Navy Files Case Witness States FBI Given Facts

WASHINGTON (AP)—A former Navy officer, who was assigned to a wartime intelligence unit in New York City, testified today that information it gathered on Communists was passed along to the FBI "as fast as we received it."

William J. O'Hara, now a Mr. Vernon, N.Y., lawyer, was a witness before the Senate Internal Security subcommittee which is looking into reports that the intelligence unit's files on Communists were destroyed.

Chairman Jenner (R-Ind) has said there was a White House order in 1944 for their destruction.

O'Hara's testimony was the first suggestion that the information was in any case preserved in FBI files.

Before O'Hara was called, an ex-Navy yeoman, John J. Wendt of Brooklyn, had testified that the unit had built up cabinet drawers full of information on Communists and Communist activities, mostly in the New York area.

He said these files "disappeared" in June, 1944.

Jenner said in advance of the hearing, the first public session in the inquiry, that the testimony was intended "to fit only one piece into a vast jigsaw puzzle." Many other phases remain to be explored, he added in an interview.

A brief announcement from the subcommittee said the witnesses, not named, "handled the Navy's Communist files in New York and Boston" during World War II and would be asked "about disposition of the files when the district anti-Communist units were broken up during 1944."

In a dinner speech here last Jan. 28 honoring the subcommittee's former counsel, Robert Morris, Jenner said a Navy counterintelligence unit in New York was broken up in 1944 and its files were ordered destroyed.

These files, he said, "had the basic information on Communists in the maritime units, Communists on the waterfront and Communists in the convoys that went to Russia itself."

Jenner said that Adm. Ernest J. King, wartime chief of naval operations, told Adm. Chester Nimitz, commander of the World War II Pacific fleet, that the order to destroy the files came from the White House.

Both Nimitz and King said in subsequent interviews "that they had no recollection of such a conversation."

Parts Of State Get Good Rains

Violent thunderstorms with gully-washing rains and high winds lashed scattered points in Texas Wednesday but most of the state was untouched by long-needed rains.

The Wednesday night thunderstorms were strictly local and faded quickly. Hail accompanied the wind and rainstorms at several points.

Glenn Rose, 45 miles southeast of Fort Worth had a flash flood when an unofficial 3.10 inches of rain fell in less than an hour.

An estimated two-inch rain backed up the waters of the San Saba River and forced the evacuation of several business firms at Menard. High winds unroofed a big 11-room ranch house at Weatherford and hailstones as large as glen eggs damaged car windshields and hooded.

The widely scattered storms reached from far West Texas to near the Louisiana line. Ozona in West Texas has 1.10 inches, Eldorado had a heavy shower and Mason had a slow drizzle.

Tyler reported 1.24 inches of rain, Dallas 24, Junction 75, Fort Worth .08, Laredo 10, Victoria .04, and Abilene, Lufkin and Palacios, traces.

The turbulent weather conditions that brewed the thunderstorms brought slightly cooler weather to the state. Early morning minimums Thursday ranged from a 39 at Dalhart to 72 at Cotulla, Alice, Victoria, Brownsville and Corpus Christi.

Partly cloudy to cloudy weather prevailed over the state early Thursday. In far West Texas traces of dust were reported at El Paso, Wink and Salt Flat.

Rain was general over Fannin County in North Texas and Bonham had 1.35 inches up to 7:30 a.m. In the southeastern part of the county, high winds damaged roofs at Ladonia, broke windows in the city hall, whipped trees and snapped television aerials. Hail and 2 1/2 inches of rain fell at Ladonia. Hale and Bartley Woods, communities near Ladonia, also had rain and some wind damage.

Eisenhower's refusal at his news conference yesterday to spell out probable free world action if the Chinese Communists move in force into Indochina caused some senators to speculate that a program of limited counteraction is in the making.

Among these, Sen. H. Alexander Smith (R-N.J.) said he sees no need to use U. S. troops in Indochina, but he added in an interview:

"In case of a crisis there, we may need to use naval power and undoubtedly air power. I don't think anything we are doing now contemplates employing American manpower in Asia but quite conceivably it calls for air and naval power."

Sen. McCarran (D-Nev.) who made this estimate in an interview, said, "If we should send in naval and air forces now, it would only bring the Chinese Communists in force and then I don't see how we could avoid sending troops."

The sober comment in Congress followed renewed expressions by President Eisenhower and Secretary of State Dulles of the administration's determination that Indochina must not fall to the Communists, and indications from abroad that U. S. allies are not moving as fast as U. S. officials might wish in forming a coalition on defense of Southeast Asia.

Dispatches from London and Paris indicated both British and French leaders might consider the

time inopportune and want more details on the "united will" and "united action" Dulles has advocated.

All sides seem to agree that if and when conclusive decisions are reached and some public statement is made, it must be not simply another "hands off" warning to the Chinese Reds but an announcement of determination with real teeth. The question at this point is what kind of teeth—should the policy decisions be backed up by naval forces, air forces, ground forces, or some combination of these?

French Ambassador Henri Bonnet conferred with Dulles for 30 minutes today on the American effort to organize a 10-nation united action program.

Both France and Britain have questioned the aims and methods of the American proposals. Diplomatic informants said today that both countries are still exchanging views with the United States.

Bonnet said his meeting with Dulles was on the question of preparations for the Geneva confer-

Changes Announced In Military Loyalty Drive

SOUNDS LIKE VALID REASON

PITTSBURGH (AP)—Jesse Hale pleaded guilty yesterday to sending in a false fire alarm. He needed help, he told the judge, because his wife had fallen down and he couldn't pick her up. She weighs in the neighborhood of 270 pounds, he said.

The judge placed him on probation for two years.

IUOE Group Opens Meet Here Today

Delegates to the council of the oil and chemical division of the International Union of Operating Engineers were welcomed to Big Spring this morning at their first general session at the Settles Hotel.

The welcome was extended by Mayor G. W. Dabney, Jack Y. Smith, personnel manager at the Cosden refinery, and Paul Soldan, president of the IUOE local of Big Spring.

First business session will be held this afternoon and the council meeting will continue through Saturday. Up to 100 delegates from locals located west of the Mississippi are expected.

Reports from the various locals and the discussion of mutual problems are expected to take up most of the business sessions, said M. E. McCoy, of Wood River, Ill., oil and chemical division secretary for the IUOE.

A resolutions committee will be named and probably will make a report to the council at the meeting. A site for the next meeting and new members for the executive board will be chosen on the last day of the council, Saturday.

Hunter P. Whorton and other representatives of the IUOE headquarters are on hand for the meeting. Whorton is one of the personal representatives of William Maloney, Washington, D. C., IUOE president. Maloney was unable to attend the sessions here.

Jerry Holloman, Austin, executive secretary of the Texas Federation of Labor, also is present. He addressed representatives of all union locals in a session at the county courtroom last night.

Session Set To Discuss Drought

STANTON (SC)—A county wide meeting to discuss the drought has been called for 7:30 p.m. Friday, at the Courthouse in Stanton by James McMorries, county judge, who said he hopes to have as many Martin County farmers, ranchers, country merchants, Stanton business people and others as possible present to join the discussion and make their suggestions.

McMorries said the County Judges and Commissioners Association of West Texas has an appointment to meet with Governor Allan Shivers at the Capitol, at 10 a.m., April 15, following a caucus at an Austin hotel the night before, and that efforts are being made to get officials, bankers, farmers, business people and others from at least 27 of the hardest hit West Texas counties to make this trip.

Earlier this week McMorries was in Fort Worth attending a meeting of the judges and commissioners organization at which he introduced a resolution calling on Governor Shivers to take steps to provide further relief for farmers and ranchers in the drought area.

"We need to have as many people as possible to attend all these meetings," McMorries said, "because it is hard to make those people in Austin realize just how bad the situation is out this way. They act as if they don't believe us when we describe it to them."

McMorries said residents of neighboring counties, and others, will be welcomed at tomorrow night's meeting here.

Twins Set Ohio Weight Record

WARREN, Ohio (AP)—Twins, a boy and girl, have set a new weight record at St. Joseph's Hospital.

Born to Mr. and Mrs. Milford H. Williams Tuesday night, the boy weighed in at 9 pounds 11 ounces and the girl 9 pounds 11 ounces for a combined weight of 19 pounds 8 ounces.

