THIRD YEAR—No. 29 MATADOR, MOTLEY COUNTY, TEXAS, THURSDAY, SEPTEMBER 21, 1967 SEVEN CENTS

RAIL DUST

By DOUGLAS MEADOR

There is an old car which is difficult to start, and has no important value in prospect even if the engine does respond.

Life is a word rather than a struggle. Many eating establishments are now charging 15c per cup for brown water, which should displace a commode. If coffee is good, it should not be served at a price of a good cup of coffee.

Happiness is one of the few remaining commodities that is not subject to tax. The reason is simple: its presence is so brief that it is impossible to place a valuation on its worth.

Stupidity is, perhaps, the best and most stupidly has ever known.

The tragedy in our present world is that too many young men have come to the conclusion that all things are safe as long as they do not leave the harbor.

Enthusiasm for life and the conquest of it are the most valuable attributes the human heart can possess. Anything less is mediocre.

Another way of displaying your position in society is to constantly find fault with the things you do not understand.

The small dog was still on the pavement. The little head was pressed against the concrete as if the animal might be embraced in death.

Justice of the Peace, F. R. Land, ruled that Mrs. Mobley had died of an apparent heart attack and that Mr. Lightfoot, unable to summon aid, had died of lack of care.

Unattended mail noticed by a postal carrier led to the discovery of the bodies.

The graveside service for Mrs. Mobley was conducted by Rev. Henry Rayne, pastor of the First Baptist Church, Roaring Springs.

Services for Mr. Lightfoot were held Saturday morning in Sanders Memorial Chapel, Lubbock, with burial at 1:30 p.m. in Clarendon Cemetery, Clarendon.

LEAVES FOR VIETNAM
 SP-4 Douglas (Dink) Wilson left Tuesday of last week from Lubbock Airport, for a base in Vietnam, after visiting here for approximately 40 days with his parents and sister, Mr. and Mrs. Jinks Wilson and Nelda. He is in the Army Medical Corps, and was commended as "Outstanding Trainee" upon his graduation from U.S. Army Medical Training Center at Fort Sam Houston in March. His training was continued in the Medical Company at Fort Leonard Wood, Mo.

Rites Set Friday For Lewis Newman

Graveside rites in East Mound Cemetery will be held at 3:30 p.m. Friday for Lewis Newman 74, native of Matador, who passed away at 10:10 a.m. Wednesday at a nursing home in Amarillo.

Mr. Newman had been a resident of Amarillo for the past 20 years and was a retired nightwatchman. He was born at Matador on April 4, 1893, the son of Andy and Sarah Newman, pioneer Motley County residents. For a number of years he operated a hatchery in Matador.

Survivors include two sons and two daughters.

Rev. John Fitzgerald, pastor of the First Methodist Church, will officiate in the graveside service.

Blackburn-Shaw Funeral Directors of Amarillo will bring the body here and will be assisted by Seigler Funeral Home in funeral arrangements.

Women to Sponsor Golf Tournament

The Women's Golf Association of the Airport Country Club has announced a handicap tournament for Sunday afternoon, starting at 1:30. All men and women golfers are invited to play. Entrance fee will be \$2.50.

RECENT TRIP
 Mr. and Mrs. D. P. Keith returned home the early part of the month from a trip which included almost two weeks spent at Ruidoso, N. M., and camping in Lincoln National Park, and a week spent attending Baptist Foreign Missions encampment at Glorieta, N. M.

They also visited their son and family, Mr. and Mrs. Bourland Keith and daughter Wendy, of Plectias, N. M.

Mrs. Ann Gaines and Miss Beulah Sheridan of Amarillo, visited Sunday with their brother and wife, Mr. and Mrs. Pat Sheridan.

Antelope Graze On Golf Course

About 11 a.m. Monday Roy Hankins counted 15 antelope grazing on the Airport Country Club (Buzz Field) between holes 4 and 5. He passed close to the wild animals since they are not afraid of automobiles on busy State Highway 70 which flanks the golf course.

A photographer, however, made the mistake of leaving his car to get closer to the antelope. Quickly there was a flash of white tails leaping the fence.

County Judge Forrest Campbell said there was a covey of small quail in his yard last week. Others have reported quail on the town section here in Matador.

Several have seen a flock of wild turkeys in the Virginia Walton Willie Park south of town on Ballard Creek. Apparently, wild game is going to be in abundance this season.

Wildcats Eclipse Matadors 46-13

by Jesse Perkins

Crowell Wildcats overpowered a gallant Matador eleven at Crowell Wildcat Stadium Friday night, by a score of 46-13.

In the first quarter the Wildcats took the opening kick-off and marched down the field for 6 points, but missed the extras. The Matadors then received the ball, but were unable to make a first down and were forced to punt. The Wildcats took the punt on the Matador 35 yard line and marched for the second touchdown to make the score 13-0.

In the second stanza the Wildcats forced the Matadors to punt, with the Wildcats taking the ball and marching in for 6 points and the extras. The Matadors then ran three plays, but failed to make a first down and were forced to punt. The Wildcats then took the ball and marched in for 6 more points and the extras to make the score 27-0 at half-time.

In the third period the Matadors received the ball first, but were unable to make a sustained drive for pay dirt. The Matadors defense held the Wildcats to 6 points during the period.

Matadors Get In Scoring
 In the final stanza the Matadors blasted over for 13 points. Half-back Mark Timmons went over left guard for 62 yards to score the first Matador touchdown. Don Cox kicked the extras.

