# Hail storm wrecks havoc on local cotton crops

by Earlyne Jameson

A storm of marble is to quarter sized hail, hurricane winds and sheets of rain Thursday evening, August 22 caused a complete disaster to feed and

cotton crops and even shredded mesquite trees east and northeast of Matador. Rain gauges not broken registered 3 to 5 inches of rain. The storm covered a two mile strip and 3,700 acres of cropland were destroyed.

The Carter and Bill Luckett families reported the biggest loss of 2000 acres of cotton. Others reporting loss of crops were Charlie Renfro, Jeromy

Jameson, Bobby Jameson, Moore Brothers, James Taylor, Craig and Dean Turner, H.R. "Skeet" Jameson and James

Other farmers who had light hail damage in the Flomot and Barton communities were Donnie Rogers, Seab Washington, Darrell Cruse, Harvey Case, Kenny Barton and Bert

Those that still have cotton crops are wishing for hot, sunny weather to develop and mature cotton blooms on the extra tall cotton stalks!

## **Matador City Council meets** TxDOT proposes changing highway 94 route

Douglas Campbell of the local TxDOT office, presented a proposal to change the route on Highway 94, to the Matador City Council when they met in regular session, Thursday, August 12. A brief explanation was given and the Council was advised that TxDOT will present them with a resolution to adopt the changes before construction begins. Construction on this project is set to begin in September, 2005.

In other business, minutes from the meetings held July 8 and July 27 were read and ap-

proved A list of expenditures were presented to Council for payment. Council approved paying all bills as presented. A financial review of both the Waterworks account and the General fund account preceded the list of expenditures.

Motley County is considering the option of a split payment plan for tax payers. This would allow the tax payers to pay half of their taxes in October and the other half months later. Mayor Paul Westbrook presented this split payment option to Council

for the next tax year. After a brief discussion, a motion from Jim Watson was made to reject this option for the City, because it would significantly decrease the City's income in this fiscal year due to the way the City's fiscal year falls. A second was received from Pat Seigler and the motion carried 4-0. The Ad Valorem Tax rate

was the next item on the agenda. A copy of the 2004 Appraisal Roll was given to Council and a look at the options for setting the tax rate were discussed. The effective rate would set the rate at .34458. The 1.03% over rate would be .35491, and the roll back rate would be set at .37215 per \$100 of value. A motion to set the rate at .3700 was made by Jim Watson and seconded by Pat Seigler. Motion passed 4-0.

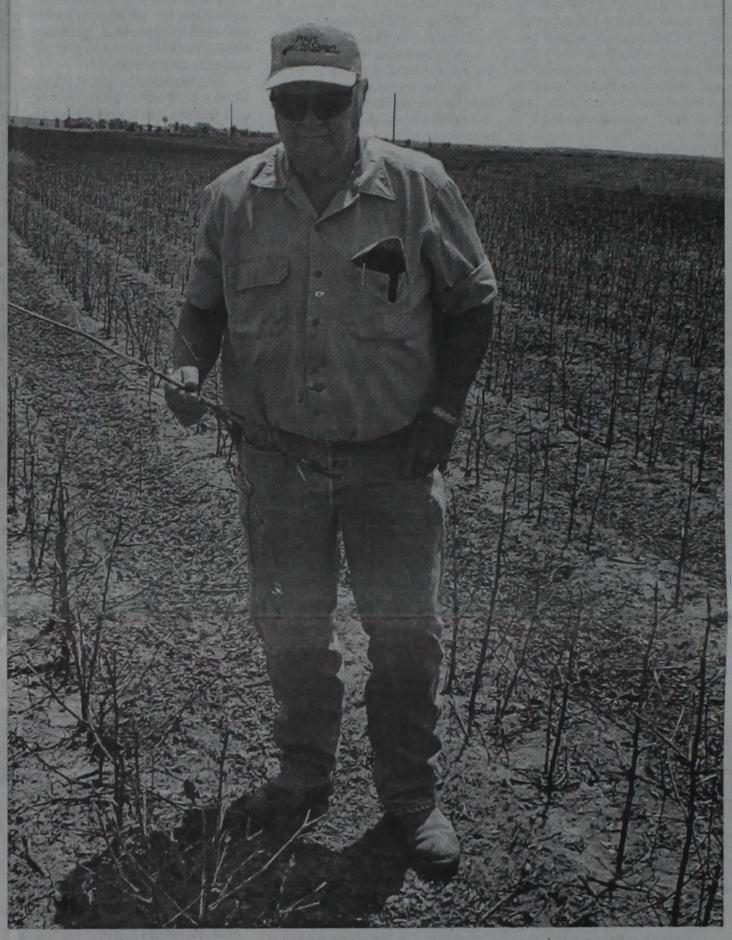

Three seats on the Water District Board were expired. Jim Watson, Shane Jones and Bobbie Brown were appointed to fill these seats.

