TRAIL DUST

By DOUGLAS MEADOR

Birds of a feather used to flock together. Now they march and riot together.

Summer is that time of the year when any natural talent for being lazy develops quickly when something needs to be done in a hurry.

Deodorants have come a long way but science is still trying to conceal the fumes of boiling cabbage, until sudden guests will not flinch when the door is opened.

One cowboy said he didn't distrust the man, but that if they were crossing a desert together, he would want to carry the water jug.

The ties of friendship should not be too binding, lest one should stray, that both would not be destroyed.

Confidence is the most important element in any transaction. Without it doubt is given too much liberty.

Frankness and simplicity are the prime materials in a wholesome character. Honesty and laughter add strength and charm.

A horse does not travel well with a loose shoe, and likewise a man's journey is made painful if he walks in the shadow of fear.

Medicare to be Subject of Talk

Medicare will be the topic discussed next in the series of open meetings sponsored by Motley County Home Demonstration Council. This meeting will be held May 21 at 2:30 p.m. at the courthouse in Matador.

O. E. O'Neal, from the Social Security office in Lubbock, will cover such topics as Hospital care, Home health services, Hospital outpatient diagnostic services and Extended care. In addition he will give an explanation of the forms required and how they are to be filled out.

The public is invited and urged to attend this meeting. For all persons 65 years of age this information is especially important. Those who are not covered need to know what they can benefit from this plan, it was pointed out by Mrs. Helena Reed, Home Demonstration Agent. "Those who are covered, need to know what their benefits are," she added.

MAURICE R. REILLY

M. R. Reilly to be Brigadier General

A former resident and graduate of Matador High School, Colonel Maurice R. Reilly has been nominated to be Brigadier General in the Air Force, believed to be the highest rank ever achieved by a local person in the military.

The United States Senate on March 15, confirmed the President's nomination for the promotion, which will become effective later in the year.

Colonel Reilly has been Director of Civil Engineering since 1966 for the Air Force Systems Command with headquarters at Andrews Air Force Base near Washington, D. C.

In that capacity he oversees the construction, maintenance and operation of the air base facilities for Systems Command installation in the U. S. and overseas.

Colonel Reilly is a command pilot and holds engineering degrees from the University of Colorado and Purdue University. He is a 1961 graduate of the Air War College. Prior to his current assignment, he served five years in Air Force Headquarters at the Pentagon.

Colonel Reilly and his wife Marian have three children: Suzanne, born in Matador in 1945, now living in Japan with her husband who is a Navy officer; Elizabeth, 20, a junior at Florida State University; and Matthew, 16, a sophomore in high school at Springfield, Virginia, where the family resides.

Collected about a campfire (the night was chilly) the group of approximately thirty families enjoyed singing by the son of Mr. and Mrs. Ted Marquis and his family. Mrs. Marquis is the daughter of Mr. Briggs and she and her husband were reared in Matador.

Meador told of his experiences in editing a country newspaper during the 36 years he has been in the business. "I am a frustrated writer," he confessed, and becoming the owner of a newspaper made it possible for me to see my literary efforts emerge in printed form.

"Being a country editor is rewarding, although the smart ones get out of it and into more lucrative occupations. The early-day editors could sway their readers' opinions through editorials. We don't kid ourselves these days. We know that we don't influence the thinking of our readers to any extent."

The objects of the Wally Byam Caravan Club International, a non-profit organization are to afford fraternization for Airstream trailer owners; to encourage safe driving and assist in improving the general welfare of the trailering public.

Each unit is an independent organization which plans its own activities. These include regional, national and international rallies. In a ten-year period the International organization grew from less than 100 members to over 30,000 members, representing some 11,000 Airstream families.

Brief Illness Claims Mrs. F. F. Campbell

Mrs. Forrest Campbell, 50, wife of County Judge Forrest Campbell, died in her sleep at her home about 2 a.m. Wednesday, following an illness of several days. Death was attributed to a pancreatic ailment.

Hers was the second sudden death within a week, to shock the community. A week ago Mrs. Campbell had ministered to the Ed D. Smith family following his death of a heart attack. Her death was also the second in the Campbell family within 20 days, following that of her mother-in-law, Mrs. R. E. Campbell Sr., on April 25.

Funeral services will be held at 4 p.m. Friday in the First Baptist Church with Rev. Larry Heard, pastor, officiating. Burial will be in East Mound Cemetery with Eastern Star graveside rites. Arrangements are under the direction of Seigler Funeral Home.

A member of the First Baptist Church, Mrs. Campbell had been active in its various organizations and was a past president of the Woman's Missionary Union. She was a past Worthy Matron of the OES, and a past president of both El Progresso Study Club and of Matador Garden Club.

Although her talents will long be appreciated by these organizations, Jerry, as she was known by her friends, will best be remembered for her love and compassion for people, especially those less fortunate than she, and the innumerable kind deeds she performed daily.

Born at Mineral Wells, Geraldine Frances Tudor was born November 11, 1917 at Mineral Wells, Texas and died May 15, 1968 at the age of 50 years, 6 months and four days.

Meador Speaks At White River

Tribune publisher, Douglas Meador was guest speaker Saturday night at White River Dam, at a rally of the Texas Plains Unit of the Wally Byam Caravan Club International. The organization is composed of owners of Airstream trailers, and Jim Lackey of Floydada is President of the Texas Plains Unit.

A sumptuous "pot luck" supper was served, which included cobbler prepared by veteran cowboy cook, Humpy Briggs of Floydada.