The Wildcats then took the kick-off and marched for their final score. After a fine run back on the kick-off, the Matadors half-back Mark Timmons went over left guard for 65 yards to score 6 more. The extras failed, making the final score 46-13.

Mark Timmons rushed for 158 yards, followed by Larry Bostick with 19 yards and Don Cox with 18 yards.

On defense David Garrison had 10 tackles, Mark Timmons 9, Glen Moss 7, Don Cox 6, Ronnie Welling 5, Mark Hill 5, Jackie Bynum 4, and Larry Bostick 4.

Don Pitts received a neck injury and will be out for 2 weeks.

To Meet Bulldogs Here
 The Matadors will meet the Spur Bulldogs here on Burleson Field at 8:30 Friday night for the third game of the current season.

Students Continue Treks To College
 More students left during the past week to enroll in colleges and universities over the state, with Texas Tech, Lubbock, drawing the greatest number from this community.

Joe D. Moss, who attended Colorado State University at Ft. Collins, during the summer, has returned there to begin his freshman classes today.

Larry Elliott, freshman and Jack McCallie, junior will start classes Monday at North Texas State University, Denton and Ruthie Lynn has returned to Denton, where she is a junior at Texas Woman's University.

Dickie Garrison has enrolled as a freshman at Tarleton State College, Stephenville. Gary Markham left last week for College Station where he is enrolled as a freshman engineering major at A&M University, and attending South Plains Junior College in Levelland as a freshman, is Teresa Marshall.

Returning to Austin Sunday was Karen Elliott, sophomore journalism student at Texas University; and Tim Sturdivant, a junior major in physics and math at the University left Tuesday to register. Their classes begin Monday.

Sue Stevens has returned to West Texas State University, Canyon where she is enrolled as a senior, majoring in physical education, after taking summer courses at Texas Tech, Lubbock.

Freshmen enrolled at Tech include Ann Marshall, Shelley Stevens Cox, Jana Jones and Coy Franks. Sophomore students are

Lions Warned that TB Shows Increase

LUNG CANCER AND EMPHYSEMA can be controlled if discovered and treated in time, according to Mrs. Nancy Gray, program assistant of the West Texas Tuberculosis Association. She was the principal speaker Tuesday at the regular luncheon meeting of the Matador Lions Club held in the basement of the First Methodist Church. She was introduced by Lion Wayland Moore, program sponsor.

BILL MOSS
 VO-AG DIRECTOR- N.L. (Bill) Moss, Matador High School vocational agriculture teacher, has been elected to serve on the board of directors of the Vocational Agriculture Teacher Association of Texas. He is from Area 1 of the state vocational agriculture organization.

"Tuberculosis is one of the most communicable diseases known to man," Mrs. Gray declared, "and it is on the increase in this country. The number of known cases has grown from 28,000 to 38,000 in the last few years."

She said that tests for tuberculosis had revealed the presence of other diseases. She said that emphysema has increased 300% in recent years. Lung cancer is also on the increase, especially in women.

"It is becoming known as a woman's disease," she said.

Mrs. Gray said that a school testing program has been arranged and that many cases are discovered in school children. Tests are made in the 1st and 7th grades, she said. Many advances are being made in the detection and treatment of tuberculosis, she declared.

Lion Bob Stanley is a board member of the West Texas Tuberculosis Association, and Mrs. Gray praised his work in the organization.

To Hold Broom Sale
 Boss Lion Charlie Johnson announced that the club would hold a mop and broom sale here October 17. He also made announcements of Lions assigned to various committees for the next quarter of the club's fiscal year.

Homecoming Date is Set

Matador Homecoming will be held Friday, November 17. It was announced following a meeting of the Executive Committee of Matador Ex-Students Assn., Sunday afternoon.

Homecoming football game will be with Rule.

Committees were named by the president, Forrest Campbell. These will be in charge of registration, arrangements, the usual morning coffee during registration, the afternoon program and entertainment following the game, and nominating committee for new officers.

It was emphasized that invitations will be mailed only to out of county residents, since those living in the county will be expected to take part in hosting the activities. Membership dues in the Ex-Students Association are used to help defray expenses of the day's entertainment.

Another meeting of the executive group will be held early in November, to complete plans and arrangements.

Those attending the meeting Sunday included Mrs. Robert Darsey (Winifred Estes), Mrs. David Campbell (Dorothy Wason) of Floydada, Supt. Chas. Johnson, Mrs. Meador, Harold Campbell, Forrest Campbell and Mrs. R. E. Donovan (Hazel Walton) secretary of the organization.

Young Homemakers Week is Observed

Matador Chapter, Young Homemakers of Texas are observing Young Homemakers of Texas Week, designated as September 17-23.

The chapter has entered various divisions of the Floyd County Fair in Lockney, and two members, Mrs. James Meador and Mrs. Ted Green will model dresses which they have made, in the style show Friday afternoon. Others will have items in the various entries for women. Friday morning, Mrs. Ronald Vandiver will give the devotional in a program especially for the ladies.

Other activities of the club have been attendance at the district meeting held at Tulla on Sept. 9. Those attending were Mesdames Eddie Tipton, Carter Luckett, Don Baxter, Larry Norris, Don Warren, and David Thompson, and advisor Mrs. A. L. Fair. Mesdames Irvin Willard, Tipton and Fair will go to Childress today, where Mrs. Tipton will install the officers of the Childress chapter.

Revival Emphasis Placed on Prayer

Constant prayer on the part of the First Baptist Church membership in preparation for a revival meeting which will open Sunday, has been stressed by the pastor, Rev. Larry Heard, who will do the preaching.

