MATADOR, MOTLEY COUNTY, TEXAS, THURSDAY, JULY 15, 1948

PRICE 5¢

TRAIL DUST

By DOUGLAS MEADOR

Tracing the dragging shoes of animosity over the sandy trails of half a century, I find that my memory is best served with permanency from contempt. Born to the dry lands of the West I have since childhood cultivated a loathing for mosquitoes, which is partly a fear of their insidious disease-carrying ability, and also the pain they create on my skin. Whenever I hear their insipid motors grinding I remember a hotel in Clearwater, Florida during the boom in 1925, the majestic Teatons and Jackson Hole, Wyoming and the California hotel in Monterrey, Mexico. It would be pleasant to remember each place with less repulsive association. And now with my old eyes, less astute, the spirits of mosquitoes I have murdered have returned to haunt my privacy, humming just beyond the veil of my preception.

Cost of our mistakes should in fairness be deducted from the profit which they make possible.

A pioneer is a man who can remember when gossip received its circulation from the crowd that frequented the livery-stable office.

Proud fathers of new boys should pause long enough to reflect on the pride they probably brought their fathers, and measure the extent of its justification.

Definition: A refrigerator is a cooling cabinet in which left-over food is stored until its spoilage has reached a degree that requires it be consigned to the garbage container.

Pounding beneath the black wharf, the sea sobbed, laughed and was silent for an instant, before striking again like the death agony of a wounded animal. Whitecaps struck the sand and left little pools of lather which vanished on the face of night. A cold mist sifted through the shafts of light and reflection from the amusement park. Plaintive music drifted on sound waves from the dancing pavilion. On the sea horizon distant lights like floating stars, crawled into the caves of night. Standing by the rail, the girl looked down at the sea as if attempting to hear a secret message in its whispering. A few strands of blond hair curled up at the back of her neck, around the edge of her small hat. When the light struck her face, it was very white, young and beautiful. Her trim form was wrapped in a well-fitted coat. Moving slowly her hand was withdrawn from the front of the coat and she dropped a single white rose into the water. As if pulled by some force beneath the surface, the flower moved rapidly out to sea, riding the waves and catching little pieces of light from the shore. When it had been sucked into oblivion, the girl turned and walked away as one might walk out of a dream. The sea thundered and shook the creosote planks that floored the pier.

Part of the happiness of love is distilled from the raw tears of misery.

Altho our forefathers had ample trees to provide shade, they were too busy to enjoy it. Shade is less attractive if you are hungry or your security is in peril.

RETURN HOME SUNDAY

Mr. and Mrs. Carl Israel and son Paul of Utopia, Texas left Sunday to return to their home after visiting the past two weeks in the homes of her brothers and families. Mr. and Mrs. R. M. Stanley and Dr. and Mrs. J. S.

"DINNER ALL DAY and singing on the ground". Above picture shows an important and popular feature of Motley County Singing Convention first semi-annual meeting held at the Matador High School campus park, Sunday, June 20. Large quantities of basket lunch provided by housewives have had much influence in keeping up the popularity of the 55-year-old organization. As in past years, most of the foods brought to the singing convention last month was home-grown, starting with a basis of fried chicken, including home-made pies and cakes. Next meeting (in October) will be held at Roaring Springs.—Photo by Douglas Meador.

Wheat Crop Harvest Is Completed

Most of the 1948 wheat crop in Motley county has been harvested according to E. E. Moss and sons, managers of the Red Ball elevator at Roaring Springs. The firm has shipped 43 cars of wheat from the 1948 crop and estimates that six to eight more cars may be shipped from their elevator.

One member of the firm estimated that Motley county farmers may have produced 100 cars including wheat shipped from Matador and Turkey and that placed in storage by growers.

The Roaring Springs elevator shipped more than 200 cars of Motley county wheat last year (270 in all), paying an average price of \$1.80 per bushel (average car holds 1,700 to 2,000 bushels). Average price for 1948 wheat has been \$2 per bushel.

It is believed that Motley county farmers may have realized between \$300,000 and \$400,000 for their 1948 crop, including that which may be held in storage for later sale, home use and seed.

Roaring Springs Lions Plan Night Clean-Up Drive

A city clean-up planned by Roaring Springs Lions Club to start at 6 p. m. yesterday and continue into the night, if necessary, was postponed because of "mixed signals" and will be held at a later date.

The clean-up drive was planned in the evening in order to avoid conflict with employment of members and also because of the cooler temperature prevailing.

Roaring Springs Lions announce a determination to clean up their city, even if it is necessary to "work all night" to achieve the goal.

Second regular July luncheon meeting of the club will be held Wednesday at the Hotel cafe.

Dave Birnie Returns Home From Hospital

D. I. W. (Dave) Birnie was conveyed home Monday from Quannah, where he has been a patient in the Quannah Memorial Hospital for the past several weeks. At his bedside during his weeks there has been his wife, who reports his condition improving. However, he is still unable to receive visitors, his physicians declared.

More Plans Are Let For Buildings

Matador skyline is still in the process of change as contract was announced this week for the construction of a new funeral establishment by the McDonald Funeral Home. Work has been completed of moving the old building to the firm's property south of the former location, to provide location for the new and modern structure on South Main street. The contract was awarded to J. L. Prock. Completion date is set for September 15.

