

Meeting is Called on Courthouse

SEVEN YEARS after voting the money, Motley county may get a new courthouse. Published elsewhere in this issue of the Tribune is a notice of public hearing to be held in the district court room, Tuesday, April 20, at 2 p. m. to consider the feasibility of awarding a contract.

The court is making no suggestions. The meeting is merely to "get the pulse of the people" regarding immediate construction. Fred Buford, representative of Wyatt C. Hedrick architect company will be present to answer questions regarding present building conditions and what may be expected in the future.

The meeting is open to all citizens "and especially taxpayers" who will be given an opportunity to express their opinions. The court is prepared to act in event the majority of the people are in favor of starting immediate construction of a courthouse.

It is pointed out that after a ten-year delay in awaiting a "favorable time" building conditions are not improved and building costs have increased. Other arguments in favor of immediate construction include making available the present courthouse buildings for sale on an advantageous market.

County Judge Wm. R. Cammack said yesterday that he hoped the meeting would be well-attended in order that the court might have a representative opinion of the people.

\$261 PRIZES FOR JUNIOR STOCKMEN

HOWARD TRAEWEK APPOINTED TO HEAD BOND DRIVE

Howard Traewek, Motley county attorney, was last week, appointed by Nathan Adams, state chairman of the U. S. Security Loan campaign, to serve as county chairman. He will succeed Elmer Stearns. Altho Mr. Traewek is out of town, Mr. Stearns said the appointment is effective immediately.

Receiving the highest quota since the war, Motley county residents will be asked to buy a minimum of \$27,500 worth of the federal securities. An organization will be set up to carry out the solicitation in the county. Clubs, individuals and organizations will be urged to offer their services during the campaign.

Widespread ownership of the Savings Bonds by the people will provide strong protection against inflation and make for a stronger economy, it is pointed out.

Unusual Talent Is Displayed In Tech Variety Show Here

An exceptional show, displaying unusual talent and training was the unanimous consensus of opinion of those attending the Tech Variety Show which was given here Friday night, under sponsorship of Matador Lions Club.

Many who witnessed the show declared the performance far exceeded that of professional players. Proceeds of the entertainment amounted to \$74.00, of which approximately \$25.00 will be profit to go into the Lions Club treasury.

ODIS CROWELL IS NEW ASSISTANT COACH AT W.T.S.C.

Odin Crowell, six-three 215 pound former professional tackle with the San Francisco Forty-Niners of the All-American Conference, has succeeded Clark Jarnigan as assistant coach of the West Texas Buffaloes (West Texas State College Canyon) it was announced by Dr. J. A. Hill, West Texas president. Jarnigan resigned to accept the management of the Student Union and the College Book Store at West Texas.

Crowell comes to the Buffalo home pasture from Friona, where he has served as head coach at the high school since January 1. Friona lured him from the head coach's position at Loyola High School in Los Angeles.

The burly ex-lineman played all his college ball under the tutelage of Frank Kimbrough who is now his boss on the gridiron.

Roy Roberts Sells Phillips Agency

A deal was culminated last week in which the Phillip's Petroleum Company agency was purchased from Roy Roberts by Vernon Latimer and son, Loyd, operating under the firm name of Latimer and Son, at the Phillips Service Station.

Latimer and Son will continue to carry a full line of Phillips products.

FINE STOCK BEING READIED FOR SHOW

CASH PRIZES totaling \$261 will be awarded Motley county Junior Stockmen in the annual exhibit here. Saturday. A colt show will be held in connection with the display of steers and hogs.

County Agent J. R. Emmons will not be present for the stock show. He received an emergency message late Wednesday that his father, W. M. Emmons of Hico, had suffered two heart attacks and that his condition is critical. Mr. Emmons left immediately.

Vocational Agricultural instructor Bill Moss will be in charge of the show, which will continue as scheduled. J. A. Scofield, Mr. Emmons' district agent, will also be here.

The show will open at 2 p. m. Saturday. Judging will be by Matador Ranch manager Johnny Stevens. Prize money is being collected by Ralph Stapleton and Crabbe Jones in the Flomot community, S. J. Braselton and Herman Havis in Roaring Springs and D. I. W. Birnie and H. H. Courtney in Matador.

Ten prizes will be offered in the colt show. First prize will receive \$20, 2nd \$19, 3rd \$18, 4th \$17, 5th \$16, 6th \$15, 7th \$14, 8th \$13, 9th \$12, and 10th \$11. First prize in the colt show will be \$10 and the same prize will apply in the hog show. It is expected that six colts and ten hogs will be shown. The number of calves to be entered is still uncertain. Mr. Emmons said the number would be less than some former years, but that the quality would be higher.

Pictures of most of the boys (4-H and FFA) and their projects are shown in this issue of the Tribune. Pictures were made by Tribune publisher Douglas Meador, who accompanied county agent Emmons on a 120-mile trip over the county, April 5th. Two pictures (boys and their projects) were unsuitable for engravings and will be remade. Due to an error in rushing late arriving pictures to the engraver two pictures of one boy (DeWayne Martin) were prepared for printing.

(See STOCK SHOW back page)

Girls Choral Club To Be On Lubbock Radio Program

The girls High School Chorus of Matador High School, under direction of Mrs. L. D. Wilkerson will present a program over radio station KSEL (950 on your dial) Sunday afternoon, April 18, from 4 to 4:30 o'clock.

Included in the program will be the school song, also "Smoke Gets In Your Eyes", "Now Is The Hour", and several selected numbers by an octette composed of Ann Harp, Doris Doss, Frances Casey, Patti Pipkin, Rosemary Bloodworth, Barbara Ketchersid, Marcia Gilbert and Melva North. A vocal solo will be given by Barbara Ketchersid who will sing, "Orchids in the Moonlight", and a piano solo will be played by Patti Pipkin, which will be "The Spring Song".

The group will also sing "Home on the Range" and "Wagon Wheels", and will conclude with "In Our Work and In Our Play" and a special arrangement of the old hymn, "Were You There".

The choral group has made splendid progress this year under Mrs. Wilkerson's able supervision, and has appeared on programs for various occasions.

They have received an invitation to sing over KVAL, Amarillo, and a tentative date for their appearance there, has been set for May 30.

TRIBUNE FORCE ATTENDS MEETING

Four members of the Tribune force took time off from pressing duties to attend a press meeting in Amarillo Friday and Saturday, of the Panhandle Press Association. Making the trip were Editor and Mrs. Douglas Meador, Miss Elwanda Martin and Earl McBride.

Matador Tribune

VOL. 54, NO. 4 MATADOR, MOTLEY COUNTY, TEXAS, THURSDAY, APRIL 15, 1948 PRICE 5c

TRAIL DUST

By DOUGLAS MEADOR

The frequency of our mistakes could provide sufficient latitude in our hearts for the poor judgment of others.

Alone at the helms of their eternal argosies, truck drivers ply seas of darkness between lighted islands of cities, with duty leaning against their shoulders. Cargoes of food, fuel and materials speed between the ports of need, with mighty wheels churning up wake of dissonance. Danger is always a companion, the blinding lights of careless drivers, the emergency beyond reach of headlights. The world is asleep with its dreams, a friendly shelter of homes, but drivers of these mighty vans are fought with progress, grow weary as the dragging night reads dust in their courses.

Weight of the massive vehicle strains the brakes near a dingy cafe. Coffee with the coloring and flavoring of burned overalls is sloshed in a grimy cup; few gulps and the sweet smoke of a hasty cigarette. Tired hands grasp the big wheel as the road abruptly opens for the lights. Suddenly, mist-shrouded hills pass remembered phantoms. The speedometer reels up the miles when suddenly a traffic signal bursts its red arm into the night. The big truck groans and comes motionless for an instant. Near the top of a long, steep grade, a drunken automobile driver passes with a burst of speed, inches out of the path of an approaching car and death is his wings.

Principal consolation in growing old is that we are not alone. It is like riding a crowded merry-go-round and witnessing the same vistas as other customers, each has so little to tell that not already known.

Which way do the pool hall boys beam their whistles since the advent of the new look? Each life is a lake, hiding beneath its usually tranquil surface, the secrets of personal disasters that finally perish without disclosing their strange shapes.

Roaring Springs Junior Stockmen Who Will Exhibit Projects

Seven Roaring Springs Junior Stockmen, with County Agent J. R. Emmons, who will exhibit their projects here Saturday are shown above. This group of boys are members of the Roaring Springs 4-H club and other pictures, with their calves and hogs, are shown elsewhere in this issue of the Tribune. Above picture was made Monday, April 5 and is the only group picture made of Junior Stockmen since it was impossible to group boys of other communities because of school activities.

Top row, left to right, Waybourn Mitchell, Ted Kingery, County Agent Emmons, Tony Sanders, Bennie Gwinn and Lesly Kingery. Front row: Jerry Green and Roger Kingery.

City Paving Money Here

Only 40 days after the citizens of Matador voted \$60,000 for street improvements, the money was placed in the First State bank here. The money, \$60,059.63 has been deposited to the city's credit through the First National bank of Dallas.

