A young mother, Mrs. J. E. Jameson, Jr. and her small daughter, Doris, 7, narrowly escaped death shortly before sundown Saturday when their automobile left the Russellville road and rolled over five times into a field on Mrs. Lizzie Archer's farm.

### DRY GOODS FIRM SOLD

One of the largest business deals in Matador's recent history was consummated yesterday afternoon when County Judge C. W. Giesecke, Jr. sold the Western Dry Goods Company to George Gabriel of Spur.

### DRY GOODS FIRM SOLD

The transaction included the building and the entire stock of merchandise. The amount of the deal was not disclosed.

### DRY GOODS FIRM SOLD

Judge Giesecke said Mr. Gabriel had told him the name of the firm would probably be changed to Gabriel's Department Store and that the present personnel would be retained, except the management.

### DRY GOODS FIRM SOLD

Mr. Gabriel is well-known in Matador having operated for many years a dry goods store in Roaring Springs before moving to Spur.

### DRY GOODS FIRM SOLD

### Meeting Is Called For Memorial Fund

A mass meeting Thursday evening, June 22, at the American Legion hall will attempt to make definite disposition of more than \$16,000 collected in this county five years ago "to construct a memorial building for returned servicemen."

### Meeting Is Called For Memorial Fund

The meeting has been called by Howard Traweck, chairman of the building committee, who said yesterday that an attempt will be made to dispose of the money to the satisfaction of contributors, and members of both veterans' organizations.

### Meeting Is Called For Memorial Fund

Everyone interested in the dormant fund is urged to attend in order that a satisfactory arrangement may be reached. Since each of the veteran organizations now have their own buildings, a trend of opinion has been started to divide the money evenly, thus allowing each group of servicemen to use it as they feel would best advantage their needs.

### Meeting Is Called For Memorial Fund

Calling of the meeting has no motive except to reach a satisfactory disposal of the funds which are at present in saving bonds. The meeting will start at 8:15 p. m. Every veteran in Motley county is invited to attend.

### Meeting Is Called For Memorial Fund

Methodist VBS is in progress. A two-weeks Vacation Bible School started Monday at the Methodist church and will continue through Friday, June 23. Attendance the first two days of the school had reached 58, according to Mrs. H. H. Schweitzer, general school superintendent.

### Meeting Is Called For Memorial Fund

Four departments are being conducted, as follows: Kindergarten, Mrs. W. F. Jacobs, leading teacher, assisted by Misses Patti Pipkin, Rosemary Bloodworth, and Dorothy Traweck. Their course of study is "Stories About Jesus."

### Meeting Is Called For Memorial Fund

Mrs. Nelson McMahan is leading teacher for the Primary group, assisted by Mesdames Homer Jenkins, Fred Simpson and Jinks Wilson, in a course of study on "Jesus The Friend."

### Meeting Is Called For Memorial Fund

The Junior group is led by Mrs. G. E. Hamilton for a course on "We Would Follow Jesus", with Mesdames Frank Pohl, John Hamilton, Charlie Spencer, Emmett Jenkins and Jack Green as assistant teachers.

### Meeting Is Called For Memorial Fund

Intermediates have Mrs. M. G. Brotherton for leading teacher in a course, "God's World and Ours", with Mrs. Billy Pipkin, Mrs. A. J. Daffern and Rev. Brotherton as assistants.

### Meeting Is Called For Memorial Fund

The school is in progress from 4 until 6 o'clock each afternoon, and all children of the community are invited and welcome.

### Meeting Is Called For Memorial Fund

Vernon Latimer in Race For Office Of Commissioner

### Meeting Is Called For Memorial Fund

The Tribune is authorized to announce the name of Vernon Latimer as candidate for the office of Motley county commissioner, precinct one, subject to the action of the Democratic Primary, July 22, 1950.

### Meeting Is Called For Memorial Fund

Mr. Latimer has been a resident of Matador for many years and is well known throughout the precinct. Regarding his announcement, he declared, "I feel that I am fully qualified for the office which I seek, and in event of my election, I promise the people of my precinct that I will be fair and impartial in the execution of my duties."

