jr. SK 2/c, was always resourceful before he entered the Navy Seabee service, especially when comfort was involved. Testimony that he has retained the trait is made public by the following radio information release from the Texas A. and M. college extension service.

Two lawn chairs, built according to A. and M. College Extension Service plans and specifications, now are in use by Navy personnel on Okinawa.

Mrs. R. E. Campbell, Jr., Matador home demonstration club woman, built two after seeing a demonstration by Mrs. Lois Jo Krause, Motley County home demonstration agent. Later she sent the chair plans to her husband, Storekeeper second class Campbell who made two for himself and his friends.

About 22 have been made in Motley County since the demonstration, Mrs. Krause believes. One enterprising man in Roaring Springs has gone into the lawn chair business. Families furnish the materials and he makes the chair for \$5. In the demonstrations about an hour is required to assemble and complete a chair.

Plans can be obtained from county home demonstration agents.

### Bank To Observe Legal Holiday

First State Bank here will observe Friday, October 12 (Columbus Day) as a legal holiday, as will all correspondents of the Dallas Clearing House Association.

Customers are reminded to arrange banking business in advance in order to avoid possible inconvenience.

## Rain Delays Harvesting Of Cotton

Jupiter Pluvius resumed activity over Western Texas Monday night to augment the general rains which had relieved the extensive drought condition during the past ten days. The entire South Plains area was soaked in slow rainfall Tuesday.

The precipitation has further delayed the harvesting of cotton and feed stuff over much of the state. Cotton middles were full of water throughout Motley county, farmers declared Tuesday, and gins remained inactive.

Extent of the rainfall was not available here yesterday morning but estimated to be in the neighborhood of one inch. Similar rainfalls were reported over most of this area.

### Molley Boys Win Hog Show Places

Roy Reddings gilt, "Roy's Lady Key", Motley county champion, placed third in the gilt class at the district Sears Roebuck 4-H Club show held at Tech college, Lubbock, October 6th. His prize was a registered Jersey heifer from the Peterson herd, Plainview.

Bob Rushing's boar, "Texo's Master", bred by Mervin Green, Roaring Springs, placed third in his class and won a prize of 100 baby chicks to be delivered in the spring.

Ten counties of the South Plains and Lubbock trade territory, competed in the show, which was judged by Fred Hall, head of the service department, Agricultural Experiment Station.

County Agent Rufus Emmons said the boys had received many compliments in winning two third-places in the show since this was their first year to be in the program.

Sgt. Keith Patton of Love Field, Dallas, is spending a furlough here, visiting his parents, Mr. and Mrs. M. S. Patton.

### Quotas Announced For Communities

Community chairmen for the United War Fund drive to raise Motley county's quota of \$2,255, have been named by J. R. Emmons, president of the Matador Lions Club, sponsoring organization.

Boss Lion Emmons, acting in the capacity of county chairman has appointed the following chairmen in six county communities: Roaring Springs (including Darden Canyon, Bird, Dumont and Flag Springs) C. W. Giesecke. Matador, J. R. Whitworth with Joe Gaines as co-chairman. Lion Henry Pipkin is Northfield chairman, who has appointed the following committee: Tom Moore, Delmont Hays and Newell Timmons.

Flomot (including White Star, Barton, Folley and Montgomery) Ralph Stapleton and Lem Brock. Mrs. Bob Martin has been named chairman of the Whiteflat community.

Lion Elbert P. Reeves will be responsible for the Fairview community.

Quotas Are Announced Mr. Emmons said the following quotas have been assigned: Flomot, \$507.38; Matador and Fairview, \$811.30; Northfield, \$157.85; Whiteflat, \$270.60; and Roaring Springs, \$507.38.

Members of the committees are also instructed to solicit contributions for the Lions Club Iron Lung fund, which was launched last month. Based on the War Fund quotas, each community would need to raise the following amounts to buy the iron lung: Flomot, \$337.50; Matador, \$540; Northfield, \$105; Whiteflat, \$180 and Roaring Springs, \$337.50.

Need Is Very Great Regarding the campaign, Mr. Emmons said, "I feel confident Motley county will oversubscribe its \$2,255 National War (See WAR FUND page 4)

### TOOTH INFECTION PUTS TRIBUNE EDITOR TO BED

Mrs. Douglas Meador is confined to her bed this week while suffering from an infected tooth. Her condition is greatly improved as the Tribune goes to press for the first time without her aid since April 15. Production has been maintained by Earl McBride and the newspaper's newest employee, Mrs. Marjorie Jantz, assisted in news and advertising by Douglas Meador who commutes between Matador and Morton.

### RETURNS FROM VISIT

Mrs. Melvin Dirickson and daughter, June, returned home last Thursday, from Las Cruces, N. M., where they visited their son and brother, James Garth, who is attending New Mexico A. and M. College. While there, they were guests of Mrs. Dirickson's sister, Mrs. H. E. Adkins, and also visited with a brother, John Calvert, just home from the Navy.

