MATADOR, MOTLEY, COUNTY, TEXAS, THURSDAY, SEPTEMBER 27, 1951

PRICE FIVE CENTS

TRAIL DUST

By DOUGLAS MEADOR

Time had passed the empty space like a storm, rapping away the paint, loosening bricks and the leaning chimney and leaving shutters hanging by a single nail. The rough surface and day-glo was showing under the sandblasting sills. The yard fence had rusted away to the square posts where a gate swayed in the curved rut. It looked as if the ghosts of memories had returned many times for their little parcels of heartbreak.

Compared with the age of the world, a man's life is shorter than the time it requires an atom to fall to the earth. The sublime scheme of the universe is neither trivial nor important which can affect eternal orbit of development. The falling of a leaf, the birth of a new star in the heavens or lighted tapers beside a candle are but achievements of the Divine Plan.

Night after night the red eyes of automobiles spill out of the hills like coals falling from the top of space. Endlessly, tirelessly and silently they puncture the darkness, reappear and vanish. Somewhere on a road yet unsurveyed, lights of a car that is still metal in the mine, is traveling upward. Lights of the lot car piloted by unborn heads.

Many of life's accomplishments are like black walnuts, all the sweeter for the hard, black shell which protects them.

When success starts carrying the torch for a man she frequently demands all of his time to the exclusion of his friends.

The most enjoyable part of a journey is the anticipation of its pleasures during the formative period, before complications associated with preparations set in.

Self-importance of some individuals may become revolting to the extent that their accomplishments are submerged in the vat of fermenting vanity.

MANY ATTEND FLOWER SHOW

A large crowd of interested patrons Saturday afternoon attended the flower show staged by Matador Garden Club.

The entries were all outstanding and in several instances the judges experienced difficulty in coming to a decision.

Winners in the four divisions were as follows: Domestic, Mrs. Lloyd Latimer, 1st; Mrs. Clifford Potts, 2nd; Mrs. W. W. Clements, 3rd; Wild, Mrs. Harry Williams, 1st; Mrs. R. E. Donovan, 2nd; and Mrs. Claude Harp, 3rd.

Coffee was served from a lace covered table, during the afternoon, with Mesdames W. W. Clements, Freeman Thacker and Lloyd Latimer presiding alternately at the silver service.

LUBBOCK BOOSTERS STOP IN MATADOR

A delegation of Lubbock businessmen accompanied by the Reese Air Force Band and a group of attractive young ladies, were in the Chamber of Commerce-sponsored caravan that visited Matador Tuesday.

The goodwill tourists provided an entertaining program as they publicized the 34th annual Panhandle South Plains Fair to be held in Lubbock October 1-6.

Special complimentary invitations were extended school children as the boosters gave away hundreds of balloons, pencils and advertising circulars.

Former resident Joe B. Meador and son of Joe Meador, Jr., of Matador, employed by the Lubbock Chamber of Commerce, visited the schools and distributed complimentary tickets. The group of boosters remained in Matador for lunch after the program.

Tri-State Fair Offers Welcome Travelers Show

Amarillo Tri-State Fair is in progress this week (Sept. 24-29) and is offering as featured attraction Saturday, the "Welcome Travelers" show, famous N.B.C. program with Tommy Bartlett, which will be staged at 10 a. m. in the Sports Arena. The show will not be broadcast, however, it was announced by the Amarillo Chamber of Commerce.

State Fair At Dallas Cost Over \$35,000,000

The day the Lubbock fair ends October 6th, the State Fair of Texas at Dallas opens with a \$35-million exposition, which continues through October 21.

Special attractions at Dallas this year include "Guys and Dolls", and "Ice Cycles". Sensational "Sky Wheels" ride will be with such attractions as the 8 foot, 8 inch Viking giant for attention.

COLORFUL REESE AIR FORCE BAND, above, visited Matador Tuesday with the Chamber of Commerce boosters advertising the 34th annual Panhandle South Plains Fair which opens in Lubbock, October 1 and continues through 6. The military band, widely known throughout the area for numerous concert appearances, remained in Matador with the boosters for lunch after the interesting program.

GONE TO GRASS—Matador High school 3rd year Vocational Agriculture class studying Weeping Love Grass on the Gay Thacker farm about four miles southeast of Roaring Springs. This pasture of 70 acres of Weeping Love grass was seeded March 25, 1950 by Melvin Thacker under the auspices of the Upper Pease Soil Conservation district, through supervision of James H. Priddy, Motley county work-unit conservationist. The soil was deep shinnery blow sand and Mr. Thacker had been unable to stop wind erosion until he planted the Weeping Love grass. Priddy, Motley county work-unit conservationist. The soil was deep shinnery blow sand and Mr. Thacker had been unable to stop wind erosion until he planted the Weeping Love grass.

Faculty-Trustee Meet Scheduled

Annual dinner for faculty members and trustees of Matador Independent school, with their husbands and wives as guests, will be held Monday evening at 7:30, in the school cafeteria, it was announced this week.

Regular Trustee meeting will follow the dinner, and all members of the board are urged to attend.

Lorenzo Coming Here For Clash

CHANGE in original 1951 football schedule brings the Lorenzo eleven here Friday night for one of the top games of the season. The original schedule called for the Matadors to go to Lorenzo. The change was made because of better field and lighting facilities on Burleson field than at Lorenzo.

