RAIL DUST

By DOUGLAS MEADOR

Veils of dusty dreams hang on the air that once contained the little fears of childhood. Dried hulls of flowers petals from forgotten springs have become fragrances and the last trace of perfume has long perished. Shut away in the shadows on a shelf of yesteryears is a memory of hours still fresh and sweet. It is easy to recall the clean, wholesome odor of rain on grass, the light of a sun glistening on water, the light in cow tracks and the light of most grass beneath my feet as I steered a toy wagon down a gentle hill. Often at night I look ahead out of the car window and feel the rain-drenched wind in my face with the sentiment that the little wagon is still rolling, forgetting that a lifetime has intervened.

Rains of time have flooded the river of my life. Dikes have crumbled against the weight of so many years and the silent waters have submerged my once abundant field of sight. Wearing my first pair of glasses is not a happy experience. Half-forgotten vistas have returned but I want to take off my glasses to see them better. I am confused and more awkward than usual. I need glasses to find my glasses. Many tell me they have worn glasses for years without ever becoming accustomed to them and others say they are not aware of having them on. My glasses have a quality which renders all objects with a rosy hue; a kind of colored halo about everything within their range. I hope to have my banker try them on the next time I apply for a loan, feeling that he can, perhaps, see my future a little brighter than he has in the past.

Behind a fog of amber that was constantly at the mercy of the wind, the little old man had a face like a wrinkled potato but he was a genius on the windmill tower. His conversation was endless as were his opinions, and included most of the world's complex problems. After several adventures in matrimony, he lived alone, having reached a definite conclusion that marriage attracts many people like fly paper, merely because others have tried it.

A life can be as serene as the sea with laughter like the playing surf spilling over a rocky shore, yet hiding in its depths a thousand unfathomed mysteries. We know only the surface.

Cupid as hunter should have his license revoked. In fact only a flagitious impulse could be responsible for his shooting so much game that is too old to get out of his way. On the other hand his aim is too poor causing him to leave too many wandering, wounded and in pain for the remainder of their days.

Fear usually bores the hole through which most of our troubles crawl.

Harsh words are like a whip leaving swollen welts long after the stock is hung on its rack of silence.

Continual optimism requires a certain quantity of stupidity in order to ignore the intervals when the future has a visibility of zero.

About the time I convince myself that my lumpy life has reached a favorable cycle, I become overly enthusiastic and break a shoe lace.

Another thing in favor of ignorance is that many of its patrons are never informed of their desperation.

Rites Held For Second Battle Hero

Pvt. Turner B. Bryan

Unfurled by wandering breezes against the blue Texas sky, "Old Glory" hung at half mast Sunday before the Fleming Post American Legion hall, a symbol for which men die that others may live in freedom.

About a block away the body of Turner Bryan lay in state awaiting reburial, the second of Motley county's heroes to die in battle and be brought home for interment.

The body arrived here at 10 a. m. Saturday, and services were conducted Sunday afternoon at 3 o'clock, at the Methodist church, under direction of the pastor, Rev. Oscar Bruce, assisted by Baptist pastor, Rev. Clifford Potts, and Rev. R. L. Jameson, retired Methodist minister.

Military rites at the graveside in East Mound cemetery where the body reached its final resting place, were in charge of the American Legion and V. F. W. with Rev. Potts, ex-Army Chaplain delivering a short Memorial Day tribute to those who died in service. Chaplain Potts also presented the American flag which had covered the casket, to the mother, Mrs. Belle Mathis. Pallbearers were ex-Army servicemen and the salute of honor was fired by ex-Navy men.

Born At Whiteflat

Pvt. Turner B. Bryan was born at Whiteflat, Texas, June 2, 1910 and was killed in action in France, July 13, 1944 on the battlefield at La Hays du Puits.

At the time of his entry into the armed forces on August 2, 1943, he was manager of White's Auto Store of Vernon, Texas, and was active in civic organizations of that city, holding the office of president of the Junior Chamber of Commerce. He was married January 1, 1932 at Vernon to Miss Lorene "Bobbie" Moore, having gone to Vernon after graduating from Matador High school in 1930.

He received his military training at Camp Wolters, Mineral Wells, and Fort Knox, Ky. In addition to his mother, Mrs. Belle Mathis of Elsinore, Calif., he is survived by three brothers, Reagan and A. B. Bryan of Hurley, N. M., and Allen L. Bryan of Marion, Ill.; and two sisters, Mrs. O. E. Woodside of Artesia, N. M. and Mrs. Tom Burch of New Orleans, La.

