

Entire County Swept By Heavy Rainstorm

Matador Tribune

VOL. 54, NO. 15

MATADOR, MOTLEY COUNTY, TEXAS, THURSDAY, JULY 1, 1948

PRICE 5c

Crop Outlook is Aided Despite Hail Damage

Dramatic Electric Display Witnessed

SWEEPING in from the west late Sunday a severe rainstorm, accompanied by hail, wind and a dramatic display of lightning, brought both relief and damage to Motley county farmers. County Agent J. R. Emmons Tuesday declared that his reports indicated all areas of the county received moderate to excessive rainfall.

The storm cloud "hung" over a large section of the Panhandle and in many places, "rained the bottom out." Official rainfall here was 2.40 inches, while some farmers in the Whiteflat and Flomot sectors declare they received from the Sunday storm and previous rains over the week-end, as much as 8 inches.

J. A. Tipton of Northfield, Tuesday declared the rainfall there in storms Friday and Sunday, totaled 4.50 inches. It is difficult to estimate the extent of the damage from hail, wind and excessive waters, according to County Agent Emmons. He said some farmers in the Flomot area had planted their crops over five times.

Ranchers were jubilant over the rain, which brought ample grass, moisture and filled earthen tanks and waterholes. No reports of loss of livestock from lightning were received.

The rain was accompanied by one of the most severe electric storms experienced here in many years. Mrs. Allie Cox, manager of local Southwestern Associated Telephone Co. exchange, early Monday declared 63 telephones were out of order. Some interruption in power lines was also experienced.

Instances of hail damage were reported to small crops. In Matador the hail beat some leaves from trees. Wind whipped large branches from shade trees in some parts of town but no extensive damage was reported. Near flood conditions were reported in some parts of town when rushing waters poured into drainage ditches faster than they could be carried away. Some damage to concrete forms and grading on the new street improvement work was reported by the Phillips Paving Co.

Floods swept a wide area of the South Plains. Estimates are that 50,000 acres of cotton were destroyed in Lubbock county by hail in a storm which struck about five p. m. Sunday.

Mrs. Mollie Wason Claimed By Death

Mrs. Mollie Wason, 82, resident of Motley county for 58 years, died at her home Friday afternoon. Services were held at the Methodist church Saturday afternoon by Rev. W. B. Vaughn and Rev. Bob Jameson, and burial under the direction of McDonald Funeral Home was made in Matador East Mound cemetery.

Mollie Tennessee Gilliam was born in San Augustine county, Texas, March 11, 1866. She was married to Wm. Wason at Willis Point, Texas in May, 1889, and to this union six children were born, five of whom survive. They are Bill Wason, Joe Wason, Mrs. A. J. Daffern and Mrs. D. E. Pitts, all of Matador and Mrs. Fred G. Simpson of Roaring Springs. Other survivors include ten grandchildren and 14 great grandchildren. Mr. Wason preceded her in death in 1900.

Mr. and Mrs. Wason were pioneers of Motley county, moving here from Milam county in 1891. Mrs. Wason was of true pioneer spirit, a loyal friend and understanding neighbor. Her deeds of kindness and sympathy were known to the cowboy and early-settler as she shared the hardships of a new country.

Mrs. Wason was converted and became a member of the Methodist church in her youth, remaining a devout and consecrated member during her long and useful life.

Palbearers were: Henry Ford, H. H. Schweitzer, Henry Pope, Frank Stafford, Henry Pipkin and Jeff Daffern.

RETURNS FROM CHICAGO
Dr. and Mrs. J. S. Stanley and daughters Ruth Marie and Kay returned home Sunday night from Chicago, Canada and other points of interest.

Boys Receive Nine Registered Pigs In Sears Contest

Nine fortunate Motley county 4-H Club boys have each received a registered Poland China gilt pig from the Sears Roebuck foundation. County Agent J. R. Emmons declared this week he said the nine pigs were accompanied by one registered Poland China boar pig.

The boys each received a registered pig for writing an essay entitled, "Raising Hogs as a Source of Cash Income on Our Farm." The plan has been in operation in this county for the past four years.

Each boy receiving a gilt is required to give the best gilt from his sow's litter to another 4-H Club boy or pay \$15 if his sow does not produce a suitable pig.

Boys receiving pigs are Benie Gwinn, Bobby Boling, W. M. James, Jerry Green, Carby Lee Marshall, Leslie Kingery and Roy Redding, all of Roaring Springs; Eddie Morris of Flomot and Lonnie Lynn of Whiteflat.

A show is scheduled for the county in late summer where the best gilt and boar will be selected for showing at the Lubbock district show. County and district prizes will also be awarded boys whose sows produce the largest litters.

Cleanup Is Terminated By Council

Trial "clean-up" plan started by the city with the use of a tractor and equipment, was terminated Wednesday afternoon when E. B. Chambliss was ordered by City Secretary Howard Edmondson, to "park" the equipment and informed that he (Chambliss) was no longer on the city pay roll.

Edmondson said he instructed Chambliss that his employment had ended after discussing the plan with four members of the council. Edmondson said that members of the council favored the use of a truck instead of the tractor. Mayor Douglas Meador was not consulted.

Future clean-up plan will be settled at the next meeting of the city council, Tuesday night, July 6th.

Father Official At Son's Wedding

Rev. and Mrs. M. G. Brotherton returned late Monday from Canon City, Colo., where Rev. Brotherton officiated at the wedding of his son, M. G. Brotherton, Jr. to Miss Louise Harrison of Guffey, Colorado.

The wedding ceremony was performed in the Canon City Methodist church at 2:30 Sunday. Rev. Brotherton (pastor of the Matador Methodist church) was assisted by Dr. Edleorge of the Canon City church.

Glen Brotherton of Texhoma, Oklahoma, brother of the groom was best man.

College Will Sponsor Courses In Mexico

PLAINVIEW, June 30 (Sp)—The first Wayland College summer language school will open July 19 at Guadalupe, Mexico. The school is a joint effort of Wayland College here and the University of Guadalajara. The term extends from July 19 thru August 22.

The purpose of the school is to offer standard college work under Christian guidance in Mexico that will help to prepare students for a better understanding of international responsibilities.

They call the newest modes in women's clothes the "New Look". But to men it doesn't call for a second look.