Gathered about a campfire (the night was chilly) the group of approximately thirty families enjoyed singing by the son of Mr. and Mrs. Ted Marquis and his family. Mrs. Marquis is the daughter of Mr. Briggs and she and her husband were reared in Matador.

Meador told of his experiences in editing a country newspaper during the 36 years he has been in the business. "I am a frustrated writer," he confessed, and becoming the owner of a newspaper made it possible for me to see my literary efforts emerge in printed form.

JERRY CAMPBELL

She came to Matador in 1926 with her mother, the late Mrs. Annie Tudor and other members of the family, and grew to young womanhood here. She was married to Forrest Campbell, June 8, 1936 in Matador. They made their home in Abilene for about ten years, then returned here and have since made this their home.

Survivors include her husband and son, Gary, of Matador; three brothers, John S. Tudor, San Antonio, Don C. Tudor, Miami, Florida, and E. O. Tudor, Fort Worth; and one sister, Mrs. George Masterton (Tommy) of Dallas.

Pallbearers will be Bill McCahnen, J. E. Edwards, C. R. Davis, C. M. Barton, Givens Lawrence and Raby Webb.

The family has suggested that memorials be made in the form of donations to the Motley County General Hospital fund.

Flomot Students Visit City Park

A group of Flomot students, accompanied by several parents and teachers, visited Matador Saturday. They enjoyed the Matador City Park and playground equipment, and seeing the buffalo, "Mat."

The group of adults and students asked Tribune's Flomot reporter, Mrs. Dan Kingston to express their appreciation to Sheriff J. D. Spray and Deputy Eddie Russell for showing them through the county jail and courthouse, despite the fact that the courthouse was closed.

The group visited several places of business and expressed appreciation to Mrs. W. F. Jacobs of the Matador Variety for the welcome they received, and the aid rendered youngsters in selecting Mother's Day gifts.

IN LUBBOCK HOSPITAL

Mrs. J. Farris Fish is a patient in West Texas Hospital, Lubbock, room 502, where she is recovering from surgery performed Wednesday of last week, for arthritis. Her condition is reported as satisfactory and Mrs. Fish is optimistic regarding the success of the operation. Mr. Fish accompanied his wife to Lubbock and remained several days. Also at her bedside have been her sisters, Mrs. Chas. Guy and Mrs. Sam Dunn, both of Lubbock.

SUFFERS STROKE

George Jeffers, manager of the 6666 ranch at Panhandle, and son of Mrs. Claude Jeffers, is a patient in North Plains Hospital in Borger, following a stroke suffered last week.

HOME FROM HOSPITAL

Mrs. Mike Hoyle returned home Sunday from Lubbock, where she had surgery Monday of last week in Methodist Hospital. Mr. Hoyle drove to Lubbock to bring his wife home. Her condition is reported as satisfactory. However, she will not return to her duties at Matador Motor and Implement for at least two more weeks.

Program is Slated On Weevil Control

A program on diapause boll weevil control will be held Tuesday, May 21 at the Vo-Ag building, sponsored by the Motley County Farmers and Ranchers Educational Association. The program will start at 9:00 p.m. according to the announcement.

Speaker will be Lyndon Almand, Extension Entomologist from Lubbock. In addition to information on the boll weevil control program, control of other cotton insects will be discussed. Almand will summarize the progress and results of the boll weevil control program, during the past four years, and the use of sex attractants and sterile males as new techniques in controlling the weevil. These techniques, according to County Agent Bill Palmeyer, "can be effective only after a program of conventional spraying has been followed to reduce populations."

"Timely spraying is still the key to boll weevil control, and since the start of the program, boll weevil populations have been greatly reduced in the control zone of Briscoe, Hall, Floyd, Motley, Crosby, Dickens, Kent and Garza counties. More than 500,000 acres were sprayed in 1967, and even though the program is highly successful, there has been an air of complacency among some cotton producers in the control zone which could destroy years of work."

The 1968 program will be in two phases: Phase one consists of three applications of undiluted technical malathion at 12 ounces per acre at five-day intervals to kill newly emerging females before they can mate and lay eggs to produce more weevils. Phase two calls for spraying to start 10 days after phase one, with applications to consist of 16 ounces of malathion per acre at 10-day intervals until the first frost. Purpose of this phase is to kill any adult weevils that might have survived phase one spraying.

All Motley County cotton producers are urged to attend the meeting Tuesday which is designed to answer questions as well as outline the program. The High Plains Diapause Boll Weevil Control program is a cooperative venture of Texas A&M University, USDA, Plains Cotton Growers Inc., and the Texas Department of Agriculture. "But," says Palmeyer, "the key to its success is the individual farmer in the control zone."

Anyone needing transportation may call Bob Stanley Pharmacy, 347-2603, and immediate response will be made.

Bill Glass Leads In Youth Crusade

A youth-led Crusade with Bill Glass as speaker will be held Friday, Saturday and Sunday (May 17-19) in the Paducah High School gym. It was announced here this week.

The public is invited to "come hear this dynamic speaker and the message he has to offer as a Christian."

Glass was All American at Baylor University; the first draft choice of the Detroit Lions and played four seasons for the Lions. In five seasons with the Cleveland Browns, he has been their defensive stalwart on the 1964 NFL Championship team and has helped keep the Browns in contention each year.

VISITOR IS GROUNDED

Minister Bob Harp, on a flying trip to Matador from Abilene, Thursday was grounded here due to weather. He flew here in a private plane and visited in the home of his uncle, Claude Harp, overnight. The sky was still overcast when he left Buzz Field Friday shortly after noon, but he had received an all-clear report from the Abilene airport.

