X-Ray Tests Successful

Tests conducted through the
Texas State Department of
Health for tuberculosis by the
use of x-ray photographs, here
Thursday, Friday and Saturday,
were successful as far as parti-
cipation by residents was con-
cerned. A total of 1,722 tests
were made during the three
days and according to Frank
Munoz and Bert Hamel, x-ray
technicians, in charge of the
equipment, the participation was
far above the average for coun-
ties of comparable population.
The tests will be made again
next year as the plan is a per-
manent program of the Depart-
ment of Health to reduce the
amount of tuberculosis in Texas.

The two representatives of the
Department of Health, praised
County Agent Rufus Emmons
for his work in organization and
publicity of the drive. He was
general chairman.

Mr. Emmons in turn shared
the credit with the voluntary
workers who helped register the
applicants for examinations.
They were as follows: Mr. and
Mrs. Marvin Patton, Mesdames
Jack Norman, Freddie Welling,
James Friddy, Pete Williams,
Gene Frisbie, Billy Wason, Col-
quett Warren, Velma Fulfer and
Ben H. Clements, and Misses
Rovella Browning, Marie Hea,
Geraldine Waybourn and Thera
McDonough.

Cotton Crop Harvest Is Increasing

While far below last year's
score at this date, Motley coun-
ty's 1950 cotton harvest has
shown a good increase over the
past week.

Despite the continued fair, dry
weather, bolls are slow to open.
County Agent Rufus Emmons
declares. Up until 10 o'clock last
night the total of the county's
night the total of the county's
seven gins, was 1,825 bales as
compared with last year's 4,523

Matador has ginned 1,022
bales as compared with 1,480
bales last year. Flomot has gin-
ned 169 bales last year and Roar-
ing Springs has ginned 634 bales
as compared with 1,181 bales
last year.

One gin has reported an esti-
mate that one-fifth of the 1950
crop is gathered.

Mr. Emmons declared that
most farmers are paying \$2 per
100 pounds for gathering 'snaps'
100 pounds last year. He said the
delivered at the gin. Seven coun-
ties on the Plains are paying \$1.75
on the Plains and four counties
for cotton. At the gin and two
counties are paying \$1.75 and \$2
at the gin.

County Has Polled Seven Absentees; Big Vote Expected

MORE THAN USUAL inter-
est is being shown in the
general election slated for
Tuesday. Principal Panhan-
dle interest is the Congres-
sional race in which the in-
cumbent Republican Ben
Guill must try his strength
against Democrat Walter
Rogers, nominee in the sec-
ond primary. Both candi-
dates are residents of Pampa.

Guill was elected over ten
Democratic candidates in the
special election following the
resignation of Eugene Worley.

County and District Clerk Pat
Sheridan said late yesterday
that seven absentee votes had al-
ready been received which is un-
usual for a general election.

Other counties in the district
have also polled "more than
usual" number of absentee votes
while some counties have re-
ported that no absentees have
voted.

Over forty million votes are
expected to be polled in the na-
tion according to daily newspa-
per reports which may set a re-
cord. Approximately two-thirds
of the registered voters have
exercised their rights at the
polls in past general elections.

All plans are complete for the
election in the county according
to officials. Voting will be by
the new "secret" ballot which is
numbered, with the stub being
placed in one box and the ballot
in another box. A sample ballot
is printed in this issue of the
Tribune for the convenience of
readers.

ent-Teacher Association execu-
tive committee will meet Mon-
day morning, November 6, at 9
o'clock in the high school build-
ing, it was announced this week.

sociation will be held Wednes-
day afternoon, November 8, at
3:30 o'clock in the high school,
for a program on, "Must Fam-
ilies Feud?"