"This is not to be just a series of daily meetings," he declared. "We want to see a revival of interest in our members, and a renewal of enthusiasm for the work of our Lord, as well as the ultimate goal of winning the lost to Christ."

Noting the low attendance in both Sunday School and Training Union, as well as the general church attendance, a goal of 50% of the membership roll is urged for the closing day of the revival, Oct. 1. An effort will be made by the various departments to re-enlist many on the church roll who have been inactive for several years.

Song services will be led by Bill Keek, Music Director for the First Baptist Church, Hamlin. Services as announced will be at 7:30 a.m. and 8:00 p.m. with the choir rehearsal nightly at 7:30 and prayer services at 7:45.

Rev. Heard has designated the classroom across the vestibule from his study, as a special prayer room, and has prepared an album to be used for soul-searching and scripture references, which he invites and urges the church to use this week and during the meeting. Sunday School teachers and officers of the various departments were assigned certain days to visit the prayer room this week.

ATTEND FUNERAL
 Mr. and Mrs. Gus Bird and daughter, Mrs. Clay Jameson, returned Tuesday night from New Braunfels, where they attended funeral services for Mrs. Bird's aunt, Mrs. Arthur Ross, who died Sunday.

MOTHER DIES
 Mrs. R. L. Peacock of Roaring Springs received word Monday afternoon of the death of her mother, Mrs. R. C. Henderson of De Leon.

IN QUANAH HOSPITAL
 Mrs. Harry Carter has been a patient in Quannah Hospital the past two weeks, and her daughter, Mrs. John Stotts has been with her most of the time.

Also a patient in the Quannah Hospital has been Mrs. Mattie Pool of Matador.

Mr. and Mrs. Bob Harp and children, Scotty, Eric and Vickie of Abilene, were week end visitors in the home of his stepmother, Mrs. A. A. Harp.

Services Held for Pioneer of County

Funeral services for Mrs. I. F. Fish, 93, pioneer Motley County resident, were held Saturday at 11 a.m. in First Methodist Church. Mrs. Fish died Wednesday in the Electra Hospital following a lengthy illness.

Officiating in the service were the Rev. John Fitzgerald, Methodist pastor, the Rev. Larry Heard, local Baptist pastor, and the Rev. James Hancock of Ozona, former Baptist pastor here, who delivered the memorial message.

Burial was in East Mound Cemetery, directed by Seigler Funeral Home.

FLB Stockholders To Hold Meeting

Jake B. Watson of Floydada, Manager of the Federal Land Bank Association of Floydada, announced today that the annual stockholders meeting for the association will be held in Floydada on September 23, at 2:30 p.m.

The meeting this year will be a special event to celebrate the 50th anniversary of the Federal Land Bank System.

The establishment of the Federal Land Bank of Houston on April 3, 1917, marked the beginning of this farmer-owned credit system. The association has approximately 730 member-stockholders who own all of the stock in the Floydada organization.

Other members of the Board of Directors in addition to Mr. Watson are: Raymond Rucker, Lockney; Menard Field, Floydada; Tate Jones, Floydada; John Irvin, Matador; Edgar Lee, Matador; Carol Garrison, Silverton; Leon Lee, Turkey; J. T. Persons is the assistant manager in the office located in Quitaque, Texas.

Former Resident Dies in Lubbock

A former Motley County resident, Rev. V. C. Hough died Wednesday of last week at 11:50 p.m. in Lubbock Osteopathic Hospital. Funeral services were held Friday at 2 p.m. in Sanders Funeral Home Chapel.

The Rev. J. J. Terry, pastor of Spade First Baptist Church, and the Rev. I. D. Walker, pastor of Highland Baptist Church, officiated.

Rev. Hough was a retired Baptist minister and had served a number of churches in Oklahoma and Texas. He had been a resident of Lubbock 26 years, moving there from Motley County. He was born in Mount Vernon. He was a member of Plains Baptist Church.

Survivors include three sons, Wesley of Denver City, J. W. Hough of 2411 Utica St., Lubbock and Bobby Hough of 4312 29th St., Lubbock; a daughter, Mrs. P. A. Powell of Brownfield; nine grandchildren and 11 great-grandchildren.

Plainview Woman Is "Missing Heir"

A Plainview woman, and wife of a former Matador resident, has been named the "missing heiress" to a small fortune by Art Linkletter on his daytime TV show, "House Party."

Mrs. Andy Fish was named heir to a \$5,233.61 legacy left by her father who died about two years ago in a plane crash.

Mrs. Fish works during the day for Ray Brown and Co., a firm of accountants in Plainview and rarely watches daytime TV. She learned of her good fortune through her mother, Mrs. Martin Bean of Silverton, who watches Linkletter's show regularly. She contacted a lawyer to claim the money.

Mr. and Mrs. Fish flew to Hollywood where they were taped on a "House Party" show, appearing with Linkletter, which was shown on Channel 13, Lubbock, last Thursday.

Mr. Fish is employed by International Harvester Co., in Plainview. His wife is the former Susan Carol Laney, who was reared at Silverton.

"The Plainview Chamber of Commerce nearly ran me out of town when we returned," Mrs. Fish confessed. In the interview, one of the questions asked her was, "What is the population of Plainview?" Her answer was, "About 7,000." The town claims something like 27,000.

Matador Schools Consultant Named

(Special To Tribune)
 WICHITA FALLS—Thomas Fairclough, assistant professor of English at Midwestern University, has been named consultant to the school system at Matador, Texas, to help establish a new English curriculum.

