## Monk Has 10 Vote Victory

### MEMBER LOYALTY TEST AT NEXT LIONS MEETING

Matador Lions president E. P. Reeves will know how his members feel about him at the next regular meeting, Tuesday, September 7.

It will be a "loyalty to the president" test in stressing 100% attendance. Since the Matador club meets only twice each month instead of weekly, the test started with the last meeting in July and will be completed at the Tuesday meeting.

Five star points stressed by Lions International are: Meeting is in honor of the president, every member of the club to attend the meeting; start International attendance contest with a bang; bring along those prospective new members and sign them up; wind up the summer and get off to a flying start on the fall program.

### Corbin Nominated For Senate Place

TEXAS VOTED close Saturday in the 2nd Democratic primary, and Motley county, using less than half of its first primary voting strength, voted close in all the eight ballot boxes.

Complete unofficial returns gave J. E. Monk of Flomot a 10-vote photo-finish lead over M. D. (Malcolm) Morris of Whiteflat as county commissioner of precinct two, the county's only contested office left over from the July primary. Three boxes, Whiteflat, Flomot and Folley took part in the commissioner race.

The voting was as follows: Folley: Morris 9, Monk 14, Whiteflat, Morris 92, Monk 22 and Flomot, Morris 32 and Monk 107.

The state senatorial race was something for the book. Kilmer B. Corbin of Dawson county won over Sterling J. Parrish of Lubbock county with only two votes in the entire county. Corbin received a total of 307 and Parrish received 305. Voting was as follows: Flomot, Corbin 57, Parrish 74; Whiteflat, Corbin 53, Parrish 47; Folley, Corbin 11, Parrish 6; Matador (Courthouse) Corbin 68, Parrish 48; Matador (City Hall) Corbin 77, Parrish 63; Union Corner, Corbin 6, Parrish 2; Roaring Springs, Corbin 35, Parrish 63 and Northfield, Corbin 10, Parrish 26. Corbin was elected to replace Parrish after one term in the state senate.

### Candidates Deadlock

With approximately a million Texans voting Saturday, half of them scratched the name of Coke R. Stevenson for United States senator and the other half scratched the name of Lyndon B. Johnson, to leave the Texas Election Bureau, press associations and newspapers with one of the worst headaches in Texas election history, in attempting to decide a winner. Both have been ahead at various times (See MONK IS back page)

Directors elected or reelected were H. Jackson, Herman Havis, John Russell, Elbert Reeves and D. P. Clifton.

Ward Rattan was named chairman of the rodeo with H. H. Courtney as his assistant.

U. L. Willie was elected as finance and dance chairman, assisted by A. E. Sweptson.

## Draft Draws Blank For First 2 Days Of Registration

Motley county's report of the first two days of registration will be disappointing to army "Top-Kicks" and C.O.'s who are anxiously waiting the flow of incoming recruits to fill the gap in our peace-time army.

According to Howard Traweck registrar for Motley county, not one man was eligible for Selective Service out of the 28 who registered Monday and Tuesday. Twenty-six of the 28 who registered are veterans and are exempt, while the remaining two were both rejected for military service during World War II.

Although the first two days of registration were slow, the number will increase as the age limit lowers. Traweck stated, Monday's report showed that only 10 men registered in the 25 year old age group and Tuesday's report was 18 in the 24 year old group. As the age limit lowers from 20 through 18, many of the group will be eligible for Selective Service, the registrar declared.

Motley county is still without representation on the Inter-county board No. 45 composed of Hale, Floyd and Motley counties. Traweck announced unless someone volunteers to fill the vacancy, draftees will have to go to another county to register. Traweck who has been serving as registrar for Motley county plans to leave September 10.

Volunteers who will aid in the Selective Service registration should contact Traweck prior to September 10 at his office located in the second story of the First State bank building. Women are especially needed to do clerical work during the last days of the registration. "Volunteers who will offer to help in the Selective Service registration program will greatly benefit the draftees of Motley county", Traweck said.

## School Buses Made Ready; Routes To Remain Unchanged

Matador school buses have been put in first class condition for the 1948-49 term, school officials have announced. All buses have had motor tune-ups and one new motor has been installed. New tires have been mounted on all buses and all other necessary repairs have been made, including new brakes and other essential parts.

Routes for the school buses this year are to remain the same as last year, according to routes laid out by the County Board of Education.

