

County Fair Is Ready For Opening Tonight

Matador Tribune

VOL. 54, NO. 29

MATADOR, MOTLEY COUNTY, TEXAS, THURSDAY, OCTOBER 7, 1948

PRICE 5c

Half A Cigarette Paper

(AN EDITORIAL)

Texas' oldest business institution, the Dallas Morning News, has announced support of the Republican nominees, Dewey and Warren. It is the second time the News has supported Dewey for President. In the lengthy front-page editorial, the newspaper says it is by nature Democratic. It also declares it can not support the States Rights party since it offers no platform other than opposition to President Truman's ill-advised civil rights program. The News says the country needs a change and that President Truman is unworthy of re-election.

What is written in these lines will have about the same effect as an inflated flea soundly kicking the shins of a drowsy old elephant. One issue of the Dallas Morning News will require more paper than the Tribune has used in its 15 years of publication. The News is great and powerful and rich.

However, there is a wide margin of doubt regarding the amount of influence either of the newspapers possesses. Readers seek information and entertainment but their political opinions are seldom swayed by editorials. The News is aware of this condition as is the Tribune. Readers are affected by truth, honesty and sincerity.

Many wealthy, big-business men and women are going to read the Dallas News political editorial and be pleased. To them it will be another straw in the wind that the Republicans are going to make complete control, come another November. But other people read the News. They are men and women who work in offices, factories, mines, on farms and ranches. They are little people if measured by wealth, but they are mighty big people when they go to the polls. Their vote is exactly the same size as the vote of the wealthiest man in Dallas, and the United States, fortunately, has a great many more little people than big people.

Today the politically frustrated Dallas News is perhaps doing more business than at any time in its entire history. Its workers are well-paid and content and its customers are experiencing the greatest degree of prosperity they have ever known. Texas is second in the nation in growth and expansion but the Dallas News is unhappy.

The News admits it has opposed the Republican party's isolationists and has rejoiced to see the Republicans reformed. They are good now. All the old dead wood has been removed. The Republicans "offer hope" according to the News.

Republican hope has been administered to us before. Hoover was the last hopeful. The other day a working man from Flomot was discussing the election while the barber trimmed his hair. "My memory is fairly good," he declared. "I voted for Hoover and when he quit I was tearing cigarette papers half-in-two so they wouldn't hold but half as much Bull Durham."

Motley county has never before known the degree of prosperity it is experiencing today. Bank deposits are higher than ever before. Farm mortgages are at a low ebb and the average man is able to buy most of the necessities of life and many of the luxuries. It is true that prices are high but it is also true the prices of beef and cotton are high. Motley county is but one of the three thousand counties in the nation and it is perhaps average of the rural areas. Its people are average hard-working people. If the Republicans are going to improve the conditions of the people of Motley and all the other counties of the nation, why don't they explain the method they are going to use? If the Dallas News expects conditions in Texas to be improved under Republican administration, why doesn't it explain what improvements the people may expect?

President Truman has made many mistakes and he has doubtless been the victim of some very worthless advice but he has been mostly the friend of the little man, the laborer, the farmer, the rancher and little businessman. He assumed one of the most difficult tasks ever presented to a President of the United States when he assumed the duties of the late President Roosevelt. No man in the nation was immediately great enough in public esteem to assume this role without suffering comparison. Roosevelt was dramatic, appealing and forceful. He possessed an excellent speaking voice which became a part of the American home. Truman possesses few of his qualities except a great compassion for the common people. He has made many blunders but he is a sincere man, proved capable of being a successful President of the United States.

The Tribune is supporting President Truman because he is the Democratic nominee and the Tribune is a Democratic newspaper. The Tribune, like its subscriber at Flomot remembers Republican promises: "Two cars in every garage and two chickens in every pot." The Tribune believes Texas should be a two-party state when the Republican party changes its policies sufficiently to consider the welfare of the common people before big business. Most Texans are common people but they are a proud people who remember both their friends and enemies with equal intensity.

FARM BUREAU HOST TO 80

All communities in the county were represented at a dinner party staged by the Motley County Farm Bureau Monday evening at the Matador school cafeteria. A total of 80 guests were served an excellent meal by the regular cafeteria staff.

Guests included bureau members and their wives, and patrons of the organization active in the Motley County Fair plans. The Farm Bureau is co-sponsor of the fair with the Matador Lions Club and Home Demonstration clubs.

After the group was seated Rev. Bob Jameson, immediate past-president of the Farm Bureau, offered a prayer of thanks followed by the efficient serving of the visitors by the cafeteria staff.

President Ben Edwards of Whitfield introduced Secretary-Treasurer Elbert Reeves and followed the president in extending his welcome to members and visitors. Mr. Reeves outlined the objectives of the Farm Bureau, declaring its present membership of 1,000,000 to be

Voters Will Decide On Sewer System Purchase

City of Matador may soon own a paying business. The Southwestern Sewer company plant installed here about 20 years ago is for sale. The price asked is \$40,000. Last year's net revenue from the plant's 184 customers was \$4,454.60.

Matador can purchase the plant and add \$55,000 in water system improvements without a single cent increase in taxes. Clarence R. Hendricks representative of William N. Edwards & Company, Ft. Worth, investment securities and Murray Moore of Moss-Moore Co., Dallas bond dealers, met with the city council Tuesday night, and offered the financing plan on revenue bonds, which they believe can be sold for 4½ interest rate.

No property in Matador could ever be liable for the 30-year loan, and there would not be a lien against the sewer or water system. No one would ever pay a dime in taxes on the loan (and it would also be possible to eliminate the recent 50¢ advance in charges made by the sewer company).

The deal will be up to the tax-paying voters of Matador. Mayor Douglas Meador has called a special meeting of the council for Tuesday evening, October 12 when the election will be called. The purchase of the sewer system has long been discussed by residents and at one time shortly after it was installed, an election was short one (or very few) votes of purchase.

The company has refused to make extensions throughout the years and many serious problems have confronted the city as the result of inadequate sewer facilities for expanding sections of the town.

Matador's water system has reached its capacity and needs improvements to serve the growing community. At present a large number of homes in the north part of town are asking to be annexed to the city in order to obtain water and fire protection. Pipe in some parts of town is too small to carry the increased load and pressure is too low. City water superintendent Herman Stanfield has declared the city has pumps and water to accommodate additional service if more storage could be provided. At present the city has 100,000 gallon storage at the wells and 50,000 in the water tower. Peak loads this summer have made it necessary to keep pumps running to serve the demand.

