MORE SERVICEMEN RETURN WEARING DISCHARGE BADGE

The following discharge papers have been filed the past week in the office of County Clerk, R. A. Seay: Sgt. William G. Kimbell, Jr., Feb. 13, at Ft. Bliss, Texas. He received the American theatre ribbon, good conduct medal and the victory medal, and served in the Army 3 years, 3 months and 13 days.

Clifford A. Jones, T-5, having served in campaigns on the northern Solomons and the South Philippines, received his discharge on Feb. 4th at Ft. Bliss, Texas. He received the Asiatic-Pacific theatre ribbon, the Philippine liberation ribbon, the good conduct medal, and the Bronze Arrowhead, and the world war II victory medal. He was in service 2 years, 5 months and 9 days, and was overseas 1 year 8 months, and 22 days.

CRADLE COUNSEL! By Meredith Moulton Redhead, Baby Food Counselor, Heinz Home Institute.

Weigh Him In Weekly

Your baby's weight is a personal affair. It is true that his weight is, in a measure, an indication of his development. But his gain or loss can only be applied to his own rate of progress: it is in no way comparable to the weight of your neighbor's baby.

As a rule, babies make an average weekly gain of 4 to 8 ounces during the first six months, slowing down to from 4 to 6 ounces weekly during the second six months.

A proper choice of diet is an important factor in encouraging a normal gain in weight. Be sure to follow your doctor's suggestions in every detail.

Electrician's Mate 3-c Jodie Malcolm Jameson, received his discharge at San Pedro, Calif., on Feb. 6, having served in the service 1 year 6 months and 19 days. He served in the Pacific area and has the world war II victory medal, the American area medal, the Asiatic-Pacific area ribbon with 3 stars, and the Philippine liberation ribbon.

COOK'S COUNCIL By Jean Merritt, Heinz Home Institute.

Moppets' Middy Meals

Children's noonday lunch, whether it be school cafeteria style, a packed lunch box, or the dashed-home-for-kind, should contain at least one nourishing hot dish. Ideal for this purpose are canned soups—the condensation of their goodness...

- School Children's Lunches: Condensed Cream of Tomato Soup, Crackers, Peanut Butter and Jelly Sandwich, Cross Cut Sweet Pickles, Baked Apple, Milk, etc.

PROTECT WITH PAINT! Illustration of a person painting a wall.

Paint is a great protector and also adds value to the appearance of buildings. It will pay you well to keep your home and farm buildings painted and in good repair.

While many items needed in repair and construction are difficult to obtain, you will find us glad to serve you in any way possible.

WE ARE DISTRIBUTORS FOR LOWE BROTHERS' PAINT Burton-Lingo Co.

days of that time was spent in the Pacific area. He received the American theatre ribbon, the Asiatic-Pacific theatre ribbon, the Philippine Liberation ribbon, the good conduct medal and the World War II victory medal.

Sgt. James M. Edmondson received his discharge at Camp Fannin on Feb. 17, having served in the army 2 years and 17 days. He has the American area ribbon, good conduct medal, and the victory medal.

Sgt. Aubrey L. Seigler received his discharge on Feb. 14 at Ft. Sam Houston, Texas. He received the American theatre ribbon, good conduct medal and world war II victory medal, and one service stripe. He was in the service 3 years, 3 months, 21 days.

Leslie E. Harper Jr., W. T. 2-C, of Roaring Springs, received his discharge from the U. S. Navy at Norman, Okla., Feb. 18, according to a release from that separation center.

T-5 Eddie Jackson received his discharge on Jan. 17, at Ft. Bliss, Texas. He served in campaigns on Rukyuys and New Guinea, and received the ATO campaign ribbon, Asiatic-Pacific ribbon, the good conduct and victory medal. He was overseas 1 year 8 months and 15 days and in the service 3 years 4 months and 25 days.

