Bond Drive Sets Good Start Pace

Darden Canyon Oversubscribes Quota In One Day; Matador Gets Two-Thirds

VICTORY Bond Drive set a good starting pace as workers swung into action throughout Motley county Tuesday. However, Darden Canyon was far out in the lead of other communities. Starting Monday, the official date announced for the drive, Darden Canyon exceeded its quota in one day, according to Elmer Stearns, county chairman.

Workers here canvassed the city thoroughly Tuesday with total sales of approximately \$10,000 in "E" bonds, Mr. Stearns declared. While the sum represented about two-thirds of the city quota in "E" bonds, Mr. Stearns said most of the prospect lists were exhausted and that intensive work would be required on the remaining amount of approximately \$5,000 needed to reach the quota. Matador has been assigned about 30% of the county's total quota of \$50,000 in "E" bonds.

Reports of success of the drive in other county communities had not been received yesterday and in some instances the start of work has been delayed to await a fuller harvesting of crops.

It was Mr. Stearns opinion that the county will probably reach its quota in event everyone who has sufficient money will invest it in bonds.

"Most of the sales," he declared, "during the first day of the drive indicate that the small buyer is more active than the person able to invest much larger sums. We have kept a record of previous drives which shows consistent purchases among people of small incomes. In event possible larger purchasers invest in bonds, the county should easily reach its quota."

Hugh Cook Drops Dead Tuesday

Hugh Cook, long-time resident of the county, was found dead Tuesday afternoon around 3:30, at the home of Mrs. Mollie Wason, where he was unloading grain. Death was attributed to a heart attack.

The body was found leaning over into his pick-up, near the car shed where he was storing the grain, and it was estimated that he had been dead about thirty minutes.

Survivors are his wife and four children, Mrs. Tutt Garland, Nevada Cook, John Wilson Cook, just recently released from the armed forces, and T/5 James E. Cook, who has just arrived back in the states from overseas.

Funeral arrangements are pending contact with T/5 James Cook, and his arrival home, as an effort was being made to locate him through the Red Cross throughout Wednesday.

RECORD CROWD SEES NEW FORD

Greatest interest ever shown a new model Ford was displayed here Friday and Saturday when the Matador Auto Company revealed the first of the new postwar automobiles in showing the new 1946 Ford.

J. L. Woodruff, manager of the local agency said that it was difficult to locate the new tudor sedan in the showroom, so great was the interest and so large was the crowd ready for the first "look-see" Friday morning. He said people from all walks of life continued their keen interest in the new automobile until late Saturday night, and several orders were placed although no price could be quoted on the new car.

Mr. Woodruff found it impossible to keep a record of the number of people who visited the showroom during the two days. He said the unanimous opinion of visitors included surprise at the radical changes in the new Ford and also at the high quality of workmanship, which many had not expected because of the rapid reconversion from wartime production of automobiles. "Many believed", Mr. Woodruff declared, "that the new Ford might show signs of hasty construction. Instead they found, even to a greater degree, the famous Ford standard of quality had been maintained."

The Matador Auto Co., of which Mr. Woodruff recently became manager, has been completely redecorated to present an attractive appearance in the display room equal to agencies in much larger cities. The showroom was attractively decorated for the showing of the new car, including large containers of flowers, artistically arranged.

A Dallas newspaper said that 25,000 enthusiastic visitors viewed the new Ford in Dallas on its first day of display.

Matador Is Victorious Over Ralls

With a score of 20-0, the Matador Matadors returned home victorious from Ralls, Friday night.

Matador scored in the first period when Payne ended a sustained drive by a two-yard drive. He repeated the performance later in the same quarter. Both conversions were good. Stephens took a pass in the second quarter netting 20 yards and the final score.

The second half was a see-saw battle with the Ralls defense tightening considerably, but unable to score.

Creed and Garner led the loser's backfield and Pipes, end, was the outstanding lineman.

The starting line-up for Matador was as follows: Left end, Wayne Spray; right tackle, Hal Courtney; right guard, Bob Rushing; center, R. C. Giesecke; left guard, Clyde Lancaster; left tackle, Don Norton; right end, Travis Clifton; quarterback, Herbert Gauth; left half, Charles Payne; right half, L. C. Giesecke fullback, Billy Joe Stephens.

