

## Development At Low Point

### T. E. S. Co. to Open Dist. Office

Oil Business and Growth of Big Spring Made Necessary the Establishment of New Dist.

Tom Cook District Manager

Big Spring is to become a district office of the Texas Electric Service Co., effective March 1. John W. Carpenter, president and general manager of the company announced Wednesday. Through this change, Big Spring will become the headquarters for operations of this company in Lamesa, Coahoma, Iatan, Chalk oil field and surrounding territory.

Sweetwater is now the district headquarters for Big Spring, Lamesa and a number of other cities in West Texas, but the recent growth of the oil business in this section and the development of Big Spring has proved the necessity of making this city a separate district office of the Texas Electric Service Co.

Tom Cook of Hillsboro has been named district manager for the newly created Big Spring district, and is now here preparatory to taking up his new duties March 1. Mr. Cook has been identified with the electrical business for 31 years and is one of the best known electric utility men in Texas. For the last 8 years he has been manager of the Texas Power and Light Co. in the Hillsboro district, where he took a very active part in civic work. He served as secretary of the Hillsboro Rotary club for two years, and has been active in Chamber of Commerce work and the Boy Scout movement in Hill County.

Joe Worthy, who is now chief clerk of the local office, will become chief clerk for the new Big Spring district. No changes in the personnel of the local office will be made.

Big Spring recently has become prominent from an electrical standpoint, as it is the terminus of the new 132,000 volt high voltage line which extends from Eastland to serve the new West Texas oil fields, and the location of a district office here will facilitate the operating of the Texas Electric Service Company in this section.

While we are indeed glad to note the establishment of the Big Spring district and we welcome the new district manager to our city, our entire citizenship feels that in losing L. J. Geor we are losing a real friend. In many ways he has shown himself to be a real friend to Big Spring.

(Continued on page 8)

six miles East of Big Spring, the drill pounding away day and night.

A depth of more than 1700 ft has been reached.

**Green et al to Drill**  
A test well is being drilled on an eighty acre tract in section 118. This is on an 80 acre tract owned by Green and others and is West of three producing wells in the same quarter section.

**Magnolia Drilling Deep Test.**  
The Magnolia Petroleum Co. started a deep test East of the Chalk field about two weeks ago. This test is now drilling below 1400 feet.

### WASHINGTON'S BIRTHDAY ANNIVERSARY OBSERVED

The Luncheon Club Has Patriotic Program in Observance of Birthday of Washington

The Wednesday Luncheon club continues to grow in popularity, and it was necessary to display the S. R. O. sign at this week's meeting. The fine "cups" prepared by the ladies of the Methodist church are partially responsible for the good attendance; and then some good community news is given out at each session.

After the visitors were introduced and welcomed, the meeting was given over to Mr. Pickle.

The first number on the program was the singing of the Star Spangled Banner by the company, with Miss Lillian Hancock directing the singing.

A quartet composed of Misses Lillian Hancock and Ruby Bell and Messrs. Buell Cardwell and Roy Cornelson pleasingly rendered "Old Folks at Home."

Miss Hancock delighted the company with a vocal solo "Carry Me Back to Old Virginia." Miss Evelyn Jackson gave several violin numbers which were indeed enjoyed. Mrs. Keaton acted as accompanist for the songs and instrumental numbers.

Mr. Pickle in opening the program paid a fine tribute to George Washington, and told how fitting it was to pay tribute to the Father of Our Country on this the anniversary of his birthday.

James T. Brooks gave an especially interesting outline of Washington as a soldier and outlined the trials and tribulations that befell him during the eight years he battled the soldier of the most powerful nation on earth at that time. No one but a great soldier would have had the fortitude to have met and overcome the enemies from without and within as did Washington. Only a great soldier could have won and held together the little ragged and hungry army which won the freedom we are now enjoying.

Rev. F. H. Stedman discussed Washington as a church member and pointed out that Washington placed his whole reliance on God. He said Washington was able to accomplish so much of good because he was a righteous man, and was ever true to his religious beliefs. He said we could all profit by following the example of Washington in being true to some church. We had our bit to do in this life, and we could do it as well as Washington accomplished his greater task if we put our trust in God and followed His teachings in all our dealings with our fellowman.

Fox Strippling discussed Washington as a business man and recounted some of the big business undertakings he successfully consummated.

He said Washington was a great promoter, and he said that if he were living in Big Spring today he was satisfied that George would be fighting to help Big Spring get a needed office building. Mr. Strippling's assertion that Washington was a real estate dealer was questioned by Rev. Heard, who stated he did not see how Washington could have won the reputation of having never told a lie if he had been a realtor.

Mr. Strippling retorted that it was legend and not history which won Washington fame as a teller of only the truth.

Edwin A. Kelley made an announcement which proved good news to the membership. It was the announcement of a new addition to the ice plant of the Southern Ice and Utilities Co., to cost \$150,000. A further description of the contemplated improvements appear in another column in this issue of the Herald.

Mr. and Mrs. Clarence Epperly of Fort Worth were visiting friends in Big Spring this week, and also were transacting business here. Mr. Epperly was contractor for the First Methodist church in this city.

Mr. McAdams has started the construction of two homes on lots he recently bought in the Stripplin Addition.

### DIST. COURT PROCEEDINGS

The following cases have been disposed of in district court during the past week:

State of Texas vs. Will Morrison, unlawful possession of equipment for the manufacture of intoxicating liquor, verdict of guilty by jury and sentenced to serve one year in the penitentiary.

Cora Gregg vs. Lockhart et al judgment in favor of defendant.

Virge O. Martin vs. R. L. Martin judgment for plaintiff.

West Texas National Bank vs M. C. Lindsay, judgment for plaintiff.

M. Segall vs. heirs of W. B. Coffee, deceased, to perfect title, judgment for plaintiff.

W. P. Edwards vs. Mary Ellen Lee Foster to perfect title, judgment for plaintiff.

T. H. Johnson vs. O. G. Kirkling, judgment for plaintiff.

I. J. Runyan vs. T. D. Ford, and R. C. Runyan judgment for plaintiff.

Hazel West vs. Alvin West divorce granted.

Ruth Edwards vs. W. K. Edwards divorce granted.

H. A. Adams vs. Catherine Adams divorce granted.

The case of W. P. Edwards vs. Stirman has been set for this, Friday, morning.

The sheriff has been ordered to serve citations on all suitors in cases where bonds were ordered forfeited and return same at the next term of district court.

The grand jury reconvened Monday and was in session Monday and Tuesday, returning 3 indictments, making a total of 11 for this term. The grand jury adjourned Tuesday and is to reconvene Saturday morning.

The following have been appointed Jury Commissioners for the fall term of district court: L. S. Patterson, T. E. Caffery, white and M. H. O'Daniel.

### DOUGLASS HOTEL OPENS MARCH 1ST

Big Spring Will Have Another Modern Hotel to Help Care for Needs of City March 1

J. C. Douglass announces that by March 1st the new Douglass Hotel will be ready to take care of his many former hotel guests and many new ones as his hotel will have fifty rooms ready by that date. W. R. Douglass a brother of J. C., will assist him in the management of the hotel and Coffee Shop.

A formal opening of the Douglass Hotel, and joined in by all the business enterprises to be housed in the Douglass block, will be held about the middle of March—exact date to be named later. The program for the formal opening will be in charge of Miss Lillian Hancock.

The carpets have been laid in the fifty rooms of the hotel and the work of installing the furniture will be completed in a few days.

Big Spring has every reason to be proud of the new Douglass Hotel and it is going to prove a big drawing card for our city.

The Coffee Shop fixtures will be installed as rapidly as the work can be done but it will not be possible to open same for business by March 1st.

The following firms have leased spaces in the Douglass Hotel block and will be installed in their new homes by the time the big formal opening is to be observed:

Austin and Jones, Coffee Shop, Douglass Hotel Beauty Shoppe; Catherine, The Ladies Shop; Cunningham and Phillips' Drug Store No. 2; G. E. Wilke Jewelry store; Douglass Hotel Barber Shop and the Big Spring Public Service Company offices.

### BOLL WORM MEETING

The Chamber of Commerce called a meeting of Howard Co. citizens to be held at the court house at 2 o'clock Thursday afternoon, February 23rd, to discuss the Pink Boll worm situation as it affects Howard county.

The importance of sending a big delegation to the meeting at Sweetwater next Saturday, will be explained.

It is to everybody's interest to attend this meeting, and manage to send a large number to the Sweetwater meeting.

### PINK BOLL WORM CONFERENCE FEB. 23

Larger Crowd. From All Sections of Tex. Expected to Attend Sweetwater Conference The Pink Boll Worm Conference

ence that has been called by the West Texas Chamber of Commerce, at the request of Governor Dan Moody, will be held in Sweetwater Saturday, Feb. 25th at 10:00 a. m. and this city has started efforts towards caring for the large crowd that is expected to attend. President Joe H. Boothe of the Board of City Development has just announced that a special committee for this occasion has been appointed and that they will assist in entertainment, housing, special information and other matters.

George B. Terrell, State Commissioner of Agriculture Monday afternoon announced receipt of official information that pink bollworm infestation had been found in Ector, Midland, Martin, Dawson, Howard, Glasscock and Andrews Counties.

The Pink Boll worm commission will hold separate hearings at four other points in this section of the first three days of the following week.

Establishment of a non cotton zone might be found necessary, Terrell said.

A non-cotton zone seems to be the popular note from other sections of the country and that is why it is so necessary for Howard county to have a strong representative body at this meeting. We are going to have to put up a strong fight to keep Howard County from being placed in a non-cotton zone. The greater our numbers the more weight our arguments against being denied the right to plant cotton will have.

If it is possible for you to attend the Sweetwater meeting you should attend. If it is impossible for you to join Howard County delegation impress on your neighbors the need of their going. If we fall to be there in numbers it is more than likely Howard County will be placed in a non-cotton zone. Your help is needed to prevent this calamity coming to pass.

### ROTARY CLUB NOTES

The usual interesting meeting was enjoyed by the members of the Rotary club following an appetizing luncheon at the Episcopal Parish House Tuesday.

Musical numbers on the program consisted of violin selections by Miss Evelyn Jackson, accompanied by Mrs. Fred Cayton at the piano and singing by the club under the direction of Roy Cornelson song leader.

District Judge Fritz Smith was the speaker of the day and his interesting remarks were enjoyed by all present.

Edwin A. Kelly, manager of the Southern Ice and Utilities Company, made an announcement that certainly sounded good. He said his company was going to build one of the finest ice plants in Texas in Big Spring. A 100 ton plant with provision made to increase the capacity to 200 tons per day is the program. The cost of this contemplated improvement will approximate \$150,000.

President Phillips announces the following committees:

Program Committee: D. Heard, Fred Stephens, Fred Keating. Fellowship Committee: J. C. Douglass, Tom Ashbey, B. Reagan, Harvey Rix, Dan Cook. Publicity Committee: Geo. L. Wilke.

Classification committee: Max Jacobs, Joe Worthy, E. W. Ham-burger.

Boys work Committee: John Brooks, Homer McNew, Albert Fisher, Paul Cayton. Community Service Committee—E. A. Kelly, Jim Morgan. Rotary, Education Committee: Bruce Frazier, Fred Shumaker, George L. Wilke.

Mr. and Mrs. Leo Dowse left Tuesday for Fort Worth. Mr. Dowse is in the oil business and after a short stay in Fort Worth they will leave for Trinidad, an island near South America where he will engage in the oil business.

Herald wants ads got results.

## Big Opportunity Offered Big Spring

### \$150,000 Addition to Ice Co. Plant

Southern Ice and Utilities Co. Started Work on Efficient & Modern Ice Plant

J. L. Lancaster, President of T. & P., Makes City Proposition Which Means Big Things

J. L. Lancaster, president of the Texas and Pacific Railway, and other officials of the system were here Sunday to make some propositions which if met would result in a big improvement program being carried out by the T. and P. Ry. at Big Spring.

It is our understanding that the officials made the City commission two propositions: first, that the city supply them 400,000 gallons of water per day, or second, that they would join the city in a 50-50 plan to develop a supply of water that would meet the needs of a city of 25,000 or more.

If the City Commissioners would accept either proposition it was stated that the railroad company was willing to launch an extensive improvement program in Big Spring. Included in the improvement program was the erection of a new and larger round house; an addition to the machine shop and the employment of 600 additional shop employees, greatly increasing the railroad yards, building a viaduct across the railway tracks at Gregg Street and possibly the erection of another viaduct if land for additional trackage can be secured.

The officials pointed out that a more conservative estimate of the population of Big Spring should increase at a rate of from 1500 to 2000 during the next ten years. They were making plans to care for oil development in Howard County for a period of twenty years.

They pointed out that with the development of an adequate water supply there was nothing on earth to keep Big Spring from making a wonderful growth.

They also stated that they were convinced it was unsafe to depend on a supply of surface water since droughts and evaporation were sure to cause periodical disasters. They said they had also become convinced there is ample underground supply of the purest water adjacent to Big Spring and it is merely a question of developing it.

### CONSIDERING LOCATION FOR A REFINERY

Reece Allen of Wichita Falls was here Wednesday to look things over, with a view of establishing an oil refinery near Big Spring.

He is having an analysis of the oil produced in the Big Spring fields being made to determine whether or not it would prove profitable to establish a refinery here.

Mr. Allen made it plain that he does not expect or desire any bonus but he did expect to be able to secure land for a site at a reasonable price should he decide to put a refinery at Big Spring.

Mr. Allen is able to put in a great thing for our city and the independent oil operators in the local oil fields if he should decide to locate a refinery here.

### CHAIN GANG ON THE JOB

You can already note that the inauguration of a "Chain Gang" has lessened the number of loafers and bums at their accustomed haunts in Big Spring. The word has gone out that it is going to be work or move on, when you hit Big Spring and the professional hobo will go many miles to avoid hard work and a rock pile is the last thing with which they desire to become acquainted.

Since last Friday the Chain gang has had from eight to 12 members and they have been doing some good work in removing rock from the Oil Field road South of Big Spring.

The plan is working so well that the county officials are conducting the "Chain Gang" on some time to come. They will be less petty thieving and other crimes if the "drifters" are not permitted to loaf around the towns in our county.

**TWO NAMES OMITTED**  
In giving the list of names appointed on the road committee of the Chamber of Commerce we omitted two names—John Wolcott and J. L. Martin. The oversight was unintentional.

Mrs. Kirby Miller returned Saturday night from Fort Worth, where she has been visiting her mother the past several weeks and recuperating from an operation. She is now able to be at work again, and has assumed her duties at the Vogue Beauty Shoppe.

W. R. King returned last Wednesday from a business trip to Dallas.

# The Big Spring Herald

Big Spring Friday Feb. 24, 1928.

**NOTICE TO THE PUBLIC:** Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation, which may appear in the columns of this paper, will be gladly corrected upon its being brought to attention of the editor.

## THE WORTH OF A REFINERY

When the little refinery at Colorado was first started it was considered a job but it is now a million dollar proposition and due for a farther expansion.

We clip the following description of the Coltex Refinery from the Colorado Record:

"The Coltex Refinery, which is jointly owned by the Anderson Frickard Company of Oklahoma and the California Company, is classed as Colorado's biggest single asset.

At present the plant is using about 9,000 barrels of crude oil per day, employs 60 men in the plant and has a pay roll of more than \$10,000 per month, not including the office force. This is the largest refinery in this section of West Texas and of the most modern construction known.

The plant has four units of stills. The highest grade of clear gasoline is produced from one unit, and on down until the last one takes off fuel oil and distillates.

The refinery has pipe line connections with Chalk, Clay, Iatan and Westbrook fields. At present they are using shallow production from the Chalk fields. The various batteries of pumps keep the crude flowing to the refinery, and at present the company has 115,000 barrels in storage in the tanks on the hill south of the plant.

The efficiency with which the plant is operated and the comparatively simple methods used in conservation of heat, light and power are amazing to the outsider. For instance the gasoline tanks are painted with aluminum paint to prevent evaporation of the gasoline. Tanks so painted will reflect the sun's rays and keep the heat from penetrating. In other words, the aluminum paint is a coat to keep the inside of the tank cool and save evaporation of gas.

Other methods of efficiency are the using of exhaust from all the steam and gas engines to heat water for use. In pre-heating the water with exhaust from the steam engines and pumps the solids are thereby removed from the water and the boilers are left free from scale and set-offs. The plant has two 100-horse power boilers and one 250-horse power boiler and lines for these have not had to be cleaned since the pre-heating method was installed.

The plant is equipped with every known method of saving time and labor and for producing the highest grade oil products on the market.

The trackage will accommodate 45 railroad tank cars, and the plant can load 5 cars in a little over an hour, or at the rate of a car each 15 minutes in batteries of five. The plant is shipping about 1,000 cars of refinery products per month. Cost of the plant to its present capacity will reach \$1,000,000.

## TEXAS-GREAT DAIRY STATE

Texas is a great dairying state in the making. There are within its borders vast pasture lands which suffer not in comparison with those of Denmark—or Wisconsin. There are in Texas Jersey herds among the greatest in the world. There are feedstuffs in more abundance than anywhere else on the face of the globe. There is climate favorable throughout the year. And there are farmers of the new school, who read, and think and diversify. Exchange.

**California Take Note**  
A horned frog sealed in the corner stone of the court house at Eastland, Texas, for thirty-one years, came to life when the health giving rays of the West Texas sun and our pure air touched the carcass. 1,000 citizens of Eastland will vouch for this. Come to Texas.

Herald want ads get results.

It is well that the school children of Big Spring are to be taught some safety measures, since we have so many careless drivers in Big Spring. The little things taught them may save their lives. The example they set for others in observance of the safety measures at street crossings, etc., may also save the life of some friend. A Safety Club has been organized at Central Ward School, and it would be well for the other Ward schools to organize one.

We might emulate the frog that fell in the churn—keep kicking for that north and south railroad. It is a cinch it won't come our way unless we work for it. No city can sit back and wait for all good things to come her way. You just have to hustle for everything you get in this day and age.

San Angelo has also adopted the plan of arresting "vags." Much petty thieving and other crimes have resulted since the unemployed have been coming to Texas in ever increasing numbers. Putting them to work is the best method to ascertain which are crooks and which are workers up against it because of unemployment.

The word is being put out in Amarillo Lubbock Wichita Falls Tulsa, Okla., and elsewhere that oil development in Big Spring is due to take on big proportions when the price of crude oil advances. Furthermore, oil men say this development is due to continue for a good many years as a big oil field is in the making.

If the oil tests south of Big Spring show an inexhaustible supply of good water at a depth of around 700 feet, one of the first things our City should do would be to make a thorough investigation, and fast of this source of supply. We are going to need plenty of water if our city continues to grow.

Little cabins for use of telegraph operators are now being installed at all blind side tracks on the T. and P. Ry. between Baird and Pecos, and telephone booths are being erected at each end of these sidings. These will be utilized when the Manual block system is put in force on the T. and P.

Teeth, these days, seem to be blamed for most of the ills that flesh is heir to; but whether some teeth or a particular tooth might be cause of rheumatism is a matter that only the doctor and dentist can determine. X-ray photographs will reveal if there is an infection at the root of the tooth.

We will not advocate the building of more sidewalks in Big Spring until our City Commission can give some lines and grade lines that will be permanent. Every time we change engineers it seems we get a change of lines.

Looks like Big Spring should be putting out some dope about an airport. We were under the impression that a landing field had been secured. Why not give it a little publicity—if same is not being done.

After a city man has spent a winter in Florida and made a census of the occupants of the winter-inhabitants he quits worrying about the plight of the American farmer.

## Encourage The Planting of Trees and Shrubbery

Trees and shrubs, flowers and grass are assets to any property. They not only add to its beauty and attractiveness, but they enhance its value. It has ever been the purpose of the civic committee of the City Federation and of the Home Garden Club to encourage the planting of more trees and flowers in Big Spring. We want to make our city a beauty spot of nature, and can do it, if every citizen and property owner will become interested in improving his premises with trees, flowers and shrubs and grass.

February is the month to do much of this planting, and before the month rolls by, why not set out a few trees and plants. Cultivate them and give them the proper care and you will receive the benefit from your labor by their sweet-smelling flowers, and the beauty they bring to your surroundings.

Herald want ads get results.

## COUNTRY WEEKLIES ARE RECOGNIZED FORCEFUL

An article appearing recently in the Inland Printer, by Millard L. Cope, formerly of Sonora, is interesting in that it points out the fact that advertising in rural publications is now recognized as the most forceful medium. This fact is sustained by the fact that the largest companies have for sometime past, advertised most extensively in the small rural papers. General Motors Corporation, American Tobacco Company, Ford Motor Company, are but three instances of this assertion.