City Water Superintendent, Steve Barton, presented Council with his report. All water employees have returned to a five day work week. With the resignation of Jerry Kohl, the City is operating one man short. Mr. Barton informed Council that the Landfill is very wet due to all the recent pair beauty. to all the recent rain, however, they are working hard to catch up. He asked Council if they would consider the purchase of a 14-16 foot utility trailer to haul the lawnmower to the sewer plant and other various locations needed. A motion to buy a trailer was made by Jim Watson and seconded by Chuck Ream. Motion passed 4-0.

Council members entered closed session at 7:45 to discuss personnel matters.

Council exited closed session at 8:20 p.m. A motion to hire Roy Moreno to fill the available position at the landfill was made by Jim Watson and seconded by Shane Jones. Motion passed 4-

## 11th Annual Matador **Cowboy Reunion** set for August 28

The 11th Annual Matador Cowboy Reunion will get underway at 11:00 a.m. on Old Settlers Saturday, August 28, in the Roaring Springs Community Volunteer Center, which is located across the street from the Old Settlers grounds.

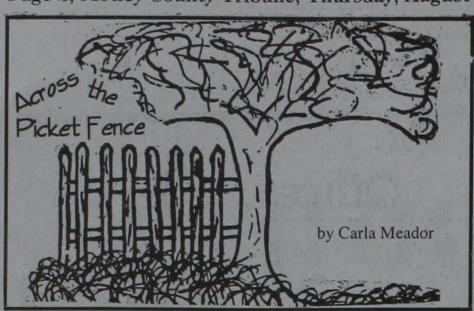

This is a get-together of old timers who worked for the Matador Land and Cattle Company and/or any of its successors, plus folks currently on the Matador Ranch payroll. Spouses and guests of eligible participants are welcome.

After last year's blow-out at Ranch Headquarters, Reunion management has decided to go with a scaled down, bare bones meeting — a shoe and sock, floating crew affair.

Bring your own food and beverages. Ice and big cups will be available for tea and soft drinks. A coffee pot will be loaded, fired up and ready for action.

Other things you won't see are the spirits tub, live fiddler, knife give-a-way, and business meeting. Folks, this one is for visiting only.

For additional information call Judge Ed D. Smith at 347-2334 or 348-7272.

School days - school days dear old golden rule days! Where did the summer go? It's hard to believe that school has already started!

College classes will start soon, also. Amanda Hurt, a 2004 graduate of MC high school and an employee here for the past 2 years will soon leave for college. This is Amanda's last week to work at the Tribune. We will miss her very much. I am hoping we can still get her to write an article every once in a while.

Going off to college - an exciting adventure - for the child, not for the parent. I know that most parents with a child about to leave for college would like to give them advice they could carry with them that would assure they would always be smart and make the right decisions. #### El Progresso Club members attend summer workshop

by Winifred Darsey

El Progresso Club had six members to attend the Santa Rosa District Summer workshop held at Crowell on July 8.

The Texas Federation of Women's Club's Traveling Team held its first meeting with the Santa Rosa District's workshop as it travels throughout the state of Texas. This team has information for all departments included in reporting, membership, meetings, programs, projects and others.

Registration began at 9:30 to 10:00 a.m. Coffee, orange juice, and donuts were served on ar-

Donna Carver, Vice-President, was in the chair and presided at the opening of the workshop. Opening prayer was given

by Dorothy Roberts. Mrs. Barbara Winningham, State President, addressed the assembly. She set forth plans for the new year by discussing how to help our communities, our State and our Nation. She gave special ways and means to help our younger people; how to help them grow into responsible citizens and adults. Her plans included after school projects. Education was emphasized, contests to increase interest and more.