In the financing plan of an \$85,000 revenue bond issue, it is probable the city would not sell all the bonds issued but retain from \$5,000 to \$20,000 in the event of an emergency in the future. The unsold bonds would not be any expense.

If the sewer system is purchased, extensions will be made as soon as possible in certain sections where homes have been built, despite the lack of sewer service. If Matador buys the sewer plant it will be to the advantage of the entire citizenship to increase the number of sewer customers as much as possible. It will mean that all money paid for sewer service will be kept in Matador for the town's improvement. It will mean that the entire cost of the bond issue will be paid by the users of water and sewer services; that rates will not be advanced and that service will be improved.

There is no cost for the election. If the people do not want to purchase the sewer plant and improve the present water system, the city has been out nothing but the time consumed in holding the election.

Present city engineers Hawk & Howe of Lubbock have been engaged to plan the improvements. If the tax-paying voters approve the bonds, they have made some tentative plans of the project. The city will not pay any fees unless the project is approved by the voters.

"It is my opinion," Mr. Moore declared, "and the figures are in front of you in the sewer company's record, that you can buy the sewer plant, pay for it and the \$55,000 water improvement with the revenue which the sewer plant will pay. If you are able through extensions and home-ownership to add sufficient new customers you will soon have some new city revenue or able to reduce sewer service charges in the future. The plan is being used by about 90% of the small towns (city ownership of combined water and sewer systems) and is highly satisfactory."

Firemen To Stage Dance

Volunteer firemen of two neighboring towns, Matador and Roaring Springs, will sponsor a benefit dance at the Roaring Springs Pioneer pavilion, Thursday evening, October 14, starting at 8:30.

Outstanding West Texas orchestra, Terry Sanders and his group of Lubbock, will provide the music. The dance program will also include vocals by Terry Sanders. Admission is \$2.40 per couple, including tax.

In both Matador and Roaring Springs, many have already purchased tickets according to Matador Fire Chief Freddie Welling. All net proceeds derived from the dance will be divided equally between the two volunteer firefighting organizations.

RAINFALL FAR UNDER AVERAGE

County Agent J. R. Emmons has done some research work and come up with a startling discovery. It has been dry in Motley county.

The county's 1948 rainfall through September totals only 11.71 inches against the yearly average through September of 18.24 inches. The 1948 rains have fallen as follows: January .05, February 2.2, March .85, April .67, May 2.2, June 3.65, July 1.67, August .32 and September .12. Last rainfall registered was September 8th.

Average rainfall for August is 2.2 inches and September is 3.2 inches.

Mr. Emmons said some farmers are harvesting more cotton than they expected and that some land estimated at 14 bale to the acre is producing 1-3 bale.

MAVERICKS WIN OVER PADUCAH

Matador Mavericks grade school football team won a 20-7 victory over the Paducah junior team here on Barleson Field Wednesday night. A large crowd witnessed the game.

The Mavericks will play Lockney October 14 at Lockney and will play Spur at Spur on October 21.

FILM DELAYED
Spring Theatre, Roaring Springs, management has advised the Tribune that the film, "Mama Loves Papa," scheduled for Friday night's show has failed to arrive, but that a substitute picture, "Riverboat Rhythm" with Leon Errol will be shown

NEED FOR PICKERS HAS NOW DOUBLED

Motley county's need of cotton harvest hands has doubled since last week, according to County Agent Rufus Emmons. He said yesterday that 600 pickers would be needed to fill the immediate demands.

Bill Meeks, Texas Employment Service representative in Matador Monday said 15,000 pickers are needed in the Texas Panhandle according to surveys by the service. He said Motley county, according to acreage, is needing pickers as much as any area and that workers will be directed from Abilene, Brady and Paducah when possible.

Cotton ginning totaled 1,408 bales from the 1948 crop Monday night. By communities ginning record is as follows: Roaring Springs 586 bales, Matador 416 and Flomot 406.

Mr. Emmons said the present estimate for the county's 1948 crop is between 9,000 and 10,000 bales as against last year's 13,000 bales. He declined to say who made the estimate. The county has between 7,000 and 10,000 more acres in cotton than in 1947.

Plans Are Started On Thanksgiving Services For City

Plans are under way for annual union Thanksgiving church services in Matador. The services will be held at the First Baptist church.

Two churches, the Matador Methodist church and the First Baptist church have united for Thanksgiving services for a period of years.

Special sermons and song services are being arranged. Rev. Marvin Brotherton, Methodist church pastor will deliver the Thanksgiving message.

A committee has been named and is now engaged on other plans for the services.

VISITORS HERE
Mr. and Mrs. W. J. Brian, former Matador residents, now of Wichita Falls, were here today enroute home from a trip to California where they visited their son, W. J. Brian, Jr.

Property Owners Will Get Refund

Matador property owners who advanced \$2 per running foot for extended width on paving will receive a refund according to engineer Cecil Hawk, in the meeting Tuesday night with the city council.

Actual price per foot will be \$1.36, thus property owners who deposited \$200 for 100 feet of paving will receive \$64 refund.

Mr. and Mrs. Pat Sheridan accompanied by Mrs. J. M. Jackson and Miss Annie Mae Jackson met relatives in Lubbock Sunday and visited at the Mackenzie Park. They also visited in Lorenzo with Mr. and Mrs. Sheridan's son and daughter-in-law Mr. and Mrs. Pat Sheridan, Jr.

Ambergis is used in the making of perfumes.

Fair Opener

"I will not make a speech on politics," Congressman Eugene Worley, above, declared in a telephone conversation last week. "I am coming to Matador to meet my Motley county friends, enjoy the fair and have a good time and I don't want to make a speech on politics."

Mr. Worley's address will officially open the three-day fair.

Eugene Worley To Arrive After Noon

FIRST county fair in 20 years is ready. The city is expecting arrival of Congressman Eugene Worley during the afternoon, who will officially open the fair with an address at the high school auditorium at 8 p. m.

Altho the fair grounds (north of school campus park) are already open, several exhibits have not been completed because of the press for time by exhibitors. Yesterday the exhibition buildings were a beehive of industry as booths were prepared in advance of the opening day.

Congressman Worley will be here "rain or shine" he told Tribune publisher Douglas Meador in a telephone conversation from his home in Shamrock last week. He said he expected to arrive during the afternoon and have time to visit with friends before the address.

