

RAIL DUST

By DOUGLAS MEADOR

The twilight was sudden and braided with fierce beauty in the rugged mountains that seemed to gleam from the sky. A wisp of smoke rose from a small mesa and twisted the pine tops in its golden fingers. Besides the fire a man stood with his hands on his hips, his feet on the back of the weary burro. He had removed a part of the pack, his pick, a grimy canteen and some blackened, battered pans. The silence and solitude had arrested his action, except to remove a tattered old cap from the grey, mottled head of the burro as motionless as a statue. Finally the meditating man was thrust to action and he removed the remainder of the pack from the animal. He had crept the hills and the course of the morning's journey. The burro began to crop lush grass at his feet and the prospector sat about preparing his simple meal. The gold he sought was in the rich veins of the soil.

My friend who has devoted a lifetime to work, believes it is possible to give away his possessions to a just cause. He has, in some instances, given away most of the last dollar in his cash register, but the money has always been returned, often many times over.

From the hour of Christ's arrest in the garden of Gethsemane until the present one, Jerusalem has been torn with varying degrees of strife and sacrifices. Peace of both the body and soul was bought at a price.

A creature of circumstances, I am willing to submit to the invasion of masculine privileges imposed by the new look in women's dresses, but if the fad extends to the bathing suit, I will be satisfied with nothing less than a Senate investigation.

Pity could be spread farther and thicker if its quality could be refined from the gristly, overabundance of self-pity.

Love is protected by a tough mail of adversity, often tanned by the salt of many tears. Trials are like the rains and lonely hours are the soil from which it is nourished.

I have never known a cowboy who whipped his horses that gained any degree of popularity.

No augury is effective when rainfall in West Texas is concerned unless it is delayed until the creeks and lister furrows are filled.

I would prefer the respected enmity of some men to the affected friendship of others who feel that loyalty requires no more proof than regular backslapping.

HERE FROM EAST

Dr. Robert Reeves and daughter, Betsy, of Durham, N. C., arrived Monday night for a week's visit with his mother, Mrs. W. E. Reeves, a brother, Elbert Reeves and family, and a sister, Miss Verlin Reeves, who joined them here, coming from Abilene where she is spending the summer.

TO AUSTIN

Mrs. W. E. Bryan and daughter, Dorothy, and son, John of Borger were guests in the home of Mr. and Mrs. D. E. Pitts Sunday night. They were enroute to Austin and left Monday accompanied by Mrs. Douglas E. Pitts, Jr. and baby son Kenneth Douglas.

Mrs. Pitts will enter Texas University and will receive her degree in Chemistry this summer. Miss Bryan is also attending the University.

AT ABELL'S SANITARIUM

Mrs. Noble Groves went to Lubbock last week where she remained at Abell's Sanitarium for treatment.

TO ABILENE

Misses Mary Helen Stephens, Shirley Estes and Patti Pipkin left Monday to attend Methodist Youth Fellowship Assembly at Abilene this week.

New Pastor Arrives

Rev. Marvyn G. Brotherton, newly appointed pastor of the Matador Methodist church, and his wife arrived last week from Texhoma, Okla. Rev. Brotherton has assumed the pulpit duties of Rev. Oscar Bruce, who was transferred to Rule, Texas Methodist pulpit.

Recruiting Office Will Open Here

Scheduled to be in operation by June 30, Matador will be headquarters for a five-county area (Dickens, Hall, Motley, Kent and Crosby counties) for army and air forces recruiting service, according to announcement made last week by Major Harold Fulghum of Lubbock.

Major Fulghum said the recruiting office here would be permanent and that an unusual opportunity would be offered a qualified enlisted reserve corpsman for extended active duty.

Men holding grades up to and including Technical Sergeant are eligible but they must have an administrative military occupational specialty number or possess the ability to do the required type of work. Current existing regulations concerning enlistment requirements will also apply to the man selected. Enlisted army reservists interested in the plan will be interviewed by Major Fulghum or Lt. Jack L. Curran at room 203, Post office Building, Lubbock.

Arrangements have been made with the county to open the recruiting office in the courthouse. It is probable the office will later be moved to the American Legion building when space is available.

PIONEER RESIDENT OF FLAG SPRINGS CLAIMED BY DEATH

In the presence of her ten living children, Mrs. S. W. Turner (Mary Elizabeth Turner), 82, died at her home in the Flag Springs community early Sunday morning. Funeral services were held at the Roaring Springs Methodist church Monday afternoon at 2 p. m., conducted by Rev. O. D. McDonald and assisted by Rev. Campbell of Lockney and Rev. McBrayer of Dalhart. Interment under direction of McDonald Funeral Home of Matador, was made in the Roaring Springs cemetery.

Conscious until Thursday preceding her death Sunday, Mrs. Turner was aware of her grave condition. Her greatest concern was as it had been through a long, full life, for the welfare of her children. Her courageous spirit sustained until the last, Her wish to spend her last hours listening to birds singing in trees sheltering her home, was granted. She had been in failing health since a stroke seven years ago.

