

## Lowrimore's Case Ends In A Mistrial

### Jurors Unable To Reach A Verdict On Embezzlement Charges

Hopelessly deadlocked after less than six hours of deliberation, a 70th district court jury was dismissed Wednesday evening by Judge Cecil Collings and an embezzlement case against E. W. Lowrimore, former city water office clerk, was declared a mistrial.

Stood 7 to 5  
Jurors, in a poll before the court, told Judge Collings that there appeared no hope of reaching a verdict. They stood 7 to 5, reportedly for acquittal.

Lowrimore had gone to trial on the first of eight indictments charging embezzlement of water department funds. He also was under indictment on two additional charges of record falsifying.

The defense apparently was pleased over the termination, while the state reiterated its previously declared intention of asking for a trial on a second indictment, possibly next week.

After arguments which required about five hours, the case was given to the jury shortly after 3 p. m. and at 9 p. m. they told Judge Collings there was no possibility of getting together.

Although the amount involved in the indictment under which the case went to trial was a \$223 check, the state had alleged the results of a special audit, which the defense attacked, disclosed a total shortage of around \$6,693 over a period of 15 months.

## DR. SMITH TRIES TO KILL SELF

BATON ROUGE, La., Nov. 16 (AP)—Sheriff Newman H. De Ertol announced that Dr. James Monroe Smith attempted to commit suicide this morning in his jail cell by cutting a tendon in his foot with a razor blade.

The former Louisiana State University president, scheduled to be taken to the state penitentiary tomorrow to serve sentences totalling from eight to 24 years for his speculations at the school, was described as being in a very weakened condition but not in danger of death.

## THANKSGIVING NO. 1 (THERE ARE THREE) FOR MONAHANS

MONAHANS, Nov. 16 (AP)—This may be just plain Thursday, November 16, to President Roosevelt, but it's Thanksgiving Day here.

Furthermore, there'll be two more—the 23rd, and the 30th.

Mayor Elmer Hill said he just couldn't let Mr. Roosevelt or Texas Gov. W. Lee O'Daniel get the best of him, so he'd give 'em one better and proclaim the third Thanksgiving.

O'Daniel announced he would proclaim both days after the president had set the 23rd as the official one.

Some of the mayor's friends accused Hill of letting his appetite for turkey cause his free use of his proclamation powers, but the town took him at his word.

## BISHOP HIMP SPEAKS AT M. E. CONFERENCE

LUBBOCK, Nov. 16 (AP)—Bishop Ivan Lee Hilt spoke at a noontime service today at the Northwest Texas Methodist church conference.

Dr. Frederick F. Shannon will speak this afternoon and tonight. The first business session of this year's conference this morning heard reports from nine presiding elders and others.

The conference has voted to accept the new unification setup, with two or three Northern Methodist churches to come into the conference. The formal change will be made tomorrow.

## AAA Parleys Are Slated

A series of informational meetings, dealing with changes in the 1940 AAA program and the impending quota referendum on December 9, will be held in various communities of the county next week.

M. Weaver, adjustment assistant for the county agricultural conservation association, said that there also would be discussions on contour furrows and terracing under the next years program, especially since most of the changes in the procedure have to do with soil building practices.

County and community committees, Weaver and O. P. Griffin, county agent, are scheduled to participate in the sessions.

The meetings, scheduled for school houses at 7 p. m. each day, follow: November 30, Lomax and Elbow; November 31, Garner and Moore; December 1, Vealmoor and Center Point; November 28, Gay Hill and Coahoma; and November 29 at Vincent. The November 25 meeting in Big Spring has been called for 7 p. m. in the district courtroom.

## THIS TOWN DESTROYED BY FIRE; FEAR 300 DEAD

This oil town of Lagunillas, built on stilts on the edge of Lake Maracaibo, Venezuela, and one of the major sources of Great Britain's oil supply, was destroyed by fire in which it was feared 300 lives were lost. Within four hours after the fire started, nothing was left of the town except floating debris and smoldering piles.

### Blood Ailment Fatal To One Child, Second At Point Of Death

NEWARK, N. J., Nov. 16 (AP)—Moist-eyed nurses quietly went about their duties today in a hospital children's ward where a few hours before a gallant, little boy succumbed to dread lymphatic leukemia.

And Columbus hospital officials thumbed uneasily through a pile of offers of blood from persons who lacked the type needed to aid eight-year-old Kenneth Frey.

His parents, Mr. and Mrs. Frey, were at the bedside last night while life ebbed from the wasted body of the child whose wan smile and cheerful manner remained until he lapsed into final unconsciousness.

In a Philadelphia hospital another eight-year-old child, Kathryn Felt, awaited a blood transfusion for the same illness in a last desperate effort to save her from Kenneth's fate.

The former Louisiana State University president, scheduled to be taken to the state penitentiary tomorrow to serve sentences totalling from eight to 24 years for his speculations at the school, was described as being in a very weakened condition but not in danger of death.

## Baptists Rap School Dances, Liquor Ads

### Resolution Assails Criticism Of Religion By Teachers

SAN ANTONIO, Nov. 16 (AP)—"Open criticism" of religion by teachers in state schools and the practice of school boards of sponsoring dances in "Texas" cities and larger towns was assailed in a resolution read from the floor of the Baptist General Convention of Texas here today.

The convention took no action on the resolution, which was referred to a committee which will file its report on this and other recommendations at the closing session tomorrow. The resolution was offered by the Rev. A. C. Turner of Tyler.

The "insidious advertising campaign" of the liquor industry with such slogans as "It is smart to drink" were attacked in the report of the convention's civic righteousness committee prepared for presentation to the body this afternoon.

The report deplored war as a monster that leaves tragedy and death in its pathway, gambling as an obsession, Sabbath desecration as a growing modern tendency, the motion picture industry as falling to do all it could "to uplift our people," divorce as a menace to civilization and "degradation of womanhood" as one of the leading evils of the day.

The report was prepared by a committee under the chairmanship of the Rev. Julian Atwood of Texas.

The Rev. Mr. Turner's resolution read in part:

"It is commonly reported by those who are in a position to know that teachers in some of our state schools openly criticize religion in their class rooms and speak with shameful irreverence of God."

"It is becoming increasingly common for school boards in the larger cities and towns to authorize or cause to be authorized by the faculty or Parent-Teachers associations school dances, thereby seducing or attempting to seduce our young people from the moral standards taught by their churches and their parents."

## CAPONE IS RELEASED, ENDING SEVEN YEARS IN U. S. PRISON

### Justice Pierce Butler Of The Supreme Court Succumbs To Illness

### Death Of One Of Major 'Dissenters' Gives Roosevelt A Majority Appointment To The Tribunal

WASHINGTON, Nov. 16 (AP)—Associate Justice Pierce Butler of the supreme court died today.

The 73-year-old justice entered a hospital for treatment of bladder trouble last summer, and with the exception of two weeks when he was able to return to his home, he had remained there since.