Attending the services were Mrs. Mathis, Mr. and Mrs. E. R. Bryan and children, Kenneth and Judy of Hurley, N. M., Mr. and Mrs. Allen L. Bryan of Marion, Ill., Mr. and Mrs. O. E. Woodside and son, Gary, of Artesia, N. M. and a nephew of the hero, Calvin Johnson of Whiteflat; also Mr. and Mrs. Vester Roller of Roaring Springs.

CONFERENCE SENDS NEW PASTOR HERE; BRUCE TO RULE

New appointments made at the Northwest Texas Methodist Conference in Lubbock Sunday involved close to 75 per cent turnover in personnel of the pulpits, and involved the Matador pulpit in the shuffle.

Rev. Oscar Bruce, pastor here for the past two years, was transferred to Rule, Texas, while Rev. Marvin G. Brotherton was named his successor. Rev. Brotherton and his wife are expected here today, from their former pastorate at Texoma, Texas. They have two grown sons, neither at home at this time.

Rev. O. D. McDonald was re-appointed to Roaring Springs-Afton churches and a pastor for Whiteflat-Flomot churches is to be supplied.

This community regrets to lose the Bruce family, and will especially miss the inspirational messages of Rev. Bruce.

Plans Made For Motley Sing Group

First 1948 semi-annual meeting of the 55-year-old Motley County Singing Convention will be held at the Matador high school auditorium, Sunday, June 20. The singing will start at 10:30 a. m. according to president F. M. Casey.

Plans are being readied by Matador civic leaders to welcome and provide facilities for the visitors. Committees have been appointed by the Matador Lions Club to provide ice water, coffee and bread for basket-lunch luncheon.

President Casey, Saturday said that attendance to the convention June meet here is expected to be large. He said it is probable that the famous Stamps Quartet will have a part in the program.

Some slight confusion has resulted in the date of the June meeting. Mr. Casey said the date has been established now as the third Sunday (June 20).

Motley County Singing Convention was organized 55 years ago.

Drought Threat Soaks Under Additional Rain

Matley county received additional rainfall Sunday and Monday to bring the total here for May to 2.20 inches according to the official city wells gage.

Spotted showers and flash flood at Whiteflat Sunday afternoon aided in soaking down drought fears. Water Superintendent Herman Stanfield said one-half inch was registered here Sunday but ten miles north of town it was a different story. Torrential rainfall lasting approximately two hours left four inches of water on flooded fields and bank full canyons.

Lions Name Reeves To Top Office

Elbert Reeves was named to highest office of the Matador Lions Club, Tuesday at the club's regular luncheon held in the Methodist church basement. At the recommendation of Lion Henry Pipkin, chairman of the nominating committee, the new officials were elected by acclamation. Installation services will be at the club's next regular meeting, June 15, end of fiscal year.

Other officials elected were 1st vice-president Bert Ezzell, 2nd vice-president Forrest Campbell, 3rd vice-president J. E. (Jake) Edwards.

J. R. Whitworth was reelected secretary-treasurer, and Miss Rachel Patton was reelected as Lions Sweetheart. Directors elected were J. S. Stanley, Kenneth Jeffers, Henry Pipkin and Curtis Graham; Glen Woodruff, Lion Tamer; Earl Laughlin, recorder. Through a clever political trick Tail Twister Ralph Stapleton was able to get back in office. Caught in the feat of strategy was unfortunate R. E. Campbell, Jr., who was forced to rescind his candidacy.

Visitors included Mrs. B. E. Shaw, City Water Superintendent; Herman Stanfield and Jimmy Woodruff.

Rev. W. B. Vaughn, former Methodist minister here, now retired, who has moved back to Matador to make this his home, was presented with a lifetime honorary membership to the Matador Lions Club.

Lions Lick VFW Bruise

Even when wounded and at bay, a Lion does not whimper. Before a loss-down but still excited crowd Friday night, Matador Lions Club softball team tasted their first defeat of the season, 14-15, at the hands of the never-quitting VFW.

Leading almost all the way and scoring in every inning except the final one, the Lions could do nothing to halt the veterans' last inning rally.

Due to a wet diamond the regular game was postponed from Thursday night until Friday. Quittage arrived to challenge the Volunteer Firemen to a second game. The red-suited firemen avenged their earlier defeat, 8-9, by clipping Quittage 18-9.

Roaring Springs won an easy forfeit victory over Flomot through non-appearance of the Longhorn team.

Monday night games were postponed until tonight because of unfavorable weather.

The date and starting hour is 7 a. m. Monday morning June 7. Every place of business in town will be asked to close for two hours during the drive.

