Crops Excellent After General Rain

Outlook For Dryland Cotton Very Good

As a whole the crops in Bailey County are in better condition because of the rains that have been received across the county in the last 10 days.

Corn is looking very good. Most of the corn has tassled out and the kernels are developing well. A small amount of corn in the area has been harvested for silage.

In 1972 Bailey County planted 13,500 acres of corn and harvested 11,000 acres. The yield in bushel per acre was 151.9 bushels. In 1969 Bailey County planted 18,200 acres and harvested 14,400 acres. The yield in bushel per acre was 88.0 bushels.

Bailey County ranked seventh in Corn production in the state of Texas with a production of 1,671,000 bushels in 1972.

Grain sorghum wise, the area is in excellent condition. Some dry land grain sorghum needs additional moisture. County Agent Spencer Tanksley said for the farmers of irrigated or dry land grain sorghum to be on the look out for the green bug infestation that has built in the last few weeks. If the farmer is in doubt about spraying for the control of green bug he can contact the county agent for recommendation on control measures.

In 1972 Bailey County planted 86,000 acres of grain sorghum and harvested 83,900 acres. The yield in bushel per acre was 64.5 bushels. Total harvested 5,413,600 bushels.

In 1972 Bailey County harvested 10,400 acres of hay. The yield per acre was 4.97 ton and the total production was 51,700 tons.

One of the real bright spots in the area is the cotton. Cotton is making excellent pro-

Local Government Important Function

Commissioners Control Many Expenditures

by Judge Glen Williams 3rd of a series

"We hold these truths to be self evident, that all men are created equal, that they are endowed by their Creator with certain unalienable rights, that among these are life, liberty, and the pursuit of happiness. To secure these rights governments are instituted among men." Thus wrote Thomas Jefferson in the Declaration of Independence.

Jefferson meant of course that all men are created equal in a political sense; that they have equal rights to "life, liberty and the pursuit of happiness." Men are not created equal physically, neither are they created equal financially, intellectually, or socially. But if this government functions as it should, then it secures those political rights to all its citizens, equally. That is, all have the same liberties, freedoms, protections, services, and opportunities. Thus the right to succeed at any job, profession, or business, to seek public office of any capacity, to worship, or not worship, as one may choose, or to ob-

tain an education, shall not be denied any citizen because of age, sex, color, or national origin.

From its humble beginning this nation has grown to unprecedented greatness. This has come about because it's people were free to grow, and to keep growing, as they so desired. It could not have happened otherwise.

We often speak of higher offices, and of the higher courts, but local offices, and lower courts, are important too. They are in fact the first, and the last, line of defense for individual freedom. For at these levels people have the best chance to obtain justice. In a sense these are the most difficult positions in which to serve. For example, the one who collects taxes must face the tax-payer on another day and live with him. The officer who makes the arrest must also get along with the one arrested, and those affected thereby. The County or District Attorney that prosecutes the law violator must do so in such a way as to properly represent society, but not make the offender feel that he is being abused. The commissioner who cannot pave a certain road, or solve a particular water problem, must explain why, and yet retain friendship. Serving as County Commissioner is a highly important, but difficult job. The judge must leave the defendant, as nearly as possible, feeling that he has been fairly treated. And he must continue to live with those against whom he has assessed punishment. These are true tests of character and judgment, so that public officials must put community interest above personal interest. They must administer justice with moderation.

He who assumes office with Godly reservation and goes about his duties with proper dignity, and grace - he who

ham, Leslie White, Jeep Shanks and Dicky Suddeth. Third row: Sammy Gonzales, manager, Lee Waistan, Mike Dale, Jim Nolan, Terry Shafer and Dave Suddeth, manager.

Mosquito Spraying Complicated Operation

During the past weeks, the aerial spraying of mosquitos has raised various questions and comments from local residents. Harry Stevens, pilot for the Marian ULV Air Spraying Service's branch office in Plainview, cited the following reasons and effects of effective and efficient mosquito extermination:

"We have learned through Stolen Cars Recovered Here

Friday the 13th was an unlucky day for the Sheriff of Bailey County. Sheriff Dee Clements' 1969 98 Oldsmobile was taken from in front of his home at 614 West 25th. The car was found about 9:30 a.m. the same morning, by a highway crew who were staking the highway, one mile west of Melrose, N.M.

Sheriff Clements reported some damage done to the rear tires from excessive speed and the motor appeared to have been over heated.

On Sunday July 15 at 3 p.m. Dr. Homer Allgood started home from the West Plains Hospital, he found his car was out of gas. His son, who was working at the hospital, took

Cont. on Page 2, col. 6

research that mosquitos can carry and transmit many diseases such as malaria, yellow fever, dengue, sleeping sickness and many others. The reason we spray is evident--to rid communities of the possibility of contacting these various diseases.

"Through use and research of the World Health Organization, ADE and CDC (Communicable Disease Center in Atlanta), malathion is the best chemical for the control of adult mosquitos and has passed all label controls set by the DPA. Properly applied, malathion gives less problem of build-up of resistance of young mosquitos. Cythion, the same basic material as malathion, has been improved so that it does not smell. American Cyanamid, the producer of both chemicals during the refining process, removed the mercaptans which causes the noticeable odor.

"Application of these chemicals is at the rate of three

Tickets On Sale For Bill Clayton Appreciation Dinner

Appreciation Dinner for Bill Clayton, candidate for Speaker of the Texas House of Representatives has been set for August 2 at 8 p.m. in the Mary DeShazo school gymnasium in Muleshoe. Bill Clayton has served the people of his area in Austin since 1962, having been re-elected five times. He came to the Springlake-Earth community in Lamb County when he was three years old. He graduated from Springlake High School and from Texas A&M University.

First invitation have been sent to all legislators in the

high plains area. Tickets for the dinner can be obtained by calling Jeff Smith at Muleshoe State Bank 272-4571, Joe Harbin at Bailey County Electric Cooperative Association 272-4504, Harvey Bass at 122 South First 272-3030 or Corky Green 103 West Avenue D 272-4276. Carvans have been planned to go all across the district selling tickets for this dinner.