Mrs. Winningham included many ideas to assist club women in their endeavor. These included health programs to help conquer lupus, cancer and other maladies. Local projects, also a project to help the bereaved. These plans will aid the clubs in planning programs to aid their communities.

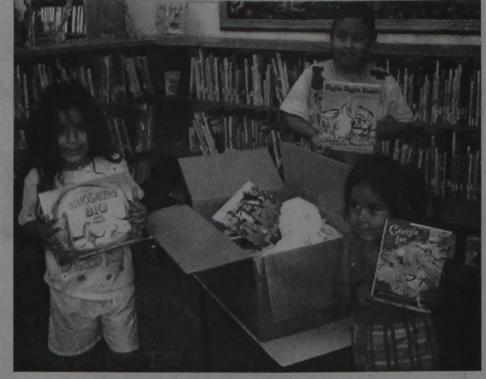

Mrs. Winningham reviewed many projects accomplished this last year. Texas Federation donated the money to buy a new fire truck for New York City after the tragedy of September 11,

She inspired the members to increase their efforts to help in all ways possible.

The Adelphian Club of Crowell was host for the meeting and served a delicious luncheon at the Crowell State Bank meeting room.

Club members from Matador's El Progresso club who attended the workshop are Campbell, Grace Campbell, Lucretia Estes Campbell, Club President Lana Copp, Jo Ann Dickson, and Winifred Darsey.

The first meeting of the ensuing year will be the second Thursday of September, the ninth. See you there!

#### Friends of the Library, Libri Foundation bring books to the library

The Friends of the Motley County Library joined with the Libri Foundation of Eugene, Oregon, to purchase 38 new children's books for the library. The Libri Foundation is a nationwide non-profit organization which donates new, quality, hardcover children's books to small, rural public libraries throughout the United States. The Foundation matches any amount of money raised by the local sponsors, from \$50 to \$850 on a 2-to-1 ratio.

The Friends of the Library raised \$200 and the Libri Foundation matched that with \$400. bringing \$600 of colorful new books to the children's section of the Motley County Library. The Friends sold postcards, magnets, and ornaments to raise their share of the match.

Dominique, Thalia and Samantha Quilimaco just happened to be in the library last Tuesday when the books arrived. The children helped unpack the books and chose the ones they want to check out first when the books are ready. These new books will be on the shelves soon. The library is grateful to the Libri Foundation and the Friends of the Library for providing the new books.

#### Library Notes

New books in the library include Dan Brown's Angels & Demons. This novel, written before The Da Vinci Code also deas with a mysterious ancient brotherhood.

Cajuns, by Gus Weill, intro-duces a new author to this library. We have received books by several new authors and we

have been pleasantly surprised.
Shem Creek by Dorothea Benton Frank is set in the "lowcountry" of South Carolina and tells of the life of Linda Breland, single mother of two teenage daughters. We also received the new J.D. Robb (Nora

Roberts) Visions in Death.

by Suzanne Abott, Librarian

We thank Georgia La Fever for two more boxes of goodies for library displays. These two boxes have many Disney characters in them and we put Dumbo, Mickey and Minnie, Pinnochio, and the Lion King Characters out with their corresponding books. Come in and see our "Disney Extravaganza."

Next week is Old Settlers and we welcome all visitors to the library. We will open Thursday afternoon while we set up for our Rootin' Tootin' Beans lucnheon on Friday, August 27.

Girls Scouts of Caprock Council has launched its first online fundraising initiative. The three-year "Commit to a Girl" campaign features a new website with information on the challenges girls face locally and nationally, as well as opportuni-ties to support Girl Scouting in the South Plains Area.

'Girl Scouting helps girls develop confidence, real-life skills and leadership abilities," says Becky Burton, Executive Director of Girl Scouts of Caprock Council. "There are many girls in our area who could benefit from our program, including

those struggling with tough issues such as peer pressure, low self-esteem and even violence. It's never been more important to commit to girls and the online campaign makes it simple."

To make a difference in the life of a girl in your area, visit www.committoagirl.kintera.org/ caprock. Visitors can donate directly or create their own "Commit to a Girl" page that can be customized to honor a loved one, contact old friends or host a virtual fundraising party.