Big Dam Out Again

The big earthen dam on the Joe Bloodworth farm, which was washed out shortly after it was finished two years ago, resulting in a lawsuit, was again washed out by the Sunday afternoon flood.

Mr. Bloodworth said he was in Lubbock Sunday afternoon and arrived home after night. He looked for signs of rain along the road and decided the possible shower had evaded his house, until he was within a short distance of home. He said the house was in what seemed a lake of water. He thought of the big dam and worried about its holding. At daybreak Monday morning he rode out to inspect the damage. The dam was gone.

Water flooded fields and covered the highway in places east of the Ben Keltz farm.

The rain there was accompanied by hail which is estimated to have damaged the wheat 25%. Some hail fell here Sunday afternoon. Rainfall at Roaring Springs during the past week registered over two inches.

GIRLS CHORUS RECEIVED WITH ENTHUSIASM

Matador Girls High School Chorus directed by Mrs. L. D. Wilkerson met with enthusiastic response Sunday as they concluded their program over KVAI, Amarillo, when officials of the company expressed the opinion that they would probably receive requests for a "repeat performance" from listeners.

Pat Flynn, staff member through whom the program was arranged, declared that this had been one of the most outstanding programs presented on the "Good Neighbor" program, sponsored every Sunday afternoon by the Broom Optical Company of Amarillo.

Choral selections included "Smoke Gets in your Eyes", "Without a Song", "On a Chinese Honeymoon", "Now is the Hour", "Wagon Wheels", "Prayer Perfect" and "Were you There?" Vocalists were Miss Melva North and Miss Barbara Ketchersid. A piano solo was played by Miss Dorothy Traub, and a specialty number was given by Miss Norma Chloee Casey. Miss Patti Pipkin was accompanist, and Mayor Douglas Meador acted as Master of ceremonies.

The 18 girls were conveyed to Amarillo by Mr. and Mrs. H. Blevins, Jess Smallwood, Mrs. Claude Harp, Mrs. L. D. Wilkerson and Mr. and Mrs. Meador.

Mass Meeting Called

A mass meeting of all Matador businessmen has been called for 3 p. m. Friday afternoon at the District Court room. Purpose of the meeting is to explain the urgency of the city clean-up campaign and to decide on an equitable fee for permanent daily clean-up service. The meeting will be brief. It is open to anyone desiring to attend, but each firm is asked to have a representative present.

City Will Try New Plan For 30 Days

FULLY AWARE of the danger of Matador's unsightly streets and alleys, the city council in regular meeting Tuesday night "went off the deep end" in attempting an entirely new clean-up program.

The plan suggested and urged by Mayor Douglas Meador calls for the purchase of a used (1945) Ford tractor at \$1,100, a hydraulic shovel attachment at \$265 and grading blade at \$140, total cost \$1,505 from the Braselton Implement Company of Roaring Springs, and the employing of a full-time man to operate the equipment.

The entire plan, including the new city employee, is on 30-day trial. In a "wilderness" regarding finances, the additional expenses will be supported through assessments on water bills.

First the city is aware that it must produce results before it can expect support of the citizenship. The equipment which will be purchased one-third down and balance over 12 months, may be returned to the dealer for full refund at the end of the 30-day trial period (through an offer made to the city by S. J. Braselton, manager of the implement firm).

E. B. Chambliss, who has been an employee of the city over a period of years, has been "fired" from his \$35 a-month part-time job and hired to do full-time street and alley clean-up at \$200 for one month only. If the revenue is sufficient and satisfactory to the citizenship, the plan will be continued. The deal will be closed for the tractor and equipment and Mr. Chambliss will be hired on a permanent basis.

Here is what the tax-pay-property-owner will receive. At least twice-a-month clean-up in every accessible alley in town (residential district) and daily clean-up of all alleys in the business section. In both residential and business sections, anything in the way of trash, brush, junk, and garbage will be removed. With the exception of brush, all other items must be in containers.

Mr. Chambliss will work eight hours daily, six days weekly. In spare time (if any) he will use the hydraulic shovel to load and unload gravel or other materials in needed places throughout the town, scrape and keep clean the present and new paving and use the blade to level rough places in streets and minor grading within the scope of the small blade. He will also wage war on weeds in downtown alleys and streets with the tractor blade. Altho he will only work eight hours daily he will be subject to emergency call in event help is needed on any possible contingency, without additional compensation. He will relieve Water Superintendent Herman Stanfield of the responsibility of street maintenance, however, no attempt will be made to supplant the present service of the heavy county street maintainer with the small equipment.

The cost. The cost of the service will be 75c per month for residences and vary according to need of daily alley disposal in the business district. The cost is based on the estimated need of revenue to support a workable sanitary plan. It is estimated that it will require in excess of \$300 per month to make pay. See CITY WILL TRY back page.