### Meeting Is Called For Memorial Fund

"I will at all times strive to serve the people of my precinct to the best of my abilities. I respectfully solicit the vote and influence of everyone and offer my appreciation in advance for any favors extended me in my campaign."

### Meeting Is Called For Memorial Fund

IS PATIENT HERE

### Meeting Is Called For Memorial Fund

Mrs. C. J. Stanley of Garwood, Texas, mother of Dr. J. S. Stanley, and R. M. Stanley, was accompanied here Friday by her son-in-law, Carl Israel, and is now a patient in Stanley Clinic. She recently suffered a stroke.

### Meeting Is Called For Memorial Fund

Mrs. C. P. Waybourn and her sister, Mrs. J. L. Holden of Childress made a trip to Lubbock last Wednesday.

### CITY LOSES 51, COUNTY 1,046 IN PAST TEN YEARS

FINEST PEOPLE in the world live in Motley county but 1,046 fewer of them were registered during the 17th decennial census than in 1940. Uncle Sam was able to count 4,994 residents in 1940, while the recent census totaled only 3,948.

County seat of Matador which has built a score of new homes, almost doubled in water meters and annexed many homes, lost 51 residents in the government count. Count in 1940 was 1,376. The new population figure is 1,325.

Roaring Springs lost 81 residents. Official census count for 1950 is 433. The 1940 census showed 514.

Release of the Motley county census was made by Walter S. Shaller, Amarillo district supervisor. It will be made public to the news services today.

Reflected In Schools

Motley county's loss of population has been reflected for several years in scholastics registered in public schools. Mechanical farming which has reduced the need for farm labor has been a factor in the lowered population.

Many small towns in West Texas have been surprised at loss in populations. Earlier estimates were that Matador would show between 1,800 and 2,000 residents.

Loss of population has in no way affected the county's progress. Business, bank deposits and general prosperity are at the highest levels in the county's history.

### Age Limit Is Set For Pool

Problem of making it possible for small children to enjoy the city park wading pool, is faced by the Matador Lions and the Garden Club, co-sponsors.

During the first few days of operation vandalism developed to the extent of breaking the lock of a valve and flooding the pool with untreated water.

Since the pool is a wading pool and not intended for swimming an age-limit of ten years is announced so that smaller children may have full privileges.

The city of Matador is making an effort to supply clean, chemically-treated water through the efforts of city water Superintendent Herman Stanfield and with advice from the State Health Department.

The pool is free for the enjoyment of small children and the cooperation of all citizens is solicited in keeping it free of contamination. Parents are warned not to leave small children at the pool unless adults are present.

### COMMENCEMENT FOR BAPTIST VBS WILL BE HELD FRIDAY

Two weeks vacation Bible school will come to a close at the Baptist church with commencement exercises Friday (tomorrow) night, according to an announcement made Sunday by the pastor, Rev. Clifford Potts.

The program will begin at 8 o'clock, and at the conclusion, handwork of the children will be on display in the basement.

Unusual interest has been manifest in the Bible school, with an average daily attendance of 94 out of an enrollment of 124.

Everyone is invited to attend the commencement services.

HERE FOR VISIT

Mrs. Ernest C. Shearer and son David of Houston, are here for a visit with her parents, Mr. and Mrs. Harry Campbell, while Dr. Shearer continues teaching through the first six-weeks summer term at the University of Houston, where he is a faculty member. The latter part of the summer will be spent by the Shearers in Mexico City, where Dr. Shearer will teach the second summer term at one of the universities.

HERE FROM FT. BLISS

S/Sgt. Melvin (Wild horse) Warren of Fort Bliss, with his wife, visited friends here last Thursday, going from here to Crosbyton where they visited Mrs. Warren's relatives and attended the Crosbyton rodeo.