Reserves were: Billy Slover, Leroy Roberts, James White, Don Bradley, James Price, Norman Spray, Albert Marshall and manager Don Wason.

COTTON GINNING REPORT REVEALS SHARP DECREASE

Census report, as revealed by Mrs. Maudie L. Marler, Special Agent, shows that 362 bales of cotton were ginned in Motley County, October 18, from the crop of 1945 prior to that date, as compared with 1104 bales for the crop of 1944.

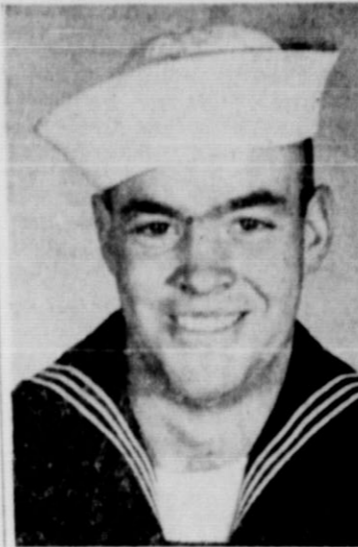

HOME ON LEAVE

Marshall R. Timmons S. 1/c, son of Mr. and Mrs. Newell Timmons of Northfield, is home for an 18-day leave after active service in the Pacific area.

He has the Asiatic-Pacific service ribbon with one bronze star and the Philippine Liberation ribbon. He participated in assaults on Balikpapan, Borneo, Labuan Island and Tarakaw Island.

He will report back to his ship, U.S.S. Titania at Bremerton, Washington, at the end of his leave.

JACK TIMMONS IS CREW MEMBER OF U. S. S. ANZIO

Jack Reece Timmons, S. 1/c, son of Mr. and Mrs. E. M. Timmons of Northfield and Matador is a crew member of the U. S. S. Anzio, first commissioned as the "Coral Sea", which participated in a total of 10 major operations during the Pacific warfare.

The ship was in action for the first time in the Gilbert Islands campaign, and after the Gilberts she hit Kwajalein, and from there sailed down to Emirau, Island in the Bismarck Archipelago. In each case she participated in the air support of the amphibious landing operations. During the occupation of the Marshalls, she was the first American carrier to anchor in Japanese waters, and her aircraft were the first to land on captured Japanese soil. From the Marshalls, she went to the Marianas, and was in action at Saipan, Tinian and Guam.

In October, '44, the name of the Coral Sea was changed to "Anzio", and had the job of clearing the western Pacific of submarines. The Anzio was at Iwo Jima, and Okinawa, and at the end of hostilities, was within 240 miles of the Japanese homeland.

Record of the Anzio includes shooting down of 27 Jap planes and sinking of 4 Jap subs. The Anzio also claims the distinction of pioneering "jeep" carrier night flight operations in the Pacific.

New Courthouse Plan Approved by Many; Facts are Disclosed

A plan to vote \$175,000 bonds for the construction of a new courthouse which may save Motley county in the neighborhood of \$100,000 in interest, disclosed by the Commissioners' Court last week, has met with approval of property owners, County Judge Wm. R. Cammack declared early Monday. He said a great number of the large property-owners had expressed their approval of the issue which would make it possible to borrow money at an average rate of about 2 1/2% instead of 4% which is expected as the demand for money increases. The bond issue will be settled by the voters in an election called for Saturday, November 17. Judge Cammack said the bonds could be carried with a levy of about 17¢ on the \$100 valuation.

City Over Quota In War Fund

Matador alone has reached its quota in the National War Fund Drive to raise a county quota of \$2,250. In fact \$852 of the total amount of \$916.25 contributed to the fund, has come from Matador, and no reports have been received from other communities, according to Randall Whitworth, treasurer. Matador's quota in the drive was \$811. The drive is sponsored by the Matador Lions Club.

The city's quota of a fund for the purpose of purchasing an iron lung, also sponsored by the Lions Club, has been attained. Mr. Whitworth declared. He said \$540 had been obtained here toward the purchase of the device.