Work of doubling the size of Stanley Clinic is progressing rapidly and framing of the structure will soon be ready for the rock siding.

Freeman Thacker Butane Co. has completed remodeling and enlarging office and display rooms which has doubled the size of the original building.

Remodeling of the First State bank will soon be completed according to Vice-president and Cashier Elmer Stearns. The bank will be ultra-modern on the interior. Mr. Stearns declared the contractor had assured him the work would be completed by the first of August. New fixtures are arriving rapidly and expected to be installed next week.

County Judge Wm. R. Cammack said that architects for the new courthouse building are due to be here this week when the court will consider the revised plans. He said the contract would be let as soon as possible.

Everything But Bride Furnished

Included in the plans of the Motley-Dickens counties Old Settlers reunion which is to be held in August, will be complete plans for the wedding of a young couple from either Dickens or Motley county. The arrangements will take care of such items as flowers, marriage

State Has Gain of 89 Polio Cases

AUSTIN, July 14—Polio cases rocketed to 89 this week, the heaviest attack of the disease for any week this year, state health officer George W. Cox said today.

For the week ending July 10 the new high of 89 cases pushed the total for 1948 to 736 cases.

Harris Hardest Hit

Areas hardest hit were Harris county, which registered 32 cases, Tarrant county with 12, and Hidalgo with 8.

The previous weekly high this year had been 85 cases. The 89 cases represented an increase of 22 over the previous week, when 67 cases were reported.

Dr. Cox said it was a case of "starting too late to do anything in these towns." He declared that local officials had failed to take proper sanitation precautions.

"Maybe if they get started now," Dr. Cox said, "they'll be ready next year."

87 Counties Hit

The total for 1948 was still almost double that of the same period in 1946, when 77 counties had reported 391 cases. So far this year, the 736 cases have been listed by 87 counties. A number of new counties were added this week.

In Austin, Travis county marked up its seventh polio case of the year today. Last year, six cases were reported for the entire year.

Counties reporting cases for the week ending July 10 were: Harris, 32; Tarrant, 12; Hidalgo, 8; Travis, Nueces and Wilbarger, 3 each; Galveston, Wilbarger and Williamson, 2 each; and Bell, Coryell, Culberson, Dallas, Deaf Smith, Duval, Hale, Hopkins, Jackson, Lubbock, McPherson, Milam, Panola, Polk, Refugio, Runnels, San Patricio, Taylor, Tom Green, Washington, Webb and Wharton, 1 each.

Mr. and Mrs. J. W. Drace of Lubbock visited here over the week-end with her parents, Mr. and Mrs. J. E. Russell.

County Judge Wm. R. Cammack said that architects for the new courthouse building are due to be here this week when the court will consider the revised plans. He said the contract would be let as soon as possible.

Bus Driver Gets "Rocky" Reception

Pride in Matador hospitality was jolted Thursday night (July 8) when an east-bound Texas, New Mexico & Oklahoma bus driver approached within about one mile of the city. Someone in a west-bound automobile heaved a rock at him. The rock struck the side of the bus without doing appreciable damage.

The incident was reported to Sheriff John Stotts who went back with the driver to the scene of the "rock throwing" and found a large flint rock on the pavement which may have been the one that struck the bus.

Impact from the rock left a "four-pointed" mark on the metal body of the vehicle near the driver's position. The driver told Sheriff Stotts that he thought a brick was thrown at him.

Bus drivers and officials of the company were reluctant to discuss the incident and would not say they believed it might in some way be associated with the bus driver strike in Lubbock which has been in progress over an extended period.

Scouts Swim Meet Is Scheduled At Roaring Springs

Break Plains District of the South Plains Council of American Boy Scouts has scheduled a swimming meet at Roaring Springs pool July 23-24 (Friday at 4 p. m. and Saturday at 2 p. m.).

Contests will include juniors (12), intermediates (13-14) and seniors 15 and over. Scheduled program includes side stroke, breast stroke, freestyle, back stroke, plain diving, jack, swan, optional, medley relay and free style in each group.

Awards will be presented in individual winners and winning teams according to announcements.

VISITS HERE

Mrs. Maggie Holcomb of Quannah visited from Tuesday until Sunday in the home of her brother and family Mr. and Mrs. George Ratcliff. Their daughter, Miss Dora Ratcliff of Lubbock visited over the week-end with them.

Mr. and Mrs. G. N. Wilson and Mrs. Mildred Leonard of Lubbock spent the week-end visiting with their parents Mr. and Mrs. Joe Meador.

COME TO CHURCH SUNDAY

Truman and Barkley Selected by Demos

SOLONS CALLED BACK BY HST

Convention Hall, Philadelphia July 15. (Thursday)—President Truman told cheering Democratic legions tonight that he is calling Congress into session July 26.

He said he will ask Congress to do some of the things Republicans promised in their 1948 platform.

He enumerated some of them as civil rights legislation, increased minimum wages, extension of social security coverage, development of public power for cheap electricity, and housing legislation.

Makes Fighting Talk

The President said he also wants Congress to pass "an adequate" displaced persons law instead of the recently-passed one he called "anti-Semitic and anti-Catholic."

It was a fighting acceptance speech for the presidential nomination the Democratic convention had just handed to him.

Smiling, confident in manner, Mr. Truman went over one by one the things he said he had asked the Republican-controlled 80th Congress for, but failed to get.