House Debates Bill To Control Texas Commies

AUSTIN (AP)—The \$25,000,000 tax bill to finance teachers pay raises was finally passed by the House today and sent to the desk of Gov. Allan Shivers. The vote was 110-22 to accept 15 Senate amendments.

A few minutes earlier the House by a whopping 130-4 vote passed a measure toughening state laws against subversives.

AUSTIN (AP)—The House plunged into debate of a Communist-control bill again today while the Senate met briefly and quit until this afternoon.

The anti-subversive measure has been commended by some "as a good answer to the Communist threat and attacked by others as an unconstitutional threat to civil rights.

A barrage of amendments slowed progress of the anti-subversives bill during long debate yesterday. No amendment opposed by the author of the bill, Rep. Fred Meritt, Terrell, was adopted.

Counsel Named In Schine Issue

By G. MILTON KELLY
WASHINGTON (AP)—Trial lawyer Ray H. Jenkins had orders today to be ready to launch 13 days from now public Senate hearings aimed at finding the truth in the McCarthy-Army row.

Jenkins, a 57-year-old grandfather from Knoxville, Tenn., took the job of special counsel yesterday with a public pledge to fulfill it with "no prejudice, no bias."

"I have no record, publicly or otherwise, as to Sen. McCarthy or what has come to be known as McCarthyism," he told a news conference.

As special counsel to the Senate investigations subcommittee, he said, he intends to dig for and present the facts in the bitter charges involving McCarthy and high Army officials "without any favoritism, as fair and impartial a manner as I know how."

An Army report has accused McCarthy (R-Wis) and two of his aides of seeking favored treatment for Pvt. G. David Schine, a drafted former associate. McCarthy disputed that and said Army officials sought to "blackmail" him into dropping a search for subversives in the Army. The Army denies that.

Jenkins, who looks far younger than his age, succeeds Samuel P. Sears, a Boston lawyer previously selected by the subcommittee but whose name was never officially entered on the payroll.

Sears stepped out Tuesday, five days after being appointed, saying that he has no personal interest in the case and that he was impartially had made it necessary for him to step aside "in the public interest." Sears was an avowed admirer of McCarthy, although he said he had taken no side in the current row.

Jenkins got the appointment at a closed door meeting of the subcommittee, which also ordered the televised hearings to start on April 21, instead of the old target date of sometime next week.

Sen. Mundt (R-SD), who will run the hearings as acting chairman, said he would not be present.

Jenkins, who looks far younger than his age, succeeds Samuel P. Sears, a Boston lawyer previously selected by the subcommittee but whose name was never officially entered on the payroll.

Sears stepped out Tuesday, five days after being appointed, saying that he has no personal interest in the case and that he was impartially had made it necessary for him to step aside "in the public interest." Wilson Says Risks To Be Weeded Out

WASHINGTON (AP)—Secretary of Defense Wilson today announced a revised security program designed "to clean out and keep out" of the armed forces persons deemed to be security or loyalty risks.

Wilson announced the new directive, and the security-loyalty yardsticks it lays down, at a public hearing before the Senate Armed Services Committee.

Its objective, he said, is to provide uniform standards for the Army, Navy and Air Force and "to speed up our procedures for getting such individuals out of the service and for keeping them out."

"I have come here this morning with a single purpose in view," Wilson said in a statement. "It is to give concrete assurance to this committee and to all concerned that the matter of subversives, Communist sympathizers, or other such security risks in the armed forces is being carefully worked out."

The new directive declares a general policy that the Defense Department will assume that acceptance or retention of any member of the armed services is clearly consistent with the interest of national security "unless and until

a determination to the contrary is made."

"However," it continues, "when credible information which raises the question of security is received action will be taken to determine whether acceptance or retention is consistent with the interests of national security."

"In no case will any person reasonably believed to have at any time engaged in any of the activities listed . . . be appointed or enlisted in any of the armed services without the approval of the secretary of the armed service concerned."

In the cases of draftees the directive declares:

1. "Known Communists will not be inducted into the armed services."

2. Inductees who do not "satisfactorily" fill out loyalty questionnaires or whose questionnaires disclose "significant derogatory information . . . will be accepted into the service and retained on non-sensitive assignments in the lowest enlisted pay grade permitted by law, pending completion of a thorough investigation."

The order continues:

"In the event this investigation reveals that further retention would be inconsistent with the interests of national security, he (the inductee) will be separated under other than honorable conditions. Should the investigation disclose insufficient derogatory information to warrant separation in the interest of national security, he will be continued in the service and thereafter appropriately assigned," the character of his ultimate discharge to be determined by his subsequent conduct.

City, T&P Agree On First Street Plans

The City of Big Spring came to an agreement with the Texas and Pacific Railway yesterday concerning the paving of 1st Street between Rannels and Austin.

Commissioners also decided to take court action against John Tucker, who is now occupying land between Lancaster and Bell which the city claims is 17th Street roadway.

Both moves came in a special session called to clear up paving problems.

Final decision by commissioners on all streets to be included in the current paving program will come at next Tuesday's meeting. Disposition of Ryan Street will be decided at that time.

T&P Railway agreed to deed the city a 10-foot strip of land on the north side of 1st Street so that the street can be paved to a 45-foot width. In return the city agreed to pay for the cost of paving that 10-foot strip, which is approximately \$2,900.

Commitment was made for the railroad by Arthur Siler, official from Dallas. George Brooks, general agent, and Jimmy Tucker, assistant superintendent in charge of vision, accompanied Siler to the meeting.

The railroad officials were assured that T&P can use a 15-foot strip on the south side of the street for a spur track. However, City Manager H. W. Whitney was instructed to contact the T&P land department concerning payment for the spur strip franchise.

It was agreed by all present that preliminary work for paving will begin immediately.

This means that the railroad will have to move its spur track slightly south of its present location. Jerrald M. Saunders, manager of Redford-Big Spring Company, was

asked to start work on razing the firm's loading dock to make way for the spur move.

The City Commission agreed to pay for paving the 10-foot strip when Siler said that the railroad is opposed to dedicating property for paving and then being assessed for that paving.

The T&P official pointed out that his company has about \$25,000 involved in the project. This includes loss of improvements in the 10-foot strip, paving the portion of the street crossed by the spur, resetting of the spur track, etc.

The railway will be assessed for its regular share of paving costs outside the 10-foot dedication.

Court action against Tucker results from a disagreement as to where the 17th Street roadway between Lancaster and Bell actually is. The city contends that the roadway is just north of the route now followed. However, Tucker has a water well and a small house on the land.

The Dora Roberts estate claims title to the land where the street now runs and has asked the city to move the street off the private property. The city has been negotiating with Tucker in attempting to move.

At one time the city agreed to build a manhole in the street so that the well could be serviced, allowing pipes to be run from the well to Tucker's property.

Commissioners said that the street is important in the paving program as it connects up several other units already approved. These units are being held up until a decision is reached on 17th.

All three new commissioners — Roy Bruce, Alfred Goodson, and Curtis Driver — were present though they were not officially among those who will meet Tuesday.

Canadian Plane Crash Toll High

MOOSE JAW, Sask. (AP)—Two planes crashing over the northeast section of this industrial town today and nearly 30 persons were reported killed.

First accounts from the scene said 16 bodies had been recovered.

One of the planes was a Trans-Canada Airlines North Star, a four engine craft capable of carrying 48 passengers. The plane, equivalent of the DC-8, is the largest used by TCA.

The other was a single-engine Harvard trainer from a Royal Canadian Air Force flying school outside Moose Jaw, a city of southern Saskatchewan lying between Regina and Swift Current.

Both planes disintegrated when they hit the earth.

Sen Executive Claims Jim Busby Better Than Mantle

Insists Writers Created Myth

By HERB ALTSCHULL
WASHINGTON (AP) — "Mickey Mantle is probably the most overrated player in baseball," Calvin Griffith said today.

Griffith is executive vice president of the Washington Senators, who own a bit of baseball property named Jim Busby.

"Sure, Mantle's a good outfielder," Griffith said in an interview. "But he isn't as good as Busby."

Griffith said that if Mantle were playing for anybody but the New York Yankees, "You'd hardly ever hear of him."

His idea was that the Yankee publicists and New York sports writers have built Mantle up into something he is not.