L. A. Freear, treasurer of William N. Edwards Company of Ft. Worth, firm in charge of the transaction, declared in a letter to city officials, that the deal is considered closed.

Slight delay is expected while engineers Price & Hawk of Lubbock complete plans and specifications. As soon as plans are completed in detail, the city will advertise for bids for construction.

FUNERAL SERVICES ARE HELD TODAY FOR H. M. WAGLEY

Funeral services were held this afternoon at 3:30 o'clock at the Baptist Church for H. M. Wagley, 76, who died at his home here Wednesday morning about 4:30, after an extended illness. He had been confined to his bed since November.

Rev. Clifford Potts, Baptist pastor, conducted the services and interment was made in East Mound Cemetery under direction of McDonald Funeral Home. Pallbearers were: J. R. Whitworth, John Russell, Manley Thompson, George Birchfield, W. N. Pipkin and N. J. Smalley. Harvey Milton Wagley was born in Red River county, Texas February 20, 1872 and passed away at Matador, Texas, April 14, 1948, at the age of 76 years, one month and 24 days.

He came to this section of the country as a pioneer freighter, in August, 1896, and returned to Stonewall County where he married Miss Mary Sing, February 7, 1900. Later, they came to Matador and have made this their home the past 33 years. To this union were born ten children, eight of whom survive.

Mr. Wagley was converted in childhood and joined the Baptist church, later entering the ministry, and in his early manhood preached on a number of occasions in this area. Besides his wife, he is survived by two sons and six daughters, as follows: Alvin S. Wagley of Eugene Oregon, Herman Wagley of Pampa, Texas, Mrs. Hershel Whitehead of Holly, Colorado, Mrs. R. L. Sorrels of Helena, Montana, Mrs. Ivan Gardner of Portales, New Mexico, Mrs. T. C. Casater of Three Rivers, Texas, Mrs. Oma Wagley of Moran, Texas, and Mrs. J. P. Neighbors of Matador; also 30 grandchildren, and six sisters. The sisters are: Mrs. Lela Williams of Poolville, Texas, Mrs. Mary Portwood of Arlington, Texas, Mrs. Emma Caldwell of Dallas, Texas, Mrs. Martha Brady and Mrs. Fannie Helms, both of Wilmington, California and Mrs. Ethel Counts of Fort Worth, Texas.

PIONEER PRINTER VISITS TRIBUNE

E. H. Denny of Childress, who was once a printer for the Matador Maverick, pioneer Matador newspaper, Wednesday visited the Tribune.

Mr. Denny had previously worked as a printer on the Childress Index before he enlisted to enter the Spanish-American War. He said the first paper in Matador was printed in the courthouse. He worked only a few months on the Matador Maverick. He operated a mail line between Floydada and Childress for a year and was also employed for a time in a pioneer Matador bank. He said he worked on the Maverick in 1901.

Roy Roberts Sells Phillips Agency

A deal was culminated last week in which the Phillip's Petroleum Company agency was purchased from Roy Roberts by Vernon Latimer and son, Loyd, operating under the firm name of Latimer and Son, at the Phillips Service Station.

Latimer and Son will continue to carry a full line of Phillips products.

Revival Services Inciting Interest

Interest in revival services in progress at the Baptist church is mounting, with several conversions and a number of re-dedications by the church membership having been made.

More than a hundred Baptist churches in District 9, are holding simultaneous revival meetings, and outstanding results have been noted during the first week, according to Rev. Clifford Potts, local pastor. Rev. Potts, together with Rev. Ray Stephens, who is preaching the revival sermons, and J. G. Levertt, who is leading the singing, attended a meeting of the pastors, evangelists and singers from over the district, held in Lubbock Tuesday.

Dynamic messages are being brought by Rev. Stephens, and the public is extended a cordial invitation to attend all services, at 10 o'clock each morning and 8 o'clock in the evening. Prayer services are held at 7:30.

Matador Hatchery To Be Auctioned

The Matador Hatchery, owned and operated by Lewis Newman for a number of years, will be sold at auction here, Saturday, April 24.

Included in the sale will be the entire hatchery equipment, real estate, consisting of house and 30 town lots; livestock and poultry, which will include the finest breeding poultry on the market.

Kenneth Bozeman and Son, Lubbock auctioneers will be in charge of the sale, which will begin at 10:30 a. m.

Free lunch and coffee will be served, through arrangements and cooperation of Spot Cash Grocery.

Ralph Brock Makes Address At Flomot

Lubbock attorney Ralph Brock and candidate for state senator, made the principal address at the Fleming Post American Legion meeting held Tuesday night at the Flomot school, with the Flomot community acting as host.

One of the most successful Legion meetings since the termination of the war, followed the serving of "chow" to an estimated 175 members, the wives, sweethearts and Auxiliary members.

High point in the well-arranged program was the singing by the Matador Choral Club under the direction of Mrs. L. D. Wilkerson. Approximately 30 Matador high school girls took part in the singing. Various games were played and many favors were presented to visitors. The party, held in the school gymnasium, continued until about midnight.

FAMILY FUN NIGHT TO BE AT FLOMOT

A "Family Fun Night" will be held Friday, April 23 in the Flomot High School gymnasium, under sponsorship of Flomot Home Demonstration Club, it was announced this week.

The doors will be opened at 8 o'clock and an evening of fun with eats included, is promised for the entire family.

Included in the entertainment will be games of "42" and Bingo cake walks, fishing, an ugliest man contest, games for the children, and a snack bar.

The public is extended a cordial invitation to attend.

METHODISTS HEAR DR. HAROLD COOK IN ADDRESS HERE

Dr. Harold Cook, president of McMurry College, Abilene, was guest speaker at a meeting of the Methodist church, held Monday night following a covered dish supper.

Dr. Cook, who is on a speaking tour covering Methodist churches of the Northwest District, is promoting the building of a new dormitory at McMurry, as a memorial to men and boys who lost their lives during the past war.

Over 700 men and boys, of Methodist families in the Northwest District alone, were casualties of the late war. Dr. Cook disclosed, and an urgent appeal is being made for donations toward the building fund for the Memorial dormitory, which is greatly needed on McMurry's campus.

AAA Office Moved

Motley county AAA office has moved from the bank building to the former commodity office on the courthouse square which was until recently, occupied by Fred Bourland real estate firm.

The bank building quarters were vacated to permit extensive improvements to be started soon by the First State bank.

Mr. Bourland's office has now been moved to new quarters in the upstairs office section of the bank building.

TO CONDUCT SUMMER SCHOOL MUSIC CLASS

Mrs. L. D. Wilkerson, Matador High school music teacher, will conduct a 6-weeks summer school music class, beginning immediately after the close of school, according to an announcement made this week.

Lessons in voice and piano will be given, and those interested in enrolling may contact Mrs. Wilkerson, in her room at the high school.

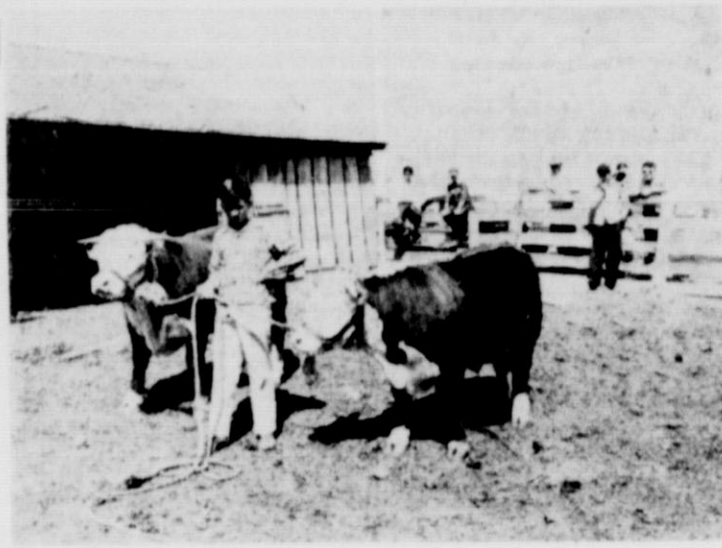

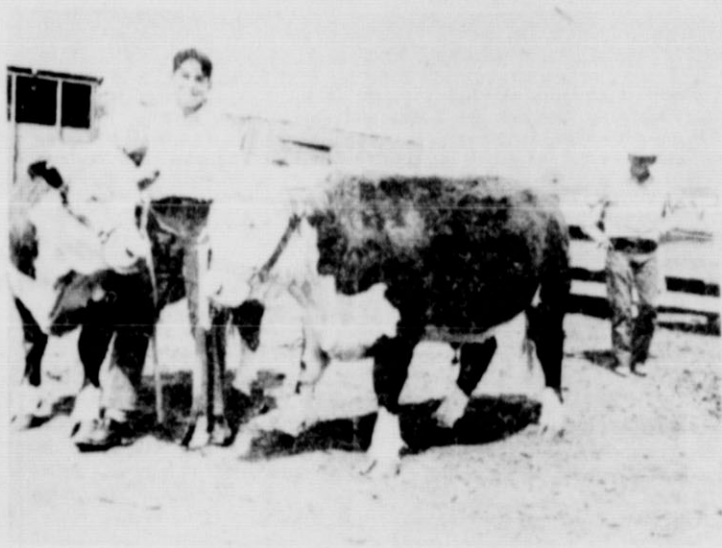

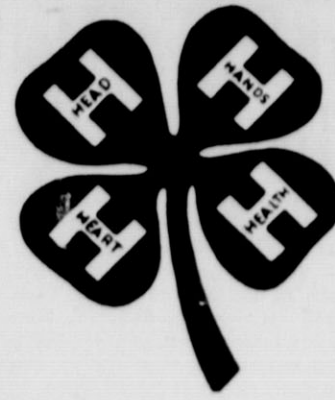

Interest on debts of gratitude is too often paid with the inflated currency of casual friendship which is seldom redeemable in time of need.