Invasion Of Hoppers Met With Poison

Grasshoppers, ancient foe of the farmer, are invading Motley county but not without resistance. Over 18,000 pounds of poison bait material has been spread in north county fields in the past two weeks according to County Agent J. R. Emmons. A total of 29 farmers have sought to protect 9,000 acres of feed and cotton from the destroying pests.

Mr. Emmons said an unusual feature of the hopper invasion this season is that requests have come only from the north county communities, including Flomot, Folly and Northfield.

Bait material is composed of one part wheat bran, three parts cotton seed hulls, one gallon of syrup and 20 pounds of poison. The supply of poison materials were exhausted last week but a new shipment has been received.

Vocational Agriculture instructor Bill Moss is to be commended for his excellent work in mixing the poison bait. Last week he prepared more bait than has been turned out by the mixing station in a single week for the past eight years.

A batch of poison materials (400-500 pounds) costs the farmer \$5.40, including sacks, mixing, hulls and all other ingredients. Cost is higher than previous years since the farmer is now required to buy the cotton seed hulls. Orders placed one or two days in advance will aid those in charge of the station (Farmers' Gin). Orders may be placed with either Emmons or Moss.

Springs Implement Firm Agents For New Krause Plow

Announcement is made by the Braselton Implement Company of Roaring Springs as agents for the much-in-demand Krause one-way plow. A representative of the firm yesterday said immediate delivery can be made for the Ford tractor Krause, which cuts a five-foot swath and has nine discs.

Farmers are enthusiastic after seeing the Krause plow perform. The small amount of power required to draw it is a decisive factor.

Free demonstration of the plow without cost or obligation on any farm in the area is offered by the firm. The plow handled by the agency will only fit a Ford tractor but tractor power will be furnished where the farmer desires a trial.

Demonstration Held On Frozen Foods

A demonstration on frozen foods and the use of the International Quick Freeze system was given Wednesday afternoon at the Matador Implement Co., by Mrs. J. F. Mathewes of Hereford. The Implement Company, Mrs. L. C. Harp, Mrs. W. P. Cline of Kirkland and Mr. and Mrs. John Irwin were host and hostesses.

Concluding the demonstration ice cream and Cokes were served to the large number of guests that attended.

TEXANS TO ACQUIRE DEED TO LONE STAR STEEL PLANT

LONE STAR, June 30—Thursday will be a big day in Lone Star. On that day checks totaling more than four million dollars will be paid; the federal government, making more than 3000 Texans the landlords and owners of the 35 million dollar blast furnace located here.

Rep. Wright Patman, D. Tex., in whose district the plant is located, will deliver the deed to the Lone Star Steel Co., executives.

GO TO CHURCH SUNDAY

Two Lions Members To Cook Breakfast

Something new and different will await the Matador Lions Club board of directors meeting at 6:30 a. m. Monday morning. Instead of meeting at the cafe, they will assemble at the Methodist church basement where they will be served breakfast prepared by two members, Bill Waybourn and Henry Pipkin. All members of the board are urged to attend the first meeting in the new fiscal year.

First regular meeting of the year will be called to order by new Boss Lion E. P. Reeves at 12:30 p. m. Tuesday, July 6th.

Street Drain Ditch Cut By "Big Dipper"

A giant-size earth dipper ripped through Dundee street from a point at the intersection of the Methodist church south to U. S. Highway 70, beginning Tuesday afternoon, to make short work of digging the large ditch for the street improvement storm sewer beginning at the Motley hotel.

The steam (motor power) shovel was operated by W. E. Kimrey, assisted by W. Brown, for the W. E. Kinney and Sons Construction company of San Angelo, who have contract to do the deep ditch digging from Phillips Paving Company, contractors for the city street improvement job. The big shovel is capable of digging as deep as 26 feet.

The ditch was completed by noon yesterday with the exception of crossing Highway 70. Workmen quickly placed the 36-inch galvanized steel pipe in the ditch and by nightfall, had it covered. Traffic will be diverted from Highway 70 while the paving is ripped up to permit the installation of the pipe across the street.

Pioneers To Hold Directors Meeting

A meeting of all officers and directors of the Motley-Dickens Counties Old Settlers Association will be held at the Roaring Springs Pioneer Park pavilion, Saturday at 2:30 p. m., according to President C. C. Haile of Afton.

In his message to the Tribune, Mr. Haile declared, "Some important matters require all officers and directors to be present and we urge that they attend. The meeting is open and all interested in the association are invited to join us."

ANNOUNCE ARRIVAL

Word was received here last week by Mr. and Mrs. Curtis Martin from Mr. and Mrs. Ellis Terry of Fallbrook, California, announcing the arrival of a 7 pound son, Harold Ellis, born on June 3. Mr. Terry is a former resident of this community.

VISIT FROM WASHINGTON

Col. and Mrs. Perry Williams and children of Tacoma, Washington visited over the week-end with their uncle and family Mr. and Mrs. W. W. Carpenter. Col. Perry was enroute to Arizona where he will be stationed.

MOVE TO NEW HOME

Mr. and Mrs. Forrest Campbell moved to their new home in south Matador yesterday afternoon. The residence is one of a group of splendid homes recently completed in that rapidly developing section of the city.

HOME ON LEAVE

Raymond (Colonel) Garth of the U. S. Naval Training center in San Diego, California arrived home Wednesday night on a 12 day leave after completing six weeks bootcamp. Garth is the son of Mrs. Melvin Dirickson.

City To Close For Extra 4th Holiday

Wearied by summer weather, most of Matador places of business will remain closed Monday, July 5th, for an extra holiday, according to a survey completed late yesterday.

Exceptions will be cafes, filling stations and some other places of business. However, little activity is expected in the city which has no July 4-5 celebration. Highway travel is expected to be congested throughout the state as employees and employers try their tires on roads remote from home.

Recruiting Station To Open Today

Army and Air Force recruiting sub-station will open today in the courthouse, under the command of M. Sgt. Oliver Christensen, an experienced recruiter.

Confirmation of the opening of the station according to schedule was received yesterday by the Tribune in a letter from Major Harold Fulghum, Lubbock recruiting officer.

In commenting on the Tribune article last week regarding the re-enlistment of "Wildhorse" Melvin Warren, Major Fulghum wrote, "I have looked over the records of many veterans who have appeared before me for re-enlistment but never yet have I found a record of service to surpass that of Warren's. He is the type of soldier the Army and Air Force needs to guard the security of our nation."