Flomot community, second only to Matador in contributions during past drives, has not made a report. Mr. Whitworth said he did not know whether a committee was working in the community or not.

Roaring Springs, Whiteflat and Northfield are included among the communities which have yet to report contributions in the drive.

Roaring Springs Business Makes Ownership Change

Mrs. Deva C. King has purchased the former Freeman Drug of Roaring Springs, more recently owned by Mr. and Mrs. Jack Bridges, in a deal which was consummated Wednesday following invoicing of the stock.

Mr. A. Freeman, original owner of the business, who sold to Mr. and Mrs. Bridges early in the summer, has remained as registered pharmacist, and will continue in that capacity, under the new management, Mrs. King announced.

Mrs. King's daughter, Miss Darnelle Morrison, will be associated with her in business.

Carnival Attended By Record Crowd

Declared to be the best carnival ever staged by local talent the entertainment sponsored by the junior and senior classes drew a record crowd Tuesday night at the High School building.

Interest centered about the race for carnival queen, which ended with coronation of Miss Lou Marshall, as queen.

The auditorium show opened at 7:30, with a promenade of the eight contestants to the throne, followed by a period of spirited voting. While the votes were being counted, the program proceeded with the Amateur Hour with B. F. Tunnell as Master of Ceremonies.

Two first prizes of \$5+ were won by Dorothy Stanfield, high school entrant, and little Jo Ann Darsey in the grade school entries, both being songster acts, with Glenda Flippin taking second for both classes and receiving a box of candy for a "hula" dance. Honorable mention went to Patti Pipkin and Norma Chloe Casey for comedy acts.

Other contestants were: Oleta Simpson, Billie Young, Billie Frank Skaggs, Rosemary Bloodworth, Nancy Vaughn, Barbara Spray, Jean Hines, Betty Smalley, Frances Traweck, Sue McCabren, Carolyn Sanders, Neil Pipkin, James Ketchersid, Hoyt Burnam and Frank Traweck.

Wedding Is Riot

Performance of a "womanless wedding" almost ended in a hilarious riot by the audience as Bonner Nelson as the bride's father, gave his daughter (Bob Rushing) in marriage at the point of a shotgun. The bridegroom was James Price, ring-bearer, R. D. Clements; preacher, Wayne Timmons; train-bearer, Billy Joe Stephens; bride's mother, James White; groom's mother, Charles Payne; maid-of-honor, L. C. Giesecke, and best man, Gid Simpson.

Queen Is Crowned

Coronation ceremonies concluded the program, with Neil Pipkin in the role of Court Herald, announcing the queen's attendants and their escorts, as "Princess" and "Duke". These were Sarah Springer, Don Bradley, Margaret Sanders, Wayne Spray, Gwendolyn Wilkinson, Tom Edmondson, Oleta Simpson.

Flomot Wins Sixth Game

Flomot chalked up its sixth consecutive victory in football last Friday, in a well-matched affair with Estelline which ended in a score of 51-18, with the Estelline team holding their own until the last half.

Still leading the race for the District 4-B crown, Flomot has four more conference games to play.

The first string, consisting of Jerrel Martin, Herbert Martin, M. C. Jones, Calvin Monk, Barnelle Washington, Frank Fisher and Ralph Jones was ably assisted by Tom Fish at quarterback, Wayne Martin and J. C. Moss at center, Doyle Calver and Billie Meyer at ends, and John Gilbert and Melvin Pope at halfbacks. Feature plays were excellent runs by Monk and Fisher in the backfield and some superb kicking by M. C. Jones. However, the entire Flomot squad fought as a team, and all deserve credit for a well-earned victory.