Citizens from all across Texas are planning to attend stated Corkey Green general chairman for the Bill Clayton Appreciation Dinner.

REV. TIMOTHY SCHWERTNER

Plant Clinic To Be Held

There will be an ornamental disease and insect clinic held in Muleshoe on Friday, July 27 at 10 p.m. in the Bailey County Electric Cooperative meeting room.

The purpose of this clinic is to give residents of Bailey County an opportunity to bring plants that have been damaged by either disease or insects and learn the proper controls for these problems.

Dr. Robert Berry who is the area plant pathologist and Dr. Robert McIntyre who is area entomologist will be the featured speakers.

They will discuss common problems that occur to ornamental plants in the Muleshoe area. Some of the topics that

Stolen Motorcycle Recovered From Pair

Sheriff Dee Clements was called to the Clifford Mardis farm 3/4 miles west of Fairview Monday, July 16. It was reported that someone on a motorcycle had stopped at Mardis pickup and got something out of the pickup. Sheriff Clements apprehended Joe Chavez and John Chavez of Albuquerque, N.M. He took them back to the pickup to talk to Mardis but Mardis could find nothing missing from his pickup.

Bula News

By
Mrs. John Blackman

Mrs. Shoichi Oki, wife of Dr. Shoichi Oki, and girls, Tamara, Allison and Andrea from Montclair, New Jersey, arrived Saturday for a visit with her parents, the Leo Holts.

Visiting Sunday thru Monday in the A.M. McBee's home were his three sisters, Mr. and Mrs. Grady Guerry of La Pan, Texas, Mr. and Mrs. Ross Lee and Jan of Brownwood and Mrs. Ella McLean of Roswell.

Mrs. T.A. Thomas, now a resident of Morton, but formerly of our community, underwent major surgery Tuesday morning in the University Hospital, Lubbock. At last hearing she was doing as well as she could, but would be in intensive care for several days.

Mrs. Charles Powell and children, Bart, Carolyn Ann and Amy of Brownwood, are spending this week in the home of her parents, the Jim Claunchs.

Mr. and Mrs. Lowell Walden of Earth visited Sunday afternoon with his mother, Mrs. Pearl Walden.

Mrs. Black had charge of the meeting when the WMU met Tuesday at 2:30. She reviewed the book "No Man Walks Alone", which deals with different religious groups. She made comments on the Jewish religion. Mrs. Richardson, prayer chairman, read the prayer calendar with Mrs. Williams offering the

prayer for the missionaries. Mrs. Battles offered the benediction. Attending were Mrs. C.A. Williams, Mrs. Rowena Richardson, Miss Vina Tugman, Mrs. E.O. Battles, Mrs. E.W. Black, and Mrs. Eddie Riley.

Miss Alma Lou Pierce of Lubbock came Sunday and stayed with her parents, the P.R. Pierces, until Thursday.

Mr. and Mrs. Paul Young left Friday on hearing of the sudden death of his mother, Mrs. Tompys Young of Roby. Funeral services were held Saturday at the First Baptist Church, at 2:30 in Hamblin. Other children are Roy Young, Littlefield, Richard Young, Lubbock, Mildred Henry, Troy, Mich., Viola Killingsworth of Roby and Yvonne Hoover of Ontario, Calif. Others from Bula attending the funeral were Mr. and Mrs. Tomny Kirk and Mr. and Mrs. V.C. Weaver.

Mr. and Mrs. Cecil Jones and grandson, Bret met their daughter and family Mr. and Mrs. Murry Alexander and son, Kelly of Fort Worth at Lake Stamford over the weekend. Kelly came home with them for a stay of two weeks, with Bret returning home with his parents.

Mr. and Mrs. P.R. Pierce and daughter, Alma Lou, who is visiting with them and another daughter, Mrs. Frankie Carpenter and boys, Jeff, Joey and Jeremy of Muleshoe, en-

joyed a picnic Tuesday at Paladuro Canyon.

Mr. and Mrs. Jim Carroll of Abilene spent the weekend visiting with her parents, the H.M. Blacks, and with her grandmother, Mrs. E.W. Black.

Superintendent James Sinclair and school principal, Mr. G.O. Smith, attended the Small School meeting held in Austin Thursday and Friday.

George Bahlman was called to Winters Sunday due to the illness of his mother, Mrs. C.F. Bahlman.

N.D. (Doc) Boleyn underwent surgery Friday at the Littlefield hospital. He is doing fine and will be coming home soon.

Mr. Herman Nichols and son, Stanley, spent the weekend with another son and family, the Joe Nichols at Camp Hood. Joe is to be sent in the near future to an assignment in Germany.

Cliff DeSautel and Dennis McCain, accompanied by Rev. and Mrs. Eddie Riley, were in Odessa Friday night and Saturday for the Youths' Evangelism Conference.

Janice Tiller, accompanied her aunt, Mrs. Horton Griffin and daughter, Connie of Muleshoe, went to Truth or Consequences for a few days visit this week in the Hoyt Tiller home and plan to spend two days at Ruidoso.

Mr. and Mrs. W.R. Adams met his sister and husband, Mr. and Mrs. Sam Moore of Plainview, at their home on Buffalo lake and spent Sunday afternoon and night.

Attending the Llanos Altos Youth rally held at the First Baptist Church of Muleshoe Monday night were Joel and Kelly Sinclair, Janice Tiller, Dennis McCain and Cliff DeSautel. They were accompanied by the pastor and wife, Eddie and Caren Riley.

Recent visitors of the W.C. Burns were Mr. and Mrs. J.W. Shields and son, Michael, of Dallas.

Chris DeSautel, entrant in the Lamb County Sheriff Possey Play Day, Sunday afternoon brought home one first ribbon, three second place ribbons and one third place ribbon.

Mrs. Glenn Salyer and daughter, Shelly, of Felt, Okla, spent the past week with her parents, the L.H. Medlins, and other relatives in the area.