Born In Lamar County

Mary Elizabeth Hanes was born in Lamar county, Texas, September 7, 1865 and died June 6, 1948, age 82 years, 8 months and 29 days. She was married to S. W. Hunter in Lamar county and to this union 13 children were born, ten of whom survive. She lived within five miles of the place of her birth until the death of her husband in 1909. She moved with her three sons. (See MRS. TURNER back page)

County Wheat Crop May Exceed Estimates

WHEAT harvest in Motley county is not so hopeless as earlier estimates. Authority is E. E. Moss of Roaring Springs, manager of Red Ball Feed & Grain, the county's only elevator. Mr. Moss has shipped two cars of wheat from the 1948 crop and he believes that he may handle 100 cars of grain this season, as compared with 300 cars handled last year (part of the grain handled by his firm in 1947 was grown outside of the county and shipped from Roaring Springs).

Wheat market was \$2.02 per bushel Monday. Mr. Moss said Roy Biddy farming in the Four-Corners area north of Matador had harvested 267 acres of wheat with an average yield of eight bushels per acre. Mr. Moss believes considerable amount of the wheat in the county will average in the neighborhood of 20 bushels per acre.

Although general opinion until recently was that the county "had made a failure" in wheat this season, Mr. Moss says he has examined fields throughout this area and that he feels he is not overly optimistic in estimating 100 cars (180,000 bushels).

PROPERTY OWNERS BUY EXTRA PAVING

Another street in Matador is going to be paved wider than the original contract through the street improvement bond issue. Two property owners, Eugene Perkins and Hazel Dirickson, started work about Friday to secure the cooperation of other property-owners on Bundy St., from the school north to the intersection of U. S. Highway 70, to pave an additional eight feet on each side of the 36-foot ribbon.

They were almost immediately successful in securing checks for the paving of the west side of the street, but faced more problems on the opposite side. Through telegrams and long distance calls they were able to secure a check from a California (east-side) property owner, but failed to obtain 100 per cent agreement with local owners. Reports late yesterday declared the street would be "off-set" about four feet on the east side part of the distance north of the school. Leaders in the movement to widen the much-traveled school street were pressed for time as construction crews are already to the school.

Paving contractor R. P. Phillips is facing a serious problem in cement shortage. His workmen "ran out" of cement Saturday afternoon. He declared Tuesday he had been forced to pay as much as \$2.25 (and \$1.80) per sack for "black market" material to keep his workmen on schedule. He returned to the job Tuesday after driving all night from Waco in search of cement.

George Doss student at Baylor University visited here between semesters with his parents Mr. and Mrs. Vernon Doss.

Methodist Vacation Church School Ends With A Program And Exhibit Of Work

The Methodist Vacation Church School closed on Friday afternoon June 4 with a program and exhibit of hand work, attended by parents and friends of the children.

Mrs. H. H. Schweitzer, general superintendent of the school reported a total enrollment of 97, including the workers and children. There were 26 in the kindergarten department, 25 in the Primary department and 24 in the Junior department.

The kindergarten group learned many helpful things in their course on "Happy Times in Our Church" under the guidance of their superintendent, Mrs. W. F. Jacobs and her assistants, Mrs. Enmit Jinkins and Clinton Hobbs and Miss Mary Helen Stephens.

The Primary group and their Supt., Mrs. Oscar Bruce and her assistants, Mesdames Homer T. Jinkins, Nelson McMahon, C. T. Jinkins and John Russell proudly exhibited a complete miniature farm including wheat field, sudan patch, farm animals, barn, house and other buildings and

HOME EC GIRLS TO MEET SATURDAY

Girls interested in home project work for the summer session will meet in the Homemaking Department at the high school building, Saturday afternoon June 12 at 4 o'clock. Only girls who took Home Economics last year are eligible to take this summer, according to an announcement made to the Tribune by Mrs. Loyd Latimer, Home Economics teacher.

Public Anxious For Look At 1949 "New Look" Ford

JOHN Q. MOTORING Public is awaiting his first look at the 1949 Ford automobile which will go on display here Friday morning, June 18, at the Matador Auto Company, local Ford dealers. Above is a front picture of the radical new Ford (attractive girl is optional), the first "new" popular priced automobile since the war.

Almost 20 years ago to the month, Ford kept the public in suspense awaiting its first glimpse of the now long obsolete Model A, which was a radical departure from the famous Model T that had made the world automobile conscious. The

Local Lions Attend Meet At Quitaque

Four members of the Matador Lions Club attended a charter meeting Tuesday night of the Quitaque club. Those attending the organization meeting of the neighboring city club were retiring Boss Lion C. W. Gieseker, Rev. M. G. Brotherton, H. F. Pipkin and Zong Chairman Howard Traweck.

Former District Governor John McLean of Hereford made the charter presentation. Zone chairman Traweck received a citation for his service in this zone during the past year.

Last directors' meeting of the club's fiscal year will be held at Rosa's cafe at 6:30 Monday morning, (June 14). Final meeting of the year will be held in the Methodist church basement Tuesday at 12:30 when former Dist. Governor, Chas. Deemer will install the new officers.

