Sign of a Nice Guy
 Got no around those parts that everywhere a hunter went this fall, he came up against signs saying "PRIVATE PROPERTY, NO HUNTING, KEEP OFF." But not out at Happy Preston's place!
 Happy's signs say "PRIVATE PROPERTY, GOOD HUNTING, BUT BE CAREFUL."
 "Don't hunt myself," Happy says, "but there's plenty of game on my property. I tell the hunters where the best spots are—away from where I'm working and where nobody else is hunting. It works out pretty well all-around."
 From where I sit, Happy once again shows why he's along with everyone and everyone respects him. Happy likes and dislikes might not be same as his neighbors', but he doesn't stop him from understanding. When it comes to opinions on hunting, fishing, politics, ways of farming, or whether your favorite beverage is beer or cider, try to like Happy and the chances you'll be really happy!

Monday what happened to all the flame cigarette lighters were given for gifts last Christmas

The "girls" have been targets of many remarks and comparisons since the Lions Revue. It was observed that several made the other hand, that they were as creatures "out of this world." A certain Amazon was said to resemble a beauty, altho "she" professed that she wasn't supposed to. The same one also was dubbed "Gorgeous George".

If you find anything that is left, just send it to us" your sister's parting remarks she departed with the lighters after a short visit But how can one bundle memories for mailing of happy laughter from an injured finger sweet musical voices chiming in unison, "Jesus Loves Me" "Goodnight Irene".

It has developed that our reputation has suffered at the hands of the younger fry. Within twenty-four hours our 4-year-old niece, Donna inquired of us if we were going to get married, while Toni wanted to know of her "Aunt Honey" why Ben and Lila didn't get married and have some children! And this after twenty-two years.

Christmas has come early to the M's this year. We received our first package last week, and judging from the return label, "The Fancy Pantry—La Jolla, Calif.," we know two things: it is from our good friend, Elaine of the Little Hotel, and it contains some fancy food-stuff. Can hardly wait UNTIL.

We were imbued with Christmas Spirit while the little ones were here; especially the night we sang "Merry Christmas" to the tune of "Happy Birthday" and Mr. M. took some pre-season camera shots while they were playing with toys received recently on Dale's third birthday.

Christmas street lights, which were turned on as of Saturday, also accelerate our ebbing

spirits each evening after a hectic day, and we realize anew that it is every bit as late as we thought it was.

"I believe this pan would be better, because it is wider than the other pan is longer than this one is wide", suggested Nell the other day, trying to help us decide which would hold the most T-bones for broiling.

Motorists Facing Stern Penalties In New State Law

AUSTIN—Public Safety Director, Homer Garrison, Jr., reminded Texas motorists today that they will be subject to additional and much more stern penalties if they are convicted of serious traffic law violations when the state's new Motor Vehicle Responsibility Law goes into effect on January 1.

If an operator's license is suspended or revoked for violating any traffic law carrying that penalty, under the new Safety Responsibility Law the Texas Department of Public Safety must also suspend the registration of all motor vehicles registered in the name of that person, unless he gives proof of future financial responsibility in the amount of \$15,000. The same proof must be furnished and maintained before an operator's license can be reinstated, if it was suspended for violation of a traffic law.

Proof of financial responsibility is also required in the following circumstances:

1. For forfeiting any bail or collateral that was given to secure appearance in court for trial on a charge of violating any law that provides for suspension or revocation of an operator's license upon conviction.
2. For operating a motor vehicle without being legally licensed to do so.
3. For operating an unregistered motor vehicle.

Proof of financial responsibility for the future may be furnished by depositing with the Texas Department of Public Safety a certificate showing ownership of an insurance policy that will cover damage claims resulting from a traffic accident, up to \$15,000, by depositing \$15,000 in cash or securities with the Department, or by posting a bond with the Department in the same amount.

"I think it must be evident to the public by this time that our new Safety Responsibility Law really means business in assuring greater safety and security on our streets and highways," Director Garrison said. "The requirement of permanent proof of financial responsibility is, of course, in addition to the penalties that are provided by the traffic laws themselves. This is one of the provisions of the new law that is going to help us put chronic law violators and accident causers off of the road permanently."

LAUGHING at the years, Joe Meador, above, is about ready to slice into his 79th birthday cake. The Matley county pioneer and former cowboy was host at open house during the afternoon, December 1st, to more than 100 friends and relatives who called to extend salubrious wishes. The birthday cake was adorned on top with a cowboy emblem and bore the word "Joe" in colored frosting.

BIRTHDAY PARTY SATURDAY HONORS MARY LEL GROVES

Mary Lel Groves, Saturday, Dec. 8, was assisted by her parents, Mr. and Mrs. Dick Groves and a group of young friends in celebrating her eighth birthday.