**We Are Bragging . . .**

About 25 years ago we began operation of the Matador Hardware & Furniture Company. Throughout the years we have prospered sufficiently to expand and today our store is larger and more modern than ever before. During these years we have seen others come and go, but fortunately we are still in business.

Here is a point of our brag: Our only thought is that you, our customers, have made our growth and progress possible and we are proud that these years have been spent in a community and in a county of people like you.

Our policy has always been and will always continue to be, to sell only the best lines of merchandise and at prices in line with all "live and let live" competition. This we have done and your response has made it possible for us to continue in business and expand. We are proud of the privilege of serving you, the finest people in the world and we humbly extend to you all the credit for our continued growth and expansion.

BRAGGING AGAIN!!! It is natural that we should boast of the famous brands of merchandise which we sell. We are proud of the fact that throughout the years we have been associated with the largest manufacturers and distributors in the world. Their advice, policies and training should make our problems easier and on a whole make successful business in the years to come.

**A WORD ON PRICES:**

We will not knowingly be undersold by any legitimate competition on quality or nationally-advertised merchandise. Our buying prices are the same and we certainly can and will sell as cheaply as any competition.

**MATADOR HARDWARE & FURNITURE COMPANY**  
 L. C. Harp, Manager

**THE PENALTY OF LEADERSHIP**

In every field of human endeavor, he that is first must perpetually live in the white light of publicity.

Whether the leadership be vested in a man or a manufactured product, emulation and envy are ever at work.

In art, in literature, in music, in industry, the reward and the punishment are always the same.

The reward is widespread recognition; the punishment, fierce denial and detraction.

When a man's work becomes a standard for the whole world, it also becomes a target for the shafts of the envious few.

If his work be merely mediocre, he will be left severely alone—if he achieves a masterpiece, it will set a million tongues a-wagging.

Jealousy does not protrude its forked tongue at the artist who produces a common place painting.

Whatever you write, or paint, or play, or sing, or build, no one will strive to surpass or slander you, unless your work be stamped with the seal of genius.

Spiteful little voices in the domain of art were raised against our own Whistler as a mountebank, long after the world had acclaimed him its greatest artistic genius.

The little world continued to protest that Fulton could never build a steam-boat, while a big world flocked to the river banks to see his boat steam by.

Falling to equal or to excel, the follower will seek to depreciate and to destroy—but only confirms once more the superiority of that which he strives to supplant.

There is nothing new in this.

It is as old as the world and as old as human passion—envy, fear, greed, ambition, and the desire to surpass. And it all avails nothing. If the leader truly leads, he remains — The Leader.

Master-poet, master-painter, master-workman, each in his turn is assailed, and each holds his laurels through the ages.

That which is good or great makes itself known, no matter how loud the clamor of denial.

THAT WHICH DESERVES TO LIVE — LIVES.

—Cadillac Motor Car Company.

## Allan Shivers Asks "Term Of My Own" As Texas Governor

Gov. Allan Shivers, in formally announcing his candidacy for a first elective term as Governor said he has done his best to carry out a program for Texas in a manner acceptable to the people of Texas, adding:

"If I have succeeded, I will appreciate their votes for a term of my own."

Shivers, who assumed the Governorship last July, has not held a full-time governmental job before becoming Governor. He was elected to the State Senate in 1934 and twice re-elected. In 1946 he was elected Lieutenant Governor and re-elected to that

office in 1948. Born in Lufkin, he spent his boyhood in Tyler County and later moved with his family to Port Arthur.

During his public career Shivers has given particular attention to public welfare, rural roads and improved educational facilities. He was a co-author of Texas' original old-age assistance law and helped to write the tax bill which still meets the cost of old-age assistance. Under his leadership last February, the Legislature approved a far-reaching reform and improvement program for state hospitals.

"Between now and the July 22 election I will continue to make known my views on important public issues," Governor Shivers stated. "I will emphasize facts and record of accomplishment, instead of easy promises, and

will address myself to all the people of Texas rather than to any special group."