The President began his speech by predicting that "Senator Barkley and I will win this election and make the Republicans like it."

Delegates Cheer Talk

Appearing before the convention after arriving in Philadelphia aboard his special train from Washington earlier in the night, Mr. Truman said: "I accept," and flung a challenge at the Republican opposition with a call for a special session July 26 of the Congress he has labeled at least the worst in history."

Delegates to the 30th Democratic convention howled and shrieked their approval of that maneuver.

And confidently, Mr. Truman declared: "We'll win this election and make the Republicans like it."

Death Takes Pioneer Of West Texas

J. A. Jackson, 92, resident of Afton for almost 60 years, died at the Stanley Clinic here about noon today after an illness of two weeks.

Funeral services under the direction of McDonald Funeral Home will be held Friday at 3 p. m. at the Afton Baptist church and interment will be made in the Afton cemetery.

J. A. Jackson was born in Parker county, February 11, 1856 and died July 15, 1948, age 92 years, 4 months and 5 days.

Mr. Jackson was married to Miss Ruth Gafford and to this union seven children were born, five of whom survive. They are Mrs. Annie Alford of California, Mrs. Pearl Thompson of Garden City, Kansas, Mrs. Ola Young of Lubbock, Mrs. Ruthie Powell of Spur and Emmett Jackson of Lubbock.

Mr. Jackson's first wife preceded him in death. He was later married to Mrs. Susie Rains and to this union five children were born, three of whom survive. They are Joe Tom Jackson of Eden, Gaston Jackson of Afton and Mrs. Eugene Slaton of Afton. Mrs. Jackson also survives.

Mr. Jackson had lived continuously in Afton since 1889. He was a member of the Methodist church and the Spur chapter of the Masonic lodge.

GERALD FULKERSON REPORTED IMPROVED

Regaining consciousness Saturday after lying in a coma for two days and nights, Gerald Fulkerson, 11, was reported much improved yesterday. Son of Mr. and Mrs. Nolan Fulkerson of Monahan, Gerald was rushed to Lubbock Memorial Hospital Wednesday of last week to receive treatment for an infection of ethmoid sinus.

Principal danger according to physicians, is the proximity of the infection to the brain. He had been visiting his aunt and uncle, Mr. and Mrs. Douglas Meador, here, when he became ill.

SOUTH SECEDES IN FIERY CONVENTION

CONVENTION HALL, Philadelphia, July 15 (Thursday)—Harry S. Truman was nominated for president and Sen. Alben W. Barkley of Kentucky for vice-president early today by a Democratic party facing its worst split since before the Civil War.

Mr. Truman said: "I accept," and flung a challenge at the Republican opposition with a call for a special session July 26 of the Congress he has labeled at least the second worst in history.

Delegates to the 30th Democratic convention howled and shrieked their approval of that maneuver.

And confidently, Mr. Truman declared: "We'll win this election and make the Republicans like it."

Dixie Delegates Call Meeting

The President won the nomination on the first ballot after one southern delegation and half of another one stormed out of the convention in rebellion against the 1948 platform endorsement of Mr. Truman's civil rights program.

And as the President accepted the nomination in person, angry Dixie rebels called a convention of their own at Birmingham, Ala., next Saturday—to discuss forming a new party with an anti-Truman states right candidate.

Sen. Alben W. Barkley of Kentucky was nominated by acclamation as the party's 1948 vice-presidential candidate.

The Ketuckian's nomination as president Truman's running-mate came after the name of Senator Richard Russell of Georgia was withdrawn. Russell had been nominated by Senator Lister Hill of Alabama.

Barkley Wins by Acclamation

Rayburn put a motion applying the two-thirds majority to suspend the rules and declare Barkley nominated by acclamation. The motion was made by Gov. Earle Clements of Kentucky.

The action was by voice vote. Mr. Truman romped home handsily in his race for the nomination. He got 947 votes to 263 for Senator Richard Russell of Georgia and one half of a vote for Paul V. McNutt, former governor of Indiana.

Russell was thrust forward as a candidate in a final gesture of defiance by Dixie rebels against the President many of them now vowing to beat in the November election. McNutt got into the edge of the picture the same way.

Some of the southerners shouted in the convention: "Truman can't win."

Southerners Back Russell

How much luck he would have against Republican Thomas E. Dewey and third party contender Henry Wallace was something for all America to decide.

One rebellious southerner, Charles J. Bloch of Georgia, shouted to fellow delegates: "You know—and if you don't know you'll learn it now—the Democrats can't elect a president without the votes of the South."

Dixie delegates, almost without exception and including Texas tossed their ballots to Russell in futile protest against Mr. Truman and his demands for federal laws against lynching, poll taxes and racial discrimination in jobs.

Northerners used their heavy voting superiority in this convention to write into the party platform only yesterday a strong and specific endorsement of Mr. Truman's civil rights stand.

Youths Interested In Army, Air Force

Youths of this area are interested in the opportunities offered by the army and air force, according to M/Sgt. Oliver D. Christensen, in charge of the local recruiting office located in courthouse.

Sgt. Christensen said the greatest interest is being shown in opportunities for technical training (nearly 50 courses) offered high school graduates entering for two years. He said a number of applications have been filed and others are pending.

Sgt. Christensen will be glad to discuss with any youth, the wide scope of opportunities open to young men in the new army and air force program.