This advertising is sold on what is known as the reader-hour basis, which means that every publication has a correctly estimated number of readers who spend a certain amount of time reading it.

It has been definitely decided by advertising experts that country papers are read more exhaustively and by a greater number of people than other publications. An average of five persons, these experts state, read each copy of their newspaper. On this basis a paper with a circulation of 2,000, such as the Big Spring Herald, is read by 10,000 persons. Even when this is cut down to 8,000 the value of such a paper as an advertising medium can be appreciated.

The larger papers cannot claim such a distinction. On a comparative basis, more people read the Herald and spend more time reading it, for they read it all, than do readers of the Fort Worth Star Telegram, Dallas News or any other daily paper published in this State.

Mr. Advertiser, think this over. A golden opportunity to place your wares before every person in Howard County and many outside of it, lies open to you in the columns of this publication, and at a very reasonable rate.

A proposition to oust William Jardine as Secretary of Agriculture has been suggested to the Cotton Conference at Jackson, Mississippi. Jardine's unsolicited and unasked-for comments on cotton prices and conditions has cost the cotton growers many millions of dollars the past season.

We are informed that in the two fields in which the so-called pink boll worms were found in Howard County, the fields were covered with weeds. In fields where intensive cultivation was maintained they have no signs of the pink boll worm. Maybe the pest could be controlled by better cultivation.

Securing markets for everything that can be raised on the farm is the biggest thing any organization can do to aid the farmers. If a good market and a good price are secured for eggs, poultry, butter, milk, etc., the year around, folks will prefer to give more attention to increasing these lines.

Every day or so we have some one turning down \$6,000 or \$8,000 for a lot in Big Spring, which would have been high at \$3,000 a year or two ago. This refusal to sell property tends to hold up construction of needed buildings in our city.

No one is able to say what is to be the outcome of this Pink Boll worm situation—but it is silly to say we will plant cotton regardless of what the government does. It will be cheaper to abide by the regulations which are put in effect, even if we do not favor them.

It is mighty bad thing to mix booze and gasoline. It is not only hard on the pocket book, but the mixture steers one's car to the jail door. Mighty bad thing.—Sterling County News Record

## ELBERT HUBBARD'S SAYINGS

If you want work well done, select a busy man—the other kind has no time.

A vast number of men and women see the fact that immunity and exemption are not desirable, that nothing can ever be given away, and that something for nothing is dear. Belief is an error if it excludes belief in the opposite.

It is foolish to say sharp, hasty things, but it is a deal more foolish to write 'em. When a man sends you an impudent letter, sit right down and give it right back to him with interest ten times compounded—and then throw both letters in the waste basket.

Simplicity, truthfulness, mental self reliance, physical health and the education of the hand well as of the brain, shall not be left out of the accounting when we make our formula for a man.

It looks as though we are to have an oil test northwest of Big Spring. A number of oil companies seem anxious to purchase oil royalty from land owners in that portion of our county.

Some folks are in favor of good roads and schools—provided they don't cost anything.—Sterling County News Record.

We are forever starting something and then failing to finish the job. For instance, no one ever did get Ann's age figured out.

## WORKING FOR AN AIRPORT

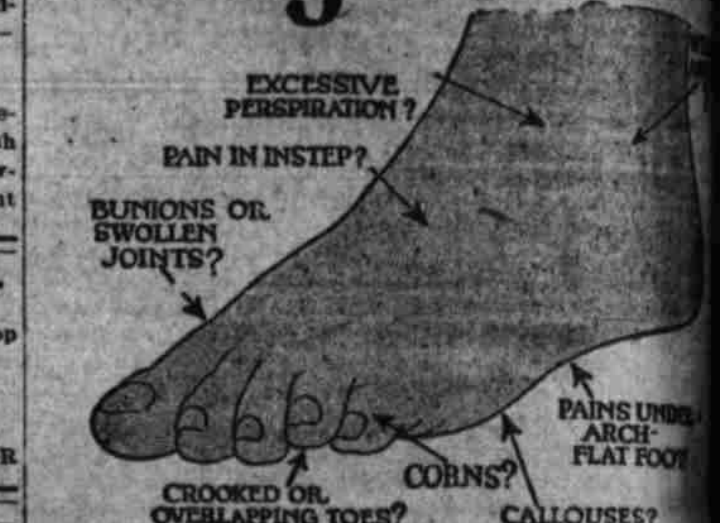

We were wrong in our supposition that the airport committee had secured a site for an airport. The owner of the land refused to sign the contract at the last minute, and the Airport Committee is seeking another location. It is believed they will secure a more suitable tract for a landing field in the near future.

And they can't get it any too soon for every day queries are being received as to the facilities for airplane landings. The latest is in reference to facilities for landing an 8 passenger plane which is to be used on an air mail line between Dallas and Los Angeles. Data as to the possible mail and express business which might be reasonably counted on at Big Spring is also desired.

Cough drops... Cunningham & Phillips.

If the City Commission is as they claim, the property owner's money leaves an unpaid bill in the center of the city. The city will have to pay any charge. Its sensible to have a space in the center of the city for it won't be many years we will be widening our streets. San Antonio, Dallas and Abilene are confronting a problem widening our streets. If we make a city of Big Spring in the long run we will have to have streets wider and wider streets.

# Do You Suffer from Painful Feet

Foot Comfort Expert from Chicago will Monday, Feb. 27th To Give Free Demonstration

On the above date we will have at our store, through the Dr. Wm. M. Scholl, famous foot authority, a Foot Comfort from his own staff, sent here for the benefit of our patrons every foot sufferer to make the most of this unusual offer. Over your stockings feet, this Expert will make Pedograph will show the exact nature of your foot ailment. The way how the scientific method and improved appliances perfected by instantly relieve your painful feet, and restore them to health. Absolutely no charge for this service. Be sure and remember the so as not to miss this opportunity.

TO PHYSICIANS—You are invited to refer or bring your foot-trimmed our store during this demonstration. The latest improved appliances of Dr. Wm. M. Scholl, M. D., for relieving and correcting painful feet will be here.

**TEXAS DAILY PRODUCTION**  
**PECOS BARRELS**  
 Pecos county—continues to rise to the place occupied in the oil industry. Greater Seminole pool yielded a new high mark of 118 barrels for daily production last week, according to the survey of the county produced 118 barrels daily—with all but the 17 wells pinched in. A gain of 10,575 barrels from the previous week, with new wells listed the past week was 4,190 barrels for a total daily average of 49,165 barrels. Pecos county's 161 wells continued its decline losing 3,025 barrels from the previous week. Church & Fields pool county dropped 610 barrels. Increase was 1,295 barrels, a gain of 50 barrels from the previous week. County, with its four wells shut down, gained 1,295 barrels daily. Mitchell's was unchanged with 1,295 barrels. Upton, Fisher, and Scoury remained constant in daily production.

**OLD LAW IN FEDERAL ENFORCEMENT**  
 Washington, Feb. 18. (AP)—Treasury has adopted the plan of using the old internal revenue law as a reinforcement to suppress illicit traffic. The law is to be used in ten years before prohibited and intended to operate in mountain moonshiners made by Assistant Secretary of Treasury Lowman. Lowman said: "This law allows us to confiscate property pending disposition of the courts, but it does not Federal officials to break property."  
 Lowman said agents would use the old law to operate under the act, except in big cases where violators defy padlocks upon the old law will be explained that the old law is to be used from time to time in every State, and that administrators already have orders to use their own discretion as to "which law to use when necessary."

**FROM DON'T ALWAYS KNOW**  
 "I was glad to see you last week."  
 Pillsbury: "So that's what I was than."  
 "Automatic remedy, it will be . . . . . Cunningham & . . . . ."  
 "The seven year old son of . . . . . and Mrs. E. O. Dod . . . . . is reported to be very ill . . . . . pneumonia. Lieutenant . . . . . is in charge of the mission of the American Rescue . . . . . to Big Spring and will . . . . . any financial help . . . . . that will be sent to him . . . . ."

**WATER PROBLEMS BEING MET**  
**The City Commission Has Been Looking to the Water Situation in Our City**

The City Commission of Big Spring realizing the importance of providing adequate water supply have been able to keep the supply greater than the needs of our growing city have demanded. They have not only done this but they will be able to meet the request of the railroad company to supply from 300,000 to 400,000 gallons daily for use in operation of trains, and railway shops at Big Spring. With the exception of the severe cold spell about January 1st, when water mains were frozen, the City has met every emergency call the railroad company has made for water. It is indeed gratifying to know that Big Spring has such a plentiful and dependable supply of pure water for this is the main essential in the growth of any city.

The expansion program mapped out by the City Commission some time ago is nearing completion. Eight of the ten new wells have been completed and work is being carried forward on the completion of the system.

The city will soon have thirty wells, capable of providing more than 1,000,000 gallons of water per day, on the pump.

This will meet present needs, but since the city is due to make a steady growth it is certain the members of the City Commission will continue that forward looking policy of having additional wells drilled and equipped so we can supply all future demands.

**WEST TEXAS SHERIFFS ASK MODIFICATION**  
 Vernon, Feb. 19.—The West Texas Sheriff's Association today adopted a resolution requesting the modification of the Texas Bankers' Association \$5,000 reward for dead bank robbers so that it would read Dead or Alive and would not apply to night time robbers. Ranger Captain Tom Hickman was one of the few who voted against the adoption of the resolution.

**C. OF C. COMMITTEES APPOINTED BY PRES.**  
 Shine Phillips president of the Big Spring Chamber of Commerce, is anticipating the biggest and busiest year Big Spring has ever known and is asking for the co-operation of our entire citizenship in helping put Big Spring on the map in box car letters. The old home town is due to grow like a green bay tree if we all do our part.

President Phillips has named the following five wires to aid him in putting over the Chamber of Commerce's big program:

Industrial: J. B. Pickle, W. V. Montan, J. Fred Phillips.  
 Agricultural: Fred Keating, Geo. White and Mr. Shumaker.  
 Advertising: H. L. Rix, Dr. C. D. Baxley, H. B. Camp and Frank Ater.  
 Trade Extension: Tom Ashley, Jim Black, M. Wentz, C. H. McDaniel, R. Richardson.  
 Oil and Gas: Bob Cook, Bruce Frazier, Rube Martin, S. R. Weaver, W. B. Currie, J. D. Biles.  
 Civic: R. L. Price, A. G. Hall, Mrs. J. I. McDowell.  
 Roads: Joye Fisher, J. O. Rosser, Sam Eason.  
 Membership: Willard Sullivan, Pat Allen, Joye Stripling, Elmo Wasson.  
 New Enterprises: B. Reagan, Calvin Boykin, Fox Stripling, Albert M. Fisher.

**SEWER SERVICE EXTENDED RAILWAY SHOPS**  
 The City Commission met one of the requests J. L. Lancaster made during his recent visit here in a way that should merit his approval and has certainly won a reputation for quick action on needed improvements. On Sunday February 19, the Texas and Pacific Railway president J. L. Lancaster asked for sewerage service to be extended to the railroad shops. At eight o'clock the following morning the ditching machine and 20 men were making the necessary excavation for the line; on the following morning pipe was being laid. According to City Manager Montan the work will be completed and the service connected within less than a week after the request was made.

Mrs. Guy Cravens has been on the sick list the past week.

**MRS. HOLDSCLAW SELLS INTEREST IN LAUNDRY**  
 Mrs. E. E. Holdsclaw last week sold to S. R. King of Lamesa, her interest in the Big Spring Steam Laundry. Mr. King has moved to Big Spring and has taken over his duties in the laundry. He is an experienced laundryman, and will continue to give the customers satisfactory and prompt service. L. C. Holdsclaw and Mr. King are now partners in this progressive business.

Mrs. Holdsclaw has been in the laundry business in Big Spring the past thirty years. Always on the job, she has kept the ball rolling and has helped to work up one of the biggest and best laundry trades in West Texas. The work of the Big Spring Steam Laundry is known throughout West Texas, and they serve much of the territory around Big Spring.

It has been the policy of this concern to keep up with the times, and they have installed new machinery and invested much money to make their laundry one of the best equipped in the state. The latest machinery installed was a steam tumbler for drying the clothes.

A new Dodge delivery truck has recently been bought for use at the laundry.

In leaving the laundry, Mrs. Holdsclaw stated that she had been on the job so long, that it wouldn't seem right for her not to be there, but she was going to take a long needed rest.

**CARD OF THANKS**  
 We wish to thank our many friends for the kindness and sympathy shown us during the illness and death of our darling father and husband. We can't express our gratefulness, while time alone can heal our aching hearts for the loss of our loved one, but it is in the sad hours like this when kind friends are most needed and appreciated, and we thank each and every one from the depth of our hearts. Signed,  
 C. E. Prather, Maude Prather, Mrs. D. D. Crow, Mrs. C. R. Hutchins, Mrs. J. L. Crow, Mrs. Nora Barnard and Mrs. S. L. Prather.

Chicken remedies . . . . . Cunningham & Philips.

**BIG SPRING PLANING MILL TO HAVE LARGER PLANT**  
 Work on the erection of a frame building at 207 Gollad st. was started the fore part of the week, and when completed will be occupied by the Big Spring Planing Mill. D. E. Cook, contractor and builder, was awarded the contract for the erection of the new plant, and work is progressing rapidly. Mr. Lechne proprietor of the Big Spring Planing Mill, recently bought the property at 207 Gollad st., 40x150 feet. The residence located on this lot, occupied by David Orr, will not be moved, but the new building will be erected on the property adjoining it.

The Big Spring Planing mill will be moved into the new building upon its completion, and new machinery and equipment will be installed. According to Mr. Lechne this will be one of the best, if not the largest, planing mill in this part of the state, when completed. This business has grown quickly, having opened for business in Big Spring about a year ago. Because of the excellent quality of work turned out, and the satisfaction accorded the customers, they continue to enjoy prosperity and the business continues to grow.

J. W. Shives is reported as being very low with very little hope for his recovery. —Columbia Citizen.

Herald want ads get results.

**THE COYOTE IS DOOMED**  
 The vast domain in this part of Texas being put under wolf proof fence spells the doom of the coyote. Hunters and trappers have destroyed vast numbers of these pests during the winter.

When a coyote is killed and skinned, his carcass is usually hung on the nearest fence. This is done as a warning to other wolves. In driving along some of the pasture fences west of here one may see dozens of them hanging on the fences. Sometimes it is not convenient to do this, and the trapper piles them up. We counted sixty-two wolves in one pile that had been divested of their furry coats. If this destruction keeps up (and it must) one will have to go East Texas to see a coyote.

The coyote is not good to mix with sheep and goats. He is doomed to go the way of the tick, prairie dog and other pests in West Texas.—Sterling County News Record.

**ANNOUNCEMENT**

We want to announce to the citizens of Big Spring that we have opened for business this week and now have on display a broad line of New Electrical Fixture Designs and the newest beautiful creations.

**TROPHIES DONATED FOR WINNERS AT MEET**

A fine list of trophies have been donated by the merchants of Big Spring for the winners in the Howard County Meet that is to be held in Big Spring on March 31st. Six silver loving cups and thirteen gold medals will be presented to the winners of the following events:

Boys debating team—A loving cup donated by Clyde Fox Drug Company.

Girls' Debating team—A loving cup donated by H. L. Rix of Rix Furniture Co.

Junior Boys' Playground Ball Team—A Loving Cup donated by Cornelson Bros. Tailors.

Junior Girls' Playground Ball Team—A Loving cup donated by Collins Bros. Drug Store.

Mile Relay Winner—A Loving Cup donated by Uncle Walt Smith.

All Around Championship—A Loving Cup donated by Mr. G. L. Wilke, Jeweler.

Besides, medals will be given for the winners of each of the following:

Essay writing in Class B, Rural and Ward School Divisions.

Extemporaneous Speech.

Declamation in eight divisions: Class B, and Rural schools, Seniors and Juniors, Boys and Girls.

The medals were provided through the kindness of the following individuals and firms:

W. R. Parser and Sons, Furniture.

J. D. Biles, Druggist.

B. Reagan, Pres. West Texas National Bank.

C. Eberley, Undertaker.

City Drug Store.

Victor Mellinger Dep't. Store.

J. R. Creath, Furniture.

Williams Dry Goods Co.

These medals and cups have been ordered and will be on display in the windows of some of our business houses in the near future. The honor attached to the winning of these cups depends upon the fields from which it is won. Begin now to groom students for entry into every event. Winners of events other than those named above will be rewarded with a ribbon, and our belief is that we will have the best meet we have ever had. Let's get busy.

**GET YOUR BUTTER-NUT BREAD AND CAKES AT YOUR GROCERY. FRESH EVERY MORNING.**

H. E. Miles, after a visit in the city with Mr. and Mrs. A. T. Lloyd returned to his home in Marshall, Texas, Monday morning.

**"HOME BEAUTIFUL" TO BE ERECTED**

"Home Beautiful" there is one in every city of any size, and now Big Spring is to have one.

The Life Investment Company has furnished the lot, an ideal one in the Edwards Heights Addition.

Carter Bros. builders and contractors will erect the home, work on same was started Wednesday of this week.

The home is being financed by E. J. Berry, representative of the Continental Savings and Building Association.

The plans and specifications were drawn by W. H. Dooley and Co. architects.

The Home Beautiful will be furnished by the Rix Furniture Company.

The Texas Electric Service Co. will install the electrical fixtures.

The materials for the Home Beautiful will be furnished by the H. H. Hardin Lumber Co.

Estimated cost is given at \$12,000.

The home will be a six room brick residence, with every modern convenience. It will have a tile bathroom, all features will be built in. A John-Manvill roof will top the Home Beautiful.

A formal opening will be held as soon as the home is completed. The house will then be offered for sale.

Plumbers and other contributors have not been received but will be solicited and announced soon.

**W. B. SNEED ASKS FOR RE-ELECTION**

We are authorized to announce W. B. Sneed as a candidate for re-election to the office of County commissioner of Precinct 4 of Howard County. He announces subject to the action of the Democratic primary July 28 and his name appears in the announcement column of the Herald.

Mr. Sneed has carried out his promise to make Precinct 4 a faithful and hard working commissioner performing all the duties to the very best of his ability—and from all accounts his services have been satisfactory in every way.

If re-elected, he will continue to serve our county honestly and conscientiously and on this platform he asks for your support and influence.

He will appreciate your vote and good will so remember his candidacy when casting a ballot for County Commissioner of Precinct 4 in the July primary.

**CONTRACT FOR KING BUILDING TO BE LET**

The contract for the erection of a brick building, for W. R. King, on his property at the corner of East Third and Johnson streets, will be let soon. The plans call for a one story brick building 75 by 100 feet, with a Spanish style front. The new building will be used for display and salesroom for the King Chevrolet Company. Approximate cost of the building is given at \$18,000.

Work of grading the lot and making preparations for the foundation are underway this week.

A parts department and repair shop will also be conducted in connection with the sales and display room.

Mr. and Mrs. Raymond Dunnagan spent Sunday in Roby visiting Mrs. Dunnagan's parents, Mr. and Mrs. C. E. Lytle. Mrs. Lytle who has been quite sick, is reported to be much improved.

Bluebonnet Electric Company, Everything Electrical. 231f.

**L. O. O. F. ENCAMPMENT ORGANIZED**

Big Spring L. O. O. F. Encampment No. 151 was organized last Saturday night. Tom Staples of Odessa acted as installing officer and 35 candidates from Stanton, Knott and Big Spring had the three degrees conferred on them.

The ceremonies started with a fine banquet at the Busy Bee Cafe at 7 p. m. and the members were served a midnight lunch at the Busy Bee.

The following officers were selected at the close of the installation ceremonies:

W. A. Prescott, Chief Patriot; L. E. Crenshaw, Senior Warden; Hogg Coots, Junior Warden; O. J. Welch, Secretary; Dee Foster Treasurer; Rev. Summers, chaplain.

The Encampment will meet once each week.

L. E. Crenshaw, Lloyd Galley and O. J. Welch had to bear the heavy part of the initiatory work, according to their statements.

**A CITY DIRECTORY FOR BIG SPRING**

T. H. Hudspeth, manager of the Hudspeth Directory company of El Paso, recently spent several days in Big Spring arranging for a City Directory of this city. Mr. Hudspeth stated that the canvass for the new directory will commence next week, under the supervision of Barney Kane, who will be assisted by at least two other men.

The Hudspeth Directory company has been making city directories in Texas and New Mexico for many years. They publish directories regularly for El Paso, Amarillo, Lubbock, Sweetwater and many other cities.