His death meant that President Roosevelt's appointees would be in the majority on the court. Mr. Roosevelt has named four of those on the nine-man tribunal.

In a formal statement, President Roosevelt expressed his regret. He also sent Mrs. Butler a personal note of condolence.

"I have known Justice Butler for a great many years," the statement said, "and I always regarded him as a personal friend. His undoubtedly great ability, his complete frankness in the expression of his philosophy and his honest convictions commanded my respect, and, in common with his many friends, I sincerely regret his untimely passing."

Butler was a democrat, but officials of the Roosevelt administration had termed him one of the two "conservative" members of the court, the other being Justice James C. McReynolds.

Although Butler was the third oldest of the Justices—Chief Justice Charles Evans Hughes, like McReynolds, is 77—he had been reported in robust health during the term of court which ended last June.

Butler ranked next to McReynolds as the tribunal's leading dissenter.

 hardly handed to federal convicts upon discharge.  
 He had been taken into the prison through the main entrance but when he left it was, probably, by another gate—and still in the company of federal officers. For Warden Henry C. Hill, Dr. George Hess, chief medical officer at Terminal Island, and another official left with him.  
 The former gangster, who had served time for income tax law violations was guarded for his own protection, although Bennett said he had not requested the escort.  
 Bennett said there would be some watch of Capone's condition, but declined to say how long he would be given this attention.  
 Bennett said he probably would make that public next week.  
 The director declined to say what his condition was. Earlier Bennett had announced the release. He said:  
 "Capone was transferred today from the federal correctional institution near Los Angeles to Lewisburg."  
 "The decision to discharge him today was based on a petition filed by attorneys requesting credit for three days he spent in federal custody between October 24, 1931 to

October 27, 1931, the date on which the United States circuit court of appeals suspended execution of judgment under which he was originally sentenced on October 24, 1931.  
 "Capone began service of a 10-year penitentiary sentence for evasion of income taxes May 4, 1933 and completed this portion of his sentence on Jan. 15, 1935 upon which date he began service of the sentence of one year for failure to file his income tax returns.  
 "With allowances for good behavior and credit for three days spent in jail in October, 1931, Capone's sentence expired Nov. 16, 1935."  
 Bennett's announcement did not say what relatives were on hand to welcome the one-time racketeer as he left the penitentiary, a free man.  
 Even as Capone was released, Captain Daniel Gilbert of the state's attorney's police in Chicago said of the recent assassination of Turfman Edward J. O'Haire:  
 "There's no longer any doubt about it being a Capone job."  
 By "a Capone job," Gilbert said he meant to lay the killing at the door of what is left of the gangster organization Al Capone once ruled.

 salary received by federal employees.  
 Butler was the only Catholic on the court.  
 Surviving are Mrs. Butler and the following children: Pierce Butler, Jr., William Butler, Francis Butler, all of St. Paul; Leo Butler, and Miss Margaret Butler of Washington, and Mrs. Edward K. Dunn, of Baltimore.  
 Death came so suddenly that neither his doctor nor members of the family were present. The attending nurse called the doctor.  
 Flags in front of the supreme court building were soon lowered to half mast.  
 Born in a Minnesota log cabin,  
 Butler practiced law at St. Paul until appointed to the court in 1922 by President Harding, a republican.  
 Because he had been attorney for several railroads and many corporations, several midwestern progressives fought his confirmation.  
 Physically he was a large man with piercing blue eyes, a round face and curling hair.  
 Away from his judicial duties, he was a genial story teller. Genealogically he was thoroughly Irish. He and his father, whose name was Patrick, both were born on St. Patrick's Day.  
 Butler wrote the 1935 opinion holding unconstitutional a New York law fixing minimum wages for women. It was reversed a few months later.  
 The justice asserted that such legislation was "repugnant to the due process clause of the fourteenth amendment" in that it deprived women of the right to contract.  
 He also wrote a dissent to the majority opinion holding constitutional the unemployment insurance provisions of the social security act. He contended that "the statutory scheme is repugnant to the tenth (state rights) amendment."  
 Butler had not participated in recent decisions of the court.

**SUCCESSOR?**  
 WASHINGTON, Nov. 16 (AP)—A list of names which might serve as a "who's who" of the judicial world was put forward today in speculation over a supreme court successor to Justice Pierce Butler.  
 High on the roster were such administration stalwarts as Solicitor General Robert H. Jackson of New York, who has argued many new deal cases before the high tribunal; Attorney General Frank Murphy of Michigan, and Senator Wagner (D-N.Y.).  
 Those who believed the appointment should go to the west, mentioned among others Thurman Arnold of Wyoming, assistant attorney general in charge of the anti-trust division; Senator Lewis B. Schwellenbach of Washington, and Judge Harold Stephens of Utah, a member of the United States court of appeals for the District of Columbia.  
 Advocates of the nomination of a woman advanced the name of Florence E. Allen of Cleveland, a member of the sixth federal circuit court of appeals.

### Mahon Will Be Honored At Banquet

Rep. George Mahon, who spent the night here Wednesday, will be honored at a postmasters and postal employees banquet here Nov. 25, it was announced Thursday.  
 The congressman, recently returned from the special session at Washington, came here Wednesday afternoon to attend to some business matters. He left Thursday morning for Lamesa and Andrews and was to appear at the Seagraves chamber of commerce banquet Thursday night.  
 Nat Shick, local postmaster and in charge of arrangement of the affair for Mahon, said that 125 or 150 would be expected to attend from the postoffices of the 19th congressional district. Plans are to have a high ranking official from the postal department here for the occasion, which will be held in the Settles ballroom.  
 This will mark the third year that an annual dinner has been

### CHRYSLER STRIKE MAY SET A RECORD

DETROIT, Nov. 16 (AP)—Entering its forty-second day, the dispute between the CIO United Automobile Workers and Chrysler Corporation today seemed likely to become the longest major quarrel in the history of the automotive industry.  
 By tomorrow it will have equaled the record span of the General Motors sit-down strike of 1937, and indications that it would continue for at least a few days more. Negotiations continued discussions of disputed points in their efforts to frame a new union contract, but several major issues remained to be settled.

 about life than it does about any actual facts of his existence.  
 At the same time the very intensity of these thoughts and reactions and feelings resulted in music which is more real and direct than any preconceived tonal portraits could ever be. Rather than any immediate "portrait," therefore, we can accept the idea of the "fate motive" being personified in this great composition. For between Beethoven in different works tells us of his struggle with this "blind and purposeless and destructive force." And in his later works he accepts it with resignation and surmounts it by transcendence. Not so in the "Fifth Symphony," which he wrote in his 30s.  
 The sketches for this work appear in Beethoven's 31st year, when he needed all of his courage to face the near certainty of eventual and permanent deafness, for a musical genius the most tragic affliction imaginable. And he then considered Fate as an enemy, not merely as an impersonal force. It is the gigantic struggle with this enemy, more than any romantic love affair, which seems to me to be the possible, even probable, basis

of this most famous of all symphonies.  
 The very opening bars proclaim the challenge of battle. Again breaks into the initial positions the second movement; it intensifies the inner anxiety of the scherzo; its defiant energy. And it is ended at last (after the marvelous passage of the mysterious tympani) by the triumphant and victorious spirit of the finale.