Fairclough will work with teachers involved in setting up the new curriculum.

At the University of Nebraska, Fairclough worked on the initial development of the Project English curriculum six years ago. Developed under a federal grant, Project English was designed to help schools of Nebraska communities with less than 10,000 population.

Matador's adoption of Project English will be a test of the plan. Fairclough said that Matador's Latin American and negro population makes it, in many ways, more cosmopolitan than the average Nebraska town of the project was originally intended for. Many of the pupils in Matador's school system are bilingual.

Fairclough was named consultant by Panhandle Educational Service Organization, a non-profit organization sponsored jointly by West Texas State University and the U. S. Office of Education. Its purpose is to provide assistance to school districts which want to adopt experimental teaching programs.

Visitors this week in the A. J. Daffern, Jeff Daffern and J. P. Daffern homes have been their sister, Mrs. Lillie Blackburn of Phoenix, Ariz., and a sister-in-law, Mrs. Ellis Daffern of Payson, Ariz.

Church and Society

Mrs. Phillip Carpenter Speaks As Clubs Begin Current Season

"Happiness can be not having what you want, but wanting what you have . . . happy people think the most interesting thoughts . . . happiness is a cure for boredom . . ." these were but a few of the inspirational aphorisms brought to the attention of Federated Clubwomen Thursday when local clubs met to begin the current season.

Mrs. Phillip A. Carpenter of Burk Burnett, Second Vice-President of Texas Federation of Women's Clubs spoke before an assembly of Eternas Junior Study Club members and their guests, members of El Progreso Study Club, Thursday afternoon in the sanctuary of First Methodist Church.

Mrs. Kenneth Thompson, president of Eternas Club presented Mrs. Roy Grundy, president of Santa Rosa District, TFWC, who introduced Mrs. Carpenter.

Following the theme of Eternas Club's program for the year, "Happiness belongs to those who seek it," Mrs. Carpenter's subject was "Happiness in Federation."

"Happiness requires no special talent," she pointed out, "only the desire to be gracious, and treating others as you wish to be treated. It does require the proper perspective to see life before us, and especially the quality of goodness in others. We should cultivate happiness in spite of our difficulties. We Americans are prone to fret and complain, and blame others for our bad luck. Difficulties make heroes, and it is the tall mountains that make sturdy legs."

Another attribute she stressed was to be natural. "Each person is an individual and it is foolish to try to be like someone else . . . all good which exists is the fruit of originality . . . use the gifts God has given you."

"We are living in too big of a hurry," Mrs. Carpenter asserted. "We need to observe the Stop, Look, Listen signs . . . the best tonic for tired minds is 20 minutes of relaxation. Then, why not look for something beautiful each day . . . look for a kind word or deed, and keep faith in humanity. Develop the art of listening. It is as important to be a good listener as a good speaker. Above all, listen to the still, small

voice of your conscience."

Special Music Presented
Organ music was played by Mrs. Vann Francis as the women arrived, and Mrs. Charles Johnson presented several vocal selections, accompanied by Mrs. Francis at the piano.

At a luncheon which the Eternas Club held for Mrs. Carpenter at El Matador Dining Room, the honor guest was presented with a "money" corsage. She later presented this to Mrs. Thompson, to be donated to a fund to provide a pen for the buffalo which the city has acquired.

Following the program, a tea was held in the church parlor in the Educational Building. Mrs. James Bearden and Mrs. Billy Wason were hostesses and Mrs. Roy George Hobbs presided at the silver coffee and tea service.

Business meetings were held by the two clubs, as the program was also designated by El Progreso Club as its Federation Day observance.

Gamma Eta Chapter Has First Meeting Of Current Season

Gamma Eta Chapter of Delta Kappa Gamma Honorary Society, met Saturday, Sept. 9 at 2 p.m. at Alma Lee's Cafe in Dickens, for their first meeting of the year. Mesdames Coy Morris and Richard Varnell of Afton and Mrs. W. H. Marshall of Roaring Springs were hostesses.

The chapter voted to adopt the following projects: Candy for Speech Therapy Center, Texas Tech; Stamps to Save Lives; sponsor a foreign student to do graduate work in the United States; glasses for the needy; and crafts auction for the scholarship fund.

Mrs. M. H. Galbreath of Girard, president, and Mrs. Jack Martin of Crosbyton reported on the State Convention held in Fort Worth in June.

COME TO CHURCH SUNDAY

What happens if you don't cash in your Savings Bonds when they come due?

You pay \$37.50 for a Series E Savings Bond and in 7 years it grows to \$50.

But what if you don't cash it in? Fact is, it keeps right on growing.

At the current interest rate, when it's 10 years old it will be worth \$56.56. At 15 years its value will be \$69.46. And at 17 years, \$75.40.

There's no trick at all to letting your E Bonds work overtime for you this way. You don't even have to remember to renew them. The Treasury Department does it automatically.

And while your growing Bonds are making you richer, they're helping keep America strong in a world where strength to stand up to the enemies of freedom is imperative.

Buy Bonds where you work or bank and see if you don't feel pretty good about it.

"Savings Bonds . . . best 'rainy day' insurance I know of"

"Most everyone needs extra cash at one time or another. So the way I see it, it makes good sense to put something away regularly to help this nest egg there when I need it. Then there's that special feeling I get knowing I'm pitching in to help America stay strong . . . and free. You're looking at a guy who really thinks U.S. Savings Bonds have a lot going for them . . . and wants to pass on the good word. How about you?"