**40 YEARS AGO . . .**

At the turn of the century most Americans were kindling their streetlights and kerosene lamps by torch or match. The polishing of lamp chimneys and trimming of wicks were grimy household chores.

In the homes of a few rich people electricity was being installed. Since it was very expensive, very new and extremely hard to obtain, electricity was ultra smart and most fashionable—fashions, you know, are things that are scarce and in keeping with the prevailing customs. Judged by these standards, use of electric service is old fashioned—it hasn't skyrocketed like other necessities, it's readily available to the smallest home at pre-war levels and there has been an ample supply.

Operating costs, as in other businesses, have advanced progressively in the electrical industry—taxes have been on a tremendous upsurge—only by the most careful direction and private initiative, advancement in methods could the electrical industry continue to supply its services at decreasing costs.

Sound and practical business management under governmental regulation as distinguished from government ownership tax-subsidized political operation are your guarantee that as new electrical comforts are available, adequate power at a reasonable total cost will prevail.

**Mill Iron Bulls To Go On Sale Nov. 1st.**

(CONTINUED FROM PAGE ONE)

handle. The Mill Iron bulls have been used to produce herds of a high quality and remarkable uniformity.

Austin (Polly) O'Neil, manager of the Mill Iron says that for weeks inquiries have been coming from commercial cattlemen and owners of registered herds asking the Wellington office the date of the next sale. The majority of these come from cattlemen who have been using Mill Iron bulls.

Typical of these from owners of registered herds is a letter from Jack Casement of West Plains, Colorado. In part he says "I have intended to drop you a line all summer to tell you what a fine calf the one we got from you in June is making, and ask if there is any chance of coming down and getting another one this fall. Our old Colorado Domino E. 1st never got over being stifled last summer. This beefs us using, for our herd bull, one that is not nearly up to the caliber of the cows he is with which is, of course, slow outside. And I certainly do not know where I could remedy the situation better than with the help of Mill Iron."

The sale will be held as usual at the Cottonwood headquarters located two miles south and 10 east of Wellington.

**GOOD BREAKFAST IS ESSENTIAL TO GOOD HEALTH**

Because the time that elapse between the evening and breakfast the next morning is considerably more than that between other meals, an adequate breakfast is necessary to good health. Even during sleep normal body processes continue to burn fuel. Breakfast is needed to replace that fuel loss as well as to furnish energy for the morning's activities, according to Dr. Geo. W. Cox, State Health Officer.

"Eating no breakfast or a poor one results in irritability, fatigue and a mid-morning let

down. A mid-morning snack will satisfy hunger but furnishes little of the protective foods the body needs. It serves also to dull the appetite for the next meal," Dr. Cox warns.

become a compromise between reaching work and school on time and a desire to catch that extra "forty winks," Dr. Cox added.

An adequate breakfast furnishes one-fourth to one-third of the day's food requirements. Milk, fruit and whole-grain cereal, and bread makes a good simple breakfast easy to prepare and serve. In addition it is well to include frequently an

egg, some type of breakfast meat and waffles or pancakes.

"Once we have taken time to plan and prepare a good breakfast, we also need time to relax and eat it properly," the Doctor added. "Only five or ten minutes more time is required to eat a good breakfast that can give added vigor for the day's activities as well as add much to good general health and a cheerful disposition."

**For Station Identification!**

The big red Conoco triangle identifies Your Mileage Merchant's Conoco station. There's where to get good gasoline today. But look for new hushed power—new high-octane—in his NEW-DAY GASOLINE! It's coming quick! —WHERE YOU SEE THAT RED CONOCO TRIANGLE! Continental Oil Company

In the very midst of a hurricane you'd be safe! Its center is sort of "hollow" . . . calm. All weather packs surprises, you bet—especially Winter weather. Yet you can bet on having your aging car face it safely, with the engine's insides under guard of OIL-PLATING!

Changing to Conoco Nth motor oil is all it takes for an OIL-PLATED engine—fortified throughout with lubricant bonded to metal direct, by the magnet-like action of Conoco Nth oil's added ingredient! OIL-PLATED metal defies corrosion and other wear. Surfaces kept OIL-PLATED during long cold waits have protective lubricant ready in advance to minimize starting wear. And always—the less wear, the less reason for carbon, sludge, and breakdown. You bet you want Conoco Nth oil for Winter. Change today.

Mill Iron's Usual Sale . . . Cottonwood Ranch - Wellington, Texas

With but few exceptions all of our Mill Iron Bull calves since 1937 have been sold to our neighbors and friends within a radius of approximately 150 miles. These same neighbors and friends will have the first opportunity to buy this year's bull calf crop, which is the best we have yet produced. This crop has a 33 1/3% cut, which cut is going through feed lots to packers for further proof that Mill Iron Breeding IS A KEY TO HIGH MEAT QUALITY.