Youth On Navy Cruise

A diplomatic highlight of the cruise was the official visit of Crown Prince Saud of Saudi Arabia, who was guest of honor on a half-day's operational cruise in the Persian Gulf.

Mrs. M. Harmon, son of M. Harmon of Box 83, Springs, is among those taking in the current cruise of the Navy's modern carrier, USS Valley Forge (CV-45).

The first planned voyage is to Port of Spain, where the carrier will be in a westerly direction.

Leaving Hawaii in January, the VALLEY FORGE has visited Australia; Hong Kong; Singapore; Manila; Saigon; Ras Tanura, Saudi Arabia; and Bergen, Norway.

The cruise is climaxed with a stay at Portsmouth, big naval base near London, where the carrier is scheduled to return to San Diego, Calif., via the Panama Canal, ending its global voyage in June.

COKE STEVENSON SAYS U. S. NEED NOT LIVE IN FEAR

"We do not have to be afraid." That was the message brought to Texans by Coke Stevenson, candidate for the United States Senate, in an address in Tyler Monday night.

"Men and women who love freedom must be vigilant always," the wartime Governor of Texas declared. "We can be vigilant, however, without being frightened. There are men in this nation today who go about over the country as apostles of fear. We must, they tell us, be afraid."

"I say we don't have to be afraid. We are descendants of men and women who have fought and won both the battles of war and the battles of peace. We have here in Texas, happily no more of it, tens of thousands of brave and gallant young men who have shown they do not know the meaning of fear."

"We are a God-fearing nation. We do not have to be afraid," Stevenson, who is spending the entire week campaigning in East Texas, outlined some of the governmental principles which he said would guide his actions as Senator. He urged "cash-basis thinking and cash-basis action in Washington," declared against efforts "to move our county courthouses to Washington, D. C.," and labeled the so-called civil rights program as an anti-Southern right program.

"As your Senator," he said, "I shall fight every day to help destroy the Communist movement in this country. I shall fight all other enemies of the American democratic ideal."

Stevenson has campaigned in 167 counties since January 1 and said he would visit all remaining Texas counties before the primary election on July 24.

CARD OF THANKS

It is our heartfelt desire that those who evidenced in countless ways, their affection for our loved one, should know of our profound gratitude. Your kindness and sympathy is more deeply appreciated than any word of thanks can ever express.

Elmer Stearns and Frances Shaw.

VACCINE CHECKS "HITCH-HIKING" TYPHOID GERMS

A warning against the hitch-hiking germ of typhoid fever has just been issued by Dr. Geo. W. Cox, State Health Officer. They must catch a ride from an infected person to the well person; this is generally accomplished by water, milk, flies, fingers, or food. Every case is contracted by way of the mouth and digestive system.

A carrier is a person who has had typhoid fever at some time and who even after recovery carries the germs of the disease in the urine and discharge of the bowels. Carriers who are careless in their personal habits, are likely to infect any food they handle with unwashed hands. Some of the most serious and far-reaching outbreaks of the disease have been caused by drinking milk or eating foods that have been handled by carriers. Persons may be carriers without knowing it.

Typhoid fever is unnecessary and preventable. Every case is due either to community negligence or to the ignorance or carelessness of some individual. Persons planning a vacation or trip where sanitation may not be rigidly enforced should protect themselves against this disease by being vaccinated. Inoculation with typhoid vaccine, a week apart, is all that is necessary to secure protection against this disease for two years. The purity of water, milk, or food cannot be judged by looking at it so the best thing to do is to play safe and have your physician protect you.

Mr. Reeves states that the rest of his wheat which is on land not summer fallowed, will not make over 5 bushels per acre, if that much. Mr. Reeves was in the office May 26, and requested a prior approval for 34.8 acres of summer fallow for this year.

Richard H. Alexander, Administrative Officer, expects approximately 5,000 acres of land to be summer fallowed this summer. He reminds producers that in order to receive the government payment of 50¢ per acre, prior approvals must be issued before June 15. Never too late...

Whatever its birth date... your car will live a longer life if you regularly drain out old oil and Oil-Plate with CONOCO Nth MOTOR OIL.

And here's the reason why. The moment Nth Motor Oil (Patented) enters your engine, a special added ingredient fastens an extra film of lubricant so closely to metal that cylinder walls and all working parts are literally OIL-PLATED!

This protective OIL-PLATING stays right up there... won't all drain down to the crankcase, even with your engine idle over night! That's why Nth Motor Oil extra-protects from "dry-friction" starts... from metal-eating combustion acids... from sludge and carbon due to wear!