 City police must go to school. This is the edict of the department heads, posted on the bulletin board at the office Thursday. The notice said that classes would be conducted twice weekly for 45 minute periods. The first class starting on Tuesday, will deal with first aid and will be taught by Tommy Morris of the fire department. In other courses to follow police will take up law enforcement problems.

 salary received by federal employees.  
 Butler was the only Catholic on the court.  
 Surviving are Mrs. Butler and the following children: Pierce Butler, Jr., William Butler, Francis Butler, all of St. Paul; Leo Butler, and Miss Margaret Butler of Washington, and Mrs. Edward K. Dunn, of Baltimore.  
 Death came so suddenly that neither his doctor nor members of the family were present. The attending nurse called the doctor.  
 Flags in front of the supreme court building were soon lowered to half mast.  
 Born in a Minnesota log cabin,  
 Butler practiced law at St. Paul until appointed to the court in 1922 by President Harding, a republican.  
 Because he had been attorney for several railroads and many corporations, several midwestern progressives fought his confirmation.  
 Physically he was a large man with piercing blue eyes, a round face and curling hair.  
 Away from his judicial duties, he was a genial story teller. Genealogically he was thoroughly Irish. He and his father, whose name was Patrick, both were born on St. Patrick's Day.  
 Butler wrote the 1935 opinion holding unconstitutional a New York law fixing minimum wages for women. It was reversed a few months later.  
 The justice asserted that such legislation was "repugnant to the due process clause of the fourteenth amendment" in that it deprived women of the right to contract.

**OIL 'SHANTY TOWN' CAN'T BE REBUILT**  
 CARACAS, Venezuela, Nov. 16 (AP)—Informant quarters said today the Venezuelan government would forbid reconstruction of the still-supported shanty town of Lagunillas on Lake Maracaibo, which was destroyed Monday night by a disastrous fire.  
 The village long had been considered a firetrap, it was said, but efforts to remove the inhabitants to new homes on the shore of the lake had proved futile.  
 Exact figures on the number of dead remained unavailable as authorities continued the search for the bodies. The Maracaibo press estimated that 300 had perished, but the government press office indicated the actual number might be less.

**TRIPLETS ARRIVE FREE OF CHARGE**

SEDALIA, Mo., Nov. 18 (AP)—Mrs. Elmer Coon saved money by

having triplets instead of just one child. When she went to the hospital Dr. A. L. Withers told her if she had twins he would omit the charge

for the second baby; if triplets, he would make no charge at all; if quadruplets, he would pay the assistant's fee, and if quintuplets, they would "split the pot" on whatever the babies earned from photographs and advertising. The physician said he wasn't surprised at triplets but was disappointed there weren't two more. "I hoped there would be five," he said, "and Callender, Ont., would have a real rival."

**IOOF Lodge Adopts Resolutions For Deceased Members**

Resolutions of respect for the memory of two members of the lodge—Tom Scroggins and Albert Shortes—have been adopted by the Knott I.O.O.F. lodge No. 10. A copy of the resolution follows:

On Oct. 28th, 1930, Brother Tom Scroggins passed away at his home in the Fairview Community; and on Nov. 6th, 1930, Brother Albert Shortes passed away at his home in the Brown Community.

WHEREAS: The all-wise Father has seen fit to call these Brothers from our midst, it is our duty to bow submissively to His will. Yet the dead are beyond our help, beyond the power of human tears and it is therefore fitting that we extend the helping hand to the living in the maternal spirit that would relieve endorsement from those whom we pay honor tonight. Let us bring sunshine and gladness to the hearts immured in gloom, wipe away the tears of the stricken widow and extend protection and succor to the orphan.

Their toils are past, their work is done. And they are fully blest. They fought the fight, the victory won, and entered into rest.

'Tis hard to break the tender cord Of Love that binds the heart. 'Tis harder still to speak the word Must we forever part.

Dear Brothers, we have placed The peaceful graves embrace But thy memory will be cherished Till in Heaven we see thy face.

Therefore, be it resolved that we extend condolence and tenderest care to their families; and be it further resolved that we attach a copy of this resolution to our minutes and send a copy to the families and also furnish our reporter a copy to be published.

Lovingly submitted:  
T. H. Hughes  
W. G. Thomas  
Resolution Committee.

Jerry Lee Tallant, 2-year-old son of Mr. and Mrs. Jack Tallant, 211 North Second street, underwent an operation for acute appendicitis at the Big Spring hospital Wednesday evening. His condition was satisfactory late Thursday afternoon.

Reuben Hall of Ackerly, who underwent major eye surgery at the Malone & Hogan Clinic Hospital several days ago, was dismissed from the hospital Thursday morning.

**Air Corps Applicants To Be Examined At Lubbock Saturday**

LUBBOCK, Nov. 18—Young men interested in the air corps will have an opportunity of making application and taking the necessary examination without traveling several hundred miles to appear before the examining body.

Army air corps officers will be in Lubbock, Texas, Saturday to sit as an examining board for prospective applicants for training at Randolph Field, L. G. P. Overing announced Monday.

The examining board will include Lt. Col. Armin P. Herold, Capt. Burt Held, Lt. A. C. Agan and three enlisted men. Arrangements for their work are being made by the professor of military science and tactics, Texas Tech.

Lieutenant Overing will meet prospective candidates at the military science department, Texas Tech, every day this week to answer any questions they might have in regard to the flight training offered by the United States army air corps.

Lieutenant Overing said the air corps is interested particularly in college seniors, as these men will have finished their college work before time for them to report for training in July. The chief of the air corps, Lieutenant Overing pointed out, wishes to impress candidates with the fact that it is "not intended, or desired to enroll candidates as flying cadets prior to the completion of their college careers, since college graduates have a much better opportunity to secure permanent commissions in the regular army."

### URGES PURCHASE OF CHRISTMAS GIFTS MADE OF COTTON

AUSTIN, Nov. 16 (AP)—Gov. W. Lee O'Daniel has proclaimed December as "Cotton Christmas Gift Month" in an effort to stimulate purchase of cotton articles and help growers.

"Thousands of our Texas cotton farmers are in depressed financial condition because so many people have quit buying articles manufactured from cotton," the governor states. "Cotton is our principal crop."

"Cotton is used in manufacturing many beautiful and useful products which will make wonderful Christmas gifts."

### DRINKING BANNED AT DALLAS GAMES

DALLAS, Nov. 16 (AP)—There'll be no liquor drinking at high school athletic contests in Dallas.

The board of education passed a resolution ordering persons using or possessing intoxicating liquors at contests held under jurisdiction of the board forcibly ejected from the premises.

Chief of Police Jim Welch says his department will enforce the terms of the resolution.

If you Don't Agree it's the FASTEST, WHITEST—WASHING, SAFE Laundry Soap You've Ever Used—Return Both Packages—Get Your Money Back!