Matador Eastern Star Lodge will be dinner host to the Congressman and other visitors at 6:30 this evening at the Masonic lodge dining room. Mr. Worley is expected to go directly to the school building for the fair opening.

Program arranged for the high school auditorium will include numbers by Motley county schools, with Tech student Joe B. Meador acting as master of ceremonies. Judges will announce the winner of the Motley County Farm Bureau contest after Congressman Worley's address and he will crown the queen. A number of visitors are expected from Lubbock to hear Mr. Worley.

Superintendent Bert Ezzell, chairman of the fair said late yesterday interest has greatly exceeded original estimates and that he is confident the exposition will become an annual affair with a longer arrangement of plans.

Coach Rafe Nabors said he expects a record crowd to witness the football game between the Matadors and former Coach "Red" Amonett's Ralls Jackrabbits Friday night. The game will be on Barleson field under the lights, adjacent to the fair grounds. "I believe they will be more evenly matched than with the Spur Bulldogs," the coach declared. The Matadors lost their first conference game with the Bulldogs 40-0.

Lions Teams Whipping Up Attendance

They are off. Two teams of the Matador Lions Club divided for the purpose of an attendance contest, had their first show of power at the club's regular meeting held Tuesday in the Methodist church basement.

The contenders were arranged at separate tables and strong rivalry was in evidence. The contest will continue until Christmas when losers will treat the victors to a special banquet, including Christmas presents. Several members of each rival team were absent Tuesday but they will be brought to future meetings by members on the teams anxious to achieve the distinction of winning. Absenteeism may be made up attending a Lions directors breakfast or attending a regular meeting of any Lions club.

Tuesday program included an excellent motion picture presented by the State Health Department in connection with City Water Superintendent Herman Stanfield. Nature of the film was a story showing the advancement of cities providing a source of pure water and solving the problem sewerage disposal through modern plants.

Lion Frank Pohl reported that interest in a trades day program after a test survey, showed the plan impractical at present. He said 22 merchants were contacted.

Announcement was made that Lion Curtis Graham had been appointed co-cook to aid Lions chef Henry Pipkin.

Flomot Man Is Victim Of Rumor

Joe Smith of Flomot is seeking an unidentified Negro who is declared to started a rumor that he killed a Mexican cotton picker near Flomot about ten days ago.

The rumor, entirely without foundation, was circulated throughout the county and was finally brought back to Smith.

The Negro is declared to have said Smith killed the Mexican with a shotgun in an argument over cotton weights. No one was killed. There was no argument. Smith was not associated with pickers.

Tired of explaining the rumor, Smith has asked the Tribune, through a friend, Ed Whitaker, to make public denial of the alleged incident.

"MIRACLE" CHILD STILL IMPROVING

Little Gary Jacqueline Guthery, daughter of Mr. and Mrs. Coy Guthery of Dickens county, who is living because of a "miracle" after an accidental shot from a 22-target passed through her brain, is continuing to improve, according to Stanley Clinic reports.

The little girl will celebrate her third birthday Saturday in her hospital bed.

Final Rites Held For Ray Turner

Final rites were held Wednesday for Ray B. Turner, 20, son of Mr. and Mrs. L. B. Turner of Flomot, who died Monday night in a Plainview hospital after a brief illness of about one week.

Services were held at the Flomot Baptist church at 3 p. m. with Rev. J. E. Lee, pastor, officiating, and Rev. Neall Record of Plainview assisting. Interment was made in the Flomot cemetery with McDonald Funeral home of Matador in charge.

Survivors, in addition to the parents, are two brothers, Gordon Turner of Flomot and Richard Turner of Matador, and one sister, Mrs. May George of Corpus Christi.

Matador Lions Club, in the Tuesday meeting, held a minute of silent prayer in tribute to the deceased exserviceman and his bereaved family. The club also extended sympathy of the membership with a floral tribute.

ROARING SPRINGS PAVING 4 BLOCKS

Four blocks of paving are under construction in the Roaring Springs business section. The improvement starts at Broadway and 1st street at the depot and extends on both sides of the parkway to 3rd street.

Cost of the four blocks of paving, financed by property owners along the route, is declared to be approximately \$4,000. Due to the quality of material and condition of the streets, little more than leveling and topping is required. The work is being done by the Greenwood construction company of Vernon. Streets on each side of the parkway are 50-feet wide.

GO TO CHURCH SUNDAY

J. Walter Hammond

FARM BUREAU TO HOLD DISTRICT MEET IN LUBBOCK

A district Farm Bureau meeting will be held at the Lubbock Hotel in Lubbock on Wednesday October 13, it has been announced by J. Walter Hammond, president of the Texas Farm Bureau Federation. W. R. Tilson of Meadow, Texas, District Di-

rector, will preside. The meeting will start at 10 a. m.

This will be one of a series of 13 district meetings being held throughout Texas during the month of October, for the purpose of bringing farmers and ranchmen first-hand information on the immediate agricultural situation, and the economic conditions of the Nation as a whole, and go get the thinking from the grass roots with reference to agricultural matters.

"Farm prices have dropped 30 percent in the past nine months, and farmers' buying power has been reduced 18 percent," Hammond said. "Only through a workable, long range farm program that will provide for adequate price supports for farm commodities, can this Nation enjoy a balanced economy and avoid another depression such as was experienced in the early thirties," he declared. The long range farm bill hastily passed during the closing days of a last session of Congress will not adequately safeguard the interests of agriculture, and it will take a strong organization of farmers in this Nation to secure necessary amendments to this bill at the next session, the Federation president emphasized.

Plans for the Farm Bureau's Fall Membership Round-Up will be discussed, and an added fea-

Weather Change Is Factor In Cause Of "Common Colds"

Sudden seasonal changes in the weather during the fall months often result in chilling, which in turn is usually followed by wide-spread incidence of the common cold. This disease always spreads rapidly because of the fact that very few people can live isolated lives and in any group or crowd of people, coughing, sneezing and spitting will scatter millions of cold germs among susceptible persons.

Dr. Geo. W. Cox, State Health Officer, says that there are countless ways of spreading a cold other than by coughing, sneezing and spitting. "For instance," the Doctor said, "if a member of your family has a cold and the other members share a common drinking glass with him, you may expect the whole family to pick up the germs he leaves on the glass. Sometimes a person with a cold thoughtlessly touches his mouth or nostrils with his hand, and then shakes hands with another person. That person can, and very likely will, contaminate his own mouth or nostrils with his hand, and the germs are transmitted into his system. A child with a cold may contaminate his toys, and the next child that picks them up and plays with them will certainly obtain the cold germs, along with the toys."