Mrs. Earl Shields and daughter, Rosslyn, of Lelia Lake spent the weekend with her mother, Mrs. Lorilla Jones, Patrice, who has been visiting with her grandmother for two weeks, returned with her.

Mrs. Warner DeSautel left from the Lubbock air terminal Wednesday at 3:00 p.m. for Norway. She flew to Fort Smith, Ark. for the night, Thursday morning her aunt, Mrs. K.A. Moudy, accompanied her on the flight to Norway. Her husband is with a deep sea diving crew at Stavanger, Norway, since May 1st of this year. They will be met there by Mr. DeSautel and she will spend most of her time there with him. She hopes to make several sightseeing tours. Mrs. Moudy will travel on to her home at Tanager, Norway.

Mrs. Harvey Whittenburg of Welch spent the first part of the week here with her sons and their families, the D.J. and Jerry Coxes.

Fishermen are coming home with more astounding stories about the ones that got away.

So far, we've found no worker who believes that he's overpaid and underworked.

ONE CAR TURNOVER A one car turnover Friday afternoon resulted in minor injuries for Mrs. Clayton Rawlins of Garland and her visitor from France, Jarnier Pascale. The women were enroute to Albuquerque from Dallas when the accident occurred eight miles east on highway 84.

Cars...

Cont. from Page 1

When Dr. Allgood came to work Monday his 1971 Plymouth was gone. A nurse from the hospital reported to the sheriff office about 2:22 p.m. that his car had been stolen. A bulletin was sent from the sheriff office. Ten minutes later Clovis Police Department reported they possibly had located the stolen car and in five minutes it was confirmed that the stolen vehicle was at the junk yard on the east side of Melrose, N.M. The rear tire was blown out and all the lettering from the car had been removed.

No arrests have been made at this time. A pickup owned by Wayne Moore was stolen and recovered by a Lamb County officer 2 miles east of the Muleshoe Country Club. The Lamb County officer was assisted by Deputy Pete Black.

The James Crane Tire Com-

Crops...

Cont. from Page 1

gress in the area. First blooms have been noted in cotton this past week.

As of July 1, 1973 an estimate of 99,000 acres of cotton standing compared to last July 1, 1972 which was 80,000 acres standing.

Potato harvest is in full swing and onions are about harvested. Tomatoes are progressing nicely with some as large as half dollars. The harvest should be in full swing by August 15. There has been a very little curley top noted in some of the tomatoes caused by the beet leaf hopper.

Rain reports for the past week are: Lariat, one inch; Clay's Corner, sixth tenth of inch; Needmore, one inch or better; Maple, one and two tenths of inches; and Bula eight tenths inch.

ISN'T IT ABOUT TIME FOR YOUR TEN MILLION, NINE THOUSAND, TWO HUNDRED AND FIFTY AILE CHECK UP?

Mosquitoes...

Cont. from Page 1

ounces per acre at 150 feet elevation and at a speed of 150 miles per hour. The rate, altitude and speed were reached by many weeks of research through refined, controlled equipment and proper sizes and amounts. Even applications give the best results for the control of adult mosquitos.

"Aerial spraying has been proven better than ground spraying because it reaches all points of the area at the same time from above and allows no mosquitos to travel from one area to another during spraying. In some cases, aerial spraying controls up to 30% of the flypopulation. House pests, roaches, silver fish, green aphids and many other insects are effected by spraying too.

"The chemicals will kill small amounts of worker bees only after they themselves become unuseful to the hive or are worn out from overworking. The best protection that a bee owner can take is to turn on a water sprinkler system over the hive after dark the night before the area is to be sprayed. Leave the water on until the spraying is completed the next day. In the months to follow, the bee owner will find the hive is stronger, there is better honey and more of it.

"It takes eight to forty-eight hours for a complete adult kill and if the spraying is completed in cycle, it should last approximately 18 days. However, if tremendous rains at any given time are received, expect a new brood of mosquitos in 5-7 days depending on the temperature. If mosquitos are found several days after spraying when a complete reduction was found, chances are that a flight of mosquitos came in from another area aided by high winds. Some mosquitos travel as much as 20 miles and much further when aided by wind.

"The best things that a taxpayer can do to help in this effort is to clean up yards, chop weeds, remove tin cans and old tires, remove junk cars and allow no standing water on the property. The Greek word 'ecology' means house. Clean up your own house first and in doing so help clean up the environment in which mosquitos breed. Control sometimes begins at home before the City Government can really help you.

"For continued best results, drainage ways should be kept open and running at all times. Total clean-up of a community and treatment of undrained water are important steps too. And weed control as well as adult ciding (aerial spraying) will aid in the control of mosquitos."

In The Neck
Two men went duckhunting. They crouched in a small punt waiting for the birds to appear.
"Duck!" said the first.
"Where?" said the second, as he stood up in time to be shot in the neck.

SPECIAL MEETING FOR BAILEY, PARMER, AND LAMB COUNTY FARMERS

Corral Restaurant-July 24th -7:00 p.m.

Triticale Foods Corporation

101 East Avenue B P. O. Box 584
Muleshoe, Texas 79247

TO: INTERESTED GROWERS

Details of Triticale Foods grain production program will be presented at a special dinner meeting for all new and current growers at the Corral Restaurant, Tuesday evening, July 24th beginning at 7:00 p.m.

The evening meal (Triticakes, of course) is courtesy of the Southwest Triticale Producers and Triticale Foods Corporation.

The program will include a summary of the results of new cultural practices utilized by contract growers in the area this year. The program will be presented by Joe Wright, Senior agronomist of the High Plains Research Foundation.

Many yield barriers were broken this year over much of our contract growing area. We are grateful to the High Plains Research Foundation for their help in developing the cultural practices that contributed to make this happen.

Triticale Foods Corporation has obtained markets for thousands of tons of triticale food products through several national outlets.