Polio Strikes Two in Spencer Family

Tyrant of the age, polio hit
with a vengeance in Matador
over the week-end, claiming
Morgan, 4, and Bobby, 24, sons

of Dr. and Mrs. W. B. Spencer.
Both children are patients in
the polio ward of the Lubbock
Memorial Hospital. Bobby, the
youngest, was stricken first and
rushed to Lubbock where exam-
ination revealed that he was suf-
fering from infantile paralysis
and that the disease had already
caused one arm to become par-
alyzed.

The brother was admitted to
the hospital Sunday where ex-
amination disclosed that he also
was a victim of polio in its early
stages. Dr. Spencer is associated
with Dr. J. S. Stanley in the
Stanley Clinic-Hospital.

Hope had been held that Mata-
dor would escape polio this sea-
son and the news of the two
Spencer children being stricken
has brought grave concern to
the community.

Dr. Spencer, who remained at
the bedside of his children until
Wednesday afternoon, reported
on his return here that they
were responding to treatment
satisfactorily.

Star Routes Aid Service

Two new star mail routes out
of Childress, leaving daily at 5
a. m. are improving the mail ser-
vice between the plains and the
point on the Ft. Worth and Den-
ver railroad, according to Post-
master E. F. Springer.

One of the routes is between
Childress and Plainview and
serves Parnell, Turkey, Quita-
que, Silverton, Lockney, and
Aiken.

The other route is between
Childress and Lubbock and
serves Paducah, Matador,
Dougherty, Floydada and Pet-
ersburg.

The Mistletoe Transit com-
pany of Lubbock was awarded a
contract to carry the mail over
the routes.

Greatest improvement here,
Mr. Springer declared, is the
service to Lubbock. In the past
mail from Dallas and Ft. Worth
has had quicker delivery than
mail from Lubbock. Mail in the
postoffice here in late afternoon
will be in Lubbock by 10 a. m.
the following morning. The Lub-
bock mail is picked-up at about
7 o'clock and reaches its destina-
tion by 10 o'clock.

The routes were established
when the Ft. Worth and Denver
railroad announced suspension
of passenger trains over the
Childress, Lubbock and Plain-
view line. The new service is
seven days weekly.

Flying Saucers Seen In Flomot Community

Flying saucers are back in the
sky and in the news. Two Flo-
mot couples witnessed the mys-
terious nocturnal objects Friday
night.

Mr. and Mrs. M. R. Trulock
had left Flomot and were en-
route home when they saw two
bright objects in the sky which
resembled red moons. The ob-
jects possessed a fluorescent cast
and passed and repassed each
other in the southwest sky. Mr.

and Mrs. Trulock live on the
Turner ranch about four miles

from Flomot and almost at the
base of Quitaque peaks.

They were passing the L. B.
Turner home at the time they
sighted the objects and called
M. and Mrs. Turner to witness
the strange sight. The Turner
family was listening to the radio
program, "Life of Riley" and
the time was about 9:15 p. m.

The two couples watched the
objects for about 20 minutes,
until they vanished behind a
cloud which extended over the
Plains.

This Is **Your Paper Printing News Is a Duty**

By William R. Nelson

MANY readers of newspapers are mistakenly reluctant to report newsworthy events about which only they know the facts. To some it apparently is embarrassing to tell the paper about social affairs in their homes, visitors, information received in letters, or other equally newsworthy items.

Telling the paper about news, whatever its nature, whether large or small in importance, should not cause embarrassment, and will not if rightly regarded. In fact, giving news to the home town newspaper might better be looked upon as a social and civic duty one owes to the community. Certainly the newspaper will receive it in that way.

Newspapers cannot afford to maintain staffs large enough to actually hunt out every news item they publish. All must and do rely upon voluntarily supplied news tips and items for a large part of the news they publish.

But there is another way to look at it that is equally important. Whenever you invite guests into your home you are honoring them. When they accept they are honoring you. To acquaint the community with such incidents is a gracious action which your guests and the community will fully approve.

Even information received in letters, excepting of course the confidential and purely personal, is news if the writer is known by others.