The freeze and inclement weather prevented a hay ride with a weiner roast in the Virginia Walton Willie roadside park, as originally planned. Instead, games were played at home, and included the breaking of a pinata (pinyata—a clay jar filled with candies) which was the highlight of the party, and was broken by Jon Johnson. Favors were Santa boots filled

with candy, and for refreshments, hot dogs, soda pop, and cup cakes each decorated with a candle, were served. The decorated birthday cake was used for a table centerpiece.

Mr. and Mrs. Groves were assisted with the entertainment by Mrs. France Barton and Mrs. C. M. Barton, Jr., and the guest list included the following: Linda Harris of San Antonio, Judy Hobbs, Cherri Ann Barton, Kar-men Jenkins, Vella Ree Edwards, Dixie Barton, Chri'na Damron, Carroll Lynn Campbell, Theretha White, Sandra Stevens, Jon Johnson, Carol and Eileen Thrasher, Janie Way-bourn, Kelly Jackson, Johnny Ezzell, Robin Darsey, Thomas Edwards, Guy Campbell, Mike Barton; the honoree's small sister, Lou Groves, and their grand mother, Mrs. A. B. Groves.

Picture of a man making a smart decision

HERE is a man who's been doing a lot of thinking.

Someday, he's told himself, I'm going to turn in my old car and get a new one.

And he said, still talking to himself, when I do that I'm going to size up the field—give 'em all a real going over.

You see him here at the wheel of a Buick. He hasn't bought it—yet. It's a demonstrator, and he's trying it out.

But the more he tries it, the more he knows he's been wasting a lot of time.

From the moment he looked inside, he said: Here's the room—and the comfort—and the style I've been looking for.

Then he nudged its Fireball Engine into action. It's a high-compression valve-in-head, as you probably know.

He eased out into traffic. Stopped and started for a couple of traffic lights, and said something to the effect that this Dynaflo Drive* is a honey. Why don't they all build 'em this way?

He saw a bump ahead. Place where the pavement

had been torn up. Other cars were braking down to a creep to cross it. He held back—rolled right across at regular speed with barely a bobble.

It's hard to believe, he said, but what they say about Buick's ride is right.

Ten minutes later he was out on an open stretch of road. Tried an experimental push on the gas treadle. Boy—what a take-off! You couldn't want more power than that.

Ten minutes more—and he knew something else. You don't really steer a Buick. It just about steers itself. Stays right on the beam on the straightaway. Even straightens itself out after a curve.

To make a long story short—he's found out that nothing else he's tried out can hold a candle—not even a little Christmas candle—to this bonnie beauty.

Back at the Buick showroom, he's going to get one more surprise. The price of a Buick is a lot less than he'd guessed it would be.

Moral: Smart Buy's Buick—right now.

Matador High School Has Many Trophies

(By James Sturdivant)

When you walk into the Matador High school building, the first thing you see is a huge trophy case donated by the grade of '50. We see this case every day and just out of curiosity, I decided to see how many trophies we have and where and when we got them.

In checking, I found seventy-two trophies, given pennants and two blue ribbons. There were thirty-two girls basketball trophies, the first of which was won in 1925 and the last one in 1951.

The boys have won 28 trophies in basketball, ranging from 1925 thru 1951. Also they have won six football trophies, the first in 1933 and the last in 1947.

There were six interscholastic league trophies won from 1925 to 1947.

The first four pennants were for volleyball and the last for track and field in 1937. The two blue ribbons were also interscholastic league firsts for girls volleyball and softball in 1951.

Boys Are Guests Of Home Ec Girls

The Home Economics III girls prepared and served a dinner to five boys of the Junior and Senior classes. The following were invited guests of the class: Jerry Edwards, Kenneth Dunning, Pat Reeves, Gary Laughlin, and Charles Keith.

The meal consisted of fried chicken, gravy, rolls, green beans, potatoes, fruit salad, ice cream and devil's food cake.

All the food except the ice cream was prepared by the H.E. III girls.

F. F. A. Selling Subscriptions

The Matador Chapter of F. F. A. is now selling subscriptions to the farm magazine, Southwestern Crop and Stock. The subscription rates are 1

year for \$1., 3 years for \$2., five years for \$3., and 10 years, \$5. Of the money made, 61% of it will stay here, 50% going to the F. F. A. fund and the remaining 11% will be shared by the three boys who sell the most subscriptions.

Farmers and stockmen are allowed 100% deduction from their income tax in the amount paid for subscriptions to Southwestern Crop and Stock.

This magazine will send free information of any nature pertaining to agriculture to anyone requesting it.

New Press Club Elects Officers

The Press Club of Matador High school, consisting of the Matador Brand staff and the La Arena staff, met Thursday afternoon in the English room to elect officers and discuss the possibilities of feature stories in the schools.

The following officers were elected: Lois Blevins, President; Bobbie Coldiron, secretary and James Graham, social chairman. This club is under the sponsorship of Miss Beth Johnson, faculty advisor for the Matador Brand.