Our project is chartered and operated as a "food production system" with a set contract price with provisions for protein above certain levels. Acreage will be allotted to contract growers each year. Priority allotments will be established as a result of growers' meetings during our contract period starting July 24. Allocation of acreage will be established by the growers' committee of Triticale Foods Corporation for each county.

Each grower establishing a base for the 1973-74 crop year will be allowed to increase or maintain his percentage of the total national base each year. No new growers will be accepted in any new crop year if the original "charter" growers are able to increase their acreage enough to fill the demand as established by Triticale Foods Corporation.

All farmers interested in obtaining a triticale food grain base to grow triticale meeting.

serves without fear or favor - serves better than those who seek power, publicity, or personal gain. Public office is a public trust, and a sacred trust. This is YOUR government. You have only entrusted it for the moment in the hands of those chosen to serve. You should therefore be mindful of how well they serve. The better informed people are the easier they are to serve.

With this we turn our attention to the functions of the Commissioners Court. As stated before, the Commissioner's Court is the governing body of the County. It is composed of the four County Commissioners and the County Judge, with the County Clerk as secretary. Each commissioner must live in, and is elected by, the people of his respective precinct. But it is interesting to note that his official title is "County Commissioner" - not "Precinct Commissioner". This fact puts the commissioner in a delicate position to start with because he must be mindful of the County in general, but must please the people of his precinct in particular. According to recent court rulings, the precincts are to be balanced equally population-wise so the people have equal representation on the Court.

The regular term of Commissioners Court begins the second Monday of each month and continues as long as need requires. Therefore all Courts in Texas meet on that date. And in the larger counties their sessions continue for days and even weeks. But in Bailey County one day is usually sufficient to attend to all business at hand. Our Court also meets the second day of each month to pay bills and attend to any other business that might need attention. Quite often there is a need for special called meetings relative to other matters. These meetings are all public. The news media, and all interested citizens, are welcome to attend. The law states that a notice, with a proposed agenda, be posted on the bulletin board before each meeting. But this practice is seldom observed.

Among the powers and duties of the Commissioners Courts are the following:

Fix Precinct lines so as to equalize population, establish Precincts for the election of the Justices of the Peace and Constables, fix terms of Justice and County Courts; establish election precincts, and appoint election judges for general and special elections; lay out and establish, change and discontinue public roads, work the roads and keep them in a good state of repair, appoint road overseers and apportion hands; exercise general control over all roads and acquire right-of-ways for Farm-to-Market roads and State Highways; They are to keep the courthouse in a good state of repair, provide safe and suitable jails, juvenile detention quarters, and other necessary public buildings; they are to audit and settle all accounts against the county and authorize payment of said accounts. They are to provide for the support of destitute county residents who cannot support themselves, and provide for the burial of paupers; they set all salaries, fix property valuations, and set tax rates; They authorize the purchase of all office equipment, automobiles, and road equipment; and have general supervision of the business affairs of the County.

The law intended that all supplies be purchased on a bid basis and furnished by the lowest bidder. But this procedure is so impractical that small counties can hardly comply with it. In our county, each department is authorized to purchase its necessary supplies and present the bills to the Commissioners Court for payment. This pertains only to minor purchases such as paper, envelopes, tires, repairs and etc. All items of capital outlay, such as chairs, desks, typewriters, automobiles, and road equipment are approved for purchase before hand. And these items are

generally purchased on a bid basis.

The routine for paying bills is substantially like this: Monthly statements are received by the several departments, Commissioners, County Clerk, Treasurer, Sheriff, Judge, and others. They are brought together on Court day in the County Judge's office, accompanied by an invoice of every item purchased. They are approved by the head of the department for which the purchase was made, and are then laid on the table for action by the Commissioners Court. They are examined individually by each member of the Court, and all commissioners sign each statement, signifying approval. The statement is then placed in an envelope, commonly known as a "shuck". The amount of payment, and an explanation of the account, is written on the outside, then the judge signs it, certifying Commissioners Court approval. The "shuck" is also registered in the County Judge's Office. It then goes to the County Clerk where a warrant is issued, and the "shuck" is signed again by the County Clerk. It then goes to the County Treasurer, where the warrant is completed, signed and registered by the Treasurer. The warrant is then ready to deliver to the payee. The "shuck", with the statement and invoice inside, is permanently filed in the Treasurer's office. Thus every bill goes through the hands of the Judge, and four Commissioners, the Clerk, and the Treasurer. This system of checks and balances works extremely well in eliminating errors, and serves as a safeguard against fraud.

The County books are audited four times a year with an annual audit at the end of each year. These audit reports are on file in the County Clerk's office and in the Judge's Office. They may be examined by anyone at any time.

Among some of the items requiring major expenditures of money for general purposes, is the feeding of prisoners, providing transportation for the sheriff's department, and for the County Agent, (this item was over looked in previous articles) Purchase of automobiles, election expenses, and welfare costs. Bailey County contributes one hundred dollars monthly to the Mental Health Center at Plainview, and provides an office for the Outreach Center in Muleshoe. These facilities render invaluable service to children that need help, in marriage counseling, and for all that have emotional problems. They have greatly relieved the alcoholic situation in this County. And their services are available to

everyone.

Our system or lack of system, as the case might be, for handling welfare leaves a little to be desired. But most needs are reasonably well met. The Commodity Distribution Center, operated and financed by the State, helps wonderfully. And of course Medicare and Medicaid (under State Welfare) helps relieve the medical needs. John Sealy Hospital at Galveston is a very fine resource often used by the County. Patients can be treated there for a total cost of three dollars per day, plus special drugs and blood.

We budget six thousand dollars per year for county welfare needs, but have never spent that much. In 1972 we spent a total of forty one hundred dollars. This is less than fifty cents per person, for the eighty four hundred people of the county. However, welfare and welfare related matters, are a serious problem. They take up lots of time, and cost lots of money, directly and indirectly.

Most requests for help come to the Judge's Office and there a decision generally has to be made. Most requests are for emergency medical attention, or for emergency food. If time permits, a request is referred to the Commissioner of the Precinct from which it comes, or to the Court as a body. But generally it has to be acted on at once. So we make what investigation we can, do the best we know how, and the Commissioners have always supported us.