Important to local fans holding home game season tickets is the necessity of buying tickets for the Lorenzo game. The season books were printed and sold before the Lorenzo game was changed to Matador. The books have no ticket for the Lorenzo game and admission to this game was not included in the price.

Wildcats Defeat Matadors

Crowell clawed the Matadors up to the tune of 33-6 last week on the Wildcats' field. Even in defeat the Matadors looked good to local fans.

The Class A Wildcat backs were fast and evasive. Matadors' lone score was made in the second half when halfback Ray Carman crashed over right tackle from the three-yard line. Laughlin's try for the extra point was futile.

Praise went to tackle Jimmy Graham and James Taylor with guards Bill Spray and Sam Hines doing yeoman service. Backs Dunning and Carman bulled hard into the Wildcat line for short gains, with Harold Martin skirting the Crowell defense nicely. The Matadors were short in only one department: Scoring.

Diminutive Neal Pipkin was excellent in quarterbacking and line-backer Jerry Edwards was a stand-out on the defense.

Lakeview Here October 12

The Matadors will rest next week with an open date on schedule, but will be back on the grid on October 12 for their first contest tilt with Lakeview as their opponents on Burleson Field here.

APPRECIATION GIFT GIVEN PASTOR, WIFE

Rev. Clifford Potts, pastor of First Baptist Church, and Mrs. Potts were presented with wrist watches in recent services by church friends, in appreciation for their leadership and work here during the past four years.

Loyd Latimer presented the pastor with his watch at the conclusion of the recent revival meeting which the church held, and Mrs. Potts was presented her watch Sunday, by Mrs. Freeman Thacker, during opening services of the morning worship.

Both gifts came as a complete surprise to the recipients.

TAKE RECENT TRIP

Mr. and Mrs. W. T. Patton, accompanied by their grandson, Charles Ray Cox, were recent visitors with relatives at Leedy, Okla., and also at Albuquerque, N. M. with their daughter and family, Mr. and Mrs. Price Henn. Their granddaughter, Miss Helen Jane Hennan returned to Matador with them and visited several days.

Rumor Says New Oil Test Soon

Entirely unconfirmed is a rumor being circulated here which declares Motley county is to get a new wildcat oil test immediately. Location is said to be about seven miles southeast of Matador.

Visiting Mother

Mrs. Ed Bishop of Dalhart, arrived Monday night to remain with her mother, Mrs. Harrison Williams, until the return from San Antonio of Mr. and Mrs. E. F. Springer.

RETURNS HOME

J. P. Neighbors returned home Monday morning from a trip to Monday morning from a trip to Bridgeport and Oklahoma City, Okla., where he visited his parents, Mr. and Mrs. V. A. Rattan.

Church Would Stem Movement to Cities

Bishop Martin Says Soul Relationship To Soil Paramount

Addresses by J. Roy Guimby of the Texas Agricultural Experiment Station, Chillicothe, Texas and Bishop William C. Martin of Dallas, serving the Dallas-Fort Worth Area comprising three Texas Conferences of the Methodist church, were highlights of a Rural Life Rally Monday evening at First Methodist church of Matador.

The rally continued a 2-day session of Northwest Texas Town and Country Conference which opened Monday at 2 p. m. with seventy-five delegates from out of the county registering. The delegates represented the nine District Superintendents of the Northwest Texas Conference and a pastor and layman from a small community church who were official delegates to the Sioux City, Iowa, Town and Country Conference held early last month.

With local residents and visitors from other communities in the county, a large attendance was present for the opening programs. There are approximately 270 church appointments in the 9 districts comprising Northwest Texas Conference.

Soil And The Soul

"God speaks to those who keep their hearts open and live close to the good earth," declared Rev. Martin, who is Bishop for North Texas, Central and Northwest Texas Conferences. "I wonder why we have been so long in recognizing the relationship between the soil and the soul. . . we have developed in this nation a psychology which has linked success with the city and failure with farming, to the extent that the youth of our country are following a trend which I think the church must reverse," he informed his listeners. "Ironically, however, much of this psychology creating the wrong conception of success has been advanced from the pulpits of our churches. The most alarming single factor is the rapid degree with which young people are leaving the farm, and everything the church can do to reverse the tide must be done—and done quickly. . . it is human nature to worship 'bigness', but the good life is the life that has found that quality is more important than quantity, and that the best living in the world is in the small communities."

CHILD LABOR LAW STILL UNCHANGED

No change has been made in the Child Labor Law since last year according to County Judge C. W. Giesecke Jr., with relation to children of school age employed in cotton fields.

"The Child Labor Law is a federal law," Judge Giesecke explained, "and completely beyond control of any county or state official. We have received numerous requests for 'permits' to employ transient cotton picker children. There is no such thing as a 'permit' issued by a county official.

"The control is made by the federal government and my advice to cotton growers is to obey it until changed or amended."

Representatives Of Neighbor Towns Attend Meeting

Approximately 80 representatives of the Cap Rock and Green Belt Water & Sewer Associations and guests, attended the joint meeting held here Thursday evening.

Supper, prepared by Henry F. Pipkin, was served in the Methodist church basement. The program followed. Water Superintendent Herman Stanfield introduced Mayor Douglas Meador who made a brief address of welcome.