HERE'S the chance of a lifetime—to see new High-Test OXYDOL's sensational washing results for yourself—at a 1¢ bargain price and with a money-back guarantee!

So accept this amazing 1¢ offer today—and try High-Test Oxydol for your next washing. Use it in tub or machine. If you don't agree it's the fastest-washing, whitest-washing, SAFE laundry soap you've ever tried, simply return the unused portion, get your money back!

High-Test Oxydol can offer astonishing results because it is a revolutionary "new-type" soap—containing a remarkable new ingredient. An ingredient that combines white-washing power with SAFETY in a way that scientists have sought for years.

Fortified by this new ingredient, High-Test Oxydol does these amazing things, compared to less efficient soaps tested.

First: It gets white clothes as much as 9 to 11 shades whiter than other best-selling soaps. Lacking its new ingredient, Actual Elements' studies, as shown by our laboratory tests.

Second: Cup for cup, it gives up to three times the suds—suds stand up 2 to 3 times longer.

Third: Yet is SAFE for washable colors, fabrics, hands. So safe, that even cotton prints give the equivalent of a full year's washing, showed no perceptible sign of fading—came out looking bright and fresh as new.

In tub washing—new High-Test Oxydol soaks dirt loose in 10 minutes. No scrubbing, no peeling. Even grimy spots come clean with a few quick rubs. This ends the time-wasting, back-breaking drudgery of washboard rubbing. And clothes last 2 to 3 times longer, from the standpoint of washday wear and tear.

In washing machines—High-Test Oxydol's efficiency is so remarkable that leading washing machine makers are switching to it—as the soap they recommend for whiter, brighter washes in washers old or new. It soaks out dirt while the washer runs—gives double-action wash.

High-Test Oxydol is economical, too. Each cup of it goes up to 1/2 again as far as less efficient soaps tested.

Don't Delay—Offer Limited

So, no matter what soap you've been using, try new High-Test OXYDOL. Get a Giant-size package today—while you can get a Medium 10¢-size package for only 1¢. Purchase 1¢ Giant-size package for only 1¢. Purchase 1¢ Giant-size package for only 1¢.

Dairying in Texas

There is still an element of truth in the saying that Texas has more cows and less milk than any other state in the union.

Spurred by the state's agricultural leaders, Texas farmers are beginning to pay more attention to the quality of their dairy animals.

In addition to obtaining cows of higher grade, there is need for more general use of silos in which feed can be preserved for winter use.

The recent establishment of many new condensed milk, butter and cheese plants in Northeast Texas has given new incentive to dairying.

George Tucker

Man About Manhattan

NEW YORK—Leland Hayward, the agent, says it happens about once a year on Broadway that some unknown, playing a comparatively minor stage role, knocks the eyes out of the movie scouts and gets the big companies bidding against themselves.

Charles Lang, a young baseball player with two strikes on him, an actor in spite of the fact that he didn't want to be, a lad who got his first reading on a fluke and then actually fell into his job—a minor role in an unsuccessful play—is going to Hollywood for big money.

Charlie, who reminds one a little of Henry Fonda, comes from Three Bridges, N. J. (Pop. 306), and his first Broadway role was that of a lovelick young rustic in "Pastoral," which probably has gone by the boards now because the critics kicked it all over the place.

Drifting through a dozen jobs, like any young man who's not quite sure where he's going, Charlie got as far as the bench of the Brooklyn Dodgers, but never to the pitcher's mound. He found semi-pro night baseball more profitable and was at that when he accompanied a friend one day to the American Academy of Dramatic Arts. He was merely amused when a staff veteran there insisted that he had acting possibilities. He says it was just lack of sales resistance that resulted in his taking a term course. Acting bored him, he says, but he kept on for awhile mainly because of his friend and because it did not interfere with his baseball.

It was the same friend who applied to Miss Helen Bonfils and George Sommes, the producers, for the job in "Pastoral." Charlie accompanied him, was waiting in the anteroom when Sommes walked out, sized him up and said: "Let's go over to the theatre, I want you to read a part."

Lang's protests that he wasn't even looking for a job availed nothing add to he was on the stage, reading before he had time to think.

"Come here," called Sommes, from a seat in the orchestra. Charlie took him seriously, stepped over the apron onto a thin grid-work that covers the Henry Miller theatre orchestra pit, crashed through to the pit's cement floor.

"When I came to," Charlie says, "I was signing a contract."

That's about all, except that "Pastoral" opened. Gladly busy tearing it to pieces, the critics paid no attention to Lang. But the talent scouts did.

NEW GOLD STRIKE IS MADE IN HISTORIC GEORGIA MINE

DAHLONEGA, Ga., Nov. 15 (AP)—A new gold strike, barring a lode of tonnage ore which a state geologist said assayed \$60,000 a ton, was disclosed today by operators of the century-old Calhoun mine three miles south of here.

State Geologist Garland Peyton described the strike as "a vein of quartz, two inches in thickness and of unknown depth, so thoroughly impregnated with gold over approximately ten inches that it appeared as one continuous ribbon of yellow metal x x x."

Peyton, habitually cautious in estimating mineral wealth, asserted the vein was the richest he had seen in 25 years in Georgia and "is definitely to be classed as bonanza" with an apparent richness comparable to the famous Comstock lode near Virginia City, Nev., which yielded \$340,000,000 in gold between 1859 and 1890.

The geologist hastened to warn that the strike "should not create anything which may be termed a gold rush" or be considered "an invitation to the uninitiated to stampede the district with a view to other possible discoveries."

Proof that the farmer is not receiving his share of the national income is evidenced by the fact, Taber said in his prepared keynote address, that in the last decade farmers received barely 10 per cent of the national income, including government benefit payments.

WASHINGTON, Nov. 15 (AP)—Federal receipts passed \$2,000,000,000 today, but at the same time, expenditures crossed the \$3,500,000,000 mark.

In the fiscal year which began July 1, the treasury said, it has now received \$2,015,051,947 and has spent \$3,513,744,124, creating a deficit of \$1,497,792,177.

Change Asked On Parking

City commissioners, in regular semi-monthly meeting Tuesday evening, adopted a section of the proposed revised auditorium rate schedule and took under advisement a petition asking for a change in the parking status along Third street.

The commissioners also abandoned the caretakers cottage project at Moss Creek lake and elected to put the city-PWA funds for this purpose into water line improvements.

Owing to the number of requests on file, commissioners adopted a \$7.50 rental rate for the auditorium for local dancing teachers presenting local pupils in recital programs.

Farm Problem Yet Unsolved, Says Taber

PEORIA, Ill., Nov. 15 (AP)—Louis J. Taber, master of the National Grange, told the organization's 73rd annual convention today that "we have not yet solved our farm problem, and it remains with us as one of the great unanswered steps toward recovery."

He will be associated with the scout council in that area, he said, Penrose left Friday evening for Oklahoma after being notified of his appointment. Local scout leaders had not learned of his resignation Saturday, they said.