On those occasions when sickness, accidents, or other personal troubles occur, the community will want to know about them so it can respond accordingly. To neglect or refuse to give such information deprives your neighbors and other friends of opportunity to show their interest and friendship.

One of the main reasons why people like to live in smaller communities is the greater number of friends they make. One of the surest ways to make friends is by giving news to the home town newspaper.

Next time you entertain, have guests, receive news in a letter, there is illness, or some member of your family experiences disappointment or success, tell the paper about it. If you have never done so before you will be surprised and pleased by the glow of satisfaction its publication will generate.

Rogers To Speak Friday Over KGNC

Affirmative thinking and affirmative action is needed to get things done in congress, Walter Rogers of Pampa, Democratic nominee for congress said in a radio address over KGNC in Amarillo.

Rogers said there are many things about the government that he doesn't like, but that these things must be remedied by affirmative action in accordance with laws rather than by a campaign of criticism.

The candidate said he favored and pledged affirmative action on building up the United Nations; promotion of the Marshall Plan; the reciprocal trade agreement; aiding the countries of western Europe that oppose communism; a policy of a world-wide free press; full and complete maintenance of our mili-

tary strength; continuous vigorous enforcing of laws against subversive activities; expanded aid to the blind and other handicapped persons.

Establishment of a national science foundation; a permanent program of flexible price support for agricultural products; intensified soil conservation program; an extended crop insurance program; continued expansion of rural electrification; research program to improve agricultural practices; promotion of small businesses; expedited reclamation projects; conservation of natural resources; legislation to return the tidelands to Texas and removal of tax inequities resulting in a better ratio between individual and corporation taxes.

Rogers speaks Friday at 7 p. m. over KGNC in Amarillo.

Mr. and Mrs. Clyde Rentsch and children of Muleshoe, spent Sunday here visiting his parents, Mr. and Mrs. C. C. Renfro and other relatives.

Fort Worth Makes Plans To Feed 10,000 Baptists

FORT WORTH, Nov. 2.—Dinner on the grounds, a term familiar to old-timers, will be literally true when the Baptist General Convention of Texas meets here November 6-9. Because the Will Rogers Memorial Coliseum and Auditorium, where sessions will be held, are removed from downtown eating establishments, local Baptist officials have made plans to operate a restaurant on the grounds. The plan will get its first test the night of November 6, when a western style barbecue is served for those attending the state Brotherhood convention. Plans are being made to feed 7,500 persons that night. Senator Tom Connally will be among the speakers for the Monday night session of the meeting. Others on the two-day men's program will be Congressman Brooks Hays, Little Rock, Ark., vice-president of the Southern Baptist Convention; and Mayor Frank Streetman of Sasakwa, Oklahoma. L. H. Tapscott, state Brotherhood leader and his associate, H. C. Sivells, both of Dallas, are in charge of arrangements for the men's convention. Messengers, as the delegates to the general convention are

called, will be able to eat noon and evening meals within stone's throw of the Coliseum. The general convention, at which 10,000 Baptists are expected, will begin Tuesday evening and end Thursday evening.

Several times with her grandparents, Mr. and Mrs. A. B. Groves and other relatives, and is as beautiful and charming as she is. She has big brown eyes, and golden hair, naturally curly, and is very talented musically. . . . The C. B. Groveses are sort of tied-in with our own 820 Hackberry in a way, having lived there for a time before leaving Matador; and we might add too, that the Hubert Gilbreaths who also live at Brady, were first owners and re-modelers of what we modestly term Meador Manor. . . . Since by our own nomination, we aren't in much of a position to point to bad driving of others, but we do feel it is about time for men to cease exclaiming, "Oh naturally—a woman driver", whenever a wrong turn or signal is made, or some other traffic violation committed. . . . We just wish we had kept count of the number of men whom we have seen with our own eyes, run through the stop sign between Murrell's Furniture Store and Stanley Pharmacy, at the highway and Main street intersection within a period of four days. . . . Also, with our own eyes, just yesterday we saw the driver of a big commercial truck, deliberately drive away from a service station, directly in front of two on-coming cars, which had the right of way.