The Court has established a policy not to assist with maternity cases, under any circumstances. This becomes rather delicate at times because those cases often arise when there is no help available, and they can't be deferred. In such instances human lives are at stake.

The County buys one new car each year for the Sheriff's Department. We recently retained an old car, that normally would have been traded off, for general county use - to be explained later.

We furnish a new pickup, and out-of-county expenses, for the County Agent. We furnish a cemetery caretaker for the old Muleshoe Cemetery, and for all other cemeteries in the County.

We contribute four hundred dollars monthly for ambulance service in the County.

We help maintain a County Fire Department to assist with fires in out-lying areas.

We acquire right-of-way for farm-to-market roads. The State builds the roads and maintains them. Bailey County has

a very fine and well designed Farm Road System. This has contributed to the Progress and development of the County. FM Road 1760 will soon be extended west to the State Line, and on in New Mexico to the Clovis - Portales Highway. More far road mileage will probably be available in the not too distant future, and will need to be programed. We yet have needs, and are looking forward to meeting them.

We furnish office space for Department of Public Safety Personnel, for the Drivers License Division, Military Recruiters, a Civil Defense Center, Social Security Representatives, State Welfare Case Workers, and Family Planning Services. By mutual agreement, the City Police Officers are housed in the County Law Enforcement Center, and work with county officers.

As stated before, Bailey County is in good financial condition. Current revenues are sufficient for current operations. But new programs, with new directions, are arising every day. These are extremely important and are vital to the future of County Government. We must keep abreast of them and properly guide them if our county is to make its best progress. There is every reason to believe this will be done.

A mutual feeling of good will and trust exists among the members of the Commissioners Court. And harmony prevails in our meetings. This makes for constructive and Progressive government. The same spirit exists among all members of the county organization. It exists between the County and City - indeed among ALL entities - County, City, Schools, and State Personnel. This is as it should

be for we all have one common objective - to make our county a better place in which to live, rear our children. To hand them, in days to come, a county they can be justly proud of.

Motocycle...

Cont. from Page 1

out in the pasture from the second rabbit road, Mr. Birdwell brought his four wheel drive vehicle to help with the search of the boys. The boys were apprehended at Norman Head place. The subjects were then brought to Muleshoe.

The sheriff office had been notified that the motorcycle the boys were riding was stolen from Albuquerque. They were held in jail until Wednesday when they were released in custody of their parents.

Clinic...

Cont. from Page 1

will be discussed are the following: Iron and Zinc Chlorosis; nematodes; common shade tree disease; Bag worms and elm leaf beetles.

The general public is invited to bring their sick plants

and attend this clinic according to County Agent, Spencer Tanksley.

 People who object to the price of vegetables should try growing their own.

MISS SUZAN BARRETT

Miss Barrett Feted With Bridal Shower

Miss Suzan Barrett, bride-elect of Terry Wheeler, was honored with a bridal shower Tuesday evening, July 17, beginning at 6:00 p.m. in the home of Mrs. Ernest Ramm.

Receiving the guests with Miss Barrett were Mrs. George Wheeler, mother of the prospective groom; Mrs. Jodie Barrett, mother of the honoree; and Mrs. Ernest Ramm.

The serving table was laid with a white cutwork cloth over blue and centered by a large white candle surrounded by blue and white flowers. Pineapple sherbert punch, assorted nuts and thumb print cookies were

served from crystal appointments. Presiding at the table were Miss LaVern Carpenter and Miss Connie Floyd. Miss Ruth Ramm registered the guests.

The hostess gifts were a six piece set of stainless steel cookware and the candle arrangement used on the serving table.

Hostesses for the occasion were Mrs. Jimmy Carpenter, Mrs. Austin Floyd, Mrs. W.T. Watson, Mrs. Eugene Shaw, Mrs. Clarence E. Mason, Mrs. Donald Harrison, Mrs. Bobby Henderson, Mrs. Henry Stoneham and Mrs. Ernest Ramm.

Muleshoe Ladies Golf Association Luncheon Held

The Muleshoe Ladies Golf Association met for a sack luncheon Wednesday, July 18.

It was announced that the Ladies Partnership Tournament will be held Wednesday, July 25. Awards were given by Mrs. Harmon Elliott to Mrs. Tommy Haley, Mrs. Carl Bamert and Mrs. M.D. Gunstream for 18 hole golf and to Mrs. Jerry Haley and Mrs. Charles Mayhugh for 9 hole golf.

Members present were Mrs. Carl Bamert, Mrs. Don Barnes, Mrs. Burt Blair, Mrs. Billy Burt, Mrs. R.D. Chitwood, Mrs. Harmon Elliott, Mrs. E.W. Evans, Mrs. M.D. Gunstream, Mrs. Tommy Haley, Mrs. Clyde Holt, Mrs. H.D. King, Mrs. Charles Mayhugh, Mrs. Gary Miller, Mrs. Ray Precure, Mrs. Gordon Pylant, Mrs. Irvin St. Clair, Mrs. Vance Waggon, Mrs. T.R. White, Mrs. Paul Wilbanks and Mrs. Wayne Williams.

Stripes are popular, particularly for sailing outfits. Stripes may be large or small in horizontal or bias designs.

Sweaters may be sleeveless, short or long sleeved.

Local Residents Successful At National Pinto Finals

Albuquerque, N.M. was the scene of the annual National Pinto Finals where several hundred pinto horses were shown recently.

National Champion honors went to Hai Rockin Jeep, owned by Bill and Coleen Scott of Clovis. Jeep also won the Jr. reining and the championship stakes classes and was shown by Jim Pearson in both wins. Jeep is one of the few horses to win two National Championships at the same show.