Large Amount To Be Spent For Repairs In County

An estimated \$85,000 will be spent in repairing and modernizing non-farm homes in Matley county during 1948, according to a report just released by the Council of America.

That sum will be expended largely on painting, carpentry work, roofing repairs, plumbing and other repairs. "Greater availability of building materials will make possible a record amount of home improvement throughout the nation this year," declared Malcolm Schweiker, chairman of the Council's residential construction committee.

About 30 of every 100 homes in Texas will be painted, either inside or out, during 1948 and 7 will have roofs repaired or replaced, according to the report. Seven will have plumbing overhauled, bathrooms tiled or new installed and six will have carpentry work done, the report revealed.

To meet demands for materials for both new homes and repairs, production has been stepped up in practically every type of material," said Mr. Schweiker. The output of ceramic tile for bathrooms and kitchens, for instance, is now at the highest rate in history, government reports show.

Throughout the nation between \$2,600,000,000 and \$3,

300,000,000 will be spent this year on home repair, according to the Tile Council report. This is believed the largest amount ever expended for such work.

For Senator— Two Able Texans

(An Editorial)
A fortunate opportunity confronts Texas this year in the United States Senate race. Between George Peddy of Houston and former Gov. Coke Stevenson of Junction, there is difficulty of choice, but no opportunity of going wrong.

For two years past the Senate has abandoned admirably its role of "yes man" to the White House. The Senate has reassumed its constitutional powers of legislation. Texans have always insisted on the integrity of legislative independence. With either George Peddy or Coke Stevenson, the state will be represented by a man whose personal independence and powers of decision have been amply proven. Neither is a rubber stamp for an

ism. Texans in selecting a Senator want, of course, not a 1-term opportunist but a longtime leader in public affairs. Our national need in the Senate is for men who can think and act politically without fear, who can analyze domestic problems clearly amidst the clamor about them, who can think American on foreign affairs, not as subservient party servants. On the record, Stevenson and Peddy meet these requirements.

Coke Stevenson, on the basis of his long legislative and executive experience, would take to Washington an intimate knowledge of the governmental thinking of all Texas, whose confidence he has already won and justified regionally. Not an opportunist, he is schooled in government decision based on clear thinking. Texas has learned to respect the consistency of a man who is not a rabid liberal one day and an ultra rightist the next, blowing hot and cold with the vote in mind. Despite occasional differences with him in policy, business, industry and labor have all learned to trust the wartime Governor as a stable influence in the development of the state. No phase of Texas leadership has found in Coke Stevenson an errand boy politician, eager to render pri-

**West Texas Utilities
Company**

Tribune, Matador, Matley County, Texas, Thursday July 15, 1948

BARBER SHOP SINGERS RETURNING TO STATE FAIR—
The Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America has arranged for Oct. 17 as Barber Shop Quartet Day at the 1948 State Fair of Texas. At least twenty chapters will send quartets for the parade in this day. Throughout the nation there are 480 chapters with 30,000 members. SPBSQSA foursome above are (top left to right) Hal Jones and George Waters; and (bottom left to right) Dyke Turner and C. D. Johnson of Dallas. Fifty other organizations have completed arrangements for special days at the 1948 State Fair of Texas, and this number is expected to be tripled before opening day, Oct. 9. David A. McMinn of the State Fair, has announced.

vat service at public cost in return for favors. Texas knows by now that the quiet gentleman from Junction will make a Senator of the same cut as his pattern as Governor.
George Peddy of Houston, no less than the Governor, would add stature to Texas representation in the Senate. He has held public office only as a member of the Texas Legislature. For this post his native East Texas county chose him while he was still working his way through the state university law school. He left the Legislature to serve in World War I, earning his commission the hard way, not as a political gift but in the toughest school the army had, the

first officers training camp at Leon Springs. Colonel Peddy left a good law practice to volunteer his services again in World War II. In both conflicts, in home and foreign service, he saw the job through. His experience in Germany in military government has especially qualified him for the difficult field of foreign relations. His lifelong residence in Texas and his long service as a practicing lawyer have given him an intimate knowledge of his section and its problems, clearly evidenced in his constructive platform and his speeches. George Peddy is a Texan who easily thinks re-

gionally, nationally and internationally.

The News does not choose between candidates for public office where capacity and integrity are alike beyond cavil. Regardless of preference as to persons, the News always feels that the public is well served when able men of good will are elected. As between George Peddy and Coke Stevenson, The News has no preference to express. Either will add to the stature of Texas in the Federal Senate.—Sunday Dallas News.