The Governor said he considers economy to be the State's top problem. "And that means economy of money, of our soil and of our water resources," he added.

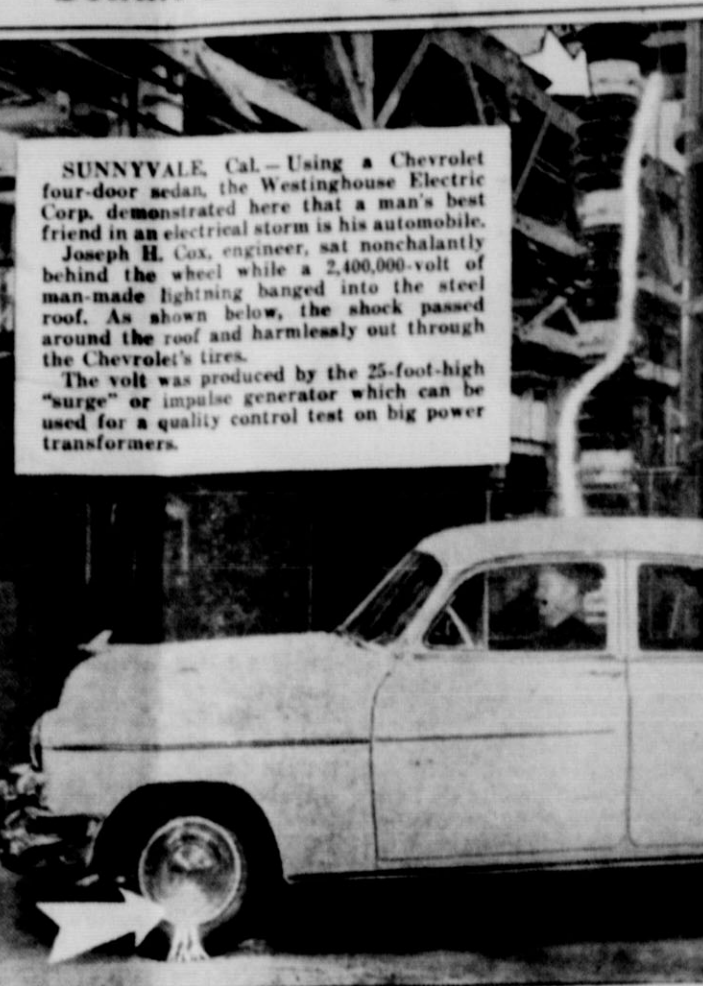

He expressed thanks to "the thousands of individual Texans who have already told me that they will support me in this election."

### Flomot News (By Bettye Tanner)

## Sedan Defies Lightning Bolt

SUNNYVALE, Cal.—Using a Chevrolet four-door sedan, the Westinghouse Electric Corp. demonstrated here that a man's best friend in an electrical storm is his automobile. Joseph H. Cox, engineer, sat nonchalantly behind the wheel while a 2,400,000-volt of man-made lightning banged into the steel roof. As shown below, the shock passed around the roof and harmlessly out through the Chevrolet's tires.

The volt was produced by the 25-foot-high "surge" or impulse generator which can be used for a quality control test on big power transformers.

Mr. and Mrs. Lem Brock and children of Plainview, were business visitors here Monday.

Miss Zilman D. Washington, of Portales, New Mexico, is visiting her parents, Mr. and Mrs. Dick Washington and with friends and other relatives.

Here for a two-weeks visit with their parents, Mr. and Mrs. Joe Speer, are Mr. and Mrs. Tom Shelton of St. Louis, Mo., Mrs. Alyce Palmer and children of Vancouver, Washington, and Mr. and Mrs. Wayne Hunter of Quitaque. Joining them for a week-end visit were Mr. and Mrs. Walter Speer of Lubbock and Johnny Speer of Wayland College, Plainview.

Gene Pope and Ava Nell Monk of Matador were visitors in the R. H. Tanner home Monday evening.

Calvin Monk of Matador, visited his parents, Mr. and Mrs. James Monk over the week-end.