Mrs. Rowe Sams of Waco, is visiting here with her mother, Mrs. Leonora Luckett, and brother, Jack Luckett, and family, and will also visit in Spur with her sister, Mrs. Cecil Godfrey and family.

response to the "mystery" advertising stunt was declared one of the most effective in the history of merchandising. Glenn Woodruff of the Matador Auto Company returned from Dallas Tuesday where he had inspected the new automobile. He declared the 1949 Ford (with exception of 6 and V8 engines) to be an entirely new automobile from bumper to bumper. Illustrations above and elsewhere in this issue of the Tribune confirm his enthusiasm. Ford motor company spent \$37,400,000 in tools, dies, jigs and fixtures to produce the greatest car ever to bear the famous name.

No announcement of prices here has been made but the Dallas Sunday Morning News gave front-page space to the new automobile and declared it would sell from \$85 to \$125 higher than present models. The public will not mind. The demand for automobiles shows no signs of relief in the near future. Used car dealers are selling new cars on their lots up to \$1,000 above the list price. The public is interested in the availability of the new Ford.

Many New Features The new Ford has many new features in addition to its modern design. The hood is massive but shorter and the body so wide the rear fenders have been eliminated. Front seat width has

(See NEW FORD page 5)

Lubbock Boosters Visit City Friday

An air-conditioned T.N.M. & O. busload of Lubbock boosters advertising Boy's Club rodeo at the "Hub car of the Plains" city June 9, 10, 11, 12, were in Matador for their noon meal Friday.

Star of the rodeo will be movie famous Gene Autry. The rodeo will be held at the new Texas Tech Jones Stadium.

Pioneers Schedule Dance For June 11

Motley-Dickens Counties Old Settlers Association has scheduled another dance at Pioneer park, Roaring Springs for Friday evening, June 11.

Announcement of the dance is made by the organization's president C. C. Halle of Afton. Proceeds from a series of dances are being used to pay outstanding obligations of the association.

Mr. and Mrs. Clyde Smallwood and son of Liberal, Kansas visited Sunday night in the home of his parents Mr. and Mrs. Everett Smallwood. Miss Dolly Smallwood accompanied them home for a visit.

Mr. and Mrs. Coy Morehead and children Billy and Virginia of Amarillo visited over the week-end in the home of her parents, Mr. and Mrs. F. Z. Martin.

AT BOYS STATE

Billy Ray Neighbors, Tribune employee, left for Austin, Saturday to participate in Boys State beginning Monday to continue through this week.

A committee composed of members of two local organizations, the American Legion Fleming Post and Matador Lions Club, co-sponsors in sending a boy to the annual event, selected young Neighbors to make the trip. The oldest son of Mr. and Mrs. J. P. (Jud) Neighbors, Billy Ray is also assistant scoutmaster for the local troop.

ROARING SPRINGS PIONEER RESIDENT CLAIMED BY DEATH

Mrs. Minnie Lee Ferguson, 79, pioneer resident of Roaring Springs, died here Monday at Stanley clinic about eight p. m., following three years of failing health. She had been a patient of the clinic since Mother's Day, when her condition became grave.

Funeral services were held Wednesday afternoon at the Roaring Springs Methodist church at 2 p. m. with Rev. O. D. McDonald officiating. Interment under the direction of McDonald Funeral Home, Matador, was made in the Roaring Springs cemetery. Mrs. Ferguson had been a devoted member of the Methodist church since youth.

Minnie Lee Mauldin was born in Water Valley, Mississippi, April 17, 1869 and died June 7, 1948, age 79 years, 1 month and 21 days. She moved with her family to Ellis county, Texas in an ox-drawn wagon at the age of eight years. She was married in 1887 to John F. Ferguson and to this union ten children were born, seven of whom survive.

Mr. and Mrs. Ferguson moved to Motley county in 1917 and broke out the sod on their farm home two miles southwest of Roaring Springs. Mrs. Ferguson had made her home here continuously since that time. Mr. Ferguson preceded her in death in November 1944.

Survivors include six sons, Frank, Tom S., and John S. of Roaring Springs, Bob H. of Wichita Falls, Onas of Midland and Angus of Wichita, Kansas and one daughter, Miss Bess Ferguson of Roaring Springs.

She is also survived by three brothers, Alfred Mauldin of Frost, Texas, Zora Mauldin of Italy, Texas and Ira Mauldin of Voss, Texas, and two sisters, Mrs. Julia Willard of Oklahoma and Mrs. William Ward of Fort Worth, Texas. Pallbearers were: Mike Hoyle, Buzz Thacker, Caldwell Smith, Harold Jones, Hugh Preston and S. J. Braselton.

RETURN FROM BAYLOR

Miss Dorothy Woodruff returned home last Wednesday from Baylor University, Waco to spend the summer. She was accompanied by her fiancé, Milton Dailey and his sister, Geraldine Dailey of Crockett, Texas who visited over the week-end in the home of Mr. and Mrs. J. L. Woodruff.

VISIT WITH RELATIVES

Mr. and Mrs. W. W. Carpenter were accompanied home last Tuesday from Norman, Okla., by his daughters and families, Mrs. Johnny Allsup and daughter Francene and Mr. and Mrs. Robert Dugan and son, Robert Walker of Ardmore, Penn. for a visit here.