New Seats Being Installed At Baptist Church

Parishioners of the Matador Baptist church will experience the comfort and beauty of modern "orchestral chairs" and pews when they attend Sunday services.

Large furniture vans from the L. L. Sams & Son church furniture company of Waco were unloading the new furniture last night. Installation is expected to be completed Friday and Saturday.

A total of 322 combination spring-cushion seats and pews will be installed in the auditorium and balcony. Cost of the new chairs is approximately \$4,900 less \$1,000 allowed for the old pews. About \$3,500 has already been subscribed for payment of the furniture.

Floors are being sanded in advance of the installation. Plans are also under way for approximately \$600 worth of new carpeting and floor-covering, but the new material has not been purchased.

EDITOR ATTENDS MEET OF NEW MEXICO PRESS

Accompanied by Marvin Patton, Tribune editor, Douglas Meador returned at 3:30 Monday morning from Ruidoso, New Mexico, where accompanied by Mrs. Meador, Mr. and Mrs. Patton, and Tech journalism student Joe B. Meador, attended a meeting of the New Mexico Press Association.

Starting late Friday, the meeting was concluded with a barbecue Saturday shortly after noon. Mrs. Meador remained in New Mexico for a week as a guest of Mrs. Patton who is spending the summer in the mountain resort city.

This may be leap year, but remember girls—don't start to overhaul the guy before you overtake him.

TRAIL DUST

Memory's wrinkled hide is often found to glow like warm sky at dawn when a remembered voice touches it with kindness.

Beyond the hot, unwatered valley, green mountains rose like a staircase to the clouds. Greasewood left pitiful shadows on the burned path where the aged man's sandaled feet pressed the uncompromising clay. His stooped shoulders supported a bundle of firewood and in one hand he carried an earthen water jug. He looked at the adobe hut, like a dirt-dobber's nest on the inclined mesa, and back at the ribbon of trees following the course of water below. A small, scattered herd of underfed sheep ranged beyond the adobe hut. The old man shifted the wood on his shoulders and paused. Golden dust clouds were rising from the valley floor when the sun suddenly spilled its crimson liquid behind distant mountains. Beauty flowed from the purple vista of a silhouetted range of peaks. The heat was gone like the terror of a dream; time had refunded its ransom. The man resumed his slow journey and a star looked out from its high, dusk-lined basin above the mountains.

Trees always stand when they pray, with arms raised in silent supplication.

My stupidity is with me always, like a secret hidden in a closet, and if I do not speak, the door remains closed.

Honey to fill a little cup of curiosity would be the knowledge of emotions that fill a mockingbird's heart while singing at the break of dawn when the moon is hiding behind a range of low clouds.

Rather than admit his hunger, the flaxen-haired boy declined a portion of candy offered by the diamond decked and dangerously gridded woman. He pulled his faded overalls up over his sunken waist, looked away and shook his head. The woman smiled, sucking the candy into her mouth with the air of one had offered to perform a duty.

Anchored in the muddy sky, a green peak cut the clouds like truth asserting its place in a vast world of flimsy statements.

Caught in the turmoil of modern life, many children mature in an atmosphere where love between their parents leaves them with confused opinions regarding the estate of matrimony.

Holding on to our convictions when they have been proven false is like keeping a pressed flower in a book for sentimental reasons.

Each hour pours sixty golden grains into our hands. We must spend them wisely or when the measure of time is up our hands will be empty.

Laughter is the key which opens a thousand cankered locks; it opens doors that were intended to remain closed.

IN NEW BUILDING
Cooper's Variety Store in Roaring Springs, is now moved to the firm's new location next door to the Masonic building. A cordial invitation is extended friends and customers to visit and inspect the new quarters. Construction of the building has recently been completed.

Summer Recital Given by Music Pupils Monday

Summer music pupils of L. D. Wilkerson gave a recital Monday morning at 9:30 in the grade school library with parents and a few friends present.

The following program was given: A piano duet, "Lovely Day" was played by Betty Montgomery and Mrs. Wilkerson; Sue McCaghen played "Starlight Waltz"; piano duet

"Beautiful Sea" by Jo Ann Potts and Mrs. Wilkerson; Betty Fran Montgomery and Barbara Ketchersid sang, "Whispering Hope"; "Glow-Worm" was played by Jimmy Graham; Ruth Marie Stanley played "Gypsy Rondo"; Betty Fran Montgomery sang, "Deep Purple"; "Because" and "One Sweetly Solomn Thought" was sang by Ruth Marie Stanley a piano solo played by Betty Fran Montgomery and Barbara Ketchersid sang, "God Made a Rose" and "Holy City".

Mr. and Mrs. Hoy Lacy of Turkey visited Sunday in the home of their daughter and son-in-law, Mr. and Mrs. Mutt Berryman.

Coke Stevenson Runs For Senate Minus Hullabaloo

Ex-Gov. Coke Stevenson, candidate for the United States Senate, is conducting the sort of campaign that most political experts consider out-of-date.

Stevenson's light campaign car bears no painted signs or placards—not even a windshield sticker. It is not equipped with a loud speaker, and it is not part of a motor caravan. His only traveling companions are Bob Murphey of Nacogdoches, a young veteran who does the driving, and Byron Utecht, long-time Texas political writer.

When Stevenson hits a town—and he has campaigned in more than 200 Texas counties since he started last January—he sets off on a walking tour of the main street. He goes into business buildings, professional offices, county courthouses, and talks to the people.

"I figure it would be out of character for me to try to conduct a high-pressure, loud-talking campaign," the former Governor says. "I never have done that. I'm just running for the Senate on my part public record and on the principles I've always held."

His methods seem destined to confound the experts. In three successive Statewide polls on the Senate race, Stevenson has been comfortably on top.

A. M. Bourland of Lubbock is here this week visiting his son and daughter, Fred Bourland and Mrs. D. P. Keith.

Mr. and Mrs. R. C. Shillings of Dallas returned home Tuesday after visiting several days here with her mother Mrs. W. E. Reeves.

Miss Jerry Davis left Wednesday to visit her parents in Memphis.

John Farris Fish returned home last week from a trip to Mexico.