"If Busby were playing for the Yankees," Griffith said, "they'd be calling him another Tris Speaker or something."

Mantle, the youngster from Commerce, Okla., is out of action as the result of a knee injury and won't be in the lineup when the Yankees play the Senators on opening day here next Tuesday.

The Yankees' successor to Joe DiMaggio, he has been billed in many parts as one of the hottest prospects to hit the major leagues in some time. Griffith well remembers his power, since it was in the ball park here that Mantle socked a 355-foot home run last year.

Busby, a native of Kenady, Tex., is at 27 nearly five years older than Mantle. Griffith regards him as one of the most underrated players in the league.

Mantle, considered an expert in grabbing flies, "can't compare with Busby as a fielder," Griffith said.

Clark Griffith, 64-year-old owner of the Senators, chimed in: "Bus is one of the best flycatchers I've ever seen."

Then there's the matter of hitting. Last year Mantle batted .262. Busby's average was .312.

Mantle batted in 92 runs and Busby 82, but Calvin Griffith noted that a lot more Yankees were on base last season for Mantle to drive home than there were Senators ahead of Busby.

The Yankee centerfielder, considered more of a power hitter than Busby, hit for 220 total bases last season. Busby's total: 243.

Mantle stole 8 bases, Busby 13. "That enough?" Griffith asked with a wink.

Maroons Upset By West Ward

West Ward handed Kate Morrison its first Ward School softball league defeat in two seasons Wednesday afternoon.

The Cowboys won an 11-7 verdict, thanks to a bases-choked home run by Wesley Rawls in the sixth inning.

The Waddies collected three runs in the first, two in the third and six in the sixth. The Maroons scored two in the third, two in the fourth, two in the fifth and one in the sixth.

Jimmy Martin blasted a round run with one on for the losers. Den Hayworth, the winner pitcher, rationed out seven hits.

The Cowboys have now won five and lost two decisions.

Central's Calves Blank East, 2-0

Central Ward blanked East, 2-0, in a Ward School softball league game Wednesday.

J. B. Davis, who pitched for the Calves, hit a bases-empty home run for the winners in the second.

Don Mills scored the other run in the fifth.

Davis limited the Greenies to three hits while his mates got nine off Rex Appleton.

Central has now won four of five starts in league play.

Yearlings Win Two Volley Ball Tilt

Big Spring Junior High School girls' volleyball teams achieved two victories over Lamesa representatives here Tuesday.

The Seventh Graders won, 64-35, to set the pattern, after which the Eighth Graders sashed up an 81-36 verdict.

In the Seventh Grade game, Edith Freeman was top scorer with 15 points, followed by Darlene Williams with eight.

Big Spring led at half time, 26-21. In the other contest, the Yearlings went out in front, 17-12, at the intermission.

Virginia Johnson, Barbara Coffey and Jean Peters were outstanding for the home side.

Soldiers To Fight

FOUR HUNDRED US—Sixty-three soldiers from five states will take part in the 4th Army boxing tournament here Wednesday through Sunday next week.

Longhorn Mound Corps

Pitchers in the Big Spring High School baseball camp are pictured above. Left to right, top row, they are Carlisle (Frosty) Robison, Frank Long, Ed Faubion, Garland Harrison and Charles Saunders. Front row, David Westfall (no longer with the team), Johnny Hickson, Tom Lynn and Sidney Butler.

Big Spring (Texas) Herald, April 1964

LOOKING 'EM OVER

With Tommy Hart

How are the Big Spring Broncs set for veteran ball players? Offhand, I'd say as good as the best and better than the rest, at the present time.

Pepper Martin, boss of the local spread, has been wise in lining up two class-man hurlers in Mike Rainey and Larry Cummins who should be able to win in this league plus Julie De la Torre, who always did have power and who likes to hit in this park because it has a very friendly left field fence.

Martin himself hits from the third base side of the plate and should find the left field barrier here very cozy. He clubbed 30 home runs while playing for Big Spring in 1947 and his power and his knowledge of solving the weaknesses of enemy pitching have improved since then.

San Angelo has a problem. At this writing, Manager Hillis Layne had seven veteran players in camp in addition to himself. Of that group, four are pitchers. They are Mario Saldana, Lou Lozano, Mary Christensen and Gil Guerra.

Layne will hit in this league. There's no question about that. Guerra can win as he has proved consistently in the past. But what about Lozano, Saldana and Christensen? John Malgarini and Charley Galina are other veterans with Angelo and neither may be around when the Colts open their campaign on April 20.

Odesa apparently will go with Wayne Batson, Tony DiPrimo, Ewell Ortega and possibly Leo Eastham as its veterans. Ortega, a pitcher, didn't have a very good season last year but he can win in this league. Batson is a reliable first sacker and will hit .300. DiPrimo, a catcher, has a lot of right-handed power. Eastham was way off last year and may be over the hill as a player. I personally think he is not.

Midland has Scooter Hughes, Lou Dawson, Joe Grasso and Manager Rudy Briner around which to build its club. Hughes is an excellent C ball player. Dawson is a better-than-average first baseman and outfielder. Grasso is a pitcher whose talent is unknown here. However, Eddie Jacome may replace him before the season starts.

Briner will hit but he's slow and a year older. Wichita Falls has as its class-men Catcher Tony Traspuesto, Pitcher Julio Ramos, First Sacker Al McCarty and Outfielder Ken Cluley. Martin thinks he has the Spudders beat for veterans right down the line.

Roswell apparently will go with Joe Bauman, Stubby Greer, Weldon Day as its veterans. Bauman is a holy terror with the mace but there are those who think he is due a bad year in baseball. He's been in baseball a long, long while and must be thinking of retirement. Greer is brittle. The question is, can he play 140 games?

Stasey is not the ball player he was three or four years ago, for the simple reason his legs are beginning to go back on him. He'll probably hit .300 plus, though. Day? Apparently, he's on the ball club because Greer likes him. Odesa gave him a trial last year and Weldon looked bad at the plate.

Artesia will have Jodie Phipps and Hoot Gibson among the veterans on its roster. Apparently, the Nulezers are awaiting other class-men to be sifted down from Dallas, their parent club.

Last year, Pat McLaughlin won the pennant principally because he had rookies and limited service players who performed like veterans. Most of those boys are gone. He may be resolved to assemble a similar club this year. Right now, Merv Connors is the only veteran of note on the Potasher team.

It wasn't Coach Arah Phillips' three set-ups, Ellouise Carroll, Jan Burns and Anna Mae Thorp.

Idea to move the important girls' volleyball play game between Big Spring and Lamesa from Odesa to Kermit, although she's not against it.

Lamesa officials requested that the two officials who have been working the crucial series, Floyce Brown of Seminole and Mrs. Lee Shaw of Denver City, worked the sugar game.

Since both have their teams in a district tournament at Kermit on Friday, they could not have come to Odesa, so the game was moved to Kermit.

Steers, Hawks In Action Here

The Big Spring Steers, winners in two of five exhibition baseball games played to date, face a busy weekend.

Roy Baird's club comes to grips with the Midland Bulldogs in a 4 p.m. exhibition game here Friday, then test the powerful San Angelo Bobcats in a Saturday afternoon conference tilt, their first one of the season.

The Steers have won two games in four starts against Snyder and dropped a home engagement to Lubbock in exhibition tilts.

Carlisle (Frosty) Robison or Sidney Butler will probably go to the mound against Midland Friday. Frank Long is due to get the starting assignment against San Angelo.

HCJC's Jayhawks also see action here Friday, meeting Frank Phillips of Borger in a double bill starting at 7 p.m. The first game is down for seven innings, the second for five.

The Jayhawks have broken even in conference starts, winning and losing to Clarendon.

In practice tests, they've beaten San Angelo twice and won one of three games against Odesa.

Archie Moore's Fight Delayed

WASHINGTON (AP)—Light-heavyweight Archie Moore turned up with an ankle with Jimmy Slade, scheduled to be nationally televised next week, was ordered postponed.

Promoter Goldie Ahearn said the Columbia Broadcasting System, which airs the regular Wednesday night boxing shows, will give the April 14 date to Miami. Jake La Motta, former middleweight titleholder, will go 10 rounds against Billy Kilgore of Miami.