Mr. and Mrs. Coy Morehead and children Billy and Virginia of Amarillo visited over the week-end in the home of her parents, Mr. and Mrs. F. Z. Martin.

Labor Shortage Is Acute In Campaign

MANY FACTORS prevented Matador's city-wide cleanup drive Monday from reaching the goal set by civic leaders and city officials. The lack of available laborers was the principal fault. Starting of wheat harvest caused some shortage in trucks and "loaders" which delayed removal of much trash according to schedule. Matador is still far from a clean city but its condition is improved.

Ford tractor purchased conditionally by the city to be used in a permanent cleanup plan, was delivered Friday, equipped with dirt blade. The blade (temporary equipment until one designed for the work can be delivered) was not effective in scraping weeds from alleys and lots.

Large, wide, steelbed trailer "borrowed" by the city from Jameson Machinery Company, was not available, being previously drafted for work in the wheat harvest. E. B. Chambliss, employed by the city for 30 days trial of the permanent cleanup plan, was forced to use his small trailer behind the tractor. The process reduced the speed of removing rubbish from streets and alleys where it had been placed by the cooperating citizenship.

Ed Jameson, manager of the Jameson Machinery, returning from Colorado this week, has assured Mayor Douglas Meador that the large four-wheel trailer will be available today. Mr. Jameson will not accept pay for the 30-day use of the trailer. If it is satisfactory and the city desires to purchase it, the price is \$300.

With few exceptions, the public acceptance of the cleanup plan has been one of cooperative unity. Many residents have already expressed themselves willing to pay 75¢ per month for the (See CLEANUP page 5)

DISTRICT COURT TO MEET THURSDAY

District Court will convene for March term, next Thursday, June 17, at 10 o'clock a. m.

Following list of petit jurors have been notified to serve:

Z. C. George, James Renfro, R. L. Anderson, Jack Davis, H. L. Goodwin, P. B. Beauchamp, J. M. Dobbins, Jim Clower, John Jones, H. L. Dirickson, C. M. McDonald, John Russell, Blake B. Barton, I. W. Fish, France Barton, E. F. Bridges, J. M. Jameson, W. E. Brown, Ben Davidson, Boyd Perkins, John Eubank, D. I. W. Birnie, R. F. Kell, Milton Brooks, Bill Morris, Virgil Cooper, Levi Wilkinson, H. B. Edmondson, J. K. Campbell, A. W. Cook, John Brogdon, Smith Purdy, Homer Kingery, J. H. Bell, Fred E. Brandon and Tom Edwards.

A. N. Casey Assumes Duties As Mortician

New mortician here in charge of the McDonald Funeral Home is A. N. Casey of Lubbock, who with his wife, arrived Tuesday to assume the duties of his position.

Mr. Casey fills the vacancy made by the recent resignation of Karl Pederson.

VISIT IN ABILENE

Elmer Stearns and daughter, Mrs. Burnham Shaw, visited in Abilene over the week-end as guests of Mr. and Mrs. John C. Lees and Miss Lena Wilson, the two latter being sisters-in-law of Mr. Stearns and aunts of Mrs. Shaw.

HERE FROM BROWNWOOD

Mrs. J. D. Craven and daughters, Cora Ann, Rachel, Francine and Patti, of Brownwood, are visiting her parents, Mr. and Mrs. M. L. Patton. Mrs. Craven's sister, Miss Rachel Patton, drove to Brownwood Sunday to accompany them here Monday.

MISS BRYAN IMPROVED

Miss Maggie Bryan, who has been a patient in Traweck hospital during the past week, was removed to the home of her sister, Mrs. Ed Cammack, Wednesday. Her condition was pronounced improved late yesterday.

Mrs. H. M. Wagley returned home last week from Quanah, where she visited relatives.

...cided to look up the Henry Solomons, former Matador residents. After several unsuccessful attempts to contact them by phone the boys finally decided to walk out to the address—in the 27 hundred block on Jackson. Trudging the distance estimated at about 2 1/2 miles, they learned that the Solomons had moved, so retraced their steps to the business district of Amarillo. "We stopped ever now and then and rested on people's lawns", the boys related. They then bought a hamburger for 20 cents and divided it. Which left them five cents to squander.

They then had the inspiration to call home "collect", and were instructed by Neal's parents, Mr. and Mrs. Bill Pipkin, to call a cousin, Leland Jinkins and spend the night. First however, Mr. Pipkin advised the boys to get a room at the Herring hotel, but Neal's incredulous "with a nickle?" resulted in the other suggestion, and also the advice to go to the Amarillo National Bank the next morning and cash a check through one of the executives Mr. Pipkin knew.

Overhearing the conversation, a clerk in the drugstore where

they made the call, bought supper for the boys, declaring it an honor to do something for a couple of Scouts. Since their nickle had been returned on making the phone call collect, Tom decided to purchase some postcards to mail to some friends in Melbourne, Florida, where his family lived during the war when his dad, John Hamilton, was serving in the U. S. Navy.