MAIL DUST

By GLAS MEADOR

As I poured through the mail, I was reminded of the old cowboy's hat. The sun had tanned his face and time had made his hair grayer. His boots were straight in his boots, and his hands were as firm as iron. A wilted cigarette lay on his purple lips and a tobacco sack hung from his side. He looked over his shoulder at the man in the uniform, like a stranger, and he picked up the worn hat and walked toward the luggages. A slim woman in a black dress stepped in front of him and checked a brief case. He looked at the attendant and returned with a shrug. The riding man stirred and returned with the stirrups and then the girth and latigo. The attendant affixed a saddle on a high pile of luggage. He registered his presence on the cowboy's face as he moved toward the door where spinning busses waited. He was satisfied in the smile on his lips as he lit another cigarette. It is to make a prisoner of the man who has known the fullness of freedom in a saddle with no more limitations than the laughing horizon.

It is not a gift which may be bestowed like a bright trinket. Instead, it springs like a vine from the soil of understanding and grows to its will.

Smoke and the stench of cabbage filled the air. The crimsoned lips of the woman shined with coffee. Before a customer, then around the counter and a stool beside the youth. They talked in low tones for a moment then the youth looked back. His laughter continued as he found delight in pulling wings off of helpless flies.

There is an unmarked grave in the cemetery on a low and hill. A mound of rock and a leaning pine mark the berth of a shell once housed a soul. In the same stone walls there is a marble temple in which rests the long unused grave of a man who was wealthy. There is no distinction between the graves. The restless winds blow with force over both and the high stars shine without from their brackets in the sky. Death made the two equal else there could be no peace in eternity; there is no difference between wealthy and poor.

Secrets have always been in the command of those who are able to find interest in life. Since childhood I have been able to hide even a secret without its being found. Untruths come and laugh in my face at the expense of my injured dignity. However, the state of affairs has one pleasing hue. No service is required of my distant memory.

As she shawl over her shoulder, the old lady rocks gently in the fire and knits with her deft fingers that have shaped the ripe fruit of a full life. A profound contentment shines in her presence. Sometimes she smiles and she becomes motionless, as if some item of memory commands special attention for its special.

Some things are taught too. A rabbit seldom has a chance to use the knowledge through the mistake of being in the path of a speed automobile.

Tractor Makes Record Cross-Country Run

R. BURNS, farmer and farm implement dealer of Weimar, Texas, departed August 31 on an official test run, expecting to reach his home a distance of 1574 miles, in 21 days. He arrived in Weimar September 10, almost a week ahead of schedule. The tractor, when unsealed, was official of the American Automobile Association Contest Board, found in perfect condition, and tires showed hardly any wear, thus proving the roadability of the Ford-Ferguson tractor. The machine is a stock model, taken directly off the assembly line. To it was added a heavy duty mower.

Army Recruiters Visit Here Monday

Representing the U. S. Army Recruiting Service, Sgt. Jack Veasey and Cpl. George York of the Lubbock Army Recruiting Station, were visitors here Monday for the purpose of furnishing information concerning new enlistments in the army.

At present Matador is the only regularly scheduled station which will have representatives. Arrangements have been made for office quarters in the American Legion hall, from 10 a. m. until 1 p. m. Plans are however, for a man from the Lubbock Recruiting Office to visit here each week, on a day to be announced later.

Anyone having questions regarding enlistment or re-enlistment in the Army may contact these men at the above specified time.

The recruiters pointed out that since the passage of the Voluntary Recruitment Bill by Congress earlier this month, many benefits are offered men who enlist or re-enlist in the regular army. Seventeen year-old men

may now enlist provided they have the written consent of their parents. The period of enlistment has been shortened from three years to the optional periods of eighteen months or two years.

Men who were discharged since the 12th of May, 1945, and re-enlist before November 21st, will be re-enlisted at the rank they held at time of discharge. They also receive re-enlistment furlough computed at 30 days for each year's service, not to exceed 90 days. Included also is the re-enlistment bonus of fifty dollars for each year's service, if enlisted within three months of date of discharge.

CERTAIN FIREARMS REQUIRE REGISTER

A reminder of war souvenir packing soldiers and to the public generally, that certain types of firearms must be registered with the federal government has been issued by the bureau of internal revenue, J. M. Watson, alcohol tax unit investigator for the Abilene area, said last week.

Firearms which come under the federal registration act are those which fire more than one shot with a single squeeze of the trigger, such as sub-machine guns and machine guns.

Further, it is illegal to transfer arms of this type without informing the bureau and filling out proper forms, Watson said.