ATTEND GRAND CONCLAVE

Mr. and Mrs. D. E. Pitts attended the 115th Grand Conclave of the Grand Commandery in Amarillo recently, returning home Tuesday afternoon of last week. A memorial service was held Sunday, and a banquet and ball on Monday evening. Entertainment for the ladies included a bus tour of Palo Duro Canyon and the Panhandle-Plains Museum. Three bus-loads made the tour.

COME TO CHURCH SUNDAY

Lubbock Avalanche Reporter Likes "Starvation" He Finds in Matador

HE WAS HUNGRY and late, but Tanner Laine, veteran Lubbock Avalanche reporter, who is a native of Spur, knows his way around a kitchen.

His mission was to obtain the horrible facts about starvation in Motley County, as one of the three West Texas counties of 30 in Texas, and 256 in the nation. He was to attend the regular meeting of the Matador Lions Club held in the basement of the First Methodist Church.

Being late, he went to the kitchen. The Methodist ladies serving the luncheon provided food for the Plains refugee. After loosening his belt, he announced later that Lubbock should be classed the "starvation spot."

He said that if anyone was hungry he was either too lazy to go the table, or prepare his food. Tanner Laine was not

hungry. Charles A. Guy, editor of the Lubbock Avalanche had sent Laine here "to get the facts" after a news release from Washington had said a citizen's board of inquiry had found thousands of people on starvation in the United States. Motley, Foard and Cottle Counties were in the 30 West Texas counties listed.

Daily newspapers, including the Lubbock Avalanche had carried the article. Walter P. Reuther, president of United Auto Workers, is chairman of the Citizen's Crusade Against Poverty, which financed the so-called investigation.

Mr. Laine came to Matador after the Tribune carried a front page editorial in the May 2 issue, entitled "Have You Been Hungry?"

Other newspapers have reprint. (Continued on back page)

Concert Theme is Happiness

Theme of the concert presented by Matador High School Girls Choir Sunday afternoon was, "Happiness is Spring in America," with stage decorations in the high school auditorium, featuring characters from the comic strip, Peanuts.

Directing the choir was Mrs. Ronald Davenport, public schools music teacher. Piano accompanists were Misses Carol Martin and Jan Higginbotham, assisted by Mrs. Vernon Higginbotham.

Divided into three sections, the program was opened by the choir singing five selections under "Happiness Is Spring." The numbers were Little Bird, Climb Every Mountain, Blue Skies, Today and Wish Me a Rainbow.

Part two, "Happiness Comes in Small Packages," included a group of girls, Linda Campbell, Nancy Higginbotham, Gina Killingsworth, Cinda Simpson, Renae Welch, and Lou Anne Woodruff

singing Jeepers Creepers; a solo by Jan Higginbotham, who sang People; a group of boys, Danny Davis, Curtis Hoover, Lance Jameson, James Pritchett and Jack Williams, who sang, Red Red, Robin;

Also, a chorus composed of Kay Cooper, Krista Price, Peggy Marrs, Pam Schuchart, Shane, Stevens, Jonnie Taylor, Ann Timmons and Charla Wason, who sang, Tea for Two; a solo, Shadow of Your Smile, by Patty Edwards; a duet by Debra and Billie Stockton, singing, Allegany Moon; piano solo, Sentimental Over You, by Carol Martin; Exodus and Help Me to Help My Neighbor, sung by Debra James, Patty Edwards, Jan Higginbotham, Laura Jacobs and Debra Stockton; Love Me Forever and High Hopes, by Elaine Dixon, Carol Martin and Billie Stockton, and a piano solo by Judy Marrs.

Part three, "Happiness is Spring in America," featured patriotic songs by the choir and included, God Bless America, Impossible Dream, This Is My Country, Let There Be Peace, and in conclusion, a stirring presentation of Battle Hymn of the Republic, with Mrs. Charley Johnson as soloist and Mrs. Higginbotham and daughter, Jan, playing a duet accompaniment.

An outstanding art exhibit in the hall was the work of students of Mrs. Bennie Keltz: Billy Paul Campbell, Bobby Gee, Donnie Gee, Ricky Hacker, Kelly Keltz, Tanya Meador, Paula Palmeyer, Will Palmeyer, Lou Pitts, and Frank Welling.

The progress of the school's music department under Mrs. Davenport's direction has been noteworthy and deserves the appreciation of the entire community.

Fine Arts Program Features Work By Students of Mrs. Ned Morris

Mrs. Albert Traweek was hostess to El Progreso Study Club when it met May 9, for a program on Fine Arts - Art, which featured work by students of Mrs. Ned Morris of Houston, the former Frances Traweek.

The president, Mrs. Robert Darsey welcomed the members and guests and thanked the hostess for the use of her home.

Mrs. J. M. Hill was elected to membership in the club and Mrs. Joe Wason of Embudo, New Mexico was welcomed as a guest.

Mrs. Frank Pohl as program director gave a brief resume of Mrs. Morris's early life in Matador, and showed a portrait of her daughter, Carolyn Pohl which the artist had made at the age of 10, and a "Praying Hands" plaque which she made while in high school.

After finishing Matador High School, Mrs. Morris attended and graduated from the University of Texas, receiving a Bachelor of Fine Arts degree. She then moved to Houston where she has taught art at Hamilton Junior High School for nine years.

Last year she and her art students were invited to demonstrate an art technique before the National Art Educators Convention and this year before the State Art Educators Convention.