Children, as well as adults, who are suffering from a cold should be put to bed, and if complete rest, light food, and plenty of liquids do not improve his condition in a short time, the family physician should be called. Dr. Cox further advised that dressing properly for the weather, sensible eating, plenty of rest and avoiding persons with colds can be helpful in preventing your own infection. Colds are costly in time, health, and money, the Doctor said, and added, "Prevent them if possible."

Part of the district meeting will be selection of a district Farm Bureau queen to participate in the State Queen Contest to be held during the state convention. Texas Farm Bureau's membership goal for 1948 is 60,000.

Tribune, Matador, Motley County, Texas, Thursday, October 7, 1948

Milking A Wild Mare

At the 17th Annual Prison Rodeo being held at Huntsville, October 3, 10, 13, 17, 24, 31. It's outlaw against outlaw as inmate performers try to subdue some of the wildest stock ever assembled in the southwest. Here a group of outlaws attempt to milk a wild mare.

FLOMOT NEWS

By Mrs. B. A. Tanner

Whiteflat Methodist Pastor Announces Church Services

Rev. S. M. Bean, Whiteflat Methodist pastor, announced this week that services will be held Sunday, Oct. 10 at the Whiteflat Methodist Church.

All members are cordially invited to come and bring someone with them.

CARD OF THANKS

To our friends: We should like to tell you how deeply we appreciate your understanding sympathy, your tender thoughtfulness, your many expressions of love that have lightened the burden of our grief, but words cannot half express what they have meant to us. Our sincerest wish for you is, that in your dark hour of need, there may be those who will be as tender, kind, and faithful to you, as you have been to us.

Mrs. Norman Martin
Mr. and Mrs. C. A. Martin
Mr. and Mrs. Clem Woods
Mr. and Mrs. Lewis Martin
Mr. and Mrs. J. C. Martin
Mr. and Mrs. James Ed Russell and Quinn Martin.

Superintendent and Mrs. H. M. Allison, Joe Speer, Mrs. Bernice Gates, Mrs. W. T. McGann and Mrs. Harry Foley.

Roaring Springs PTA Elects Officers

The Roaring Springs Parent-Teachers Association met in their regular meeting of the year, Tuesday, September 28 at the Roaring Springs auditorium.

Officers of the 1948-49 school term were elected and they are as follows: President, Mrs. Alfred Dye; vice-president, Miss Beattie L. Medlen and secretary and treasurer, Mrs. H. P. Car-gile.

The next PTA meeting will be Tuesday, November 2 at 7:30 p. m.

Mr. and Mrs. A. E. Kelly of Quanah visited here Sunday in the home of her brother John Lee and with other relatives.

Mr. and Mrs. Bill Moss visited over the week-end in McLean with his aunt and uncle Mr. and Mrs. Milt Williams.

Auction Sale!

This Rich, Irrigated West Texas FARM LAND At Your Own Price!

Oct. 21, 22, 23

SALE WILL BE HELD ON THE SITE OF THE LAND IN SWISHER AND CASTRO COUNTIES IN THE TEXAS PANHANDLE

4,000 Acres in Two Tracts
I. C. LITTLE FARMS

Land Divided into 160-Acre Units

TRACT NO. 1
3200 acres located 15 miles west of Kaffir, Texas. Kaffir is on Highway 27 midway between Happy and Tullis. The tract includes 1690 acres of excellent wheat; 1107 acres cultivated land ready to plant; 50 acres of alfalfa; 353 acres of good pasture; 4 irrigation wells and a large reservoir; 8-room modern house with 3 barns, sheds, tool-house, bunk house, silos, windmills, etc., and a 6-room modern house with barn, granary, cellar, orchard, windmill, etc.

TRACT NO. 2
800 acres located 5 1/2 miles east of Highway 27 from a point approximately midway between Tullis and Happy, Texas. This tract includes 130 acres alfalfa which yields a ton per acre per cutting; 400 acres of good wheat; 70 acres of pasture with natural lake; 200 acres cultivated land; modern, newly-remodeled 6-room house with nice trees; 5-room semi-modern house; windmill and 3 irrigation wells.

This is level land, ideal for irrigation. It is rich and easily farmed. Last season it produced 40-bushel wheat, and 80 to 90-bushel grain, on the average. The irrigation wells average 180 ft. in depth and produce 1200 gallons of water per minute indefinitely without falling off. This season much of the crops have not needed irrigation.

ALL FARM MACHINERY AND EQUIPMENT TO BE SOLD AT AUCTION

8 Tractors, combine, ditcher, floats, feed chopper, plows, 4 trucks, binder, drills, engines, hay baler, mower, rake and various other items of farm machinery and equipment.

ORDER OF SELLING
Sale will begin at 2 PM on October 21 and continue daily at 2 PM through October 23, or until everything is sold. All sales will be held at headquarters on Tract No. 1. Come early October 21. Inspect the land and machinery—be ready to bid when the sale starts.

HOW TO GET THERE
Tract No. 1: Drive from Happy south 8 miles, or Tullis north 7 miles, to Kaffir. Turn west on Farm Road No. 214 and drive 10 miles, then north 1 mile and then west 4 miles.
Tract No. 2: Drive from Happy south 7 miles, or Tullis north 8 miles, and turn east 5 miles then south 1/2 mile.

FOR THOSE WHO WANT TO FLY: There is a level turf landing field with a wind sock adjacent to headquarters on tract No. 1.

FREE! To All Visitors

First "call" for fall!

Don't fiddle around any longer with dirty old summer motor oil. Swing your car into the nearest Conoco station and change to winter-grade N# Motor Oil. Lighter winter-grade N# gives you faster starts. Saves you wear on the battery when you step on the starter. What's more, a change to Conoco N# Motor Oil gives you the extra protection of OIL-PLATING. For N# contains a special, added ingredient that actually OIL-PLATES your engine's working parts... fastens an extra film of lubricant to cylinder walls... protects you from "dry" friction starts... from sludge and carbon due to wear. So for better winter driving, call on your Conoco Mileage Merchant...

Make a date to Oil-Plate!