Womens Legion Has Business Meeting

Only the GAS Refrigerator

Stays Silent...Lasts Longer

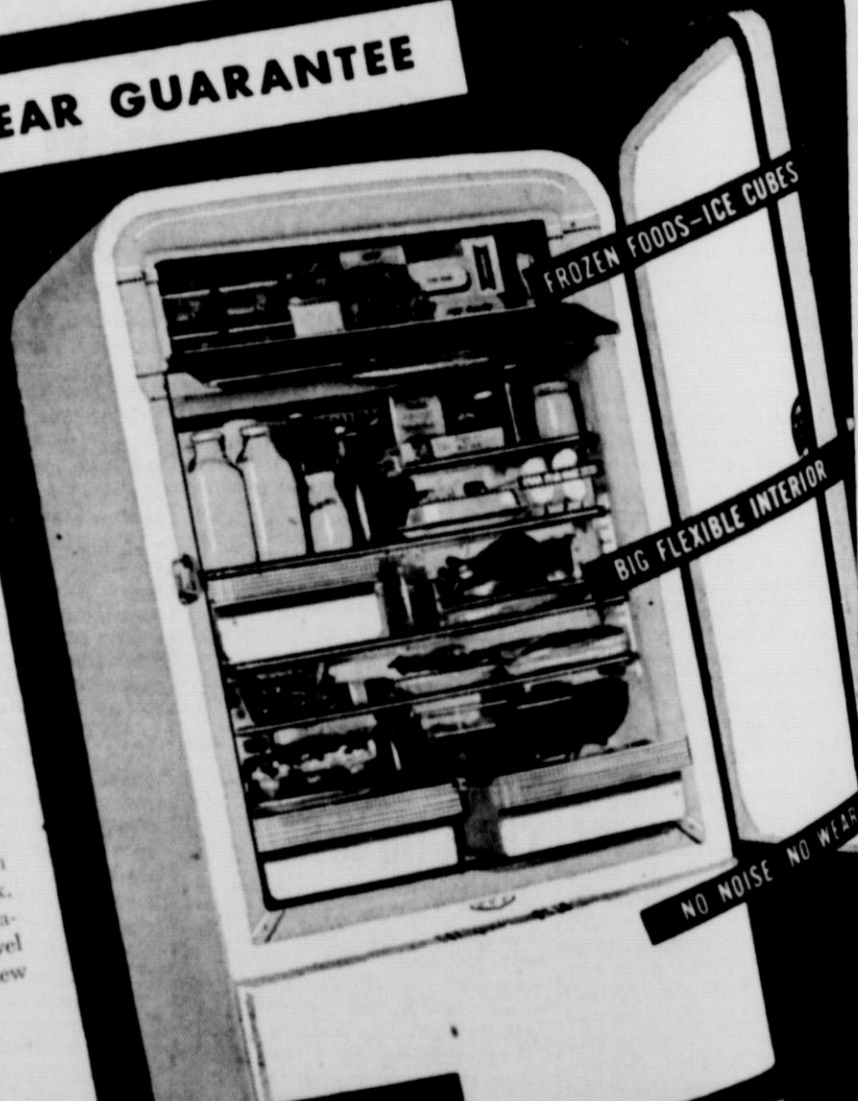

GIVES YOU TEN-YEAR GUARANTEE

So more and more Texas families prefer Servel!

Look at all makes. Only one refrigerator stays permanently silent, lasts years longer. Only one brings you a ten-year guarantee of silent, worry-free performance. It's the famous Servel Gas Refrigerator . . . favorite of more and more Texas families.

For this modern refrigerator has no moving parts in its freezing system. A tiny gas flame does the work. (That's why many of the 2,000,000 Gas Refrigerators are still on the job after 18 and 20 years.) Servel operates anywhere, on any kind of gas. The new models are beauties. See Texas' favorite today.

Pied Pipers
BY MRS. M.

Elwanda, our office associate, just added fuel to our chaos and feeling of futility, by adding up a glass containing a few potatoes, green sprays which will become a nice vine in the near future.

She did it without malice or thought, however, since she didn't know that for months she had nurtured and tended a potato at home, trying to produce a vine that would be the envy of horticulturists, only to see my efforts end in a miserable failure last week, when my potato rotted and spoiled after several sprouts had made their appearance.

I had followed everyone's advice; it had plenty of sunlight and water, until a friend advised

it should be kept in the dark for at least a month; then it was transferred to a dark place, for a period of time and again exposed to the light. At times I was told it had too much water, and other times, that it didn't have enough; and so finally we both gave up.

Anyway, it was just another example of my jinxed existence. Like the time the motor burned out in the car when I was driving it, instead of happening when Mr. M. had the wheel.

And when I have flats, the tires don't go down gradually in a nice soft manner, but blow out on the road before I can get the car stopped, and resulting in ruining both tire and tube!

Spending a week at Singing Pines Camp at Ruidoso, New Mexico, as guest of Helen Patton, her son Keith, and sister, Miss Mary Keith, was a pleasant experience, but I just knew they would have the misfortune of receiving cancellations of

most of their reservations—just because of my presence!

Singing Pines lives up to its name, as the soft voice of a mountain breeze rustles through stately pine trees in a soothing lullaby. Unless it is the rainy season, the days are exceedingly hot, especially when out in the sun. However, in the shade of trees, or the haven of the porch, and even indoors, it is so cool that air-conditioners are not even thought of. And at night, two wool blankets and sometimes an extra quilt, is not too much covering.

The Robin, The Blue-Jay, and The Wren, are names of three of the cabins at Singing Pines.

With the arrival of Marvin Patton (Helen's husband of course) and the Ted Woolerys of Lubbock (she is the former Lucille Meador) the week-end of the Fourth was quite an active one for us all.

Of interest to friends here of Jack Robinson, Jr., First Lieutenant, USAF, at Tuscaloosa, Ala., former Matador resident,

is the following item: Mrs. Jack Robinson, Jr., was recently elected treasurer of the Officers' Wives Club at Pope Air Force Base, Fort Bragg, N. C.

Lt. Robinson is assigned to Pope AFB, however, he is attending the University of Alabama during the month of July.