When she has time, Mrs. Morris paints and does sculpturing. Besides teaching, she is interested in traveling and observing the art, architecture and culture of people in other lands. She has traveled in over 50 countries around the world, taking movies and collecting artifacts.

Has Mask Collection

She has a collection of 37 masks from different countries, which were on display for the program, in addition to the art work. The program as prepared by Mrs. Morris was presented by tape recording, which she titled "Adventures in Art," and used in describing the work of her pupils. Slides of the various pictures were shown simultaneously with the narration, with Mrs. John Hamilton operating

the tape recorder and Mrs. Pipkin, the projector. Many of Mrs. Morris's pupils have won awards at exhibits of fine arts in Houston, New York and other cities.

In addition to paintings, the display included masks and other crafts made by the pupils. In Mrs. Morris's collection were authentic masks, many having been used in native ceremonials, from Nepal, India, Guatemala, Japan, New Guinea, Greece, El Salvador, Hong Kong, Mexico City, Taipei Formosa, and Nicaragua.

The program also included a piano solo by Miss Laura Jacobs, who played "Laura" from the production Dr. Zhivago.

Mrs. W. F. Jacobs gave the Inspirational Thought closing the program.

Others present were Mesdames John Barnhill, R. E. Campbell Jr., W. W. Clements, A. J. Daffern, Vance Gilbreath, G. E. Hamilton, Ben Keltz, W. D. Lipscomb, W. F. McCaghren, D. E. Pitts, Fred Simpson, Howard Traweek, J. R. Whitworth, J. L. Woodruff, Furman Vinson, Grace McDowell, and John Fitzgerald and Miss Mary Keith.

The next meeting May 23, will be a luncheon in the Methodist Church basement. This will close the year's work.

Art Program Given For Several Groups

The program on fine arts presented for El Progreso Study Club Thursday, was held over and repeated for several additional groups interested in the subject.

The program prepared by Mrs. Ned Morris of Houston, was presented Friday morning to the Motley County Arts and Crafts Club, and Friday afternoon to the 6th grade pupils and private art pupils of Mrs. Bennie Keltz. In addition, several other guests attended.

The program was also presented for several former teachers of Mrs. Morris, and other friends.

Installation of Officers Held For Eternas Junior Study Club

Installation of new officers of Eternas Junior Study Club, at a meeting Monday night, May 13 in the home of Mrs. Roy Grundy concluded the year's study. Final meeting of the organization will be held tonight when the club members entertain their husbands with a cook-out at the home of Mr. and Mrs. Vann Francis.

The meeting was called to order by Mrs. Billy R. Slover, 1st Vice President and members were reminded that the club will register for the Mobile X-ray Unit today (Thursday). The unit is sponsored by the Matador Lions Club.

Mrs. Grundy gave a report on the State Convention in Austin and announced that the Texas Heritage Report prepared by Mrs. Roy Hobbs won third in State competition, as did the Press book, prepared by Mrs. Charles Renfro.

The club received a citation for help in March of Dimes and for having 100% subscription to the Texas Clubwoman. Mrs. Slover received a citation for work in Operation Healthy Babies, which is connected with the March of Dimes.

Mrs. Pat Seigler introduced Mrs. Grundy as installing officer, and turned the program over to her.

Mrs. Slover New President

Beginning with Mrs. Vann Francis as Secretary-Treasurer, Mrs. Grundy in turn installed Mrs. Bundy Hal Campbell as 2nd Vice President, Mrs. James Bearden as 1st Vice President, and Mrs. Billy R. Slover as President.

Mrs. Grundy used the Wheel as an installation theme, explaining, "Your president is the hub, your officers the strong spokes and your committee chairmen and members, the rim upon which you turn. The hub and spokes cannot turn without the rim—thus they, without you, can do nothing."

She also commented that "The wheel is a simple contrivance which has pushed the ages forward in the realms of farming, manufacturing, industry and transportation on land, on the sea and in the air. . . Within this unbroken circle is the inspiration for Unity, Friendship and Community Spirit."

Mrs. Roy Hobbs presented Mrs. Grundy with a gift from the club in honor of her past office as president of the Santa Rosa Dis-

trict. The gift was a gold charm with "President Santa Rosa District" and the word "Eternas" to represent her home club.

Refreshments were served at the conclusion of the program.

Members present, other than those mentioned were, Mesdames Richard Newman, Ronnie Davenport, Millard Schuhart, Bill Pallmeyer, Charles Renfro, Billy Wason, James Renfro, Ronnie Vandiver, Garland Cartwright, Ervin Willard, Larry Norris and C. L. Marshall.

Courtesy is Held For Miss Edwards

A pre-nuptial shower Saturday night at the home of Mrs. Vann Francis was a courtesy for Miss Vella Ree Edwards, bride-elect of Stephen Jenkins.

Co-hostesses were Mesdames B. H. Hobbs, Vernon Higginbotham, Clifford Martin, Bob Martin, France Barton, Bundy Hal Campbell, Ward Rattan, H. R. Jameson and Claudie Matney.

A floral centerpiece featuring Miss Edwards' chosen colors of beige and apricot was used for the dining table, which was covered with a white linen cloth. Punch, cookies, mints and nuts were served and Mrs. Campbell poured.

Guests were registered by Mrs. Jameson. Eighty persons registered and many more sent gifts.

A hostess gift of stainless steel consisting of five pieces, was presented and each hostess received a gift from the honoree.