The Fairview bus will make the same route as will the Barton and Whiteflat buses. H. Hines has been employed to transport the children living west of town.

Officials said that the school could employ Mr. Hines to make the county maintained roads, but that families living off the highway on private roads would have to bring their children to the highway or make a deal with Mr. Hines to come by their house.

Board members stressed the fact that buses are to stay on country roads and that parents who wish the bus to come by the house should have their road graded and cattle-guards installed, as the buses will enter lanes.

## SCHOOL LOSES TWO REVERED TEACHERS

Miss Thressia Godfrey

Mrs. Mae McKenzie

Matador school system this year loses two veteran and revered teachers who gave of their best to the community and the young people whom they taught during the past ten and twelve years.

Miss Thressia Godfrey, who is ill at her home in Paducah, Texas, joined the Matador Grade school faculty in 1938 and resigned last spring at the close of the 1948 term. She was County

School Superintendent of Cottle County for two terms before coming to Matador, and had taught English in Paducah High school for 3 years, during her teaching career. She was reared at Abilene and graduated from Hardin-Simmons University and later did post-graduate work at Texas Technological College, Lubbock and West Texas State College, Canyon.

Mrs. Mae McKenzie joined the faculty in 1936 and taught Spanish and commercial subjects in high school through the 1948 term. Prior to coming here, she taught at Roaring Springs, Dickens, and other schools in this area. Mrs. McKenzie is a graduate of West Texas State College and has 30 hours of graduate work in English, to her credit. She is a native of Tennessee, but came to Texas in 1912, joining her brother and family at Flomot, where she made her home until coming to Matador. Mrs. McKenzie left this week to reside at Lubbock, where she will continue to teach commercial work.

The community and school officials regret the loss of these two esteemed women and wish for Mrs. McKenzie, success in her new position and a successful recovery from her illness for Miss Godfrey.

## Family Night Is Special Feature Of Baptist Revival

Family groups were given special recognition Tuesday night in revival services at the Baptist church, and various organizations are being similarly stressed during the week.

Dr. J. Ralph Grant, pastor of First Baptist Church, Lubbock is preaching in J. G. Leverett of the same church, is leading the singing and young people's work.

Monday night was designated as Sunday school night. Tuesday was Family night and Wednesday night the W. M. U. had charge of ushering and comprised the choir. Thursday night the Brotherhood will be in charge, with a male choir, and Friday night the young people will be given special recognition both in the services and in a fellowship hour to follow the church services.

Business firms are closing each morning from 10 until 11 o'clock during the morning service, and a cordial invitation is extended everyone to attend at that hour and at the evening services which begin at 8 o'clock. Special prayer services are held each evening at 7:30.

The meeting will close Sunday night.

## Mrs. Allie Smith Succumbs At Morton

Mrs. Allie Smith, 85, aunt of Mrs. T. E. Williams who had made her home here the past several years, died at Morton Hospital, Morton, Texas, Thursday, and funeral services were held at the Methodist church of that place, with the pastor, Rev. A. A. Kendall, in charge. Interment was made in Tech Memorial cemetery at Lubbock.

Special songs were offered by Rev. W. M. Culwell of Vernon, who is assisting in a meeting at Morton, and who has been in meetings at Matador in past years.

Mrs. Smith was born in Missouri, November 13, 1862 and passed away August 26, 1948, at the age of 85 years, 9 months, 14 days. She came to Texas at an early age, and made her home at Morton, Texas before coming to Matador about 7 years ago. She made her home here with Mrs. Williams.

She went to Morton in April of this year and was living in the home of Mrs. H. L. Hamner. She had been in feeble health for a number of years, and on Monday preceding her death had suffered a stroke. Besides her niece, Mrs. T. E. Williams, she is survived by a nephew, L. G. Warlick of Levelland, Texas.

Mr. and Mrs. Harold Flora returned home Tuesday morning from a two week's visit with relatives at Baltic, South Dakota, Charles City and Mason City, Iowa.

L. Y. Jameson of Seymour is here visiting with relatives.

## Shelter For Pickers Has Big Problem

Skyrocketing building costs are a big problem for leaders in the movement to construct permanent shelters here and elsewhere in the county for transient laborers needed to harvest the present cotton crop.