# Motley County I.S.D. A Note from

We had a wonderful first day of school. There were a few tears, one bump on the head, some bells at the wrong time, hamburgers for lunch, and a building full of smiles. Sounds like a perfect day to me.

Parents of elementary students: Remember to pick students up at the side of the building at the gate. If you decide to park in the parking lot, we are going to insist that the students cross in the crosswalk. It is too dangerous for them to jaywalk through the bus area.

Parents have had a look at the handbook and code of conduct and have no doubt noted a couple of changes.

The first is a change in the dress code. No shorts will be worn to school for students in grades 6-12. Because school was so close to beginning when the guidelines were finalized, this will not be enforced until after October 1 this year. The other changes to the code are minor: skirt length was specified and amount of "bagginess" of pants was also specified. We have very few problems with students violating dress code, but if anyone does, he/she will call for replacement clothes before being admitted to class.

The second change in the handbook concerns attendance. We can't teach the kids if they are not in school. Absences, even parts of days, cost the students in academic progress and often cost the district in funding. After a student misses four days, for any reason, all other absences that semester will be unexcused if not supported by a note from a doctor or clinic. Regular attendance laws then apply. Also, after three absences, parents will receive a letter of warning of possible attendance violations. Attendance is so important; I am asking parents to help instill this idea in our children.

We have a football scrimmage this Friday with Aspermont. It will be here and will start at 6:00 p.m. Come out and support these young men who made a good showing last week against Southland. They are putting forth some extra effort to represent the school. I can hardly wait to see the results.

Please remember that I am always glad to visit with you and listen to any concerns. The school number is 347-2676.

Our Motley County 4-H'ers have been busy this summer with camps, district and state competitions.

In May three Senior 4-H'ers, Charli and Mandi Ream, daughters of Chuck and Gail Ream, and Stachia Baxter, daughter of Don and Colleen Baxter, wrote applications and their 4-H story to receive the Jeff Piper Memorial Scholarship of \$200 for each recipient. These girls will be missed in the 4-H program, but we wish them the best of luck in

The State Round-up was held June 7-11. Three MC 4-H'ers competed in the photography division. Charli Ream received one blue award and three red awards; Mandi Ream received one blue award and two red awards; and Colton Russell received one blue award and three red awards for their pho-

tography efforts. Colton and Shane'a Russell competed in the District 3 Horse Show, held June 17-19, which was previously covered by a newspaper article.

Colton Russell attended the Teen Leader Lab in Brownwood, June 23-25. Dickens County Agent Toby Oliver and Dickens County 4-Her, Shelby Stokes, accompanied him. They attended various leadership labs and still had time for recreational activities such as swimming and dancing.

In July, the District 3 Record Book competition was held in Vernon at the Wilbarger Memorial Auditorium. According to Galen Chandler, District 3 Administrator, there are 24 counties in the Rolling Plains District and there were 91 Junior Record Books, 59 Intermediate

Record Books, and 74 Senior Record Books. Shane'a Russell received second place for her Intermediate Food and Nutrition Record book, while her brother, Colton, received fifth place on his Horse Record book. They both received first place at the county level.

The Eight County Camp was held in Guthrie, July 19. This was the first time for the camp to be held in Guthrie and approximately 90 kids from Childress, Hall, Cottle, King, Dickens, Motley, Kent, Stonewall counties attended. Adult leader, Tina Brooks, drove seven Motley County 4-H'ers to the camp. MC members attending were Reagan Elliott, Schylor and Taylor Tomlison, Britt Simpson, Shane'a Russell, Lexie Osborn and Christian Brooks. These kids enjoyed touring the 6666 Horse facilities; Chuck-wagon cooking, which they participated in as well as enjoyed eating; swimming, and

Christian Brooks and Reagan Elliott joined Lonnie and Garrett Jenschke July 22, in Paducah, for the trip to Brownwood for Prime Time 4-H Camp. Mr. Jenschke is the former Motley County agent. They participated in learning labs and recreational activities. They were escorted back to Paducah, to the home of Christian's grandparents, Mr. and Mrs. Ron Cummings, on Friday, July 24, and were later picked up that day by their par-