He bought typical western cards with rattlesnakes, and horned frogs, to convince his friends that the west is wild.

The next day the boys boarded the train for Plainview, where the Pipkins met them and accompanied them home.

Other Scouts making the trip to Amarillo were, Billy Ray Neighbors, Fred Stanley, Jerry Edwards, Roy Taylor and Bobby Cash. They were accompanied by Scoutmaster Forrest Campbell and Mr. and Mrs. C. W. Giesecke.

Whiteflat News

(By Lola Faye Lynch)

Mr. and Mrs. Walter Martin of Kermit are visiting in the homes of Mr. and Mrs. Tom Spray, Mr. and Mrs. Clovis Murphy and Mr. and Mrs. R. H. Norton.

Travis Taylor visited his grandfather, Lee Titus at Plainview last week.

Mr. and Mrs. Varner McWilliams and daughters, Gail and Glenda have returned home from Austin where he has been on business.

Sally Ann, Ronnie Dell and Mary Louise Wilson of Crosbyton have been visiting their grandparents Mr. and Mrs. M. D. Morris.

Mr. and Mrs. Donald Ray Norton and baby of Spur visited his parents Mr. and Mrs. R. H. Norton Saturday. They were accompanied home by Mr. and Mrs. Norton.

The Community meet will be held at 8 o'clock in the Club room of the school house Tuesday, June 15. Everyone come and bring refreshments.

HD Club Meets

The Whiteflat Home Demonstration club met Friday afternoon, June 4 in the home of Mrs. Roy Mitchell.

Mrs. Albert Rattan, home demonstration agent, gave an interesting discussion on clothing labels.

Refreshments of sandwiches, potato chips, cookies and ice tea were served to the following: Mesdames Tommy Edwards, L. A. Carlisle, Tom Tilson, Fred Bourland, Varner McWilliams, Bill Smith, Bob Martin, Rattan and the hostess.

The next meeting will be on

State Health Dept. Warns On Danger Of "Summer Complaint"

Dr. George W. Cox, State Health Officer, has issued a warning to parents that this is the season for an increase in dysentery, diarrhea and "summer complaint".

"The chief cause of these intestinal diseases are contaminated milk, water or food; allowing the child to get overheated or exhausted; excessive sugar in the babies formula; and improper amount of food", Dr. Cox said. "All foods should be fresh and clean, and left-overs should be properly refrigerated to prevent spoilage."

Dr. Cox urged extreme care in the preparation of a feeding formula for infants. He said it should be prescribed by a physician, and that cleanliness and refrigeration were absolute essentials. Babies should be fed at regular intervals and on a definite schedule, since their stomach and bowels can be easily upset if fed irregularly or whenever they are fretful or restless.

The State Health Officer declared that dysentery is transmitted by flies and said every home should be well-screened and free of flies.

"If dysentery or diarrhea develop, consult your physician at once," Dr. Cox advised. "This so-called 'summer complaint' can be a very serious menace to your baby's health, if not an actual threat to his life."

Local Lions Attend Picnic At Childress

Lions Howard Traweck and Albert Traweck, Jr., attended a picnic at Childress Friday night for Lions clubs of this zone. Following the picnic supper at Fair Park, a program was presented by E. D. Sims of Paducah. The Vagabonds, a group of Childress young people, presented a number of songs and dances of the blackface variety. Mayor W. L. McClendon gave the address of welcome and served as

master of ceremonies for the program. A number of games were played and nylon hose presented to winning ladies. In a tug-of-war event, the Childress team beat Paducah in two pulls. A hog-calling contest turned into a wife calling affair and the winner was a visiting newlywed. Accompanying the two Lions from Matador were Miss Dorothy Willett and Mrs. Albert Traweck.

From where I sit... by Joe Marsh

Who is this Man?

Now and then, in the pages of the Clarion, I run a biographical quiz, under the heading of "Who is This Man?" For instance... "He was one of the earliest lovers in American history..." "And yet he was too shy to court a woman outright..." "He came to the New World on the Mayflower..." "A cooper to repair the beer barrels accompanying the Pilgrims..." "Who is this man?" I thought that everybody was

stumped. But not Ma Hoskins, who returned the clipping to me with "John Alden" on it. She recognized all the clues—including that reference to "beer" and "cooper." For Ma—who's read her history, knows that beer as the beverage of moderation, is as old in this land of ours as the never-ending American search for tolerance which brought the Pilgrims over to this country in the first place.

Luke's Quest Is New Juvenile Book Added To Library

Included in twenty-five new juvenile books recently added to Matador City library is "Luke's Quest" by Caroline Dale Snedeker which many of the younger readers will wish to read this summer.

This is a story of the days after the death of Christ when it was an adventure in danger and heroism to be a Christian.

The young Greek Luke turned from pagan priesthood to a restless quest that ended when he met the apostle Paul. Luke's conversion and his life thereafter are part of this stirring account of the impact of Christianity on the pagan Gentiles and its wildfire spread.