J. A. Bryan of Plainview, president of the Cap Rock association, served as chairman during the meeting. Principal speaker was E. B. Needham of Lubbock, State Health Department Bureau of Sanitary Engineering.

City officials from neighboring towns included two mayors, F. Hollingsworth of Olton and A. Patterson of Floydada. Among names registered were those of Mr. and Mrs. J. D. Mitchell and Mr. and Mrs. Lester Hall of Roaring Springs.

Highly enjoyable feature of the meeting was the program of magic by Tom Tilson, assisted by Mrs. Tilson.

Towns represented included Plainview, Lockney, Crosbyton, Spur, Wellington, Vernon, Crowell, Estelline, Quitaque, Lubbock, Floydada, Paducah, Roaring Springs, Olton and Matador.

ATTEND FUNERAL FOR RELATIVE

Mrs. H. S. Watson, accompanied by her daughter and son-in-law, Mr. and Mrs. Bill McCaughy, attended funeral services Sunday at Stamford, for Allan Watson, 53, who died Saturday. He was a nephew of the late H. S. Watson of Matador.

Services were held at 4 p. m. Sunday at the First Methodist Church in Stamford.

Priddy Speaks On Soil Conservation

James Priddy of the Upper Pease Soil Conservation Unit

spoke to the Vocational Agriculture department of Matador High school, Thursday, Sept. 20.

Some of the points stressed by Mr. Priddy were: How our forefathers wasted land, and he also pointed out that thirteen out of every hundred people are engaged in some type of agriculture. The main point stressed was that erosion is a national problem. Soil conservation was established in 1935. It was organized in Motley and Cottle counties in 1947.

—M. H. S.—
BEGINNER COOK HAS MANY WOES
 (By La Nelle Rattan)
 The Home Economics girls believe the old saying, "The way to a man's heart is through his stomach." However, at present we started last Tuesday to achieve that skill that all girls dream of: To bake a perfect cake. Beginning in a BIG way, we all had fresh aprons, hairnets, our favorite recipes, experience, and "everything" it takes to be a good cook.

light, tender, golden-brown cake but to our surprise, it looked very much like it did when we put it in the oven. O yes, the reason—we forgot to light the oven.

They say you learn something new every day. I guess it is true because we discovered a "polka-dot" cake. A chocolate cake ran over on a white cake on the lower rack, making the prettiest little brown dots you have ever seen. Despite the "spots", it tasted very good.

Of course, even though there were some failures, I'll have to admit some of the cakes were very attractive and tasted delicious.

Some of us are rather discouraged with nothing to show for our effort but "dishpan hands" and flour in our hair, but we're looking to the future and a brighter day in our baking.

QUESTION OF THE WEEK

We have in the hall a lighted sign in which we find a different slogan or motto of great men each day. We wonder if anyone reads it.

What do you think about the slogans in the hall?

Jerry Edwards: It has some pretty good slogans in it, it might help straighten out some people's mind.

Patsy Dewbre: I think it's OK, but I don't have time to look at it.

Rita Wilkinson: It's O. K.

Frances Traveek: I usually read them, I think they're interesting.

Pat Reeves: They have a lot of good meaning and they make you stop and think if you read them.

Dewayn: Martin: It helps out a lot to make people think more clearly.

Earlene Carman: I guess it's O. K. It might help someone.

Billy Jack Spray: I think they're fine.

LaRoyce Mitchell: They have a good meaning.

Janey Sue Norman: They are very good.

We even put a cake into the oven and patiently waited for twenty-five minutes. Then we took a peek expecting to find a

WSCS Continues Course Of Study

The Woman's Society of Christian Service of the Methodist Church met in the sanctuary of the church Tuesday afternoon of last week for another chapter from the study book on Latin America being taught by Mrs. John Hamilton.

Mrs. Marvin Brotherton brought the devotional, Mrs. H. H. Schweitzer discussed a part from the chapter on Discovery and Colonization of South America and Mrs. Mike Hoyle gave a story from the book, "He Wears Orchids". Mrs. Frank Gillespie of Roaring Springs led in prayer.

Others present were: Mesdames S. D. Hunter, John Smith

L. E. Cooper and W. E. Brown of Roaring Springs; Mesdames Homer Sheats, R. P. Moore, G. E. Hamilton, Andy Hurst, Nelson McMahan, W. Y. Higgins, C. D. Pipkin, F. C. Bourland, A. J. Daffern, John Russell, F. M. Jenkins, W. L. McWilliams, J. R. Whitworth, Harry Willett, Sterling Price and Homer T. Jenkins of Matador.

Mrs. Watson Is HD Club Hostess

Mrs. H. S. Watson was hostess Thursday, Sept. 20, to the Matador Home Demonstration club, with Mrs. Wade Berryman as guest speaker from the Torador Club.

Mrs. Berryman gave a demonstration of basic sweet dough

from which she baked cinnamon rolls and pecan rolls which were served, with ice cream and cake at the conclusion of the program.

Those present were: Mesdames A. W. Ford, Vance Gilbreath, W. D. Lipscomb, Fred Simpson, Sterling Price, G. E. Hamilton, C. P. Waybourn and Bill McCaghren, and Miss Marie Rea, home demonstration agent.