The final 4-H summer activity was the State 4-H Horse

ing 9th in the Cutting, 8th in the first go of the 2-year old Western Pleasure, 6th in the 3rd go and 9th overall. Out of 88 team penning teams, Colton Russell, along with Holley Hurt of King County, and Amanda Browning of Childress County, finished 5th overall. At the end of a very long day they penned all 9 head, 3 head in each go. This event started at 9:00 a.m. and finished at 7:00 p.m. Colton's sister, Shane'a received 13th overall with her yearling halter filly, out of 40 yearlings. Her team penning team did a great job, but unfortunately only got 2 penned instead of the three in the first go to advance to the second round. At the end of the Team penning, District 3 Adult Leaders, Dewayne Daniel of King County and J.D. Russell of Motley County were awarded State 4-H appreciation belt buckles for all their years of service to the 4-H Horse Program, District and State Horse Shows.

4-H will be kicking off a new year in September. 4-H is open to anyone, 9 years of age or in the third grade to 19 years of age. Deanie Edwards displays vegetables from her bountiful garden. This squash weighs 7 1/2 pounds and is 15 inches long and measures 22" around. The tomato weighs 13 ounces. Mrs. Edwards says the rain and mild temperatures mixed with some Fertilong fertilizer and Miracle Grow made for a perfect combination to produce these vegetables. Mrs. Edwards planted her garden in honor of her late father-in-law, Jake Edwards. Deanie and her husband, Tom, recently moved to Matador from Houston. Tom and Deanie are natives of Matador. Tom is the son of Jake and Marguerite Edwards and Deanie is the daughter of the late Mr. and Mrs. Lonzo Lynn.

severe thunderstorm activity typically impacting Texas August through October, WTU Retail Energy L.P. offers the following information and electricityrelated precautions:

Lightning and Thunderstorm Facts: \* On average, lightning annually causes 93 deaths and 300

injuries nationwide. Texas is second only to Florida in the number of lightning-caused casualties.

\* You are not only in danger when the storm is overhead; any time you can hear thunder you are in danger of injury or damage by lightning.

A person who has been struck by lightning does not carry an electrical charge that can shock other people. Provide assistance immediately and call 9-1-1.

\* Thunderstorms always include lightning and can also bring heavy rains, flash floods, strong winds, hail and torna-

#### Granddaughter signs letter of intent with WBU

Wayland Baptist University volleyball coach, Kristee Turpin, has announced the signing of Randall High School senior, Kourtney Dunnam, to a letter of intent to play volleyball in Pioneer uniform this fall. Kourtney is the granddaughter of Matador resident, Juanita Cooper.

The varsity volleyball cap-tain for the Lady Raiders last fall, Dunnam was first team selection on the Amarillo Globe News Super Team. The 5'10" setter also has extensive club team experience, participating on four National Qualifying Tournament teams. Kourtney was selected to the 2002 Elite Tournament for Sun Country Region and also her club team Crown of Texas Bombers 181 finished ranked 7th in Texas in 2003. Kourtney has played club volleyball eight

Dunnam also is a member of the National Honor Society and the RHS Student Council, the Randall High Choir and was the treasurer and Community Service Chairman of the National Junior Honor Society.

"Kourtney gives us a chance to run a 5-1 which is something I have wanted to do for years, said Turpin. "She is the tallest setter our program has had, and the fact that she comes from a good 4A program and all her club experience gives her good preparation to be an immediate contributor.

Kourtney Dunnam is the daughter of Kay Cooper Dunnam and Ken Dunnam of Amarillo. She is also the granddaughter of JoAnn and Ray Dunnam of Plainview.

## Letter to the Editor

Dear Carla,

My brother sent this to me and I thought it was rather interesting. Thought you might want to share it with your readers.

THE FACTS:

Some claim President Bush shouldn't have started this war. They complain about his prosecution of it. One person recently claimed Bush was the worst president in U.S. history.

Let's clear up one point: We didn't start the war on terror. Try to remember. It was started by terrorists on 9/11, 2001. Let's look at the "worst" president and mismanagement claims.

FDR led us into World War II. Germany never attacked us: Japan did. From 1941-1945, 450,000 lives were lost, an average of 112,500 per year. Truman finished that war

Truman finished that war and started one in Korea. North Korea never attacked us. From 1950-1953, 55,000 lives were lost, an average of 18,333 per year.

an average of 18,333 per year.

John F. Kennedy started the
Vietnam conflict in 1962. Vietnam never attacked us.