TELEVISION BIG AS ALL OUTDOORS

The first television station between St. Louis and the west coast is due to go on the air September 29. It is WBAP-TV, Fort Worth. Nearly completed studios are located in the east part of town just north of the Dallas pike. One feature is the large studio through which can be driven a herd of cattle, if desired, for televising.

Miss Jerry Davis visited in Lubbock last Thursday with Miss Bessie Clifton.

Cars For Everybody

By GEORGE S. BENSON
President of Harding College
Secoy, Arkansas

MOST PEOPLE thought Henry Ford's idea about putting wheels under every American were just a lot of bunk. They just couldn't see how anything like that could be done. Some of Ford's early partners failed to grasp the idea, for they thought of automobiles as belonging to the rich. Ford's idea was too "highbrow" for them. They couldn't understand how anybody could possibly make a living selling cars to "poor" people.

Plowed-back OUT OF THAT \$28, Earnings 000 and his idea, Ford developed a great industrial empire, with factories and assembly plants and branch offices. Yet, aside from the factories and the equipment that he owned, Henry Ford probably never owned more than 2 per cent of the wealth that he created. He was called a billionaire, but he counted his resources in buildings and machinery, not in money.

But Henry Ford had the grain of an idea and the courage to see it through. America was a nation that encouraged such things. With an original investment of \$28,000, he put the nation literally on wheels. Mass production was brought into its own, and costs came down. Ford wanted to make only a small profit on each car, and this sold millions of them. Competitors had to offer good values, too.

Jobs and TIN LIZZIE and her Payrolls imitators called for roads. Dozens of new industries came into being, in the building of roads. Our highways would circle the globe 42 times. Lizzie and the others had a thirst for gasoline. America's petroleum industry grew enormously. Filling stations had to quench that thirst. All these things made jobs. America became an industrial power, with this Ford-inspired motive power all the while adding to her efficiency and activity.

This new mass production created great industrial empires: mines for coal and iron, rubber plantations, tinier and sawmills, hydroelectric works, chemicals, glass, textiles. The result was more and more jobs, bigger and bigger payrolls, more and more goods and products that people wanted. Then, with our cars we became a touring nation. All our states became neighbors. We came to know the face of America, the beautiful

Our nation must never lose its inventive genius. This genius can best thrive in a climate of complete economic freedom. The spirit of industrial venture that Ford typified must be kept alive, for the good of America. Ford's contribution brought untold blessings to all of us. We should not make it impossible, through heavy taxation burdens, for any future Henry Fords to develop in America.

Our nation must never lose its inventive genius. This genius can best thrive in a climate of complete economic freedom. The spirit of industrial venture that Ford typified must be kept alive, for the good of America. Ford's contribution brought untold blessings to all of us. We should not make it impossible, through heavy taxation burdens, for any future Henry Fords to develop in America.

The angels do not rejoice when a man prays out of habit instead of necessity.

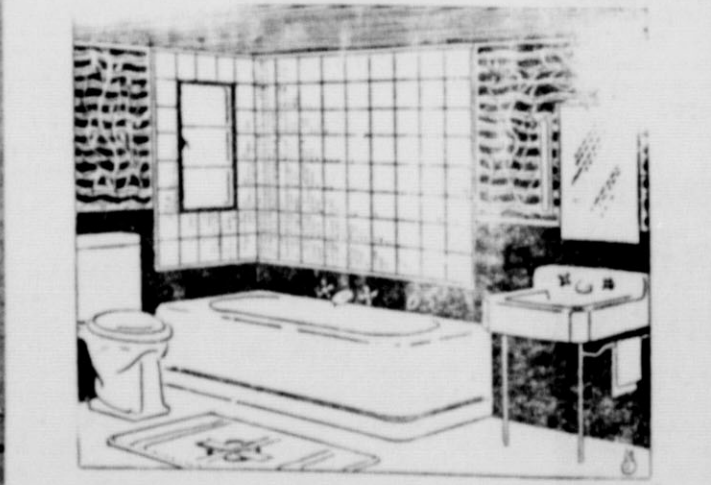

Mrs. Bobby Echols returned to her home in Bayfield, Colorado Sunday after being here at the bedside of her father, Marvin Bloodworth for the past week. Mr. and Mrs. Floyd Henderson visited in Lubbock last Tuesday and Wednesday with their daughter and family Mr. and Mrs. Maurice Cain. Their little granddaughter, Patricia accompanied them home for a visit.

Home Nest Of Rare Birds Still Secret

WASHINGTON, Oct. 6—Two bird-researching biologists confessed today they still haven't found the home nest of the whooping crane.

It was the fourth season of the search, the National Audubon Society's Robert P. Allen and the Fish and Wildlife Service's Robert H. Smith reported.

They flew 16,000 miles over northwestern Canada and eastern Alaska this summer, they said, and they looked vainly for some-making whoopers.

The last authentic whooping crane nesting was reported by William R. Rowan, University of Alberta zoologist, near Edmonton, Alta., in 1922. Discovery of the nesting grounds would enable conservationists to give setting cranes and their eggs and young extra protection.

Whooper Is Rare

The five foot tall whooper is white-plumaged, red crowned and has an extremely long wind pipe through which it thunders a trumpet-like blast. It is a rare bird. Only 33 were counted last winter at the only known wintering grounds, the 47,000-acre Arkansas National wildlife refuge north of Corpus Christi, Texas.

Next June, the searchers said they will comb the salt-flat plain between Great Bear Lake and Great Slave lake in Canada's district of Mackenzie.

This they described as a "promising region."

Gift Box Courtesy Extended Residents

As a courtesy for Mrs. Wiley Lee, Mrs. Hosea Phillips of the Day Way Laundry, is inviting ladies of this community to leave "pink and blue" gifts in a box provided for that purpose at the laundry.

The box will be kept open during next week, Mrs. Phillips said, and all baby gifts left for the honoree will be greatly appreciated.

Notice Of Election

Notice is hereby given that a General Election is ordered to be held in each Precinct through out Motley County, Texas, on Tuesday after the First Monday of November A. D. 1948, same being the Second day of November, A. D. 1948.

Said General Election shall be held for the purpose of electing Electors for President and Vice President of the United States, Members of Congress, State and District Officers, Members of the Legislature, County and Precinct officers who are elected every two years, and for the further purpose of adopting or rejecting Constitutional Amendments as submitted by the 7th Legislature of Texas at its Regular Session in 1947.