City Park is Setting for First Meeting of Matador Garden Club

Twenty members of Matador Garden Club enjoyed the opening meeting of the 1967-68 club year in the beautiful City-County Memorial Park, with the president, Mrs. Howard Traweck presiding.

Roll call was, "City Park work which has interested me this summer."

Mrs. Bob Martin reported that work by the Highway Department and County Commissioners has been completed on cleaning up and beautifying Antelope Hill, northwest of Matador, off the Whitlat Highway. This has been a Garden Club project.

Mrs. Traweck as incoming president, offered encouragement and asked for cooperation of the members for the club year's work. Year books were received and distributed by Mrs. Keith Patton. In business session, Mrs. W. R. Tison was elected to the club as a new member.

Refreshments were served by the yearbook committee composed of Mrs. Keith Patton, Howard Traweck, A. C. Traweck, and Eldred Seigler.

Others present were Mesdames U. L. Wille, Frank Montgomery, Tom Spears, Pat Sheridan, Bill McCaghen, L. C. Harp, W.W. Clements, Forrest Campbell, Bill Pipkin, Fred Hourland, Harry Willett, J. W. Haney, J. L. Woodruff and Frank Ferguson, and Keith Patton.

Shower Held for Mrs. Key Vaughn

A miscellaneous shower held Tuesday night, Sept. 12 at the home of Mrs. R. E. Campbell Jr., was a courtesy for Mrs. Key Vaughn of Lubbock. The recent bride is the former Roma Field of Roaring Springs.

Guests called from 8:00 until 9:30 p.m.

Sharing hostess duties with Mrs. Campbell were Mesdames Melvin Meason, W. F. Jacobs, W. N. Pipkin, B. H. Hobbs, J. P. Neighbors, Herman Ellithorp and Garland Cartwright.

The honoree's chosen colors of pink and white were featured in table decorations, together with crystal appointments. A white linen cloth covered the refreshment table, which was centered with a Hallmark bride, and candles in crystal holders.

Lunch and cookies were served, with the hostesses alternating at the punch bowl, and also at the register.

Miss Laura Jacobs played piano selections during the evening, approximately fifty guests registered. A floral bedspread with matching sheets was the hostesses' gift.

WEEK END VISITORS

Mr. and Mrs. O. T. Linker of Davidson, Okla. were week end visitors of her sister, Mrs. Galther Darbeck, and also visited her nephews and their wives, Mr. and Mrs. Mark Hall and Mr. and Mrs. Wes Hall. Also a visitor was Luther Hall of Clarendon.

Floyd County Fair Slates Ladies' Day

Friday, Sept. 22 has been designated as Ladies' Day at the Floyd County Fair in Lockney. The program, "Wigs and Hairpieces" will begin at 9 a.m. in the entertainment building.

The program is sponsored by the Floydada, Matador and Lockney chapters of Young Homemakers. The schedule as announced, is as follows: Welcome by Mrs. Joe Taylor, Lockney Young Homemakers; Devotional by Mrs. Ronnie Vandiver, Matador Young Homemakers; Program by McBride's School of Hair Design, presented by Mrs. Jeannie Beadie; Musical entertainment by Lockney High School Choraliers; drawing for door prizes.

Mrs. James Hale, Floydada Young Homemakers will be Mistress of Ceremonies.

The program is designed to appeal to women of all ages.

WCS Program Led By Mrs. Brotherton

The Woman's Society of Christian Service of the Methodist Church opened the fall season with Mrs. Mattie Brotherton as leader of a program entitled "Struggle for Personal Identity."

The hymn, "A Charge to Keep I Have," was followed by scriptures read by the leader from Matthew 16:24-25, and by prayer.

Those assisting Mrs. Brotherton were Mesdames Bill Pallmeyer, Chas. Johnson, Furman Vinson, and Vance Gilbreath, and Miss Mary Slover.

Mrs. Bill Pipkin, president, conducted the business. She announced that the new fall study would be taught by the pastor, Rev. John Fitzgerald, beginning Tuesday, "That the World May Believe," by Albert Outier, is the book to be taught. All members of the church, as well as the members of the WCS, are urged to attend.

Matador Mavericks Pomp Owls 76-22

By Larry Bostick

Matador Mavericks took an 87-22 win from Silvertown last night, Sept. 14 on their home ground. Mavericks showed the fans explosive offense early in the game when Kenneth Marshall took a punt from quarterback Bill Jones on a well-executed option and scampered 48 yards to Matador's first six points in the first quarter. The minutes and forty-eight remaining in the first stanza for extra points failed. In the first quarter, Johnny Jones plunged one yard through the hole of Matador's fine block to give the white jerseyed Mavericks another six points. Stanley Jones ran the extras.

scoring 14 points to Silvertown in the second period. With seconds gone off the clock Marshall hit paydirt after a 50 yard run. Extras were made by Barnhill. With a little more minutes to go in the first quarter Barnhill displayed his talents in a punt play to rake up six points. Try for extras was successful, undoubtedly the work of the Maverick backfield, from one yard out with only seconds remaining. He also ran for six points. Score at the end of the first half was Matador 36 Silvertown 0.

Marshall Makes 70 Yard Run
In the second half, Marshall led the kick-off and galloped through the red shirted Silvertown to gain tally six more points. Marshall also scored the points.

In the third quarter Ricky Lawton in the quarter back option ran 15 yards to the end zone and Barnhill ran the extras. Coach J. E. Edwards led the rookies. Silvertown proved much for them and finally lit the side of the scoreboard. Johnny Jones received the following six points for the Mavericks: Stanley Thompson ran the

Students Elect Class Officers

By Debra Stockton

It was decided in class meetings held in high school Thursday, September 7, that Cheryl Moore, Don Cox, Ronnie Welling and Jerry Jones would lead the senior, junior, sophomore and freshman classes respectively in class activities this school term.