Both Lt. and Mrs. Robinson are ex-students at Texas Tech. Lt. Robinson is a graduate of Matador High School, class of 1938. He graduated in June, 1947 from Tech and accepted a regular Air Force commission later in the year. His parents live now at Paducah, Texas.

Mr. Wiggins, whose wife is the former Winnie Lee Kinard of Memphis, is a director of the El Paso chamber of commerce and the El Paso country club. He is a member of the Baptist church and the Rotary club and holds membership in the National Education association, Texas State Teachers association, Phi Delta Kappa and Kappa Delta Pi.

Dr. Wiggins is expected to formally accept his appointment as president of Texas Tech at a directors' meeting in Lubbock, August 12.

MRS PITTS ILL
Mrs. Neta B. Pitts has been critically ill for the past few days but is reported to be improving.

Entre nous is French for "between ourselves" or "confidentially."

Q. E. D., following a problem, means "was to be proved."

Chamois are small goat-like antelopes of the Alps.

The Leaning Tower of Pisa was never vertical.

About 1100 A. D. the Arabic system of writing figures was first brought to Europe.

The greatest rise and fall of the ocean's tide is at the Bay of Fundy, New Brunswick, Canada. The greatest rise of the ocean's tide at any one point is 50 feet.

Linen rags are used in making the best grade of writing paper. Superior, Huron, Michigan, Erie and Ontario are the five Great Lakes.

Early Christians of Rome met in the catacombs which were underground cemeteries.

VOTE FOR

Clarence L. Darter
FOR
State Representative
121st District

ELECT A MAN
Who Is
.. CAPABLE
.. QUALIFIED
.. EXPERIENCED

We need a Representative in Austin who is experienced in governmental practice and procedure. He is now serving his second term as county commissioner of Childress county. He knows the needs of our district and how to get things done. He is a businessman and a farmer. Let's send a capable, qualified and experienced business man and farmer to represent us in Austin.

VOTE FOR CLARENCE L. DARTER
FOR STATE REPRESENTATIVE

(This Political Advertisement Paid For By Motley County Friends of Clarence L. Darter)

Apparently honesty isn't the best foreign policy. Long skirts sure have ruined a lot of American scenery. One cannot love a thing without wanting to fight for it.

Nearly all of the terms used in music are from Italian. Napoleon Bonaparte was called the Little Corporal. Ricochet means to glance from a surface.

Tribune, Matador, Motley County, Texas, Thursday July 15, 1948

All But One Minor Senate Candidate To Withdraw

The spirited battle for the U. S. Senate seat to be vacated by W. Lee O'Daniel this term will be narrowed down to a four-man field after mid-week, with all but one of the so-called "minor" candidates withdrawing in favor of one of their number.

A meeting of the eight candidates opposing the generally conceded "big three" of the race former Gov. Coke R. Stevenson, Rep. Lyndon Johnson and Attorney George Peddy — have scheduled a meeting in Dallas Wednesday night at which time they said they would take a preferential ballot among themselves.

The winner of the poll then would represent the group against the "big three" and the others would withdraw.

The decision was taken Monday at a meeting at College Station in the home of Dr. F. B. Clark, one of the less-active candidates and a leader in the fight to seek a method of making senatorial candidates stay within the legal \$10,000 campaign expenditures limit.

After the meeting, Clark told the United Press that if "enough publicity" could be obtained in their fight against what he termed "extra-legal" expenditures on the part of the "big three," the group would not seek a grand jury probe of expenditures.

Clark said that if the case were taken to a jury it "might destroy the whole political machinery in the United States."

In addition to Clark, the other candidates expected to figure in Wednesday's night meeting were James A. Alford, Roscoe H. Collier, Frank G. Cortez, Cyclone Davis, Otis C. Myers, Jesse C. Saunders and Terrill Sledge.

Johnson began the campaign week with an early morning radio broadcast from Austin, declaring that communism will be forced upon the German people if the United States yields an inch to the Russians in the European "cold war."

"My fear is of false prophets," said Johnson. "My fear is of complacency based on inexperience. My fear is of mental astigmatism that cannot see beyond the borders of Texas..."

Stevenson turned down a role in the movies as he moved into East Texas. He called upon oilman-movie producer Jack Wrather, who has a company at work near Tyler on "Strike It Rich"—a saga of the East Texas oil fields, and was offered the part of a Texas governor.

Stevenson declined, saying he had previous commitments. But he told Wrather that the filming of the picture was a "great thing" for the state.

Now more than ever before—

FIRST IN VALUE
FIRST IN DEMAND

Only Chevrolet brings you all these major advantages of **BIG-CAR QUALITY AT LOWEST PRICES** . . . prices now decidedly lower than those of any other car that even remotely approaches it in quality!

The plain truth is that this pace-setting Chevrolet offers major quality advantage after major quality advantage not available in other cars in its field; and, in addition, Chevrolet prices are now obviously and outstandingly lower than those of any other car that even remotely approaches it in quality.

Thus, Chevrolet and only Chevrolet offers the Big-Car comfort of the original and outstanding Unitized Knee-Action Ride . . . the Big-Car performance and dependability of a world's champion Valve-in-Head engine . . . the Big-Car beauty and luxury of Body by Fisher . . . the Big-Car safety of Fisher Unisteel construction, the Unitized Knee-Action Ride and Positive-Action Hydraulic Brakes . . . all at lowest prices—prices that are now even more economical, even more thrifty, when compared with the prices of other automobiles in its field.