Attend Wedding Of Granddaughter

Mr. and Mrs. P. H. McDorman of Roaring Springs, spent the week-end of Sept. 15-16 at Lubbock, in the home of their daughter and family, Elder and Mrs. V. J. Lowrance, and attended the wedding of their granddaughter, Miss Elva Lee Lowrance and Sgt. Sterling Wesley Freeman on Sunday.

The double ring ceremony uniting the couple was read at three o'clock in the home of the bride's parents. Elder Lowrance performed the ceremony and gave his daughter in marriage.

Sgt. Freeman is the son of Mrs. Gurtrude Freeman of Brownfield.

The bride wore a ballerina length gown of white satin fashioned with fitted bodice, and long pointed sleeves. The scalloped yoke was filled in with tulle bound with satin. Her veil of nylon was fingertip.

Miss Belya Lowrance was her sister's attendant. She wore a dress of pink taffeta fashioned similarly to that of the bride.

J. B. Jobe of Brownfield served as best man.

A reception followed the ceremony on the lawn at the home. The bridal table was centered with a two tiered cake and arrangements of flowers.

Following a wedding trip to New Mexico the couple will be at home in Cheyenne, Wyoming, where the bridegroom is stationed at Warren Air Force base.

The bride is a graduate of Tahoka High school and attended Texas Tech, where she was a member of Home Economics club. The bridegroom is a graduate of Brownfield High school.

Also attending the wedding were Mr. and Mrs. W. F. Woodin and daughter, Ada of Roaring Springs.

COME TO CHURCH SUNDAY

Spur City Lots Leased For Oil

W. C. Boles, Mt. Enterprise oil man who is leasing the minerals on city lots, reports that he has obtained the leases on approximately one-half of the city property and intends to start paying off on drafts in the near future.

Jack Rector, aiding Boles in the venture, states that a "good many" property owners have leased their minerals to Boles in the last week and the desired 51 percent of the city property should be reached soon.

Boles plans to drill a wildcat oil well less than a mile from Spur before November 1, 1951.

VISIT NEW GRANDSON

Mr. and Mrs. W. D. Lipscomb plan to spend the week-end at Snyder visiting their son and family, Mr. and Mrs. Wyatt Lipscomb, and their new son, Gary Wyatt, who was born Sept. 14 at a Sweetwater hospital. The Lipscombs visited the new arrival on Saturday following his birth.

ATTEND B.T.U. CONVENTION

Mr. and Mrs. Dick Groves and Mr. and Mrs. C. M. Barton, Jr., spent Friday in Amarillo, where they attended annual State Baptist Training Union convention. Mesdames Groves and Barton are leaders of the beginners Training Union department at the local Baptist Church. Also attending the convention was the pastor, Rev. Clifford Potts.

ORDINANCE NO. 41

AN ORDINANCE Entitled an Ordinance prohibiting the unloading of Gasoline and other Motor Fuels from Transport Trucks at retail establishments within the City Limits of the City of Matador, Texas, defining "Transport Truck", and providing a penalty.

BE IT ORDERED BY THE CITY OF MATADOR, TEXAS, that hereafter it shall be unlawful for any person, firm or corporation to unload or cause to be unloaded from any Transport Truck any Gasoline or any other Motor Fuel at any retail establishment within the City Limits of the City of Matador, Texas.

For the purpose of this Ordinance, a "Transport Truck" is a motor vehicle used to transport Gasoline or other Motor Fuel with which it is then loaded from a refinery or from any place that is more than Fifty (50) miles from the City Limits of the City of Matador, Texas.

Any person, firm or Corporation who violates this Ordinance shall be punished by fine in any sum not exceeding One Hundred and No/100 (\$100.00) Dollars.

This Ordinance shall be effective from and after its passage and publication as required

by law. The above and foregoing Ordinance was adopted and passed by the City Council of the City of Matador, Texas, at its regular meeting at its regular meeting place in the City Hall in the

City of Matador, Texas, on the 4th day of September, 1951, all members of said Council being present and voting for said Ordinance. We hereby certify that the above and foregoing is a true copy of the Ordinance passed above set out.

Douglas Meadows Mayor, City of Matador, Texas

RODENT CONTROL PROGRAM STRESSED

Because of the economic losses caused by industry and commerce and the annoyance they cause in homes, rats have been considered a serious menace to mankind since long before their discovery as vectors of disease was understood. Today at least six diseases which are transmitted from the rat are known to medical science, according to Dr. Geo. W. Cox, State Health Officer. These diseases include typhoid, typhus, trichinosis, a form of jaundice, tapeworm, and food poisoning. The history of the role rats play in the transmission of disease remains as yet unknown.

It is necessary to public health," Dr. Cox said, "that a continuous rat control program be maintained in every urban and rural area throughout Texas. This is of especial importance on farms where rats may flourish by feeding on grain and other farm products.

The doctor pointed out that rats, like other living things, require food and shelter if they are to propagate and increase in number. Destroying their shelter and breeding places includes the employing of ratproof design in buildings, the use of ratproof materials in construction, employing ratproof methods of construction and installation, and providing for periodic inspection of buildings to insure permanent safety. This program will force the rat out into the open where its destruction may be accomplished.