Player Is Better

HOUSTON (AP)—Emanuel (Sonny) Senerchia, 25, slugging Houston Buff outfielder hit in the head by a pitched ball Tuesday night, is "doing nicely."

HSU Nosed Out

ABILENE (AP)—Texas Christian scored a 4-3 decision over Harding Simmons yesterday in a college golf match.

Athletic Fund In Good Shape As Of Mar. 31

The Athletic Fund of the Big Spring Independent School District is in its best condition in several years and the most successful football team in the school's history can take much of the credit.

As of March 31, the fund showed a balance of \$5,404.41 and that after \$2,500 had been shifted to the Local Maintenance Fund and another \$9,258.13 had been spent on new equipment.

Receipts from the period starting Sept. 1, 1953, and ending March 31 amounted to \$44,359.24. Of that amount, \$22,131.90 came from out-of-town football games, \$5,225 from the sale of season tickets and another \$9,629.56 from home games.

The Steer football team had a 15-game season, only five games of which were played at home. Disbursements included \$1,534.04 for game officials, \$4,433.02 for transportation of athletes and etc.

Here is a breakdown on the fund:

Receipts	
Season Tickets	\$5,225.00
Football Home Games	\$5,225.00
Out-of-Town Games	\$5,225.00
"B" & Jr. High	\$21.11
Concessions	\$100.00
Adv. Programs	\$1,000.00
From L. M. Fund	\$2,000.00
Travel	\$100.00
Rental Field	\$100.00
Basketball	\$100.00
Volley Ball	\$100.00
Miscellaneous	\$100.00
Totals	\$44,359.24
Disbursements:	
Officials	\$1,534.04
Mails & Postage	\$21.11
Scouting	\$100.00
Transportation	\$4,433.02
New Equipment	\$9,258.13
Repair Equipment	\$1,000.00
Game Contract	\$2,000.00
Tell Lenders	\$1,000.00
Electricity	\$100.00
Telephone	\$100.00
Water	\$100.00
Upkeep of field	\$100.00
Laundry	\$100.00
Football Insurance	\$100.00
Bus Insurance	\$100.00
Awards	\$100.00
Printing	\$100.00
Travel	\$100.00
First Aid Supplies	\$100.00
Refund to L. M. Fund	\$2,000.00
Miscellaneous	\$100.00
Totals	\$32,874.49
Excess Receipts over Disbursements	\$11,484.75
Cash in Bank 6-13	\$100.00
Total	\$11,584.75

Texas League Teams Make Official Debuts Tonight

The Texas League races, new in more ways than it's just another year, wings open tonight, Dallas is at San Antonio, Oklahoma City at Shreveport, Tulsa at Beaumont and Fort Worth at Houston for the starters.

There are the usual optimistic statements—better attendance and a tighter and more brilliant campaign—and there also is the tendency to ride with the champion. Dallas, one of the few things that isn't mostly new—the Eagles are standing virtually pat on their 1953 club—is an easy choice of the writers to lead over the full season route.

Dallas, which swept to a pennant for the season, won the play-offs and then blasted Nashville in the Dixie Series, looks fully as strong, if not stronger, than in 1953.

League president John Reeves, however, says all the clubs have gained strength and he thinks the race will be even closer than the rip-scorer staged last season. Reeves himself is new. He became president of the league last winter when J. Alvin Gardner resigned after 24 years at the helm.

Only three of the eight clubs have the same managers that started out last year—L. D. Meyer at Dallas, Tommy Tatum at Oklahoma City and Joe Schultz at Tulsa. Al Vincent leaves Beaumont to become skipper at Fort Worth, succeeding Max Mason; Dick Walker, who came to Houston late in the season to replace Al Hollingsworth, is back; Don Heffner again is manager at San Antonio after an absence of three years, succeeding Bill Norman; Les Fleming is manager at Beaumont, and Mel McGaha succeeds Mickey Livingston at Shreveport.

The opening games tonight are expected to draw around 30,000 fans with 8,000 each at Fort Worth, Beaumont and San Antonio and 6,500 at Shreveport.

Reeves predicts an increase of 12 per cent in attendance, basing his estimate on advance ticket sales, which he found were ahead of last year for the same period. Such an increase would mean the league race will draw close to 1,500,000.

Eight righthanders will be on the mounds in the opening games tonight. Here is the lineup, with umpires for each game:

Fort Worth at Houston, Glenn Mickens (10-5) vs Hugh Sotter (15-15). Umpires, Bob Smith, Mill Steingrade and Charles Crain.

Dallas at San Antonio, John Duran (17-13) vs. Rindol Duran (12-12). Umpires, Art Passarella, Pat Rubino and Bobby Hicks.

Oklahoma City at Shreveport, Jack Cardy (8-10) vs. John Andre (6-5). Umpires, Bill Malesky, Cy Simon and S. J. Le Camus.

Tulsa at Beaumont, John Stewart vs. Gene Tarabida (7-10). Umpires, Alaric Smith, Sam Carrigan and Frenchy Arceneaux.

Stewart, the Tulsa pitcher, had no record last year. He was in the Marine Corps.

Cougars Seek Title

HOUSTON (AP)—University of Houston's track team goes to Lafayette, La., this weekend where the Cougars will defend their championship of the Southwestern Relays.

Making The Welkin Ring

Big Spring members of the Society for Preservation and Encouragement of Barber Shop Quartet Singing in America did a little missionary work Monday at Midland. They met at Ricardo's Italian cafe for an evening of song to encourage activities of the Midland group which has a charter application pending. Under direction of Harry Lee Plumley, the local chorus sang many numbers, and three Big Spring quartets, the Southpaws, the King Korders and Mighty Knights gave interpretations of barbershop favorites. The Gold Diggers, quartet from the recently organized Sweet Adelines (SPEBSA auxiliary), also sang. The four gave a 15-minute program over the Odessa radio station.

Physician Thinks Patients Cured Of TB Outlive Those Who Haven't Had Disease

AP Science Reporter
CHICAGO (AP)—Having tuberculosis—and being cured of it—may actually mean a longer life for a person than he would have had if he never suffered TB, an insurance doctor reports.

Dr. Harry E. Ungerleider of New York said this is one of the indications from one of the most detailed insurance studies ever made of life expectancy among people having physical "impairments" ranging from heart disease down to a history of sun stroke, or heat prostration.

The physician, of the Equitable Life Assurance Society of the United States, told the American College of Physicians that the recent analysis involved studies of the records of 725,000 insured individuals and 18,000 deaths in some 132 "impairment" classifications.

He said the findings are based on the experience of 27 insurance companies.

Concerning tuberculosis, the doctor said the survey showed that if a person survives five years after his TB has been "arrested," the possibility of death is no greater than it would be for the average of people of the same age.

"And 10 years after arrest, mortality becomes appreciably (less)

than average," he said. "It appears that the discipline accompanying cure of his disease pays dividends to the tuberculosis individual in training him to safeguard his health in the future."

Regarding diseases of the heart, he said, the study gave additional grounds for "a much more optimistic outlook" on life expectancy.

Fahrenkamp Son's Memory Honored

Memory of Edmund E. Fahrenkamp, son of former Big Spring residents, will be perpetuated by a special award each year in the Arlington Heights School at Fort Worth.

Edmund, the son of Mr. and Mrs. E. E. Fahrenkamp, 204 Virginia Fla., Fort Worth, was killed in a plane crash last July while on a NROTC flight in Florida. He was born in Big Spring and started his school career here, Miss Grace Mann was his aunt, and the late Miss Gertrude Macintyre his godmother.

Since he was the first president of the J-Club, an honor organization at Arlington Heights, members of the class of 1951 arranged for the award to go annually to the outstanding boy in the school each year. A decision is reached upon the basis of scholarship, leadership and service. This year's winner was Roland Jary, whose name will head the list to be engraved in subsequent years and displayed in the school's trophy case.

among people with disease of the coronary arteries, one of the major forms of heart ailment.

He said persons who survive without complications a heart attack caused by blocking of a coronary artery have a good chance of getting life insurance, and he added, "This is a concrete indication of our (insurance companies') changing attitude towards coronary disease."

But he declared the findings regarding mortality rates among people who have serious heart "murmurs" justify the present "conservative attitude towards insurability" of such people.