Mr. and Mrs. R. H. Tanner, Mr. and Mrs. Leo Jackson and daughter, and Don and Rosella Monk visited at Olton, Tuesday with Mr. and Mrs. C. D. Tanner and daughters.

### Mary Bell Hall And Rex Tiffin Married

Of interest to friends in the Flomot community was the marriage of Miss Mary Bell Hall, daughter of Mr. and Mrs. Clarence Hall of Petersburg, and Rex Tiffin, son of Mr. and Mrs. V. D. Tiffin of Flomot, in a ceremony performed in the garden at the home of the bride's parents on Thursday, June 1.

Bro. Peter Venture, minister of Plainview, performed the double ring ceremony before an arch of rambler roses and greenery with baskets of pinks on each side.

Mrs. Bennie Case played the traditional wedding marches and accompanied Mrs. Venture in singing, "I Love You Truly." The bride wore a street length dress of aqua chiffon with white accessories and a corsage of white carnations.

An informal reception was held after the ceremony. Mrs. Dean Lindsey of Plainview presided at the punch bowl, after the cake was cut by the bride and groom.

Mrs. George Frye of Plainview served the wedding cake.

Out-of-town guests included relatives and friends from Flomot, Levelland, Lockney, Plainview and Benjamin.

The young couple will be at home on a farm near Flomot.

Ralph Stapleton was a business visitor in Lockney, Saturday.

Mr. and Mrs. Tom Bynum were visitors in Floydada Saturday.

Ben and Riley Turner of Morton visited their mother, Mrs. Tom Turner during the week-end.

Mr. and Mrs. Clyde Ammonett and children visited her parents Mr. and Mrs. R. W. Amick during the week-end.

Rev. and Mrs. Aaron Mitchell and daughter of Vernon, visited Mr. and Mrs. Archie Mitchell during the week-end.

M. C. Jones has returned home from John Tarleton College, Stephenville, for the summer.

### TO SAN ANTONIO

Miss Sarah Frances Springer is visiting in San Antonio this week in the home of her aunt and family, Mr. and Mrs. T. J. Harris, to be with their daughter, Linda, when Mrs. Harris undergoes surgery Monday. Mr. and Mrs. E. F. Springer plan to drive to San Antonio Friday and Mrs. Springer will remain with her sister and also visit another sister, Mrs. Mary Martin, who lives there.

## Miss Glenn, YWCA Executive, Plans Long Vacation Abroad

AMARILLO—After 28 years YWCA experience in eight states, Miss Sue Glenn, executive director of the Amarillo Women's Christian Union, is retiring on August 1 and will spend a year traveling in Europe and then on to Europe. She will then establish a home abroad.

Miss Glenn was reared in this country before going to New York to receive her training. "I decided then other parts of the country," she said. "But I know I got ready to retire I come back to West Texas to establish my home abroad." Miss Glenn said, "I want to travel to I've never been and do that I've always wanted."

tennis, swimming, dramatics, archery, volleyball and a book review hour.

Gym classes provide exercise for married women. Other informal courses offered include ceramics, personality improvement and bridge. The program varies with the need of the members.

Miss Glenn began her YWCA career as teen-age program director for the group in Hastings, Neb. After two years with that group, she moved to the Wichita, Kan. YW, where she was assistant director of 1400 girls. She then became branch executive of the Minneapolis, Minn., YWCA, which employed 30 professional persons on the staff and five teen-age directors.

She then became executive director in five other towns before coming to Amarillo. The towns were Greensboro, N.C., Colorado Springs, Colo., Fresno, Calif., San Antonio and Hot Springs, Ark.

"It has been a wonderful two years in Amarillo," Miss Glenn said. "And I hate to leave. But it is nice to know that plans are in the making for a new, modern building to house the Amarillo YWCA."

Miss Glenn chose Lubbock to establish her home so that she will be closer to her sisters, Miss

Amy Glenn and Mrs. J. L. Woodruff, and her brother, C. M. Glenn, all of Matador—Amarillo Sunday News-Globe.