This is also the love story of Luke and Damaris, the beautiful young girl who first said, "There should be a book," when she became a Christian. Luke's adventures collecting the stories that he made into "the most beautiful book in the world" are told with a reverence and beauty.

In this fictionalized biography of the most mysterious figure of the New Testament, a long-beloved writer for young people has made a worthy companion to her distinguished and well-known "The Spartan." She writes from a lifetime of research and familiarity with her material.

The city library, sponsored by El Progreso Study Club, is open each Wednesday afternoon from 3 until 5 o'clock, in room 11, at the grade school building. Mrs. R. E. Donovan is serving as librarian during the summer absence of Miss Mary Keith.

Library fees are \$1.00 for 1 year; 65 cents for 6 months, and 40 cents for 3 months.

Credits will be given school students for books which are read during the summer which are on the required list of reading, according to Bert Ezzell, school superintendent.

Honorable Mention For PTA Yearbook

Matador Parent Teachers Association 1947-48 yearbook (Tribune printed) received honorable mention at 14th district 20th annual conference, according to the district publication "The Aeron."

Three types of yearbooks were considered, including printed, mimeographed and typed. Under the printed classification Lorenzo was first, Anson second, Plainview third and honorable mention to Matador.

The yearbook entered in the contest was returned to Matador Parents Teachers Association President, Mrs. R. E. Donovan, stamped with a gold seal designating the award it had received.

Try This Tasty Treat Today
At Your Favorite Grocery

There's something about CITY BAKERY pastry that's different — distinctive. You'll notice it when you taste it — we think it's because we use the finest ingredients obtainable, and mix them according to old-fashioned home recipes.

At Your Grocery

City Bakery

CLEANUP . . .

(Continued From Page 1)

twice-monthly residential cleanup. At a small mass meeting held in the District Court room Friday afternoon, business men expressed a willingness to pay more for daily removal of all trash from alleys. Bill Waybourn, manager of Waybourn's cafe, said he was already paying \$12 monthly for the service and he would pay the same amount to the city. Other firms, including grocery and markets expressed a willingness to "pay their share." No amounts have been set. They will be optional. Cards have been printed which will be filled in for the amount the merchant or place of business is willing to pay (to be collected with water bill).

City secretary Howard Edmondson collects approximately 50 water accounts each month by checking on the customer. No checks will be written for more than the water bill unless authorized by the customer.

The city will need approximately \$300 additional each month to finance the permanent cleanup outlined before asking the citizenship to start paying. The hydraulic pickup shovel attachment will be installed on the tractor today which is expected to aid in loading rock and heavy objects on the trailer for disposal. It is hoped that by next week the work can be organized to produce more apparent results.

In the Monday cleanup, Lion Tail Twister Ralph Stapleton "rode herd" on his workers. He made some notes in his little black book which are expected to be revealed at the next meeting, Tuesday, June 15.

been increased six inches and the rear seat eight inches. Hydra coil springs have replaced the traditional traverse springs and front axle. Extra long longitudinal springs in the rear are equipped with airplane type shock absorbers. Road noise has been minimized and engine noise almost eliminated with the power plant floating on rubber mounts.

Heating and cooling has been built into the car with fresh air scooped in through intakes behind the grille.

Up to ten per cent economy is claimed in gas mileage. Hot spots in the engines have been decreased. Overdrive is also available which is claimed to improve gas economy as much as 25 per cent.

Greater safety is another feature of the new Ford. The rear glass window is as large as the average windshield. The new wheelbase is 114 inches. The new six develops 95 horsepower.

CLERICITY IS A BRAINAG

For one penny Reddy Kilowatt will . . .

Vacuum clean 6 large rugs, or

Protect your food for 5 hours, or

Iron 20 table napkins, or

Tell you the correct time for a week.

THIS IS AN ANAGRAM. The four scrambled words tell a well-known truth these days of scrambled budgets.

You may have to do a little figuring to discover that it says: "ELECTRICITY IS A BARGAIN"—but it doesn't take much figuring to realize what a great bargain your electric service really is!

Your pocketbook tells you that living costs have sky-rocketed—that nearly everything costs more nowadays. But not your electric service! The average family served by the West Texas Utilities Company still gets twice as much electric service for its money as it did 20 years ago!

Check your budget and ask yourself what other item does so much to make life easy and comfortable—at such little cost!

West Texas Utilities Company

Blue Cross Plan Hospitalization Has Vast Growth

Over two hundred million dollars went to Blue Cross members for hospitalization in 1947, states the annual financial report of the Blue Cross Commission of the American Hospital Association.

Total admitted assets of all Blue Cross Plans on December 31, 1947, amounted to \$124,771,133, composed of Cash, \$31,070,198 (24.90%), Accounts and notes receivable, \$5,191,267

(4.16%), Investments, \$87,823,721 (70.39%), and Prepaid expenses and other assets, \$685,947 (.55%). The total admitted assets of Blue Cross Plans increased \$21,050,085 (20.29%) during the year 1947. The relative distribution of asset items showed no material change over the December 31, 1946 distribution.

Reserve funds available for the protection of Blue Cross members increased \$9,056,075 (15.35 percent) during the year 1947, bringing the total reserve to \$68,062,746 as of Dec. 31, 1947.