A meeting of farmers, ginners and businessmen, scheduled to be held in the courthouse Saturday afternoon, was held at the Methodist church because of the courthouse being used for election purposes. Several key members of the committee were unable to attend but much interest was shown.

U. L. Willie said yesterday that progress was being made but that material and transportation costs of surplus army camp buildings are big problems. "Ginners and other businessmen here and at Roaring Springs have offered liberal contributions", Mr. Willie declared, "but the cost of camps of sufficient size run into big money for small communities".

E. E. Moss, Roaring Springs Mayor and manager of the Red Ball gin planned Tuesday to fly to Dallas with Mr. Willie in event they could locate some used army buildings which might be procured. They did not make the trip since no encouragement could be obtained from Dallas sources.

Interest is still high in the project and several civic leaders are continuing their efforts.

## ROARING SPRINGS GINS BALE NO. 1

Bale number one of the 1948 cotton crop for the Roaring Springs community was ginned Saturday at the Red Ball gin. The 1,800 pounds of snaps were harvested from about five acres of cotton planted in early May on the C. W. Redding farm in the Tee Flat community.

The bale weighed 531 pounds and was purchased by E. E. Moss, manager of the gin, for 35¢ per pound (above market price). The cotton was ginned free and a premium of \$70.50 of cash contributions was presented the grower.

Mr. Moss said he paid at the rate of \$100 per ton for the 800 pounds of seed. Market seed price is about \$70 per ton.

Farmers Coop gin of Matador has ginned its second bale of the 1948 crop and Manley Thompson, owner of Spears gin here said yesterday that he expected to gin a bale within a few days. Prevaling hot and dry weather is expected to make early cotton start opening rapidly within the next week or ten days.

## TRAIL DUST

By DOUGLAS MEADOR

A friend is one who refuses to eat any but the favorable things he knows about your life.

Someone is forever making a mistake of estimating a candidate's commendable qualities before he has been tried by the test of public duty and responsibility.

The world needs a lot of brighter's sweet water for travelers' canteens as they start their journeys across the desolate and salty wastes of secret trails.

For years I looked forward to a time when I would attain my father's estate, but in retrospect, I wonder for what I was waiting.

A friend has observed that it would require but little salesmanship to sell air-conditioners in a certain region beyond life which is arrived at by a wide road.

Of course the heat continues burn holes through the noon's awning of clouds and leave four o'clock wilted in their vases of soil, but there is a darkness developing behind this. It is a vague thing, like a little stream of water over a ledge, a cool breath of air stumbling over the parched terraces of discomfort. The young cockleburrs are turning yellow and waiting amid small top leaves. They have tasted the flavor of the before it is mixed with dew and through nature's wondrous wisdom they have learned that time is short. The breath of fall will soon break summer's spell like a twig, trembling leaves will feel its strange touch and shudder.

The stars are dream-merchants who like best the soft velvet of a moonless night on which to display the sublime beauty of their jewels.

What a pity, in the sublime plan of Creation, that man was designed to become great in serene silence with which a sea pushes its shoulders up above those of contemporaries. From the forest he could learn more magnificent way to die; straight and sturdy until the final ax blow, and then no sound except that of his falling.

Anchored off the coast of dreams, the moon was a lightship for melancholy clouds that drifted to the scattered wharfs of mountain peaks. After their cargoes of shadows had been unloaded and sails were spread, they hurried on out through the open harbor of space.

## Hobo Is Not A Bum", Declares Owner Cotton Farm Operated By Itinerants

Zollner will tell you a hobo is not a bum. And he would know.

August Zollner, settled about 1874, his grand-uncle, in Rockwell county, Texas, left his native Germany and began raising cotton on a farm near Matador. He acquired a large black farm and began raising cotton using itinerant labor and by the month.

He liked the older men, he said. "They were more steady." Although, sometimes, they would work as hard as the fellows.

Henry is the third generation of the famous Zollner "hobo" farm going and it is an operation, indeed.

Henry says a hobo is a man who wants to work and does work, usually choosing to do it in various places. A hobo is definitely not a bum or a tramp, he declares.

Some interesting personalities and characters are revealed in conversation with these fellows. Some who have worked there have been successful architects, bankers, business men, and scholars. One old regular was noted for the number of newspapers he always read—from all points of the world. He was considered an authority on nearly any current topic.