Special guests were Mrs. Philip A. Jenkins and daughter, Kathy of Spearman, and Mrs. Tom Edwards, the honoree's mother. Also attending from out of town were Mrs. Philip D. Smitherman of South Plains and Mr. and Mrs. Jerry Edwards and children, Terry, Suzanne and Michelle of Strawn.

The couple plan to marry June 1, in Bowman Chapel of First Methodist Church, Lubbock.

Kimberly Campbell Celebrates Birthday

Kimberly Campbell, daughter of Mr. and Mrs. Bundy Hal Campbell, celebrated her fourth birthday with a party given by her mother, Monday, May 13, in her home.

The young guests were entertained with games and played

with their favors, bubble blowers, after which they were served refreshments of birthday cake and punch.

Children attending were Tina Bearden, Rob Francis, Brenda Renfro, Todd Norris, Coke Barton, and Brent Campbell, the honoree's brother. They were accompanied by their mothers.

Mrs. Keith Patton Is Deanery Officer

Mrs. Keith Patton of Matador was named Treasurer of the Lubbock Deanery last month when St. Joseph's Altar society of Slaton hosted the DCCW annual deanery meeting. Bishop DeFalco, 9 priests, and 54 ladies attended the meeting.

Mrs. A. W. Steffens, Slaton, was elected new deanery president, succeeding Mrs. R. K. O'Loughlin. Other officers named were Mrs. Victor Buxkemper, Slaton, first vice-president; Mrs. W. F. White, O'Donnell, second vice-president; Mrs. Buxkemper, secretary; Mrs. Alvin Shambek, Lubbock, historian, and Mrs. O'Loughlin, parliamentarian.

Mrs. Tracy Roberts and son Danny of Afton, spent Mother's Day with her parents, Mr. and Mrs. H. T. Robbins.

Free Attractions at HemisFair Provide Entertainment for All

SAN ANTONIO. (Special)—A limited budget is no handicap to HemisFair visitors. In fact, a family of four can have the time of their lives on a \$10 bill at the World's Fair.

This budgeted tour includes admission for mother, dad and two youngsters, chicken dinners for the parents and hamburgers for the kids and a host of memorable attractions.

Food prices on the grounds have drawn raves from early visitors to the international exposition, and the multitude of free attractions have surprised many veteran world's fairgoers.

Each of the 100 restaurants and food stop-overs on the 92.6-acre grounds has posted its prices on the outside, and the sensible costs have proved an enticement to bring customers inside.

Hot dogs are 35 cents, hamburgers are 45 cents and a chicken dinner complete with french fries can be enjoyed for 97 cents.

The \$10 visit to the six-month World's Fair can include each of these free attractions:

Flying Indians Popular
The Flying Indians of Mexico, performing their 400-year-old ritual by climbing to the top of a 114-foot pole and gliding down with a rope around their waists. This electrifying show is performed four times daily at the Pepsi-Cola/Frito-Lay Pavilion.

The famous Marty and Sid Krofft Puppets performing in an already smash hit marionette show at the Coca Cola Pavilion.

A combination film and live actor magic show featuring magician Mark Wilson at the Bell Pavilion and a tour of the telephone exhibit featuring picture telephones, computer age guessers and a kiddyland with telephone conversations with famous cartoon characters.

The Mercury Water Ski Show on the Fiesta Lagoon where boats pull skiers at high speeds over ramps, around corners and through difficult maneuvers.

More For The Budget-Minded
These are all free. And, there is much more for the budget-minded traveler.

Mariachis sing and play near the Mexico Pavilion, groups of actors perform on the grounds, bands perform concerts at the amphitheater, youngsters talk, listen, dance, paint and join in a variety of entertainment at Project Y. These too are free.

WHAT EVERY YOUNG DRIVER SHOULD KNOW

If there is a young driver in your family, his or her safety is naturally of deep concern to you. It is to us, too.

That's why we're offering a special safe driving brochure for young drivers entitled, "Sure...you're a good driver, but are you a safe one?" Do your young driver a favor—maybe a life saving favor—and call or come by for a free copy of this brochure. Do it today.

COUNTY AGENT PALLMEYER SAYS:

Farmers who plant more than one variety of cotton or maize, those who fertilize or use chemical weed controls can help increase the agricultural income from Motley County. Each year we set up several tests through planning committees, but a test does not have to be set up by this group to be of value.

It will take a little more time on the farmers part, but you are liable to find out something that will return you extra profits for years. Where different varieties are planted on similar land, receive the same treatment, or where the same variety planted on similar land but receives different treatment, you have the starting of a good test.

If this is done, the final and most important step is separate harvest of the varieties or treatments. Only this way can you tell exactly how much the net returns are. Have you ever tried to borrow money on "well it looks better"? I think you will agree that it is easier when you have exact figures to show how much the extra profit was.

How many of you will help us this year? I will help with the figuring, if you will follow the steps outlined previously. The more that participate, the quicker we can come up with sound recommendations for the county, and even though you may think that your land is different from anyone else's in the county, this way you will know which will make you the most money.

Those who are willing to help, please let me know so that I can make a list and know what I will need to do in this program.

Soil temperatures since last week's column were: May 4-67; May 5-66; May 6-65; May 7-63; May 8-63; and May 9-63.

Proper calibration of equipment can save you money. Under-planting or sowing means that you are losing a definite percentage of your soil's production capacity, while overplanting can result in stunted plants that give low production, as well as added expense of expensive seed. I know that you wouldn't keep a low production cow or a tractor that didn't run on all cylinders.

Calibration of sprayers and dusters is more critical than the calibration of other equipment, for the use of too little material can result in no control or benefits, while use of too much material is expensive and may result in crop damage.