Claud Prentis Jackson, Jr., Ship's Service Man, 3-c, San Pedro, Calif., Feb. 21st, having served 2 years 11 months and 22 days in the Navy. He received the Asiatic-Pacific area ribbon with 3 stars, the ATO ribbon, the Philippine liberation with 2 stars, and the Victory medal.

Pfc. Norman R. Martin received his discharge on Feb. 16, at Ft. Sam Houston, Texas, having served in campaigns in Rhineland and Central Europe. He has the ATO ribbon, the EAME with two bronze stars, the good conduct medal, the and two overseas service stripes.

Constant Care Is Imperative To Preserve Women's Beauty

Constant attention to detail is imperative if a woman wishes to maintain an even pattern of attractiveness.

All the effect of perfect grooming can be destroyed by a ragged, broken fingernail, or a wisp of stray hair marring the perfection of your coiffure.

Easiest ways to maintain the constant care that is necessary are described in an article in the February issue of Good Housekeeping magazine which states in part:

- "Brush and comb your hair several times a day and shampoo to reveal those lovely highlights." "Never file nails down at the sides. Let them grow out at the corners until they are even with the pads of the fingers and they will be less liable to break." "Make symmetrical lip curves by practicing on your mouth until you have a clear idea of the best shape for your lips. Then practise drawing it on your hand until perfect symmetry is achieved."

in service 4 years and 24 days and overseas 1 year and 24 days.

Capt. Vance H. Gilbreath received his discharge on Jan. 10th at Ft. Sam Houston Texas, having served in the service 2 years, 7 months, 27 days. He received the American theatre ribbon, the world war II victory medal. He was overseas 1 mo. and 15 days.

S-Sgt. Phil M. Green received his discharge at Ft. Bliss, Texas on Feb. 20th. He received the good conduct medal, and the world war II victory medal. He was in service 3 years, 3 mo. and 20 days.

Your kites are lots of fun, boys and girls, but they must be flown properly if you want to be sure not to get hurt. Maybe it's hard for you to believe, but it's an actual fact that hundreds of youngsters throughout the country are seriously injured every year at kite-flying time, some from falls from trees or off buildings. So please be careful... watch these precautions, especially:

- ... Don't use string with wire in it... Keep your string dry at all times. (A damp string is dangerous.) ... Don't climb trees or poles near electric wires to recover your kite.

Remember—you can help keep your record for safety of yourself and others at kite-flying time if you'll heed these warnings. Show this advertisement to your friends.

MARSHALLS ENTERTAIN
Mr. and Mrs. H. S. Marshall entertained at their home Tuesday night, Feb. 19th, with a musical. A large crowd attended and refreshments of coffee, hot chocolate and cookies were served to the group.

D. CLUB MEETS
The Home Demonstration Club met in the home of Mrs. L. Smith Wednesday evening February 20th. Discussion of the evening was on Furniture arrangement. The Club is going to set out a lilac hedge on the vacant lot across the highway from the lumber yard in memory of the boys that served in the Armed Forces.

Those present were: Messes Fred Simpson, H. L. Smith, M. E. Keahey, S. D. Gunter, J. R. Meason, and J. D. Mitchell. A gift was presented Mrs. J. R. Meason in honor of her birthday.

The club will meet with Mrs. Meason on March 6th.

BIRTHDAY PARTY
A birthday party was given at the home of Mrs. R. J. Harrison honoring her daughter, Linda, who celebrated her third birthday.

Ice cream and cake were served to the following: Sammie Dean Swin, Myrtle and Miller Marshall, Donna and Carol Meague, Georgie Lee, Bobby Lee, Elmer Witcher, and S. N. Davis.

Mr. and Mrs. J. Q. Robbins and Mr. and Mrs. H. T. Robbins went to Quanah this past week. Mrs. J. Q. Robbins underwent an operation at the Memorial Hospital.

John W. Smith left Thursday for Ft. Sam Houston where he will report for active duty in the army.

Miss Lula M. Swim visited in Dallas and Vernon this past week.