Accounts and notes payable amounted to \$30,640,240 and unearned subscriber payments, to \$26,068,147.

Joe M. Gaines, Manager

Tribune, Matador, Motley County, Texas, Thursday, June 10, 1948

★ ★ ★ Fashions ★ ★ ★

Ideal swim suit which is attractive and yet permits the freest action in the water is shown above as pictured in the June issue of Good Housekeeping magazine. The bright-in-the-sun stripes are starred, and the rope straps are feather-light on the shoulders. Elasticized cotton. Available in red, green and brown.

The total income for all Blue Cross plans for the year 1947 was \$246,898,312, exceeding the 1946 total income by \$75,225,144 (43.82%). Payments for care of members (Hospitalization) amounted to \$211,392,885, which was \$70,037,936 more than in 1946 (49.55%). Hospitalization paid on behalf of members required 85.62% of total income, a percentage which has been increasing each year.

The total operating expense of the Plans was \$27,492,841, 11.14 percent of the total income. Plans spent 1.87% less of their income for operation in 1947 than they did in 1946.

After paying hospital bills and operational costs, the Plans had \$8,012,586 (3.24% of their total income) left to add to reserves for the protection of their members. As the percentage of income paid for Hospitalization has increased each year, the percentage devoted to operational costs has decreased and the percentage of income (though not the amount) remaining to be added to reserves has decreased.

FARM NEWS

Mesquite Eradication Essential?

To look down from the top of the Plains onto the acres and acres of mesquite-free range west of Matador, makes a rangeland manager marvel at the beauty of the Harry Campbell ranch. Mr. Campbell, cooperating with the AAA, started about seven years ago to eliminate the mesquite from his place and since that time approximately 1,000 acres have been hand grubbed. Mr. Campbell declared that not only has it improved his grass, but also affords opportunity to keep his cattle well worked, more gentle, and free from loss by disease, worms, etc. Any part of Mr. Campbell's "home place" may be reached in an automobile without any thought of danger from flat tires or damaged fenders. Fat, easy to manage cattle are living symbols of the value of mesquite eradication in Motley County. Mr. Campbell thinks mesquite eradication is essential.

Prior approvals for 12¢ per one percent infestation of mesquite with a maximum of \$5 per acre are obtained in your local AAA office.

Stock Ponds Plus Erosion Control

The recent rain, though slow enough that the major portion soaked in the ground, caused enough excess watershed to put one of C. W. Starkey's series of dams full of water and enough in the others to provide stock water for several months. With the intention of closing several large gullies on his farm southwest of Flomot, Mr. Starkey had this series of dams built in 1947. Even now the fields are showing

MRS. TURNER ...

(Continued From Page 1)
George, Albert and John to Childress county in 1919 and later moved with them to the Flagg Springs community in Motley county in 1930 when the area was being broken into farming land.

Mrs. Turner joined the Cumberland Presbyterian church at the age of 14 and remained a devoted Christian throughout her life. When she moved to Childress, and was unable to attend a Presbyterian church, she accepted the faith of the Methodist church and moved her membership to the Roaring Springs Methodist church after becoming a resident of the county. Mrs. Turner was a devoted

mother, a loyal neighbor and a consecrated Christian. Her friends were numbered by those whom she knew.

Survivors are six daughters, Mrs. R. H. Rheudasil of Paris, Texas, Mrs. S. R. Ward of Carizo Springs, Mrs. S. D. Hunter, Miss Mary Turner and Mrs. O. C. Campbell all of Roaring Springs and Mrs. Hugh Conn of Wichita Falls, and four sons, E. V. Turner of Wichita Falls, G. D. Turner of Lockney, Albert and John Turner of Roaring Springs.

Pallbearers were her grandsons, Turner Hunter, John Ray Hunter, Sam Hunter, Melvin Thacker, Jimmy Marshall of Wichita Falls and George Dial Hunter of Lockney, and honorary pallbearers were: C. M.

Tribune, Matador, Motley County, Texas, Thursday, June 10, 1948

Glenn, Elmer Stearns, Henry Pipkin, George Edwards, H. D. Marshall, Lee Marshall, Elmo Kingery, C. W. Giesecke, W. C. King, Bill McCaghren, W. M. Byars, C. B. Glenn, Mike Hoyle and Douglas Meador.

VISITING RELATIVES

Mrs. Nolan Fulkerson and children, Gerald and Nola Lee, of Monahans, and Mrs. Jack Crider and baby daughter, Donna Leta, of Grandfalls, are visiting here with their parents, Mr. and Mrs. A. A. Tipton, and sister and brother-in-law, Mr. and Mrs. Ben Meador. Mr. Fulkerson accompanied them here Sunday morning, returning to Monahans Tuesday.

Dorothy Nelson Receives Degree From Texas Tech

Miss Dorothy Nelson, daughter of Mrs. Roy Smith received her B. S. Degree in the Child Development division of Home Economics Monday night at Jones stadium at Texas Technological college, where degrees were conferred in commencement exercises.