The Big Spring Directory will contain a Miscellaneous Directory, a Street Guide or Householders Directory and a Classified Business Directory. The names of all residents over sixteen will be listed and the occupation or business connection of each person will be shown. A thorough house to house canvass will be made of both the business and residence districts. It is to be hoped that the citizens of Big Spring will cooperate in furnishing the data required to the end that the directory will be as accurate and complete as possible and thereby make a good showing for the city. The directory is scheduled to be issued

Herald want ads get results.

**GINNERS TO ATTEND SWEETWATER MEETING**

W. Homer Shanks, president of the Texas Ginnners' Association is requesting all ginnners in the area affected by the new pink boll worm outbreak to attend the meeting Saturday at Sweetwater, in order that the ginner's interest may be protected should any of the territory be declared a non-ention zone.

Some of the most valuable property in the South is located in this section and would be rendered useless during the period of zoning.

There is no question Shanks thinks, but that the ginnners will be glad to cooperate in the work of eradication by installation of fumigation and heating machinery similar to that used in the El Paso irrigated valley for several years in combating the pink ball worm.

Lon J. Geer of Sweetwater, district manager for the West Texas Electric Co., was a business visitor in Big Spring last Saturday.

H. McGowan of Abilene was a business visitor in Big Spring this week.

We want to buy your country produce.—The White House.

**CARTER BROS. BUSY ERECTING NEW HOMES**

Carter Bros. builders and contractors, who received the contract for the erection of the community clubhouse, have several new homes under construction.

They were awarded the contract for the erection of a handsome brick home for Mr. and Mrs. N. W. McCleskey in Edwards Heights. Work on same was started this week. This home will be one of the finest in the city when completed, having all modern conveniences and improvements.

A brick veneer residence and a frame residence are also being built by Carter Bros. in College Heights. These houses will be for sale or rent.

We had another one of those near rains Tuesday morning. Even the old weather sharks know we were going to get an old time soaking rain but after "getting all set" the clouds found another section to visit and left us high and dry—nearly. We certainly could use a real rain in this neck of the woods.

Onion sets and seed potatoes.—The White House.

Mrs. E. R. Watts has accepted a position as cashier with the Bankhead Cafe.

**"FORTUNATE CALLS INDEFINITELY POSTPONED"**

The play, "A Fortunate Call," scheduled to be given at the Center tonight, Friday, February 28th, has been indefinitely postponed on account of the sickness of some of those who were to participate. The play will be given sometime in the future, announcement as to date given later.

**The Meriwether Oil Co.**  
 is now rigging up and will spud in February 29

Friends you have been reading about it. We have laid the cards on the table.

Do you realize this is McDowell No. 7? Did you ever stop to think what caused all these wells to be drilled and what it costs to drill them, and do you know they are an asset to Meriwether Oil Co. There is not a doubt in my mind that there is a big pool where we are going to drill and the structure is as near defined as it is possible to be.

We are undertaking to and are going to do what many have said to be the impossible To make a real speedy success we need your moral and financial support and we have several reasons to expect it.

- 1 We have a clean little company and economically managed.
- 2 We have every reason to believe we will get a big well and make you a lot of money on your investment.
- 3 If you are a banker, merchant, farmer, ranchman or in business of any description from a peanut stand on up or a workman of any description you will profit many fold when this pool is uncorked. And friends we are going to do this thing. Just look around and see what oil has done for Big Spring. More oil will do more for your city and country and keep this in mind. The Meriwether Oil Company is going over the top.

Read this over again and get in touch with either of the following men, they will take care of you and furnish you with any other necessary information:

Mr. W. J. Wooster, 507 Main Street; Mr. Balenforent, Fox Stripling's office room 1, West Texas National Bank Building; Mr. Bob Taylor, Crawford Hotel; Mr. V. H. Flewellan, Phone 433 W.; Mr. F. E. Dano Phone 483; Chas. Nelson, Phone 9003 F 2.

**See Crosley's ICY BALL**

The Mechanical Ice Man Insures Refrigeration for the ranch, farm or city home. The "Icyball" is new. We presume that you have never seen one until now. 113 W. First Street and see one in operation.

The Icyball not only keeps the food compartment cold, but dry and crisp as well. No electricity is necessary. It may be used in a place where there is a cook stove or a campfire.

The Icyball can be used anywhere. In the city home, on the farm, in the summer cottage or in the wilds of Central Africa.

In the city it not only reduces the cost of keeping the food cold as compared with the cost of ice, but it eliminates the bother of getting the ice, the muddy tracks of the ice man and the nuisance of emptying the drip pan.

It also effects a saving of from eight to twenty cents a day in the average home.

In the country, it is a God-send.

It permits several days' supply of meat to be purchased and kept fresh and wholesome.

The Icyball requires no service. There are no moving parts. There is nothing to get out of order. It is unnecessary to replace the liquid with which the Icyball is charged.

See the Icyball now on display at 113 W. First Street.

**PROGRAM FOR WEST TEXAS DRUGGIST ASSOCIATION**

The program has been arranged and all details set for the semi-annual convention of the West Texas Retail Druggists association, which will be held in Big Spring March 13 and 14, and this will be a gala convention for the West Texas Pill Rollers, according to Shine Phillips, local druggist. "Something for everybody" has been the term used to describe the program that has been arranged for this meeting, and it is a knockout. The committee plans to cram a lot of carefree, restful and inspiring recreation into this meeting.

The Sweetwater Musical Gypsies now of Southwestern fame, will be on hand to furnish their part of the entertainment, as well as many other artists. Alvin Owsley of Dallas and many other druggist leaders of the southwest will form the nucleus of a very educational program. The program as arranged is as follows:

**Tuesday March 13**

Welcome address—James Little, County Attorney.

Response—John B. Ray of Abilene.

Musical skit—Sweetwater Gypsy Girls.

President's address—Lawrence Davis, Sweetwater.

Solo—Lois Cochran and her Sextette.

Address—Alvin Owsley.

Reading—Alice Graham Bishop.

"Soda Fountain Operation"—Roy H. Crane, Dallas.

"I Walked Back from the Buggy Ride"—Gypsy Girls.

"The Modern Drug Store"—Lawrence Thomas Hays, Dallas.

Dance—Wanda True, Winona Taylor and chorus of Big Spring girls.

"The Drug Store of Tomorrow"—Jim Penland, Waco.

"I Ain't That Kind"—Sweetwater Gypsy girls.

The semi annual banquet will be given Tuesday evening at 7 o'clock, Judge Charles T. Coombs of Stamford, official toastmaster, followed by a dance at 9 p. m.

**Wednesday, March 14th**

The meeting will be opened Wednesday morning by H. W. Stanley of El Paso. Address by V. Earl Earp, Sweetwater.

"Efficient Salespeople"—Flake Williams, Dallas.

Music.

Drug Store Merchandising—Tom Coulson, Dallas.

Popular songs.

Pian Selling—Wade H. Lewis San Antonio.

Novelty musical numbers.

Address—Ben J. Young, Cisco.

Round table discussion led by Jerry Waggoner of Hamlin, Texas.

NO. PLATES FOR AUTO-MOBILES HAVE ARRIVED

A shipment of automobile plates has been received by the Sheriff's department, and also plates for one ton trucks have been received. Those who have registered their automobiles and have received their receipts are requested to call at the Sheriff's office and get their plates. Each one is requested to bring his receipt with him, so that the number can be placed on the receipt. Those who desire license plates for one ton trucks are also requested to call at the office and get them. If you have registered your truck, please bring your receipt so the number can be placed on it.

DIES ENROUTE TO CALIF.

Relatives in this city have received the sad news of the death of Charles Bishop of Spring, Missouri, at Almagordo, New Mexico. Mr. Bishop, with Mrs. Bishop, were enroute to California, hoping that the change of climate would be beneficial to his health. Mr. and Mrs. Bishop visited Mr. and Mrs. Caa Powell, and Mr. and Mrs. J. O. Tamsitt in this city several weeks ago, and his death came as a shock to them. The remains were sent to his home in Missouri for interment.

**DAVID CROCKETT PROMOTED TO ABILENE STORE**

David Crockett, advertising man for the Acorn store in Big Spring, has been promoted to a position with the Acorn store in Abilene, Texas. He left Saturday night for Abilene, to assume his new duties. Mr. Crockett has been with the Acorn Stores only a short time, but because of his diligence and interest, he has won this merited promotion. He has made many friends while he has been in Big Spring and he will be missed but the good wishes of his friends go with him to his new post.

Succeeding Mr. Crockett in the Big Spring store is D. H. Butler of New York City. Mr. Butler arrived the latter part of last week, to make his home in this city.

**J. W. CARPENTER ASKS FOR RE-ELECTION**

We are authorized to announce J. W. Carpenter as a candidate for re-election to the office of Public Weigher of Precinct 1 of Howard County. He announces subject to the action of the Democratic Primary, July 25, 1928 and his name appears in the announcement column of the Herald.

Mr. Carpenter needs no recommendation, and is known to almost every voter in Precinct 1. He has given his full time to performing his duties and no one could render a more satisfactory service. If honored by re-election it is certain that he will continue to stay on the job early and late in order to accommodate the cotton growers. Mr. Carpenter is cut out for this job and since most everyone is satisfied with his services you will make no mistake in re-electing him.

The voters of Precinct 1 are requested to remember Mr. Carpenter's candidacy when casting the ballot for Public Weigher of Precinct 1 in the July Primary.

**MANY NEW HOUSES BUILT IN BIG SPRING**

Big Spring, Feb. 26.—The building of homes in Big Spring has taken on a new spirit since January 1. There are between 75 and 100 under construction at this time. Main street claims the honor of having more homes in process of construction than any other street, there being 26 in number. The better type of homes are much in the majority brick being used more by present builders than at any previous time.

In Edwards' Heights, a residential restricted addition, there are ten homes either in process of building or for which plans have been drawn. All will be of brick.—Abilene Reporter.

**EPWORTH LEAGUERS TO GIVE PLAY TONIGHT**

The Epworth League of the First Methodist church will present a play, "Mr. Bob," in the basement of the First Methodist Church this evening, Friday, beginning at 8 o'clock. Mrs. V. H. Flewelen is directing the play and members of the league compose the cast of characters. This is said to be an exceptionally fine play and you are sure to enjoy the entertainment. Tickets are now on sale, children 25c, adults 35c. Secure yours early and be there.

**INFANT OF D. BETHARD DIES**

Funeral services for the infant of Mr. and Mrs. D. Bethard who live in the Jones Addition were held at 3:30 o'clock Saturday afternoon, in the chapel of the Rix-Griffith mortuary. Rev. W. G. Bailey conducted the services. Burial in Mt. Olive cemetery.

Their friends extend to them deepest sympathy in the loss of their precious baby.

**BUILDING PROGRAM GETS BOOST**

If the city is able to meet the conditions submitted by the T. and P. Railway officials there will be a million dollar building program to follow.

**PERSONALITY IN TOWNS**

The instinct for imitation is the antithesis of individuality. Whether in humans individual or humans collective, standardization of viewpoint or conduct is as undesirable as duplication of physical features, and vice versa. Character and ideals may set the standard, but slavish conformity thereto, would bring the race down to the level of the missing link—if any.

"Keeping up with the Joneses" tends to destroy initiative and inhibits the development of distinctive personality. It is bad enough in human units, but worse in human groups. Cities look to the White Way and the skyscrapers of New York for their pattern, and small towns set their ambitions by the clocks of the neighboring cities.

What we seem to overlook is that a town or city has, or may have, a "personality" of its own that sets it off from others as distinctly as the breezy Westerner is distinguished from the taciturn New Englander. Towns and cities should cultivate their distinguishing points more assiduously, instead of trying to ape those in the next higher population column.

Recently some misguided Fort Worthian proposed to squelch the nickname "Cowtown" which is at once a term of endearment and a mark of distinction which sets Fort Worth in a class by itself. Less recently a San Antonio newspaper complained that "San'one" was lacking in dignity and its use should be resented by modern residents of that beautiful old city.

Truth is, the traditions of a town are worth more to it in the hearts of the people than skyscrapers. If, like Fort Worth and San Antonio, a city is fortunate

**HOMELY TRADITIONS**

The richest heritage handed down from parents to children is not the "adjoining eighty" bank stocks, the five hundred in gold the old home place, but the homely traditions—the things which no official paper may give or take. The birthday cake, the fishing party, the family romps after supper, candy making on rainy days, the swing that father made, the songs that mother sang!

Singing mothers. From Mother Goose play songs for the little ones to tender love songs for the romancer, mother is the efficient handler of the magic tool of music that will weave a spell of contentment in any home. The swaying tunes our mothers taught us set even grown ups a-dreaming. A singing mother is a sure sign of a happy home. It indicates that she is treating home-making as a profession, and is happy at her job. As she prepares the satisfying menu which ranges from meat to bonbons, she supplies a music diet of wholesome nonsense, beautiful thoughts and tunes and quiet reverence. Incidents in the kitchen studio where we learned the songs our mothers taught are among our fondest recollections.—Holland's Magazine.

Looks like the saturation point in the establishing of filling stations will not be reached until we have a filling station for every automobile.

enough to own a sobriquet which comes from the hearts of its admirers, like a pet name for a beloved child. It should inscribe that name on banners rather than discourage its use.—Holland's Magazine.

**THERE IS A DIFFERENCE—**

The crying, urgent need of independent oil producers and refiners for some sort of organization whereby they can give voice to their stands and viewpoints on vital subjects again is demonstrated by the Teapot Dome scandal hearings before the Senate committee.

The uninformed press and editorial voice of the nation are saying that the "oil industry" is trying to conceal facts and that the "oil industry" should clear its skirts.

What they should be saying is that the Standard Oil is the interest at fault. And when the Standard Oil group is a very large part of the American oil industry it is a long, long way from being all of it!

Simply because Stewart, O'Neil, Blackmer, et al, defy the government and manifest the "public be hanged" attitude is no reason whatever for saying that the "oil industry" has such an attitude.

The trouble is that all the voices of the oil industry which the public hears are big interest voices. The American Petroleum Institute, for example, re-electing such fellows as Sinclair and

Doheny to its board of directors no more represents the whole oil industry that it represents the great Lama of Tibet. And the utterances of the various big oil men as published are similarly "representative."

The independents in the oil industry are on the side of justice. They simply lack some way of saying so. Just as much as anyone else in this nation they

want to see and if the powerful voice when involved it was made

**KING BUYS LAUNDRY AT BIG SPRING**  
Frank B. King who owns and operates the Lamesa Laundry, has bought the Big Spring laundry, Big Spring, Texas. Mr. King is one of the youngest and most progressive laundry owners in West Texas, taking over the Lamesa Laundry when it was doing very little business, and has made a remarkable success of that plant.  
He now succeeds L. C. Holdclaw and wife at the Big Spring Laundry, who have been operating this plant for more than 30 years. King is taking the active management of this new venture and predicts a wonderful future in the operation of this laundry as Big Spring is a fast growing city of West Texas.—Lamesa Journal.

**Three Wells Show Out Oil**  
Three more Winkler County producers were showing cut oil Saturday while there was a new outbreak of surface water spoiling several wells essential for drilling operations and flowing around the pipe in producers.  
Atlantic 1-D Hendricks showed .8 per cent water. It is in section 41, block B-5, two locations south of Atlantic 1-E in which the appearance of water and basic sediment caused it to be pinched after it had flowed open for ten days, averaging 10,000 barrels daily. Independent No. 1 Vardeman heretofore was the farthest north well and the highest structurally to show cut oil. Twenty per cent water and basic sediment appeared in Maxwell & Turman No. 7 Hendricks in section 29, after it had topped the pay at 2,730 feet.  
Water wells began flowing and surface water issued from around the pipe in producers in the east central area after Humble 3-A Hendricks an 80,000,000 foot gasser in section 34 was pinched.—Dallas News.

Castor oil, it's a necessary oil ..... Cunningham & Phillips.

**NEAR DEATH FROM CAR ACCIDENT**  
Suffering from a crushed upper jaw, deep wounds on his head and face, and probable loss of his left eye, D. E. Kilgus was almost killed Wednesday night about nine thirty on the Carlisbad Highway, ten miles north of town, when his car, which he was driving, was struck by timber which it is alleged, lay crossways on a passing truck, not allowing sufficient room for safe passage, according to information.—Pecos Enterprise.

Herald want ads got results.

**THE BOLL WORM AND BULL**  
Funny things are happening. Here we have Governor Moody, and a bunch of governors over in Mississippi suggesting that laws be passed to force the reduction of cotton acreage. And then we have a bunch of U. S. and State bugologists suggesting that a non cotton zone be established in West Texas so more cotton can be raised elsewhere. Queer isn't it? Why not let the farmer and the Pink Boll worm fight out the cotton reduction problem. Why destroy the Pink Boll worm when you don't want too much cotton planted. They must not have much faith in the Pink Boll worm's ability to outwit the farmer.  
Let the Pink Boll worm and the Boll Weevil attend to the problem of cutting down the cotton acreage, and we won't have to pass any laws forcing a fellow to plant less cotton.  
They have erected a monument to the boll weevil in Georgia and there is no denying he has been a friend to West Texas. Who knows but West Texas may, in time to come, erect a monument to the Pink Boll worm.  
They have been raising cotton to the West of us in spite of Mr. Boll worm and most of our folks believe he can be controlled without any quarantine.

**RAILWAY TRAFFIC CONTINUES TO INCREASE**  
Many were of the opinion that the Texas and Pacific Railway business reached the peak in December when more than 300 trains handled in excess of 30,000 freight cars in and out of the Big Spring terminal. Such is not the case, however, as more cars were handled here during the first twenty days of February than during the entire month of December.  
During the period between February 1 and 20 inclusive 31,000 cars were handled in and out of Big Spring, and it has been a dull day when they did not handle from 15 to 20 freight trains in and out of Big Spring.  
If more locomotives could be secured the company would be able to show a continued increase in the traffic handled.  
Our farmers say Big Spring folks had better work up an appetite for black-eyed peas for they will be just about legal tender for our county if they put us in a non-cotton zone.

**REV. FRANK STEEDMAN TALKS AT H. S. ASSEMBLY**  
 Rev. Frank H. Steedman, rector of St. Mary's Episcopal church, gave an interesting talk to the students of the Big Spring high school at assembly held Wednesday morning. Washington's birthday anniversary, Washington, the Father of our Country, the first President of the United States, the boy who cut down the cherry tree, and could not tell a lie—it was this man about whom he talked. Even though he suffered defeat many times, having lost more battles than he won, Washington had the perseverance to keep going, and he arose to the occasion when the time demanded, and won the day. The students enthusiastically received Rev. Steedman's talk, which was interesting and carried a message to its listeners.

Several musical numbers by the High School Glee club were other features of the morning assembly. "The Star Spangled Banner" was sung by the audience and the entire student body stood erect, while this our national anthem, was being sung. "America," "Yankee Doodle," and "The Battle Hymn of the Republic," were other songs appropriately sung on this occasion.

T. F. Huggins principal of the High School also said a few words in tribute to Washington, the great patriot.

**SCHOOL NOTES**

Rev. Van Kirk, a world traveler gave an interesting talk to the students of the High School at the assembly period Monday morning. "World Peace" was the topic of Rev. Van Kirk's talk, he being a prominent advocate in this big movement, and has made two trips around the world in its interest. He has designed a world flag that is being considered for adoption.

Many of the boys in High School are coming out for track and are getting in some good practice. Those coming out for baseball are working out their arms and getting in shape for the team, when the season opens.

The class in commercial law, being taught by D. L. Barnes, director of the commercial department in High School, visited District Court Wednesday to observe the proceedings. Martin vs. Martin was the case being tried. Commercial law is considered one of the most practical courses offered in High School, especially for students who intend to engage in the practice of law. It was introduced last year and is proving a popular course.

More than fifty inquiries have been made concerning the sale of bonds, recently issued for the remodeling of the High School building, and other improvements to be made. One inquiry came from New York. Others continue to come in. The bonds will be sold within the next few days.

It is a violation of a board regulation to drive automobiles on the school ground. Those visiting the schools are requested to make note of this and comply with same.

**VISITS EL PASO**

**SCHOOLS WITH ARCHITECT**  
 P. B. Bittle, superintendent of the city schools, and E. W. Hamburger, representative for Trost and Trost, architects of Big Spring and El Paso, left Thursday night for El Paso, where they will spend the next few days, inspecting the El Paso schools. Trost and Trost have prepared the plans for the proposed High School building for Big Spring, and it has been their suggestion that Mr. Bittle visit the El Paso schools and spend several days in their offices in El Paso, to work with the architects on the new building for Big Spring. Working in conjunction the architects and school authorities assure the citizens of Big Spring the very finest school building in the state for the money, and one that will fill the needs of the school for years to come.