STATE'S PECAN CROP SHORT THIS YEAR

AUSTIN, Nov. 15 (AP)—The Texas pecan crop was estimated today by the U. S. department of agriculture at 17,400,000 pounds as compared to 23,000,000 last year and a 10-year average production of 25,120,000.

The marketing service attributed the short crop to drought and insect damage. It said pecans were almost a failure in the important producing areas of south central and southwestern Texas and that while production was "off" in practically all areas, the relatively larger crops came from the western nut-yielding counties and those along the Red river.

NARROWER MARGIN BETWEEN RECEIPTS AND EXPENDITURES

WASHINGTON, Nov. 15 (AP)—Federal receipts passed \$2,000,000,000 today, but at the same time, expenditures crossed the \$3,500,000,000 mark.

In the fiscal year which began July 1, the treasury said, it has now received \$2,015,051,947 and has spent \$3,513,744,124, creating a deficit of \$1,497,792,177.

OKLAHOMA STIRRED BY A NEW FIGHT ON LIQUOR QUESTION

OKLAHOMA CITY, Nov. 15 (AP)—Oklahoma, dry 100 years, today was a hotbed of argument over the liquor question.

The turmoil had its genesis in a statement by the Sooner state's driest governor, Leon C. "Red" Phillips, that while he was opposed to repeal he would permit a vote on the question as "a straight moral issue."

This stirred repealists into action on an initiative petition and drew fire from the drys.

Washington Daybook

WASHINGTON—Undoubtedly the toughest, most depressing and disappointing of all diplomatic posts is that of Ambassador Steinhardt in Moscow, but expert opinion is that his trouble over the City of Flint was no greater than that confronting earlier diplomats.

Publicly, the state department exhibited its displeasure at the refusal of the Soviet government to permit Ambassador Steinhardt to talk to Captain Brainard of the City of Flint while it was at Murnansk. Privately, it was recognized in some quarters that the incident was only an addition—even if a large one—to a series of vexing incidents that have characterized Russia's relations with foreign governments.

KEEPS INFORMATION TO HERSELF

To begin with, Russia has adopted a policy of letting outside governments know just as little as possible of what is going on in the huge expanse of territory with its 100,000,000 or more people.

The U. S. embassy, along with other foreign embassies, is strictly limited as to the space it may occupy in Moscow. It can't "shop around" for additional or different quarters. It takes what the government allows. In Washington an embassy can rent or buy what and where it pleases.

LIMITED LIVING QUARTERS

The U. S. embassy is quartered in a fairly good seven-story building where all but one or two of the 31 employees of the embassy not only work, but live.

So crowded are living quarters for the staff that few but bachelors are assigned to the U. S. embassy. Married couples are transferred if babies come.

Permission must be obtained for long distance telephone calls. Diplomats get permission readily except in such instances as the Flint, where delays seemed endless. Steinhardt finally got calls through to Murnansk but could not talk to the Flint's captain.

Sometimes a call from Moscow to Paris can be put through in 20 minutes. Secretary Hull once said it might take most of a day to get through to Moscow from Washington. Non-official callers must tell the subject of calls before they are put through. Soviet police listen in on such a large percentage of telephone calls that nobody with good sense transmits other than routine messages that way.

Lack of facilities is considered to be at least half to blame for delays. Red tape in handling calls explains much of the rest.

CONSULATES CLOSED

Only a few months ago, foreign governments were ordered to close consular posts in all Russian cities except Moscow. Russia continues to operate hers in the U. S. and in other countries, but wants no leaks of information out of her own interior cities.

Diplomats here say that few Soviet officials will give out information. One diplomat observed that it was "crude" to consult those who would talk, for if their statements differed with those officially given out, they would face frightful punishment.

It tries the soul of foreign service employees to work under such conditions, but it is the Russian way.

Hollywood Sights And Sounds

HOLLYWOOD—Group of local lawyers, organized to protect legal profession's interest in screen delineations, is latest about to beef on our "Mr. Smith." Reason: The crooked senator (Claude Rains) in the film was an attorney by trade, ergo and therefore, the legal profession is maligned.

If this comes to pass, the possibilities for future protest are unlimited.

Next logical step would be an outraged uproar from the girl stenos and secretaries of the land, because Mr. Smith's office girl (Jean Arthur) was an out-and-out bribe-taker until she saw the light of love. This obviously makes all office helpers crooks and fiaglers.

Then would come the senate page boys, who were deliberately shown wavering in their faith, and, of course, the governors, who should take action in their next meeting on the libel of Guy Kibbee's portrayal.

The reporters (typified by Thomas Mitchell as amiable tipping, good-hearted guys) are accustomed to their movie prototypes and shouldn't mind any more.

The press, and newspaper people, are being spotlighted again at the same studio wherein "Mr. Smith" was fabricated. One of the first realistic melodramas of the newspaper world, "The Front Page," is well along in its second screen telling.

Oddly at first glance, Rosalind Russell is in the role Pat O'Brien had in the first talkie of the Hecht-MacArthur play, and Ralph Bellamy is cast in the Mary Brian part. This mixing of the dramatic gender is deliberate: the title is now "His Girl Friday," and Hilda (Miss Russell) is a nickname for Hildegarde, crack femme reporter. Cary Grant is that tough managing editor, Walter Burns (Adolphe Menjou, in the previous film), and he's in love with Hildy this time, so...you can see it's scarcely the same story any more, although it's the same general idea.

\$17,000,000 ESTIMATED AS THE AMOUNT NEEDED BY STATE TO FINANCE SOCIAL SECURITY

Herald Austin Bureau

AUSTIN, Nov. 11—If the Texas legislature could raise an additional \$17,000,000 for social security purposes, the state's security program would be adequately financed.

This was the inescapable conclusion to be drawn from figures compiled from state departments which show that Gov. W. Lee O'Daniel's estimate of a needed \$35-40,000,000 tax bill are high.

In a recent speech the governor asserted that it would require from \$35,000,000 to \$40,000,000 a year to finance the state's social security program.

A careful survey of the state's security need, however, revealed the following requirements as of Nov. 1, 1939:

Table with 2 columns: Item, Amount. Includes: Social Security retirement (\$2,500,000), Aid to the blind (360,000), Aid to dependent children (1,500,000), Repayment of pension loan from Dallas banks (2,100,000), Additional pension funds (10,800,000).

Total needed (12 mo.) \$17,260,000. There is no difficulty in determining the needs in the first four items.

Teacher Contributions. The state has pledged itself to match contributions made by school teachers to the teachers retirement fund.

The public welfare board estimates that 2,000 blind persons will be entitled to receive pension of \$30 a month—\$15 from the state and \$15 from the federal government.

The state constitution limits the expenditures for aid to dependent children to a total of \$15,000,000 a year.

The old age pension fund owed Dallas banks \$2,230,000 on Oct. 1, 1939. One repayment of \$130,000 has been made on this loan.