Details on the regulations may be secured from the Investigator in charge, Alcohol Tax Unit, Box 5566, Dallas.

Mavericks Defeat Jackrabbits 34-20

The Matador Mavericks, junior football team, continue their victorious season with two more "wins" to their credit recently, defeating the Ralls Junior Jackrabbits, 34-20, last Thursday, here, and by a score of 19-0 over the Floydada Juniors there, on Friday.

The Mavericks made a touchdown and extra point in the first quarter at Ralls. The Jackrabbits chalked up a touchdown also, but no extra point. In the second quarter, Ralls made a 95 yard dash for 6 more points.

Matador ran three touchdowns in the third quarter and won all conversions. One touchdown was a 50-yard run by Clyde Williams, who was the Mavericks' spark plug. Ralls also won seven points in a 50-yard run in the third.

The Mavericks' penetration totaled 350 yards, and 10 first downs against Ralls' 269 yards and 6 first downs.

If one would understand why a Texan is like he is, it must be remembered that Texas has a history all its own. For Texas has been under six flags: the banners of Spain, France, Mexico, the Republic of Texas, the

Confederacy and the United States. Texas was freed from Mexico more than a hundred years ago by bold, adventurous men from other States—some of whom had "left their country for their country's good." The expression "Gone to Texas" (sometimes expressed "G.T.T.") once was in vogue in other states as the explanation for some man's sudden departure.

It is related that a newcomer to Texas became involved in a difficulty and was advised by a lawyer to leave. He said, in amazement, "but I'm already in Texas ain't it?" At the outbreak of the Texas War for Independence, a Tennessean was galloping along and a friend asked, "Where you going?" He replied, "To Texas—to fight for my rights."

The most sacred spot in Texas is the Alamo where one hundred and eighty-two men, including Travis, Crockett, Bowie and Bonham refused to escape or surrender but fought to the last man against the hordes of the dictator, Santa Anna. "Thermopylae had her messenger of defeat; the Alamo had none." At Goliad, a Texas force under Fannin, facing artillery and overwhelming numbers, surrendered and then was massacred. At San Jacinto, the furious Texans, under Sam Houston, shouted, "Remember the Alamo! Remember Goliad!" and in 20 minutes, Santa Anna's army was shattered; the tyrant himself was captured next day, and the freedom of Texas had been won.

For 16 years, Texas was a republic, maintaining a navy, sending and receiving ambassadors, then voluntarily entered the Union by a treaty under

which the right was for Texas to divide the five States if it desired.

To these traditions of World War II have added and glorious luster as in France, in the Island Pacific, above the clouds the sea; wherever a American heroism has written in blood and there you will always find ans.

Texas has its own legends, myths, Pecos Bill, the of cowboys, Gih Morgan Paul Bunyan, of the Strap Buckner who with the devil, Texas ballads, its tall tales and its official State song, "Our Texas"; and also, national anthem, "The Texas", and its own Lone Star flag.

Make Unusual Reading

The struggles of the great, yet extremely modest old missionary's early life in Texas make unusual reading and will be a valuable addition to collectors' volumes. It is doubtful that any living soul equals the old missionary in knowledge of the Indian's real self.

Extreme bravery coupled with love tamed hundreds of the wildest Indians in the Fort Sill section of then Oklahoma territory. They love and respect him and following his passing an appropriate marker will be erected, not many miles from where Cynthia Ann Parker was recaptured from the Indians.

Awaits Book's Publication

Although Rev. Butterfield is bedridden, he anxiously awaits the book's publication. The author raced along with compilation of the book so that the aged man could realize that stories of his life had been recorded for posterity.

The author's father and his grandfather together lived 50 years in Texas while it was full of Indians, the latter settling in what is now Fayette county a number of years before the fight with Mexico. Ben Moore's grand father, Haywood Moore, was carrying the mail from old Indianola to LaGrange in 1836 and stopped his task long enough to make a dash for besieged Goliad but his horse gave out at Gonzales and then word came that the fort had been destroyed.