Josephine Johnson of the PARS, stationed at Long Beach, Calif., with her sister, Billy Joyce of Blair, Okla., visited in the home of Mr. and Mrs. Weldon Tarrant this past week.

Mr. and Mrs. Joe C. Meadow returned to Roaring Springs via Van Buren, Ark., and visited Mr. Meadow's birthplace, and the old family cemetery.

Mr. and Mrs. J. A. Goodwin of Lubbock, visited relatives Thursday.

Mr. and Mrs. W. A. Campbell made a business trip to Lubbock Sunday.

Buryle Nichols is home now with his discharge after serving years in the United States Army.

Granvill Brownlow, recently discharged, is visiting here this week with friends.

Lee Harris of Lubbock visited here this week with friends and relatives.

Hugh Preston returned home

Health Department Conducts Schools For Food Handlers

In a vigorous campaign to elevate the state health level by preventing the spread of communicable diseases which might be transmitted by foods, the State Department of Health is conducting training schools for food handlers in many sections of Texas, according to Dr. Geo. W. Cox, State Health Officer.

"Food handlers are being taught the sanitary methods of preparing, handling, and serving foods for public consumption," Dr. Geo. W. Cox said. "Actual experience has shown that an insanitary eating establishment is one of the surest sources of spreading infection. Public health is menaced by the lack of proper sanitation in food handling and our goal is the education of cooks, waiters, butchers, bakers, fountain men, and all other food handlers to such a level as will insure the elimination of this health hazard."

The training schools consist of elementary courses in bacteriology, communicable disease, medical zoology, foods, disinfection, sterilization, personal hygiene, and sanitation.

These schools for food handlers which have been well received wherever held may be booked in any health unit of the State of Texas upon request from the director of the local health unit, addressed to Dr. Geo. W. Cox, State Health Officer.

Mr. and Mrs. A. M. Tanner of Flomot are the parents of a son born on Feb. 15, at the Stanley Clinic. He weighed 7 lbs. 12 oz., and was named Douglas Wayne.

Mr. and Mrs. J. C. Scaff, Jr., of Flomot, are the parents of a daughter born on Feb. 16. She weighed 8 lbs. and 10 oz., and was named Joyce Dell.

Born to Mr. and Mrs. Hubert Dudley of Quitaque, Texas, a seven pound daughter named Janice Lyvon at the Stanley Clinic on Feb. 22.

Mrs. Marvin Dickson Jr., of Dickens underwent major surgery on Feb. 18 at the Stanley Clinic here.

Jerry Pyle, of Roaring Springs caught his hand in a power saw and lost all four fingers on his right hand, on Feb. 14.

Lennie Harmon of Roaring Springs was treated for a broken jaw at the Clinic this past week.

Monday from Memorial Hospital in Quanah.

John W. Crouch of Killeen visited here over the week-end.

Wesley Burt made a business trip to San Angelo, Saturday.

Mrs. Walter Keahey made a business trip to Spur Saturday.

Mr. and Mrs. Joe Robinson of Amarillo visited Sunday in the home of her sister and family, Mr. and Mrs. J. T. Swim, Sr.

Mr. and Mrs. Wesley Burt made a business trip to Plainview Sunday.

Mr. and Mrs. Billie Nichols of Amarillo visited his parents, Mr. and Mrs. W. H. Nichols over the week end.

Mr. and Mrs. Wayne Russell of Floydada, visited relatives here this week end.

Mr. and Mrs. Hubert Gunter of Amarillo visited in the home of his mother and family, Mr. and Mrs. Joe Duran.

Mr. and Mrs. W. H. Nichols had as their guests Sunday Nell Lallier of Dallas, Mrs. Sallie Phipps, Miss La Voe Mitchell, and Mr. and Mrs. Billie Nichols of Amarillo.

Mr. and Mrs. M. D. Owens of Quitaque visited her mother Mrs. Burt over the week end.