Hiya all you guys and gals! Know anything new? Say, who was Emroy Howell seen taking home after the Jr. play except Dolly Smallwood!! What a fickle guy!

Looks like these Fish are really gettin' around! Dean S. and Doris D. were seen together Monday nite! Make a cute couple, don't you think?

A bouquet to Billy Whitaker for the little talk he gave to the stage frightened cast before the Jr. play, Monday nite! There's that Matador spirit!

We hear Gopher G. was very lonely Monday nite but the kids with him—sure weren't! They were Wanda and W. F. Sappo and Sue L. My-my! Sounds like fun!

It's rumored that Ed. Norman Spray nearly missed a way home from the Floydada contests! Running out in the middle of the road is one way to stop a car, eh Norman?

It seems that Shirley E. and Melba K. have been wishing there were more than seven days in a week! Couldn't be two brothers at R. S. that are cause-

ing this, could it? Anyway, they've been seen with them an awful lot, lately!

Bye for now,
Miss El Matador

NORMA CASEY IS IN DECLAMATION DISTRICT WINNER

This year when the Matador schools entered the Interscholastic league at Floydada, they finished with flying colors.

Norma Chloe Casey entered declamation and won second place in the group of Senior girls from all over the district.

Receiving first place in the typewriting contest was the team from Matador. Dorothy Traweck won first place, in the team and Patti Pipkin won second.

In the spelling contest, June Spray and Gwendolyn Wilkinson won second place as a team for the honors.

Norman Spray entered the ready-writers contest and received second place. In grade school, Tom Hamilton won third place in declamation. Ann Lee, who is in the second grade, won second place in story-telling.

TO DALLAS
Mrs. Ed Whitaker, Clovis Murphy and Earl Stephens accompanied Mrs. Stephens to Beverly Hills Sanatorium in Dallas last Thursday where she will remain as a patient for the next two weeks.

Campus Rodeo To Be Held At Tech

Arrangements for the annual rodeo April 16 and 17 sponsored by Block and Bridle Club, Texas Technological College organization for students enrolled in agriculture, are in final stages at the club's campus headquarters.

Atmosphere of the "old west" with its traditional practices and typical regalia will prevail over the entire campus during the two-day Texas Tech all-western extravaganza.

Rodeo performances Friday night at 8 o'clock, and Saturday at 2:30 p. m. will highlight the western observance. Performers are to come from the student ranks of cowboys and cowgirls who are committed to participate in the roughest and toughest of ranch skills.

Spectators may expect to watch fancy riding and roping, bull dogging, ribbon roping, wild cow milking and bronc-busting.

Awards for the guys and gals who excel in rodeo activities are to be presented at a rodeo dance Saturday night at the college gymnasium.

Sheriff Floyd Lawhorn, appointed from the agriculture student body, will "ride herd" on the celebrants. Edd Hughes is general chairman of the 1948 show.

A parade at 5 o'clock Friday afternoon will officially launch

the tenth campus rodeo. Saturday's show will be started in regular ranch and round-up style with a chuck wagon breakfast in aggie grove at 6:45 a. m. The awards dance Saturday night will conclude the annual spring custom.

H. E. Style Show To Be Presented

The Freshman and Sophomore girls, who are taking Homemaking, will present a style show of their crisp cotton dresses, which they have been making. Thursday, April 22 at the high school auditorium at 8 p. m. The public is cordially invited to attend.

ALL SCHOOL DAY TO BE OBSERVED

An "all school day" for Matador public schools (primary, grammar and high school) has been declared by school officials for Friday, April 23. On this day all parents of students of the schools will be invited to attend school with their children, visit the various classes, eat in the lunch room, and otherwise find out "just what the school is doing."

All parents are urged to attend according to Bert Ezzell, superintendent of schools, whether

they can stay for a few minutes, a few hours, a half day, or preferably all day. Parents are also invited to eat in the school lunch room at the regular student lunch price of twenty cents per meal.

Invitations will be mailed soon. Ezzell said, asking that those parents who intend to eat in the lunchroom return the invitations so that ample food will be prepared.

Mr. and Mrs. Mutt Berryman had as their guests over the week-end Misses Laverne Lacy and Willie Grace Mullins of Turkey.

From where I sit... by Joe Marsh

Now It's Neckties Made of Milk!

Fellow in Andy Bothin's Tavern he was boasting about a trick necktie he was wearing made out of a by-product of milk. "Took 33 pounds of milk to make this tie," he says.

Bill Webster was unimpressed. "Personally," he says, "I'd rather have the milk to drink. Just as I wouldn't change one glass of good American beer for a necktie made from thirty barrels of it!"

Yes, modern science being what it is—seems like you can make "anything out of anything" these days. But in the case of milk, well

I guess drinking it is still a whole lot better than just wearing it.

Of course there are lots of other ways of abusing goods and beverages—like a fellow who doesn't appreciate good beer enough to drink it slowly and in moderation.

But from where I sit, most people who enjoy a wholesome beverage like beer or ale are moderate—because beer itself is a beverage of moderation.

Thompson Declares "Price Greatest Discoverer Oil"

KILGORE, Texas, April 12.—"Price is the great discoverer of oil," declared Ernest O. Thompson, Chairman of the Texas Railroad Commission, in a speech at the Grege County Diamond Jubilee Banquet held by the Chamber of Commerce in Kilgore, Monday night, April 12, 1948.

"Oil production in Texas now is 2,400,000 barrels daily. The price is \$2.65 per barrel. This means that the dollar income from oil today in Texas is \$6,300,000 per day, \$191,000,000 per month and at the rate of \$2,321,000,000 per year," Thompson pointed out.

"Texas contributed 56.5 per cent of the increase in oil production last year in this nation. Texas reserves represent 56.7 per cent of the reserves of the nation.

"During 1947 we discovered in Texas 2,513,000,000 barrels of new reserves, both in new fields and by extension of old fields. This was more oil than was produced in the entire United States in 1947.

"Thus it can be seen from these data that we are making real progress in finding oil, in spite of the shortage of steel. I believe that within two years from this date, oil will be in plentiful supply from new discoveries and new wells in older fields," Thompson said.

"The solution to the oil shortage is more steel to drill with, and more steel for additional pipelines and tank cars, with assurance of a continued adequate price.

"If price is let alone for free play and steel is made available we will have plenty of oil from new discoveries. Then the supply will again bring down the price as it always has when the law of supply and demand was permitted to operate without artificial controls.

"Production will solve our ills not only in oil, but all along the line. Full production will make possible our prosperity at home and will enable us at the same time to help our unfortunately

per month and at the rate of \$2,321,000,000 per year," Thompson pointed out.

Sets Record Despite Handicap

LAFAYETTE, VA.—Thirty-two years without missing a Sunday at her church school, in spite of the handicap of helpless invalidism, is the record of cheerful Miss Lillian Walthall of this community.

She and her father, J. G. Walthall, her wheelchair chauffeur, have just been honored in a commendation from Dr. M. Leo Rippey of Nashville, Tenn., director of the Department of Christian Education of Adults of The Methodist Church.

Their citation for fidelity was made in connection with the April-May "Crusade for Christ" effort to increase adult attendance in the 37,450 Sunday schools of the denomination.

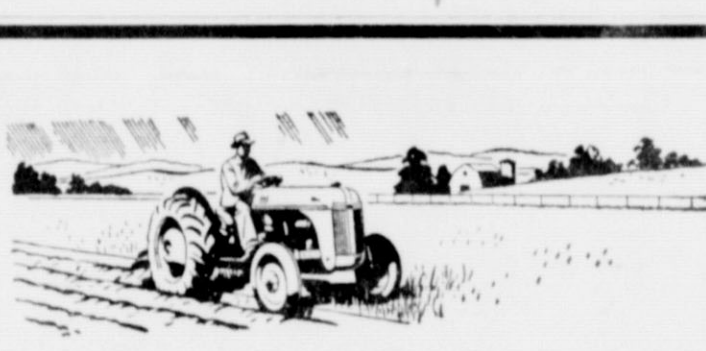

With the Walthalls is the Rev. E. W. Dean, their pastor.

situated neighbors elsewhere in the world, and also protect our freedom," Thompson declared.