### Cleaning Solvents Require Special Caution In Use

There's a lot of punch corked up in that little bottle of cleaning solvent out on the back porch. State Health Officer Geo. W. Cox called them "hazardous, when special precautions are not used."

It means that solvent vapors are heavier than air, which, means, according to Dr. Cox, that they will collect at floor levels. The danger of using solvent for such household chores as taking spots off the linoleum, or cleaning dirt or grease off the back steps, is that you have to get on your knees to do the job.

And when you're on your knees, you're closer to the accumulation of solvent vapor.

The state health officer proved his whole point with this story: A man attempted to remove

the grease from the underside of his car by spraying it with a spray gun he had brought home from his construction job. He was found dead under the car, suffocated by the vapor of the cleaning agent.

Proper use of cleaning solvent, says the doctor, calls for opening all the doors and windows when cleaning floors, the underside of household furniture, or clothing. The idea is to get as much ventilation as possible. A fan blowing on the working area is helpful.

When doing a job of this sort, work for a short time—avoiding inhaling the vapors as much as possible—and then get into the fresh air for a minute or two.

The first symptoms of vapor poisoning are nausea, dizziness, headache and fatigue. When you notice them, get outside as soon as possible, the health official advises.

**TO BROWNWOOD**  
Miss Rachel Patton and her sister, Mrs. Alvin Stearns made a trip to Brownwood last week to accompany their niece, Cora Ann Craven, home. On their return they were accompanied by their other nieces, Rachel Alene, Francine and Pattie Craven, who are visiting here this week.

**GO TO CHURCH SUNDAY**

### Hamilton Pupils In Summer Recital

Music pupils of Mrs. G. E. Hamilton will be presented in a summer recital, Tuesday evening, June 20, at the Hamilton home at 8:00 o'clock.

The well-arranged program will include orchestra selections, duo piano numbers, violin, xylo-rimba, bells, organ, and accordion numbers, several vocal selections, and a dance number.

Pupils participating will include Joanne Darsey, Bette Montgomery, Betty Ruth Smalley, Gail and Glenda McWilliams, Frank Traweck, Richard, Harry and Mary Jane Hamilton, La Nelle Rattan, John Lesly Meason, Peggy Welling, Charlotte Campbell, Jon Johnson, Judy Hobbs, Gerald Pipkin, Sandra Stevens, Mike Groves, James Calvin Smalley, Neal Pipkin, Lucretia Edwards, of Matador and Carol Sue and Linda Jane Denny, pupils of Mrs. Roy Coffey of Childress. Also on the program are Varner McWilliams and James Ed Russell.

The public is extended a cordial invitation to attend.

### Claude Morrison In Workshop Broadcasts

McMurry College's education workshop is taking to the air again this week.

Scheduled at 4:30 p.m. Friday over radio station KRBC is a program entitled "Vacation for All." Another presentation, "Life Is What You Make It," is slated Saturday at 5 o'clock over KWKC.

Director of the three-week workshop for teachers and prospective teachers is Dr. Andrew W. Hunt, head of the McMurry education and psychology department. Dr. Hunt is assisted by his wife in direction of the radio programs.

Among the cast members is Claude Morrison of Roaring Springs.

### Raymond Giesecke Off To ROTC Camp

Raymond C. Giesecke, son of Judge and Mrs. C. W. Giesecke, will attend ROTC Summer camp at Fort Eustis, Virginia from June 18 to July 30. The announcement came this week from the school of Military Science at A. & M. College Station, where R. C. is majoring in Agricultural Engineering.

His Cadet rank is that of Technical Sergeant, and he is secretary of the Southwest Section of the American Society of Agricultural Engineering.

### Spoon Bread Made By Flomot HD Club

From where I sit... by Joe Marsh

Oh—My Aching Feet!

Other night just as I was settling down with a book and a mellow glass of beer, the wife calls down. "Joe—I almost forgot—you and I are going over to the High School and take dancing lessons!"