Fixin' Up the Farm by BURTON WILLIAMS

Let Wheels Save Work
IN THE fast moving pace of things today it seems that everything is on wheels. Many people are even living in houses built on wheels.

The farmer can save himself a lot of hard work by putting wheels on various chores. For instance, why lug silage in a tub when you can make one trip with a cart, easier and quicker? Backaches can be eliminated too—build the cart so it can be rolled under the chute to be filled. And instead of making separate trips to cows with grain and supplement, just mix the feed in the cart and do the whole job in one round trip. Many a mile of walking each year can be eliminated in this simple way.

Almost every farm has some spare wheels around that have been taken off worn out equipment. Using these and a little lumber and asbestos cement board, an excellent cart can be built which will give many years of service.

The body is built of rough, scrap lumber; then lined with asbestos board to provide a smooth, tight inner surface which will prevent leakage and can be cleaned easily, while also having the advantage of being impervious to rot and rodents.

ROY W. HAN, former publisher of the Briscoe County News, has returned from a vacation in Old Mexico and has joined the staff of a farm implement company in Amarillo.

MRS. FRANK EXUM, Shamrock, is the woman of the year. In filling her income tax return last year it was found she did not owe a tax. Believe it or not the government has refunded her the sum of 10 cents.

ishment is one of the surest sources of spreading infection. Public health is menaced by the lack of proper sanitation in food handling and our goal is the education of cooks, waiters, butchers, bakers, fountain men, and all other food handlers to such a level as will insure the elimination of this health hazard."

The training schools consist of elementary courses in bacteriology, communicable disease, medical zoology, foods, disinfection, sterilization, personal hygiene, and sanitation.

Surprise Supper Special

If eggs are on the docket as the main course feature for today, promote their popularity and heighten their protein content by presenting them in a surprise package. The clever recipe below suggests coating hard-cooked eggs with a mixture of ground ham and bread crumbs, well laced by a stinger of prepared yellow mustard. When these are deep fat fried and topped with a delicious condensed cream of tomato soup sauce, the simple egg becomes a sumptuous dinner dish. Try this and see.

Ham and Egg Surprise

Mix, in saucepan—
1/2 cup bread crumbs
1/2 cup milk
Heat slowly. Stir into a paste.

1 cup ground, baked ham or prepared luncheon meat
1/2 teaspoon prepared yellow mustard
1/4 teaspoon pepper
1 egg, beaten.

Medium Tomato Sauce

Sauté—
2 tablespoons chopped onion
2 tablespoons butter or margarine.

Add, then blend well—
1 tablespoon flour.

Gradually add—
1 11-oz. can condensed cream of tomato soup, undiluted.

Add—
2 teaspoons cider vinegar
1/4 teaspoon Worcestershire sauce.

Gradually bring to boil, stirring constantly. Yield: Approximately 3/4 cup.

COME TO CHURCH SUNDAY

Well-Rounded Diet Important Health Aid For Children

Discussing the food requirements of a child enjoying maximum health, Dr. Geo. W. Cox, State Health Officer, has stressed the importance of a well-rounded diet and stated that a healthy and well-nourished child enjoys life because he is physically fit.

Emphasizing the importance to health of an adequate and

good, elimination is regular and sleep is sound and untroubled.

"A child's appearance can usually help parents to judge the state of his nutrition. A well-nourished child has good skin color and there is a moderate padding of fat over the bones and muscles of the arms, legs and body. Muscles are well developed and strong. Teeth are good and the gums are firm and light pink," Dr. Cox said.

The Health Officer stated that a finicky appetite or a tired feeling after a little exertion indicated possible malnutrition and the child should see the family physician. Poor appetite can also mean the beginning of an illness and possible that the child does not require as much food as he is being urged to eat.

Required as a diet for the preschool child and those of school age, Dr. Cox included milk, fruit, vegetables, eggs, meat, fish or cheese, cereal and bread and added that cod liver oil and other vitamin preparations are important in winter and early spring but should be prescribed by the family physician.