"We had a relatively greater shortage of oil after World War I than exists today. The free competitive price went to \$3.50 per barrel in the mid-continent, with 25 cents per barrel premium being paid regularly by refiners who did not have enough production to fill their own refining requirements.

"As a result of the impetus given by this price then paid for oil, many large fields were brought in by rank wildcatteers.

"The East Texas Field is the classic example of all time. This five billion barrel reserve was discovered by an independent wildcat driller and developed largely by independent operators. The oil was found without government aid or subsidy and the full forces of supply and demand promptly brought prices back down to a very low level.

I help farmers to farm FASTER

I'll show you how to farm faster . . . and better, too . . . if you'll let me demonstrate a new Ford Tractor right on your farm. I'll prove that, with a Ford Tractor, you can keep gaining on your work instead of getting behind. You have no idea how much time you save with Hydraulic Touch Control of implements, new, faster 4-speed transmission and a lot of other advantages this new Ford Tractor has. And, my service is the best. So how about telling me to bring out a Tractor and put on a demonstration? There's no obligation.

Roaring Springs

Salvation Army To Ask Contributions

W. D. Pedigo, veteran campaigner for the Salvation Army in Texas for the past 25 years, will be making his annual visit to Motley county in the very near future for the purpose of soliciting funds for the statewide program of the Salvation Army. Citizens of the county are urged to contribute when called upon for their support is greatly needed by the organization in order to continue its varied program of service.

Almost 100 unmarried mothers in the state of Texas received maternity care last year at The Salvation Army home and hospital in the city of San Antonio, which serves the entire state. Hopes for unmarried mothers have been an integral part of the Salvation Army program since its beginning in the United States over 80 years ago.

The Salvation Army home and hospital provides much more than good physical care for the unmarried mothers who enter for help and refuge. Seclusion, friendship, healing of shock and bitterness, social case work, guidance and plans for the future are all supplied during the period of their stay, which averages three months. More important still is the healing of the soul as many of these young women are spiritually reborn and begin a new life.

Many of these young women come from the rural areas of Texas, seeking seclusion in a large city.

In the files of The Salvation Army are stories—some tragic, some sordid, some tender—of people who have been lifted from the gutter to high levels of Christian citizenship. The Salvation Army will continue to give its best to the people and the generous support of all persons interested in the welfare of the less fortunate is earnestly solicited.

Should Mr. Pedigo fail to contact any person who is interested in this important work, contributions may be sent direct to The Salvation Army State headquarters, 500 North Ervay St., Dallas, Texas. All contributions will be acknowledged.

This was caused by the flood of oil from East Texas.

Conservation does not mean the looking up of our oil resources and keeping the oil in nature's lock-box. It means the fullest utilization of the reservoir energy to bring the oil to the surface with the least possible loss of that energy.

Today we are producing every barrel of oil which can be produced with all our fields producing at the most efficient rate. I mean the maximum efficient rate. To produce more oil would do irreparable harm to the wells and would mean less oil in the long run.

"You people of East Texas know that conservation has brought out 2 1/2 billion barrels of oil where only one billion was expected. If we continue to guard our pressure here, as we have done so faithfully during these past 15 years, you will get three billion barrels more oil out of this field."

Mr. and Mrs. L. J. Barkley spent the week-end visiting his father at Forrestburg.

Mr. and Mrs. Lawrence Ralston of Amarillo attended the funeral last Monday of G. A. Ray.

PAMPA HOST CITY FOR SPRING MEET

PAMPA, April 12.—Dr. George Pratt, manager of the Veterans' Administration Hospital at Amarillo, will be the principal speaker at the annual Spring Convention of the 18th District of The American Legion which will be held for two days here Saturday and Sunday, April 17 and 18. G. F. Sanders, Children, 18th District Commander, has announced.

A full two-day program for The American Legion, the 40 and 8 and The American Legion Auxiliary has been arranged by the local Post which is commanded by Lee Roy Franks.

Registration will start at 12 noon at the Schneider Hotel, Saturday. At 1:30 o'clock that afternoon an open house for Auxiliary members will be held at the city club rooms at the city hall. At 3 o'clock an 18th District 40 and 8 wreck will be staged. At 4 o'clock a tea for Auxiliary members will be given at the city club rooms. At 6 p. m. a dinner for registered 40 and 8 delegates will be enjoyed in the Palm Room. At 7 o'clock this will be followed by a business session of the District 40 and 8. At 8 o'clock Saturday evening, a Pan-American program "Argentina" will be presented for the Auxiliary. Saturday's program will be climaxed with a dance starting at 9:30 o'clock in American Legion building with music by R. E. Smith and his 11 piece orchestra.

FARM NEWS

Meet The County ACP Chairman

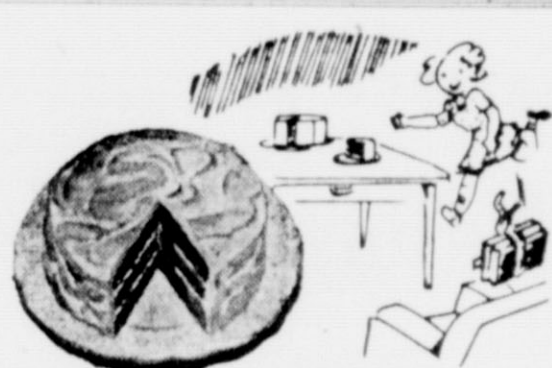

One of the busiest farmers in Motley county these days is Mr. Delmont Hays, Chairman of the County Agricultural Conservation Committee. Not only does he have to look after his own farm at Northfield, but he is helping, or trying to help all the other farmers in Motley county with their farm conservation plans.

Mr. Hays was elected last fall as chairman of the Motley County Agricultural Conservation Committee. This is Mr. Hays' second year on the committee.

Mr. Hays is just one of more than 3,000 county ACP chairmen in the United States who have been elected by their fellow farmers to administer the Agricultural Conservation Program. These men are not on a salary but are paid only for the time they put in on the program. Quite often this is less than the wages they have to pay a hired man to take their place on their own farms.

But, as Mr. Hays puts it, "Somebody's got to do it. The Nation is faced with a serious soil and food problem. Population is increasing and people are eating more. At the same time the soil from which the needed food must come is decreasing. Every year more and more of it goes down the river. So, somebody has to lead out in the fight to save the soil." He adds, however, that he doesn't have the whole job of running the ACP program in Motley county. Two able helpers are on the committee with him. They are Joe L. Speer, vice-chairman and Dan P. Keith, member. "And let's not forget the community committeemen, they help a lot, and many farmers not on committees help out. By working together we're making progress, but there's a lot yet to be done."

day's program will be climaxed with a dance starting at 9:30 o'clock in American Legion building with music by R. E. Smith and his 11 piece orchestra.

Yes, That's the Kind of Protection You Get With the Great Phillips 66 Premium Motor Oil!

RIGHT—you can get more than just lubricating qualities with this fine oil—you get plenty of engine protection, too!

That's why we call it "lubri-tection"! Because Phillips 66 Premium does more than just oil moving parts. It washes away harmful sludge, helps reduce piston-fouling varnish, protects delicate bearing metal from corrosion. All that in a quart of oil!

Why not give your engine this kind of treatment—it's worth it. Just ask for the new Phillips 66 Premium.

PHILLIPS 66 PREMIUM MOTOR OIL

Did You Take \$15,227 From Your Farm?

Report Shows Motley County with Top Farm Wealth Group

EDITOR'S NOTE: The Tribune appropriated without permission the data in this article from the Lubbock Sunday Avalanche-Journal. We have made some attempts to verify the figures and quit more bewildered than at the start. We have been unable to locate these 666 farmers whose farms had average 1947 incomes of \$15,227. Nearly everyone knows a few farmers whose incomes were several times \$15,227, and there is no question but that Motley county farmers are highly solvent; we hope there is no mistake. We also hope this report does not conflict with income tax reports filed on 1947 farm businesses. We also hope the valuation tax boys don't start scratching their heads, since the \$10,140,944 income "declared" for Motley county in 1947 is about two times the total county tax valuation on all property. Well, it's nice reading anyway.

AVERAGE farm income from the 666 farms in Motley county was \$15,227 in 1947, ranking well with the sixteen South Plains counties with a gross income of \$249,864,737, according to an article by C. W. Ratliff in the Lubbock Sunday Avalanche-Journal. Figures were obtained from a report of the Bureau of Business Research of the University of Texas. Lubbock county ranked highest in cash income with \$32,821,740. Lowest in the group of 16 counties was Dickens county with an average of \$6,445 per farm. Largest income per farm was Lynn county (1,385 farms) producing \$20,912 average. Another interesting factor in the report is that some of the "dry farming" counties, although fewer farms with more acres, produced incomes almost equal to irrigated farming counties. Size of Motley county farms is 1,218 acres average.