Preached To Geronimo

Rev Butterfield preached the first sermon ever heard by Geronimo, who died in 1911, a mad Indian to the last. Over 500 of the wild ones were converted by the old missionary, beginning in 1892. Others had tried it, but Butterfield didn't (and doesn't) scare.

In the accompanying photograph the author is shown (in Indian headgear) with Rev. Butterfield. The headress was won

COCHRAN COUNTY 4-H CLUB GIRL WILL BE CONTESTANT AT NATIONAL CONGRESS

Miss Ella Katherine Keith, above, Cochran County 4-H Club girl, is a contestant in the girls National Record contest. Each state will have one winner who is given a trip to the National 4-H Congress which is to be held in Chicago sometime in December.

Miss Keith is a student of Whiteface high school, and has been a 4-H Club member for the past five years. She won the Gold Star award for Cochran county in 1943. Her clothing demonstrator's exhibit won first prize in the Cochran county 4-H achievement day exhibit recently. She won several trips to A. and M. Short course and attended short course the past summer at Texas Tech, Lubbock. She has made numerous talks on clothing and taught textile paintings in club work in Whiteface and Morton.

Miss Keith has taken a course in costume design offered by correspondence from a New York school and all of her work has received high grades in this course. In her five years of club work she has also been cooperator in landscaping two years,

which time she was poultry demonstrator. Her third and fourth years, she took landscaping as her demonstration. In her fifth year of club work she was clothing demonstrator, making among other things, a wool suit that alone was evaluated at \$50. She was an instructor in the 4-H camps in the summer of 1944 and 1945.

In addition to her work in the girls field, Miss Keith is also competing with Cochran County club boys in the 1945-46 Fat Stock show, with three of her brothers also competing. The calves will be displayed next spring, and according to County Agent Roy Hickman, "She will probably create some strong competition... she knows her way around the feed lot."

Rev. Butterfield presented Moore with an old Geronimo bow and the author often slips out with it to draw it again on hunts throughout the area.

Rev. Butterfield is a grandnephew of the old trailman, who receives a page of treatment in the book.

"Butterfield 7 years With The Wild Indians" is a book all West Texans should read to get thrills from its pages and experience indirectly the struggles of this gallant old man.

Miss Keith is the daughter of Mr. and Mrs. D. C. Keith of Whiteface. Her father was reared at Matador, and she has been a frequent visitor here with relatives from time to time.

THIS IS ONE OF THE DESIGNS BEING CONSIDERED BY MOTLEY COUNTY

MOTLEY COUNTY DESERVES TO HAVE A MODERN FIRE-PROOF BUILDING FOR THE PRESERVATION OF ITS RECORDS

CAN MOTLEY COUNTY AFFORD TO LOSE PROBABLY \$100,000 By Delaying To Vote Courthouse Bonds Now?

PURSUANT TO A PETITION SIGNED BY 100 TAX-PAYING CITIZENS OF MOTLEY COUNTY, PRAYING THE COMMISSIONERS' COURT TO ORDER AN ELECTION FOR THE PURPOSE OF AUTHORIZING THE ISSUANCE OF \$175,000.00 BONDS FOR THE CONSTRUCTION OF A NEW COURTHOUSE (AND PROBABLY REPAIRING THE OLD JAIL), THE COURT PASSED AN ORDER CALLING SUCH ELECTION TO BE HELD ON THE 17th DAY OF NOVEMBER, 1945.

SUCH BONDS CAN BE SOLD NOW AT AN UNUSUALLY LOW RATE OF INTEREST, I. E. 2 1/2 AND 3 PER CENT (AVERAGE RATE ABOUT 2 1/2%). THE BOND MARKET SHOWS THAT INTEREST RATES ON SUCH BONDS HAVE ALREADY ADVANCED ONE-HALF OF 1% SINCE THE DEFEAT OF JAPAN, AND INDICATIONS ARE THAT FURTHER ADVANCES WILL REACH 4% IN THE NEAR FUTURE. AT LEAST THIS IS PREDICTED BY WELL INFORMED BUSINESS MEN THE COUNTRY OVER.