Johnson turned Vietnam into a quagmire. From 1965-1975,58,000 lives were lost, an average of 5,800 per year.

Clinton went to war in Bosnia without UN or French consent. Bosnia never attacked us. He was offered Osama bin Laden's head on a platter three times by Sudan and did nothing. Osama has attacked us on multiple occasions.

In the two years since terrorists attacked us, President Bush has liberated two countries, crushed the Taliban, crippled al-Qaida, put nuclear inspectors in Lybia, Iran and North Korea without firing a shot, and captured a terrorist who slaughtered 300,000 of his own people.

We lost 600 soldiers, an average of 300 a year. Bush did all this abroad while not allowing another terrorist attack at

home.
Worst president in history?

Thank you, Doyle Rose

# KILLING A BUSINESS IN 10 EASY STEPS

1. Don't Advertise! Just pretend everybody knows what you have to

- 2. Don't Advertise! Tell yourself you just don't have the time to spend thinking about promoting your business.
- 3. Don't Advertise! Just assume everybody knows what you sell.
- 4 Don't Advertise! Convince yourself that you've been in business so long customers will automatically come to you.
- 5. Don't Advertise! Forget that there are new potential customers who would do business with you if they were reminded and urged to do so.
- 6. Don't Advertise! Forget that you have competition trying to at tract your customers away from you.
- 7. Don't Advertise! Tell yourself that it costs too much to advertise and that you don't get enough out of it.
- 3. Don't Advertise! Overlook the fact that advertising is an investment in selling not an expense.
- 9. Don't Advertise! Be sure not to provide an adequate advertising budget for your business.
- 10. Don't Advertise! Forget that you have to keep reminding your established customers that you appreciate their business.

#### George W. Bush childhood home added to National Register

Midland, Tx - The George W. Bush Childhood Home in Midland was recently listed in the National Register of Historic Places. The Texas Historical Commission (THC) assisted in the nomination of this property for inclusion in the National Register on recognition of its importance to the history of Midland, Texas and the nation.

The George W. Bush Child-hood Home, located at 1412 W. Ohio Ave., is currently under restoration as the representative childhood home or President George W. Bush.

The home is where George W. Bush lived the longest during his youth, and is the house most often recalled in family memories. His formative years there included playing baseball, supporting his parents through the tragic death of his sister and welcoming the first two of his three younger brothers. From early 1952 to late 1955, this oth-erwise unremarkable house was the home of two people who would one day become the president of the United States. The house was listed in the National Register of Historic Places at the national level of significance.

The National Register of Historic Places is the nation's official list of cultural resources

worthy of preservation. Authorized under the National Historic Preservation Act of 1966, the National Register is part of a national program to coordinate and support public and private efforts to identify, evaluate and protect our historic and archeological resources.

The National Register includes more than 2,000 listings in Texas. Listing affords properties a measure of protection from the possible impact of federally funded projects, as well as access to technical expertise and grant funds to facilitate and grant funds to facilitate their restoration and preserva-tion. Income-providing properties are also eligible for federal tax benefits for sympathetic rehabilitation work.

'Listing in the National Register follows a tremendous amount of preparation," said Larry Oaks, THC executive di-rector. "Many individuals contribute to the nomination of these properties including the owners, local preservation organizations, our staff and our professional review board.

The citizens of Midland can be very proud of this accomplishment." For more information contact the THC's History Program Division at 512-463-

# FARM & RANCH NEWS

## Farm Service **Agency News**

by John Bird, **Motley County CED** 

LDPs: LDPs are currently available for cotton.

LDP & Loan Eligibility: To be eligible for a small grain LDP or commodity loan, you must

\* Grown the crop

\* Certified your crop acres. \* Have beneficial interest in the crop. This means you have title, risk and control of the crop. If the crop is delivered to a buyer you have lost beneficial interest. If the buyer pays you for the crop, even if it hasn't moved from your farm, you have lost beneficial interest.

\* An approved conservation plan with NRCS and completed a payment limitation form with FSA.

\* Signed a crop insurance waiver or purchased the mini-

mum level of crop insurance. The commodity must meet the following guidelines:

\* Be in existence and in a storable condition.

\* Be merchantable for food or feed.

Not be substituted or purchased.

Non-Insured Assistance Program: Beginning with 2005, producers who have no crop changes from their 2004 NAP contract have the option of continuous coverage.