Yes, indeed, Chevrolet is first in dollar value by the widest margin in all Chevrolet history; and, of course, it is first in nation-wide demand as well.

Compare Values! . . . Compare Prices! . . .

CHEVROLET — and Only CHEVROLET — IS FIRST!

MRS. LEON SMALLWOOD IS COMPLIMENTED AT RECENT SHOWER IN THOMPSON HOME

The home of Mrs. Manly Thompson in north Matador, was the scene of a miscellaneous bridal shower Tuesday, July 6, honoring Mrs. Leon Smallwood, with Mrs. Bill Dunning assisting as co-hostess.

Only a slight accent in her flawless use of the English language reveals to her listeners, that the attractive blue-eyed blond bride is of foreign birth. Greta Pollaschek of Bucharest Rumania, was visiting with friends in Nurnberg, Germany,

FAMILY REUNION HELD AT FLOMOT

A reunion was held Sunday, July 11, at Flomot, of the children of R. H. Tanner, and their families, at the home of Mr. and Mrs. J. E. Monk.

Sons and daughters of Mr. Tanner who were present, with their families, were: Mr. and Mrs. C. D. Tanner and daughter, Iona and Iva Janell of Olton; Mrs. W. K. Beasley, Edwin and Zonna Faye of Hardin, Texas; Mr. and Mrs. Leo Jackson and Myrna Gail, of Cameron, Texas; Mr. and Mrs. A. M. Tanner, Douglas Wayne and Billy Ray, Mrs. Bernice Gates and Weldon and Mr. and Mrs. James Monk, Calvin, Ava Nell, Beryl, Rosella and Don, all of Flomot.

Others present were brothers and their families: Mr. and Mrs. Ben Tanner and Ray Nell; Mr. and Mrs. A. L. Tanner, Charles, Anna Beth and Carolyn, Sue, and Mr. Pearl Tanner of Flomot; an aunt, Mrs. Frankie Williamson of Hardin, Texas; a niece and nephew, Mr. and Mrs. Perry Barham; and the following friends: Mr. and Mrs. A. C. Jackson of Floydada; T. N. Monk and son of Texaco, N. M.; Dan Baldwin of Plainview; Eddie Morris, Wilburn and Nita Martin and Lillie Wanda Gilbert of Flomot.

IS RECENT VISITOR

Mrs. J. W. Thompson of Whiteface returned to her home Tuesday, after a visit here in the home of her son and family, Mr. and Mrs. Manly Thompson and sons, whom she accompanied to Clyde, Texas, where they visited relatives. Mrs. Manly Thompson and sons drove to Whiteface Thursday of last week to accompany her mother-in-law here, and Mr. Thompson accompanied his mother on her return home.

Mrs. Dick Groves and children were accompanied to Lubbock Tuesday by Mesdames A. B. Groves, Claude Harp and R. E. Donovan and the latter's daughter, Rose Carolyn.

Mr. and Mrs. Loyd Fulkerson drove to Lubbock Sunday to visit his young cousin, Gerald Fulkerson, who is a patient in Lubbock Hospital.

MAGAZINE ARTICLE EXTOLTS BROTHER OF LOCAL WOMAN

A feature article in July 4 issue of the Boston Post Magazine commends highly the work of Rear Admiral W. W. Warlick, U.S.N., retired, brother of Mrs. Ed Williams of Matador, as superintendent of the Maritime Academy at Castine, Maine. The lengthy illustrated article titled "Maine's Saltwater College" by John Mason Potter, contains the following excerpts with regard to Admiral Warlick:

"The Academy, which in the opinion of many is rapidly becoming the Annapolis of the Merchant Marine, has the same discipline and routine as the Navy Academy and its superintendent, Rear Admiral W. W. Warlick, U.S.N., retired, is an Annapolis graduate who formerly taught there.

"The Admiral is 53 and he retired from the navy ahead of time in order to accept the position of superintendent of the academy... he was commanding officer of the battleship Massachusetts, built in Quincy, Mass., during the Philippine sea campaign right up to and including Okinawa. He knows how much a cadet can learn in three years because he went through Annapolis in three years during World War I... after the end of the first World War he was assigned to serve aboard a river boat in China, and then, after rejoining the fleet, he returned to Annapolis for two years post-graduate work. Later he attended the Navy War College at

Newport, R. I. In 1940 he went to Harvard where he was executive of the Naval R.O.T.C.

"In 1940 he returned to sea and was commanding officer of the destroyer MacDougall that met and escorted H.M.S. Prince of Wales to the Atlantic Conference. After outbreak of World War II, he served with destroyers in the European theatre, and was with the first American ships to enter the Mediterranean after Mussolini thought he had closed the sea to the Allies. Twice he escorted the Wasp to the relief of beleaguered Malta. "Later he went to Washington to serve on Admiral King's staff and then to the Pacific, where, after being on the logistics bureau of the fleet headquarters in Hawaii he was given the Massachusetts to command. After Okinawa, he went back to Admiral Nimitz's headquarters in Hawaii as deputy chief of the general planning group of the chief of naval operations."

VOTE FOR

Clarence L. Darter

FOR STATE
Representative

I FAVOR . . .