TWO SCHEDULES FOR COMPARISON:
\$175,000.00 BONDS BEARING INTEREST AT 4% WOULD HAVE TO RUN AT LEAST 40 YEARS TO KEEP ANNUAL PAYMENTS WITHIN OUR REACH; INTEREST COST ON SUCH BONDS WOULD TOTAL \$190,780.00 WHILE THE SAME AMOUNT OF BONDS RUNNING 30 YEARS AT 2 1/2% WOULD BE ONLY \$91,345.00, WHICH MEANS A SAVING TO THE COUNTY OF ALMOST \$100,000.00.

SUCH BONDS COULD BE CARRIED WITH A LEVY OF ABOUT 17 CENTS ON THE \$100.00 VALUATION. MOST OF THE COUNTIES, CITIES AND DISTRICTS HAVE PLANNED "POST-WAR PROJECTS", WHICH THEY ARE NOW PREPARING TO COMPLETE. A FEW SUCH PLACES ARE AS FOLLOWS: CITY OF HOUSTON, \$32 MILLION; FORT WORTH, \$20 MILLION; SAN ANTONIO, \$14 MILLION; DALLAS, \$40 MILLION; LUBBOCK (ISD \$1) MILLION; CITY OF LUBBOCK, \$4 OR \$5 MILLION; HALE COUNTY, \$125,000.; PETERSBURG CITY AND SCHOOL, \$115,000.; AMHERST, \$50,000.; ANDREWS ISD, \$300,000.; LONGVIEW ISD, \$150,000.; CORPUS CHRISTI, \$800,000.; LAMB COUNTY (2 ROAD DISTRICTS) \$422,000.; MOORE COUNTY, \$125,000.; COCHRAN COUNTY,

\$125,000.; WINKLER COUNTY, \$500,000.; HOWARD COUNTY, \$100,000.; PLAINVIEW, \$100,000.; MULESHOE, \$150,000.; TERRY COUNTY, \$450,000.; BORGER, \$204,000.; PAMPA, \$497,000.; WITH MANY OTHERS IN PROSPECT.

WITH SUCH GREAT DEMAND FOR BIG MONEY, IT IS ONLY NATURAL TO BELIEVE THAT RATES WILL SPEEDILY INCREASE. THIS COURT HAS GIVEN MUCH THOUGHT TO PLANNING A PRACTICAL "POST-WAR PROGRAM" WHICH WOULD BENEFIT BOTH OUR RETURNING WAR VETERANS AND THE COUNTY AT LARGE. THE BUILDING OF A COURTHOUSE IS OFFERED AS OUR "OUTSTANDING POST-WAR PROJECT". THE COUNTY NEEDS A GOOD FIREPROOF BUILDING FOR THE SAFE-KEEPING OF ITS IMPORTANT RECORDS, AND OUR SOLDIER BOYS WILL NEED THE WORK IT WILL FURNISH. THE MORE PROPERTY A PERSON OWNS, THE GREATER HIS NEED OF AN ADEQUATE BUILDING. IT IS NOT LIKELY THAT RATES ON OUR BONDS WILL EVER BE AS FAVORABLE AGAIN AS THEY ARE NOW.

WE DO NOT BELIEVE THAT THIS IS THE LOGICAL TIME TO BUILD, BUT WE DO BELIEVE IT IS THE LOGICAL TIME TO SECURE A BUILDING FUND, AND THEN INVEST THE MONEY IN INTEREST-BEARING SECURITIES (AS PERMITTED BY LAW) UNTIL CONDITIONS IMPROVE.

AS TO THE DISPOSITION OF THE \$80,000.00 BONDS VOTED IN 1938 FOR THE PROPOSED P. W. A. BUILDING, WHICH BONDS WERE NEVER SOLD BECAUSE THEY WERE VOTED TOO LATE TO OBTAIN THE GOVERNMENT GRANT APPLIED FOR (AND WE DON'T WANT THAT TO HAPPEN AGAIN) SUCH BONDS WILL BE CANCELLED SOON BY LEGAL PROCEDURE.