Pied Pinions BY MRS. M.

It is always nice to meet someone about whom you've heard for years, and interesting to note whether or not the person is anything like you had imagined. . . .

Something like fourteen years ago this month, when our nephew, Gerald arrived on this planet, he was preceded two days earlier at the same hospital by a charming little miss whose parents are Mr. and Mrs. L. B. (Smitty) Smith of Brady, and we heard a lot about Vivian and her little girl, Sheron, from Gerald's folks. . . .

At last this summer we met the Smiths—he is editor and publisher of the Brady Standard—and found them to be just as nice and charming as we thought they would be. . . .

Since some former Matador residents live at Brady, we had a common subject with which to start a conversation, during which we learned that Ann Louella Groves, daughter of Mr. and Mrs. C. B. Groves, is Lions Sweetheart there. . . .

Ann Louella has visited here Adding Machine Rolls, Tribune

**GULL SAYS
COTTON FARMERS'
POCKETS PICKED**

Following telegram ad-
vised to Douglas Meador, edi-
tor of the Tribune, was received
from Congressman
Gull after the newspaper
message is published ver-
batim and without comment:

"These facts have not been
previously disclosed, but Bran-
nan and Trigg made the reduc-
tion on orders from some unan-
nounced source. Harold Cooley,
House Agriculture Committee
chairman, predicts allocation
will have to be raised to three
and a half million bales next
year."
"This raise will be kept secret
until after the November elec-
tion because the Truman Demo-
cratic Administration is afraid
to admit such an embarrassing
and terrible error in calculation."
"Why will the export alloca-
tions have to be raised? Because
the Government already had
sixteen million six hundred
thousand bales of cotton in stor-
age and our maximum consump-
tion next year will be ten and
a half million bales. That will
leave us with a surplus of over
six million bales. The remaining
four million bales plus must be
sold abroad."
"In a telephone conversation
with a lawyer, a Democratic
lawyer, for the Agriculture
Committee I was told, quote:
This is just flimflam to impose
selective price controls with the
cotton farmer as the sucker. Cot-
ton is selling at some places in
the world for eighty five cents
per pound. This particular Bran-
nan plan is simply a vicious way

of driving the price of cotton
down because the Truman Ad-
ministration feels that the cotton
farmers always will vote Demo-
cratic. I think it is a poor trick
and I hope you beat this crooked
administration from Pampa to
Washington, unquote."
"That statement reflects my
sentiments."
"As a member of the Agricul-
ture Committee, I will fight to
achieve justice for the cotton
farmers, now and from now on."
(signed) Ben Gull."

The M. H. S. football squad was given a dinner by the parents of the players, Monday, October 23, at the School Cafeteria. After the dinner several persons expressed their opinions about the meal and the football team in after dinner speeches. These speakers were Coach Hopkins, Coach Willings, Coach Freeman, Superintendent Bert Ezzell, Principal Vance Gilbreath, Mayor Douglas Meador, and Football Captain Jody Graham.

After the benediction by Rev. Baker, pictures of the football players and coaches were taken by Tribune Editor Douglas Meador.

Seniors Receive '51 Class Rings

The Senior Class of 1951 ordered their class rings the latter part of last month. In the years past it has been customary to order the rings the last part of the school year before they become seniors, but due to circumstances beyond our control we were unable to order them last year. The rings for the twelve lucky, sophisticated seniors arrived Tuesday and they are mighty nice!