Of equal importance as a control measure is the elimination of all food supplies. This consists of storing all foods in ratproof buildings or in ratproof containers, the proper storage and disposal of garbage, and careful feeding of stock to prevent waste feed from being picked up by the rats.

By observing these control measures, the community will benefit not only in the eradication of a nuisance and economic menace but in improved health conditions and the prevention of rat-borne diseases.

RETURNS TO NEW YORK
William Sheats, AO2, of the U. S. Navy, left Tuesday of last week to return to New York after a 30-day leave with his wife and children here.

Greeks Had A Word For "Diet", Meant A Basis Of Living
Prepared by the Texas Medical Association

The Greeks had a word for "diet", a word that meant a way of living. Today diet is too often taken to mean only a reducing diet, a curtailed intake of food. Food, any routine of food intake, should be a way of living. Planning your food intake along the basis of the seven essential groups of food would be considered a diet. That is THE diet, the way of living. If you follow the medically acceptable way of reducing, your diet will consist of restrictions placed upon the eating of some of those seven basic foods but will still include all of them.

That is the program behind the 1500-calorie diet, which is interpreted in dollars and cents as a \$1.50 calorie budget.

That budget has been broken down thusly:

Milk and milk products, 33 cents; bread, 20 cents; butter, 17 cents; meats, 47 cents; potato, 10 cents; vegetables, 5 cents; and fruits, 18 cents.

Since most of you eat your food at three meals a day, you may want to see how the diet is broken down into those three meals. It would look like this:

Breakfast—fruit or juice, bacon and egg, buttered toast, and coffee or milk.

Lunch or supper—soup, salad, meat bread and butter, dessert, and coffee, tea or milk.

Dinner—meat and potato, vegetable, salad or dessert, bread and butter, and coffee, tea or milk.

THE MAVERICKS at Palo Duro Canyon on Labor Day are shown above shortly after they had completed a program on famous Mecca Mesa. The youthful trio, children of Mr. and Mrs. Maurice Goodwin of Afton, are accompanied by their mother. Reading from left to right, Mrs. Goodwin, Martha, 8, Billy, 10, and Jane Ann, 6. Following the program at Palo Duro Canyon, the group sang for tape recording at studios of Amarillo Station KLYN, with their voices broadcast Monday afternoon, September 2.—Photo by Douglas Meador, Engraving courtesy Amarillo Times.

furter or cold cut or any of the "10-cent" meals. Some "3 cent" vegetables or a combination of vegetables in a 3-cent salad. That makes 13 cents, leaving you 7 cents of that 20-cent meal for fruit or dessert. If that doesn't sound like enough food, you are permitted any clear soup or broth, consomme or bouillon at any meal at no cost of your calories. Neither coffee nor tea cost anything, of course, though milk or cream in either one would come off your milk allowance, and you are urged to use saccharin to sweeten instead of sugar. Every once in a while you might want to save up your milk points for the day for this meal and splurge 21 cents on a half-cup of plain ice cream; those 7 fruit cents would look awfully good sitting on top of that dish of ice cream.

Dinner—meat (20 cents), potato (10 cents), vegetable (2 cents), fruit as salad or dessert (8 cents). Meat includes meats, fish, poultry and eggs, of course, and you can work practically any meat in to that 20-cent allotment though the size of that piece of meat will vary. Instead of potatoes, you may help your-

self to the potato substitutes such as noodles, macaroni, rice, spaghetti, corn or shelled beans. That meal would be a good place for one of the leafy vegetables or a lettuce bed for your fruit salad.

You can have plenty of good food on such a diet as this. You can achieve a new awareness of the real value of food to replace that gay but haphazard approach to mealtime in years past. And dieting can be healthful and fun; if it isn't, don't pursue such a diet at the expense of your sense of wellbeing and pleasant disposition.

DO YOU Have Enough INSURANCE?

COMPLETE SERVICE ON
AUTOMOBILE FIRE

C. W. Giesecke AGENCY

We take great pleasure in announcing that we have one of the outstanding pictures of the year, based on the Bible, coming to our Theatre.

SAMSON & DELILAH

—starring—
HEDY LAMARR and VICTOR MATURE
SEPTEMBER 29, 30th, and OCTOBER 1st.

Saturday night Preview, Sunday and Monday. Also for this picture we will have a special Matinee Monday afternoon starting at 2:00 p. m.

Spring Theatre
Roaring Springs, Texas

Easy does it!

No other car provides all this:

- ★ DYNAFLOW DRIVE*—saves strain on driver and car
- ★ FIREBALL ENGINE—high-compression, valve-in-head—gets more miles from every tank of fuel
- ★ PUSH-BAR FOREFRONT—combines smart style and unsurpassed protection
- ★ WHITE-GLOW INSTRUMENTS—greater clarity at night
- ★ TORQUE-TUBE DRIVE—steadies ride, improves driving control
- ★ 4-WHEEL COIL SPRINGING—cushions ride, saves servicing costs
- ★ DUAL VENTILATION—outside air led separately to right or left of front compartment
- ★ SELF-ENERGIZING BRAKES—hydraulic—multiply pedal-pressure five times at brake drum
- ★ DREAMLINE STYLING—tapered, car-length leaders, gleaming sweepers on most models
- ★ Plus: Self-locking luggage lid, StepOn parking brake, two-way ignition lock, Safety-Ride rims, Hi-Powered engine mounting, Body by Fisher

When better automobiles are built BUICK will build them.