**Notice**

Even if you do not want to buy, you should come and see these calves which will be placed on sale at 9 a.m. Nov. 1st, 1945. PRICE \$200.00

Section 1. The office of Water Superintendent is hereby created and such office shall be separate and apart and independent of all other city departments.

Section 2. The office shall be filled by appointment, the holder thereof, to be properly qualified to perform the duties of such office. All reports shall be made di-

Joyce Johnson, Truitt Payne, Bettye Lou Kenney, Thedis E. Wood, Tom Edmondson, Bobby Jo Johnson, Oleta Simpson, Mrs. Bulah Jones, and Mr. and Mrs. R. L. Johnson. Mrs. Johnson served as hostess and Mr. Wood was in charge of the games.

### Serviceman Is Honored Guest

Lewis Bostick, U. S. Navy, was honored guest at a chicken fry at the Bostick home, Tuesday night, September 25, with his sister, Frances Bostick and Frances Schweitzer acting as hostesses.

Guests attending were: Misses Mary Juanice Wilkinson, Betty Price, Ernestine McWilliams, Mary Bernice Murphy, Messers Hal Courtney, Billy Jo Stephens, Charles (Man) Bird, Bob Rushing, Clyde Lancaster, Charles Payne and the guest of honor.

rectly to the City Council, and he shall not be removed during the term of his appointment, except for cause.

Section 3. It is further provided that the Water Superintendent hereinafter provided for, shall and it is made his duty to supervise and oversee all water wells belonging to the City of Matador; the pumping and distribution of water to the City of Matador, and all pipes, mains and meters belonging to said water system.

Section 4. It shall be the duty and obligation of the Water Superintendent to discharge the duties of said office in conformity to this and other ordinances now in force, or which may be hereafter adopted relative to the distribution of water for the City of Matador and agreeable to the Laws of The State of Texas, on said subject.

Section 5. Such Water Superintendent shall receive an annual salary

for his services, to be set by the City Council and payable in monthly installments by the City of Matador.

Section 6. All ordinances, or parts of ordinances in conflict herewith be and the same are hereby repealed.

Section 7. The fact that there is no ordinance providing for a Water Superintendent separate and apart from other departments of the City Government, and the further fact that the public safety and health demands the immediate passage of this ordinance empowering the Water Superintendent to discharge the duties of said office creates an emergency and imperative pub-

lic necessity requiring the passage of the ordinance herein provided for. This ordinance shall be in effect after its approval.

Signed and approved by Mayor, attested by the City Secretary, this 2 day of October, 1945.

G. T. Edwards, Mayor of the City of Matador, Texas.  
Attest:  
J. F. Hallford, City Secretary.  
To publish Oct. 11, 1945.

# CLEAN AS A HOUND'S TOOTH

That's **Phillips 66**

**THE HONEST OIL—FROM DEEP IN THE HEART OF OKLAHOMA!**

Brother, if you want a clean, sweet, protective oil for your car—lay your dough down for Phillips!

It's clean because it starts clean, and we refine it cleaner. Yessir, we've got a grudge against sludge—and the greatest cause of engine gunk and muck is an oil that isn't as clean as it ought to be.

And the greatest thing about Phillips 66 is—all its God-given lubricating qualities are unimpaired.

We don't claim the credit for this wonderful oil. We just had enough sense to recognize a great job by Mother Nature—to take it out of the ground—and not to fool with it too much!

So when you change your oil every two months (as you should if you want to keep a car under you) just tell that man—"Fill 'er full o' Phillips!"

You won't find more honest, natural lubricating oil in America!

**ERRATUM**

The Tribune wishes to correct an error in last week's issue regarding discharges received by servicemen. The item should have read that W. R. Tilson had received six campaign stars in decorations during his service.

Fund quota. The war is over for many of us, but it is not over for thousands of boys in uniform, who will not reach home by Christmas. Many of them will not be home for six months or a year. We all know what the USO has done for servicemen. And the war is not over for millions of cold and starving people throughout the world. More than 20 relief agencies are supported by this one-collection plan. The work of United War Fund is known to the people of Motley county and solicitors will find many contribution checks a waiting them when they call. It should not be necessary to explain the plan and purpose of the drive to anyone. Motley county has not failed during the war and it will not fail with the advent of peace. Each community will be given

 Here we are again to this part of the paper where you can find the "sweet and low-down" on everybody and everything in M. H. S. If we scratch too deep, make your complaints to anyone but the staff.

The Geisecke boys are causing quite a sensation among the girls in M. H. S., but they must have lost their hearts at R. S.!