Q Ton Pudden H won National Champion all aged roping horse. He is owned by Star and M.O. Simpson and was shown by Jim Pearson, Winning Reserve Champion two year old stallion and Reserve Champion Jr. stallion was One Man's Opinion, owned by Pearson and Bullock of Muleshoe and shown by Georgia Pearson. He was also sixth in a class of 53 ladies' pleasure horses.

Other horses shown and placing well were: Sassy's Hai

Karate, owned by Mike and Marc Scott of Clovis and shown by Jim Pearson to fourth place win in three year old gelding, a fourth out of 25 in Jr. pleasure and a fourth out of 41 in gentlemen's pleasure. Also B' Billy the Kid, owned by Bernice Scott and shown by Jim Pearson, placed second in two year old geldings.

There're too many leaders who would rather be smart than be right.

NATIONAL CHAMPION ROPING HORSE Q Ton Pudden H, owned by Star and M.O. Simpson, won National Champion all aged roping horse at the annual National Pinto Finals held recently in Albuquerque, N.M. He was shown by Jim Pearson of Muleshoe.

Kids Help Animals Thru 4-H Vet Science

"Kids love animals and they want to make sure that their animals stay normal and healthy," says T. W. Thompson, assistant director, National 4-H Service Committee. And he makes his point by noting that thousands of young people involved in the national 4-H veterinary science program do just that.

With the supervision of the Cooperative Extension Service and the assistance of The Upjohn Company, youths in the program learn to identify normal characteristics of healthy animals. The 4-H'ers are encouraged to observe habits, attitudes and behavior of their pets and other animals and to note changes from normalcy.

receive expense-paid trips to National 4-H Congress in Chicago, Nov. 25-29, courtesy of Upjohn.

During the National 4-H event, six national winners of \$700 scholarships are announced.

Tagging along as her local veterinarian made his rounds gave a 1972 national winner in the 4-H veterinary science program, a first hand view into veterinary science. Cindy Reich, of Boulder, Colo., traveled with her local vet for over five years, helping him worm horses, take X-rays, administer inoculations and conduct animal pregnancy tests. Currently working on an advanced manual for future 4-H'ers in the program, the \$700 scholarship winner plans a career in veterinary science.

Muleshoe Hobby Club Meets

For more opportunities offered in the 4-H veterinary science program, contact the county extension office.

The Muleshoe Hobby Club met Thursday, July 19, in the Muleshoe State Bank with LeVina Pitts as hostess. Ethel Julian, president, opened the meeting.

The hostess gift was drawn by Barbara Burton. Two visitors, Jettie Bearden and Ella Crews, were present. The next meeting will be held August 2 with Zula Carlyle as hostess.

Members present and displaying articles were Fiddle Shafer, owl plaques; Jewell Barry, monkey; Dora Phipps, quilt; Hallie Briscoe, mice and skunk made from marbles; Mable Caldwell, driftwood arrangements, bottles and fishing net float; Ola Pesch, egg carton basket; Ethel Julian, knitted sweater; Allie Barber, pillow cases; and Emma Bearden, bread dough mushroom plaques.

Other members present were Jaunita Snow, Eva Dell Gillis, Myrtle Wells, Euna Mye Oswilt, Ruth Bass, Maude Robinson, Verna Dement, Mae Henderson and Myrtle Chambliss.