However, the applicable service fee must be paid by the application closing date. This allows you to just send in the money, eliminating a trip to our office to sign a new NAP contract. The service fee is still \$100/crop up to \$300/county (unlimited number of NAP crops) with a cap of \$900/multi-county producer.

The deadline to purchase NAP coverage for alfalfa, mixed forages, grass, and small grains

\* Small grain for grazing -September 1.

Small grain for forage -

Alfalfa for forage and seed - December 1.

#### NATIONAL PEANUT BOARD

The National Peanut Board (NPB) continuance referendum held in May/June was nullified due to questions regarding the validity of the growing mailing Est used to distribute the bal-

USDA has scheduled another referendum and the voting period is August 16 through September 17, 2004.

According to USDA, ballots must be received no later than 4:30 p.m. EDT on September

17. Eligible peanut producers should receive ballots in the mail by August 16. Producers with questions or those who do not receive a ballot should contact USDA marketing specialist Deborah Simmons toll-free 1-888-720-9917 or

deborah.simmons@usda.gov. To be eligible to vote in the NPB referendum, producers must have a national checkoff assessment between October 1, 2002 and April 30, 2004. Farmers that grew peanuts for the first time in 2003 and placed them into the Commodity Credit Corporation (CCC) loan program are not eligible to vote unless they redeemed their peanuts by April 30, 2004.

Established in 2000, NPB promotes the great taste, nutrition, and culinary versatility of USA-grown peanuts to consumers worldwide. NPB also works to protect the image and brand identity of USA-grown peanuts. Through NPB, peanut growers sponsor production research directed at reducing input costs and increasing yields.

To ensure that the National Peanut Board (NPB) is accountable to all American peanut producers, the laws establishing NPB require a continuance referendum every five years. Peanut producers serving as board members and alternates on the National Peanut Board encourage their fellow producers to

Make your ballot count, be sure to vote.

#### Texas USDA-NRCS announces 40th anniversary field day of Knox City **Plant Materials Center**

The USDA-Natural Resources Conservation Service's (NRCS) Knox City Plant Materials Center (PMC) near Knox City, Texas, will be celebrating its 40th Anniversary Field Day on August 26, 2004. Since 1964, the Knox City PMC has released 35 new plant cultivars, along with the technology for

their production and use. For years the PMC has demonstrated cooperative efforts between local, state and federal agencies working together to make the center and plant materials program a success. The PMC is located approximately two miles north of Knox City on State Highway 6, then turn left at FM 1292 for about 2.5 miles and follow the signs to the cen-

The Knox City PMC serves north, central and west Texas, as well as southwest Oklahoma. Knox City PMC was the first plant materials center located in the state of Texas. According to PMC Manager Morris Huck, the anniversary event will have guided tours throughout the center from 9 a.m. until around 3 p.m., and registration will begin at 8 a.m. PMC encourages
Soil and Water Conservation
District directors, research workers, wildlife enthusiasts, livestock producers, and conservation seed dealers/growers to attend among other interested parties in the search for better plants.

"Among the stops made by wagon-guided tours will be native plant breeding blocks, foundation seed fields, windbreaks.

Houck. "Part of the tour will highlight a native prairie planting at the center."

A new part of the field day will be an offering of two workshops during the morning of the field day. One workshop will focus on grass seed drill calibration, while the second will expose the participants to basic plant identification. Each workshop will last approximately one

For conservation professionals intending to fly into Knox City for the anniversary event, the city has a 3200-foot, allweather paved runway near the center that can accommodate private and chartered aircraft.

The noon lunch will have a formal program with guest speakers, and will be provided by the Knox City Chamber of Commerce. The pre-paid price for the luncheon will be \$7.00 with a deadline of August 13, 2004 for making reservations, and meal tickets will be available at the registration desk.

Meal ticket payments should be sent to the attention of the following, and payable to the Knox City Chamber of Commerce: Daveine Clark Knox City Chamber of Commerce P.O. Box 91 Knox City, Texas, 79529.

For further inquiries, please contact the Knox City Chamber of Commerce at (940) 658-3442 for information about the noon luncheon.

For more information about the PMC 40th Anniversary Field Day, please contact H. Morris Houck at (940) 658-3922, or e-