Miss Nelson was a member of the Home Economics Club, Future Teachers of America Club and the Women's Recreational Association Club. She was a representative to the Association of Students.

She attended both grammar and high school here at Matador and was a member of the 1944 graduating class. She transferred to Texas Tech after attending T.S.C.W. Denton for a year. Miss Nelson is directing activities for the newly organized Girls Club here for the summer.

Mrs. Roy Smith, together with Mesdames Lois Smart, Emma Groves and Lee Nelson accompanied Miss Nelson to Lubbock Sunday to attend Baccalaureate services for the graduates, and Monday night Mr. and Mrs. Roy Smith, Mrs. Nelson, Mrs. Smart and Miss Elwanda Martin attended Commencement exercises.

RETURNS HOME

C. M. Glenn drove to Mineral Wells last Wednesday where Miss Amy Glenn joined him after a visit there and together they visited in Franklin, Texas with their sister and family, Mr. and Mrs. T. T. Metcalfe and in Corsicana with their niece and her family, Re and Mrs. J. I. Cartledge, returning home on Monday of this week.

VISIT HERE SUNDAY

Sunday visitors in the home of Mr. and Mrs. R. A. Day was their daughter and family Mr. and Mrs. Ware Fogerson of Silverton, Mrs. Fogerson, Mr. and Mrs. Bob Spencer and sons, Jim Bob and Phil of Clovis, N. M., Mr. and Mrs. Joe Gaines and Mrs. Bertha Garrison.

Mrs. Allen Drake of Orange, Texas her daughter and two grandsons of Dallas and Mrs. Scott Robbins and baby daughter spent several days visiting in the home of Mr. and Mrs. C. E. Harris.

Use Of Salt During Summer Is Advised By Health Officer

There is little doubt that summer is here. If you don't think so, take a quick look at your thermometer or feel your shirt or blouse—chances are that it will be wet and salty with sweat.

Excessive sweating means the loss of body salt, and Dr. Geo. W. Cox, State Health Officer, advises the use of salt in drinking water as a means of avoiding heat cramps.

"Salt is a prominent constituent of sweat," says Dr. Cox. "On days when the thermometer goes to 90 degrees or above, as it has recently, the body may lose as much as fifty grams of salt. Laborers, farmers and even white collar workers should be especially watchful of heat cramps."

Heat cramps are characterized by pains in the stomach, head aches, and sometimes nausea and vomiting. The danger comes because the loss of the salt may occur without the knowledge of the individual until the deficiency causes cramps or heat fog.

Salt tablets may be purchased commercially. If they are not available, a pinch of table salt will serve the same purpose.

"Drinking milk is an excellent method of replacing body salt lost through perspiration," Dr. Cox says, "but alcoholic drinks should be avoided."

FARMS TRIPLE USE OF 'BOTTLED GAS'

Use of "bottled gas", which now performs a variety of jobs on farms and ranches, has increased 299 per cent since 1941, according to the Oil Industry Information Committee. "Bottled gas" refers to such gases as butane and propane which can be stored in portable containers under high pressure.

Indicative of the changes that have taken place during and since the war as almost every phase of farm and ranch operation have been mechanized, bottled gas is used not only for cooking and for home and heating, but to operate brooders and incubators, as well. Individual users of bottled gas, other than industrial users, but including agricultural consumers, now total over 4,500,000.

RETURNS HOME
Miss Alla Mae Fuller arrived home last week from Mission, Texas after teaching school there. She left Saturday for Brownwood where she visited returning home Tuesday of this week.

Oil Power Increases Farm Productivity

Although a million workers have left farms and ranches since 1935, agricultural food production has been increased during that time to a point 40% above any previous peak. Department of Agriculture records show.

This increased productivity has been obtained, it was pointed out, as the nation has swung increasingly to oil-powered farming. Since 1935, the number of tractors on farms has virtually tripled and now stands at 3,000,000, operating over 15,000,000 farm implements.

Use of trucks on farms has also greatly increased, the department points out, with almost one-third of the nation's trucks now in use on farms and ranches. Of a total of 6,492,000 trucks, 1,850,000 of 29%, are now in use in agricultural work. This is an increase of 61% since the war began. These trucks, it was noted, added to 4,860,000 farm automobiles and 3,000,000 tractors, make the farm a major user of oil products today.

FARM NEWS

Price Support Program Announced For 1948 Wheat

Price support program for '48 wheat has been announced by the U. S. Department of Agriculture. Loan rates for wheat will be established at 90% of the July 1, 1948 parity. Loan programs will be administered in the field through Commodity Credit Corporation field offices, State Production and Marketing Administration Committees and County Agricultural Conservation Committees under the direction of P.M.A. Administrators. Your local AAA office will handle the loans in Motley county.

Loans will be made to farmers on warehouse-stored wheat in Motley county and on farm-stored wheat that has been stored 30 days. Wheat loans will be made from time of harvest through December 31, 1948. The loans will mature on April 30, 1949 or earlier on demand. Interim loans will be made on earlier harvested wheat at rates to be adjusted on delivery. The interim wheat loan rate for Motley county is \$1.93 per bushel.