So, for full-time protection... for more miles per quart, make a date now...

FOOD... through the ages...

EARLY EGYPTIANS FAVORED GARLIC, CUCUMBERS, ONIONS, LEEKS, WITH GRAPES, MELONS, DATES, FIGS AND HONEY. OUR MELONS ORIGINATED IN ANCIENT EGYPT.

MEATS INCLUDED ROAST GAZELLE AND OX, PORCUPINE, SMALL GAME AND DUCK.

UNIVERSAL GARLIC CHEWING MADE EGYPTIAN TEMPLES UNBEARABLE, UNTIL THE PRIESTS EXCLUDED ALL GARLIC EATERS.

FAVORITE EGYPTIAN DRINK WAS BEER, SERVED IN GOLD-ENLAINED GOBLETS. A POPULAR TOAST WAS "HERE'S BEER FOR YOUR GHOST!"

FOR FOOD, EGYPTIANS PRACTICED FOWLING ON THE NILE, WITH THROWING STICKS AND LIVE-BIRD DECOYS.

Three Mighty Important Ideas

Maybe you read, where a great encyclopedia has sorted all basic ideas into a few select groups. Under the letter "T" they have:

Temperance - Truth - Tyranny. Sounds like a funny combination. And to philosophize a little, notice that Truth is in the center—between Tyranny and Temperance.

Now and then you hear folks criticize temperate people who enjoy a moderate glass of beer... who talk about "two beers" getting some one into trouble, and claim: "Three ought to be a law!"

Then Truth steps in between, and points out that two beers never got anybody into trouble—and that somebody's trying to distort the facts. No, there shouldn't be a law—there should be Truth.

From where I sit, those ideas are arranged just right. Temperance on one side, Tyranny on the other—and Truth in the middle—seeing that Tyranny never encroaches upon Temperance.

1 Gauge is a term to indicate 51 needles in each 1 1/2 inches needle-bar were used in knitting a full-fashioned stocking.

Denier, a word of French origin, is a measuring term, to indicate the weight and thickness of the thread.

Denier is comparable to "two thread or three thread" of the hose days. With 15 denier being recommended for after-noon or dress wear and 30 denier for casual and general wear.

FLOMOT SENIORS HAVE INTERESTING TRIP RECENTLY

We, the Senior Class enjoyed our trip to San Antonio, Austin, Fort Worth, Wichita and many other places.

We left Flomot about 4:30 on the morning of May 21 and returned five days later. There were eleven seniors that made the trip, only two of them being girls. Also making the trip were our sponsors, Mr. and Mrs. J. C. Moss and Mrs. Bernice Gates and son, Weldon.

We arrived about 5:30 on the afternoon of May 21 in San Antonio and stayed there two days and two nights. While there we visited the amusement park, which was really new to us. We rode the rollercoaster, the cars with rubber bumpers that would almost knock your heads off when hit, and every other thing that would create excitement. On Saturday we went to the zoo which proved to be very interesting. Sunday morning we bought a bat and baseball and played ball. Before we left San Antonio, Mark bought an alligator, which was such wonderful company. Oh, yeah!

We arrived in Austin Sunday evening. Monday morning we went through and to the top of the State Capital building. We also visited the State money vault. After we explored the Capital we went through an interesting museum. We left Austin late Monday morning for Burnet to go through the Longhorn Cavern.

Tuesday we went to Hillsboro to visit our former Superintendent, S. D. Rattan. He showed us the high school and Junior college buildings. The boys enjoyed visiting there because there were a lot of pretty girls. Just ask ole' Gunn how he felt when he ran into the flag pole, just because he saw two pretty girls. It only made a knot on his head.

Everyone enjoyed the trip and have enjoyed being schoolmates together. We hope the Seniors next year have as good a trip as we did.

We wish to thank the parents, faculty, school board, sponsors, schoolmates and all the rest of our friends for their kind cooperation they have given us during our high school days and everyone who made it possible for us to go on our Senior trip. We leave you this year, as ex-seniors to look into our own road of life. Good luck to all of you, schoolmates.

The Flomot Seniors of '48.

CARD OF THANKS

To our friends: We should like to tell you how deeply we appreciate your understanding sympathy, your tender thoughtfulness, your many expressions of love that have lightened the burden of our grief, but words cannot half express what they have meant to us. Our sincerest wish for you is, that in your dark hour of need, there may be those who will be as tender, kind, and faithful to you, as you have been to us.

We would also express our appreciation and thanks to the American Legion and V.F.W. The Family of the late Turner B. Bryan.