Among other findings: Acute rheumatic fever: life expectancy "far better" than had been supposed a few years ago. Migraine headache; normal life expectancy and, in some categories, even better than normal. Chronic bronchitis: attended by death rates 50 to 80 per cent above normal.

Stomach ulcers: in the absence of any hemorrhage, mortality rates just about the same as normal. Sun stroke: normal life expectancy.

Piles' Pain Grieved Him— This Relieved Him:

He discovered pain-removing, dissolving PIRKLE (Thrombin & Heparin) Ointment formula, developed by doctors at Army's leading venereal-disease hospital. So fast, soothing, safe these doctors use PIRKLE Ointment for relief of patients who come to them for surgical treatment. Works wonders for simple cases. Ask druggist for PIRKLE (Thrombin & Heparin) Ointment and Suppositories—\$1.00 tube or package.

Dime Ends Worries About Bad Payment

CHAMBERSBURG, Pa. (AP)—Retired storekeeper John F. Bowers received a dime in the mail yesterday from an unidentified Napanee, Ind., woman with this note: "About 10 years ago I gave you a foreign dime in payment of a purchase instead of an American one. It has bothered me ever since. Thus I am going to send you a dime and ask forgiveness."

AVOID INSANITY Teachers Told Not To Be 'Supermen'

OKLAHOMA CITY (AP)—How can teachers make sure their mischievous charges won't drive them insane?

Dr. Percy Teska, professor of special psychology at the University of Oklahoma, listed three simple rules in an address before the senior high school section of the Oklahoma Education Assn.:

1. Admit to yourself you would like to hit the little demon in the back row with a baseball bat.
 2. Don't try to act the role of a superman, with 100 times as much patience as the average human being and 1,000 times as much understanding.
 3. Don't feel guilty about disciplining students.
- By recognizing that you "really hate" that little terror in the back row, Teska said, you will be less inclined to actually smash his head in.
- He said only one in every dozen children that are brought to the University of Oklahoma's psychological clinic can be helped "and we have near ideal conditions for therapy."
- Yet, he added, teachers who tried to help these emotionally disturbed youngsters before they were sent to the clinic "have a feeling of guilt because they failed."
- The psychologist added the quickest way to the asylum is believing the theory that when a teacher signs a contract she automatically becomes a "superman."
- "You have the same fears, doubts, worries, hostilities and feeling you had pre-contract," he warned.
- "For every teacher for whom the experience of teaching is an enhancing thing you will find 50 more for whom it is a destroying thing."
- The best rule to follow? Realize that teachers are human beings and act—and react—like one.

Defense Continues Angelina Jurist Case

LUFKIN (AP)—The defense today continued its case for Angelina County Judge J. T. Maroney Jr., charged with "murder through accident and mistake" while intoxicated.

The official was involved in an automobile accident last Nov. 7 in which Mrs. Myrtle Louise Davenport was killed.

Six witnesses testified that Maroney was either intoxicated or smelled of alcohol following the accident.

Nine witnesses testified yesterday Maroney had not been drinking.

Ex-Harris Prosecutor Has Trial Date Reset

HOUSTON (AP)—Trial of ex-district attorney William H. Scott on a charge of operating a bawdy house has been reset for June 14.

The postponement came yesterday when two physicians certified he is suffering from a brain illness.

Dr. C. A. Dwyer, Harris County psychiatrist, said the disease is incurable.

KIDNEYS MUST REMOVE EXCESS WASTE

Neglecting backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday conditions, such as stress and strain, cause this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent urination. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 13 million kidney tubes and filters flush out waste. Get Doan's Pills today!

Flames Gut Stores In Sooner Town

COLBERT, Okla. (AP)—A block of brick buildings—the entire Colbert business district—was reduced to rubble today with the ashes still smoldering. A raging fire burned out of control all last night.

B. M. Leecraft, owner of a building which housed a theater and a grocery store, said the five buildings which were gutted were worth about \$20,000. However, he added, equipment in the structures, which included a bank, would probably put damage near the \$100,000 mark.

There were no reported injuries.

"All we could do was let it burn itself out," said Leecraft. The small Bryan County community of about 1,000 population has no public water supply. It also has no fire department.

Trucks were rushed to the scene from Durant, 12 miles to the north, and across the Red River from Perrin Air Force Base and Denison, Tex.

Fire fighters had to flee from the area at one time. Several thousand rounds of ammunition in a hardware store began exploding.

"We couldn't get within three blocks of it when the ammunition was going off," troopers said.

Lt. Floyd Brown of the highway patrol said several hundred volunteers from Denison and Durant fought the flames with "burlap sacks and anything they could get their hands on."

Methodist Leader Dies At Age Of 82 After Operation

DALLAS (AP)—Dr. Hubert Delaney Knickerbocker, 82, retired Methodist minister and one of the founders of Southern Methodist University, died at his home last night six weeks after an operation.

First pastor to fill the Trinity Methodist church in Dallas, in 1903, he organized and built fifteen churches, helped build the Methodist hospital, was district superintendent three times and was four times a delegate to the Methodist General Conference.

Born June 25, 1871 in Baton Rouge, La., he had been self-supporting since he was 12 years old and was proud of the fact that he came up the hard way and worked his way through Centenary College, Louisiana, and Birmingham-Southern College.

Nationally known as a money raiser for church work, he was responsible for obtaining millions of dollars for churches, schools, hospitals and homes of old ladies during his long life. He was a Mason and a Knight of Pythias.

In 1950, he wrote a check for \$300 to provide the salary of a native of India to serve as a missionary there for a year. The gift was a memorial to his son, H. R. Knickerbocker, radio commentator and Pulitzer prize winning reporter who was killed in the crash of an air liner in 1949 near Bombay, India.

McNary, Mrs. H. H. Rutherford and Mrs. C. T. Earp, Airport.

Moth Proofer Is Guaranteed To Be Effective A Year

In the spring, a young woman's fancy lightly turns to thoughts of lightweight clothing. For a wardrobe change, like a weather change, is a tonic for anybody's morale. But morale suffers when the woman begins to wonder about summer storage, how to get complete protection against moths, without odor. Modern science has helped by providing a spray that is very low in cost. A value is Real-Kill Moth Proofer that requires but a flick of the finger to apply its effective, odorless, stainless mist. The manufacturer guarantees protection against costly moth damage for one full year when used according to directions. An important ingredient of the product is DDT, which, according to U. S. Army tests, gave woollen garments 100 per cent protection from moth damage for a full year. This spring, you can store your winter woollens in a closed closet after they've been properly sprayed and forget them until fall. Just remember to spray until moist, and pay particular attention to seams, folds and cuffs. Protection is available too, with Real-Kill Moth Proofer for draperies, carpets and furniture. Spray carpets in the corners and under furniture. On upholstered furniture, spray in corners and crevices. Don't worry about stains. The better products such as Real-Kill Moth Proofer are odorless and non-staining to even the most delicate fabrics.

Models Pick Soap To Aid Complexion

Those cover-girl models have to ester to their complexions, because their livelihood depends on it. A recent survey revealed that nine out of 10 of America's leading cover-girl models use SweetHeart soap regularly to reveal the true beauty of their skin. They say that SweetHeart's more luxuriant lather keeps them fresh all day and that regular SweetHeart care brought them new complexion beauty in even one week. They report that this is a soap that agrees with the skin. The same girls watch their budgets and are able to get SweetHeart on that product's famous 1 cent sale offer. This is a traditional bargain offer that always attracts wide response. SweetHeart is a hard-milled soap, and this means that all the soap is there. It lasts longer, dissolves more slowly and is firm down to the last sliver. There is an opportunity now to insure beauty and budget—with the SweetHeart soap 1 cent sale being featured for a limited time now, at most stores. For just one cent, you get a cake of this fragrant soap when you buy three cakes at the usual price—a saving of nearly 25 per cent. The offer applies to both the regular size cake of SweetHeart and the bath size.

Mrs. Raley To Show Pupils Work At Tea

In a formal tea from 6 p.m. to 9 p.m. at Howard County Junior College Library, Mrs. Ira C. Raley will present the work of her art classes on April 13. This is an annual affair and is open to the public. Mrs. Raley painted her first picture at the age of fourteen and took instruction in the University of Texas. After her marriage, she moved to Abilene, where she studied with Mrs. W. D. Kendall. She has lived in Big Spring for about ten years and has taught water colors, pastels and oils. She has done Baptistries in Big Spring and in Ballinger. Her plans for the near future include a series of pictures based on the life of Christ.