Wm. R. Cammacy, County Judge, Motley County, Texas. This the 4th day of October, 1948.

of the school by the Matador PTA. An enjoyable evening of entertainment and fun is promised.

\$500,000 Cache Of Gold Found In Car Bound To Holland

NEW YORK, Oct. 5—Customs officials late today seized an automobile they said contained \$500,000 worth of Mexican gold

being illegally shipped to Rotterdam.

The car was seized as it was about to be loaded on the S. S. Norwalk Victory at a Brooklyn dock, Brooklyn police said.

The 400-pounds of gold were found in the rear compartment of the automobile by a customs officer. Authorities said investigation indicated the automobile and the gold were shipped here by rail from somewhere in Texas.

Police said the car had been taken from the Pennsylvania

railroad freight yard in Manhattan by truck to the Brooklyn dock.

COURT RULES FOR JOHNSON

WASHINGTON, Oct. 5—The Supreme court in effect cleared the way today for the name of Lyndon B. Johnson to appear on the Texas section ballot as the Democratic candidate for the U. S. Senate.

Johnson topped ex-governor Coke Stevenson by 87 votes in the Aug. 28 runoff primary in which almost 1,000,000 votes were cast.

He was later certified by the state Democratic convention as the party's candidate.

However, Stevenson charged ballot frauds in three South

To Make Decision
Abilene, Oct. 5—Judge T. Whitfield Davidson told the Abilene Reporter News tonight he will await hearing of counsel for both parties before deciding whether to order continued his investigation of alleged ballot irregularities in the U. S. Senate second primary.

He said he expected to reach that decision here tomorrow. Judge Davidson said he did not plan to contact attorneys for Johnson and Stevenson. "I will be in Abilene tomorrow, and assume counsel will contact me," he declared.

Texas counties and won a federal court injunction that would have kept Johnson's name off the ballot in November.

Stevenson also asked the Senate subcommittee on elections to investigate.

Supreme Court Justice Black after hearing both Johnson's and Stevenson's lawyers argue their cases, on Sept. 28 ordered the federal court injunction lifted.

At the same time, he warned federal judges to steer clear of umpiring election results.

Stevenson's lawyers then asked the Supreme court to throw out Justice Black's order. But today the high court upheld Black by denying Stevenson's request.

RETURN TO MAKE HOME

Mr. and Mrs. J. W. Hickson have returned here from Brownfield, Texas to make their home. They moved from the Whitetflat community about 10 years ago to Rotan, later to Brownfield. Mr. and Mrs. Hickson are the parents of Matador resident, Mrs. Bill Wason.

VOICE OF DEAD HEARD AT RITES

RICHLAND CENTER, Wis., Oct. 6—The voice of Enoch Jewel, who five years ago made all preparations for his death, will be heard for final time tomorrow at his own funeral service.

The eccentric bachelor, who died Sunday at 86 years of age, wrote his own funeral oration and had it recorded in 1943 the same year he purchased his tombstone and had himself photographed beside it. The records—both sides of two 10-inch platters—will be played over a public address system at services from the Pratt Funeral Home.

The service will conclude with distribution by his nieces and nephews of 1,000 printed copies of his obituary—also written by Jewel.

The obituary, written in a homely style, contains many references to Jewel's early life and liberal expressions of his philosophy. Of particular interest is his expressed views on marriage.

"I lived to be an old bachelor," the obituary said, "the teaching of the Apostle Paul was that a man that married done well, and a man that married not doeth better, and a man that is married is seen on Saturday nights at the market purchasing food for his dear one with only one suspender on."

"Life is but a few days and lots of trouble, but wide is the valley and long is the road that is married life."

DRY SPELL WILL CONTINUE LONGER

The current dry spell in Texas will continue a while longer, the weatherman said Tuesday as he forecast generally fair with little change in temperatures.

There was some light early morning fog in the San Antonio and Austin areas and sprinkles were reported in the Salt Flat and Guadalupe Pass regions, but otherwise skies were fair over the state.

Yesterday's high was 91 degrees at Childress and Crystal City with Guadalupe Pass 78 the low maximum; overnight the minimum was 47 degrees at Lufkin. Childress had 61.

Firing upon Ft. Sumter in April, 1861 was the first military act of the Civil War.

Tribune, Matador, Matley County, Texas, Thursday, October 7, 1948

Chicago Men Over 40 Organize Club

CHICAGO, Oct. 6—A cheering bit of news was dropped in Chicago today for men who believe that "life begins at 40."

The Men Over Forty club, a nationwide non-profit organization, says that business needs such men. So sure are the officers that they ran this advertisement in Chicago newspapers: "Wanted—Men over 40 who have earned at least \$4,000 a year at some time as executives or administrators."

Men Are Needed
C. A. Swanson, president of the Chicago unit of the Men Over Forty club, said:

"Complicated business procedures have created a demand for men over 40 with executive experience that exceeds the supply."

The Men Over Forty club has been responsible for retired generals and admirals coming back into the executive fold and making the young bucks wild-eyed with apprehension.

Said a member, now 63, who is heading the personal department of a large merchandise firm:

"If life begins at 40, I'm doing swell at the age of 23."

"In my book, at 40 one is only becoming able to utilize all the experience he has gained."

Swanson himself was placed by the club and today is chief accountant for a large credit association in Chicago.

Charles Amos, personnel manager for a cotton products manufacturing organization, said of the club:

"The club is a great morale booster, and the results its members have achieved certainly gives proof that executive positions can be handled ably by men who under the modern concept are through at 40 or shortly thereafter."

"Many men have found the 'over forty' boys dependable and wiser in utilizing the experience and wisdom they have acquired through the years."

Many a business executive who called the old fire horses out of retirement during the last war will echo those sentiments.

American Legion And Womens Auxiliary To Hold Joint Meeting

The American Legion Fleming Post No. 337 and the Womens Auxiliary will meet in the basement of the Methodist church Monday evening, October 11 for a joint meeting at 7:30 o'clock.

The Womens Auxiliary will furnish entertainment for the evening and the Legion will provide the refreshments. All members are invited to attend.

STATEMENT OF THE OWNER-SHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACTS OF CONGRESS OF AUGUST 24, 1912, AS AMENDED BY THE ACTS OF MARCH 3, 1933, AND JULY 2, 1946 OF THE MATADOR TRIBUNE PUBLISHED WEEKLY AT MATADOR, TEXAS FOR OCTOBER 1, 1948.