MR. FARMER

Are You Planning To Grow Any Legume Crop This Season!

Those who grew black-eye peas last year averaged approximately 2,000 lbs. per acre of green peas, and 200 to 300 lbs. of dry peas, on dry land farms — We believe this can be doubled under irrigation.

The price paid in West Texas for green peas last season, by East Texas canners, averaged 3¢ to 3½¢ per pound, and for dry peas 8¢ to 12¢ per pound. Green peas were trucked more than 500 miles away for canning purposes.

Based on these figures, a number of farmers made \$75.00 per acre on peas, net profits, plus \$1.50 per acre conservation payment by AAA for growing a summer legume crop. From all indications there will be a stronger market this season than last, as other canning factories will be in this market for peas.

What Crop Can You Grow On The Plains That Will Show A Better Return Per Acre!

Hale County Foods, of Plainview, are interested in buying your pea crop. We will start canning peas about August 15th, and will pay the market price throughout the canning season. Peas should be planted after July 1st for the canning factory market. We are assured plenty of labor from South Texas for harvesting peas this fall.

For more information, regarding seed, inoculation, labor, etc., get in touch with us and let us explain what it means to YOU to plant peas this year. Be sure to see your county AAA office to qualify for the conservation payments.

The operation of this canning plant means a great deal to your community and West Texas in general. We predict a brighter future for West Texas — help us to do our part in developing the natural resources of this territory by permitting us to help you.

EL MATADOR

KAMPUS KLATTER
Have you been wondering why Billy Frank has been walking way up in the cloud? Donald Love is making frequent trips to Matador so we hear now where does Fred fit into the picture?

Charles Payne and Nannette Bishop, Dot and Lane, and Alvin and InaJean Gee seemed to have a good time Saturday night at the basketball game.

Margaret really got around at the tournament last week-end. Charles and Bill from Crosbyton were simply too divine. Also, she and Lee Roy seemed to enjoy themselves Thursday night.

Jolene was all smiles Saturday night at the ball game. Could B. P. Davenport have been the reason?

By the way, Mickey, Murrell, Evelyn, Elwyn, Lee Roy and Shirley from Paducah were seen together Sunday night. Cute kids, those!

Charles Payne and Evelyn were seen together after the ball game Thursday night.

Don and Sarah really enjoyed the show the other Sunday. Could it have been that you were together?

Well, one by one the Senior Girls are becoming "Mrs." Wilma Fay has now added another name on the list. Mrs. K. J. Clifton. Congratulations, from the entire student body and faculty of Matador High School.

My! hasn't cupid been busy this week? He really gets around! For instance, just look at the way he maneuvers Gordon and Lyndell Simmons, and John and Barbara Moss back into circulation.

Chip and Dorothy Ann take the cake for the latest couple. Another current couple is Chareen and Harvey McNally. We hear this is getting serious. How about it kids?

Norma Chloe, Lovelace Plyler, Isabel, and L. D. made a cute foursome Saturday night. They made it to the ball-game Thursday night.

That's all for this week—hope we can tell you more later.

TYPING BECOMES ESSENTIAL STUDY

Did you ever stop to consider how important typing will be to you in that period of life following school? Most of the students are realizing that because the typing classes this year have been filled to the capacity.

After climbing that first difficult hill of learning the keyboard, typing without watching the keys, withstraining those exclamations when the wrong letter or mark comes out, and reaching a reasonable rate of speed, the students have completed six weeks of the second semester typing.

Even now it is almost compulsory that one should know how to type before applying for a job as secretary, bookkeeper, salesman, or practically any job.

Why is the typewriter becoming more and more popular? It is neater, saves paper and time and is less trouble. **USE AT LEAST ONE YEAR OF TYPING.** Keep these facts in mind when you are making out your schedule for next year.

SCHOOL DAZE

Good Looking
Mr. Ezzell: "Charles, you're certainly conceited about your beauty."
Charles: "Not at all—I don't think I'm half as good looking as I really am."