Other officers elected by the senior class were vice president, Terry Keltz; secretary-treasurer, Vickie Holt; and reporter, Carol Martin. The junior class got carried away and elected the largest number of officers. They are as follows: vice-president, Sue Robbins; secretary, Judy Marrs; treasurer, Brenda Thompson; reporter, Brenda Bailey; and a social committee consisting of Barbara Slover, Vicki Jameson, Franklin Jameson and June Sanderfer.

Brenda Wason and Dyanell Timmons were elected vice-president and secretary-treasurer of the sophomore class respectively. Other freshman class officers include Bridget Barton, vice-president; Debbie Smallwood, secretary-treasurer; and Melissa Bailey, reporter.

Cheerleaders Lead Spirited Pep Rally

By Debra Stockton

The new cheerleaders helped to kick off the football season Friday afternoon with their first pep rally. Spirits were high as the pep club yelled and speeches were made by captains and coaches.

A highlight of the pep rally was a skit, 'A Dark and Stormy Night.' Parts were enacted by members of the pep club with Cheryl Moore as the farmer, Jane Elliot as Nellie, and Frances Martin as Dummy, the Matador football player. Vicki Jameson portrayed the villain from Paducah and Seven Smith, the Constable.

Charla Wason is Head Cheerleader

By Sue Robbins

Charla Wason, daughter of Mr. and Mrs. Billy Wason, was elected head cheerleader by the Matador Grade School Pep Club for the

1967 Maverick football team. Assisting her will be Kay Cooper, daughter of Mr. and Mrs. Alford Cooper, and Krista Price, daughter of Mr. and Mrs. James Price. M.G.S. twirlers are Renae Welch, daughter of Mr. and Mrs. Cecil Welch, and Gina Killingsworth, daughter of Mr. and Mrs. Odis Killingsworth.

The cheerleaders are selected from the eighth grade and the twirlers are chosen from the seventh grade. The candidates try out before a representative group of pep club members and are chosen for their ability to lead.

* FLOMOT NEWS *

Donna Sue Rogers, daughter of Mr. and Mrs. Howard Rogers, Flomot, and granddaughter of Mrs. W. H. Rogers of Matador, returned home Saturday from Plainview Medical Center, where she had undergone treatment Sept. 7 and skin graft Sept. 11, for rattlesnake bites received early in August. She is reported doing fine.

Mrs. Harrison George and a brother and family, Mr. and Mrs. Orvell Kuykendall and Ross of Lubbock, visited recently in Burnett with an aunt, Mrs. Elmer Kuykendall. They also toured the Capital at Austin, and Johnson City, home of President Johnson. They also visited a sister-in-law, Mrs. Allen Kuykendall of Eldorado, and her daughter, Mrs. Ray Henderson, who has recently returned from Japan. A TANE speaker from Plainview spoke Sunday in Flomot, first at the Methodist Church, and later at the Baptist Church.

COUNTY AGENT PALLMEYER SAYS:

Heavy mite infestations in grain sorghum have been reported in South Plains counties, so if they do appear in your field, the following information should be of value.

The Banks grass mite or white mite has a life cycle of 2 weeks. Each female is capable of laying 200 to 250 eggs, and heavy populations can build up in a relatively short period. With the cooler weather we have been having, a little longer time will be required to complete the cycle, therefore heavy populations should not develop as quickly as they have in the past.

The decision to spray to control these mites should be based on the number of mites and damage present, and the stage of the grain. If the grain has 50% or less moisture, economical loss will likely not occur

even though there are a number of mites present on the leaves. If heavy populations of mites are present during the milk or dough stages, economical loss can occur due to poorly developed grain. When the feeding activity of the mites causes the leaves to turn somewhat yellow and begin to die back during the milk or dough stage, then control measures may be necessary.

Parathion and Systox are reported to be controlling the mites satisfactorily.

According to information recently received from Tom Hunter, Extension Grain Marketing Specialist, the following varieties should not be planted in Motley County, as they will be discounted 20c per bushel in the price support loan and purchase rates for the 1968 crop wheat.

Blue Jacket, Cache, Parkot, Red Chief (including White Seeded Red Chief), Stafford and Yogo. Hard Red Spring varieties of Henry, Kinney and Spinkota, along with White varieties of Gaines, Florence and Rex are also on the list, as is the Soft Red Winter variety of Nured.

In a recent column, varieties that do the best in this area were listed. As long as you stick to one of the recommended varieties, you are giving yourself the best chance of the greatest income.

Time of application of phosphorus and its placement in the soil are of utmost importance if the element is to be of some use to a plant it was stressed by Dr. Tom Longnecker, High Plains Research Foundation.

Young plants absorb it very rapidly and therefore it must be applied preplant or at planting time. This is when the element is most soluble and thereby more readily available to the plant. The nutrient must be placed where it is positionally available to the roots of young plants, therefore it should be broadcast or banded, with bands the best method, when placed one to two inches to the side and one to three inches deeper than the seed. The element does not move in the soil, and its availability decreases with the length of time it is in the soil.

Jim Valentine, Extension Area Soil Chemist stated increased yields have been produced on clay and sandy soils where there was a need for phosphorus. He also stated that there are no visual symptoms, but that cotton, grain sorghum and wheat plants just don't grow well and production will not be up to expectations.