- Better Schools
- More Farm-to-Market Roads
- Increased Old Age Assistance
- Soil Conservation

I promise the people of this district that I will work at all times for the best interest of this district and area.

When the Legislature is in session I will be at home to meet and discuss the problems of our district with the people.

I will appreciate your vote on July 24.

Clarence L. Darter

Subject to Action of The Democratic Primary

Paid Pol. Adv.

Background And Experience:

NATIVE WEST TEXAN—Born on a farm in Crosby County, December 2, 1915, RALPH BROCK has been a life-long resident of this district.

EDUCATION—Honor graduate Lubbock High School, 1933; honor student Texas Tech, 1933-1935; graduate University of Texas Law School, 1938 and licensed to practice law.

PUBLIC SERVICE—In 1940, at age of 24, RALPH BROCK was elected County Attorney, Lubbock County, over two opponents in first primary. Re-elected 1942 without opposition.

VETERAN—Soon after Pearl Harbor BROCK waived deferred classification to volunteer as Apprentice Seaman in the V-7 program of the Navy. Resigned office with more than two years unexpired term and relinquished legal rights to its salary. He was on active duty for 40 months and spent 20 months in the Pacific aboard a sea going tug. Here he advanced to rank of Lieutenant and was recommended for command.

BROCK IS A WORKER—As a boy he sold papers, mowed lawns and raised and marketed garden products. He worked his way through 5 years of college and university as a truck driver, clerk, lifeguard, librarian, laborer, nightwatchman, elevator operator and as a member of the Board of Student Editors of the Texas Law Review. He worked hard to make Lubbock County a fighting prosecutor; he is working hard to win this election, and he will work hard to make you a good SENATOR.

BROCK IS DEPENDABLE—He has been active in worthwhile community activities, civic projects and church work. He is a teacher of a large Bible class and a member of the Board of Stewards of the First Methodist Church in Lubbock, and has been for many years. Those who know Ralph Brock know they can depend on him.

Ralph Brock

Solicits Your Vote

For

State Senator

30th Senatorial District
of Texas

Ralph Brock Says:

"I believe that your Senator should be a fighting Senator. Although the legislative process sometimes makes it necessary to trade and to compromise, I will never trade your vote in the Senate for personal gain, nor will I compromise against sound principles, good morals or the interests of those who have by their faith in me, elevated me to this high and important office. But, when all honorable efforts at compromise have failed to bring about a fair result for our district and the battle line is drawn, I believe that your Senator should have the ability and the courage to stand on the floor of the Senate and with vigor and with fire prosecute and defend the rights of the people he represents.

"To all counties, big and little, I pledge fair and equal representation. I was reared in Crosby, Dickens and Lubbock Counties; I have lived and worked with the farmers, ranchers, laborers, white collar workers, public officials and the business and professional men. It is with the feeling that my background, experience and ambition for public service suit me for this office that I earnestly seek to be your STATE SENATOR.

"Two-Party Perle" Explains Her Bolt From GOP In 1940

PHILADELPHIA, July 14—Mrs. Perle Mesta, social leader of Washington and intimate friend of President Truman and his family, Wednesday answered the \$64 question.

This forthright woman, one of the richest in the United States told the campaign school conducted by the Democratic National Committee for its women workers, why she switched from Republican to the Democratic Party in 1940.

Mrs. Mesta, who was born in the Southwest and reared in Oklahoma, breezily told the ladies:

"They call me two-party Perle. But I really don't mind. If you're

not a good sport, you don't belong in politics.

"I will tell you frankly why I shifted from the Republican Party at the time I did, after the election of 1940. I was strong for Wendell Willkie. I thought he was a great liberal, but the Republicans didn't agree.

"The Republicans didn't appreciate a good liberal when they had one. I saw what happened. Wendell Willkie was defeated from the inside. I didn't like the way the Republicans treated him.

"So I went to the Democratic Party where they appreciate liberals. We have one now in President Truman. I admire him both as a man and a national leader."

CITY GETS REFUND

City of Matador today received a refund of \$505 from Braselton, Implement Company of Roaring Springs, the amount paid as down-payment on the tractor and equipment used for 30 days in an attempted clean-up plan.

No substitute for the tractor plan, declared by members of the council as unsatisfactory, has been attempted. Agreement of the Roaring Springs firm was that if the tractor was not satisfactory after 30 days trial, all money would be refunded.

LOST ON SATURDAY NIGHT OF JUNE 19 somewhere on the streets of Matador, a brown zipper billfold with Elwanda Martin stamped in gold on the front and name on inside, it contained pictures, IMPORTANT PAPERS, a key and some small change. Someone has surely found it, want you please return it to its owner, Elwanda Martion. Reward is offered.

Napoleon was born in Corsica in 1769. The emblem of Canada is the maple leaf.

ROSA'S CAFE NOW HAS "NEW LOOK"

Another "sign of the times" is the complete renovation recently applied to Rosa's cafe operated by Mr. and Mrs. Frank Stafford.

The cafe has been completely redecorated, including new floor covering and painting of walls and ceiling.

Attractive "new look" of the cafe is further enhanced by new lighting equipment installed earlier in the year.

Deaologue is the name given the Ten Commandments. Theodore Roosevelt was an ardent champion of spelling reform.

In railroad parlance, a round-house is a building having stalls for the housing of locomotives.

The distance from the earth to the moon varies as much as 31,000 miles.