Fairview HD Club

Mrs. J. F. Sellers gave the devotion from Luke 15:11-32, for the Fairview HD Club in her home Tuesday afternoon. Mrs. Jim Smith gave a demonstration on "Hands and Gloves." Fifteen members and one visitor, Mrs. Dolle Anderson, were present. The next meeting will be on April 20 in the home of Mrs. O. D. Engle.

"Kitten" Suits

By CAROL CURTIS Eight-inch embroidered "kitten heads" form the bibs on these cool summer play suits for the 4, 6, and 8-year olds. The patterns contain a transfer for three heads, tissue pattern for the suits. Easy to make, easy to launder, delightfully amusing!

Local Girls Are Accepted By School

COLUMBIA, Mo. (Spl) — Libby Jones and Margy Keaton of Big Spring have been accepted as students at Christian College for the 1964-65 school year. Miss Jones is the daughter of Mr. and Mrs. Truman Jones, 1804 Douglas, and Miss Keaton is the daughter of Mr. and Mrs. Herbert Keaton, 436 Dallas. Both girls are seniors at Big Spring High School. Miss Keaton intends to specialize in music and drama. Miss Jones is active in Tri-Hi-Y and serves on the annual staff, the student council and school newspaper at the high school.

Rebekahs Invited To Attend LAMP Meeting

At the regular Tuesday night meeting of Rebekah Lodge 284 Mrs. Audrey Cain, president of LAMP, announced that all Rebekahs and Odd Fellows are invited to attend the LAMP and Cantong meeting Saturday at IOOF Hall.

Wanda Petty On Radio

WACO — "Fashions in Music" with vocal stylings by Wanda Petty is a regular Tuesday night feature of radio station KYBS at 7:45. This is among the first of local college talent shows.

For Low-Ceiling Look

Can redecoration of a low-ceiling room change its appearance? Householders with low ceilings may take a tip from the Italian peasants. For years they have painted the ceilings of their cottages aquamarine. It makes them seem higher and cooler.

Frances Weeg Editor

ALPINE, Texas — Frances Weeg was recently elected by the student body of Sul Ross to be editor of the "Sage," a magazine put out by the college. Frances is the daughter of Mr. and Mrs. F. R. Weeg of Big Spring and is a freshman, majoring in English.

The Girl's At Ease Lilli Palmer, a girl who divides her time between pictures, stage and television, gives credit for her boundless energy to a relaxation trick.

HOLLYWOOD BEAUTY

Lilli Palmer Gives Her Method Of Relaxation

By LYDIA LANE HOLLYWOOD — When Lilli Palmer was in Hollywood recently with her husband, Rex Harrison, she was telling me of her busy days. Looking at her tiny frame as we sat over a tea tray I asked where this dynamo of energy came from. "It's being able to relax," Miss Palmer explained. "There is nothing so prodigious of energy as tension. When I am working the moment I finish a scene I go to my dressing room and turn to a book. I read a biography of an ancient ruler or something quite remote from our civilization today. I find it very relaxing to escape in this fashion. "Do you read yourself to sleep?" I asked. "No, I fall asleep almost as soon as my head hits the pillow," she confided. "But I always am relaxed when I get into bed. If I come home after an exciting evening I get into my dressing gown and sit or lie comfortably somewhere until I feel my whole body let down. I think if you go to bed keyed up you are liable to lie there and toss. "I find it helpful to relax by having an image of water," Miss Palmer continued. "I see a deep green pool at the bottom of a dark

way back," Lilli answered. Miss Palmer's nails were so long and beautiful that I wanted to know how she kept them from breaking. "They used to be very brittle and they'd pop when I would hit them against anything. Then a surgeon suggested that I try using lotion on my hands before I washed them. This worked so well that now I carry a small bottle in my purse so that I can put it on my fingers when I wash my hands away from home."

Concordia Ladies Aid Plans Special Easter Activities

Special plans for the Easter services at St. Paul's Lutheran Church were made by Concordia Ladies Aid Society at a meeting Wednesday. A family dinner will be served at noon and an Easter egg hunt is planned for the afternoon.

The group hopes to provide a TV set so that members can view a special Easter program, "This Is the Life" on Easter afternoon. During the devotion members read from John 11, and Mrs. W. C. Heckler led a discussion on "Prayer." The meeting was opened with prayer by the Rev. A. H. Hoyer.

The society will be hostesses to the spring rally of Walther Leagues of this zone May 2. Refreshments were served by Mrs. C. D. Downing to 12 members.

Miracle Bluing At Low Cost, In Blu-White Flakes

Whether you're a housewife with big washes to handle, or a career girl who does only incidental wash-bowl laundering, you will like the outstanding quality of Blu-White, the Dales that contain miracle bluing. Blu-White is recognized as being easy to use for it blues and washes at the same time. There's no extra bluing rinse needed. Proper laundering and rinsing methods are shown to be largely responsible for the fragrance of newly-laundered clothes. Blu-White helps to turn out a fresh and snowy wash with no worry about fading colors. The washday "lift" with Blu-White has a special attraction right now, because of the product's famous 1 cent sale, being offered at stores for a limited time. For only a penny, one can get a regular-size package of Blu-White with the purchase of three regular-size packages at the usual price.

FOE Auxiliary The Auxiliary to FOE will meet Thursday at 8 p.m. at Eagles Hall. All members are urged to be present.

Park Hill P-TA Sees Operetta At Meeting

"The Awakening of the Roses," an operetta, was given by the second grade of Park Hill when the P-TA met Tuesday evening. They were accompanied by Mrs. Bill Griles. The High School debate team, under the direction of Dell McComb, debated the question, "Should the President of the United States be Elected by Direct Vote?" The second grade won the room count.

Indoor Sports Club

The Indoor Sports Club will meet this evening at 7:30 in the Girl Scout Little House. "The Red Chair Waltz" by Alice Margaret Huggins, will be reviewed by Mrs. B. L. LeFever.

Mix a half a cup of powdered sugar and a teaspoon of cinnamon together; sift over the top of sponge cake.

A "Reel" Antique

Mrs. Earl Bryant Jr. wonders just how one would go about using this antique reel which belongs to the Shine Philips family and is 100 years old. The reel was displayed Wednesday at the antique and art show and silver tea which was sponsored by the 1905 Hyperion. Proceeds will go to restore Independence Hall in Philadelphia, a federated women's club project.

Articles Of Beauty, Utility Shown At Tea

An article, which might well be on its way back if the drought hangs on much longer, is the "dash brush" shown at the Antique and Art Show given by the 1905 Hyperion Club Wednesday afternoon at the Episcopal Parish House.

This brush is one that was used by Texas Ranger, James McDowell, brother of the late L. S. McDowell, in the early 70's when there was very little water available for bathing. A "dry bath" was taken by vigorously rubbing the body with the brush in order to stimulate circulation.

Probably in use about the same time is a fan in the collection of Mrs. Pearl Shannon of Colorado City, sister of Mrs. Jimmie Greene. This was called a Flirtation Fan and is equipped with a tiny mirror on the outside. It is between 100 and 200 years old. A Chinese ceremonial fan from Peking added interest but not as much beauty as the bride's fan from Paris.

A set of the Complete Works of Shakespeare, published in 1823 and displayed by Mrs. K. H. McGibbon, is covered with hand-tooled leather over a wooden base. In this same class is the album belonging to Mrs. Marvin House. It has been in her family for 90 years and was a wedding gift to an ancestor.

Music was played by a Swiss music box dated 1656, which was shown by Mrs. Charles Long. She also displayed a dessert set with ivory handles, circa 1750. Brought from England to this country in the year 1857 was a silver casket, about eighteen inches high. Its six cathedral-like openings were moved by a small knob. Mrs. Bess O'Brien is the owner of this piece.

Marie McDonald showed a large China clock, which was dated 1808, and a group of plates, relish dishes, glass and a vase which has been in her family for over fifty years as displayed by Mrs. Clyde Angel.

A copper cooking utensil which resembles our deep-well cookers was in the group of copper used as early as the 12th century around Cuzco, Peru, the capital of the ancient Incas. The age was established because of the amount of gold mixed with the copper. This is the possession of Mrs. Newton Hagins.