It is ALWAYS Time To Discuss **FUNERAL SERVICE**

In order to avoid confusion . . . misunderstanding of a dear one's wishes . . . and most certainly, unnecessary expense, the matter of funeral service should be thought about, discussed and thoroughly understood beforehand. Finding out about the types and costs of funeral service is being done every day by other practical people who confer with us. It is a matter you will wish to consider just as you consider your will and your life insurance.

YOU'RE going to be surprised about lots of things the first time you and this Buick get out on the road. Take the easy way it responds to your every wish—steps away from a stop light—soars up a hill—lets loose a surge of power at the touch of your toe on the treadle—or gentles to a stop at the touch of the brakes. Take the way it rides the road—with an easy stride, sure-footed on turns, level as a lance on straightaways. Take the way it steers—so light and true that it seems to guide itself.

Take its ease of control. More than a million owners now know the wondrous freedom from tension and strain that goes with Dynaflo Drive.* It's easy to see where this eager beauty gets its standout performance, when you glance at the list of all-star engineering features shown above.

But how about price? Can you afford it? "Easy does it" is the answer to that one too. Fact is—if you can afford a new car, you can afford a Buick. Better come in to see us soon.

Equipment, accessories, trim and models are subject to change without notice. *Standard on Buick Wildcat, optional on other Buick models.

**SEVEN '51 GRADS
NOW IN COLLEGE**

Most of them aren't around any more, the '51 Seniors, that is. Maybe you have been wondering what they are doing now that they are out in the big, wide, wonderful world. Seven of the eleven are enrolled in college.

Well, first, Roy Taylor and Tresa McDonough are going to Texas Tech at Lubbock. Roy told me last week he's going to major in Journalism, that really sounds fine to me. Letress is staying at home and taking it easy. Peck Thompson, the cowboy of the class, is still pursuing his roping career, farming on the side. Betty Eaton, the lucky girl, married this summer and has now settled down in the role of a housewife. Jody Graham and R. L. Holt have gone strictly

military at Texas A&M. You recall, R. L. won a scholarship for his outstanding intellect and citizenship. Dean Stotts is attending Tarleton Junior College at Stephenville. Jerry Warren went to summer school at West Texas State College and was joined in September by his former classmate, Cecil Carman. Grady Phillips is still waiting for Uncle Sam's greetings, meanwhile Watson is finishing up some courses so he can start to Tarleton the second semester.

Well, that's where they all are, and we're very proud to have graduated the Seniors of '51.

**Meador-Bryant
Marriage Vows
Are Exchanged**

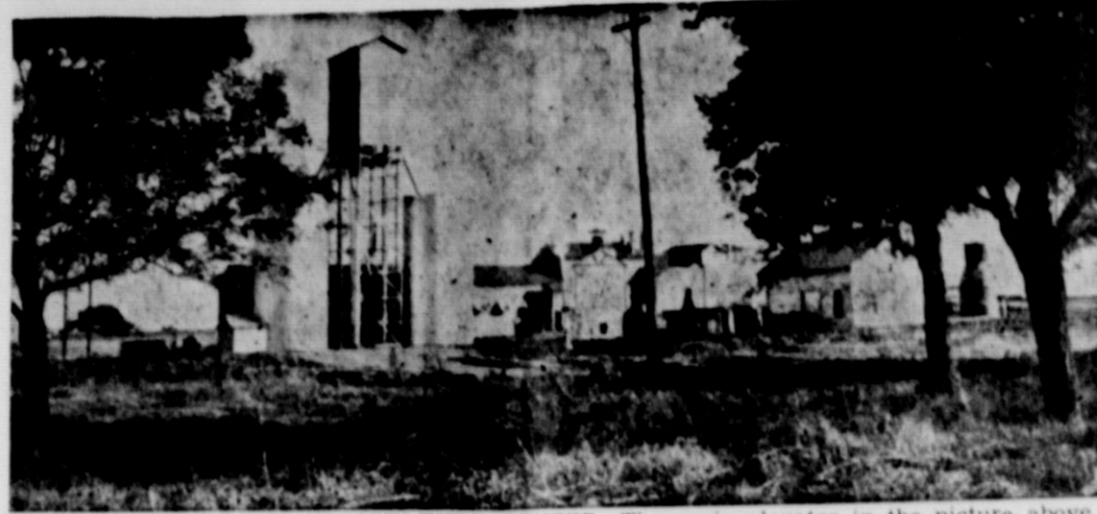

FRANKLIN'S
Vaccines and Supplies
for Cattle, Sheep,
Hogs and Poultry
STANLEY PHARMACY

Marriage vows were exchanged Saturday night, Sept. 15, at Clovis, New Mexico, by Miss Mildred Meador, daughter of Joe E. Meador of Matador, and M/Sgt. Jimmie Bryant of Lubbock. The ceremony was performed by a retired Methodist Minister of Clovis, in his home.

For her marriage the bride wore a wine wool suit with black velvet accessories.