Cotton lint yields increased from 26 to 41 lbs./ac. where phosphorus was increased from 40 to 80 lbs./ac. and grain sorghum yields were boosted approximately 75 lb./ac. If your yields are not up to expectations, why not submit a soil sample for analysis. As a rule of thumb, the producer received \$4 for each \$1 spent for fertilizer, if the proper fertilizer is applied in the correct amount and time, in addition to being applied correctly. Information on the soil test recommendation sheet will help you arrive at this correct combination.

Pontiac... Styling Leader in 1968

ALL NEW FROM PONTIAC — Two of Pontiac Motor Division's newest and most distinctive 1968 models are shown above. In the foreground is the GTO convertible which features the exclusive Endura front bumper as standard equipment. The bumper is made of a special chemical compound which has an energy absorbing quality. Also standard on GTO is a 400 cubic-inch engine and dual air scoops on the hood. Concealed headlamps and hood-mounted tachometer are among the GTO options. Also pictured is the Le Mans two-door hardtop coupe which reveals the new styling of all the 1968 Tempests. Featuring the popular long hood short deck styling, the Le Mans has a new roof line which blends into the rear section. Pontiac's overhead cam six cylinder engine is standard and there is an optional V-8, both with increased displacement and horsepower.

Horses was designed to furnish a handy reference on the common parasites that attack horses. Included are discussions on the life history, habits and damage done by horse bot flies, horse lice, mange mites, ticks and biting flies.

No control measures are given in this publication, but MP-691, which is also available, covers these recommendations.

Russian Roulette On Highways to Win Speed Ticket

(Note: This is the second of three articles revealing the details of the Department of Public Safety's plan for a crackdown in traffic enforcement now underway.)

Those stubborn drivers who ignore traffic laws and play motorized Russian roulette as they rocket along the highways soon will encounter more radar speed checks and more Texas Highway Patrolmen writing tickets.

Statistics have proved conclusively that speed kills, that driving too fast for conditions is responsible for many traffic tragedies so the Highway Patrol is going to do something about it.

The Texas Highway Patrol in coming weeks will field more men in more highway cruisers, armed with many more radar speed de-

tectors, in order to encourage motorists to keep their speeds within legal limits, and to prevent the ever soaring number of traffic deaths from rising even higher.

Captain J. W. Blackwell, in charge of the Texas Highway Patrol in this District, points out that the plan to encourage drivers to maintain safe speeds resulted from a 1966 survey on Texas highways which showed that speeding is an increasingly common occurrence.

In the first article in this series, Major Luther C. Moore, Commander of the Department of Public Safety's Northwest Texas Region No. 2, told how research by university scientists and government studies proves that a driver's chance of becoming involved in a fatal accident increases many fold at speeds over 60 miles an hour.

But how many drivers break the speed limit? What is the safest driving speed? Who has the wrecks? And what types of highway accidents are most common?

These questions might be asked by the average Texas motorist, and Captain Blackwell has the answers, compiled from a survey of Texas highway speeds in 1966 and a recent report by the US Department of Commerce.

When Mr. average motorist takes to the highway, about one driver in every eight he meets (actually 12.4%) will be exceeding the daytime speed limit of 70 miles per hour, says Captain Blackwell.

The figure jumps much higher at night, and veteran officers point

out that this increase is directly responsible for many fatal accidents.

Captain Blackwell said the survey made on Texas highways last year shows that nearly one third of the drivers (29.6%) exceeded the night speed limit of 65 miles per hour.

The safest driving speed, according to the government report, is the average speed of all traffic—while the highest accidents rates are found at the very lowest and very highest highway speeds.

Captain Blackwell says the government study shows that passenger cars drivers under 25 and more than 65 years old were involved in the greatest number of traffic mishaps. The survey also shows that drivers of older cars are involved in more accidents than drivers of newer cars—perhaps due to the low horsepower and poor acceleration of the older cars.

The most common traffic accident, according to the government survey, is the rear-end collision in which one car overtakes and strikes another car from the rear.

(The final article in this series will tell how the Texas Highway Patrol plans to reduce speeding on Texas highways.)

ELECTRIC CONDITIONED LIVING • ELECTRIC CONDITIONED LIVING • ELECTRIC CONDITIONED LIVING

What people are saying about...

A CLEAN BREAK WITH THE PAST

"Sold on the cleanliness!" says Mrs. John Barrows of San Angelo, Texas. The Barrows have lived in total electric comfort for almost three years, and are pleased with the living! Pleased that it is so clean... less dust. Pleased with the electric cooling and heating because it does such an "excellent job." Pleased that they can set the temperature controls one time in the summer, and one time in the winter and a constant temperature is maintained. The Barrows are pleased that there have been no service problems with the heating or cooling units, no cold spots in winter or hot corners in the summer. Both are especially pleased that the electric

bill is so reasonable. Only \$42.31 per month average. That is the total operating cost for cooling, heating, lighting, laundry, water heating, cooking, cleaning and running all of the work-saving electrical appliances for a family of 5 — and Robert, age 15; Ken, age 11; and Bryan, age 10; are active youngsters who open and close the refrigerator a lot... need lots of clean clothes and open and close doors frequently. Seven room, 2300 square feet — just \$42.31 per month average.

FHA Funds Provide Rural Water Lines

Over 13,000 miles of pipe have been installed through financing of the Farmers Home Administration to provide rural areas of Texas with an adequate and sanitary water supply.