I, Douglas Meador, County Clerk of Matador, County of Motley, State of Texas, do hereby certify that the following is a true and correct copy of the statement of ownership, management, circulation, etc., of the Matador Tribune, published weekly at Matador, Texas, for October 1, 1948.

1. That the name and address of the publisher, editor, manager, editor, and business manager is: Douglas Meador, Matador, Texas.

2. That the owner is Tribune Publishing Company, Matador, Texas, Douglas Meador, Matador, Texas.

3. That the known bondholders, mortgagees, and other security holders owning or holding one percent or more of total amount of bonds, mortgages, or other securities are: none.

4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain

not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation acting, is given; also that said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

5. That the average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the twelve months preceding the date shown above is 1355.

Douglas Meador, Sworn to and subscribed before me this 25th day of September, 1948.

Elmer Stearns, Notary Public, Motley Co., Texas. (My commission expires June 1st, 1949.)

Miss Marcia Ann Gilbert of Abilene visited here over the week-end with her father Clyde Gilbert.

Miss Mollie Lee of Abernathy visited over the week-end with her father John Lee.

Plaster copies of the original model welcome Future Farmers of America and 4H Club Jersey breeders at the five-day show's feature, a Junior banquet sponsored by Babson Bros. Co.

NEW OFFICERS INSTALLED BY WINSOME CLASS

The ladies of the Winsome Baptist Sunday school class met Thursday evening, September 30 at 7:30 in the basement of the church for the installation of new officers.

A candlelight service was used and Mrs. J. Farris Fish, their teacher, presented the new officers, Mrs. Freddie Welling, vice-president; Mrs. K. D. Wheeler, secretary-treasurer and Mrs. William K. Birchfield, co-captain with a bouquet of garden flowers and they in turn presented them to their president, Mrs. Loyd Latimer.

Each lady present brought a sack lunch and enjoyed an enjoyable evening together. The others present beside those on the program were: Mesdames Lee Burns, R. E. Campbell, Jr., R. H. Alexander, Algine Groves, Forrest Campbell, Clifford Potts, Bill McCaghren and Carl Cooper.

Bible Class Holds Quilting Social In Mrs. Vaughn's Home

The Ladies Bible class of the Methodist Sunday School met in the home of Mrs. W. B. Vaughn last Wednesday for an all-day social.

At noon a covered dish luncheon was served to the ladies and the afternoon was spent piecing and quilting quilts.

Ladies present were: Mesdames Homer Sheats, Oscar Vinson, W. Y. Higgins, Walter Ford, Maude Dean, Sterling Price, W. L. McWilliams, R. P. Moore, F. M. Jenkins, E. M. Eubank, J. M. Jackson, T. E. Williams, C. D. Pipkin, Claude Jeffers, C. W. Winn and Mrs. Vaughn.

Only the Serval GAS Refrigerator...

STAYS SILENT LASTS LONGER

GIVES YOU TEN YEAR GUARANTEE

IS TEXAS' GROWING FAVORITE

All over Texas the word has gotten round... "There's one refrigerator that stays silent, lasts longer—the Serval Gas Refrigerator." And it alone brings you a ten-year guarantee of silent, trouble-free performance.

The Gas Refrigerator is the only one with a different, simpler freezing system. Instead of moving, wearing parts, a tiny flame of natural, moving, propane gas does the work. So every Serval stays silent, permanently. Lasts longer, too.

What's more, the new models are beautiful. They've every new feature you're looking for. Come see the famous Gas Refrigerator today.

BULLDOGS TRAMPLE THE MATADORS WITH A VICTORY OF 40-0

There was a spirit of defiance and an air of never-give-up that prevailed over the Matadors when they lost to the Spur Bulldogs 40 to 0 last Friday night on Burleson Field. A great man

once said, "It matters not whether you win or lose, but how you play the game." Those fellows played a great football game even though the score wasn't quite what they wanted to see. A bouquet to Joaquin for that nice tackle he made! And also to every other boy that put all he had into every play. A better spirit was around the field as the Matador pep squad

From where I sit... by Joe Marsh

Get The Truth!

Called on my good friend "Cappy" Miller, who edits the County Bee, the other day. And hanging up on the wall of Cappy's office is this slogan for his paper:

"Remember there are two sides to every question. Get both sides. Be truthful."

A good slogan... not just for a newspaper—for people, too. Because there'll always be two sides to every question: the side of those who vote one way, and those who vote another—the side of those who enjoy a temperate beverage

like beer or ale, and of those who swear by nothing but cider.

And from where I sit, once you've got both sides—and faced them truthfully, you realize that these differences of opinion are a precious part of what we call Democracy—the right of the individual to vote as he believes, to speak his mind, to choose his own beverage of moderation, whether beer or cider.

Joe Marsh

watched their own mascot go out on the field with the Spur band. Opponents can be friends, you know.

The pep squad made approximately \$45 selling pops, sandwiches and candy. The money will go in a fund for the Pep squad and football banquet.

There couldn't be a more ready team for the Ralls game than the Matadors. We just hope they really mow those Jackrabbits under.

SENIORS SPONSOR ASSEMBLY PROGRAM

On Thursday, September 30, 1948, the Senior class sponsored Bob Brown's Circus as the first assembly program of this school year. The program which was on the marvels of science, was declared to be one of the best M. H. S. has ever had. The Seniors made approximately \$8. net profit from the show.

The assembly programs which are brought to the high school have each been auditioned by the Southern School of Auditions. The next assembly program will be a music program held on Monday, November 1, at 10:30 a. m. at the high school. The public is cordially invited to attend. The admission is 20c.

FFA Boys To Feature Calves At County Fair

The following F. F. A. boys are exhibiting baby calves at the Motley County Fair, October 8, Jerry Warren, Kenneth Thompson, W. A. Land Moore, Lewis Blevins, Jody Graham, Billy Dean Smallwood, Melvin Spray and Jerry Edwards. These calves were purchased from ranchers in Motley county and will be fed for the annual 4-H-F. F. A. show to be held in the spring.

The calves will be judged by Mr. T. L. Leach of Texas Tech. It will be interesting to find just how the calves will place in the Spring show after being on feed for approximately 180 days. Pictures will be made of each boy and his calf at the fair to compare later with the pictures to be made at the Spring show. In this way, we hope to prove that it takes a good calf along with an efficient feeding program to produce a winner.