Now is your time to do something about the calibration of your equipment. Operator's manuals for the machines usually contain instructions, but an actual test to see how much material is being put out is the final step. Sure, it will take a little time, but is the time spent worth more than obtaining the results you expect?

Every spring brings forth a new crop of flowers and "suckers". That's the opinion of the fast-talking, door-to-door sellers of dead and dying shrubs, peddlers or "magic" topsoil, tree surgeons with self-proclaimed qualifications, and purveyors of flowers, bulbs and seeds which seem to have super potential.

Each year these gypsies have a nationwide field day at the home-owners and farmers expense. Untold thousands—including many Texans—are being gyp-

There are also visits to the governmental pavilions, also at no charge, to see such things as a Belgian diamond being cut; the imagination of the Swiss in building an interesting airplane that runs like a clock; a working scale model of the Panama Canal; computers at work and play at International Business Machines and RCA exhibits.

And, movies of every description, each with its own unique twist are free to the visitor. General Electric has a two-act musical show, Ford features a theater-in-the-round, and Mexico has used mirrors and movies to present a unique but most interesting look at the country.

Texas History Told
There is also the \$6.75 million United States Pavilion with its exhibit hall and movie by Academy Award winner Francis Thompson, and the State of Texas as entry, the \$10 million Institute of Texan Cultures, telling the story of the Lone Star State from its birth to today.

It is all free, and it is just a sample... showing that the family of four can visit the World's Fair on \$10.

It will cost mom and dad \$2 each to get inside the grounds and the children under 12 only \$1. That leaves \$4 for ma and pa to each enjoy that 97 cent chicken dinner and junior and sis to have that hamburger or hot dog.

That still leaves enough for the kids to take a ride on one of two dozen exotic attractions at Fiesta Island. The island fun rides cost only from 25 to 50 cents and feature many attractions from other countries.

Of course, there is more available for those wanting it. The 82-foot high Swiss skyride is 50 cents, a ride completely around the grounds on the mini-monorial is only \$1, and a boatride on the Fair's winding waterway system is from 40 cents to 75 cents.

THANKS TO MY FRIENDS:

I wish to use this method to thank my loyal friends and express my deepest gratitude for their support in last week's Democratic Primary election.

I want to express my appreciation to all who voted for me and all who worked for me during the campaign. I especially want to thank my friends in Matador and Roaring Springs for the fine support given me in these two boxes.

I am grateful to everyone who contributed in any way to my campaign for sheriff.

Sincerely,

John Stotts

ped out of millions of dollars annually by those smooth-talking chiselers. By its nature, the nursery industry and seed industry is an inviting field. Sales are bunched in one season of the year, which makes it easy to operate a hit-and-run trade.

The vast majority of these people are honest, reliable businessmen who give value for money received, but the spectacular growth of horticulture as a hobby and the increasing number of new homes have attracted a horde of fly-by-nights who are finding this a good way to turn a fast buck.

There are some basic rules for separating the legitimate businessmen from the sharpies who appear on your doorstep. These are as follows: Ask to see the salesman's license. No one can sell nursery stock or florist plants in Texas without a license. Give first consideration to local businessmen who have a reputation to uphold and have addresses where you can contact them later if necessary. You can also check their rating with the Better Business Bureau of Chamber of Commerce before you agree to use their services.

Before buying services of any kind, get an agreement in writing no matter how simple the job. Have the seller state exactly what he will furnish and what he will do. This applies to pest

control operators, as well as landscape maintenance operators. **Never pay cash in advance.** Pay when the job is complete.

Be skeptical of newspaper and magazine ads that make extravagant claims about plant materials, such words as "amazing", "gigantic", "spectacular", "new scientific development", "prize blooms" and "free" are often used to hook the unsuspecting reader. Get a good reference book on cultivated plants so that you can look up the real meaning of the Latin names frequently printed in small type. That exotic bloom may actually be a common, garden-variety flower.

Finally, read the small print. Often the small size of the plant is the reason the price looks good. Always check with a local nurseryman for the price on a similar item before you put your check in the mail.

What makes a Pontiac a Pontiac?

(And what makes ordinary cars ordinary?)

Only Pontiacs have Wide-Track. Drive a Pontiac and you'll wonder who took all the bumps and curves out of the road.

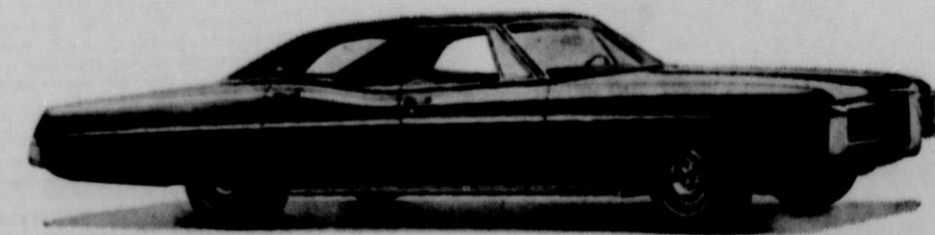

Even our lowest priced Pontiac has a unique 175-hp Overhead Cam Six. Unless you count cylinders, you'll swear it's a V-8.

Pontiac interiors make you glad you left home—soft Morrokide and simulated wood trim so real only a termite can tell it isn't.

Innovations like GTO's Bumper-of-the-Year make Pontiacs look expensive. But record sales prove we know how to price them, too.

THE GREAT WIDE-TRACK DRIVE IS ON!