How Much For Pensions? The only real problem to be solved in deciding how much money is needed to adequately finance the social security program is how much additional money should be put in the old age pension fund.

At the request of Executive Director Adam R. Johnson, Chief Statistician Garth Daniel of the public welfare board has just completed an estimate of the money needed to finance the present old age pension law.

At the present time pension rolls contain 121,000 names. Daniel's estimate is that under the present liberalized pension law, 150,000 names may eventually be listed.

In other words, with present legal restrictions, an increase of 30,000 pensioners may be expected.

Texas old age pension officials have long wanted to increase the size of the average pension grant.

If pensions had not been cut to \$6 in October in order to repay the Dallas banks, the average grant would have been \$14.24 as compared with a national average of \$19.47.

In other words, if Texas paid her pensioners an average of \$20 per month, it would be considered a reasonable program, so Daniel estimated that it would require \$10,800,000 a year in additional pension revenues to carry out the new pension law using an average grant of \$20 per month for 150,000 pensioners.

Democracy Versus Totalitarianism Discussed For Club

A contrast between the totalitarian way of government and that of democracy was outlined by Grover Cunningham, attorney, in a talk before the Rotary club at its Tuesday noon luncheon.

Totalitarianism might be possible in the United States, said Cunningham, "but it isn't probable."

V. H. Fievelien was in charge of the program. Jim Friend was welcomed as a new member of the club, and visitors included Rev. W. B. Mann, Midland; W. T. Strange, Lubbock; Zeta Gossett, Dallas, and Roy Godfrey, Big Spring.

CHARGES FILED AFTER CRASH

Charges of driving while intoxicated were lodged against H. A. McCelvey, Lubbock, Monday as an aftermath to a car crash which occurred at the western city limits Saturday.

McCelvey, a former resident of this city, waived examining trial and had bond set at \$500 by Justice of Peace J. H. Hefley.

Olivia Morris, Lubbock, taken with McCelvey following a collision with a car in which Mr. and Mrs. C. Anderson were riding, was released Monday.

Mrs. Anderson suffered a broken foot and bruises and Anderson had a gash on one knee, a broken nose and chest bruises as a result of the collision. They had started home when their car was struck.

Church Group In Meeting At Coahoma

COAHOMA, Nov. 15—The Men-of-the-Churches organization had its first meeting of the new year Monday evening at the high school in the form of a banquet.

The Baptist ladies sponsored the supper and the tables were centered with cut flowers.

Jane Read sang two selections, "Down Mexico Way" and "Over the Rainbow." The high school trio, composed of Jean Young, Mildred Patterson and Elsie Mae Echols, furnished two numbers.

After the musical program, the members played bingo and prizes were awarded to Jane Read, John A. Flache, the Rev. George Fagan, J. Hensley, Jr., B. C. Hays and Austin Coffman.

Officers for the ensuing year were elected during the business session. Geo. M. Boswell was re-elected president, J. J. Hensley, Jr., was made vice-president, Leroy Echols was elected secretary and treasurer, and Emmitt Cavin was made reporter.

The club reorganized on the plan of one dollar a month membership fee.

Guests registering were Charter Hale, Frank Lovelass, Norman Read, C. H. Devaney, Chester Coffman, Emmitt Cavin, John A. Flache, J. J. Hensley, Jr., Geo. M. Boswell, Austin Coffman, B. C. Hays, Leroy Echols, the Rev. George Fagan, James Stroup, Miss Jean Young, Miss Elsie Mae Echols, Miss Jane Read, Miss Mildred Patterson, Truett Devaney, K. G. Birkhead, Bill Hunter, R. A. Marshall, Eugene O'Daniel, Thad Hale, A. G. Young, Ralph White, Tom Ferris, H. L. Stamps, Ira McCurry, Leslie Adams, B. R. Thompson, B. F. Logan, J. A. Roberts Sr., and G. L. Monroy.

Buffaloes To Play Friday

FORSAN, Nov. 14 (AP)—Brady Nix's Forasan Buffaloes and Water Valley will meet in a District 12 six-man grid classic Friday afternoon in Forasan.

The Bisons, who completed their regular season two weeks ago and lost an encounter with Garden City last week, reported for the week's first drills Monday afternoon.

The Water Valley club has not won a game this season.

Farm Prices May Rise In 1940

COLLEGE STATION, Nov. 13—A stronger consumer demand plus some improvement in price is in store for farm products in 1940.

This report was made by Zetha McAnnis and J. A. Scofield, district agents of the Texas A. and M. Extension Service, who attended the national outlook conference sponsored by the Federal Bureau of Agricultural Economics.

Farm products will benefit only indirectly from war activity, for export demand for agricultural commodities will affect only a few items. The big lift will come through increased industrial activity, re-employed workers, larger national income, and a corresponding increase in demand for cereals, meats, fruits, vegetables, fibers, and other things the farmer produces.

Cash income for agriculture would be materially higher in 1940 than in 1939 because a slightly larger total volume of farm commodities will be disposed of at somewhat higher prices.

Farmers and ranchmen are warned, however, that no "boom" is in prospect; any advances in price will come gradually and in an orderly manner.

Hospital Work For Crippled Children Shown In Film

The miracle of physio-therapy and plastic surgery in a children's hospital was shown in a motion picture before the Lions club Wednesday through the courtesy of the local chapter of the American Red Cross.

Several physicians and dentists were guests for the day.

Mrs. Ethel Crook, Martin, conducted a running commentary on the film, which showed the before and after of many cases, while Olin L. Crook, Martin, projected the pictures.

Shine Phillips, chairman of the local Red Cross chapter, said that the chapter had cooperated with Big Spring physicians in the work and listed some cases which had been sent to the crippled children's hospital. Mrs. Crook explained that indigent crippled children received state aid until they were 21 years of age. Moreover, the state carried on with vocational rehabilitation.

Guests of the club for the day were Phillips, Mr. and Mrs. Crook, Mrs. Maurine Word, health chairman of the Big Spring Business and Professional Women's club, Dr. Frank Boyd, Dr. W. B. Hardy, Dr. Lee O. Rogers, Dr. R. B. G. Cowper, Hudson Landers, Charles Kelsey, Larson Lloyd and Earl Bleakney.

SOIL CONSERVATION APPLICATIONS ARE BEING SIGNED

Approximately two-thirds of the soil conservation and building applications for Howard county have been signed, H. Weaver, adjustment agent, said Tuesday.

Applications have been available for only about a week. L. H. Thomas, chairman of the county agricultural conservation committee, was busy signing the applications so that when James W. Doak, West Texas state representative, gives approval for the first transmittal the applications may be rushed to College Station for payment.

AAA Workers End District Conference

A two-day educational meeting for AAA workers in district No. 6 ended here Friday morning with a total attendance of 225, the largest reported for any of the similar district meetings in the state.

During the morning E. N. Holmgren, state AAA administrator, spoke on farm work and J. H. Watson, vice-chairman of the state committee, discussed salient points in the range program.