Mr. and Mrs. W. C. Kitchens and children W. C. and Nancy visited in Lubbock last Sunday with relatives.

Mrs. Vance Gilbreath and her mother, Mrs. A. W. Ford returned home Tuesday after visiting in Ruidiso, New Mexico and in Lubbock with Mr. Gilbreath who is attending Texas Tech this summer.

more, for the next fiscal year. The \$36,000,000 rural aid appropriation for this biennium is the largest in the history of Texas. It has this soon run into a \$2,250,000 deficit, which makes the total demand the first year go to \$20,250,000, or a prospective \$40,500,000 total for the two years instead of \$36,000,000.

MRS. KINGERY HONORED WITH BRIDAL SHOWER

A bridal shower was given recently honoring Mrs. Raymond Kingery of Roaring Springs, the former Dorothy Brown of Matador in the home of Mrs. Elbert Mitchell of Roaring Springs with Mrs. Turner Hunter assisting Mrs. Mitchell.

The guests were served refreshments and approximately 50 guests called and sent gifts during the afternoon.

GO TO CHURCH SUNDAY

VISIT WITH CASEYS

Mrs. A. N. Casey, Sr., of Albuquerque, New Mexico is here visiting with her son and daughter-in-law, Mr. and Mrs. A. N. Casey, Jr., and also visiting in the Casey home this week is her sister Miss Kay Brunson and Leonard Blakney of Lubbock.

ANNOUNCING ARRIVAL

Mr. and Mrs. Bob Martin and family received a telegram Monday from Mr. and Mrs. Bruce Zoller of Fresno, California stating that an 8½ pound son, Robert Bruce was born to them on June 28. Mrs. Zoller will be remembered here as the former Jane Bishop, daughter of Mrs. Lois Bishop, former resident and now of Fresno.

Ask a man when he was born and he will tell you the year. Ask a woman and she will tell you the day.

From where I sit... by Joe Marsh Pampered Farmers

If the folks in our town were so tolerant, they'd be really mad up over that nationally circulated article on "pampered farmers" describing them as living off the fat of the land.

From where I sit the farmer is anything but "pampered." If he's better off today than twenty years ago it's because he's worked hard to improve the quality and quantity of his production.

Take Bert Childers, for example. Bert is up at four in the morning, to get the milking finished—and

ploughing or harvesting, depending on the season, until sundown. In the evening he finally relaxes with the missus over a moderate glass of beer.

And the farmer today's not only temperate in his habits, like Bert's evening glass of beer... but tolerant in his opinions. So he'll probably say of that article, "somebody got the facts wrong," and just let it go at that.

Joe Marsh

Declaration of Independence!

He's on his own. It's a wonderful feeling. He can go places now. And he'll keep on going places all his life—as long as he keeps his sense of independence.

That's America's richest resource—not forest, field or mine, but the spirit of her people. Ambition, energy, self-reliance are the reasons why individuals—and industries—grow great from small beginnings.

Take the electric industry—this company, for example. A few practical dreamers opened up an "electric frontier" when in 1915 they strung the first transmission power lines in West

Texas. People of faith and vision risked their savings. Other folks combined skill and hard work to produce better and better service—at lower and lower costs—creating more and more jobs—and carrying the benefits of electric living to more and more West Texans.

That's the American way of progress. Free enterprise, vision, and hard work. They are what built America and the American way of life, which is the highest standard of living in the world.

No nation has ever found a satisfactory substitute for that combination. No nation ever will.

West Texas Utilities
Company

Cost of Government Hits \$445,000,000

AUSTIN—How high the cost of government is in Texas was answered Saturday by State Comptroller George H. Shepard.

It was that all items of expense in the State Government for the fiscal year ending next Aug. 31 total approximately \$445,000,000.

This is \$125,000,000 above the record-breaking \$319,980,000 in the fiscal year ended last August 31.

On the question of how much higher it will go in the next biennium, starting Sept. 1, 1949, Chairman Hall H. Logan of the State Board of Control and his colleagues are now having their biennial struggle. They are trying to hold down the ever-growing governmental costs to meet the taxpayers' ability to pay.

The board is engaged in the preliminaries of building the budgets for the next biennium which will be the basis of legislative appropriations next January.

Budget experts in the Board of Control disclose that some appropriation requisitions are as much as 25 to 30 per cent more than present figures.

Such increases are out of the question in the opinion of the board, whose most optimistic estimate was that the increase must not exceed 10 per cent, for more than that can not be justified. They feel that postwar flush conditions may be at an end by the next biennium and that appropriations must be held within bounds to meet possible reduced income.

An explanation of the heavy increases in money requests is expanded departmental and institutional services as well as many requests for salary raises.

There will be few salary increases and none on a horizontal scale, the control board has announced to all units of State Government. The communication, optimistic in forecasting a report in the high cost of living, said:

"In the last appropriations bill there was a blanket increase on the majority of salaries of 10 and 15 per cent, and in some instances more. However, at this time there is a strong indication that the general price level has not only reached the peak, but has begun to recede."

Two large demands already face the next Legislature. One is for \$4,200,000 to remodel and modernize the state prison system and the other is for \$2,250,000 to supplement this year's \$18,000,000 of rural aid funds with probably a like amount, or

POLITICAL Announcements

The Tribune is authorized to announce the following names for public office, subject to action of the Democratic primary, July 24, 1948.

Mr. and Mrs. Ray Zabielsky and daughter of Chicago, Ill., are here visiting in the home of their parents, Mr. and Mrs. Tom Tilson.

Mrs. Laurie Carlisle of Long Beach, California and Mrs. John Morriss and son Jerry of Dallas visited in the home of her sister Mrs. D. E. Rattan Sunday.

P. W. Martin returned to his home over the week-end in Vernon after visiting a month here with his daughters and families, Mr. and Mrs. Clovis Murphy and Mr. and Mrs. Tom Spray.

Mr. and Mrs. D. E. Rattan and daughter LaNelle visited in Spur Sunday with her brother Bruce Browning.

Returns From Palo Duro
George Doss returned home Monday from a trip to Palo Duro Canyon with a group of 80 students from Texas Tech, Lubbock. Also included in the trip was Vernon Doss who is attending Tech this summer.