The South Plains area income average \$15,101 as compared to \$4,775 for the state average. The 16 counties of the South Plains have a total of \$17,294 farm

with an average of 710. Figures in the report were compiled from estimates gathered by the Progressive Farmer, a footnote revealed. The United States Department of Agriculture estimate including government payments, when released, may show that Texas farm cash income exceeds two billions dollars for 1947, the report said.

Two Families Leave For New Locations

Friends of this community regret the loss of two families who left recently for new locations. Both families were active in church and civic affairs and will be missed in their respective circles.

Mr. and Mrs. J. C. Rattan and family, Bob and Carolyn left Saturday to return to their former home at Salinas, California where they will reside.

Mr. and Mrs. Harold Blair and son, Jimmy left Monday for Dickens where they will reside for a short while and then they plan to go into the Valley where they will locate.

J. M. Jackson arrived home Tuesday from Hot Springs, N. M., to visit his family. Mack Marshall went to Hot Springs to accompany Mr. Jackson and to drive his car for him.

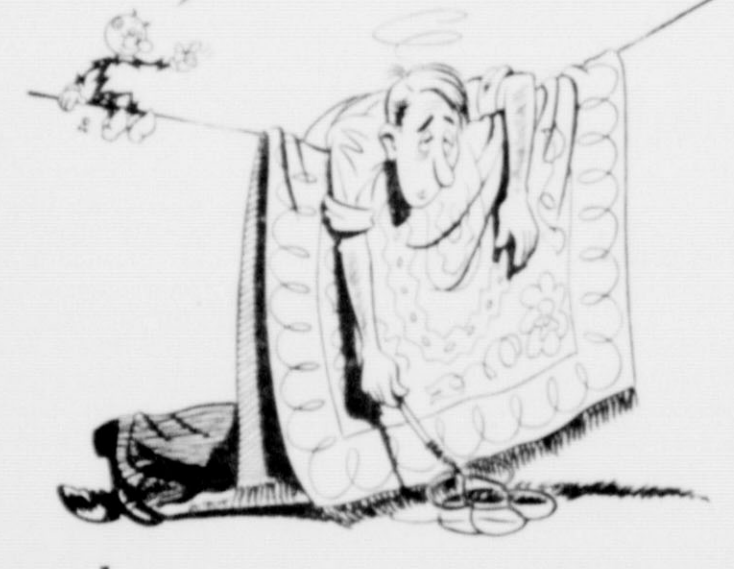

V. F. W. Motley County Memorial Post No. 6286, meets 1st and 3rd Tuesdays, 8 p.m. at the court room, Matador, Texas. All eligible ex-service men are invited to attend.

Matador IOOF Lodge

Meets every Friday night Noble Grand Theodore Bain Secretary. Ralph Nichols. All visitors and brothers welcome.

It's Cheaper with a Cleaner!

IT IS, TOO, when you figure in time and energy and general wear-and-tear! As a matter of fact, with one of the new electric vacuum cleaners now available at your local dealer, one cent's worth of electric service will clean a large rug and five others like it in less time than it takes to drag them into the yard for beating! Let Reddy Kilowatt, your electric servant, lighten the work of your spring housecleaning.

- FOR ONE PENNY, YOU CAN**
- Light a 100-watt bulb almost 3 hours, or
 - run a radio for a whole evening, or
 - have the correct time for about a week, or
 - wash 3 full tubs of laundry.

Reddy does dollar duty for penny prices, not only for rugbeating, but for countless other household tasks. It costs much more to make and deliver today, but the average family still gets twice as much electric service for its money as it got 20 years ago.

Yes, the rate for electric service is still low—but not by accident. That's because you're using electricity for more and more tasks. Moreover, the people at your service company have used their skill and experience to make electric service the biggest bargain in your budget.

West Texas Utilities Company

Mrs. J. D. Craven and Mrs. G. S. Craven of Brownwood, visited here Sunday, and were accompanied home Monday, by G. S. Craven, who has been employed as druggist at Matador Drug.

CORRECTION

Due to incomplete information furnished the Tribune for last week's issue concerning the Plymouth automobile to be given away by the Paducah American Legion, it is called to the public's attention that this car will not be given away until June 26th. It was assumed by the editor that the car would be awarded at the livestock show in progress Friday and Saturday of this week. Also in error was the statement that Paducah Square Dance Club would contest out-of-town entries at the stock show, whereas the Saturday Night Ramblers were winners in the preliminary try-out.

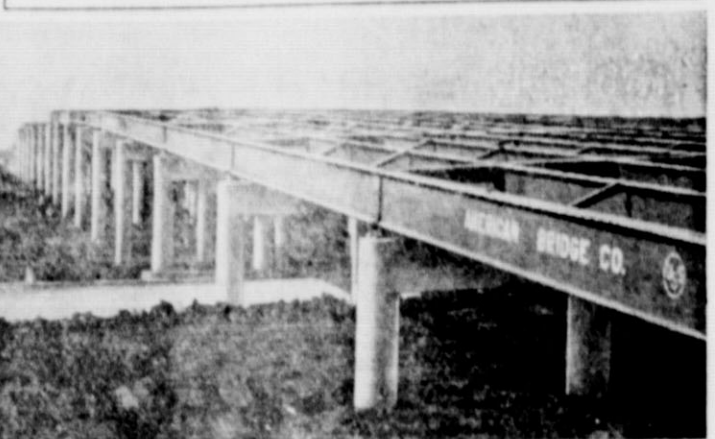

RETURNS HOME

Mrs. Earl Stephens returned home Monday from Lubbock where she has been receiving treatment at Abell's Sanatorium for the past several weeks.

ENLISTS IN NAVY

Herbert Garth, better known as "Colonel" to his many friends here, left from Dallas Saturday, to go to San Diego, Calif., where he will receive boot training in the U. S. Navy, according to information received here by his mother, Mrs. Melvin Dirickson. Young Garth enlisted in the Navy while visiting his father in Dallas.

The Houston-Galveston "Highway of Tomorrow"

This rising steel and concrete structure over Calhoun Road in Houston, Texas, will carry the heavy traffic of the new Galveston-Houston express highway through the Texas metropolis' booming East End. A 1,192-foot structure, this overpass comprises one of five in Houston's East End, the steel for which is being furnished by the American Bridge Company, subsidiary of United States Steel. The 58-mile expressway, termed among highway builders as "the highway of tomorrow," will be the ultimate in new highway construction in Texas, a state already famed for its fine highway system.

VETERAN OFFICE WILL RE-OPEN

Office to supply advice to servicemen veterans will be re-opened it was announced, this week by Dick Groves, postal employee, who will be in charge.

The office is located in the courthouse and will be open daily between the hours of 12:45 and 1:30 p.m. Services are available at other hours by contacting Mr. Groves at the Post Office or by appointment. Effort will be made to supply advice of any nature concerning the problems of ex-servicemen.

Orthodox Mohammedans face toward Mecca when praying.

Supervisor Praises Home Ec Department

Miss Gladys Armstrong, of Canyon, District Supervisor, representing the state board of Vocational Home Economics, was a visitor here Tuesday and highly praised the home economics department of Matador high school.

Miss Armstrong was well pleased with the work done in the home Ec department, under direction of Mrs. Loyd Latimer, and declared it was a pleasure to visit a department so well organized and supervised, when so many in her district were inadequately equipped.

Diphtheria Toxoid Urged To Prevent Child Fatalities

It is a tragedy that Texas parents continue to allow their babies to suffer and die from that painful and killing disease diphtheria. This is the opinion of Dr. Geo. W. Cox, State Health Officer, who says "It is up to the parents if they protect their children with immunization, they need not have diphtheria."

Dr. Cox said that it is amazing that this disease should be allowed to take its toll of young lives when it can be entirely stamped out by proper immunization. Yet in the past week, 33 cases were reported in this state.

"Babies should be immunized by the age of eight or nine months," Dr. Cox advised. Authorities on the care of infants recommend a first dose by the age of eight or nine months, and sometimes as early as 6 months. A second dose is usually given later.

To maintain complete immunity, Dr. Cox said that a reinforcing dose of toxoid is advised.

News Briefs

Mr. and Mrs. Curtis Murphy of Roaring Springs and Earl Stephens drove to Lubbock last Monday where they accompanied Mrs. Stephens home from Abell's Sanatorium where she has been a patient for the past several weeks.

Mr. and Mrs. Jim Burleson of El Paso have been visiting the past two weeks with his brother and wife, Mr. and Mrs. Doc Burleson of Flomort and other relatives and friends in the community.

Miss June Pope of Lubbock visited over the week-end with her parents, Mr. and Mrs. Henry Pope.

Miss Earlene Laughlin and her guest of Lubbock visited over the week-end with her father, Earl Laughlin.

When a child is old enough to enter school if a Schick test reveals the need of one Children who have never been immunized certainly should be protected without any further delay. The State Health Officer declared and added that it is the responsibility of the parents to save the lives of their children.