There are 369 such facilities in operation in Texas serving more than 36,900 rural families. \$63,334,910 has been loaned for such water supply corporations since 1960. In fiscal year 1967, the Farmers Home Administration in Texas financed 139 of these facilities for \$17,086,250. The Motley County Office of the Farmers Home Administration has financed one water supply corporation in providing sanitary water for 64 rural families in this county.

DEAN A. DECKER

Decker is Named RPPCA Director

Dean A. Decker of Rt. 2, Childress, Texas has been appointed to the vacancy created by the death of John E. Glover on the Board of Directors of Rolling Plains Production Credit Association. Mr. Decker will serve in this capacity until the

next annual stockholders meeting of the association, at which time an election will be held to fill the balance of the unexpired term.

Mr. Decker, with his wife Jerry, daughter Cheryl and son Jim, carries on an agricultural operation of some 2,600 acres in Childress and Hall Counties and runs about 800 yearling cattle on a seasonal grass basis. He is 37 years of age, was born in Munday, Texas but has lived most of his life in the Childress area. He has been associated with the production credit system for a good many years, first as a member stockholder of the Memphis association and since the merger of Memphis into the Stamford association, a member-stockholder of the Rolling Plains association.

Rolling Plains PCA is the result of merging Stamford and Memphis associations in 1965. The central office is maintained in Stamford, with field offices in Haskell, Spur, Munday, Anson, Memphis, Matador, Paducah, and Wellington. C. G. Burson, Sr. of Haskell is president and J. L. Hill, Jr. of Stamford is general manager.

The association provides intermediate and short term credit for some 1,800 farmers and ranchers in its 17 county area. Currently there is approximately 13 million dollars in

loans outstanding on the association books and it is estimated that the total 1967 lending will be 25 million dollars.

Mr. and Mrs. Dell Graham and children, Rhonda and David of Plainview, were guests of Mr. and Mrs. Charlie Renfro and Brenda, Monday evening.

The 1968 Chevrolets are the very essence of modern design. Every line, every curve is in close harmony. It's a smooth, uncluttered look with roof lines compatible with body lines, grilles and bumpers that blend gracefully into long, rounded fenders. Clean, flowing, beautiful in their simplicity, these '68 Chevrolets are rich and advanced in styling beyond any you've ever seen.

A MORE SILENT RIDE
And for 1968, we've gone to every length to give you more peace and quiet inside. The most sophisticated computers have been used to strategically place body mounts and successfully isolate noise and vibration. Shock absorbers have been improved. The wheel stance on many models is wider for greater smoothness. Exhaust systems have been redesigned to make them whisper-quiet. Even the clocks tick more softly. A sound car is a silent car. The '68 Chevrolets are the most silent, highest quality cars we've ever built.

BETTER PERFORMANCE
There are new engines, a bigger standard Six and V8. There's a new

250-hp V8 you can order that runs on regular fuel. Many new engine components increase dependability and keep your new Chevrolet running stronger. There's a new rear axle ratio you can add for greater economy. On most engines equipped with automatic transmissions, there's a special heater for the carburetor which gives you more efficient performance in cold weather. And with every engine, you get the new GM exhaust emission control.

UNIQUE ASTRO VENTILATION
There's a whole new idea in ventilation, called Astro Ventilation, for Camaro, Corvette and the elegant Caprice Coupe. It's also available on many other models. By opening two new vent-ports on the instrument panel, you bring in outside air that can be directed where you want it. This way, you can leave your windows rolled up and add still more to your peace and quiet.

PROVED SAFETY FEATURES
You get the proved GM-developed energy absorbing steering column, folding front seat back latches, dual

master cylinder brake system with warning light, plus many more new features. Among them: energy absorbing front seat backs, and safety armrests that shield the door handles.

MUCH MORE THAT'S NEW
There are new roof lines, some formal and graceful, others sporty and quick. There are new instrument panels, richly designed and all controls within easy reach. There are new interiors, new vinyls, new fabrics, new colors. There are models with Hide-A-Way windshield wipers and headlights that disappear behind grilles. There are new side marker lamps, new recessed taillights. There's even a new ignition alarm buzzer that reminds you not to walk away and leave your keys in the car.

These are the newest, the most different, the most dramatically changed Chevrolets ever. And they're at your Chevrolet dealer's now. You'll thoroughly enjoy slipping behind the wheel, experiencing the smooth new handling and library-quiet ride and, more than anything, seeing and feeling the even greater quality built into every new Chevrolet for 1968.

Be smart! Be sure! Buy now at your Chevrolet dealer's.

There's more quality and value built into Chevrolets than ever before, making every new 1968 model an even better buy!

CARD OF THANKS

We are so grateful and appreciative of the many expressions of sympathy and concern shown us during the illness and at the death of our beloved wife and mother. We sincerely thank each one for every act of love and thoughtfulness—all of which were the source of greatest comfort to us. May God bless each of you.

A. T. Sweepston and Anne, Mr. and Mrs. Hershel Sweepston and Danny; Mr. and Mrs. J. A. Colston and Billy; Mr. and Mrs. Bob Burns, Roxanna and Doyle Ray; Mr. and Mrs. Vance Campbell, Ken, Cheryl and Wes.

IN APPRECIATION

My sincere heartfelt thanks goes to each and every person who extended help and sympathy in my recent bereavement in the death of my sister, Beulah Mae Mobley of Lubbock. I want to acknowledge my indebtedness to those who sent flowers, food, and messages of sympathy; to those who opened and closed the grave, and to others who helped in any way in performing the last offices for our beloved sister and aunt. My children join me in this expression of appreciation for the kindness and friendship shown in this time of sorrow.