See your Pontiac dealer. He's out to smash sales records for the 7th straight year!

Seniors Sponsor School Cook-Out

The 1968 Seniors sponsored a cook-out for the entire high school student body Friday night, May 3, from 7:30 until 11:00.

The crowd gathered at the tennis courts for spirited games of volleyball after eating hot dogs which were prepared by faculty members. This was the first such meeting in several years at MHS.

The faculty members and their families attending were: Mr. and Mrs. Reece Timmons, Mr. and Mrs. John Loftin, Mr. and Mrs. David Verner, Mr. and Mrs. Algie Groves, Mr. and Mrs. J. E. Edwards, Mr. and Mrs. Wayland Moore, and Mrs. A. L. Fair.

Seniors Present Moving-Up Program

The old tradition of "moving-up" began the 1968 senior program that was presented in the auditorium May 6.

After each class had taken their positions that they will assume next year, the seniors began with their class song, "May

the Good Lord Bless and Keep You." Then Terry Keltz, Mark Timmons and Deborah Tilson carried the class and audience into the past, reviewing many different events that brought them to their present position.

David Garrison recited the class poem, which he had written.

Larry Bostick, Jesse Perkins and John Shead read the will, naming the many cherished possessions that each member reluctantly leaves behind.

This was followed by a piano solo by Carol Martin.

The program was brought to a close with a more optimistic point of view. Seven Smith and Vickie Holt looked far into the future revealing many startling facts for the members of the 1968 senior class.

Winners are Named In 4-H Food Show

Winners in the Motley County 4-H Food Show have been announced by Mrs. Helena Reed, Home Demonstration Agent. The show was held at the Methodist Church, May 6, with five members exhibiting.

First place winners were Diedra Cruise, Flomot, exhibiting blonde brownies in the Bread and Cereal group; Daria Cruise, Flomot with smothered meat balls, Meat group; Sherry Green, Matador, with baked beans in the Fruit and Vegetable group; and Paula Paimeyer with macaroni and cheese in the milk group. Jackie Martin, Matador, was runner-up in the bread and cereal group with "snails" (a type of cookies).

While the exhibits were being judged by Miss Carolyn Bean, Dickens County and Mrs. Glenda Bailey of Cottle-King Counties, slides were shown to parents and other guest. "Your Family's Food Supply for Survival," was shown and narrated by Miss Kate Thompson and Mrs. Reed.

After the judging, those present were invited to taste the products shown. Ribbons were then presented to the girls. There have been 32 4-H members participating in foods projects. Meetings will be held until the groups finish their projects, said Mrs. Reed.

Helium Capsule To be Dedicated

The lights will go on in the Pioneer Amphitheatre in the Palo Duro Canyon State Park on Thursday evening, May 16 at 8 p. m. and the public is invited.

The occasion is entertainment of the visitors who will be in Amarillo at that time for the dedication of the Helium capsule which is an event of national significance.

In order to honor the three hundred leaders of business and industry who will be in the Panhandle on that date, the Board of the Texas Panhandle Heritage Foundation has arranged a special program in the amphitheatre which will enable the visitors to enjoy some of the accomplishments in this area and to experience the impact of an evening in the theatre.

During the first section of the program, the West Texas State University Chorale will sing under the leadership of the distinguished composer of this area, Houston Bright. Some of their selections will be accompanied by brass instruments in very stirring arrangements.

As the shadows lengthen, the second section of the program will draw in the Kwahadi Indian Dancers of Amarillo, well known for their colorful and exciting portrayals of Indian days. The Kwahadis last danced on the stage in the Canyon at the national convention of the Men's Garden Clubs of America.

The third part of the program, after darkness has come, will be a short sound and light demonstration showing the history and development of the Canyon itself and ending with horses and flags in a grand finale.

Two of the functions in the program of the dedication of the helium capsule are open to the

public. The first will be the program in the Palo Duro Canyon at 8:00 p. m. The second will be the dedication itself at 10:00 a. m. on Friday morning May 17. This will take place at the intersection of Interstate 40 and Nelson and will include many interesting attractions.

There will be a transportation exhibit, helium exhibits, shows, Don Piccard will be there with balloons for transporting riders and the Goodyear blimp will also be in evidence.

Join in these two celebrations of the helium centennial, and welcome the visitors!

by U. C. McBride
Did you know that the average housewife walks 1,000 miles a year?

According to that, my wife has run up so much mileage that she is out of warranty.

I understand that a steel company is conducting a "sweepstakes". The first prize is 85 miles of barbed wire.

That's enough barbed wire to fence in Mariboro Country. I've built a lot of fence in my time, and I wouldn't enter that contest even if they offered 85 miles of post holes along with the wire.

What did you think of the statement by a Texas politician that people in his State would vote for hoof-and-mouth disease in preference to Bobby Kennedy?

He was probably exaggerating. I think Bobby would run ahead of hoof-and-mouth disease, but he might finish second to the boll weevil.

Why do cowboys roll their hat brims up on the sides? I asked one of my cowboy friends about this, and he said it was so that three of them could ride in a pickup.

Did you know that used Edsels are now considered "collector's items"? They bring up to \$5,000 each.

That's the way my luck runs. When the Edsel first came out I thought about buying one, but finally decided on another make of car. I still have it, but instead of a collector's item, it is considered a pile of junk.

I read that some States have passed laws limiting the number of "going out of business" sales by retail stores.

Personally, I don't think that's any of the State's business, although I'll admit that some stores go in and out of business as often as Nelson Rockefeller gets in and out of the Presidential race.

ed the editorial and denounced the Washington release as false.