In order to re-ice the thousands of car loads of fruit and other perishable products at the Big Spring re-icing plant it was necessary to ship in more than 100 carloads of ice here it is said. It will not be necessary to ship in any ice when the new ice plant of the Southern Ice Utilities Company is completed.

Cards to send for any occasion . . . . . Cunningham & Phillips.

**CEMETERY ASSOCIATION MET TUESDAY AFTERNOON**

Only a few were in attendance at the meeting of the Cemetery association held in the County Court room Tuesday afternoon. Either because of the disagreeable weather or lack of interest, the members failed to attend. The election of officers was to have been held, but the crowd was insufficient and the election postponed.

Plans for the future were discussed. It was decided that several men would be hired within the next week or two to give the cemetery a thorough cleaning.

It is a difficult task to get the people interested in the Cemetery Association, what they are doing, and to support it as it should be. Those who have loved ones buried here should be willing to help, and everyone should be interested enough to give financial support to its upkeep. As long as the citizens pay their dues, the work will be kept up. A sexton will be employed and his salary paid but when funds are exhausted, the association will have to disband. It would be a pitiful plight for all of the good work that has been done, to go to rack and ruin because of the lack of cooperation from the citizens. The same few loyal ones have been doing this work for years and years, and they feel that it is time for new ones to be joining hands and helping out in this work. The Association will keep together and continue to operate as in the past provided everyone pays his Cemetery dues—but when there is no money, the good work will have to stop. Then each individual will be personally responsible for the upkeep of the graves. Pay your dues. Support the Cemetery Association.

**EPIDEMIC OF COLDS AND OTHER DISEASES**  
 It isn't an unusual thing these days to hear people coughing, sneezing, and suffering from the discomforts of colds. There is an epidemic of colds, "Flu," la Grippe, tonsillitis going its round—and those suffering from the same are cautioned to take care of themselves. Don't let your cold go long without treatment, it may develop into something more serious, pneumonia, diphtheria, etc. Other communicable diseases are evidenced in Big Spring. One of the best ways to avoid the spread of diseases is to avoid crowds. Remain away from crowded places where ventilation may be poor, or there is danger of becoming overheated, or catching cold. It is a pretty good policy to "just stay home."

Mrs. J. B. Young and brother Verd Van Gleson of Toyah were business visitors in Big Spring the fore part of this week, and were the guests of Mr. and Mrs. John Notestine. They returned to their home Tuesday morning.

Bluebonnet Electric Company, Everything Electrical. 231f.

**E. J. BERRY FINANCING MANY NEW HOMES**

E. J. Berry, representative of the Continental Savings and Building Association, reports a flourishing business since the opening of his offices in this city. From time to time we have given lists of the new homes financed by this company. We give below, a list of the new ones furnished us this week.

H. T. Finney is having a six room stucco residence erected at 405 Goliad Street. Mr. Finney recently bought this property from Fox Stripling Land Co.

E. C. Boatler is having his home in the Cole and Strayhorn Addition remodelled.

C. O. Smith this week moved into his new five room frame residence in Cole and Strayhorn Addition.

The five room residence of Alex Huffman in Cole and Strayhorn Addition has recently been completed.

C. V. McGee has let the contract for the erection of a five room residence in Fairview Heights. Work on same was started Thursday.

Louis Thompson has let the contract for a five room residence in Cole and Strayhorn Addition.

L. L. Courson is having a five room brick veneer residence erected in Fairview Heights.

J. M. Fawcett chief foreman of the T. & P. Shops, has let the contract for the erection of a 7-room brick veneer residence in Fairview Heights. Estimated cost \$10,000.

The J. and M. Construction Co. is erecting a six room brick veneer duplex for Zebb Womack on Scurry Street. Same is nearing completion.

**FOX STRIPLING LAND COMPANY SALES**

The Fox Stripling Land Co. reports the following real estate deals recently:

C. M. Grissom bought of Mrs. J. B. Young and Verd Van Gleson of Toyah a lot 100x140 feet on Scurry Street. Mr. Grissom in turn sold 50x140 feet to Odessa parties.

G. C. Potts bought of W. A. Gilmour a lot at 305 Bannels at Quinn and Boggs of Odessa bought of Jim Terry his residence on East Third Street.

Fox Stripling this past week sold to Mr. McAdams of Houston, a contractor and builder, 3 lots in the Stripling Addition.

Willie A. Byrd of Ross City, lot 8, block 2 in Stripling Addition.

F. E. Skinner, contractor and builder, bought 6 lots in Stripling Addition.

John Orr bought of Fox Stripling a lot at the corner of 7th and Goliad Streets.

GET YOUR BUTTER-NUT BREAD AND CAKES AT YOUR GROCERY. FRESH EVERY MORNING.

**FUNERAL OF GRANDMA STRICKLIN HELD SUNDAY**

Following the death of Grandma Stricklin early Saturday morning of last week her remains were laid to rest in the local cemetery Sunday afternoon after the funeral services had been conducted at the Baptist church at four o'clock by Rev. E. E. Mason assisted by Rev. Cochran.

At the funeral were Mrs. Stricklin's only children, a son, John and a daughter, Mrs. Young. A representative of the citizenship were present in token of their appreciation of her memory.

Nothing other than the tenderest condolence is extended to the bereaved ones by the publishers.—Coahoma Citizen.

Will Rogers says some of our Democratic senators are learning sense. They refused to vote for a real honest to goodness investigation of the power trust until the campaign funds are subscribed. Will thinks the Democrats will be as smart as the Republicans in another hundred years.

Miss Mildred King, who is attending Draughon's Business college at Abilene, spent the past week end in this city with home folks.

Bluebonnet Electric Company, Everything Electrical. 231f.

Warren Babb of Abilene was a business visitor in Big Spring this week.

**TEXAS ELECTRIC SEEL CO. ESTABLISHES DIST OFFICE**

(Continued from page 1)

Spring. He has been a strong believer in the future of our city and was ever urging improvements and betterments which would insure our city attaining and holding first place. His deep interest in the welfare of Big Spring was made manifest in many ways. When we were making a desperate effort to solve our water problem a few years ago, he tendered the service of the engineering department of the Texas Electric Service Co., and at no cost to the city. If a pole had been placed so as to inconvenience a citizen it was immediately removed when the complaint came to the attention of Mr. Geer. When the City Federation wanted electric light service extended to the Parrish Park it was extended without the usual road tape and delay. When the railroad company needed a power line extended to the shop or the city needed one out to the waterworks in quick time, the work was promptly ordered by Mr. Geer. His company was here to serve the best interests of the community was his theory, and there was no quibbling.

When the city was getting in the hole in trying to supply power for pumping the wells at the waterworks the electric company at the request of Mr. Geer purchased the costly machinery the city could well do without. His every act since he has been district manager proved that he was more than willing to work

hand in hand with the citizens and officials of the cities his companies serve; and due to his efforts and policies a friendly feeling has always existed between the citizenship of Big Spring and the Texas Electric Service Company. No corporation is so big that it can afford to flout the good will of the people it serves, and many another corporation would fare better if they had seen

Geer to know. A corporation no heartless as they have type is another the arbitrary many corporations. Big Spring to operate electric light

### BRIDGE DELIGHTFUL AFFAIR AT CRAWFORD

The anniversary of George Washington's birthday was the inspiration for a delightfully planned affair, Wednesday afternoon, with Mrs. A. E. Pistole, hostess, entertaining with a bridge luncheon. Invitations to twenty friends were issued to attend the luncheon at the Coffee Shop of the Crawford Hotel. Around an attractively laid banquet table in which the patriotic color scheme was elaborately employed, the guests found places. Red, white and blue streamers adorned the table, which was attractively centered with a cherry tree, miniature hatchet and a statue of George Washington on horseback.

A delectable five course luncheon, consisting of Grapefruit cocktail, lettuce and tomato salad, cream of tomato soup, and Tenderloin steak, creamed peas, new potatoes, buttered asparagus tips, hot rolls, Cherry pie, hot coffee and tea was served. Favors were blocks from the original cherry tree, filled with assorted nuts and candies.

Following the luncheon the guests adjourned to the Pistole home on Scurry Street, for the bridge games. Colonial maidens adorned the tables and score pads, and further emphasized the patriotic theme. Five tables of players found interest in the afternoon games, and a prize was awarded to the winner at each table. Mrs. Eddie Price was the successful winner at head table, and she received a dainty corsage. Mrs. B. Fisher was awarded a tie pin. Mrs. W. W. Inkman was presented with a corsage. Mrs. R. H. McNew received a string of beads and Mrs. G. W. Bean won a lovely brooch.

The guest list to this enjoyable holiday affair included: Mesdames J. D. Biles, J. M. Fisher, V. M. Martin Julian Eckhaus, B. Fisher, E. O. Ellington, C. W. Cunningham, E. O. Price, Jno. Clarke, R. H. McNew, J. J. Hair, M. W. Paulsen, O. L. Thomas, G. W. Bean, C. K. Bivings, A. M. Fisher, R. C. Strain, W. W. Inkman and Miss Patti Speed.

### MRS. MARTIN DELIGHTFULLY ENTERTAINS

The visit of Mrs. Margaret Altman of Healdton, Oklahoma, in this city occasioned a delightfully planned party last Thursday afternoon, when Mrs. Victor Martin entertained in honor of her house guest, at a beautifully planned party.

In a setting of rare charm, tables were arranged and bridge was the diversion of the afternoon. Interest was high in the play, and to Miss Zou Hardy went the high score trophy. Mrs. Altman was beautifully favored.

At the refreshment hour a delectable one course luncheon was served in a dainty way. The personnel of this delightful hospitality included: Mesdames J. M. Fisher, B. Fisher, Julian Eckhaus, J. J. Hair, T. A. Ashley, W. F. Cushing, Roger Gallemore, A. J. Gallemore, A. A. Williams, O. L. Thomas, Richards, A. E. Pistole, A. A. Williams, J. D. Oxshier, Fred Stephens, J. R. Copeland, Richard Schelg, C. F. Davall, Tounaley, Margaret Altman of Healdton, Oklahoma and Miss Zou Hardy.

### PIONEER BRIDGE CLUB GUESTS OF MRS. PHILIPS

Mrs. Shine Philips delightfully entertained the members of the Pioneer Bridge Club, Tuesday afternoon, having as guests three tables of players.

Mrs. Bernard Fisher was successful in making high score in the games of the afternoon among the club members. Mrs. G. L. Wilke made visitors high scores.

### DELIGHTFULLY ENTERTAIN AT BRIDGE

A very lovely evening party of the week was given at the pretty country home of Mr. and Mrs. Marion Edwards, south of Big Spring, Tuesday evening, with Mrs. Edwards and Mrs. Steve Ford entertaining the members of the I-Deal Bridge club, their husbands and a few guests. The evening entertainments are given every other month with two of the club members hostesses.

A George Washington theme was beautifully expressed in all of the details of the party by the use of patriotic colors, emblems suggestive of Washington hatchets, cherries, etc., and these were brought to a fitting climax in the delectable four course dinner served.

The guests drove the Edwards home early in the evening. They were seated around daintily laid tables where the tempting repast was enjoyed. Bridge accessories were placed on the tables following the meal, and bridge became the diversion. High honor among the women was won by Mrs. Fred Stephens. V. H. Flewollen made high score among the men.

Those enjoying Mrs. Edwards' and Mrs. Fords hospitality were: Mr. and Mrs. G. L. Wilke, Mr. and Mrs. V. H. Flewollen, Mr. and Mrs. L. W. Croft, Mr. and Mrs. H. G. Lees, Mr. and Mrs. Renshaw, Rev. and Mrs. F. H. Stedman, Mr. and Mrs. Eddie Price, Mr. and Mrs. Ed Hatch, Mr. and Mrs. Fred Phillips, Mr. Steve Ford and Marion Edwards.

### PANTHER DRAW B. Y. P. U. SOCIAL PHILIPS HOME

The Panther Draw B. Y. P. U. had their monthly social Tuesday, the 14th at Mr. J. J. Philips. It was given in the order of a Valentine, leap year party.

Preparations were made for a large crowd but on account of sickness only a few were present, never the less those who attended had a fine time.

The house was appropriately decorated for the occasion. The games played were Matrimonial Agency, Feathers, Questions and Answers, and A. B. C. stunts.

At eleven thirty refreshments were served consisting of red heart shaped cakes and lemonade. After playing a few games everyone left, reporting a good time.—Reported.

### FEB. 24TH PARENTS' DAY—VISIT THE SCHOOLS

"Know your school."

### ANNUAL WASHINGTON TEA AT CENTRAL

The annual Washington Tea, Wednesday afternoon, February 22nd at 3 o'clock and as usual it was a delightfully planned affair, and over 100 guests in attendance. While the guests were assembling the Boy Scout band played several patriotic numbers. The members of the band were seated in a circle in the assembly hall, which was attractively decorated with flags, and festooned overhead with red, white and blue streamers. The guests were invited into the adjoining room to enjoy the afternoon program. Flags and other patriotic emblems gave this room adornment, and provided an appropriate setting for the program given on this occasion, in celebration of George Washington's birthday anniversary.

Standing at the entrance of the assembly hall, stood little George Washington and Martha Washington, daintily attired in Colonial costume. Billy Mercer, as George and Cornelia Frances Douglass as Martha in a petite costume and powdered curls, held the silver plate for the offering. A generous offering was received. P. T. A. hostesses who greeted the guests were Mesdames J. C. Douglass, J. P. Dodge, Fred Hopkins and R. T. Piner.

Following is the delightful program as it was rendered: Music by Boys Scout band. Piano solo—Mrs. Glaser. Reading—Margaret Bettle. Violin solo, Miss Evelyn Jackson. Reading, Emma Louise Freeman.

Piano duet—Mrs. Chas. Morris and Miss Roberta Gay. Reading—Emma Hale. Vocal solo, Mrs. Travis Reed. Reading, Jennie Dorine Rogers. Saxophone solo—Walter Deats.

Following the program dainty refreshments were served. A lovely table cover, white with red and blue national emblems, spread the table, which was centered with a Colonial vase, filled with beautiful American Beauty Roses. Mrs. Walter Douglass, daintily attired in a blue flowered costume with a pretty lace flounce, as Martha Washington, poured tea. Mrs. Ashley Williams, Miss Eleanor Antley and Mrs. Della Agnell, wearing red white and blue aprons, served wafers and tea to the 100 guests.

### ENTERTAINMENT FRI.

About \$50.00 was cleared on the entertainment given at the High School last Friday evening by members of the Central Ward P. T. A. and the West Side Circle of the First Methodist Church. A fine crowd attended the entertainment, which consisted of a play "Vera's Vacation" given by the pupils of the Central School, and some special musical numbers by Big Spring talent.

### EAST CIRCLE TO MEET WITH MRS. STRIPPLING

The East Side Circle of the First Methodist church will meet with Mrs. Fox Strippling, Monday afternoon at 3 o'clock. All of the members are urged to be present.

### P. T. A. COUNCIL TO MEET MONDAY AFTERNOON

A meeting of the P. T. A. Council will be held at 4 o'clock Monday afternoon at the Central Ward School building, Room 2. All officers of the P. T. A.'s are urged to be present. Mrs. B. Reagan, President.

### SPECIAL MUSIC AT FIRST BAPTIST CHURCH

There will be special music at the services at the First Baptist Church, both Sunday morning and Sunday evening. "I've Done My Work" by Carrie Jacobson-Bond, will be sung by Herbert Keaton, Sunday evening. Other special music will be given under the direction of Miss Lillian Hancock, choir directress.

### BAPTIST WOMEN MEET NEXT MONDAY

On next Monday afternoon, Feb. 27th, at 3 o'clock the women of the First Baptist church will hold their monthly missionary meeting at the home of Mrs. R. T. Piner.

A "Ruby Anniversary" program will be given, as they are celebrating the fortieth anniversary of the organization of the W. M. U. Auxiliary to the Southern Baptist Convention.

Following is the program: Hymn—"We Praise Thee, O God." Prayer of Thanksgiving for blessings on our Union. Devotional—Leader, assisted by other members. Prayer for our missionaries. Our Ruby Anniversary, Mrs. E. E. Mason, Associational Pres. Song—"Our Union is Marching On."

"A Missionary Mother"—Mrs. W. R. Douglass. "A Father's Letter to His Missionary Daughter"—Mrs. J. T. Mercer. Prayer—For Father and Mothers of missionaries. Vocal solo—Miss Hancock. Forty Years of W. M. U. History—Mrs. C. C. Coffee. Acrostic—Fifteen little girls and boys. Violin solo—Miss Jackson. Prayer part in the Ruby Anniversary—Mrs. W. W. Grant. Reading—Ruby Anniversary Ode—Mrs. J. A. Baggett. The Ruby Song. Closing prayer. Let each circle have a large representation at this meeting. Every woman of the church is urged to attend.

### CHEVROLET DEALERS AT-TEND DALLAS MEETING

Production at the Chevrolet Motor Company factories throughout the United States is running at the greatest clip on record according to W. R. King local Chevrolet dealer and L. B. Dempsey, Dallas manager, who recently returned from Dallas where they attended the annual Southwest dealer meeting. More than 600 dealers and banker associates attended the meeting which took the form of the most comprehensive sales presentation ever staged in the automobile industry. All addresses were illustrated in the form of playlets, depicting the proper procedure to be followed in the successful operation of a retail automobile business.

The meeting was held under the direction of D. E. Ralston, Assistant General Sales manager, who declared in the course of the day that Chevrolet production for the first three months of the year would exceed 330,000 units if the present schedule is carried through.

### WOMEN'S AUXILIARY WILL MEET MONDAY

The Women's Auxiliary of St. Mary's Episcopal church will hold their regular meeting at the Parish House, Monday afternoon at 3 o'clock. All of the ladies are urged to be present.

The Auxiliary met with Mrs. B. O. Jones, last Monday afternoon for study. Mrs. F. H. Stedman was leader.

### SOUTH SIDE CIRCLE WILL MEET MONDAY

The members of the South Side Circle of the First Methodist Church will meet with Mrs. M. L. Musgrove at her home on South Scurry street, Monday afternoon at 3 o'clock. All of the members are earnestly urged to be present.

### WOMEN WILL SOON OWN THEIR OWN CLUBHOUSE

Women of Big Spring City Federation will soon own their own clubhouse. Teams are at work raising funds for the erection of the community center, that will be situated on the site with the Courthouse and will consist of an auditorium with an approximate seating capacity of 200, stage, parlor, library, kitchen and rest rooms. The contract for the building has been awarded to Carter Brothers, builders and contractors. W. H. Dooley and Co., architects, drew the plans for the building. Approximate cost of the building is \$8,000.

The women of Big Spring have achieved and accomplished many worthwhile projects, following the state ideal of Federation women, and obtaining of the community clubhouse, is just another progressive step taken by the Big Spring women.

### CLUBHOUSE BUTTONS NET ABOUT \$450

The sale of Community Clubhouse buttons brought about \$450 and \$500. This sale was conducted in this city, beginning last Wednesday and ending Saturday, with Mrs. Joye M. Fisher, chairman of the team. A hearty response was given by the business men of the town, and following is a list of names to be added to the honor roll: \$10, Dr. L. E. Parmely, L. E. Lomax, A. C. Hayden, W. P. Edwards, Texas Electric Service Co., B. M. Fisher, Mrs. Mildred M. Jones, \$5.00—King Chevrolet, Acors store, Parser and Son, Pool-Red Co., \$2.50—Allen Grocery, Big Spring Hardware, Fox Strippling, Steve Ford, M. M. Edwards, T. F. Huggis, Vogue Beauty Shoppe, "M" System store, E. E. Fabrenkamp, Harper Transfer, Elmo Wasson, B. W. Allen. Many more buttons were sold for \$1.00 each.

Thanks is due all of those who contributed so generously.

### CHILD DINNER SAT.

### TROUGHT GOOD RETURNS

The Child dinner served by the members of the five Parent Teachers organizations of the city schools, last Saturday brought in about \$100. This money is to be used to help pay the expenses of entertaining the delegates who will be in Big Spring April 5, 6 and 7, attending the Sixth District meeting of P. T. A.'s. The dinner served in the new building of Lester Fisher's on West Third Street. The members of the P. T. A. wish heartily to thank Mr. Fisher for the accommodations accorded them, for the use of his building, and also for the generous donations of money. Such cooperations is certainly appreciated.

### PRESBYTERIAN AUX. NOTES

Next Monday afternoon at 3 o'clock, the regular February business meeting of the Auxiliary will be held at the church. Matters of importance will come up for discussion. All of the ladies are urged to be present.