Question of the Week

"What would you do if you had only twenty-four hours to live?"
 Tresa McDonough: I would buy all the things I have always wanted and then will them to someone who needs them.
 Jerry Warren: Eat like a Mule and drink like a Camel.
 Dean Stotts: Eat.
 Rita Wilkinson: I don't know. That would not be very much time.
 James Graham: I'd want a King's Feast.
 Sam Hines: Eat a great big meal. Go see my girl out at Muleshoe. Then I'm ready to go.
 Gary Laughlin: I'd make it the best twenty-four hours in my life.
 Frances Traweck: I'd just live twenty-four more hours I guess.
 Joe Thomas: I'd get religious quick.
 Bette Littleton: I would spend it in church and repent.
 Barbara Neighbors: I would do all the things I ever wanted to do.
 Mr. Gilbreath: I'd get down on my knees and start Praying.

PICTURES ARRIVE FOR SENIOR CLASS

The lucky dozen seniors received their class pictures Wednesday, October 25. The large picture in a figure '51 was placed on the front wall of the study hall. The class picked their design from a selection of twelve different designs.

The pictures this year, as always, were taken by Alderson Studio of Clarendon, Texas. There are definitely a dozen flat billfolds in the senior class now since the class rings came the day before the pictures.

M. H. S. TAKES CHEST X-RAYS

The Matador High School went to the American Legion Hall Thursday morning, October 26 for chest X-rays. These X-rays are tests for tuberculosis and show signs even in the very early stages. All schools were urged to cooperate and participate in these tests.

Old cars and junk from wrecked automobiles were dragged onto the streets while Sheriff John Stotts and deputies were engaged elsewhere. Plows, chairs and tractor tires were scattered throughout the town yesterday morning, many were on the awnings of business places. Soap markers had their fun on display and automobile windows.

A contest to pay a cash prize for the best picture on show windows, fell flat because the pictures were destroyed by "spooks" who followed the "artists". Spooks turned a bunch of chickens in the post office lobby and closed the door. Roaring Springs reported little damage from pranksters, but property damage was heavy in many towns, according to reports.

Girl Scouts To Aid Auxiliary In Sale Of Poppies

Everyone in Motley county will be given an opportunity to wear a memorial poppy in honor of the war dead on Poppy Day, Saturday, November 4, according to Mrs. Loyd Latimer, American Legion Auxiliary's Poppy Chairman.

Local Girl Scouts will assist with the sale of the poppies, which are made by disabled war veterans. They are crepe paper replicas of the wild poppies which bloomed "between the crosses, row on row", in the war cemeteries in France and Belgium, and which have become the memorial flower of the English-speaking world. Making the poppies provides employment for thousands of veterans unable to do other work.

"Poppy Day contributions are used to bring comfort and cheer to disabled veterans in the hospitals", Mrs. Latimer pointed out. "They provide aid for disabled men outside of the hospitals who are having difficulties in re-establishing themselves economically... the dime, quarters and dollars which people contribute in exchange for their memorial poppies also form the backbone of the financial support for the extensive activities carried out constantly by the Auxiliary for the welfare of the disabled veterans."

Poppies are usually sold a week in advance of Armistice Day, which this year falls on Saturday following Poppy Day.

equally between the junior and senior classes. The Juniors will use their funds for the annual Junior-Senior banquet, while the seniors will use their share to purchase a gift for the school. One of the principal attractions here was the "Amateur Show" which played to a capacity house in the high school auditorium. Many excellent numbers were provided, displaying an unusual quality of home talent.

Matador's carnival queen was attended by the following princesses and their escorts: Margie Timmons and Joe Allen Thomas; Marlene Bailey and Gary Laughlin; Betty Jean Webb and Dewayne Martin. The girls were queen nominees from the junior, sophomore and freshman classes.

Family Night To Be Held At Whiteflat

Whiteflat and neighboring communities are reminded of Family Night which will be held Tuesday, November 7 by the Methodist Church.

A film, "Out of the Night" will be a feature of the program sponsored by the Women's Society of Christian Service. This is a story of a young man, weakened by economic pressure, who cracks up under alcohol and is rehabilitated by the Mission. Many scenes are filmed on Chicago's notorious Skid Row.

Everyone is invited and urged to attend.