IN VIEW OF THE FOREGOING FACTS, AS WE UNDERSTAND THEM, YOUR COMMISSIONERS' COURT FEEL DUTY-BOUND, AS YOUR ELECTED REPRESENTATIVES, TO SUBMIT THIS QUESTION TO THE QUALIFIED VOTERS OF THE COUNTY, FOR THEIR DECISION AT THE POLLS ON NOVEMBER 17th, 1945.

THE RIGHT TRACTOR FOR THE PARTICULAR JOB

THE proverbial Jack-of-all-trades was master of none. The modern world of science and technology passed him by. The same principle applies to farm tractors. The tractor that does a wide variety of jobs unsatisfactorily can't possibly produce the greatest results at the least cost in any job. But that's what the farmer—particularly the small operator—has got to do to meet postwar competition: he's got to produce the most food possible with the least effort and, consequently, at the lowest cost. The farmer with 10 acres in truck crops needs one kind of tractor. The farmer with 100 acres in wheat alone needs another kind—or, as is usually the case, two or more different tractors. The tractor which does a good job on the Great Plains may be useless in the rice territory. And so it goes. Conditions of climate, the lay of the land, and the character of soils in the different parts of this vast country, together with wide variations in the nature of crops and the size of operations, combine to produce wide differences in the requirements for tractors. Harvester's policy is to meet all these requirements. That is why Harvester's postwar line includes a great variety of Farmalls and other specialized tractors and attachments rather than a single tractor with a single system of tools. Every tractor in the line was developed after scientific research and testing under actual operating conditions showed the specifications needed for efficiency and economy. Every Harvester-built tractor is the right machine for its particular job.

FLYING BALL CLUBS

CHICAGO—The entering wedge that may mean west coast baseball teams playing in either the American or the National League was the signing of volume travel contracts by 11 major league baseball clubs calling for service in 1946. With flying recognized as a means of travel for ball clubs and the promise of 9 to 10 hours trans-continental flight schedules in the near future, the arrangement of schedules allowing a west coast city to have a member team in either league would be possible.

FORMER ROARING SPRINGS RESIDENT MARRIES RECENTLY

Miss Marjie Catherine Walker, daughter of Mr. and Mrs. O. H. Walker of Lorenzo, became the bride of Leon Williams, son of Mr. and Mrs. A. D. Williams, former Roaring Springs residents, in a quite single ring ceremony performed by Rev. Horace Welch at his home in Lorenzo, at 4:30 Sunday afternoon, October 7.

O. H. Kemp of Lorenzo, a close friend of the young couple was best man. Mrs. Grace Taylor, sister of the groom was the bride's only attendant. A. D. Williams Jr. brother of the groom was a guest at the wedding.

Mrs. Williams was attired in a suit of gray wool and her corsage was fashioned of pink carnations. She wore black accessories.

Mrs. Taylor wore a gold wool suit, and chose brown for her accessories.

A native of Lorenzo, the bride was a graduate of the 1945 class in high school there. She was popular in athletic circles, being a player in the basketball team.

The bridegroom entered school in Roaring Springs, his birth place, and came to Lorenzo in his Sophomore year. He, too, was a 1945 graduate and was also a member of the basketball team.

At present the newly-weds are guests of his parents at the Hotel Cafe. Due to his draft status their plans for the immediate future are indefinite.

New Frigidaire Now On Display At WTU Here

The new postwar Frigidaire is now on display at the Matador West Texas Utilities Company show room, according to an announcement made Saturday by D. C. Bradley, local manager. He said the new refrigerators had been in production for some time, but not available to the public due to War Production Board restrictions.

Now that restrictions have been lifted, the refrigerators on hand and those that will be manufactured in the future will be for sale to the public. "Right now," Mr. Bradley said, "the demand for new refrigerators far exceeds the supply, and, for a short while the supply will be limited, but, every day production at Frigidaire is increasing and in a little while there will be enough new Frigidaires for everybody."

"Frigidaire Division, G.V.C., began a limited production of refrigerators following termination of its war contract in July. Following V-J Day the allotment job of reconversion and production began at the huge Dayton plants where refrigerators, electric ranges and commercial refrigeration products are being made for civilian consumption. In an unbelievably short period of time, and due to its 25 years of experience in household and commercial refrigeration, Frigidaire reached peak efficiency."