Zollner reports that one of his

Many of the men have bunks and cots in the eight-gabled house which August Zollner used as a family residence. Henry and his family have a modern bungalow nearby. There is a small chapel with steeple, which used to be a church and had visiting preachers every Sunday. Now the men listen to church services over the six or seven radio receivers around the place. Postmaster Springer pointed out that air parcel post packages will receive the same particular consideration shown air mail in routing. In addition, identical doorstep delivery will be given to air parcel post as is afforded other forms of mail, making the airborne mail service unique in every respect.

He added that distinct air parcel post stickers, printed in red, white and blue and bearing the likeness of a winged package with earth's globe underneath, will soon be available without cost at the Matador Post Office to apply to outgoing packages.

"Bring on the material, we're ready for it," says Reddy Kilowatt and his fellow workers. "We are pushing the work on our Company's \$18,000,000 construction program to supply more and better electric service to more and more West Texas homes, farms, and industries."

Yes, Reddy, thanks to the West Texas Utilities Company's policy of anticipating future needs, most of the material you need to keep the construction program rolling is on hand or scheduled for delivery as needed. In fact, much of the material to be used in this construction program was ordered nearly two years ago! However, due to the continuing critical shortages of heavy electrical equipment and wire, deliveries are just now being made on materials ordered as early as September, 1946.

Eighteen million dollars! Each of those dollars, Reddy, is a vote of confidence in the growth and development of West Texas.

### Miss Dorothy Bearden And Elwyn Fulfer Exchange Vows In Double Ring Ceremony

The living room of the home of the bride's parents, Mr. and Mrs. R. H. Bearden was the scene of the marriage of their daughter, Dorothy, to Mr. Elwyn Fulfer, son of Mrs. Velma Fulfer, Saturday, August 28 at five o'clock.

The bridegroom's brother, Rev. W. Fulfer, Baptist pastor of Matador, New Mexico performed the double ring ceremony before a window banked with baskets of pink gladioli.

The bride was lovely in a powder blue suit, black accessories and a corsage of white carnations. For something borrowed she wore her mother's diamond ring.

Miss Syble Jackson was maid of honor. She wore a pastel pink

suit identical to that of the bride's, with white accessories and a corsage of white carnations.

Murrell Latimer served the bridegroom as best man.

Mrs. Fulfer moved to Matador three years ago with her family from Wellington. She attended Matador high school and at the time of her marriage was a junior student.

Mr. Fulfer was heard here and attended both grammar and high school in the Matador schools. He graduated from Matador high school with the class of 1945. In March of 1946 he entered the U. S. Navy and served 22 months.

After a short wedding trip to Childress and Shamrock the

Mrs. Ben Houston Clements, sister-in-law of the bride, presided at the bride's book.

The refreshment table was laid with a lace cloth, and forming the center piece was a miniature bridal couple on a reflector, surrounded by sprays of fern, entwined with pink asters. On either side were white tapers in crystal holders. Teed cake squares and punch were served, with Mrs. Bill Conroe of Lubbock, the bride's sister, presiding at the punch bowl.

Receiving hours were from 4 until 6 o'clock, and approximately 75 guests called or sent gifts.

### Sheridan-Richards Nuptials Are Read Sunday In Methodist Church At Lubbock

Of special interest to many friends here, was the marriage Sunday afternoon at 2:30 o'clock at Lubbock, uniting Miss Mary Belle Richards of that city, and Edmond Pat Sheridan, Jr., of Matador.

The double ring ceremony was performed in the First Methodist church in Lubbock, by Dr. W. H. Vanderpool of Denton, with Dr. H. I. Robinson, pastor of the church, assisting.

The bride, given in marriage by her father, wore an imported Irish linen dress with a high round neckline and a Peter Pan collar edged with hand-made Irish linen lace. Tiny buttons extended in a double row from neckline to waist. Tiers of hand made lace decorated the full skirt, made with inverted unpressed pleats.

A showered bouquet of Stephanotis, centered with an orchid was carried by the bride, who wore her mother's engagement ring for something borrowed. Something old was a wedding ring worn on a chain around her neck, belonging to her paternal grandmother, and something blue was a handkerchief of her maternal grandmother's, Mrs. I. D. Hord. Her shoulder length veil of English illusion was fastened with a tiara of orange blossoms and she wore short mitts of illusion.