FARM NEWS

Brannan Issues Statement
"Democratically elected farmer-committees" were paid tribute in the first official statement of the new secretary of Agriculture, Charles F. Brannan. After Supreme Court Justice Wiley Rutledge administered the oath of office, Secretary Brannan issued a statement which said in part:

"The major job of American agriculture, as I see it, is to help build world peace and prosperity. This calls for maintaining a strong, productive agriculture. It is the primary responsibility of the Department of Agriculture to help farmers achieve that objective."

"Having helped to formulate and carry out present department policies, I feel that we have been working the right direction and that my job is to further and if possible to strengthen the work already underway."

"The soil is the foundation of our individual and national life, and I shall do everything in my

power, consistent with present-day conditions, to foster soil conservation. My idea of soil conservation includes the proper use and development of all agricultural resources—land, water, and forests.

"Our conservation, price support, and credit measures, together with research and statistical services, add up to the best farm program any nation has yet developed. These measures can now serve as foundation stones for the development and effectuation of a long-range policy of 'organized', sustained, and realistic abundance. A scientific approach to the problems of distribution is an essential part of our effort to maintain a strong domestic economy."

"I strongly favor the farmer-committee system of administration. The democratically elected farmer-committees have given invaluable service to agriculture and the entire Nation, and I know they will continue to do so."

"The duties of the Department call for the closest cooperative relationships with Land Grant Colleges, State Departments of Agriculture, and other State agencies, with farm organizations with cooperatives, and other groups representing producers, consumers, and various business interests. It is my intent to maintain and strengthen all such cooperative relationships—in specific ways provided by law and in general ways as well."

MORE AND MORE TEXAS FAMILIES PREFER SERVEL BECAUSE IT

Stays Silent Lasts Longer

ONLY THE SERVEL GAS REFRIGERATOR GIVES YOU THIS TEN-YEAR GUARANTEE

More and more Texas families are choosing the Servel Gas Refrigerator. Why? Because they know this modern refrigerator stays silent, lasts years longer. For Servel has the only different, simpler freezing system . . . without a single moving part!

Because there's no motor to wear out, no machinery to get noisy, Servel is guaranteed for ten years. (In fact, many folks have been enjoying their Gas Refrigerators for 18 and 20 years.) Only with Servel do you get this assurance of noise-free, worry-free performance, for only Servel operates with a tiny gas flame. And Servel operates everywhere, on any kind of gas—Natural, Butane, or Propane gas.

Beautiful new models are now on display. They've all the new features you want—a big frozen food compartment, plenty of ice cubes, moist and dry cold for fresh foods. Stop in today.

Operates anywhere ON NATURAL, BUTANE OR PROPANE GAS

Any Are Comed To On 4th

live on the Fifth!
was the advice to holiday
offered today by Col.
Garrison, Jr., Director of
as Department of Public
persons who start out to
the Fourth of July this
won't come back. W. J.
Chief of the Texas High
control said—if the holiday
at toll runs true to form.

GOOD BREAD Builds Health And Energy

The full-bodied, rich
and wheaty flavor of
Holsum bread proves
the extra goodness and
nourishment baked in-
to every loaf. It is al-
ways delicious toasted
or untoasted. Fresh.
Delicious. Wholesome

**CITY
BAKERY**
Matador
West Side of Square

"The Fourth of July usually is
the summer's most dangerous
holiday, and this year promises
to be no exception," he said. "A
three-day holiday, an upward
trend in vehicle mileage, pro-
sperous times—all these add up
to a big celebration and a huge
toll of dead and injured unless
we all make it our business to
do something about it."

In pointing out the perils of
the Fourth of July celebration,
Chief Elliott emphasized the
danger of speed, which contrib-
utes to two out of five fatal traf-
fic accidents.

"Speed Kills—Take It Easy"
will be the slogan of a month-
long program sponsored by the
Texas Highway Patrol as the
July theme of "Operation Safe-
ty," a continuing traffic safety
education campaign directed in
Texas by the Texas Highway Pat-
rol and nationally by the Na-
tional Safety Council.

"We can make our July effort
pay big dividends in lives saved
by getting off on the right foot
during the Fourth of July holi-
day," said Captain E. L. Posey of
the Lubbock office of the
Texas Highway Patrol. "Then if
we can keep up the good work
throughout the vacation season
of heavy travel, we can make a

big dent in this year's traffic
toll."

These tips were offered to holi-
day drivers:

1. Start your trip a little ear-
lier so you won't be tempted to
speed. Take it easy on the 4th—
be alive on the Fifth.
2. Don't drink if you drive.
3. Don't cut in and out in
heavy traffic. Stay in line until
passing is safe.
4. Drive as if your life depend-
ed on it—because it does.

Graduates Offered Wide Opportunity In Regular Army

High school graduates have a
two-fold opportunity to continue
their education by enlisting in
the new U. S. Regular Army.
Major Harold Fulghum, Com-
manding Officer of the Lubbock
Recruiting Area, announced to-
day.

Enlistment for three years en-
titles young men to advance
training in occupational skills of
their own choosing or credits to-
ward a college degree through
the United States Armed Forces

Institute self-study course.

A pre-selected school plan re-
cently launched by the Army al-
lows the qualified high school
graduate to pick his own field
of specialization before he en-
lists. Following basic training,
the young man obtains free and
expert instruction in the course
of his choice in one of the 60 or
more fields of specialization
available.

U. S. A. F. I. offers courses
ranging from radio and radar to
meteorology and photography
and since its inauguration in
1942 has enrolled more than 1-
800,000 students. 59 colleges and
universities accredit the USAFI
educational program.

Besides educational advance-
the Army offers young men a
secure future, it was pointed out
by Major Fulghum. Food, cloth-
ing, quarters, dental and medi-
cal care are free, and good pay
with retirement benefits are not
to be matched in civilian life.
With every 3 years enlistment
the soldier gets a 5% pay in-
crease and after 20 years can
retire at half-pay, after 30 years
with three-quarters pay.

RETURNS HOME

Mr. and Mrs. T. B. Alsop re-
turned home Sunday after vis-
iting in Wichita, Kansas with
their daughter Mrs. Lois Gilblie
and daughters, Jean and Elaine
and in Reyvon, Oklahoma with
her sister, Mrs. Genia Berry and
other relatives. They returned
home by the way of Canadian,
Texas where they visited their
daughter and family, Mrs. Frank
Cox. Mrs. Cox and children,
Charles and ZoAnn accompanied
her parents home for a visit.