In addition to the antiques, there was a collection of work by local artists—ceramics, portraits, still life, commercial art and floral pictures. Also of local interest was the collection of originals in water colors of the scenes around Big Spring, which were painted by Russell Vernon Hunter to illustrate Margaret Cousins' article, "Big Spring," which appeared in the March issue of "Ford Times."

The tea-table was laid with a heavy ecru lace cloth, and centered with an arrangement of pansies and iris flanked by yellow tapers. Club members alternated at the punch bowl.

Floral Pictures To Be At Flower Show

Floral pictures, done by local artists will be displayed by the Big Spring Garden Club during the annual Flower Show to be given in the gym at Howard County Junior College Saturday and Sunday from 4 p.m. to 8 p.m. Using as the theme, "Through the Garden Gate," members are making every effort to insure the best show given by the club to date. Some of the pictures have been especially painted for showing at this exhibition.

Four From City At School Meet

Four schoolmen are representing Big Spring in the state meeting for elementary principals in Austin Thursday and Friday.

From where I sit... by Joe Marsh

Easy Does It—Again! Ladies Aid Society had their rummage sale the other night—and as soon as the doors opened, "Easy" Roberts was inside.

Accreditation Program To Be Explained Here

Administrators and supervisors from Howard and Martin Counties will get a closer look at the state accreditation program here next Wednesday.

Dr. Hugh Proctor, Austin, in charge of the Texas Education Agency visual education program but who is helping in explanations of the accreditation standards, will be in charge of the session.

The session will be held at 4 p.m., said W. C. Blankenship, superintendent. The superintendents, principals, supervisors and counselors of all schools in both counties are scheduled to participate.

One of the objects not only is to receive an explanation of the proposed standards, but also to get suggestions from school people from all over the state.

C-C Group Maps Slate Of Holidays

The Merchants Committee of the Big Spring Chamber of Commerce has declared six official holidays this year.

They are New Years Day, Memorial Day, the 4th of July, Labor Day, Thanksgiving, and Christmas. In a meeting presided over by chairman J. W. Wiginton, it was decided that if a holiday falls on Sunday the following Monday will be observed.

The committee also set up a secret panel to pass on each temporary business operation in the city. This is to protect the people from having to deal with fly-by-night organizations which might not be operating legally.

There will be about seven members on the panel, but their names will not be disclosed.

The merchants committee also discussed courtesy week and the sales promotion clinic to be held here at that time. The week has been set to start April 25.

Local Children On TV Program Today

Several children from Big Spring were to have appeared on Midland television today at 3:30 p.m. on a program entitled "Your Birthday Party".

The program was to honor DeJores Ann Trantham daughter of Mr. and Mrs. J. W. Trantham, 1319 Stadium. Her sixth birthday was March 30.

Those scheduled to attend the television party were Milton Trantham, Ronnie Anderson, Jimmy Griffin, Phyllis Kay Gressett, Carol Burleson, Lee Sullivan, and Bonnie Mozell Glenn.

Baldwin Orga-Sonic Spinet Organ

The above instrument, which has the dynamics and tonal range of an entire orchestra while requiring less space than a spinet piano, can be viewed at Adair Music Company, 1708 Gregg. Mrs. Opal Adair, owner and manager of the company, says the Baldwin Orga-sonic is as modest in price as in the space it requires. The small spinet organ, which has self-contained amplification and full-range tone versatility, has 19 independent stops and standard controls conveniently located.

Versatile Orga-Sonic Shown At Adair Music Firm Here

The Baldwin Orga-sonic Spinet Organ, amazing new instrument which has the dynamics and tonal range of an entire orchestra yet requires less space than a spinet piano, is now on display at Adair Music Company, 1708 Gregg.

The instrument has everything possible for its size, according to Mrs. Opal Adair, owner and manager of the company. And she points out that it is as modest in price as in the space it requires.

Equipped with standard controls conveniently and centrally located, the Orga-sonic has 19 independent stops, versatile full-range tone control, two keyboards (solo and accompaniment) and self-contained amplification.

It is graceful in design and proportions, and as Mrs. Adair points out, beautiful of style.

"The Orga-sonic is not an oversimplified or abbreviated instrument," Mrs. Adair explains. "It will not become outdated and tiresome, but instead will serve as

a continuing source of family pleasure for years to come." The Baldwin Orga-sonic Spinet Organ actually creates musical magic for the home, the store owner claims. The instrument places the voice of the organ complete with flutes, violins, clarinets, oboes, and horns at the player's fingertips.

The famous Acrosonic (supreme tone) piano is also stocked at the store in walnut, limed oak, mahogany, and light or ebonized finishes. The Acrosonic is known as "today's most wanted small piano," and it is built by the Baldwin Piano Company of Cincinnati.

All acoustical elements of the small piano have been scientifically designed and expertly fitted by master craftsmen, the result being a piano of superior musical qualities.

There are several Baldwin Grand Pianos in stock at Adair Music Company, as well as Hamilton vertical pianos. A large stock of

used pianos is also available from which to make selections.

Some unusually good buys can be had at Adair during the next few months because the Baldwin Piano Company is now holding a contest among its dealers. If Mrs. Adair can sell enough pianos, she and her chief clerk, Mrs. Frankie Marstrand, will win a trip to Cincinnati.

Mrs. Adair says that any used piano which was purchased in her store can be traded in on a new instrument for the full price paid for it.

Nalley Slogan Still Stands

For years, the business slogan of the Nalley Funeral Home has been "Understanding service built upon years of service."

And for years, personnel of that concern have worked to live up to that motto.

Coy Nalley, owner and manager of the concern bearing his name, has been a mortician and licensed funeral director for the past quarter of a century.

He and his staff are trained to shoulder all details concerned with a funeral and burial at the time such service is badly needed by a family in which tragedy has struck.

Nalley's, located at 806 Gregg Street in Big Spring, maintains a large and completely equipped chapel, where such services can be conducted.

Music can be supplied for such occasions since the chapel is equipped with a Hammond electric organ.

Nalley's is also prepared to offer emergency service to any point within the area. The establishment keeps an ambulance and a well-trained driver on duty at all hours of the day and night.

Each of the ambulances is equipped to give emergency oxygen, in case such is needed.

Nalley's also offers to the general public a low-cost type of burial insurance, which has proved popular with many local families. Terms can be arranged as desired.

Nalley's telephone number is 4-6331.

People who live on farms make up about 15 per cent of the population of the United States and have about 5 per cent of U. S. income.

Phillips Fertilizers Now Available Here

Phillips 66 ammonium sulphate fertilizer is now available at the McGibbon Oil Company, 601 E. 1st Street, and at all Phillips 66 Service Stations in the Big Spring area.

The Phillips 66 fertilizer is manufactured by Phillips Chemical Company of Bartlesville, Okla., and now is being distributed through Phillips 66 jobbers. The firm has been manufacturing the fertilizer for several years under a government contract.

The product is guaranteed to contain at least 21 per cent nitrogen and is backed by other guarantees.

It is recommended for lawns, flowers, fruit trees, gardens and for general agricultural usage.

The fertilizer is available in quantities of 25 pounds, or in larger sacks. Complete instructions for use of the material is printed on each bag.

For lawn usage, 10 pounds is the recommended quantity for each 1,000 square feet.

The Phillips 66 fertilizer is an addition to a big list of quality Phillips products distributed in the Big Spring area by the McGibbon Oil Company.

Roy Lee, manager, also has announced that S&H green stamps now are being given with domestic purchases of butane (Phillips) as an added service to the firm's many customers.

McGibbon Oil Company distributes the popular Lee tires and other automobile and truck accessories, and the well-known Phillips 66 gasolines, motor oils and other lubricants.

Growing in popularity is the Phillips 66 Premium motor oil which boasts both heavy duty and high detergency qualities along with the very best in lubricating ability.

McGibbon serves the entire area with the finest of automotive fuels and services through 21 service stations and with a big fleet of butane-propane and other fuel delivery trucks.