### JUNIOR HIGH P. T. A. HAS GOOD PROGRAM

An interesting program was given on Tuesday afternoon at the regular monthly meeting of the Junior High P. T. A. Readings by Misses Purdie Mason and Georgia Owen were enjoyed. Miss Amerson gave an interesting paper on "Child Welfare." Miss Verbena Barnes delighted her listeners with interesting sketches from the life of George Washington, and she brought to light many intimacies with this great hero, that are not generally known.

Following the program, Mrs. Driver, president of Junior High P. T. A., presided at the business meeting. Mrs. B. Reagan, president of the P. T. A. council gave a short talk on the District meeting to be held in Big Spring, April 5, 6, and 7. Plans for this meeting were also discussed.

### MARRIAGE LICENSES

Frank Barnard of Knott and Miss Stella Mae Page—Feb. 18. Claud M. Redenbough and Miss Avo Lee Barnett—Feb. 18. A. J. King and Miss Dora Monroe—Feb. 18.

### 500 ATTEND PINK BOLLWORM MEETING

Realize the Situation is a Serious One Big Delegation Plans To Go To Sweetwater

Between five and six hundred farmers, business men, bankers, and men in all walks of life, many from out of town attended the meeting called to discuss the pink boll worm situation, held in the county court room, Thursday afternoon at 2 o'clock. The court room was filled to overflowing with men sitting on the floor, in the aisles, in the windows and out in the hall.

The meeting was called to order by C. T. Watson, secretary of the Chamber of Commerce. He stated the purpose of the meeting, that of discussing the pink bollworm situation as it would affect Howard county, and make plans for a representation to attend the meeting in Sweetwater on Saturday. L. E. Lomax was named chairman of the meeting and Fred Keating was elected secretary.

C. T. Watson read a report of a similar meeting held in Grand Falls. He also explained the attitude of the Chamber of Commerce toward the pink boll worm situation, stating that they favored the farmers interest first. They oppose a non-cotton zone. They feel that it would be disastrous to the country, and are unable to suggest any elimination without being disastrous.

Talks were made by B. Reagan, R. T. Price, T. S. Currie, W. B. Sneed, O. C. Bayes, Mr. Smith of Stanton, Ray Wilcox and others.

Mr. Gohson of the Texas Cotton Association of San Antonio gave an account of his trip into old Mexico in the Laguna district. He was appointed by Governor Hobby to inspect the pink boll worm situation in that territory. From the survey Mr. Gohson stated that it showed that 60 per cent damage was done by the pink boll worm. He stated that the seasons were about the same in that section, as here, except that we have more rainfall. He also realizes, that this is a serious situation.

Delegates to represent Howard County at Sweetwater were elected as follows: L. E. Lomax, R. L. Price, T. S. Currie, B. Reagan, Fred Keating, Ray Wilcox, O. C. Bayes, W. B. Sneed, J. O. Rosser, C. S. McCright and C. T. Watson.

A motion was made to have badges printed for the delegates to have the wording "Howard County" printed on them. The Secretary of the C. of C. stated that this organization would have the badges printed and pay for them. The badges can be secured at the C. of C. office today by noon.

The delegation will go to Sweetwater in cars, or by train. The Pink Boll worm situation was voiced as being serious, but there is much opposition to a non-cotton zone. If such is declared in Howard county or adjacent counties, West Texas will suffer a serious set back. It may cause many farmers to lose their homes.

### CITY FEDERATION NOTES

Affairs of the clubhouse are progressing nicely. The teams are at work raising their money. The contract has been let, and by next week we hope to be able to announce that definite action has been taken, and the actual beginning of the community clubhouse. A large majority of the 110 women have already sent in their money, and all of those who have their names on the honor roll are urged to turn in their money as early as possible to say of the Federation women.

## PLATFORMULATION.

Italy News-Herald: It makes no difference who is nominated on the Democratic ticket for President, all the voters will not be satisfied with the nominee. Al Smith will poll a large vote, and so will somebody else, but if a dry candidate is selected the wets will rebel and if a wet candidate is chosen the drys will complain, so there you are.

The Houston convention will be more wranglesome than the Kansas City convention. Democrats are less disciplinable than Republicans. The prohibition issue most certainly will involve the Houston delegates in a great deal of lung pressure and intellectual perspiration. The Kansas City convention will smooth over the prohibition issue. The G. O. P. platform will contain a plank which may be interpreted as dry in the dry states and wet in the wet states. The competing set of principles will exhibit a sore spot where the prohibition plank is supposed to be. There are many wet Republicans, but they will vote Republican regardless of the platform and nominee. The wet Democrats are far less dependable. If the wets of both parties were bold and deeply earnest they might come together and start a third party, a party frankly and simply wet. As everybody knows, the Volstead Law is the big issue. Yet both the old parties will try to minimize it. Both are afraid of it. Political courage is almost as robust as that of a bleating lamb. If State Press were called upon to write the Democratic platform—a call he does not anticipate—he would write a prohibition plank so plain in terms that even seafaring men would see it before they saw a lighthouse. He would even add a postscript advising all those who didn't like the plank vote the other ticket or go to Hoboken, whichever seemed to them the most consistent thing to do. The people like plain words. Why is there such timidity among politicians in speaking plainly? On the other hand, if S. P. were a wet he would make the platform so liquid the turtles could swim in it. Voters don't want dodging platforms. Why dodge?—S. P. in Dallas News.

## DON'T WASTE MANURE

Farm manure should be regarded as one of the most valuable by-products of the farm. Improper care of manure produced on the farm means the loss of many dollars from the farmer's pocket, every year, states R. P. Bartholomew, University of Arkansas, College of Agriculture.

This loss comes from the leaching and washing away of large amounts of the fertility of the manure. About 80 per cent of the phosphorus, potash, and nitrogen in the food eaten by animals is not used and is found in the manure. The largest part of the potash and nitrogen is in the liquid manure. Care should be taken to see that plenty of litter is used to absorb the liquid manure.

The only difference between good and bad handling of manure is a little work. Bad handling means throwing the manure out the closest window or door in the barn and letting it lie until ready to be taken to the field. Lying in a loose open pile exposed to the rain, much of the fertility is lost. The easiest method is to haul the manure to the field every day or so during the winter months. This method not only saves labor, but it also conserves fertility. All the fertility that is washed out goes into the soil.

## MICKIE SAYS—

WHAT HAS BECOME OF THE OLD FASHIONED MERCHANT WHOSE EXCUSE FOR NOT ADVERTISING WAS "THAT HE'VE BEEN RUNNING A STORE FOR FORTY YEARS AND EVERYBODY KNOWS HIM?"

The best method of storing manure in the open is to build an oblong pile or rick. The rick should be packed tight and have perpendicular sides. The top should be dished toward the center to catch the rain and prevent any loss by leaching. As the pile is built up the proper shape should be kept. Holding the water in the manure pile prevents too rapid decomposition and decreases the chances for losing nitrogen from the manure.

Every 1,000 pounds of livestock will produce approximately a ton of manure a month. The nitrogen, phosphorus, and potassium alone in every ton are worth from \$2.50 to \$4.00, depending upon the amount present. Besides here is the additional benefit of the organic matter, which is needed by most Southern soils, and

the value of which cannot be estimated in dollars and cents.

Conservation of hayrack manure means maintenance of soil fertility and the production of profitable crops.—Farm and Ranch.

## Very Soon

Good Hardware: "The time will come," shouted the speaker, "when women will get a man's wages."

"Yes," said a little man in the corner. "Next Saturday night."

WHITE SWAN LUNCHEON PEAS ARE

# Power and Light

BY ROVENA WRIGHT PHARES

The first of this tale is of bygone days  
Which our parents used to know—  
A story of times when the only light  
Was a lamp or a candle's glow;  
A story of times when the charcoal man  
Drove up and down the street  
And sold black stuff by the townsack full  
To burn for the sad iron's heat.  
Now these were the days of weary backs,  
Of eyes that grew dull and strained,  
Of blistered hands, long hours of work,  
And darkness on days that rained.  
But the latter part is a song of joy—  
A song of the New Today—  
When power is not a labored heart  
Nor muscles which work and play;  
When a woman pushes a switch for light,  
Has an iron with electric heat,  
And a vacuum cleaner to clean the rugs  
Which she used to sweep and beat.  
Now Electric Power is clean and cheap—  
It will serve one night and day,  
And it makes a home so easy to keep  
And a pleasant place to stay.  
It has brought us the gift of the radio,  
The cooling breeze of the fan,  
The curling iron, and electric range  
And the pad for the warming pan,  
The handy toaster, and waffle iron,  
A cabinet with frozen air  
That makes ice cubes for cooling drinks  
And preserves the food that's there.  
At a motion this modern genie comes—  
Like the one which Aladdin called;  
Just press a button—the hidden wires  
Are your servants when once installed.

**S. L. EVERHART AWARDED \$100 GOLD BY GEN. MOTORS**  
 S. L. Everhart, local Frigidaire dealer, was one of the 52 salesmen who received \$100 in gold for reaching his quota in the sale of Frigidaires the past year, and was presented a bag of gold at a regional meeting of frigidaire dealers, held in Dallas at the Adolphus hotel last Friday and Saturday. Mr. Everhart returned Sunday morning from Dallas, where he had been to attend the two day meeting, which was attended by Frigidaire dealers from five southern states, namely: Oklahoma, Arkansas, Texas, New Mexico and Tennessee.  
 Out of the 550 supervisors in the fields throughout the different states, only 52 men were awarded prizes. Mr. Everhart being among this number. Other West Texans receiving \$100 in gold were D. McCormick of Midland and R. E. Withers of Sweetwater.  
 After the \$5,200 in gold was distributed to the dealers from the treasure box, it was suggested that the chest be filled with orders. Orders amounting to \$900,850.00 were turned in at this time.  
 Besides receiving the cash awards each dealer received a \$250 diamond ring, for reaching his quota in the sale of frigidaires. These were presented them by the Fort Worth office.  
 To say that Mr. Everhart is proud of the record he has made the past year is expressing it mildly, and he aspires to a bigger and better one in 1928. Big Spring is to be congratulated upon having a live wire salesman such as Mr. Everhart, who is pulling to help put Big Spring on the map.

**A CANDIDATE WITH PERSONALITY**  
 This man Wardlaw, who is running for governor of Texas, and with grim insistence is declaring that Governor Moody will have to leave his office and defend his record if he is to hold the position for another 3 years, impresses one as somewhat unusual Texas politics.  
 In the first place, Mr. Wardlaw came into the race on his own initiative, and does not claim that the pressure of his hosts of friends caused him to enter politics and try to save the state from disaster. In the second place he is paying his own campaign expenses and indicates that he will not require any assistance from his friends. In the third place, while he is determined to oust Governor Moody from the executive office, he steadfastly declines to listen to the small gossip about the young governor and says he intends to stick to the important principles of government rather than to the inconsequential stories of youthful folly or ignorance. Incidentally Mr. Wardlaw has been warmly endorsed by Jim Ferguson, but does not seem to be especially excited about it. He says the cost of government in Texas is much too high, and that it is the business of the Governor to bring about a reduction. All the force of his logic and of his personality will be employed in appealing to the voters to give him an opportunity to effect economies, in the interest of the people of the state.  
 Of course, Mr. Wardlaw has about as good a chance of beating Governor Moody, if Moody makes the race for re-election, as Al Smith has of being made grand dragon of the invisible hundred-percenters. It may be of value to Texas, however, to have a dignified discussion of the costs of state government and a straight forward criticism of the existing methods of handling governmental affairs. His latter conduct may discount the impression he has made after a week or two of campaigning, but this man Wardlaw impresses one now as interesting, intelligent and sincere individual.

**CALLAWAY GETS 5 YEARS FOR ATTACK ON GIRL**  
 Lubbock, Feb. 17.—Found guilty of criminal assault upon a 11-year old girl, P. T. Callaway, 59, cotton compress executive and prominent churchman, was sentenced to five years in the penitentiary by a jury here today after 15 hours deliberation.—Abilene Reporter.  
 A mighty light sentence for a crime of this character. Had it been some poor ignorant devil he might have been sent to the electric chair or sentenced to serve a life term in the pen.

**WASHINGTON'S TASK**  
 February 2 marks the 156th anniversary of George Washington's birth and the annual observance of that important date calls forth the usual eulogies and discussions which serve to keep his memory fresh in the minds and hearts of his countrymen.  
 But the ordinary birthday oration generally fails to bring out many of the striking features of Washington's truly remarkable career. His achievements are duly stressed, but the seemingly insurmountable obstacles which he had to meet are seldom given the attention they deserve except possibly the story of Valley Forge.  
 It was Washington's lot to create an army out of most unpromising material; to supply and feed it from the most meager sources; to withstand the vicious attacks upon his policies and character by the infamous "Conway Cabal," which sought to depose him as commander-in-chief in favor of Gates, and to be hampered by antagonistic public clamor and the "impotence of the fugitive Congress."  
 His burdens were further increased by the difficulties of recruiting the treachery of Lee at the battle of Monmouth, the treason of Benedict Arnold, a revolt by Pennsylvania troops at Morristown and by a part of the New Jersey contingent.  
 In spite of all these and many other trying conditions Washington pressed on with grim determination until the arrival of aid from France in 1778 presaged a final victory.  
 After independence had been won fresh troubles arose thru dissatisfaction among the unpaid troops which led them to form a plan to overthrow Congress and erect new government a plan which was sternly represented by Washington. The breakdown of the government under the Articles of Confederation brought Washington from his retirement to take the lead in establishing a more stable system under our present constitution and to serve as President for 8 years, during which he faced vi-

**MORE HOOVER MEN ONLY**  
 Supporters of Herbert Hoover for president may take whatever comfort they can from a prediction by one Ed Bodin, an alleged seer of Plainfield, N. J. who gives some reasons for his forecast that Hoover will certainly be elected. This is how it is figured out:  
 The year is 1928, a number divisible by 8. The last figure 8, is also the year's "destiny number," which divided into the remaining figures 192 gives 24, and 2 times 4 is 8. All of which should be plain enough.  
 Now the 8th letter of the alphabet is H, so during the year H's will be prominent. Already we have seen the front page largely monopolized by Houston, Havana, Hearst, Heflin, Hickman, Hassell and Hotelling, not to mention Henry the illver king.  
 Consider that Herbert Hoover has two of the potent H's in his initials, and you have your answer.  
 Even if the idea doesn't work out, Mr. Bodin can express his disgust in one short word beginning with H.  
 Mr. and Mrs. T. Paul Barron of Midland are the proud parents of a baby boy who arrived to brighten their home Friday February 17th. The young man has been given the name of Charles Edmund.

**CHEAPER ELECTRICITY FOR ABILENE**  
 A reduction in the cost of electricity to all residential and commercial users in Abilene, meaning a saving of \$25,000 in the city a year was accepted by the City Commission of Abilene last Friday.  
 Following is the schedule of the new costs made by the West Texas Utilities Company:  
 Residences, apartments, flats and private rooming houses, 11 cents per kw hours per month, per room in each residence; 9 cents per next four kw hours, per month per room in each residence; 6 cents per kw hour per month for all above the two higher base rates. Commercial, 11 cents per kw hour for the first 30 hours use of the demand per month; 10 cents per kw hour for next 60 hours; 5c per kw hour for all above last rate.  
 Sup'l. Breihan notified the commission that the rate for each street light in the city, on flat rate basis, would be lowered 50 cents per month, representing a monthly saving to the city of \$187. This rate is effective as of February 1, while that pertaining to commercial and residential users will become effective March 1.—Abilene Reporter.

**Abilene Clears Sidewalks**  
 Curb gasoline filling stations are to be removed from Abilene. Henry L. DeBusk, city attorney, has been instructed by the city commission to mail official notices to all operators of curb filling stations in the city limits that the operation of such after ten days notice would be a violation of the law. This has been changed and owners of curb pumps are given one year to remove same.  
 More than fifteen filling stations in the city are affected by the order. The commission's drastic action followed the passage of an ordinance prohibiting the keeping of gasoline pumps oil barrels or displays of wares on the sidewalks. All must be within the property line.—Abilene Reporter.

**The Engineer's Mistake**

### PINK BOLLWORM CONFERENCE IN SWEETWATER

Sweetwater, Texas, Feb.—The Pink Bollworm Conference that has been called by the West Texas Chamber of Commerce at the request of Governor Dan Moody, will be held in Sweetwater Saturday February 25th, at 10:00 a. m. and this city has started efforts toward caring for the large crowd that is expected to attend. President Joe H. Boothe of the Board of City Development has just announced that a special committee for this occasion has been appointed, and that they will assist in entertaining, housing, special information and other matters. The committee is composed of C. H. Simmons, chairman, L. D. Terry, J. H. Beall, Jr., J. H. Doscher Carl Ragland, Roy Costephens, W. H. Jobe and John L. Ross.

Governor Moody, the Pink

Boll worm Commission of the U. S. Department of Agriculture, Geo. B. Terrell, State Commissioner of Agriculture, R. E. McDonald, chief entomologist of State and other officials will be present and assist in working out some program whereby a most strenuous campaign will be conducted to eradicate this menace while it is still in its infancy. It has been stated that unless the small infested districts in West Texas are eliminated the pest will spread so rapidly that it will soon take the entire State and make it an importer rather than an exporter of cotton.

Sweetwater's new \$225,000 Municipal Auditorium will be the scene of action on February 25, and the object will be to "show that there is no division of sentiment as to the fight against the pest and taking all possible steps toward its eradication.

The Board of City Develop-

ment has made a canvass of conditions and finds that practically everyone will be taken care of in the eight hotels, but as a reserve they are listing residences in case of an unusual number attending.

Sweetwater was selected because it was outside the infested area, and yet was easily accessible to all parts of the state over its three highways and three railroads which radiate into six different directions in the state.

An appeal has been sent out to all agricultural and commercial organizations, newspapers, county Agents, business men and agricultural men throughout the country requesting that they assist in giving this meeting state wide publicity so that the greatest good may be accomplished by having a representative body present.

### D. & H. ELECTRIC CO. OPENS IN COLLINS BLDG.

The D. and H. Electric company is the name of the new concern to be established in our city. The Company is only new by location, as they have been doing business here since last April, but have been unable to get a location up town on account of the scarcity of business buildings.

The D. and H. Electric company is owned and operated by two young local men, both practically raised here F. J. Dean and M. W. Harwell. Mr. Dean has had nineteen years experience in the business and Mr. Harwell has been following the business the past six years in California.

Their new place of business will be located two doors East of the Western Union office in the new Dr. Collins' building, and they will handle a complete line of fixtures, supplies, motor parts, small appliances and many other articles pertaining to the electrical line. They will employ only experienced help. Their motto will be: "Quality, neatness in work and service unexcelled at a reasonable price." You can call them night or day and get the same kind of service. The D. and H. Electric Co. will hold their formal opening some time about the 1st of March, and invites the entire public to come around and inspect their new store which will be complete in every respect. Watch this paper for exact date of opening and be sure to attend. There will be souvenirs for everyone at the opening.

Miss Aline Humphreys of Seymour was the week end guest of her cousins, Misses Lillian and Louise Shives.

### RIX-GRIFFITH MORTUARY ANNOUNCES OPENING

Announcement of the opening of the Rix-Griffith Mortuary appears in this week's issue of the Herald. This new undertaking establishment is located in the W. O. W. building on East Second street, next to the Western Union Telegraph office. Ralph W. Rix, funeral director and licensed embalmer, and Hayden Griffith, funeral director, are in charge of the mortuary. The first funeral conducted in the new funeral parlors was held Saturday afternoon.

Efficiency and up-to-dateness are the keynotes of this new establishment, all modernly equipped, and furnished with a completeness that makes this one of the finest undertaking establishments in West Texas. The office is arranged in the front of the building, adjoining which is the chapel. This is furnished appropriately with a piano, chairs and everything that is needed to conduct a funeral. To the right of the chapel is the slumber room. This is furnished with a day bed, comfortable chairs, and with every convenience of a rest room, where the bereaved ones may depart from any disturbance. Just back of the slumber room is the display room, where a full and complete line of caskets and coffins will be on display. The operating room is at the rear of the building, and it has a private entrance from the west side of the building.

A new Buick funeral car and ambulance has been bought for the Rix-Griffith Mortuary, to be used for funerals, and will also answer ambulance calls either day or night.

With these two energetic and likeable young men in charge of this new business they are assured success.