WEDDING SHOWER GIVEN FOR MRS. TAYLOR

James Taylor, former V. Stone was honored with a shower in the home of J. C. Green, Sr., Tuesday, July 13 from 3 to 6 o'clock.

A refreshment table was with a Japanese linen cloth and was served from a punch with cake to the table by Mesdames Pete Wilkins and Luther Green.

Phil Green presided at the book and those registering and sending gifts were: A. B. Aldrich, Bud Thomas Marshall, Ben Lee Nelson, Charlie Scaff, Fisher, W. R. Patrick, Bill Givens Lawrence, Pat Edmondson, Howard Edmondson, Eddie Russell, Giesecke, George Birch, J. H. Martin, Frank Stam, J. R. Whitworth, Jim Divant, Jess Perkins, Roy Smith, L. R. Bishop, Pohl, Floyd Webb, Mesdames Ethel Payne, Curtis D. C. Bradley, J. M. Mc-

Attend Funeral For Mrs. Mollie Wason

Out-of-town relatives attending funeral services for Mrs. Mollie T. Wason last Saturday included:

Mr. and Mrs. Norman Merle Pitts and Fred G. Simpson of Austin; Mr. and Mrs. Harmon Daffern and children, Mrs. Jess Wason, Mrs. W. L. Martin and Mr. and Mrs. Allen Cox of Stamford; Mr. and Mrs. J. P. Daffern of Albuquerque, N. M.; R. C. Daffern of Plainview; Miss Eula Haskew of Brownwood and Mr. and Mrs. Don T. Martin and children of Hereford.

Henry Ford, Doug Pitts and Richard Berryman returned home Friday after a few days fishing in Tres Ritos.

Roaring Springs '47 Class Holds Reunion

The 1947 graduating class of the Roaring Springs high school met at the home of Mr. and Mrs. J. P. Cooper on Sunday, June 20 for a reunion.

Those attending were: Mrs. Bobby Hardin of Freer, Texas; Melvin Holcomb of Plainview; Pfc. Lonnie Harmon of the U. S. Marines, who is home on furlough; Raynita Martin of Lockney and Mr. and Mrs. Arthur Harmon, Norton Dye, Herman Phelps and J. C. Smiley of Roaring Springs. Also their sponsors Mr. and Mrs. H. W. Redd and Mr. and Mrs. Cooper.

Other members of the class unable to attend were: Wilda Faye Boling of Floydada; Robert Duren and Lillie Gwinn of Amarillo; Zelma Redding of Ft. Worth, Howard Gwinn and Mrs. Jewel Lawrence of Matador and Billie George Yandell of Roaring Springs.

The ex-seniors attending decided at their business meeting, that they would meet again the first Sunday in June of 1949. They ask that everyone that comes to bring a picnic lunch and the day will be spent at the springs.

Attended Rites For Brother Last Week

Mr. and Mrs. T. E. Williams attended funeral services last Thursday, June 24 for her brother, Judge O. T. Warlick of Vernon.

Judge Warlick was 66 years of age and died after a long illness in a hospital at Mineral Wells. Besides his wife he is survived by one son, O. T. Warlick, Jr., of Fort Worth, three brothers and two sisters.

Womens Auxiliary Met Thursday Night

The VFW Womens Auxiliary met Thursday night, June 24 at 8 o'clock in the home of Mrs. Mary K. Rattan for a regular business meeting.

Refreshments of gingerbread and coffee were served to the following: Mesdames Bernice Knight, Beverly Vinson, Martha Dell King, Beth Clements, Lizzie Archer, Pearl Rattan and the hostess, Mrs. Rattan.

Rev. and Mrs. Evans and family of the 42nd Baptist church in Lubbock visited from Thursday until Saturday as guests of Mr. and Mrs. E. B. Brown and family.

Johnson Windmill Subject To Whims Of Texas Weather

AMARILLO, JUNE 30 (Spl.)—The wind and the weather and the "Johnson City Windmill" don't always hit it off too well together.

"The Johnson City Windmill" is a helicopter, the extraordinary flying device which Congressman Lyndon B. Johnson is using in his "up-and-after-em" campaign through Texas for a seat in the United States Senate.

Occasionally stormy weather prevents the Congressman from making one of those scheduled spot landings for which the "copter" is quite famous. In other words, "X" doesn't always mark the spot on the town lot, square, field or yard as the elements at times forestall any such pin-pointing. Weather or no, however, the helicopter requires so little maneuvering and space that it comes nearest of any machine "landing on a dime and giving back change."

Such landing plans went awry in Northeast Texas recently. The Congressman, whose "copter" is equipped with a public address system enabling him to soar slowly, and low, over small centers, recruiting supporters for speaking engagements en route to larger towns in the area, planned to land on an athletic field. The wind came up and huffed and puffed, blowing the Congressman off his course.

He landed blocks away, on a vacant lot. His friends and followers just piled into automobiles and rushed to the emergency landing site.

He is believed to be the nation's first candidate to use a "copter" in a campaign for public office.

Congressman Johnson, who seeks the U. S. Senate seat which Senator W. Lee O'Daniel will give up after this term, named the helicopter after his home town of Johnson City, Texas.

His dynamism, his platform, his pin-point landings in eight and ten towns a day, all are combining to bring out record crowds to hear him.

The helicopter has definitely outdone the fiddle bands.

It's giving Texas politics a new buzz.

FLEW TO AMARILLO

Mrs. Haynes Baumgardner and son, Haynes Jr. of Pampa, Florida flew to Amarillo by plane from Birmingham, Alabama Sunday where she was met and accompanied here by her parents Mr. and Mrs. L. J. Barkley for a visit. Mr. Baumgardner is attending school in Birmingham.

Mr. and Mrs. Con Davis and son, Leon of Elk Creek, Calif., visited here Saturday and Sunday with his uncle C. D. Bird and other relatives.

Mrs. John Morris and son Jerry of Dallas arrived Friday for a visit here with her parents Mr. and Mrs. L. R. Browning and other relatives.

Mesdames Claude Harp and U. L. Willie spent the week-end at Brady as house guests of Mr. and Mrs. Hubert Gilbreath.