J. W. Doak, West Texas AAA field representative, outlined the principal changes in the program for 1940. Payments on pasture furrowing will be increased to 2-1/2 cents per linear foot for 90-inch cross section (5x12 inches) with dams every 12 feet (basin listing); two cents for same size furrows without basin listing, and 1-1/2 cents for small (4x8) furrows.

Under a new ruling ranchers can secure 75 per cent of their range building allowance by practicing deferred grazing on 25 per cent of the range and carrying out additional practices recommended by the county committee. (The distribution is 40 per cent for deferred grazing and 35 per cent for additional practices. Previously additional practices netted only 20 per cent.)

Following the meeting many of the agents and others attending the session went to Midland to attend a pasture building demonstration and to enjoy a barbecue affair.

J. D. Prewitt and Ruth Thompson, district farm and home demonstration agents, held conferences with their agents while here.

C-C Directors Have Meeting

Reports on the recent "Decision Week" discussion of a forthcoming membership campaign and a consideration when the 1940 program of work is mapped, he said.

Manager J. H. Greene said results from the "Decision Week" during which period the public was asked to make suggestions for chamber of commerce activity during the coming year, were highly gratifying. Suggestions will be classified and brought up for full consideration when the 1940 program of work is mapped, he said.

Ted Groehl, director of the membership drive, said an effort would be made this month to enroll new firms and individuals in the organization.

The directorate voted to spend \$14 for a special Big Spring advertising area to be included on billboards in this immediate territory which have been allotted to the WCCO to advertise the region to tourists.

A report was heard from Nat Shick on tentative approval of funds for finishing the postoffice basement to house federal agencies in the north-south alcies; and Greene discussed a new line undertaking whereby efforts would be made to have an alternate route established from the Panhandle to South Texas through Abilene (Big Spring being the primary point). Directors voted to concentrate this city's effort on the Big Spring-San Angelo-San Antonio original Denver-Amarillo-Lubbock route.

Good Crowd At Forsan Dinner

Jimmy Greene served as pinche-hitter for George White in presiding over the Forsan good will dinner staged in the Forsan school gymnasium Thursday—an affair for which 162 registered.

With Shine Phillips serving as master of ceremonies, the program was enlivened by musical contributions on the part of a Big Spring quartet composed of Herschel Sumnerlin, Roy Cornelison, Dan Hudson and Phillips, who offered "The Eyes of Texas," a duet of Mr. and Mrs. Summerlin, accompanied by Mrs. G. C. Schurman at the piano, the Melody Maids of Big Spring—Juanita Cook, Beatrice Peck and Marie Baird—who sang "South of the Border" and "Hallelujah," and the Forsan faculty quartet, which offered two numbers.

Home McCarly gave the welcoming address on the part of the Forsan "guests" while impromptu talks were contributed by Rev. G. C. Schurman, Judge Cecil Collings and Martelle McDonald, all of Big Spring, and by Dan Yarburo and R. M. Brown of Forasan.

POLICEMEN HELP THIS HITCH-HIKER

J. C. Parnier, 14, figures that a "cop" is a pretty fine fellow.

A passing motorist picked up Parnier, who was attempting to hitch-hike in the cold and rain Saturday, and brought him to the police station.

He was suffering from exposure and hunger, so police thawed him out, fed him well and kept him until Sunday when he was able to resume his journey.

Dan Moody May Be Urged To Run For Governorship Again, Is Latest Austin Political Talk

AUSTIN, Nov. 14 (AP)—Latest report to enliven political gossip in the capital is that the former governor Dan Moody may be urged to run for governor.

Whether the tall, red-headed man who once led a successful political crusade against James E. and Miriam A. Ferguson would be friendly to such suggestion is another matter.

Recirculation of the report is considered indication of growing interest in the gubernatorial political situation. First term of Governor W. Lee O'Daniel is nearly half over and another election is only eight months distant.

The Dallas speech of Jerry Sadler, railroad commissioner, criticized O'Daniel and lauding the 66 representatives who blocked "S. J. R. 12" at the regular session of the legislature, is another matter outcropping in discussions of capital hot-ate leaguers.

Some observers now list at least 10 men as possible candidates to succeed O'Daniel. At the same time, they recall that O'Daniel, in the first Democratic primary last year, obtained a majority of votes over 12 opponents.

The Moody story presumably originated with the hopes of elements

most eager to find a man who can defeat O'Daniel. It is not the first time the former governor's name has been trotted out by persons who want to see someone beaten. A year or so ago Moody was mentioned as a possible antagonist for Senator Tom Connally who also faces re-election in 1940.

It is not believed Moody as yet has been sounded out on re-entering politics and sources close to him express opinion such thought would be "very foreign" to his mind.

Unquestionably he has shown little interest in politics in recent years, his last time being in 1933 when he made speeches in the unsuccessful effort to re-elect R. S. Sterling as governor.

When he completed his second term in 1930 he indicated he was "getting out" to practice law and his practice, known to have been lucrative, admittedly has been his greatest professional love.

Nevertheless, some quarters continue to look hopefully in his direction. These opinions that with many friends and dynamic style of campaigning he would be just what the doctor prescribed to effect O'Daniel's return to private life.

C-C Directors Have Meeting

Reports on the recent "Decision Week" discussion of a forthcoming membership campaign and a consideration when the 1940 program of work is mapped, he said.

Manager J. H. Greene said results from the "Decision Week" during which period the public was asked to make suggestions for chamber of commerce activity during the coming year, were highly gratifying. Suggestions will be classified and brought up for full consideration when the 1940 program of work is mapped, he said.

Ted Groehl, director of the membership drive, said an effort would be made this month to enroll new firms and individuals in the organization.

The directorate voted to spend \$14 for a special Big Spring advertising area to be included on billboards in this immediate territory which have been allotted to the WCCO to advertise the region to tourists.

A report was heard from Nat Shick on tentative approval of funds for finishing the postoffice basement to house federal agencies in the north-south alcies; and Greene discussed a new line undertaking whereby efforts would be made to have an alternate route established from the Panhandle to South Texas through Abilene (Big Spring being the primary point). Directors voted to concentrate this city's effort on the Big Spring-San Angelo-San Antonio original Denver-Amarillo-Lubbock route.

LOCAL INSURANCE MAN WINS HONOR

National recognition for his personal production record last month has been won by H. R. Freeman, Big Spring district agent for the Lincoln National Life Insurance company, according to word received here from the home office in Fort Wayne, Ind.

Freeman was named on his company's list of national leaders in number of applications written in October. This honor was won in direct competition with the company's more than 1,200 sales representatives throughout the country.

GARNER P-T-A WILL SPONSOR BANQUET

The Parent-Teacher association of the Garner school is sponsoring a three-course banquet in the school gymnasium on the evening of Nov. 24. An interesting program has been arranged for the occasion and the fee will be 25 cents per plate. Proceeds will go for school improvements.

P. O. Basement Job In Sight

Possibility of an enlargement program for the federal postoffice building here was seen today in an announcement from George Mahon, representative of the 19th congressional district.