THE MEMORIAL IDEAL

A monument built of enduring granite or marble, symbolic in design and reverent in purpose, resting in surroundings of peace and beauty, a tribute of respect and honor to the dead, a constant source of inspiration to the living.

SOUTH PLAINS MONUMENT CO.
Plainview, Texas 401 W. 6th St.

Everything but the squeal? ... Not quite

Utilization of livestock by-products is important to all farmers and ranchers. Of the total dollars received by Swift & Company for lambs, 15% to 25% comes from by-products. Cattle by-products amount to 10% to 20%. With hogs it is 2% to 5%.

When bidding on live animals, Swift & Company's buyers estimate the yield and grade of edible meat. In their estimate they figure, too, the value of all by-products, including hides and wool.

Livestock by-products have greatly increased the value of your meat animals. Since earliest times, man has used hides and wool to make clothing. But only in the past half-century has research found the present great variety of uses for by-products. Fats, and lanolin from wool, are the base of many cosmetics, healing creams and beauty aids. Photographic film is coated with a gelatin compound. Other uses of gelatin and glue are almost endless. Animal fats are the main raw material of toilet soaps.

Life has been lengthened for people with diabetes, anemia and other diseases. They are helped by drugs such as insulin, liver extract, pepsin, adrenalin. These are all made from the glands of livestock. But for the painstaking care of meat packers, these glands would go to waste. This happened during the wartime "black market" in meats, and the supply of insulin ran low.

With the growth of meat-packing plants, the war on waste began in earnest. Science found new ways to use by-products of your animals. Hides make brushes. Bones make knife handles. Hair makes upholstery padding. Bones, blood and scraps go into animal and poultry feeds. Yes, we find use for every valuable part of cattle, hogs, and lambs.

Each new use for by-products adds value to livestock... and directly benefits producers.

Just the film to complete your community or school program is a 16mm. sound, color cartoon, "BY-PRODUCTS." It runs 10 minutes—and tells the story of livestock by-products and their uses. You may also want to show "MEAT BUYING CUSTOMS," another 10-minute cartoon. For a history of the livestock meat-packing industry, you'll like "LIVESTOCK AND MEAT"—49 minutes, black and white. "A NATION'S MEAT" is a shorter version—30 minutes—full of information on the American meat supply. Then there is "COWS AND CHICKENS—USA," a story of diversified farming—the dairy and poultry business in a nutshell. Please give us at least a month's advance notice to handle bookings. We can ship by express or parcel post. Only cost to you is payment of express or postage one way. A 16mm. sound projector is required. Order from: Agricultural Research Dept., Swift & Company, Chicago 9, Illinois.

OUR CITY COUSIN

Let City Cousin pull and jerk... He'll find "a cinch" is real hard work!

Phenothiazine Stands Up

Ample proof that sheep roundworms can be controlled in West Texas by free-choice feeding of phenothiazine-salt mixture, with no danger of poisoning, is revealed in a 4-year test at this station.

The test was made to find the answers to two specific questions: 1) Whether phenothiazine-salt mixture, fed to sheep free choice, would control stomach and other roundworm infections; 2) Whether long time use of such a mixture would be poisonous to sheep.

Answering both questions, it was effective and it was not toxic.

Sheep used in the test were fairly heavily infested at the start, showing an average of 1180 worm eggs per gram of manure in ewes and an average of 1700 in lambs. The count decreased steadily to 60 for ewes and 30 for lambs by the fourth year. The worm eggs in the manure did not hatch, an important point since the failure to hatch shows that the infestation of the range was being reduced.

But don't throw away the drench gun. In 8 Minnesota flocks, where sheep were given a phenothiazine drench and had free access to phenothiazine-salt mixture, the lambs weighed 90 to 104 pounds. They dressed out 47.4 to 48.9%, and over 90% of the carcasses graded AA.

On the other hand, in flocks where the sheep were given the phenothiazine-salt mixture but were not drenched, the lambs weighed 87-99 pounds; they dressed out 46.6 to 47.4%; and 11% to 40% graded AA.

We All Want the Top Dollar

You, as a producer of livestock, want to get the best price for your animals—"the top dollar." As a salesman for Swift & Company, selling the products which result from these animals, I, too, want to get the top dollar.

The meat packer's buyer has to judge the grade of the animals and estimate how they will yield. He then makes his bids in competition with buyers for many meat packers and other commercial slaughterers. To get the animals, he has to offer good prices. Otherwise he just won't get them; somebody else will. And that "going price" which he must pay depends on the number of animals on the market and the demand for them.

After Swift & Company has made the animals which it has purchased into meat and by-products, we must sell them, again in stiff competition. If we don't offer meat at the going price, retail meat dealers will buy from somebody else who does. This competition in both buying and selling is so keen that we have to operate on a margin of profit which averages but a fraction of a cent per pound of product handled.

In our business, as in yours, it takes hard work and good management to come out with money ahead on a year's operation. Our efficiency in selling meat and by-products results in important economies and savings. Only through such savings can we earn our profit—and help increase the value of your livestock.

Mr. Jones
Vice-President, Swift & Company

Mr. Jones, "guest editor" this month, is Vice-President of Swift & Company in charge of sales and advertising.

Speaking of By-Products ... Here's a movie about "meat" just the film to complete your community or school program is a 16mm. sound, color cartoon, "BY-PRODUCTS." It runs 10 minutes—and tells the story of livestock by-products and their uses. You may also want to show "MEAT BUYING CUSTOMS," another 10-minute cartoon. For a history of the livestock meat-packing industry, you'll like "LIVESTOCK AND MEAT"—49 minutes, black and white. "A NATION'S MEAT" is a shorter version—30 minutes—full of information on the American meat supply. Then there is "COWS AND CHICKENS—USA," a story of diversified farming—the dairy and poultry business in a nutshell. Please give us at least a month's advance notice to handle bookings. We can ship by express or parcel post. Only cost to you is payment of express or postage one way. A 16mm. sound projector is required. Order from: Agricultural Research Dept., Swift & Company, Chicago 9, Illinois.

A Steer is NOT all Beef

Let's take a look at this steer. It weighs 1,000 lbs. It's not all steak. In fact, only a little more than half is salable beef.

Hanging in Swift's cooling room, our steer has become two sides of beef. Together they weigh 543 lbs. What happened to the rest?

Modern meat packers save every thing of value from the steer—heart, tongue, liver, sweetbreads and other fancy meats. Hides for leather; bones, blood and scraps for animal feeds. Glands for medicines. All told, 161 lbs. of the steer is saved in by-products.

But 296 lbs. is shrinkage and material of no value. Only the meat and by-products can be sold.

What happens to the money the meat packer receives? It is used to buy livestock and other raw materials. It meets the expenses of slaughtering, dressing, refrigerating, transporting and selling. It pays rent, insurance, taxes—all the costs of doing business. The amount remaining after all of these expenses are paid is the meat packer's profit. Over a period of years, Swift & Company's profit has averaged a fraction of a cent a pound on the products we sell.

That's the explanation of the spread" between livestock prices and wholesale meat prices.

Soda Bill Sez:
the best way to get out of trouble is to plow right through it.

Martha Logan's Recipe for FRIED CHICKEN WITH GOLDEN GRAVY
(Yield: 5-6 servings)

1 frying chicken (2 1/2-3 lb.) 1/2 teaspoon pepper
1/2 cup yellow corn meal 6 tablespoons bland lard
1/4 cup flour About 1/4 cup water
1 1/2 tablespoons salt 3 cups milk

Clean, wash and cut up chicken into serving pieces. Dry. Combine corn meal, flour, salt and pepper in paper bag. Put chicken pieces into bag, close top and shake bag until pieces are well coated. Reserve excess corn meal-flour mixture for gravy. Brown chicken well in hot bland lard in heavy skillet. Add 1/4 cup water. Cook tightly and simmer slowly for 1 hour or until chicken is tender. Add remaining water as needed. Remove chicken and keep it warm while preparing gravy. Combine corn meal-flour mixture with fat drippings in skillet. Brown lightly. Stir in the milk and cook until meal is cooked and gravy thickened. Serve gravy with chicken.

Mrs. Lowell Don Whitaker Is Honored With Miscellaneous Shower Recently

A bridal shower was given Friday April 2 from 2:30 to 5 p. m. honoring Mrs. Lowell Don Whitaker, the former Betty Jo Barton at the home of Mrs. W. F. Jacobs with Mesdames Maud Dean, A. W. Ford, Ben Edwards, J. E. Taylor, Clarence Jinks, W. W. Carpenter, Gerald Waybourn, D. E. Pitts, Sr., and Jacobs as hostesses for the occasion.

The refreshment table was laid with a lace cloth and forming the center piece were four white tapers burning on a reflector.

Dunning were defeated and in doubles, Bobby Thompson, Norman Spray and Gary Laughlin, Ronald Hobbs the losers.