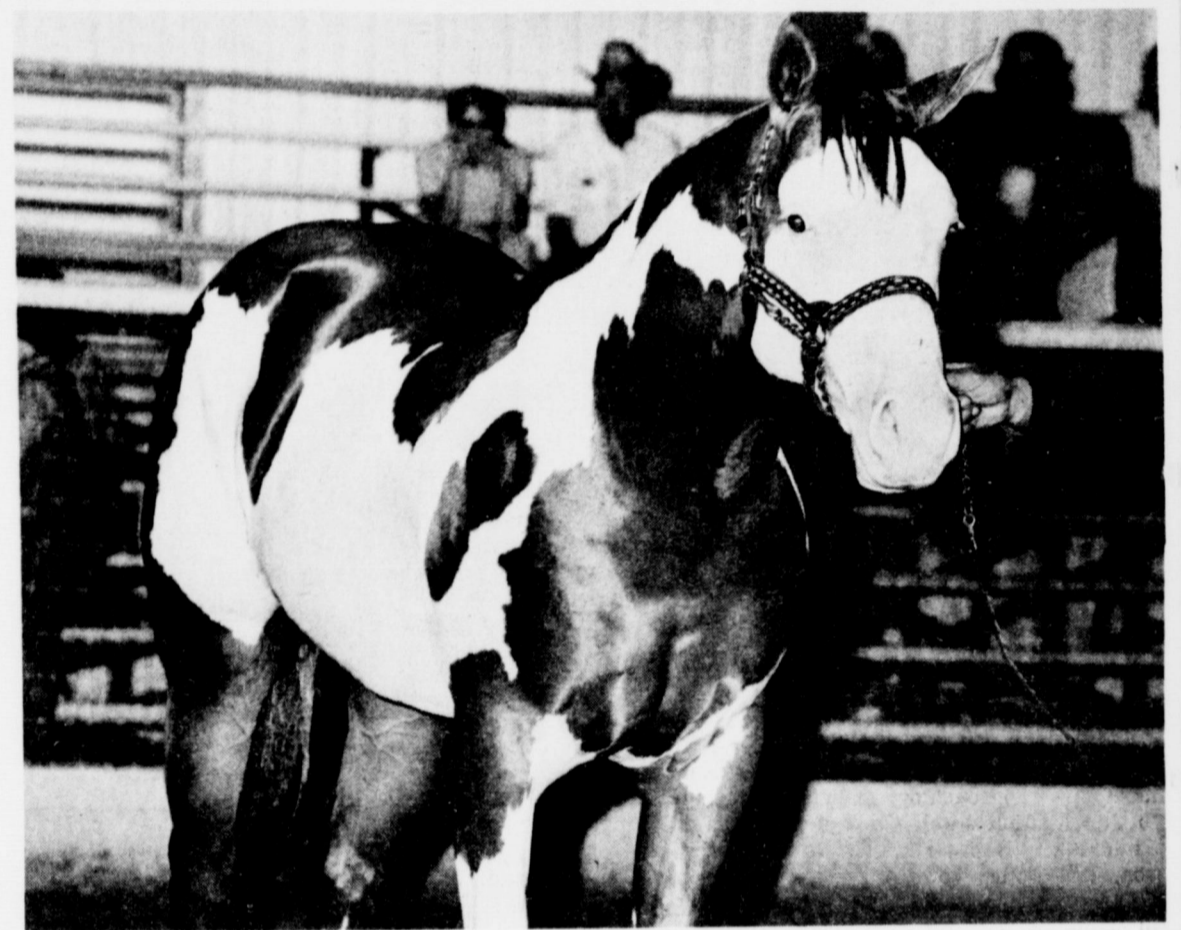

Ona Berry Is TOPS Queen

TOPS Chapter No. 34 met Thursday evening, July 19, at 7:00 p.m. in the Bailey County Electric meeting room with 20 members weighing in.

Ona Berry was named weekly queen. First runner-up was Myrtle Chambliss and June Vinson was second runner-up. Evelyn Harris presented various games in keeping with the theme of Fun Night. Judy Lee renewed her membership.

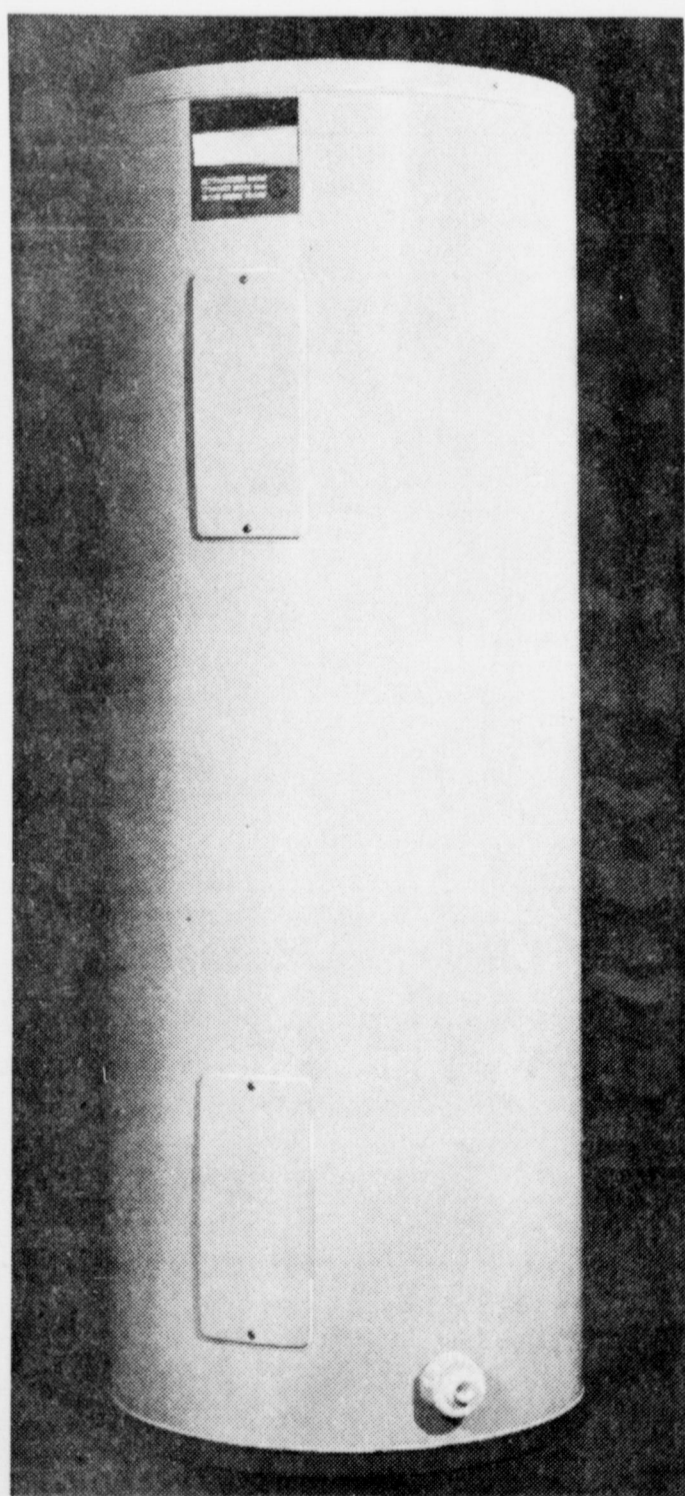

The next meeting will be held July 26 at 7:00 p.m.

A comfortable combination for summer resort wear is a halter type bodice with pants. A waistband attached to the halter leaves several inches of midriff bare.

RESERVE CHAMPION AT NATIONAL FINALS One Man's Opinion won Reserve Champion two year old stallion and Reserve Champion Jr. stallion at the recent National Pinto Finals. Owned by Pearson and Bullock of Muleshoe and shown by Georgia Pearson, he also placed sixth in ladies' pleasure.

Couple Honored On 25th Anniversary

Mr. and Mrs. Fred Stigaulde were honored Friday evening, July 20 at 8:30 p.m. on their 25th wedding anniversary with a reception in their home. The couple's four children hosted the occasion. Fred Stigaulde and Lorena Tidwell were married July 20, 1948 in Huges Springs, Tx. They have resided in Muleshoe approximately twenty years.

Mrs. Stigaulde has been employed as an L.V.N. at the West Plains Memorial Hospital for the past 11 years. The couple has four daughters; Mrs. Jeff Seiffert of Denver, Colo; Mrs. Charles Brock of Roswell, N.M.; Karen Burge and Vickie Stigaulde, both of Muleshoe.

New Parents Often Overspend When Purchasing Baby Products

COLLEGE STATION -- New parents--don't overspend on baby equipment, advises Mrs. Doris Myers.