Your teeth reflect what you are. . . . Cunningham & Phillips

### HISTORY OF PARENT TEACHER ASSOCIATION

The Texas Congress of Mothers and Parent Teacher Associations, chartered under the laws of the State, is a volunteer organization actively engaged in certain specific lines of educational work. It is a branch of the National Congress of Parents and Teachers, an organization of more than 1,000,000 members, which is closely linked to all national educational agencies and is making its great educational force felt throughout the entire nation. Texas alone has 50,000 members, represented in more than 1400 local associations.

The Texas Branch was organized in 1905 in Dallas. Representative men and women were there from every section of the State and took part in launching the movement. Because of its fundamental importance and the splendid support given by the educators of the State, the organization grew rapidly and soon it was found necessary to divide the State into districts in order to carry on the work more effectively. There are now ten districts, each working under the direction of an district organization with the State organization.

We are in the Sixth District, which is now composed of 48 counties. Delegates from the schools in these counties will attend the district meeting held in Big Spring on the 5th, 6th and 7th of April to discuss the problems of Child Welfare.

Make your plans to attend these sessions and help entertain the guests.

February 14th is Parents day in the schools. Know your school by visiting it.

Mr. and Mrs. Thos. Cook of Hillboro were visitors in Big Spring last Saturday.

### SHANKS URGES GINNERS ATTEND BOLL WORM MEET

W. Homer Shanks, president of the Texas Ginnners Association is requesting all ginnners in the area affected by the new pink boll worm outbreak to attend the meeting at Sweetwater Saturday February 25. In order that the ginner's interest may be protected should any of the territory be declared a non-cotton zone.

Some of the most valuable gin property in the South is located in this section and will be rendered useless during the period of zoning.

The ginnners in the district will be exactly in the same position the farmers will be, that in foregoing their business with attendant profits in order to prevent the further spread of the pest.

There is no question, Shanks thinks, but that the ginnners will be glad to cooperate in the work of eradication by installation of fumigation and heating machinery similar to that used in the El Paso irrigated valley for several years in combating the pink boll worm.

A committee of leading ginner men will likely be appointed to look after the ginnners' interest.

### 2-STORY APARTMENT HOUSES BEING BUILT

Work on two apartment houses on Eight and Main were started this week. The Deats Estate and H. L. Rix are having these apartment houses erected. The Rix Apartment is located on the rear of the lot formerly owned by Chas. Holmes, which Mr. Rix bought several months ago, and the apartment for the Deats Estate is located on the rear of the lot on which the Deats residence is located. Each apartment house of two stories will be composed of four apartments, each two up stairs and two downstairs apartments and they will be built on similar plans.

F. H. Strong, builder has been awarded the contract for the erection of both apartment houses.

Herald want ads get results.

### Don't Be Embarrassed By Skin Diseases

Use Blue Star Soap to clean the infested parts, then apply Blue Star Remedy. It penetrates the skin, kills out the germs, stops the itching at once, and restores most cases to a healthy condition. Eczema, Tetter or Cracked Hands, Poison Oak, Ringworm, Sore Blistered Feet, Sunburns, Old Skin Sores—all of these have yielded to its wonderful healing power. 60c and \$1.00 a Jar. Soap 25c, at  
J. D. BILES, Druggist

### IMMUNITY TO DISEASE

The diseases in which active immunity can be secured by methods universally recognized are:

Smallpox, where vaccination provide a potent immunity for years.

Diphtheria, where immunity is secured by the inoculation of toxin, anti toxin, immunity to endure for a long period, perhaps for life.

Typhoid, and paratyphoid, fatalities are mitigated by inoculation (thousands of lives were

thus saved during War.)  
Scarlet fever, ad for a period of Dick serum.  
Cholera is secured by Haffkine and Tyndall's played as prophylactic.  
Whooping cough are still being secured by not unannounced proposed method.  
Razor blades, by . . . . . Cunningham & Phillips.

**THE PEDDLERS**  
Standard: Another Runnels County country in which to be treated at the opening of the Court Monday. A single case up involving liquor charge rather remarkable calling a growing resale as any one familiar with the neighborliness.

think of it, we don't think of it with a city date line. If there liquor used there, much crime committed what you please small liberty, rage all about the snoopers and who play around as hoarsely as you an-Americanism of the mud all fact where there is the lion there is the vice versa. It could be. To be intoxicated for the time our courts offer all crimes that crime and partners. But how to manage to have a without any bootleggers. If there the Runnels bootleggers. If there that there would be some men who whiskey for profit in a homicide in every carried child in every who peddle liquor and they know it. then peddle blindness. other peddle vice. Their theory is that whisky is on the drink-seller. But such a theory is not a trans-fact. The buyer is not He encourages the self-encouragement in He own share of the. The real responsibility is upon the one what he deems easy to the goods that cause. This is not a temper- it is a moral remain- Dallas News.

**CRIMES SHOULD**  
16 YEAR VACATION  
of thousands of every year covering of trial and personal freedom the liberties of the individual and on the street and while it is difficult not to today passing law which makes it unlawful which the more do- is not morally un- laws are hard to en- more people become, feeling that they are doing anything

typical examples: A law says it is un- more than 20 miles on a state highway. A country road with no- light goes 25 miles as a lawbreaker. As a fact, he is doing no can see no reason for law if he can evade. Another state law a man shall not own a revolver without pre- to the police and complete record of him-

self for future reference. Americans have always been gun owners. They cannot see anything wrong in owning a gun. They do not kindly take to the idea of being classed with criminals. There- fore thousands of them are law- breakers because they refuse to obey a law which makes it un- lawful to do something which in itself is actually not unlawful, namely, to own and use a gun.

Countless similar instances could be cited. Every new law, which is not fundamentally sound makes thousands and hundreds of thousands of lawbreakers. Is it any wonder curts are jammed and the problem of law enforcement becomes more critical?

The situation offers a logical answer—stop passing laws, repeal thousands of useless laws now on our statute books and enforce fundamental laws which have an actual bearing on prop- erty rights, crime and the protection of the nation.

**PRACTICAL TRAINING IS ADVOCATED**  
A speaker in the Oregon State Teachers' Association convention, told 2,600 teachers that the average school home economics course teaches only the expensive extravagant ways of housekeep- ing, instead of the time saving and money saving short cuts that would make the course practical.

—The Manufacturer.

The same thing is true in Tex- as. Just a week or so ago the daily press was telling how one of our State Schools was teaching the girl students to care for a \$22,000 mansion, when as a mat- ter of fact the majority of them will likely be called on to care for a \$2200 home.

No nation in the world can show as large a percentage of its peo- ple so well fed and wholesomely amused as can the United States.

School men who have studied the situation declare the schools need more of the practical and less bookishness; more grass and tree roots and less Greek roots, more bread and butter and less angel food cake and fancy salads

**NOTICE IN PROBATE THE STATE OF TEXAS, COUNTY OF HOWARD.**  
To the Sheriff or any Constable of Howard County: Greeting: YOU ARE HEREBY COM- MANDDED to cause the following notice to be published in a news- paper of general circulation which has been continuously and regularly published for a period of not less than one year preced- ing the date of the notice in the County of Howard, State of Tex- as, and you shall cause said notice to be printed at least once a week for the period of ten days exclusive of the first day of pub- lication before the return day hereof:

**NOTICE IN PROBATE**  
The State of Texas, County of Howard  
To all persons interested in the estate of Dona Carter, et al, min- ors.  
Dixie Carter has filed in the County Court of Howard County on the 14th day of February, A. D. 1928, an application for Guardianship of their persons and estates, which will be heard and acted on at the next Term of said Court, commencing April 3, A. D. 1928, at the Court House thereof in Big Spring, Texas, at which time all persons interested in said minors may appear and contest said application should they desire to do so.

HEREIN FAIL NOT, but have you then before said Court, this writ, with your return thereon endorsed, showing you have exe- cuted the same. Given under my hand and the seal of said Court,

**WOODWARD TO HELP IN STANTON CASES**  
Austin, Feb. 9.—Governor Dan Moody said Thursday night that he has arranged with State Sena- tor Walter Woodward of Coleman to help prosecute the men who shot down two Mexicans near the Stanton bank to collect the \$5000 reward offered by State Bankers Association for "bandits."  
—Stanton Reporter.

**WOOTEN GROCERY TAKES OVER McCORD INTERESTS**  
The H. O. Wooten Grocery Co. of Abilene has purchased the James McCord interests in Snyder, taking charge several weeks ago. The local warehouse will be maintained. — Scurry County Times.

Throwing the homes of Big Spring open to those who were unable to secure hotel or other accommodations when the oil develop- ment brought about almost a 100 per cent increase in the city's population has certainly benefited the old home town. The citizens have shown the new comers real hospitality and they appreciate it.

When you note that men with big business connections are com- ing to Big Spring, from Wichita Falls, Amarillo, Fort Worth, Dal- las, San Angelo, Big Lake, Best, Odessa, Midland, Tulsa, Okla., San Antonio, Houston and other cities it is safe to judge that they are expecting Big Spring to de- velop into a real city. They recog- nize opportunity.

We don't know what is going to happen when the bollworm commission says what we must or must not do, but there is one thing certain—the general order of things is going to be changed somewhat, and we had as well make up our minds to give more attention to the cow, sow and hen during 1928. —Stanton Reporter.

As long as we keep our heads hold rents, living expenses, etc., to a reasonable figure we will be working for the best interest of Big Spring. When the citizens get the "big eye" and begin to charge unreasonable prices they are going to drive good citizens to other towns.

Big Spring has the foundation for the building of a real city. Good water and plenty of it. Nat- ural gas from local oil and gas fields, unlimited electricity, for power and light service, good schools and churches and a mag- nity healthful and delightful cli- mate. Money will do the rest.

**Salt Water Appears in Runnels County Well**  
Efforts to determine whether salt water showing since Tuesday of last week in Vacuum, Sillis and others' No. 2 McMillan, Run- nels County's second oil produc- er, is bottom hole water or is coming through a casing leak were being made Wednesday, both by bailing the well and by analyses of water in it and in the No. 1 McMillan, the discovery.

Late Tuesday the well bailed dry in yielding forty barrels of oil and ten barrels of water, then after ten hours, bailed an addi- tional ten barrels of oil.

Fluid rose overnight to within 200 feet of the top, with 100 ft. of it estimated to be water. The well is two feet into pure sand at 2,515 feet.

**DR. C. D. BAXLEY, DENTIST**  
Office over Albert M. Fisher Co.  
Phone 502 21-1f

When we land that office building and refinery we are going to begin to move forward at just a little faster pace than in the past. However no one has any cause to complain of the steady and substantial growth our city is and has been making.

Now that the viaduct across the railway tracks is practically as- sured we should begin to plan an opening a cross road from the Le- mmea to the Gall roads. This will enable those living in the north- ern and northeastern parts of the county using the viaduct and avoiding dangerous railway cross- ings.

It will also enable funeral pro- ceSSIONS from the northwestern part of the county to reach Mt. Olive Cemetery coming the long round-about route through Big Spring. This road is a needed con- venience and plenty of signers can be secured to a petition request- ing its designation.

Mitchell Co. Wildcat Comee, In.  
As a result of a shot with 230 quarts in pay topped at 1,550 ft. and plugged back to that depth Paul C. Tom's No. 1 Miles in North Central Mitchell County looks like a thirty barrel a day producer. It was reported here Wednesday.

The well is in the northwest corner of subdivision 11, J. P. Smith survey, and is five miles northeast of the Mitchell County pool and four miles southeast of several small producers in Garza county.

No one likes a kicker or a knocker, yet it is necessary to have these pests, and they are worth something to a community in many instances. We are inclin- ed to let incompetents get in pow- er occasionally and it takes the kicker or knocker to call our at- tention to the fact that conditions should be improved.

**SWIFT AND SURE PUN- ISHMENT FOR CRIMINALS**  
New theories are being contin- ually advanced for the suppres- sion of crime. Most of the pro- posals dodge the main issue, mainly swift and effective punish- ment for the criminal. Why so much sympathy is extended to the criminal class by courts, juries and feature story writers is hard to understand.

A survey in one of our large and comparatively well regulated cities, reveals that out of every 75 felonies committed, only one of- fender is ever punished. One paroled thirteen times, killed an of- ficer. The "repeaters" are a large serious factor in the whole situa- tion and it was in an endeavor to improve this condition that the Baume's Laws were adopted by the State of New York. Under these laws the severity of a sen- tence is automatically increased for the second, third and fourth offense, the fourth offense entail- ing life imprisonment.

It is an incontrovertible fact that crime becomes a "profession" in many cases. Prison records show that an offender is released only to be recommitted in many instances for a repetition of his first offense. Public life and prop- erty are constantly endangered by these "repeater" criminals, and the tax payers are put to an enormous expense by endless tri- als and retrials.

When only a small percentage of those committing felonies are punished, and when there are countless records showing that a criminal is apprehended time after time for commission of like offenses, it is essential that in all states penalties such as imposed under the Baume's Laws, which aim to do away with the "repea- ter" class in the "crime profes- sion," should be adopted.

Instead of making laws more restrictive on law-abiding citizens make them more severe on law- breakers and criminals.—The Manufacturer.

**DID YOU SAY CHARACTER.**  
Probably no word in our langu- age needs more to be given thought, made prominent and em- phasized in the press than char- acter. From the selection of Pres- ident to a traffic officer at a street crossing the process of selection must never overlook character. Character is the sales- woman in the mercantile estab- lishment serves the business and the purchaser by having just that little quality—character is her most valuable asset on which to base wages. Character is a bank or insurance company is a syn- onym for millions of credit. Char- acter in a President means stabil- ity for the nation.—Industrial News Bureau, The Manufacturer.

**WHY THIS FOUR IS TRUTHFULLY CALLED AMERICA'S Finest**

No car in the price class of Dodge Brothers Four is so ROOMY. No car in this price class is so SWIFT. No car in this price class is so STURDY. No car in this price class is so SMART.

No car in this price class accelerates from 0 to 25 miles IN 7 SECONDS.

No car in this price class is so COMFORT- ABLE—for none has so long a springbase.

These are FACTS—readily verified—and they explain the immense popularity of Dodge Brothers Four.

No car at near its price offers so many ad- vantages that Americans value foremost.

And no car at ANY price affords its owner, in greater measure, the satis- faction of knowing that for every dollar invested he has received a full dollar's return in honest value.

**TRULY THE ARISTOCRAT OF COFFEES**

Nothing contributes so much to the success of a meal as the quality of the coffee served. That is why thousands of housewives choose Morning Joy Coffee. This famous blend from New Orleans—the home of good things to eat—is specially prepared in one of America's finest coffee roasting plants, located in one of the world's greatest coffee markets.

Morning Joy Coffee has everything that good coffee should have—absolute purity—delightful aroma—satisfying flavor—full strength. A marvelous blend perfectly preserved in a modern, air- tight, vacuum can. A cup of Morning Joy Coffee, first thing in the morning, adds joy to the day; a cup after dinner mellows the whole meal, and helps digestion. A drink of steaming hot coffee out of your vacuum bottle will take the chill off on long rides, fishing trips or outings. Anytime — anywhere — Morning Joy Coffee satisfies.

When friends get together, the delightful fragrance and flavor of Morning Joy Coffee is remembered with pleasure and is spoken of afterwards.

Mrs. Ora Blankenship left Thursday for a visit with relatives and friends in Abilene.

### IMPROVED UNIFORM INTERNATIONAL

## SUNDAY SCHOOL LESSON

By Rev. P. B. Fitzwater, D. D.  
Dean, Moody Bible Institute of Chicago  
(In 1922, Western Newspaper Union.)

### Lesson for February 26

#### OTHER MIGHTY WORKS OF JESUS

LESSON TEXT—Mark 5:21-24, 34-42.  
GOLDEN TEXT—Thy faith hath made thee whole.  
PRIMARY TOPIC—Jesus the Great Healer.  
JUNIOR TOPIC—The Resurrection of Jesus.  
INTERMEDIATE AND SENIOR TOPIC—Jesus the Giver and Preserver of Life.  
YOUNG PEOPLE AND ADULT TOPIC—The Works of Faith.

The accounts of the raising of the damsel and the healing of the woman are so interwoven as almost to constitute one narrative. But since the persons are diverse and places separate, and the one an interruption of the other, they should be treated separately.

1. Jairus' Daughter Raised From the Dead (vv. 22-24 and 35-42).  
1. Jairus' urgent mission (vv. 22, 23).  
His only daughter (Luke 8:42), perhaps his only child, lay dying in this time of utter helplessness he came to Jesus for he had faith in His ability to raise her up. In the providence of God, sorrow, sickness and death are often used to bring needy men and women into contact with Jesus. He showed the proper attitude toward Jesus, "He fell at His feet" (v. 22).  
2. Jesus goes with Jairus (v. 24).  
Jairus believes that if Christ would lay His hand upon his daughter she would live. Such faith always gets a response from Jesus.  
3. News of his daughter's death (v. 35).

The messenger who brought the news of her death suggested that Jesus should be excused from going further, as it was now too late.  
3. Jairus' faith strengthened (v. 30).

As soon as Jesus heard the words spoken concerning the death of this girl, He said to the father, "Be not afraid, only believe."  
5. The mourners rebuked (vv. 37-39).  
He now dismissed the crowd and allowed only three of His disciples and the parents of the damsel to enter this chamber of death with Him. A tumultuous wailing showed the despair of the friends.  
6. Jairus' faith rewarded (vv. 41-43).

He took the damsel by the hand and issued the command for her to arise. The exclamation "Talitha cumi" in the Aramaic seems to be freely expressed, "Wake up, little girl." She straightway arose and walked and partook of food. Her walking was the proof of the reality of the miracle.

11. The Woman With an Issue of Blood Healed (vv. 25-34).  
1. Her helpless condition (vv. 25, 26, cf. Luke 8:43).  
She had been a great sufferer for twelve long years, not only from the disease itself but from the physicians as well.  
2. Her faith (vv. 27, 28).  
She possessed a real and earnest faith. For a poor, emaciated woman after twelve years of suffering to press her way through a thronging multitude shows that she possessed a determined purpose. The test of the actuality and quality of one's faith is the activity which characterizes the life. Her faith was so strong that she believed contact with the Master's garments would secure the needed help. Though her faith was strong it was imperfect. She only knew Him as a wonder worker, but through that experience she came to know Him as a compassionate Savior.

3. Her healing (vv. 29-32).  
As soon as she touched the hem of His garments she experienced in her body His healing power. Jesus, Himself, was conscious of the outgoing of virtue, therefore inquired, "Who touched Me?" to which the disciples replied with amazement, "Thou seest the multitude thronging thee and sayest Thou, 'Who touched Me?'"  
4. Her confession (v. 33; cf. Luke 8:47).  
She thought secretly to get the blessing of healing, but Jesus perceived that virtue had gone out from Him and had her make a public confession.  
5. Jesus' words of encouragement (v. 34).  
With the communication of His healing virtue He spoke most gracious and comforting words to this poor woman, telling her that it was her faith, not her touch that had saved her. Faith does not need to face dangers and to exhaust itself in active endeavor to gain Christ's blessing. All that is required is a trusting prayer. Not only did she gain the blessing, but had the distinction of being the only woman on record as having been addressed by Jesus as "daughter," which shows His spirit of tenderness to those who come to Him with their needs.

With the communication of His healing virtue He spoke most gracious and comforting words to this poor woman, telling her that it was her faith, not her touch that had saved her. With the communication of His healing virtue He spoke most gracious and comforting words to this poor woman, telling her that it was her faith, not her touch that had saved her. Faith does not need to face dangers and to exhaust itself in active endeavor to gain Christ's blessing. All that is required is a trusting prayer. Not only did she gain the blessing, but had the distinction of being the only woman on record as having been addressed by Jesus as "daughter," which shows His spirit of tenderness to those who come to Him with their needs.

Mr. and Mrs. L. A. Deason, after a brief visit in this city, with relatives and friends, left Wednesday night for their home in Ennis.

James T. Brooks recently bought of J. Y. Robb, a lot in the 700 block on Johnson street adjoining the I. J. Robb property.

H. A. Glover of Dallas visited A. C. Walker and family in this city Sunday.

### PREVENTS INFECTION

The greatest discovery in flesh healing is the marvelous Borzone, a preparation that comes in liquid and powder form. It is a combination treatment that not only purifies the wound of germs that cause infection but it heals the flesh with extraordinary speed. Bad wounds or cuts which take weeks to heal with the ordinary liniments mend quickly under the powerful influence of this wonderful remedy. Price (liquid) 25c, 50c and \$1.25. Powder 25c and 50c. Sold by

CUNNINGHAM & PHILIPS

### OVER \$1,000,000 LEFT BY

### MRS. C. C. SLAUGHTER

Dallas, Feb. 21.—Excepting personal belongings the major part of an estate valued at more than \$1,000,000 was left by Mrs. Carrie Slaughter, widow of the late Col. C. C. Slaughter, who died Jan. 1, to her four children, C. C. Slaughter, Alex A. Slaughter, Mrs. Carrie Slaughter Dean and Mrs. Nellie Slaughter DeLoache.