Alvin Garrison of Kermit visited from Thursday until Saturday with his mother Mrs. Bertha Garrison and other relatives.

Mr. and Mrs. Algie Durbin of Abilene visited over the week-end with Mrs. Margaret Newman.

Mr. and Mrs. Luther Griffin of Lubbock and Miss Mallie Lee of Abernathy visited Sunday with their father John Lee.

Joe Bloodworth and daughter, Rosemary spent the week-end in Lubbock with Mrs. Joe Bloodworth who is receiving medical treatment.

Mr. and Mrs. William Wood and son Hal of Levelland are here visiting this week with relatives.

Mesdames R. E. Campbell and W. F. Jacobs and Miss Patti Pipkin visited Friday in Quanah with Neil Pipkin who is in a hospital there.

Bobby Harp and Harry Louis Willett left last week for Alamosa, Colorado where they will work this summer.

Mr. and Mrs. George Birchfield and Mr. and Mrs. R. A. Day visited in Silverton Sunday

with Mr. and Mrs. Day's daughter and family, Mr. and Mrs. Ware Fogerson.

Norman Harp returned to his home in Lubbock Sunday after visiting here for a few days with his father, A. A. Harp.

W. N. Pipkin and children, Patti and Gerald visited in Quanah Sunday with Mrs. Pipkin and Neil.

Miss Rachel Patton and Miss Cora Craven accompanied her sister and mother, Mrs. J. D. Craven and daughters to Brownwood last Wednesday after visiting here with relatives Miss Patton and Miss Craven returned home on Thursday.

Miss Doris Ann Doss was an over night guest in Floydada Friday as guest of Miss Peggy Collier.

Congressman Lyndon Johnson

"The Man Who Gets Things Done"

Candidate For U. S. SENATE

AND HERE'S WHAT LYNDON B. JOHNSON STANDS FOR—

PREPAREDNESS: A strong industrial system free competitive enterprise.

An air force second to none. He backed the military bureaucrats to help push the 70-group Air Force bill through the House.

Unpreparedness led us into two wars. Let's not let it happen again.

PEACE: A stronger United Nations. Stop the war makers!

He supports the Marshall Plan "to help those who are willing to help themselves."

PROGRESS: A fair deal for farmers... fair price supports, caliche roads, electricity.

Soil conservation and flood control.

An unbiased, fair stand on labor, opposing selfishness in labor or business.

Raise Old Age Assistance Benefits and take pensions out of politics.

We must curb the spiral of prices forced on us by a Republican Congress.

Subject to the Democratic Primaries July 24

(Political adv. paid for by Friends of Lyndon Johnson)

Take it from me ...there's nothing like Ford Hydraulic Touch Control

Maybe I'm lazy or maybe I'm smart. Anyhow, when I'm on a tractor, I don't want any tugging at stiff levers to raise heavy plows, cultivators and whatnot. I'll take Ford Hydraulic Touch Control every time. I can sit on this new Ford Tractor and lift or lower and set an implement by moving the Touch Control lever.

Say! Maybe you are like me... lazy or smart, take your choice. Anyhow, if you want easier, faster farming tell me to bring out a new Ford Tractor for a free demonstration that you'll enjoy...without obligation.

By the way... my good service on all Ford Tractors and equipment for them has a lot of folks talking.

Mrs. Bernice Gates and Mrs. James Monk were Floydada visitors Saturday.

Mr. and Mrs. W. D. Graves transacted business in Plainview Saturday.

Randall Whitworth of Matador visited in the S. F. Bourland home Sunday.

Misses Oleta and Letress Simpson returned home Saturday after visiting at Plainview for the past three weeks with their sister and family Mr. and Mrs. Ed Nowel.

Cancer Deaths On Increase In State

An increase of more than 18 per cent in Texas cancer deaths during the five years between 1943 and 1947 has been announced by Dr. Geo. W. Cox, State Health Officer.

Texas mortality tables compiled by the Texas State Department of Health show 1943 cancer deaths at 5,557, as compared to 6,770 for 1947.

"The greater part of this tremendous increase in cancer deaths is attributable to needless delay in seeking treatment, once a person has reason to suspect he has a cancerous growth," Dr. Cox said. He added his belief that advertising of patent medicines and so-called cancer quacks pits dangerous and misleading information before the public, thereby adding to the cancer mortality rate. This is because people are lulled by such propaganda and do not receive proper diagnosis and treatment until too late.

Dr. Cox said that almost two-thirds of all cancer cases rely on surgery to remove the cancerous tissue, while the other third may respond to X-ray or radium treatment.

"These three methods are the only means by which the disease can be treated," he said. "Self-medication, serums, colored lights, pastes, and diets are absolutely useless."

The Health Officer pointed out that the greatest defense against cancer is an early diagnosis and competent treatment by a reputable physician. He urged special attention to any unnatural bleeding from any body bleeding, lumps in the breast, and skin sores which fail to heal normally.

DEMONSTRATIONS TO BE GIVEN ON COSMETICS

Mrs. Mary K. Rattan, home demonstration agent announced this week that at each club meeting in the county next week that there would be a demonstration on the making of cold cream, hand lotion and deodorant and general information on the care of complexion and hair will be also given. Everyone is invited to attend these club meetings.

Returns To Clarendon

Mrs. L. D. Wilkerson and her daughter Margaret left Wednesday to return to their home at Clarendon. Mrs. Wilkerson has taught music in both grade and high school during the school term here and she has also conducted a class for six weeks this summer.

Childress Will Stage Square Dance Contest

Square dancers from Motley county and the surrounding area are invited to participate in the exhibition square dances to be held during the Old Settlers Reunion at Fair Park at Childress, Friday night, July 16.

The dancing will take place between 8 and 10 o'clock on a special platform in the football stadium. Each set is asked to bring its own caller. Sets which expect to take part in the exhibition dance are asked to contact Mrs. Patti Woods, 401 Ave. D, N.E., Childress, Texas.

Street dancing featuring both square and the old-fashioned round dances will be held Friday night, July 16 and Saturday night, July 17 on the southside of the courthouse. On Friday night dancing will begin at 10 p. m.; on Saturday night the dance will be held from 8 to 12 o'clock.

Music will be furnished by the Rhythm Ramblers heard daily over radio station KCTX at Childress.