Frances: "I'm Mona, the hula hula dancer."
L. C.: "Shake"

K. J.: "Er-I'er-am seeking your daughter's hand—have you any objections, sir?"
Mr. Smith: "None at all, take the one that's always in my pocket."

A reformer is a person who wants to let his conscience be your guide.

The fact that the earth was created in six days proves definitely that it wasn't a government relief job.

Jerry: "Would you love me just the same if my father lost all his money, Thomas?"
Thomas: "He hasn't lost it, has he?"

Thomas: "Sure I would, you silly girl."

—M. H. S.—

FARM NEWS

BY MARVIN ALLEN
Administrative Officer
Motley County ACA

Objectives of 1946 Farm Program

American people are interested in conserving the soil, not only for profit but for their own well-being. They will take a new interest in the land and become more and more interested in conserving the soil when they realize that their health is related to the soil. Serving the natural interest by the protection of our land and water resources is the objective of the 1946 and previous farm programs. Farming practices that control soil erosion, maintain and improve soil productivity, conserve water and restore minerals to cropland and pastures accomplish this purpose.

1946 Farm Program Worksheet

We have ready for execution a 1946 Farm plan sheet for every farm in the County. Operators will not be asked to make a special trip to the county AAA office for the purpose of signing this worksheet but are requested to maintain records of the 1945 acreage and production on such items as cotton, small grain, corn, grain sorghums etc. Also a record of livestock and poultry should be maintained and brought along the next trip to the office. For each operator will be requested to sign their 1946 plan sheet the next time they are in the office. These data will become a permanent record for the farm and will be used when and if needed for future adjustment and crop insurance programs. Come prepared to furnish this information, to discuss your crop and livestock plans and to record your 1946 intentions.

Funds Available

Nearly \$85,000.00 has been allocated to Motley County and will be used when and if needed in carrying out needed conservation practices during the 1946 program year. It is believed that more than this amount will be earned; however, that amount of money will go far as assistance in carrying out conservation work.

Sore Throat—Tonsillitis Our Anesthesia-Map is a Doctor's Prescription that gives quick relief from pain and discomfort. Guaranteed to be the best Map Anesthesia bottle with applicators only 50c at MATADOR DRUG STORE

Conserve the soil for a brighter future for generations to come.

On many Motley County farms where cotton is now the only source of cash income, there will, in the future, be five or six cash-producing projects, such as dairy products, beef, poultry, eggs and truck crops.

FORMER RESIDENTS MOVE TO SNYDER

Mr. and Mrs. Claude Wilson, former Matador residents, have moved from Sweetwater, to Snyder, Texas, where they are residing at 2105 Ave. S.

Mr. Wilson is manager of the Burton-Lingo Lumber Company office and yard at Snyder.

LEAVES FOR CHICAGO

Mrs. T. G. Tilson left Tuesday afternoon for Chicago, Illinois, where she will attend the marriage of her daughter, Grace Laverne, to Mr. Raymond Frank Zabielski, which will take place Saturday, February 23.

1946 AUTO TAGS

Must be on all cars by midnight of April 1st, 1946, or owners will be subject to a fine, and must pay a penalty for not buying their plates on time.

Highway officers are instructed to arrest those who have not properly equipped their cars with the new 1946 license tags.

License tags are now on sale at the office of H. H. Courtney, Sheriff, Tax Assessor and Collector.

License tags must be bought in the county where you live.

Must have certificates of title for registration. (Photostatic copy), and 1945 registration receipt.

quite a lot of the Lions at Matador, and regardless of their thoughts, we will have to say that you are a grand bunch of people and were a wonderful audience, and you certainly were polite in telling a country boy that he knows how to make a speech. Best wishes, I am, Sincerely yours, Cal Farley."

Although contributions have been made thru the Matador Lions Club, the donors include many interested citizens who are not members of the organization, but who wished to have a part in aiding such a worthwhile institution, Mr. Emmons declared.