Kampus Klatter

Hiya kids! Ready for a little gossip?

If you'd like to know a good place to skate then hop over to Turkey Gene Barley and Daisy Mae. Billy Paul Simpson and Laqueta Hoover, could probably tell you more about it since they went as a foursome up there last Monday nite. We'll have a jolly time tonite!

Say—looks like Norman and Wanda are gettin' to be steadies! There's nothing like Indian summer for romance!

My—my—looks like a Saturday nite date is a must for Sappo and Shirley! How in the world do you manage it, Sappo?

Shirley E. and Bobby Lee, Mary Helen and Doc have been making cute foursomes in the last few days! Cute kiddos!

Wonder if that certain guy from Tech could have caused that certain look on Ann's face over the week-end? It isn't much of a mystery, but we can pretend, can't we?

Say—Have you noticed—Albert Morris has suddenly gotten from somewhere, a beautiful turquoise ring! Since it's so small it must have been a girl's. But who in the world could it be? Here's a hint—she's a blonde Soph!

What's this we hear about Geraldine and Tom Hughes? Now, Tom, give the other boys a chance, will you?

Guess what—there's gonna be the nicest thing to happen this week! Our six weeks tests will be over.

Well, well—looks like Joaquin has finally got him a girl! It just couldn't be that cute Bonnie Hughes, could it?

So long,
Miss El Matador

La Arena Staff Is Organized For 1949

Everything For The Home, Farm and Ranch

HIGGINBOTHAM-BARTLETT COMPANY

LUMBER, BUILDING SUPPLIES AND HARDWARE

October 13 at 3:15 p. m., it was announced this week by the president, Mrs. John A. Hamilton.

Mrs. Hamilton stated, "This is membership month and the dues for the year are fifty cents." She also urged that the patrons of the school not only join the PTA but to be regular members at its meetings. Mrs. Hamilton said, "Patrons should be a member because parent-teacher membership offers each adult in the community an opportunity to build understanding and organize cooperation in home, school and community relations, to stimulate interest in community responsibility for the well being of all children and youth."

The program for October 13 is "The Home in the Light of Health of the Family", with Mrs. Eldred Seigler as leader and Dr. J. G. Ketchersid as guest speaker.

Mrs. Hamilton also stated, "That is a subject that all parents should be interested in, so let's get behind the school and keep in contact with our school through the PTA."

Notice Of Auction Sale Oct. 8th, 1948

Motley county, by order of its commissioners' court, will offer for sale, at Public Auction, to the highest and best bidder, a good 265.9 acre farm, being a part of Survey No. 9, Block K, Matador Land & Cattle Company, Original Grantee, Abstract No. 592, situated about

one mile Northwest of the town of Matador. Said auction sale shall be conducted at the court house door in Matador, Texas, between the hours of 2:00 p. m. and 4:00, on the 8th day of October, 1948.

The sale of said land shall be subject to the following terms and conditions: The commissioner's court of Motley county or all bids or proposals and to waive all technicalities. The sale is to be for cash in full payment, or for not less than 50% cash and the balance to be evidenced by ten equal Vendor's lien notes the first of which shall be due year from the date of consummation of the sale, and one to be due and payable on or before each year thereafter until all are paid in full. All of said vendor's lien notes to bear interest at the rate of 6% per annum; interest payable annually, all of which said vendor's lien notes to be further secured by a deed of trust lien.

Wm. R. Cammack, County Judge, Motley County Texas.

National Newspaper Week Oct. 1 to 8

I, too, work on your newspaper.

Without my help modern newspaper service would be impossible. I operate linotypes... run monotypes... engrave plates... turn the presses, make the teletypes click... melt the metal... and do countless other jobs. Yes, I am part of your newspaper service—and proud of it!

Rudolf Kilowitz

A Free Press...

THE SAFEGUARD OF DEMOCRACY

A free press... one of our great American heritages... is the nation's bulwark against forces which would destroy individual freedoms. An informed people are a free people, and as long as the printed word conveys to all the people the basic truths and records of their attainments and failures, the people will remain free.

We congratulate the West Texas Press on their service to the cause of freedom. We are proud of the part which electric service has in making possible the indispensable service newspapers render.

SHERIFF MAKING CALIFORNIA TRIP TO NO AVAIL

Sheriff John Stotts, accompanied by Buck Waybourn left at 3 a. m. Monday for Mare Island, California to return two Navy prisoners, Kirby Mitchell and Jones, accused of attack on C. A. Cox, Merchant Marine, and taking his automobile.

The sheriff and Waybourn due to arrive in California late Tuesday. A telegram was received by the sheriff's office Tuesday afternoon informing him not to make the California trip at present since the prisoners were AWOL. It is probable the sheriff arrived within a few hours after the telegram was sent.

The alleged attack was in June near the north edge of Motley county.

Sheriff Stotts will not receive compensation from the state for the trip unless he returns the prisoners.

LAYMEN'S WEEK OBSERVED BY BAPTIST CHURCH

Laymen's Week is being observed by the First Baptist Church this week, with services in charge of various men of the congregation.

Sunday night, V. A. Rattan delivered the message, and mid-week prayer services Wednesday night were held by Elbert Reeves. On Sunday morning, T. E. Long will have charge of the services, and R. E. Campbell will deliver the evening message.

HUNTERS TO LEAVE

Walter Carpenter and W. O. Cox will leave Friday for LaFores to be joined by Mr. Carpenter's brother Arlie Carpenter for a hunting trip near Crawford, Colorado. They will be accompanied from Borger by C. A. Cryer.

QUOTA INCREASED

The United States Marine Corps Recruiting Office in Lubbock announced today that one year enlistments for 18 year olds are now being accepted, heretofore only a very limited number were accepted, but for the month of October the quota has been substantially raised. These men will be enlisted and transferred to Marine Corps Recruit Depot, San Diego, Calif., where they will undergo twelve weeks of intensive weeks of training. In accordance with the selective service law these men will not serve outside the continental limits of the United States. These men will receive the same benefits as offered all Marines in regards to educational opportunities etc. It is again pointed out that the one year enlistment applies only to men who are eighteen years old and have had no previous military service.

All men are given a ten day leave upon the completion of boot camp.

Full information and details may be obtained by writing or applying at the Marine Corps Recruiting Office, 200 Post Office Bldg. Lubbock, Texas, telephone 2-8181.