Mrs. Ford served punch and cookies to the guests that called. Mrs. Edwards presided at the bride's book and the following guests registered: Mesdames J. B. Barton, Ed Whitaker, J. M. Birchfield, Rusty Birchfield, C. W. Whitaker, Joe Smith, John Russell, Katie James, V. H. Gilbreath, Robert Darsey, Tom Darsey, Bill Pipkin, A. L. Tudor, Forrest Campbell, R. E. Campbell, Jr., Harry Willett, J. W. Pritchett, Wilson Barton, W. L. McWilliams, Fred Bourland and D. E. Pitts, Jr.

Misses Geraldine Waybourn, Mary Helen Stephens, Wanda Gilbert, Charlotte Purdy, Bobbie Jean Morris, Sue George and Eula Whitaker of Spur.

Many gifts were sent by friends, who were unable to attend.

Married In February

Miss Betty Jo Barton daughter of Mr. and Mrs. J. B. Barton of Flomot and Lowell Don Whitaker, son of Mr. and Mrs. Ed Whitaker of Flomot were united in marriage on Saturday, February 14, at 2:30 p. m. at the Baptist parsonage in Childress.

The young bride was reared at Flomot and attended the Flomot schools having been a member of the sophomore class at the time of her marriage.

The bridegroom has attended Matador schools and at the time of his marriage was a member of the sophomore class at Matador. The young couple are making their home in the Flomot community where they will be engaged in farming.

Returns To Pennsylvania

Mrs. J. C. Moore left Saturday to return to her home at Swarthmore, Pa., after several weeks visit with her father C. D. Bird and other relatives.

WEDDING DATE SET

JOLENE BLOODWORTH

Mr. and Mrs. Joe Bloodworth are announcing this week the engagement and approaching marriage of their daughter, Jolene, to Mr. Vernon Higginbotham of Lubbock, Texas. The wedding date has been set for June 18.

RETURN FROM CALIFORNIA

Mr. and Mrs. H. M. Murphy returned home Monday night from California where they have been visiting the past several months with their daughter and family Mr. and Mrs. Cecil Burman and their sons and families Mr. and Mrs. Bob Murphy and Mr. and Mrs. J. C. Murphy.

Mr. Burman and daughter Patsy accompanied Mr. and Mrs. Murphy to Matador. They will remain for a visit with relatives until Sunday where they will return to Turlock.

AT MOTHER'S BEDSIDE

Mrs. Ravin Stanley of Pampa is here this week at the bedside of her mother Mrs. A. A. Groves who is a patient in the Traweck hospital.

TEXAS IS PROGRAM SUBJECT AT CLUB MEETING THURSDAY

An interesting program on "Texas" was given at a meeting of El Progreso Study Club last Thursday afternoon in the home of Mrs. J. R. Moore.

The meeting opened with roll call response, "Why I like to live in Texas", which was followed by an over-all discussion of the state of Texas by Mrs.

Lyman Bundy Campbell, and a historical sketch of Morley county and early pioneers by Mrs. Harold Campbell. Both ladies are daughters-in-law of Harry Campbell, first male child born in the county. Mrs. Frank Pohl was program leader.

Mrs. A. J. Daffern, president, conducted a business session at

the conclusion of the program. Others present were: Mesdames Joe Bloodworth, J. E. Edwards, J. R. Emmons, J. Farris Fish, Ben Keltz, A. B. Simpson, H. H. Schweitzer, J. R. Whitworth, U. L. Willie, Harry Willett, J. L. Woodruff, Bill Pipkin, Albert Rattan and Misses Mary Keith and Amy Glenn.

FREE MEMBERSHIP: Buy a cup of coffee, register and receive a free membership card to the Coffee Gopher's Club.

Madam: Take a Holiday from your Kitchen...

GET AWAY from your kitchen now and then and give yourself a holiday from the steady grind of preparing meals. Bring the family here to dine. You'll like our delicious food and the thrifty prices too. You'll like the change and there'll be no dishes to wash. Do it often. Take a holiday from your kitchen.

HIGGINBOTHAM-BARTLETT COMPANY

Good tip for any trip!

Take it from those who know travel and travelers best ... before any trip, drain out that dirty old winter oil and OIL-PLATE your engine with fresh, new Conoco Nth!

Conoco Nth Motor Oil (Patented)* contains a plus ingredient that acts magnet-like to fasten an extra film of lubricant so closely to metal that your engine's cylinder walls and all moving parts are actually OIL-PLATED!

And because protective OIL-PLATING stays up there where it belongs ... won't all drain down even when your engine's idle overnight... Nth Oil extra-protects from "dry-friction" starts ... from power-choking sludge and carbon due to wear!

For extra-powerful, extra-cool, extra low-cost miles ...

Make a date to OIL-PLATE!

W. F. "Bill" McCaghren, Wholesale Agent

Advance-Design Trucks

are the only trucks with all these extra-value features of production leadership...

THE "CAB THAT BREATHES" Only Advance-Design trucks have the cab that "breathes"! Fresh air-heated in cold weather—is drawn in and used air is forced out.

FLEXI-MOUNTED CAB Chevrolet's Advance-Design cab is mounted on rubber, cushioned against road shocks, torsion and vibration!

... including these great new HEAVY-DUTY features that only Advance-Design trucks offer:

Entirely new, Chevrolet-developed helical gear 4-SPEED SYNCHRO-MESH TRANSMISSIONS provide quicker, smoother, quieter operation and greater durability in heavy-duty models. "Double clutching" and gear "slashing" are virtually eliminated. Faster shifting promotes greater road safety and the maintenance of speed and momentum on grades!

Chevrolet's new SPINED REAR AXLE SHAFT ATTACHMENT to wheel hubs eliminates breakage and loosening possible with bolt-type attachments—ensures greater strength and durability in heavy hauling!

● Advance-Design trucks, Uni-Built for uniformity, durability and economy. 107 models on 8 wheelbases, include: All-round cab visibility with rear-corner windows* • Unweld, all-steel cab construction • Super-strength frames • Specially designed brakes • Hydrovac power brakes • Heavier springs • Ball-bearing steering • Wide base wheels • Standard cab-to-stake length dimensions • 12-color and two-tone options

*Fresh air heating and ventilating system and rear-corner windows optional at extra cost.

ADVANCE-DESIGN GEARSHIFT CONTROL This new steering column truck gearshift in all models with 3-speed transmission provides new driver ease and convenience.

NEW IMPROVED VALVE-IN-HEAD ENGINE Chevrolet's powerful truck engine, the world's most economical for its size, is now more durable—more efficient operating!

NEW FOOT-OPERATED PARKING BRAKE Providing new, clear floor area and greater safety and efficiency in models with 3-speed transmission.

Company MATADOR, TEXAS

Whiteflat News

Mr. and Mrs. Hoyt Burnham and son of Tulia, former Whiteflat and Matador residents, visited over the week-end in the home of her parents, Mr. and Mrs. Jess Perkins and other relatives and friends.

Mr. and Mrs. Joe Jameson and baby daughter, Jo Ann of Paducah visited Sunday in the home of his mother, Mrs. Beulah Jameson.

Mr. and Mrs. Kim Wilkinson spent the week-end in Lubbock visiting their daughters and families.

Mesdames Ed Whitaker and Clovis Murphy made a business trip to Lubbock last Monday.

Mr. and Mrs. John Morris and son, Jerry of Dallas, former Whiteflat and Matador residents visited over the week-end with his parents, Mr. and Mrs. Malcolm Morris and in Matador with her parents, Mr. and Mrs. L. R. Browning.

Mrs. J. M. Spray has returned home from Hennessey, Okla., after visiting several months

with her daughter. Miss Jolene Bloodworth and her guest, Vernon Higginbotham of Lubbock visited over the week-end with her parents, Mr. and Mrs. Joe Bloodworth. They also visited in the home of Mr. and Mrs. Bill Jones of Flomot.

PUPILS ATTEND MUSIC FESTIVAL

Several music pupils of Mrs. G. E. Hamilton were entered in the Music Festival held in Amarillo Thursday and Friday of last week. These were: Gail McWilliams, who entered piano, voice and theory and placed Superior in theory and excellent in piano; Nancy Vaughn, who placed superior in theory and excellent in piano; Glynda McWilliams, who placed superior in theory, excellent in voice and good in piano; Linda Jane Denny, who placed excellent in voice.

The festival was attended by many music pupils from over West Texas. The movement was started about 25 years ago by Mr. Emil F. Myers and other music teachers of Amarillo, to encourage a better appreciation of music among students.

Mr. and Mrs. Boyd Ringo of Tulsa, Oklahoma, were the piano judges. They placed much stress on musicianship and the pupil's love of music, rather than on showmanship.

Mrs. Varner McWilliams accompanied Mrs. Hamilton and the pupils to the festival.

MRS. U. L. WILIE IS GUEST SPEAKER AT TWO CONVENTIONS

Mrs. U. L. Willie spent three days in San Angelo, April 1, 2, 3, attending the spring convention of Sixth District Texas Federation of Women's Clubs, and made three appearances on the program of the three-day convention. She was guest of Mrs. W. E. Cantrell, president of Sixth District.

On Monday of last week Mrs. Willie drove to Pampa where she attended the spring convention of Seventh District Texas Federation of Women's Clubs.