Social Chairman, James Graham appointed a committee to assist him in investigating the possibilities of a social activity in the near future.

Junior Girls Win Over Turkey 28-18

The Junior High girls basketball team of Matador started their season by powering over the Turkey Turks Junior team 28 to 18. Lucille Nolen was high point girl with 15 points.

Due to the circumstances the boys' game was called off at the half with the Turks leading 14-7.

The girls coming out for the season are as follows: Lucille Nolen, Lucretia Edwards, Barbara Casey, Mickie Steen, Gail McWilliams, Dorothy Plyler, Alice Martin, Sue McCaghren, Joanne Darsey, Betty Neighbors, Raynita Dunning, Wanda Jo Nolen and Elzeta Moseley.

The boys coming out are as follows: Garland Cartwright, Clifford Britton, Stanley Neighbors, Harrell Nolen, W. E. Russell, Richard Hamilton, Chester Cooper, Melvin Cooper, Charles Renfro, James Gordon and Royce Kirby.

SEVENTH GAME WON BY MATADOR GIRLS

The Matador Girl Cagers won their seventh game of the season Tuesday night, Dec. 4, with the Roaring Springs Yellow Jackets. The final score was 19-16.

Due to sickness, four of our "A" string players, Lois Bleving, Marlene Bailey, Barbara Neighbors and Martha Hall have missed a number of practice sessions and games.

Question of the Week

What was the outstanding Southwest Conference game of the year?

Personality Sketch

Our personality sketch is one of the outstanding members of the faculty, our Vocational Agriculture teacher, Mr. N. L. (Bill) Moss.

Mr. Moss was born May 31, 1923 in Foss, Oklahoma.

In 1929, he began his school at Foss, Oklahoma. In the fall of 1929, he moved to Whiteface, Texas, where he graduated from high school in 1939.

In 1939 he entered Texas Tech and studied there four years. He graduated in 1943 with his B.S. degree in Agriculture.

Mr. Moss was inducted into the army in 1943 and served three years. He spent most of his days in the army in Germany and France. He was awarded the bronze and silver stars for bravery in action.

Mr. Moss graduated with his Master Degree in 1947 and began his teaching in the fall here at Matador.

In 1948 he married the former June Pope, who had been employed in the county agents office. The Moss' have one son, Joe Dick, who is two years old.

BAN ON BIRDS TO GO INTO EFFECT THROUGHOUT U. S.

United States and Texas health officials after December 13 will clamp down hard on the importation of parrots, love birds, parakeets, and all other birds of the psittacine family.

In a move designed to control the spread of psittacosis (parrot fever), the ban will be enforced throughout continental United States, its territories and possessions, and will apply to birds coming from any foreign country or from the Canal Zone.

State Health Officer Geo. W. Cox predicted the new federal regulation will have the effect of stimulating the bird industry, since breeders will have a "better chance to avoid psittacosis infections" in their birds.

Under terms of the regulation, birds may be brought in for medical research or for zoological parks in numbers prescribed by

the surgeon general, if the quarantine officer at the port of entry is satisfied the birds are healthy.

The importation ban, published as an amendment to a long standing USPHS regulation on psittacine birds, said birds destined for medical research or zoological parks could be brought in by individuals "not to exceed two in number, if they have been in the owner's possession for four months, and appear to the quarantine officer to be in good health."

Dr. Cox said psittacine bird dealers would be required to keep records of all sales and exchanges for two years. The records must be made available for official inspection on request.

Specifically covered by the regulation are parrots, Amazons, Mexican doubleheads, African grays, cockatoos, macaws, parakeets, love birds, lorries, lorikeets, and all others which belong to the psittacine family and which are agents of parrot fever. After November 15, interstate shipment of birds must be

accompanying a permit from health officials in the state to which shipment is made, the new order said, providing the state of destination requires such permits.

Dr. Cox said his department intended to exercise its authority to quarantine all aviaries implicated in cases of human psittacosis until a laboratory investigation shows those aviaries to be free of psittacosis.

CARD OF THANKS

We wish to thank this means of expressing our most profound appreciation for the many acts of kindness and words of sympathy extended us during the illness and death of our loved one, and for the beautiful floral offerings in his memory. May God bless each of you in our prayer.

THE BETTER WE KNOW YOU the Better we can serve you

No two farms are alike. That's why we are visiting the farms around here... trying to find out why your farm, for example, is different and has to be farmed differently than others. When we try to help you... and we think we can... to farm with less work and make more money, we want to be sure of our ground.

It isn't just a matter of selling tractors and implements with us. We want to know your problems, so we can think about them and help if we can. And we want you to know us, and what we can do for you, so you'll know how to use us when a need arises.

We hope to visit you soon, but please don't wait. Drop in whenever you are near us. Lots of folks do. We'll be glad to see you.