Now, I can walk with the best of them, so I put up a quiet struggle against going but it was no use. Turns out it was the class in square dancing. And from the look on some of the other men I judged I wasn't the only one there who had been taken by surprise!

Miss Williams and Curly Lawson taught us what to do with our feet, and before it was over, darn if I wasn't actually enjoying myself. Going back next week, too!

From where I sit, we sometimes get an idea into our head for or against something and then hang onto it for dear life. Whether it's square dancing, or the right to enjoy temperate beer or ale now and then, we owe it to ourselves as Americans to take an open-minded attitude—that's even after we make up our minds about it!

Joe Marsh

It's the best—

## Electric Cooking has advantages for all!

**Better for you**

**FAST**... electric "speed-units" now cook faster than any other method. They bring food to cooking temperature with unbelievable speed, and cook it at just the right temperature for the most flavorful and nutritious results.

**COOL**... the heat goes directly into the food and not into the air and kitchen. The days of hot, stuffy kitchens are over when you use flameless, clean electric cooking.

**SIMPLE**... as turning on your kitchen light. A flick of the switch and you're ready to cook. Baking, broiling, roasting, surface, deep-well, and pressure cooking are all equally simple.

**AUTOMATIC**... you've got a thrill coming when you can take the afternoon off, and have your supper ready for serving when you return. Electric cooking's automatic timing will "chef" for you, turning your oven on and off at just the right time, while you are enjoying a game of Bridge or Canasta.

**Better for your home**

**CLEAN**... you have freedom from combustion. No smoke, soot, fumes, or odors can come out of an electric coil to make your kitchen walls dark and dingy. This clean, flameless heat helps keep pots and pans bright, too.

**CONVENIENT**... once you cook electrically, you'll wonder why you stayed so long with horse-and-buggy methods, as old-fashioned as flame lamps.

**MODERN**... electricity is as dependable a servant for cooking as it is for lighting your home. Yes, today, the modern way to cook is the "electric way."

**LONG LIFE**... your electric range is built to be a permanent part of your home. You have a right to expect—and you will get—many, many long years of cooking pleasure.

**Better for your family**

**SAFE**... no matches, no fire, no fumes to bring hazards into your kitchen. Since electric cooking is flameless, no oxygen is removed and the air is not over charged with nitrogen to sweat up the walls.

**HEALTHFUL**... less water is used when cooking electrically, foods cook in their own juices, retain garden-fresh flavor and food values which are so often lost and carried off with the fumes of combustion in other methods of cooking.

**ECONOMICAL**... there's no wasted heat with electricity. Faster than ever, electric cooking gets the job done quicker and low-cost electric cooking rates bring operating costs way down.

**MORE FREEDOM**... your electric range requires less attention from you in the kitchen; its automatic features free you to devote more time to your family, more time to the pleasures of life. Its gleaming porcelain is so easy to keep clean... you'll be out of your kitchen in a jiffy after mealtime.

**ONE Look**

Yes, a look will show you why it's Ford for Fashion, again for '50! Once again Ford's smart, modern styling earned it the New York Fashion Academy's coveted medal as "Fashion Car of the Year." No other car at any price has received such an honor 2 years running.

**ONE Listen**

You can hardly hear the '50 Ford's powerful V-8 engine. For with all its road-mastering power it never raises its voice. Your ride is quiet, too, because "sound-conditioning" throughout Ford's roomy and sturdy "Lifeguard" Body keeps noise out!

**ONE Ride**

A "Test Drive" and you will learn Ford's quality firsthand! You'll marvel at the performance of the 100-h.p. V-8, or its companion-in-quality, the 50-h.p. Six... the comfort of its "Mid Ship" Ride. You'll feel the safety of Ford's 35% extra-acting King-Size Brakes. And after you've come to know this car, you'll thrill to its complete economy—low first cost, great gas mileage, low upkeep and high resale value. You'll recognize that Ford's the "Big Economy Package" of the low-price field.