She appeared as a State Officer, District Officer and also as delegate from the local El Progresso Study Club. At a business session of the convention, Mrs. Willie was appointed chairman of the nominating committee to select officers for 1949-50 for this district.

Mrs. Willie was the guest of Mrs. Raymond W. Harrah while in Pampa. She returned home

Wednesday night Mrs. Willie left Monday for Pecos, where she attended the spring convention of the Eighth District, returning home Wednesday evening.

Tribune, Matador, Matley County, Texas, Thursday, April 15, 1948

Mr. and Mrs. Elbert Reeves and son Pat and Miss Verlin Reeves visited in Lubbock Saturday.

COLORED SCHOOL NEWS

On April 2, the Matador colored school students were conveyed to Lubbock to take part in the District League, with E. C. Struggs as director general. This school won the following: First place in the art exhibit; second place in junior spelling; won by Velma Lewis and Rutha Mae Richardson; first 100-yd dash by Lucious Thompson; third place in all field and track events as a whole.

Negro Health Week was observed by the school and community from April 4 to 11th. Each day some phases of disease control and prevention were emphasized. Practically every home took part by cleaning up all garbage, tin cans and waste. Screens were repaired and toilets were checked. A number of parents expressed

their desire to have their children vaccinated against smallpox and immunized against diphtheria.

In an effort to better cooperate with the local health officer, the mayor and civic organizations in helping to make the colored section of our city a more healthful place to live, the following were appointed as a permanent Health Committee: Mrs. Jessie Lee, Mrs. Mable Barrett, Mrs. Lugenie Mitchell, Mrs. C. C. Beck, and Mrs. Lorene Price. The committee will outline its objectives next week.

Stock Show . . .

(Continued From Page 1)

Pictures were rushed to Amarillo late Monday, and engravings were due to return Wednesday morning. Instead they were sent to Morton and did not arrive here until last night. Advertisements of merchants and businessmen appearing on the advertising, were, in most cases, solicited by telephone, in order that the pictures could appear in this issue of the Tribune. It was impossible to contact some firms who are strong supporters of the junior stockmen work in the county. To them, the Tribune offers its apologies.

HOME COUCIL TO MEET AT SCHOOL

The Motley county Home Demonstration council will meet Saturday, April 17 at the Matador High School auditorium. Plans will be completed for the style show which is to be sometime in May and a date will be set for the baking contest. All members are urged to attend according to Mrs. Mary K. Rattan, home demonstration agent.

NOTICE TO DEBTORS AND CREDITORS

The State of Texas
County of Motley

TO THOSE INDEBTED TO, OR HOLDING CLAIMS AGAINST THE ESTATE OF C. W. WHITAKER, DECEASED.

The undersigned having been duly appointed executrix of the Estate of C. W. Whitaker, Deceased, late of Motley County, Texas, by W. R. Cammack, Judge of the County Court of said County on the 22nd day of March, A. D. 1948, hereby notifies all persons indebted to said estate to come forward and make settlement, and those having claims against said estate to present them to her within the time prescribed by law at her residence, Flomot, Motley County, Texas, where she receives her mail, this 25th day of March, A. D. 1948.

Firemen Get New Softball Uniforms

Matador Volunteer Fire Department is now ready for the softball season. Paid for out of the department's fund and member's pockets (and at no expense to the tax-payers) 15 bright "fire engine red" suits were received this week. The suits are trimmed in white and topped off with red caps.

Captain Raby Webb is warming up his team, fearful of the results in case the scoring should not be as bright as the uniforms.

Fire Chief Freddie Welling said that much interest is being shown in the department with anticipation of the approaching season.

To Mineral Wells

Mr. and Mrs. J. E. Russell and Mrs. Julia Cornett left Monday for a two-weeks visit in Mineral Wells. They were accompanied to Eastland by Mrs. W. W. Bain who is visiting her mother at that place.

TO CONSIDER COURTHOUSE BUILDING

Pursuant to a recent conference with our Courthouse Architect the commissioners court deem it expedient to call a general meeting of all Motley county citizens to convene in the District court-room at Matador on next Tuesday, April 20, 1948, at 2:00 o'clock p. m. The purpose of such meeting is to obtain the opinions of the people as to the feasibility of letting a contract for the construction of a new courthouse, in the near future.

Mr. Fred Buford, a representative of the Wyatt C. Hedrick Architect company, will be present to participate in the discussion and to give information concerning his plans for the Courthouse building. Every citizen of the county, especially the tax-payers, are cordially invited to attend this meeting and to participate in the proceedings.

VISIT IN LUBBOCK

Mrs. Colquet Warren returned home Monday from Lubbock, where she had been visiting since Wednesday with her daughter and son-in-law, Mr. and Mrs. Jimmie Joe Latimer.

Also visiting the Latimers Sunday night, following the arrival of their new son, were the parents of the proud father, Mr. and Mrs. Vernon Latimer, and a brother, Murrell.

Mrs. Chas. A. Guy and Mrs. Sam Dunn of Lubbock visited here Monday with their parents, Mr. and Mrs. J. R. Moore.

Goods News

At Willett's
As Mother Nature beautifies the earth for Spring, are you, too, planning to brighten up your home with new curtains?

Particularly nice for a harmonious room are matching curtains and bed spread by Fieldcrest.

Yards and yards of fine marquisette with thousands of pebble-dots woven in lend enchantment to your rooms. Buy it by the yard or in already made curtains.

With Mother's Day coming soon, somebody might like to know you've always wanted a lovely lace table cloth!

For a fresh touch in the kitchen, make curtains out of cup toweling material with a predominating stripe of sunny yellow.

Be he fair or dark, he looks handsome in yellow. Sport shirts for boys and men lightly plaided in green, blue and red.

Top his jeans with a "Ride 'em cowboy" shirt. Sizes 4 to 8.

Put a tie on and he's a dressed up lad. Collar open and he looks fresh and well scrubbed in a white sport shirt. Sizes 10 to 20 for \$2.25.

Flatter the foot and catch the eye in ankle strap sandals in red or green nu-suede for \$3.95.

Also sandals and pumps in white for that frosty cool touch for summer dresses.

Betty Rose, who is famous throughout the land for her distinctive tailoring at conservative prices, has just sent summer suits that are excellent for traveling and for cooler days. Altho so-called summer suits, they're designed for lots of wearing in a Texas climate.

P. S.—If you haven't been in to see our latest shipment of Carole King's and Nelly Don's, be sure to do so.

J. D. Spray

For County Commissioner, Precinct 4:
J. N. Fletcher (re-election)
Loyd Stafford

State Democrats Open Fund Drive

"Now is the time for all good Democrats to come to the aid of the Party." This is more than a typewriter key board going to practice. The party is going to need money to battle the dollar legions of the Republicans and other ambitious groups as leaders map the campaign conflict.

County chairman and member of the Texas Association of Democratic County Chairmen J. R. Whitworth, announced this week that contributions for the campaign are needed by the party. He said funds are needed for the three party organizations State Democratic Executive Committee, Texas Association of Democratic County Chairmen and the Young Democratic Clubs of Texas.

The drive, now under way, will be climaxed April 20 by a large, statewide old-fashioned Texas barbecue at Ft. Worth in the Will Rogers Memorial auditorium. Following the barbecue will be a program of political speaking with Governor Beauford Jester delivering the main address over a statewide radio network.

Tickets to the barbecue are \$5 each. Hotel reservations should be made in advance. Slogan is "If you are a Democrat you are invited." For hotel reservations and tickets write or call: Texas Democratic Barbecue, P. O. Box 1143, Fort Worth.

Contributions to the campaign fund may be made to Mr. Whitworth at the First State Bank.

Former Residents Announce Arrival

W. W. Carpenter received a telegram Tuesday from Mr. and Mrs. Robert Dugen of Ardmore, Penn. informing him that he is now a grandfather of a 5 pound and 4 ounce grandson Robert Walter born April 12 at 11 p. m.

Mrs. Dugen will be remembered here as the former Frances Carpenter.

Other former residents who are announcing an arrival in their family are Mr. and Mrs. Jimmie Joe Latimer of 1109 Thirty-fifth street, Lubbock. A son weighing 7 pounds 12 1/2 oz., was born to them at 2:35 p. m. Sunday, April 11 in West Texas hospital. The father is a student in Texas Technological college and the mother is the former Jane Warren. They have named the baby James Warren.

Junior Class Play Entertains Crowd

A near capacity crowd filled the high school auditorium when the Matador High School Juniors presented their play "The Three Old Aunts" Monday night under the direction of class sponsor, Bill Moss.

The three act comedy was declared to be very entertaining with the acting being interrupted several times by the laughter of the audience.

Between act numbers featured Barbara Ketchersid who sang a solo, "Golden Earrings" and Melva North who also sang a solo, "How Soon" they were accompanied at the piano by Ann Harp.

The class gate receipts were \$75.33. Tax is yet to be deducted. Proceeds of the play will be used to entertain the seniors at the junior-senior banquet.