TO AUSTIN

Bennie Cox accompanied by his son Charles Ray and Mr. and Mrs. W. T. Patton left for Austin Sunday. Mr. Cox will attend a Butane Convention that is being held there this week.

All Old People To Have Same Voting Rights In Primary

AUSTIN—Old folks in the city will have the same voting privileges in the July 24 Democratic primary as the old folks in small towns and rural areas of Texas.

This in effect was the ruling of the Texas Supreme Court in an opinion handed down last week (week ending June 26). By a vote of 6-3, the State's highest tribunal held that all persons over 60 years of age who failed to obtain poll tax exemption certificates before Feb. 1 may vote in the elections this year.

Voting on the side of the old folks were Chief Justice J. E. Hickman, Associate Justices W. St. John Garwood, Graham B. Smedley, James P. Hart, John H. Sharp and W. M. Taylor.

The case originated in Howard County, and involved the legality of an amendment to the exemption certificate law, passed at the last session of the Legislature.

The lawmakers had passed a bill that required all persons over 60 must renew their permanent exemption certificates annually, if they lived in cities of 10,000 population or more. The amendment did not change the exemption procedure of old folks living in small towns and rural areas, who are not required to make renewals.

The Supreme Court in ruling in favor of the old folks said that the Legislature did not intend to deprive any qualified voter of his right to vote, and

reversed lower court opinion by holding that the amendment failed to set out a penalty. Thousands of old folks in Texas would have been unable to vote if the Supreme Court had not ruled as it did.

NEIL PIPKIN IN HOSPITAL
Mrs. W. N. Pipkin accompanied her son Neil to Quanah Monday where he underwent surgery on Tuesday. Mr. Pipkin drove to Quanah on Tuesday for the operation, returning home that day.

Governor Jester To Set New Mill In Motion

Opening ceremonies of the \$2,000,000 Burrus Feed Mills plant—one of the largest feed mills in the world—will be climaxed July 22 at Fort Worth when Governor Beauford Jester of the Lone Star State (upper right) presses the button which will set the machinery into operation. Wiley Akins (upper left) manager of Burrus Feed Mills will be host to the leading business men of 12 Southwestern and Southeastern states and to outstanding citizens of a dozen Latin American lands where Texaco feeds are sold.

WHEAT PARITY PLACED AT \$2

WASHINGTON, June 30—The Agriculture department announced today that it will support grower prices of 1948 crop wheat at a national average of \$2 a bushel at the farm.

This compares with a \$1.84 support price for last year's crop, and with an average of \$2.11 received by farmers on June 11 from regular markets.

The department will support

prices by means of loans to growers. However, government buying for shortage areas abroad will provide indirect support.

Rates To Vary

Loan rate will vary by locations where the grain is stored and by grades. Generally speaking, rates are highest at terminal markets. Although terminal rates are considerably above the national farm average of \$2, a farmer would net no more in grain stored at such markets than on grain stored on farms. Transportation and handling costs makes up the difference.

The support program is designed to assure growers at least 90 per cent of the parity price of grain as of July 1. The July 1 parity price was determined to be 2.22 a bushel.

Quake Death Toll Thought To Reach 5000

Fukui, Japan, June 30—Workmen, toiling in the steaming summer sun, searched today for additional victims of Monday's earthquake and fire that is expected to claim 5000 dead.

Gen. Douglas Mac Arthur's headquarters officially listed the death toll at 3215 and the injured at 7,752 in Fukui City and neighboring villages. Most Japanese and Allied authorities believed the number of seriously injured would be more than 10,000.

We are not too sure of our English, but we are convinced that "had" is the past tense of money.

HEADS TEXAS JAYCEES—Melvin B. Evans, young Wichita Falls businessman, this week assumed the presidency of the Texas Junior Chamber of Commerce, largest in the nation. President Evans pledges that during the coming year the more than 15,000 Texas Jaycees would greatly expand their programs of service to the community. To carry out this project he urged all young men in Texas to join their local Junior Chambers or, where none have been organized, to call on him for assistance in organizing new Jaycee chapters.

Rains Brighten Crop Prospects

AUSTIN, June 30—Rains this week provided a boost to growing crops pastures and ranges over most of the state, the U. S. Department of Agriculture reported today.

The rains checked crop deterioration and ended drought conditions in north-central, western and northwestern areas.

But, the USDA added, crop prospects were still low due to dry weather in eastern, south-eastern, central and southern areas. However, rain fell in Central Texas after the completion of the USDA's report, aiding crops in that area.

Crop Losses Light

The department said that crop losses due to floods and rains were light and wheat harvest on the high plains was well along and half completed or better in northern Panhandle counties.

Harvest of small grains, the USDA said, was practically complete in all remaining parts of the state.

Corn prospects were improved

by rains in north-central and northern counties, though some corn was "too far gone" for the rains to help.

Cotton was fruiting in south-central and southern counties, though the department noted some premature opening and shedding due to continued heat. Rain still was needed in some eastern counties, the USDA said.

Put Freeze On Hard Drinks

TUCUMCARI, June 30 (Spl.)—Tucumcari liquor dealers went on record today opposing an application for a dispensers' license to the Conchas Hotel. The Conchas is successor to the pioneer Randle Hotel here.

The liquor dealers instructed their secretary, Lester Wright, to draft letters to the city commission and to state liquor chief Tom Montoya, pointing out there already is a bar for every 188 eligible drinkers in the city limits.

The state liquor board previously has indicated that license to the Conchas Hotel. The Conchas is successor to the pioneer Randle Hotel here.

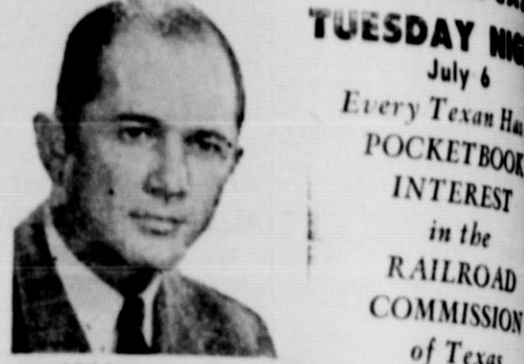

Apparently Henry Wallace would rather be left than be President.

The time will soon be here when we'll wonder once more why Noah didn't swat both those flies.

Silk stockings were first seen in the 16th century but they weren't really observed until the 20th century.