After a short visit in Lubbock with the bride's sisters, Mrs. G. N. Wilson and Mrs. C. E. Woolery, and the groom's grandpar-

ROARING SPRINGS IS AGRICULTURE CENTER—The grain elevator in the picture above at left is the only one in Motley county, while the gin in the background proves the town is a primary agricultural market. Ginners expect to process about 5,000 bales of cotton this year. —Photo and Engraving Courtesy Lubbock Avalanche

ents, Mr. and Mrs. J. T. Jones, by whom he was reared, the couple left for San Antonio, where they are making their home and where Sergeant Bryant is stationed at Kelly Field.

Mrs. Bryant has lived here most of her life and at the time of her marriage, was employed at Traweek Hospital. The groom has just returned from duty in Korea. He has been serving in the U. S. Army the past ten years.

Pied 'Pinoons
BY MRS. J. M.

Noting in last week's Lubbock Avalanche that Sarah Springer had pledged Ko Shari at Texas Tech, we were reminded of how stunning the young lady looked the previous Sunday at Church. She wore a black faille suit-dress and a black velvet picture hat that framed her auburn curls in a most becoming manner.

The same Sunday, Grace (Mrs. Harold) Campbell was looking very smart in a black and purple ensemble. She wore a deep purple blouse with a black velvet weskit and skirt, and a small black velvet hat. It was her purple suede pumps however, that really excited us.

We remember so well when

Amos and Bobby Jones used to play Indians and Cowboys in their back yard here when their mother was County Clerk. Bobby's untimely death Saturday at their home in San Antonio, came as a deep shock to the many friends of the family here.

When we first straggled into the majestic state of Texas, some twenty-odd years ago, about the first couple we met were Mr. and Mrs. Tom Moore of Northfield. They were proud parents of a new son (about a month old at that time). During our acquaintance we acquired a snapshot of young Tommie at the age of about 10 months, which we still have in our possession.

Tommie now has two youngsters of his own, and we marvel at the swift passage of time, that could have made of us too, a grandparent!

Tommie has a sister just younger than himself, and it is Virginia that we started out to mention. Quiet, comely and efficient, Virginia recently was advanced to the position of Teller at the bank here. While we know she deserves the recognition, we feel that congratulations are also in order. So we are boasting of knowing her folks when, incidentally the young lady in private live is known as Mrs. Calvin Nimmo.

Mr. M. avers it is as easy to clean the stove top as it is to

wash the little stove-savers so popular at this time.

He also observed recently that it is "as annoying to have someone rustling papers while reading in bed when the party of the second part is trying to doze, as it is to find cracker crumbs in said bed."

We have some new baby pictures to stop people on the street and show them to; these are of our youngest and littlest niece, Susan, our brother's daughter. And is she the little show-off!

Mr. and Mrs. Ober Johnson and sons visited his mother at Haskell, during the week-end.

**Mrs. Willie Speaks
At Marfa Meeting**

Mrs. U. L. Willie left Monday to drive to Marfa, where she spoke Tuesday afternoon at a formal tea, hostesses for the affair being the Federated Women's Clubs of the surrounding districts.

Mrs. Willie spoke on "Human Relations", drawing on her experiences on a three months trip this summer through Europe and the Middle East.

She was the house guest of Mr. and Mrs. Rudolph Mellard at their ranch home near Marfa. Returning to Lubbock Wednesday evening, she was the guest of Mr. and Mrs. A. T. Coanougher and remained over Thursday to attend the Seventh District fall board meeting of Texas Federation of Women's Clubs.

Mrs. Willie is chairman of Resolutions for the district and Treasurer of the State organization.

MOTLEY COUNTY TOWN IS GROWING—There have been many new business buildings added to Roaring Springs during recent years, as anyone who knew the town three or four years ago will know from the picture above. Now a town of about 500 population, Roaring Springs is determined that its growth this time will hold firm instead of declining as in times gone by.

Two County Boys Win Places In Lubbock Pig Show

Two Motley county 4-H Club boys, Charles Long and Bert Green, both of Roaring Springs, won places in the South Plains District 4-H club Sears pig show held in Lubbock, September 15. Long won 3rd place prize of \$35 in the gilt division. Green won 5th place prize of \$30 in the boar division.

Hogs exhibited were those previously won by the 4-H club youths in the Sears, Roebuck foundation program. The hogs were judged by Stanley Anderson of the animal husbandry department of Texas Tech. All gilts exhibited were Poland Chinas. The winners must use the prize money to purchase hog equipment. Boys from 18 counties took part in the show, competition among top animals was keener this year than ever before, it was declared.

Complete list of winners includes: 1st, Charles Long, \$8;

2nd, Wayne Boling, \$7; 3rd, Charles Keith, \$6; 4th, Charley Long, \$5; 5th, Bob Stafford, \$4; 6th, Roger Scaff and 7th Alvin Lynn. No prizes were offered in the last two places in the Poland China gilt show.

Area Students Are Enrolled At McMurry

Two students from this area are among the more than 500 students who have enrolled at McMurry College, Abilene for the fall term according to Jerome Vannoy, registrar.

They are, Alford Norris of Afton and Claude M. Morrison of Matador and Roaring Springs.

This is the first regular session that graduate courses leading to the professional degree, Master of Education, have been offered at McMurry.

CARD OF THANKS

I wish to take this means of expressing my appreciation for the cards, letters and flowers sent me while I was hospitalized and for visits of friends since my return home. Your thoughtfulness will long be remembered. Mrs. Henry Thompson.