Mrs. Sam Jackson of Lubbock was matron of honor and bridesmaids were Miss Gene Malone of Lubbock, and Miss Annie Mae Jackson of Matador, aunt of the bridegroom. Suzanne Neill of Slaton, cousin of the bride, was flower girl.

Father of the bridegroom served as best man. Ushers were Jimmy Richards of Lubbock, brother of the bride, Welborn Willingham of Tulsa, and Frank Hord of Lubbock, uncle of the bride.

The matron of honor wore a green organdie dress with ballerina skirt, and carried a nose-gay of yellow and white pom pom mums with white ribbon.

Bridesmaids wore dresses identical to that of the matron of honor, Miss Malone's being yellow, and Miss Jackson's orchid. Both carried white fans showered with pom pom mums and ribbon. Headdresses of the three attendants were of white pom pom mums, and all wore gold sandals. The flower girl was similarly attired in a dress of green organdie.

The choir rail was hedged with fern, in front of which were baskets of white gladioli and asters. Palms formed the background.

Mrs. Mamie I. Neal, organist,

played "Traumerel" and "Liebestraum" preceding the ceremony, and "Claire de Lune" while the vows were being exchanged. Jack King, soloist, sang Greig's "I Love Thee" and "Ah Sweet Mystery of Life". Traditional wedding marches were played by the organist.

**Reception Is Held**  
The church parlor was scene of a reception held following the ceremony. Assisting the couple in receiving were their respective parents and members of the wedding party.

Mrs. W. H. Vanderpool of Denton and Mrs. H. I. Robinson cut the cake, and Mrs. J. D. Hord, grandmother of the bride, and the bridegroom's two grandmothers, Mrs. J. M. Jackson of Matador and Mrs. J. H. Sheridan of Amarillo, served punch.

Presiding at the bride's book were two aunts of the bride, Mrs. Otis Neill of Slaton and Mrs. Glen Mercer of Amarillo. Other members of the house party included two aunts of the bridegroom, Miss Beulah Sheridan and Mrs. Ann Sheridan Gaines of Amarillo, and Mesdames D. M. Davis, P. T. Findley, Mack Johnson, B. E. Needles, Harvey Austin and Lev-lamae Gilbert of Lubbock.

A double wedding ring cake decorated with calla lilies, was served, and the bride's bouquet centered the table.

Wedding guests were from Amarillo, Matador, Slaton, Dallas, Denton and Lubbock.

Attending from Matador in addition to the bridegroom's family, were Mr. and Mrs. W. F. Jacobs, Mr. and Mrs. Eddie Russell and son Gordon, Mr. and Mrs. Joe Bloodworth, Mr. and Mrs. James Ed Russell, Mr. and Mrs. Nelson McMahon and daughter Frances and Mr. and

Mrs. Forrest Campbell, Mrs. Claude Harp and daughter Ann and Mrs. R. E. Donovan and daughter Rose Carolyn, Mesdames H. H. Schweitzer, George Springer and Annie Tudor.

**Leave For Colorado**  
The couple left for a wedding trip to Denver and other places in Colorado in a new car which was a wedding gift from the bridegroom's grandmother and two aunts, Mrs. J. H. Sheridan, Miss Beulah Sheridan and Mrs. Ann Gaines, all of Amarillo. They will be at home in Lorenzo after September 6, where the bride will teach school.

For traveling, the bride wore a two-piece suit of butcher linen with black felt hat and black lizard accessories, and an orchid corsage.

Both the bride and bridegroom attended Texas Technological college. The bride was a member of Alpha Chi and Sigma Delta Pi. She is the daughter of Mr. and Mrs. J. C. Richards of 2213 Twenty-first street, Lubbock.

The bridegroom is the son of Mr. and Mrs. Pat Sheridan of Matador, and grandson of Mr. and Mrs. John M. Jackson, pioneers of this section. He was born and reared here, and served two years in the US Air Force. He will continue his education at Tech.

### Conduct Of Pupils.

School officials also stressed the fact that the State Department of Education and the State Highway department have put into law, the rules and regulations regarding conduct of children on school buses, by which they are forced to abide.

Chief of these regulations is that any child must be barred from riding a school bus if he misbehaves or causes a disturbance. Several bad bus wrecks have been the result of the driver having to turn his head to correct unruly children, it was pointed out, and the officers feel that it would be better to bar such children from the bus rather than endanger the lives of all children on the bus.