Mr. Laine interviewed County Judge Forrest Campbell, who handles the county surplus commodities, is secretary of the Matador Community Chest, and the first to know of people in need.

Judge Campbell said: "A high percentage of Motley County's 2,700 to 2,800 residents are older persons. Many are retired. There is plenty of work in the county. It is mostly agriculture, provided residents want to work."

"On the Federal commodity roll of Motley County are 80 family units. Fifty-four of these are in the old-age assistance bracket, or over 65. Many of the household units consist of only one or two persons. Four of the family units are in the dependent children classification, leaving only 22 families directly seeking commodities as any kind of an emergency."

"The county has a very liberal criteria for qualification to receive food commodities."

Drs. J. S. Stanley and A. C. Traweek Jr. told the reporter that only two babies have died in the past two years. One was killed by an automobile and the other died of complications resulting from premature birth.

The reporter found that the county's one bank, the First State Bank of Matador, has \$3.2 million deposits. That retail sales are \$3 million annually and that the tax valuation is \$7.8 million and that tax collections average 98%. Farm income is about \$3.5 million per year.

In the past 30 years Motley

County has not defaulted on its indebtedness. The current indebtedness is only \$100,000, less a sinking fund, for the entire county. Income from oil production amounts to \$2 million annually.

Reporter Laine couldn't find anyone hungry, or anyone who had been hungry. He couldn't find any trace of starvation. He was impressed by the food served by the Methodist ladies.

Recent Class Play Reveals Top Talent

Top talent was revealed as the play, "Off The Track" was presented May 2 by members of Matador High School's junior and senior classes.

The play, directed by class sponsors Bill Moss and David Verner boasted an all-star cast which was received with a hilarious reception by the audience.

The antics of Kate Thompson as Mrs. Guarino, Wanda Matney as her daughter, Antonio Guarino, and Vickie Holt as the nosy Miss Pidge McDougal, kept the audience laughing throughout most of the performance.

Other laugh-provoking situations were created by Mark Hill as Willie Woodson and his fiancée Evalina Bumpass (Brenda Bailey). Supporting roles, all perfectly executed, were played by Don Cox as the station agent, Mr. John Morgan and David Garrison as the porter, Silas Dobbins.

Also college students, Judy Marrs as Flickie Nelson, Carol Martin as Betty Phillips, Billie Stockton as Joan Parker and Jimmy Timmons as Bill Lindsay;

Aaron Timmons as the "mysterious" Mr. Oscar Posenby and Cheryl Moore as Mrs. Reginald Vanderverter.

Scene was the waiting room in a small wayside railroad station "about 10 o'clock on a dark and stormy night," where the passengers waited after the train had been derailed.

Play School to be Sponsored by FHA

Matador chapter of Future Homemakers will again sponsor a summer "play school" for children who are registered for the first grade this fall. The school will start June 3 and continue through Friday, June 7. Hours will be from 9 to 11:45 a.m.

The summer project will earn the FHA members a half-credit.

Twenty-seven children are registered as 1968 first graders. They are to be brought to school and picked up afterwards by their parents, said Mrs. A. L. Fair, FHA sponsor. Activities will be supervised play. If any child eligible to start to school hasn't been registered, parents are urged to do this.

Mr. and Mrs. Steve Stevens of San Angelo, spent the week end with her parents and brother, Mr. and Mrs. Robert Darsey and Robin.

Miss Peggy Welling of Dallas visited her parents and brothers, Mayor and Mrs. Freddie Welling, Ronnie, Frank and Gary Don, during the week end.

Miss Mary Jane Hamilton of Olton spent the week end with her parents, Mr. and Mrs. John Hamilton.

Mrs. Joe Wason returned to her home in Embudo, N. M., Tuesday, after visiting the past week with relatives and friends here.

Mr. and Mrs. Tom Spray of Ft. Worth visited from Friday until Tuesday with relatives here, including her sister and husband, Mr. and Mrs. Clovis Murphy, and with Mr. Spray's brothers and their wives, Mr. and Mrs. Al Watson and Sheriff and Mrs. J. D. Spray.

Mr. and Mrs. Gerald Piper and children, Steve and Jane of Paducah, spent Mother's Day with her parents, Mr. and Mrs. Cliff Stephens.

Mr. and Mrs. Tom Hamilton of Plainview were week end visitors here with their parents, Mr. and Mrs. Cliff Stephens.

IN APPRECIATION

My sister, Mrs. Virginia Moore joins me in saying thanks to all who helped in my recent illness, getting me to the hospital, during my stay there, and since coming home. The many cards, notes, visits, prayers, telephone calls, candy and chewing gum, and other ways you helped were deeply appreciated, and you will always be remembered in our prayers.

Mae Parks (1)

CARD OF THANKS

I do not have words to express my Thanks to my friends for their visits, cards, flowers and other expressions of love while I was in the hospital and since coming home. But in a humble way, may I say: Thanks to One and All.

Willimuth Fullingim (1)

CARD OF THANKS

Words are so inadequate to express our thoughts at this time. Your every kindness - the flowers, the food, your visits and other services, will long be remembered. Especially are we grateful for your prayers that sustained us through the dark hours following the loss of our loved one. May God bless each of you who remembered our family.

The Ed D Smith Family and Relatives (1)

IN APPRECIATION

I am profoundly grateful to friends for the many messages of cheer, flowers and visits and your prayers while in the hospital in Paducah. Your continued friendship as I go to Childress to reside, will be deeply appreciated. I pray that God will bless each of you.