Miss Allie Burkes of Streetman, spent the week-end here with her mother, Mrs. Randall Gilbert, Mr. and Mrs. Gilbert are former residents of Streetman, now making Matador their home.

CITY ELECTIONS For City Secretary Howard Edmondson Earl McBride

PIERCE RITES HELD AT SPUR

Funeral services were held at Spur Sunday afternoon at 2:30, for Mrs. Josephine Pierce, 70, who died February 21. The rites were conducted by Rev. Gilbert, pastor of the First Baptist Church of Spur.

Burial was in the Spur cemetery, under direction of Bryan McDonald & Son Funeral Home of Matador. Pall-bearers were John Brantner, Tommie Gilbert, Tennon Booth, Dean Dugan, Preston ooth and Marion Jordan.

Mrs. Pierce was born in Texas, September 12, 1875. She is survived by her husband, W. F. Pierce of Spur, two sons, Joe, of Borger and Lewis, of Spur, and the following daughters: Mrs. J. A. Ince of El Paso, Mrs. T. E. Gilbert, Lubbock; Mrs. M. E. Randall, Spur; Mrs. J. V. Brantner, Gerard; Mrs. C. B. Fulerton, Quitman, La.; Mrs. Addie Pierce, Miami, Ariz., and Miss Marg Pierce, Wichita Falls.

Lengths of runways at Army airfields are determined in exact ratio to the altitude of the airfield. The higher the airfield above sea level, the more rarefied becomes the air with lessened lifting power for planes.

SEED-FEED LOANS NOW BEING MADE

Loans are now being made to finance 1946 crop production in Motley County according to W. D. Young, local Field Supervisor for the Dallas Emergency Crop Loan Office of the Farm Credit Administration.

Applications for these loans are being taken in Matador, Texas at the First State Bank, each Wednesday afternoon, from 1:00 PM. to 3:00 PM.

The security required is a first lien on the crops to be financed. The loans are available only to those farmers unable to secure loans from banks or other sources.

These loans, generally known as "The Seed Loans", have been made in Texas since 1931 and have proven of great benefit to farmers whose cash requirements are small. Repayment of the loan has been high. Borrowers are required to plant large gardens for home use and a balanced program of feed, food and cash crops is encouraged.

A loan to finance the purchase or production of feed is also made on livestock by this Agency.

The maximum loan to an individual is \$400.00. The seed and feed loans are administered in Texas under the direction of W. E. Farwell, manager of the Emergency Crop and Feed Loan Office, 405 U. S. Terminal Annex Building, Dallas 2, Texas.

COME TO CHURCH SUNDAY

BOYS APPRECIATE RECEIVING TRIBUNE

Returning servicemen continue to drop by the Tribune office to express their appreciation for having received the home-town newspaper while in service. Others send word by their families and friends that they appreciated receiving the paper, and are now glad to advise their names can be re-placed by others going into service.

Among local boys who have returned recently were Henry L. Martin, Frank Price, Keith Patton, Claud Jackson, Guy Kimbell, Clifford Jones, Jodie Jameson, James Edmondson, Aubrey Seigler, Jack Timmons, Eddie Jackson, Norman Martin and Phil Green.

TOY BALLOON FINALLY LANDS NEAR MATADOR

Here's what happened—eventually—when Dewey Tucker, son of Mr. and Mrs. H. N. Tucker of 318 Temple Ave., turned a natural gas-filled balloon loose here Feb. 1.

"Dear Dewey," a letter post-marked Feb. 9 from Afton read: "I found your balloon with your name and address on it about 12 miles east of Afton, about 80 miles east of Lubbock, in the Matador pasture. I would like to hear from you, just to know where you turned it loose—just for curiosity. I live at the Red Lake camp, and was riding the range when I found it."

The letter was signed Joe Thornton of Afton. Young Tucker, a student of Junior High School, released the small balloon "just to see what would happen—and to see if it would go anywhere."