MEN'S WEAR OF CHARACTER

H-Bomb Delay Nothing Sinister, Congressional AEC Head Finds

By RUSSELL BRINES
WASHINGTON (AP)—Rep. W. Sterling Cole says he knows of nothing sinister in the fact that high officials debated for months before deciding to press work on the hydrogen bomb, a weapon the government says is due for "greatly increased production."
Cole, New York Republican who heads the Senate-House Atomic Energy Committee, recalled last night that full-scale work on the weapon was not decided upon until four months after Russia's first explosion in 1949 of an atomic bomb of the conventional type.

"This fact is not of itself sinister," he said, "nor does it imply that those who opposed the President's final decision were motivated by a desire to lessen our military strength."
He conceded that events have proved he was wrong in urging against the decision to go ahead with the superbomb.

Other present and former officials said they had no knowledge of any 18-month delay in the H-bomb project mentioned by Sen. McCarthy (R-Wis) on a nationwide television broadcast Tuesday night.
McCarthy said there was a deliberate delay, and he asked: "If there were no Communists in our government, why did we delay?"

President Eisenhower told his news conference he has never heard of such a delay.
Former President Truman, who made the decision to proceed with the H-bomb in early 1950, said in Kansas City, "The order was issued as soon as the scientists were ready to go to work." The first announced hydrogen explosion occurred 34 months later, in November 1952.

Sumner T. Pike, a member of the Atomic Energy Commission at the time, said in Augusta, Maine, he didn't know what McCarthy was talking about and he added of the senator: "I suppose as he frequently does he is just throwing mud and hoping some of it will stick." Pike is a Republican.
As for the current status of the H-bomb, AEC Chairman Lewis L. Strauss told a Senate Appropriations subcommittee yesterday that "greatly increased production of thermonuclear weapons"—those popularly called hydrogen bombs—account for increased spending in the next fiscal year.

Operating costs will rise by 427 million dollars to 1,282,000,000, Strauss said, and he added: "Virtually the entire increase occurs in the cost of producing uranium and of producing weapons and weapons materials."
Strauss said results of current tests in the Pacific "will play an important part in making the thermonuclear weapon a major instrument for the defense of the free world," but the commission also will seek for versatility through development of a "family of weapons."

AEC announced yesterday the third test of the current Pacific series, and Strauss said "information of great importance to national defense continues to be derived." The first two series blasts were described as thermonuclear. Presumably this one was, too.
Rep. Cole did not mention McCarthy in his statement, but it obviously was prompted by the senator's broadcast.
"While it is true," he said, "that there was considerable discussion between September 1949 and January 1950 concerning the need of

developing the hydrogen bomb, this fact is not of itself sinister. . . .
"At the same time, we know that there is no security system which can guarantee to be 100 per cent effective against traitors."
"Therefore, we cannot exclude categorically the possibility that a person or persons in our program might have been motivated by a desire to lessen our military strength."
Cole said H-bomb development, first explored in 1942, was affected by the "general slowdown" after World War II but a "small research program" was maintained.
The Soviet A-bomb explosion of Sept. 23, 1949, prompted the first "major consideration" for developing H-weapons, he said, and created a top-level debate that lasted until Truman ordered all-out production Jan. 31, 1950.
Cole said a plan for "large-scale

and vigorous" development of the H-bomb was opposed by "a majority" of the Atomic Energy Commission, its general advisory committee of leading scientists and some members of the joint congressional committee.
The plan was supported, he said, by a majority of the congressional committee and by a special subcommittee of the National Security Council, the top military planning body.
Cole himself was among the congressional committee members who deplored Truman's decision, saying at the time the President had "muffed" a chance to take the lead in ending "the mad race . . . toward more and greater weapons of destruction." He also said Truman had usurped the authority of Congress and gone in the faces of recommendations from the country's most competent authorities.

RFC Investigation Figure's Perjury Conviction Upheld

WASHINGTON (AP)—The U.S. Court of Appeals today affirmed the perjury conviction of E. Merl Young, a key figure in the Senate's headline-making investigation of Reconstruction Finance Corp.
The court overturned the perjury conviction of Young's older brother, Herschel Young.
The brothers, tried separately, each received a sentence of four months to two years. Both have been at liberty on bond pending the outcome of their appeals.
Merl Young, 39, was convicted of swearing falsely four times before a grand jury and the federal grand jury

which returned the indictments.
The Appeals Court, however, dealt only with the one charge—involving Young's denial that while employed by the RFC he ever had anything to do with loan applications made by the Lustron Corp., a prefabricated housing venture. It held his conviction on that count to be "clearly valid."
The court said that since Young received four equal sentences to run concurrently it need concern itself with only one count of the indictment.

Martin Sheriff To Head Posse Unit

STANTON (SC)—Sheriff Dan Saunders has been elected president of the Martin County Sheriff's Posse, and Bill McIlvain was elected vice president, at the Posse's annual barbecue here.
Also elected were five directors: Hoot Leonard, Charlie Cravens, LeRoy Wood, Hoot Tom and T. Knox.
There are 75 members of the posse and efforts will be made, Saunders said, to provide uniforms for at least 25 members to be worn on special occasions and when attending rodeos and other events, as a group, elsewhere in West Texas.

Brazil In Furore On Argentine Treaty Understanding Talk

RIO DE JANEIRO, Brazil (AP)—President Getulio Vargas formally denied last night charges that he had a secret understanding with Juan D. Peron of Argentina before the 1950 Brazilian election. The charges have stirred up a political furore in Brazil.
Vargas said "the President of the Republic never assumed nor pretended to assume, directly or indirectly, political, or political-economic or military compromises of a secret character with countries of this continent or outside this continent."
The charges arose last month after copies of a speech allegedly made by Peron to the Argentine School of War were published here. Vargas was quoted as saying that he had agreed to sign an economic pact with Argentina similar to that signed between Argentina and Chile last year.
The Argentine embassy in Rio de Janeiro denounced Brazilian reports of the speech as "totally false."

San Antonio Man Charged In Death

SAN MARCOS, Tex. (AP)—Mariano Palomera, 36, of San Antonio has been charged with murder in the case of a body found in the burned ruins of a ranch barn near Wimberly.
Sheriff Jack Gary, who filed the charge, said it was believed the body was that of R. L. Rotter Palomera's business associate reported missing since Saturday. Police were looking for Palomera.

Isle Parents Due Quiz On Children's Actions

GALVESTON (AP)—Starting today, several hundred Galveston parents will be asked to answer questions about their children's activities.
Answers will be used to plan a set of questions to be asked all Galveston families in May in a fullscale survey by the city's youth study commission.
The commission is trying to find ways to combat juvenile delinquency.

whose fondest recollection was of being held on Abraham Lincoln's lap when she was a child is dead at the age of 103.
Mrs. Mary E. Bain, born in Ottumwa, Iowa, resident of Artesia and nearby Long Beach for 47 years, died Tuesday.

English City Ends Civil Defense Plan

LONDON (AP)—The problems of defense against H-bombs exploded into nationwide controversy today following a Coventry City Council move to abandon civil defense as useless.
Civil defense officials in London, Manchester, Birmingham, Southampton, Bristol, Cardiff and Swansea denounced Coventry's decision variously as sabotage, defeatism and panic.
In Coventry itself, pharmacist Leslie Bonham who was decorated for heroic rescue work in the blitz of 1940, called on his 3,000 fellow civil defense corps volunteers to organize a protest against the Council's decision. A march through the city to the Council House is planned next week.

Baylor Young Demo Group Splits, Too

WACO (AP)—The feudin' and fussin' among Texas young Democrats flared up at Baylor University.
Conrad Kalbacher, 22, of Fort Worth charged an organization meeting of a Baylor Young Democratic Club was controlled by "Shivers-crabs" and walked out Tuesday night.
He called another meeting for next Tuesday night to organize what he called a Loyal Young Democratic Committee of Baylor.
John Key Jr., 20, San Angelo, was elected president of the Baylor Young Democratic club. He said the membership is strongly conservative and "We think like Governor Shivers and Atty. Gen. John Ben Shepperd."

White Carnations Are Sent To Pope

VATICAN CITY (AP)—A big bouquet of white carnations are delivered once a week at the Vatican's bronze door for convalescing Pope Pius XII.
They are brought by a carriage driver. Yesterday, when asked who sent the flowers, he would only say: "They are from an American lady. She sends them every week."

Tomorrow, Friday Is "Straw Hat Day" In Big Spring!