Mahon advised Nat Shick, postmaster, that plans for completing the basement area of the building to provide additional office space had been tentatively approved in Washington.

The work, he said, might be expected to approximate \$12,000.

By finishing the basement, which was roughed in during construction for such an eventuality, some six or seven office spaces could be provided. Only about half of the basement was built for immediate use when the structure was raised three years ago. At that time, however, window spaces were provided in the office foundations in event that the extra space would some day be utilized.

Although there has been no definite announcement as to what offices would be housed in the new office basement, it was assumed that it would be those of federal employees and federal aid workers.

Collings Speaker At Church Meet

Sixty men were present Monday evening to hear District Judge Cecil Collings assert that hope of the United States to continue as the greatest nation on earth was "religion and character."

Judge Collings, addressing the First Baptist Brotherhood, traced the reasons for the rise of the nation to its present position, and among them he listed Christian influence. Religion and character, he said, were the elements which kept nations from going to pieces internally and destroying themselves.

Music was furnished by the Melody Maids, Marie Baird, Beatrice Peck and Juanita Cook. Mrs. Baird gave an accordion solo. Alton Underwood presided.

Shortage Of Feed Crops In Texas

AUSTIN, Nov. 14 (AP)—Spotted range conditions, poor in northwest and south central Texas due to lack of rain, caused a shortage of feed crops at the start of this month, the U. S. department of agriculture marketing service reported today.

The service said, however, the range feed supply was almost sufficient over the balance of the state to furnish winter grazing needs without much supplemental feeding.

Feeding Test Preliminaries Are Underway

Preliminary feeding of 50 calves for the annual feeding tests at the U. S. Experiment farm is now underway, Fred Keating, superintendent, said Tuesday.

The calves, averaging approximately 440 pounds, were secured from the Spade ranch in Mitchell county, source of the calf supply for last season's tests.

An increase of 10 animals is noted in the number purchased for the feeding experiments which are conducted in three-year cycles to ascertain certain things about feeding out livestock.

The tests this year will deal primarily with the relative values and importance of minerals. Thus the mineral diet of the steers will be varied by Feeder Jet Synthesis. In previous years tests have been operated to test the relative merits of ground, threshed and whole heads in feeding and of the comparative benefit of a full ration over a limited ration. Individual versus group feeding was an incidental test.

The 50 calves, with one new pen of 10 animals created, will be placed on a 30 day preliminary feeding to accustom them to the change from range to feed pen rations before the actual test begins, said Keating.

CHICAGO, Nov. 14 (AP)—Despite the double blow dealt the 1939 Thanksgiving turkey—two feast dates in one year—the nation may pay a slightly lower price for the delicacy than it did a year ago, market conditions indicated today.

Turkey are slightly cheaper in the big central wholesale market here and ducks and geese also are lower. Merchants said this year's birds, having fattened on a bumper supply of feed, have slightly more rounded curves to please dining table devotees.

A record turkey supply is available to meet America's longest Thanksgiving period—beginning November 23 in some states and ending November 30 in others— but producers are marketing flocks early.

Out of a crop estimated by government census takers at close to 32,000,000 birds they are expected to send 11,800,000 to market during November as against about 11,000,000 from a crop of about 29,000,000 last year. The previous record crop was 27,725,000 birds in 1936.

Thus, the first Thanksgiving two-timing ton and hen turkey ever have received from their public is expected to call out only about 37 per cent of their population as against almost 41 per cent a year ago. This will leave more birds for the Christmas market and later in the season, in keeping with the trend toward year-round turkey eating.

Dressed turkeys for Thanksgiving have advanced one to two cents a pound since the start of trading here and now are quoted at 17 to 24 1-2 in the wholesale market. Young toms are about three cents lower than a year ago but hens show little change.

In the live market prices ranged from 15 to 18 cents compared with 15 to 19 a year ago. In 1938 dressed turkeys advanced to 22 to 25 1-2 cents just before Thanksgiving day while ducks went to 18 and geese to 16. Turkeys were priced above 30 cents in 1935.

PLEAS OF GUILTY IN COUNTY COURT

Three pleas of guilty were heard in county court Monday morning by County Judge Charles Sullivan, who assessed fines totaling \$175.

Donald Gibson was fined \$100 and cover on a count of selling liquor on Sunday while J. A. Whittington was fined \$50 on his plea of guilty to a charge of drunkenness. Thomas Johnson, charged with aggravated assault, was given 60 days in jail in addition to a \$25 fine imposed by the court.

Public Welfare Office Is Opened Here Thursday

The district old age assistance commission office in Big Spring passed out of existence as such, effective Thursday, and in its place are area headquarters for the state department of public welfare, a coordinated unit of welfare agencies.

In charge is Marjorie Whiteaker, who until January was assigned to the old age assistance office here and since then to a similar district office in Waco.

The new organization will have charge of old age assistance work, family welfare cases and referrals to NYA and the CCC for a 10 county area.

George G. White, district supervisor for the old age assistance commission since the advent of the program nearly four years ago, said that he was planning to serve his time by working and serving interests.

As assignee, Mrs. Whiteaker in the area office will be by Laura Belle Underwood, secretary, who has served as secretary for the old age assistance headquarters here.

Three investigators for the old age assistance division will be assigned to this district. They are:

Tom F. Collins, son of Mr. and Mrs. O. D. Collins of this city, has been transferred from the preliminary training base at the Dallas Aviation school in Dallas to Randolph field in San Antonio.

He is a member of the flying cadet corps of the U. S. Army. Collins graduated from Texas A. and M. college in June, having majored in marketing and finance. While in college he was active in aviation affairs.

City Rejects Bids On Lake Cottage

City commissioners rejected all bids on the caretaker's cottage and concessions house project at Moss Creek lake Thursday evening.

All of the three bids submitted were refused, which exceeded architect's estimate by a considerable amount. The city has available some \$4,500 for the work which will be undertaken as the final phase of the PWA-city waterworks improvement program. No date was set for letting.

Sea Food Inn Is Open For Business On West Third St.

Sea Food Inn, located at 201 West Third street, Mr. and Mrs. Pete Long, proprietors, is now open for business. Mr. and Mrs. Long, who have for several years conducted the City Fish Market at this location have added this new business, and cordially invite the public to visit this new place which is completely renovated and decorated. They are featuring a special sea food plate and other fish dishes.

East Fourth St. Brotherhood Is Reorganized

Reorganization of the Brotherhood of the East Fourth Street Baptist church was perfected at a meeting of men of the church Monday night. A Mexican supper was served to 66, preceding the business and devotional programs.

Dorman Kinard was elected president of the organization; David Turpin, first vice president; H. C. Burnett, second vice president; and George O'Brien, secretary-treasurer.

Following the devotional and O'Brien, Rev. W. S. Garnett spoke to the group on the cooperative work between pastor and laymen; and Rev. Elmer Dunham, pastor, discussed the church budget for 1939-40.

The group voted to sponsor a Boy Scout troop, and will serve in such capacity for Troop No. 4.