Bishop Martin ...

(continued from page one)

Mr. Quimby stated as he related recent experiences as told to him by T. K. Sansom, Chief Agriculturist of the Agriculture Department of Southern Rhodesia, South Africa, who was a recent visitor in Chillicothe while touring this country on a farm survey trip. (Mr. Sansom was a brief visitor in Matador during the bus trip intermission enroute to Chillicothe, and was interviewed by Editor Douglas Meador). It is not easy to educate the natives of South Africa to our way of life, he told Mr. Quimby. They learn quickly but do not accept what they learn, because they look on civilization differently from us.

Rev. Alby J. Cockrell of Petersburg, Texas, Chairman of the conference, presided at the meeting, and Oliver Bush of McMurry College, Abilene, led the singing.

The concluding conference Tuesday morning was devoted to Commission Planning meeting and report from the secretary of Town and Country Work.

Lunch was served the group in the church basement.

Two Students From Colombia Enrolled At Wayland College

Two students from San Andres Island, Colombia, are enrolled at Wayland college, Plainview. Bonnell Williams, 28, signed up for classes last week during regular registration, and George May, 24, enrolled last Monday. They are preparing for service as Christian educators after finishing school. They intend to return to San Andres and teach in a Baptist school there and they may later become instructors in a government school.

The pair was recommended by C. W. McCullough, Southern Baptist foreign mission representative on San Andres. Last year, the two Colombian nationals attended the American Baptist Theological seminary at Nashville, Tenn. They are enrolled as freshmen at Wayland. Their admittance at Wayland is in accord with a broad international good will program inaugurated by Dr. J. W. Marshall, president.

LUBBOCK VISITORS

Mr. and Mrs. U. L. Wille and daughter, Clotell, were guests Saturday of Mr. and Mrs. A. T. Cocanougher of Lubbock. In the evening they attended Texas Tech's opening football game of the season, between the Red Raiders and West Texas State College, Canyon.

Pilotless Plane Named "Matador"

Newspapers and magazines throughout the nation last week carried pictures and articles regarding the "B-61 Matador", a pilotless weapon on which the Glenn L. Martin Co. had been working for six years.

A squadron of B-61 Matadors will be established at Cocoa, Florida, October 1. Newsweek magazine says the weapon is half plane-half bomb, which can seek out and destroy its target with no one aboard to guide it. Pictures showed a needle nose, plump fuselage, with a single jet engine in the tail, short stubby wings with a 30-degree sweepback, a radar dome on the underbelly and a radio receiving antenna stretching from nose to wingtips. Newsweek says the plane is wheelless obviously rocket-launched; warhead presumably atomic.

Question in Matador has been: was the new pilotless "fantastic weapon" named for the town of Matador, the former Matador ranch or the bull fight character? If it was named for the ranch someone should tell Uncle Sam, the name has been changed to Rodatom.

ATTEND LUBBOCK GAME

Among local residents who attended the football game at Lubbock Saturday between Texas Tech and West Texas State, Canyon, were Mr. and Mrs. Ward Rattan, who were accompanied by Howard Traweck and Melba Kimbell. Garland Rattan, WTS sophomore, played in the game. Messrs Rattan and Traweck also attended last week's game at Amarillo in which Garland played. The game was between Trinity U. and W. T. S.

IN STANLEY CLINIC

Mrs. Harry Campbell has been a patient in Stanley Clinic the past week, following a heart attack last Tuesday. Her condition is described as much improved.

Mrs. Edith Sanders and son, Thomas, of Lubbock spent Sunday here with the former's mother and brother, Mrs. Harrison Williams and Walker Williams.

VISITORS HERE

Mr. and Mrs. Frank Webb and children of Floydada, visited here Sunday with her mother, Mrs. Henry Thompson, who is recuperating from recent surgery. Visiting Mrs. Thompson Monday were two sisters, Mrs. Jack Steen and Mrs. Melvin Boggs of Crosbyton.

TO MEMPHIS

Mr. and Mrs. Bill McCaghren and daughter, Sue, accompanied by Mrs. McCaghren's mother, Mrs. H. S. Watson, attended a football game Friday night at Memphis, between Memphis and Canadian High schools. Also attending the game were Mr. and Mrs. D. L. Dameron and children. Canadian coaches are B. Henry and Mose Dameron, and the latter is a son-in-law of Mrs. Watson, and brother of D. L. Dameron.

From where I sit ... by Joe Marshall

Skip Makes a Slip

Miss Gilbert, the teacher, was telling me how Skip Lawson almost went to sleep in her physics class.

She noticed him nodding and—since they were discussing electricity—said in a loud voice: "Now maybe MR. LAWSON will explain what electricity is." Skip started up, looked around wildly, and blurted out, "Gee! I used to know, but I forgot."

"What a loss to science!" sighs Miss Gilbert. "No one to this day knows what electricity really is, and here we have a genius who could explain it—but forgot!"

From where I sit, I hope this taught Skip that you're better off if you admit you don't know all answers. Some grownups haven't learned that yet—like the ones who are always telling other people what's best and what's right and what's wrong. I like a temperate glass of beer, myself, but if you prefer buttermilk I won't argue. I've seen too many "know-it-alls" turn out to be wrong!

Joe Marshall