Her will, filed for probate here on Tuesday, named Henry C. Coke and J. W. Slaughter as executors.—Fort Worth Star Telegram.

Mr. and Mrs. W. B. Buchanan plan to move into their pretty new home on Gregg Street, next week. Their home is nearing completion.

The fire department was called to the Chocolate Shoppe early Tuesday morning but the fire was extinguished before much damage resulted.

With so many political speeches scheduled for the coming summer we may expect a hot time in the old town and country too.

You don't see so many boomers hanging around our street corners since the sheriffs started vags to work on the chain gang.

W. C. Smith, former manager of the "M" System store in this city, returned Monday afternoon from Brownwood, where he was called by the illness of relatives.

Friends in this town will be glad to know that the baby on Friday 17th.

Mr. and Mrs. V. W. Wink plan to leave the week to make the Big Lake.

# SPRING FABRIC WEEK

METAL CLOTH

Fashion has indicated her wishes... it is to be a season of tubbables... a subtly feminine season and whether the frock be simply tailored or frilled and flounced it will be flowery and daintily colored as a frock out of Nature's own Garden.

An exceptionally beautiful display of the new printed fabrics has been arranged at The Acorn Store and the woman in search of inspiration for her own or her children's frocks will find innumerable suggestions. Prices are "ACORN" too:

**Imported Voiles**  
Imported Voiles 21c to 42c yard... border and all over patterns fine and vividly colored... 36 in. wide.

**Printed Rayon**  
Printed Rayon 65c yard... light and dark shades, lustrous and delightfully tubbable... 36 in. wide.

**Tissue Gingham**  
Tissue Gingham 42c yard... roses and lilies and buttercups and blocks and squares in gay array... 36 in. wide.

**Imperial Chambrays**  
Imperial Chambrays 29c yard... dark grounds printed in patterns large and small... 32 inches wide.

**Printed Dimity**  
Printed Dimity 35c yard... in striped and blocked and checkered patterns... 36 in. wide.

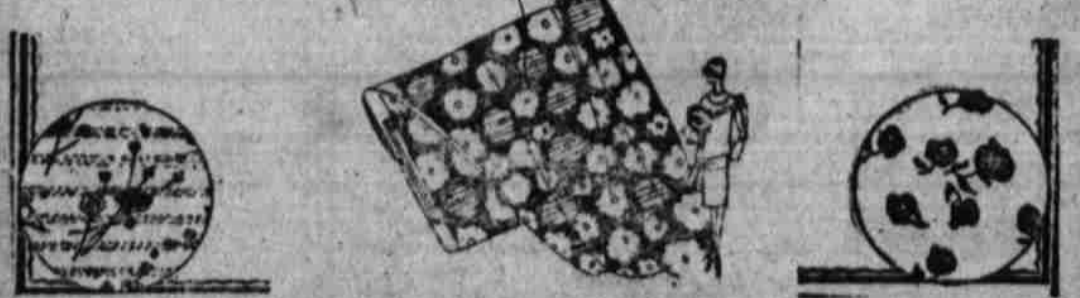

**Lancaster Kalburnies**  
Lancaster Kalburnies 24c yard... reproducing quaint little patterns large and small on a soft white ground... 32 inches wide.

**Excelsa Patterns**... to meet the ever increasing demand for a really smart, accurate pattern at a popular price we have installed Excelsa Patterns. They are guaranteed as to their mechanical perfection and they feature the newest and smartest modes... 15c to 25c, none higher.

**Thread**  
Thread 4c spool... in many, many colors

**Braid**  
Braid, Bias Binding, 9c six yards in colors to match all fabrics.

**Buttons**  
Buttons 4c a card of 6... in a wide variety of soft mellow colors too numerous to describe.

In fact — everything for the home dressmaker at —

**The ACORN STORE**  
ALWAYS DEPENDABLE MERCHANDISE

**DID YOU EVER**

**STOP TO THINK**

Edson R. Walts, Shawnee, Okla. That advertising is educational. From the ads you can get information as to new ideas and inventions which will lighten labor and make life easier and happier.

That electric power is the greatest servant of the people; it enters into every business and home, making life more healthful and longer.

That the electric wizards are finding new uses for it daily. Electric power is washing clothes, used to cook, to heat, to cool the air, to freeze water, it lights the world and is used to benefit mankind in a thousand ways.

That electric appliances are very necessary these modern days. They are used in the home, office, factory, all kinds of places of business and on the farm. They are time and money savers.

That electric power is the most helpful helpmate the world has ever known. Take the little electric wire away and we would go back to the days of long ago.

That the home the housewife is the one who makes life worth living. She is the essential part in the running of the home and life, she is the true partner in every sense of the word. Without her the work of the world could not be done. Her day is long and taken up with work and worry. She gets few leisure hours. Electric appliances will make her work easier and give her the more leisure hours she deserves.

Electrical appliances can be bought at a price that anyone can afford and their cost of operation is small.

This is an age of wonders. Every day new and more ingenious appliances are made available to us. Every advertisement should be read carefully and sellers of electrical devices should advertise continuously so people can better know the many labor saving devices they have to offer.

It always pays to read the advertisements!

**MORE MARLAND OIL CO.**

**OFFICIALS RESIGN**

Ponca City, Okla., Feb. 18.—Pending retirement of three more officials of the Marland Oil Company and formation of a Marland Production Company were announced here today by E. W. Marland, president.

John B. Alcorn and J. K. Cleary vice presidents, and Sewar R. Shelton, treasurer, have asked that their names be not submitted for re-election at the annual meeting of stockholders in May, Marland announced in a statement.

The three officers did not express the intention of retiring before that time. They will remain in Ponca City and engage in business on their own account.

W. H. McFadden first vice president and W. A. J. M. Van Der Graecht, vice president in charge of research retired from the company several weeks ago.

The announcement said that the assistants of the three men whose retirement was announced Thursday would carry on their work. The assistants were not

named. The new organization will be named the Marland Production company and will carry on production activities now maintained by the Marland Oil Companies of Texas, Oklahoma and Colorado the announcement said.

Marland will be president of the new company which will maintain headquarters at Ponca City. C. C. Brown, who was understood at the time of McFadden's retirement to be slated to assume his duties, will be executive vice president and general manager of the production company.

Directors of the newly formed company were announced as: A. W. McCoy, J. R. McGlaley, W. A. Moncrief, T. L. Jolay, I. G. Harmon, G. G. Shallenberger and R. E. Clark, treasurer.

**MAGNOLIA CRUDE**

**HEAVY OIL PRICE**

Reduction of 13 to 30 cents per barrel on Midcontinent crude of excessive low gravity was announced by the Magnolia Petroleum company Thursday morning.

The grades affected were below 12—a part of the schedule where Magnolia has been consistently below the other purchasers. Only a negligible amount of oil of that gravity is produced in this area, and Magnolia is practically the only purchaser, with the exception of the Nocona district.

Nearly all of the oil of West Texas covered by gravity postings ranges from 35 to 44 gravity.

The reduction is believed in line with the recent cut in Spackover, Arkansas, and Cotton Valley, Louisiana crude.

All of these reductions are attributed to the effect of the low price for heavy crude from the Permian basin in West Texas.

Under the new Magnolia schedule oil of a Baume gravity under 30 will bring 75 cents, instead of \$1.05; that of 30 to 30.9 gravity, 90 cents instead of \$1.15 and that of 31 to 31.9 gravity, \$1.05 instead of \$1.18. No change in the price of crude oil of higher gravity than 32 was made.

Motto Serves as Watchword for A. Great Concern

Louisville, Ky. (Special).—"To build well—to deal square." This homely motto of the late founder of the great Avery implement factory in Louisville is still the guiding rule of its present officers and employees. Voiced almost one hundred years ago, as the creed of a humble blacksmith, it still serves to imbue the makers of Avery farm implements with the spirit of their late leader.

When in 1828, Benjamin Franklin Avery, at the age of 24 years, bent out his first plow, he little realized to what vast proportions his little business was to grow, or to what widely extended parts of the earth the implements bearing his name were to find use. He knew only that the farmers about his home town, Clarksville, Virginia, wanted farming tools that could be re-

lied upon and that the way to satisfy their wants was to build implements as well as one could. With this objective in mind, the youthful blacksmith could hardly fall of his purpose.

His business grew. He needed helpers. And for the positions in his now expanding factory he selected men in whom he could depend. Men who could be relied upon "to build well—to deal square."

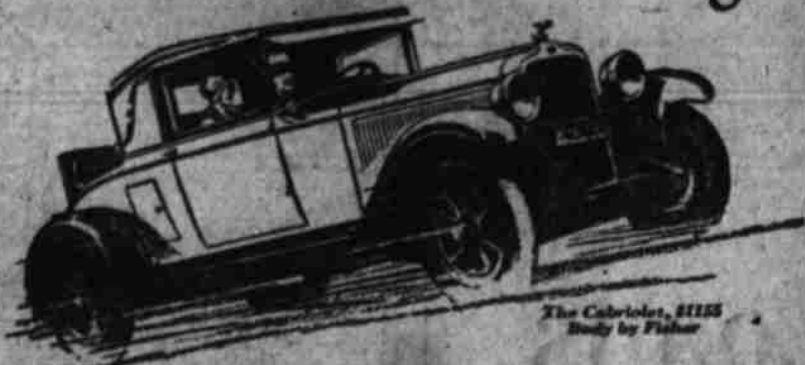

Upon the death of B. F. Avery in 1885, his two sons, Samuel L. Avery and George Capell Avery, took over the leadership. The former needed no further training for his task than the experiences which he had gained in working side by side with his venerable father. The latter succeeded to the presidency of the firm upon the retirement of his brother.

Still the spirit of the founder moved the firm. The younger brother was ever aware of his father's motto. "To build well—to deal square."

With the death of George C. Avery in 1911, there came a close to that chapter in the history of the House of Avery, in which members of the Avery family took an active part. But there were then as there are now, men in this great organization whose long associations with the founder and his two sons, had resulted in the absorption of their spirit. These men now the chief leaders of the B. F. Avery and Sons Company, still guide its business with the ever present motto "To build well—to deal square."

It is to this honest principle of business that the B. F. Avery

**Powered by a Brute of an Engine All-American in Design**

What a power plant! What a clean, uncluttered example of advanced engineering design! That's what you think when you lift the hood of the All-American Six. That's why this brilliant car is amazing everyone who takes the wheel... A brute of an engine, indeed. With a 75-pound crankshaft... crankcase and cylinder block of "bridge-truss" design... generously large connecting rods and other vital parts. With many other notable advancements... G-M-R cylinder head... fuel pump... full pressure oiling of moving parts... Small wonder it's famous for conquering America's stiffest mountain grades. Small wonder it has never found the road too rough or the pace too trying... Yet for all its wealth of power, it's silent and satin-smooth. And for speed and snap and handling ease... just drive it yourself and see!

PRICES: 2-door Sedan, \$1045; Landau Coupe, \$1045; Sport Roadster, \$1075; 4-door Sedan, \$1145; Cabriolet, \$1155; Landau Sedan, \$1265.

New Series Pontiacs, \$745 to \$875. All prices at factory. Delivered prices include minimum handling charges. Easy to pay on the liberal General Motors Time Payment Plan.

Special Sport Equipment Available on all body types. Six wire wheels with tires... special front fenders with wire wheels... two special tire locks and locking rings... collapsible trunk rack... \$100 extra on open cars... \$110 on closed cars... six wire wheels with sport equipment, \$75 on open cars... \$85 on closed models.

**UNDERGROUND OIL TANKS TO COST 25 CENTS BBL.**

San Angelo, Feb. 18.—Huge concrete underground oil storage tanks which Shell Pipe Line Co. is building in West Texas, the first at Monohans, in Ward County, will be elliptical in shape, 524 feet long, 504 feet wide, 36 feet from roof to floor at the center and 25 feet high at the bases. It is learned here.

Aluminum nails will be used in building the roof. The remainder of the tanks will be made of specially treated concrete. Each tank will have a 4 per cent carbon dioxide content in the space above the oil and a roof vent. Gases escaping through this vent will be

and Sons Company, owe their tremendous success in the manufacture of farm implements for the Southern farmer it is the spirit of building well and dealing squarely that puts the great Avery establishment foremost in the list of makers of highly efficient equipment.

removed a safe distance and burned. The General Electric system of lightning protection will be used, with six 150-foot towers deeply imbedded.

Each tank will have a capacity of 1,000,000 barrels and will cost \$250,000. A second tank is planned for McCansy, in Upton Co. Steel storage costs about 50 cents a barrel, but has a higher salvage value than will the underground storage reservoirs of concrete, because they may be moved.

It has been reported in San Angelo but not confirmed that Roxana has been offering attractive crude contracts to independents in the acres served by the Shell pipe lines and its own. Both companies are subsidiaries of the Shell Union Oil.

**TOO GOOD!**

There are people who really seem to be fit subjects for translation and no serious protest would be made by their friends or acquaintances if they rose sky-

wards. There is good to be had to see them or at any other their means would make them so full of their families. It is says the foundation. It is the and selfishness who profess the of the down with and kindly as er meeting is so good that ing holes in would pick a chance. "The much." The

**"BEAU SABREUR" PROVES EXCELLENT PHOTODRAMA**  
 Intrigue, love and adventures on the vast Sahara desert offer something spectacularly and refreshingly attractive in the line of motion picture entertainment at the R. and B. Lyric Theatre, where Paramount's new production "Beau Sabreur" will be shown Monday and Tuesday, February 27 and 28.

With a cast of sterling quality, unusual direction and more unusual photography, "Beau Sabreur" comes to this city as a companion of even greater magnitude to "Beau Geste." Both were from the pen of Percival Christopher Wren, whose stories of the desert and the Foreign Legion have proved best sellers everywhere.

Gary Cooper plays the role of Major Henri de Beaujolais, the dashing and virile young French man who vows he never look at a woman and then meets one. Cooper is ideal in the part, and gives a fine performance of the handsome soldier-sheik of the burning sands. Evelyn Brent is the girl, Mary Vanburgh, who becomes mixed up in a series of thrilling adventures with Cooper. Noah Beery, William Powell, Mitchell Lewis, Roscoe Karns, Joan Standing, Arnold Kent, Frank Reicher, Raoul Paoli and Oscar Smith, are other members of the strong cast.

John Waters is responsible for the direction and C. Edgar Schoenbaum photographed the picture.

The battle scenes, in which a horde of Touaregs, the desert wolves, sweep down on a little oasis and meet up with several dynamite mines planted in the sands, present some of the most amazing sequences ever put on a screen.

"Beau Sabreur" is a picture you'll like. It has everything that goes to make a great production. It has thrills galore, heart interest, a romance that is hard to equal, and a cleverly entwined thread of comedy.

**EXPRESSION OF THANKS**  
 I wish to express my sincere thanks to my friends and members of my Sunday School class of the First Baptist Church for the kindness shown me, and for the beautiful flowers sent me during my recent illness. I appreciate your thoughtfulness.  
 Mrs. Parline Barnhill.

Mrs. Wm. Fahrenkamp and daughter Billie Mae, were the guests of Mr. and Mrs. T. Paul Barron in Midland Sunday.

Carl Comwell of Texon was here the past week looking after his company's oil interests in this county.

**GOOD WILL TOUR IN INTEREST FAT STOCK SHOW**  
 Bob Sweeney, well known radio entertainer over Station W. H. A. P. and Lon Fishback, well known singer of Ft. Worth, Texas were visitors in Big Spring, last Thursday afternoon, on a good will tour of the Ft. Worth trade territory, in the interest of the Southwestern Exposition and Fat Stock show. Sweeney and Fishback appeared at the High School Thursday afternoon and before the assembly of high school students in the auditorium gave a most pleasing entertainment. They announced the dates of the Fat Stock Show to be held in Fort Worth, March 10 to 17, and invited the citizenship of Big Spring to attend it. Both young men possess fine voices, and their audience was carried away with their singing and novelty numbers.

Sweeney and Fishback were traveling by auto, and plan to spend six weeks on the road spreading good will to the trade territory of Fort Worth. They will cover a territory of 4500 miles, and will complete their trip just as the Fat Stock Show opens on March 10. Big Spring is the farthest city west they visited.

**WILL POWER TO REDUCE**  
 "Ah, me, that Spring should vanish with the rose,  
 And I in two short years out-grow my clothes!  
 That youth's trim slimmness should be turned to fat!  
 What will the waist line end at? Goodness knows!

Some weight with exercise I lost in vain;  
 For exercise with appetite raised Cain.

The vows I made to undereat, I broke,  
 And here I am a shapeless mass again."  
 "Should you reduce? You need knowledge, exercise and will power, and the greatest of these is 'will power.'"

Pound paper with envelopes to match . . . . .Cunningham & Philips.

**RETURNS FROM DEALERS' MEET HELD IN DALLAS**  
 Edward F. Gray has just returned from Dallas where he attended the district meeting of the Oakland-Pontiac dealers, attended by more than two hundred dealers from all parts of Texas. Oakland-Pontiac executives outlined the companies 1928 plans and policies. The dealers spent the day in business sessions with a luncheon at noon and a banquet given by the Oakland Motor Company in the evening at the Adolphus Hotel ball room.

Mr. Gray returns most enthusiastic over the outlook for 1928. He states that forecast for the year is reflected in the tentative production schedule. Last year more than 191,000 Oaklands and Pontiacs were sold, advancing Oakland from sixth place in point of sales to fifth in 1927. "Our 1927 business was more than 40 per cent greater than in 1926," said Mr. Gray and states that Oakland expects to increase its business more than 40 per cent this year.

**WORKING ON OIL FIELD ROAD**  
 The county has a force of men at work on the oil field road, getting out the rocks. When this work is completed, the road will be graded, and put in first class condition for heavy hauling and the traffic that passes over this much used road.

This is an excellent move on the part of the Commissioners Court, having this oil field road kept up in first class condition. We are glad to note that the work has been started, and hope that the road will be in first class shape when completed.

**TO CHOOSE BIG SPRING POSTMASTER**  
 Washington, Feb. 19.—The United States Civil Service Commission will conduct an examination for selection of postoffice eligibles for appointments as postmaster at Big Spring, Texas, an office paying 2,800 annually. Applications to take the examination will be received by the commission until March 13.

**Quick, Easy, Economical**

To facilitate the handling of Long Distance station-to-station calls you may now give your call direct to the local operator when she asks, "Number, please?" Just give the name of the distant town or city and the number of the desired telephone. She will see that your call is completed as soon as possible.

Only calls for a number will be accepted by the local operator. All other long distance calls must be passed to the Long Distance operator in the regular way.

**TEXAS ON PARADE**

Commenting upon the proposal to provide a special train to bring a large party of New England visitors to Texas to see what this state has to offer to the homeseeker, the industrialist and the investor the Manufacturers' Record of Baltimore says:

"And what a marvelous state these New England people will see! Coming from their rock-ribbed states in which vast wealth has been created against many odds and by energy and initiative and brainpower, the New Englanders who are fortunate enough to be on the trip will see a State vast in extent and so boundless in resources that they can but marvel at what limitless opportunities are being offered for the investment of capital in the development of agriculture and of industrial interests of every kind.

"It was New England's capital which poured into the railroads and business interests of the West many years ago, developed the West and in reflex action enormously enriched New England through profits made.

"New England with its great accumulation of capital is constantly looking for new worlds of business opportunity to conquer, and it will find a world of opportunities in this Texas trip. Here is an empire vast in area and vaster in the wealth of raw materials in soil and climate, on which to build a wealth of industry greater indeed, than the whole industrial development of New England.

"It is inspiring to every man of vision to travel through Texas. The very broadness of its area seems to have created a broadness of the spirit of its business men. It is a State in which big men do big things. A State which to the surprise of the country captured the Democratic convention simply by the daring force and power and liberality of the men who represented Texas before the committees; and these men were but typical of the men of all Texas.

"From the far north of Texas to the extreme south, and from Orange on the border line across a thousand miles to El Paso, Texas is an empire in extent, an empire in resources and an empire in the vision, initiative and energy of its men and women alike. A visit from New England business men would be a revelation to them. Every New Englander who received an invitation to take that trip should eagerly grasp at the opportunity, for if he has not already seen Texas he will return from that trip of investigation with a new conception of the tremendous future of America.

"When New England and Texas become closely united through such an investigation as this trip would afford, they will bring together two extremes of the eastern seaboard into business relations which will not only rebound to the benefit of those two sections, but to the benefit of the entire South, and thus of the country at large. Great is the opportunity for New England leaders to study Texas, and great will be the welcome which the Lone Star State will give them in a way which will open their eyes as to the men of Texas as well as the other resources of that State." Ft. Worth-Star-Telegram.

**"RULES OF A MODERN METHUSELAN"**

- 1 Breathe fresh air, both day and night.
- 2 Exercise your larger muscles daily.
- 3 Drink an abundance of water.
- 4 Eat temperately, partaking of vegetables and fruit for roughage, and health's sake and sparingly of meat and sugar.
- 5 Have regular bowel habits.
- 6 Avoid infection from both exterior and interior sources. Make a thorough recovery from colds and sore throat.
- 7 Wash your hands before eating, your teeth after eating.
- 8 Have a health examination by your physician each year (on your birthday); ask his advice and follow it.

**GIFT SHOP, OPEN ALL YEAR** ..... CUNNINGHAM & PHILLIPS.

**ARE WE OVERLOOKING OPPORTUNITY?**

None can contest the statement "The world wants to know more about Texas." Recognition of the Lone Star State has been astounding. Why is that statement unqualified? BECAUSE no less than a dozen international and national conventions, comprising gigantic industries, have chosen to meet in Texas cities within the past three or four years. The people of the world have heard something about our state and want to know more. Attendance at these assemblies proves that.

Texas is not conveniently located for many conventioners. A trip to Texas, for many, means long train rides, extended absence from offices and homes. But they come, thousands of citizens of the nation and world, to get first hand information about the greatest commonwealth of the globe.

We have splendid chances for individual missionary work. We are all availing ourselves of this opportunity? During convention sessions there is little room for advertising Texas, but there is always a "play time" when visitors have contact with hosts. Now there is the real contact point. Doubtless there have been many pleasure saturated parties wasted that might better have been devoted to educational contacts. It is not bad to establish our hospitality, but do not neglect the state to which you owe allegiance.

Many do not realize the recognition extended Texas by important organizations. Do you know, that within the space of five years Texas will have entertained International Advertising Association, American Bankers Association, National Life Insurance Association, National Baseball Executives, American Legion, International Rotary, National Professional Golfers Association, National Educational Association, American Medical Association, the oil fraternity of the United States, the national marines convention, annual convention of public utilities heads and several others. It would be hard to select a more representative list of national personages than that provided by these meetings, even by "hand-picking city directors of our largest cities.

We have a splendid opportunity for individual missionary work.—Texas Opportunities.

**BROADWAY OF AMERICA**

El Paso, Texas, Feb. 21.—The greatest road meeting in history will be held in Memphis, Tennessee, April 26 and 27, according to the announcement made here today by H. L. Birney, president of the Broadway of America Association, November 19, 1927, one hundred business men met in El Paso and organized the Broadway of America Association, the All Year National Highway. Great care was taken in choosing the route of this great artery of traffic. Every mile of it is over state and federal aid projects.

The organizers of this highway claim that it will be the shortest all improved highway from Broadway, New York to Broadway, San Diego, California. Leaving New York City it traverses the most scenic route in America. "With the proper publicity it will be only a short time until 50 per cent of the motor traffic in America will be doing their scenery shopping on the Broadway of America," Dr. C. M. Kendrick, president of the El Paso Gateway Club declared here today.

Every city and town on the proposed route has been requested to send at least one delegate to the Memphis meeting, it was stated. Delegates will go to Memphis in great motorcades. Col. Ed Fletcher, vice president of the new organization and nationally known good roads booster, has today advised the El Paso office of the roadway of America, that he will arrive in El Paso with at least 150 cars from points east and west of here.

It is hoped that a great mo-

**SAYS SHEEP PAY SMALL FARMS**

C. A. Greene is one among the sheep raisers of Comanche who can speak from experience that sheep raising on a small farm is profitable and he is a strong advocate of more and better sheep for the small farmer.

Mr. Greene entered the sheep business October 15, 1926, when he purchased 112 head of mixed ewes from Ed Ligon and put them on his 100 acre pasture 12 miles northwest of Comanche.

A summary of the year's receipts from his sheep as given by Mr. Greene is as follows: Sale of wool \$283.60; fifty one lambs sold at \$6.25 each, \$312.75; one hundred and four ewes \$800.00; total receipts \$1,402.35. Total expense including original purchase price \$1,140.85, leaving a net profit of \$261.40, on his hundred acre pasture northwest of Comanche.

Mr. Greene raised a record crop of lambs, his 112 ewes producing 114 lambs. The wolves killed 19 of this number and they were no losses from other sources.—Comanche Chief.

**100,000 BOYS WILL  
 PLAY IN YEARLY SERIES**

More Made to Promote Greater  
 Interest in Diamond Sport

Support of the American  
 Legion's Nation-wide junior  
 baseball program by the major  
 leagues was assured Tuesday  
 when the advisory council guar-  
 anteed \$50,000 toward its develop-  
 ment.

The program of the legion will  
 bring 100,000 boys into baseball  
 competition each year, culminat-  
 ing in a little world series be-  
 tween representatives of the East  
 and West.

The plan as presented to Com-  
 missioner K. M. Landis, President  
 John A. Heydler of the National  
 League and President E. S. Barnard  
 of the American League by  
 Dan Sowers, national director of  
 the Americanism movement of the  
 legion, is comprehensive. It calls  
 for the division of each State in-  
 to sections, the several winners  
 playing off for the State cham-  
 pionship. The State champions  
 will clash in regional tourna-  
 ments late in July. Then the re-  
 gional title holders will meet to  
 decide the two-teams to compete  
 in the finals.

**Will Arouse Interest**

"It will arouse a greater inter-  
 est in the national game among  
 thousands of boys throughout the  
 country," said Judge Landis. "I  
 feel that we have taken part in  
 a great work to establish the per-  
 manent and healthy growth of  
 baseball."

"This is the most compre-  
 hensive and creditable thing the  
 majors have ever done for the boys  
 and the perpetuation of the game  
 said President Heydler. "It will  
 automatically result in thousands  
 of playgrounds being reserved  
 throughout the Nation under the  
 supervision of a well-governed  
 and patriotic body."

"In voting" unanimously to  
 stand behind the American Leg-  
 ion in its campaign to foster a  
 greater interest in baseball and  
 Americanism in general among  
 the boys of the Nation I believe  
 the major leagues have taken a  
 step that will meet with the in-  
 dorsment of the public," an-  
 nounced President Barnard.

Two years ago the legion sought  
 to develop its junior baseball pro-  
 gram into a national event, but  
 last year was forced to abandon  
 it when the national convention  
 was held in Paris.

**Regions of Play**

The divisions of the States in-  
 to regions are:

No. 1—Washington, Oregon,  
 Idaho, Montana.

No. 2—California, Nevada, U-  
 tah, Arizona.

No. 3—North Dakota, South  
 Dakota, Wyoming, Nebraska.

**MAYFIELD CASTS  
 "CRUCIAL" VOTE**

Washington, Feb. 16. Sen-  
 ator Mayfield cast a vote in the  
 Senate yesterday that will have  
 an important bearing on his cam-  
 paign for reelection.

Mayfield voted to send the  
 power investigation to the federal  
 Trade Commission, a vote that  
 will be interpreted by his oppo-  
 nents as support of the super-  
 power interests.

While Rep. Tom Connally and  
 Rep. Tom Blanton have been  
 withholding comment on Senate  
 development in connection with  
 the power inquiry, both have been  
 taking a keen interest in May-  
 field's attitude.

Ever since the debate began it  
 has been known how Mayfield  
 would vote. Mayfield has failed  
 to give any definite reasons for  
 his stand, except to state his ob-  
 jections to too many Senate in-  
 vestigations.

Connally is expected to em-  
 phasize the Mayfield vote, having  
 already announced that he intends  
 to fight Mayfield's senatorial re-  
 cord. A vote that can be inter-  
 preted as favorable to special in-  
 terests, which Connally has always  
 opposed, will likely form the key-  
 note of the Connally drive to oust  
 Mayfield from the Senate.

**AFTER ROBBERY**

**MARLAND STARTS NEW  
 MEXICO DEVELOPMENT**

Tulsa, Okla., Feb. 15.—Before  
 leaving for Denver Travis L. Go-  
 lay, president of the Marland Oil  
 Company of Colorado, announced  
 the location of four deep tests  
 in southeastern New Mexico. Six  
 additional locations will be made  
 and announced later. All tests  
 will be drilled to 4,000 feet or  
 deeper.

They are to be located on ac-  
 creage owned by the Marland Oil  
 Company in Lea and Eddy coun-  
 ties, each well being drilled by  
 the Marland Company.

The four locations already stak-  
 ed are as follows: The southwest  
 of the southeast of 19-26a-27e,  
 Lea county; the southwest of 4-  
 25-26 Lea county; the southwest  
 of 20-23-35 Lea county; the  
 northeast of the southwest of 24-  
 23-31 Eddy county.

The Marland Oil company of  
 Colorado holds 500,000 acres in  
 southeast New Mexico, and these  
 ten wells are the beginning of an  
 active campaign to test these hold-  
 ings.

Headquarters for the New Mex-  
 ico operations have been estab-  
 lished at Carlsbad.

**Hired**

A recent college graduate ap-  
 plied in the local butcher shop  
 for a job. The butcher looked him  
 over carefully and then said: "We  
 need an energetic young man to  
 run the slicing machine. Have  
 you ever had any experience?"

"I used to play golf."

Few things seem more futile  
 than paying dues to a golf club  
 in the winter time.

**Big Spring, Texas**

**Rainfall Chart**  
 (1900-1927)

The following is a correct tabulation of rain-  
 fall in Big Spring from 1900 to 1927 inclusive.  
 This data was compiled by the Federal Ex-  
 periment Station and can be relied upon. The av-  
 erage for the 28 years is 18.53 inches.

**MONTHLY AVERAGES FOR 28 YEARS ARE:**

January	4.2
February	6.66
March	8.7
April	2.23
May	2.39
June	2.22
July	1.36
August	1.824
September	2.103
October	2.138
November	1.04
December	6.39

**TOTAL RAINFALL BY YEARS**

1900	21.11 in.	1914	23.00 in.
1901	16.33 in.	1915	20.95 in.
1902	27.28 in.	1916	15.79 in.
1903	10.98 in.	1917	4.53 in.
1904	17.05 in.	1918	12.25 in.
1905	20.73 in.	1919	34.02 in.
1906	25.02 in.	1920	21.29 in.
1907	23.41 in.	1921	11.11 in.
1908	19.39 in.	1922	23.31 in.
1909	12.28 in.	1923	26.26 in.
1910	7.87 in.	1924	10.89 in.
1911	14.88 in.	1925	18.16 in.
1912	11.10 in.	1926	25.25 in.
1913	18.29 in.	1927	18.56 in.

70 per cent of the annual rainfall for the pe-  
 riod of 28 years has fallen between April 1st  
 and September 30th. This has amounted to  
 12.70 inches.

The fact that a high per cent of the rainfall for  
 the year comes during the crop growing season  
 makes it possible to produce crops on a very  
 small annual precipitation.

**LIARS MAKE LIARS**

The man who is untrue himself  
 is always willing to listen to un-  
 truths about others. A liar breeds  
 liars. The man who encourages  
 falsehood will beget a following  
 of liars. What folly for a man to  
 look for truth in those about him  
 when his whole life is a tissue of  
 deception. You might as well  
 hope for barley from thistles as  
 expect honest clerks from crook-  
 ed proprietors or faithful ser-  
 vants from deceitful masters.

When the head of an establish-  
 ment puts a premium on false-  
 hood, he should not be surprised  
 when his till is tapped. "If a ruler  
 hearkeneth to falsehood, all  
 his servants are wicked." An honest  
 employer makes an honest em-  
 ployee. There are cases of course  
 where dishonesty crops up in  
 spite of good surroundings, but  
 these are the exception rather  
 than the rule. Looseness in mor-  
 als at the head of an institution  
 is fatal.

**SHAKE IT**

Many a good ship has gone  
 down through a small flaw in her  
 timbers, or a little carelessness  
 on the part of the helmsman.  
 Many a great man has gone to  
 ruin, disgrace and perdition thru  
 a little sin that has passed the  
 fountains of his physical and mor-  
 al nature. It is not the crimes  
 that outrage all ideas of decency  
 that tempt men to their destruc-  
 tion, but the soft siren of person-  
 al gratification that lures them  
 to the reefs. "Watch the hoart,"  
 says Solomon, "for out of it ar-  
 the issues of life." A man with  
 a rotten heart can no more be great  
 than a pigmy can develop into a  
 giant. You can't grow any bigger  
 than your weakness. The man  
 who indulges in secret vice may  
 soar for a while, but is as sure of  
 a drop as the sun is to rise.—The  
 Batteryman.

Herald want ads get results.

**TOO HONEST**

When you find anyone sticking  
 up for honesty as a policy put  
 your pocketbook in a safe place,  
 and do business with him for spot  
 cash. The man who is honest only  
 when it suits him does not  
 need the jimmie or the sandbag  
 to make him a first class thug.  
 There are people who think a  
 man is too honest when he deals  
 as squarely with a child or poor  
 old ducky as he does with wide-  
 awake, intelligent people who  
 know what the value of a dollar  
 is. It is an awful comment on so-  
 ciety that men who are particu-  
 lar in regard to being honest with  
 their fellows are often regarded  
 as "peculiar," and are pointed out  
 on the streets as objects of cur-  
 iosity. It is strange that the crit-  
 ics seldom realize the silent com-  
 ment upon their own lives their  
 estimate of these "cranks" may  
 afford. "As a man thinketh in his  
 heart, so is he."—The Battery-  
 man.

The Texas and Pacific railway  
 is now handling all the traffic it  
 is possible to handle with the mo-  
 tive power they possess. If  
 enough locomotives could be se-  
 cured it is said they could be han-  
 dling just double the business  
 they have at present. More new  
 locomotives are due to be received  
 soon.

Business men from many other  
 points are coming to Big Spring  
 seeking locations to engage in  
 business in our city. Due to the  
 scarcity of suitable buildings they  
 are taking most any kind of a  
 space that will give them an op-  
 portunity to get started.

**AVERY TWIN-JACK CULTIVATOR**

**Easy on both man and team**

Avery engineers did a big job in eliminat-  
 ing strain on the operator and lightening  
 the work of the team when they designed  
 the famous Jack Rabbit Cultivator. In the  
 Twin-Jack they have repeated their suc-  
 cess, this time in a two-row cultivator that  
 is simple to operate—and easy on both man  
 and team.

The Twin-Jack is sturdy, durable, flexible,  
 easy to handle and comfortable to ride. It  
 has a strong, rigid main frame that will not  
 twist or sag under the hardest conditions.  
 The frame is in perfect balance at all times,  
 with the result that manipulation requires

but minimum effort, the horses are spared  
 sore shoulders, and more ground is covered  
 per day with less fatigue.

Each pair of gangs is controlled by two  
 independent levers, the inside lever raising  
 or lowering the pair simultaneously, when  
 desired. By means of an easy pressure on  
 the stirrups the wheels may be angled to  
 right or to left.

We will be glad to explain the many  
 efficient, time-saving features of the Twin-  
 Jack—or demonstrate at your convenience.  
 There is no obligation.

There is a full line of famous Avery walking, riding and tractor plows,  
 tillage implements and Champion harvesting and haying machines

### AUCTION OF LOTS ATTRACTS LARGE CROWD

One of the largest real estate sales ever held in Big Spring was held here Monday in Washington Place in the Southern part of the city, when J. M. Braden sold to the highest bidder forty four residence lots in this new residential district. The property is owned by the Lyons-Earnest Realty Service—and the streets have been laid off and lots marked. The forty four lots sold brought over \$15,000.

The auction sale was a real celebration. Preceding the sale the Big Spring Municipal band, on a truck, paraded the downtown section, announcing the sale, and attracted a large crowd to the place where the auction was held. Braden is known as the "Lot a minute" auctioneer, and he sold them fast.

Each lot brought at least \$300 and some went as high as \$500. The addition carries rigid building restrictions which made the property sell at a better advantage.

Following the auction sale a new Chevrolet touring car was given to the one holding the lucky number. Mrs. W. B. Settles was the winner and is now the proud possessor of the new car. The auctioneer told the crowd before the number was drawn that the winner had to present the little boy with a \$5 bill when he pulled out the lucky number. The little fellow who received the cash was as proud as if he had drawn the car himself.

L. B. Dempsey returned last Thursday night from a business trip to Dallas.

The many friends of Mr. and Mrs. E. G. Newcomer of Knott sympathize with them at the death of their precious babe, Lela Myrl, aged one year, who passed away on Tuesday, February 21st. Funeral services were conducted by Rev. W. A. Kole of Colorado and the remains were laid to rest in the Knott tabernacle.

**GET YOUR BUTTER-NUT BREAD AND CAKES AT YOUR GROCERY. FRESH EVERY MORNING.**

Mrs. Margaret Altman of Healdton Oklahoma after a visit in this city with Mrs. Victor Martin, left Friday morning for her home.

Bluebonnet Electric Company, Everything Electrical. 231f.

Trudie Fay, two year old twin daughter of Mr. and Mrs. H. B. Cone was claimed by death on Friday February 17th. Funeral services were conducted on Saturday afternoon at the East Third Street Baptist Church, by Reverend Hughes.

Mrs. A. D. Arundel, of Minneapolis, Minnesota, is in the city visiting her sister, Mrs. Steve Tamsitt, other relatives and friends.

Funeral services for Lena Bell 8 month daughter of Mr. and Mrs. Le Roy Echols of Coahoma were held Thursday afternoon in Coahoma.

Mrs. A. L. Wetsel, after a visit in this city with her parents, Mr. and Mrs. S. A. Hathecock other relatives and friends returned to her home in Dallas Sunday evening.

### H. H. PADGETT DEAD

Hughes Howard Padgett 54 years, 11 months, 28 days passed away at his home in Coahoma at 5:36 o'clock Tuesday morning Feb. 21st, following illness of several months. Mr. Padgett has been in failing health the past few years and had retired from business. Funeral services were conducted at the Baptist church in Coahoma, Wednesday morning at 10:30 o'clock, by Rev. E. E. Mason, pastor. The remains were brought to Big Spring for burial in the I. O. O. F. cemetery.

Deceased is survived by his wife and daughter and other relatives and to them deepest sympathy is extended. Mr. Padgett has made his home in Howard county many years. He was formerly a resident of Big Spring, where he was well known and held in high esteem. He moved to Coahoma a number of years ago, and was in the hotel business there, until his retirement last year. He was a kind friend, good neighbor, a substantial citizen and lived a consistent life. Many hearts are saddened at his going.

### MRS. SUSAN BERRY DEAD

Mrs. Susan Manassas Berry, 66 years, died suddenly while riding in a car, enroute to this city on Saturday February 18th. Heart failure is attributed as the cause of her death.

The body was prepared for shipment by the Eberley Undertaking company and shipped to the old home in Louisiana for burial.

Heartfelt sympathy is extended to the bereaved ones.

Your Dentist, have him look at your teeth twice a year. Cunningham & Phillips.

### ALLEN AND MOORE OPEN 5 CHAIR SHOP

The Allen Barber Shop located in the Collins building on East Second street, across from the Acorn store, has been converted into a modern five chair shop, and will open Saturday, with Ben Allen and V. N. Moore proprietors. Mr. Moore comes to Big Spring from Bristow, Okla. This is one of the finest shops in Big Spring with all new equipment, and there will be no more long waiting, with five barbers on the job.

Mrs. P. R. Brooks has leased a space in this barber shop, coming to Big Spring from Amarillo, and plans to open a beauty parlor here about March 1st.

Mrs. Bess King and Miss Mildred King returned Sunday night from a visit in Fort Worth the guests of Mr. and Mrs. J. O. Esten.

A. J. Crawford owner of the Crawford hotels in Big Spring and Carlsbad, New Mexico, was a business visitor in Big Spring the forepart of the week.

### FUNERAL COACH AND AMBULANCE ARRIVES

The new, Buick Funeral Coach and Ambulance bought at Loundeville, Ohio, for the Rix-Griffith Mortuary has arrived in this city. Lewis and Paul Rix went to Ohio to receive the car and to drive it to this city. They returned Wednesday night. This is one of the finest and most up to date funeral coaches and ambulances now on the market. It is completely furnished for ambulance service, being equipped with a heater, electric fan, couch, also seats for passengers with every comfort for the injured provided.