The home management specialist with the Texas Agricultural Extension Service, Texas A&M University System, pointed out that it's easy to "go overboard" when buying baby products.

As a result, couples often purchase unnecessary items. "Actually, an infant requires very few pieces of equipment," she continued.

"It's up to the parents to decide what the baby really needs--and how much they're willing to spend.

"To help limit spending, ask friends about what they found useful. Besides furnishing information, often they're willing to loan or sell some item no longer needed."

Second-hand baby equipment definitely aids budgets.

Since babies soon outgrow many items, Mrs. Myers contends it's better to have too little than too much.

Parents also find it's easy to overspend on baby clothing. Again, babies grow quickly--so certain garments may get very little use. Keep this in mind when shopping.

"Also consider the approaching season when buying garments. Choose clothing that will fit the infant next season."

Sometimes salesmen read birth announcements and try to sell numerous products to new parents, the specialist noted. These tempting sales pitches often test their ability to resist sales pressures.

"New parents also can expect to be bargained with by photographers and various photo offers. Some are expensive one-shop portraits or long-term

deals. "Because photographs are extremely important--and usually expensive--many parents take their own. In fact, candid shots often are more enjoyable than posed ones--and certainly less expensive.

"After agreement on purchases for the new arrival, stand firm on decisions. After, all, you--the parents--not a salesman, know best," she concluded.

WEST PLAINS HOSPITAL Hospital Briefs

MR. AND MRS. FRED STIGAUDE ***** Cooperation is a delicate thing --and there aren't that many delicate people, says Dr. Jennie Kitching, specialist in family life education, Texas Agricultural Extension Service, Texas A&M University System. Education isn't complete if all that the student gets is a trained mind. ***** He that ruleth over men must be just. --Samuel 3:3.

WEDDING PLANS REVEALED Mr. and Mrs. Joe Wheeler of Comanche, former Muleshoe residents, announce the engagement and approaching marriage of their daughter, Jill Marie, to Jackie Churchwell, son of Mr. and Mrs. W.R. Churchwell of Plainview. Both are students at West Texas University in Canyon. Wedding vows will be read August 4 in Levelland. Miss Wheeler is the granddaughter of Mr. and Mrs. Johnnie Wheeler of Maple and Mr. and Mrs. Fred Carter of Levelland.

Nursing Home News
by Myrtle Guinn

Mr. Pugh entered the nursing home on July 14. He isn't very well and his wife stays with him all she can.

Dixon Ray came to see his grandmother, Mrs. Duke, Saturday, bringing her a beautiful bouquet of yellow gladiolas. Her daughter, Erma, comes every day to see her too.

Mrs. Pauline Tunnle brought her grandchildren, one boy and two girls, to see their Great Grandmother Chaney before going to Sunday School and Church Sunday morning. They are

beautiful children and I was glad to get to meet them.

Mrs. Mary Bell Hardin entered the nursing home Saturday. Her daughter, Mrs. Guy Sanders of Morton, has been with her most of the time.

Mrs. Jeanne McVickers comes every day to see her mother, Mrs. Curry, and help her with her supper.

Those having birthdays in July were honored with a party with refreshments and having their pictures made for the Journal. Mrs. Gibbs, Mrs. Stevens and Mr. Homer Johnson were the ones honored this month. Mrs. Jeanne McVickers, along with several others, served refreshments of juices and cookies. Our thanks to them.

Mrs. Epperly and Mrs. Guinn were moved from room 82 to room 77.

Mrs. Gibbs and Mrs. Fulcher will occupy room 82.

Mrs. Damron visited Mrs. Duke and also Mrs. Lewis Tuesday afternoon. Erma also visited her mother Tuesday.

Mr. and Mrs. Keith Boone

and family of Springlake visited Mrs. Whitford Sunday.

Mrs. Jackson visited with Mrs. Lewis Tuesday afternoon.

Mr. and Mrs. Ben Williams' son, Harold, of Clovis, N.M., visited them at noon on Tuesday. Mrs. Williams is feeling better.

Mr. and Mrs. Stevenson visited her mother, Mrs. Nichol-

son, Wednesday morning and stopped by for a short visit with Mrs. Lewis and Mrs. Guinn.

Mr. O.B. Whitford came Wednesday morning to see his mother, Mrs. Whitford, bringing her a bouquet of pretty flowers.

Mrs. Annie Brown was moved to a private room, number 97.

Renna Beazley and her grandmother, Mrs. Sanders, came to see Mrs. Hardin, their mother and great grandmother, Wednesday.

Mrs. O'Hair of Bovina came to see Mrs. Miller, her mother, Wednesday afternoon.

Mrs. Lowe of Morton and Mrs. Timms came to see Mrs. Perry Wednesday. Mrs. Lowe is a friend and Mrs. Timms is her daughter.

Mrs. Luther Vinson visited me Thursday afternoon and brought me a dish of delicious assorted fresh fruit. They are delicious.

Mr. and Mrs. Lewis and Kirk came in to see his mother, Mrs. Lewis, on Wednesday night.

Mrs. Brown's daughter came Wednesday and took her out to lunch. She is Mrs. Sybil Simpson and she lives in Clovis.

Mr. Cross visited his mother Mrs. Cross, on Wednesday afternoon.

Mrs. Bryant came Wednesday afternoon to see her father, Mr. Denny.

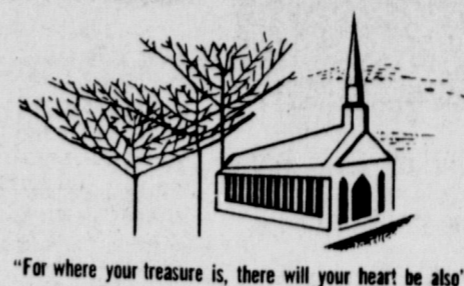

Mrs. Glasscock visited her brother, Mr. Gilbreath, on Wednesday afternoon.

Mrs. Pauline Tunnell came to see her mother, Mrs. Chaney, Thursday morning.

Mrs. Mae Provence came to see her mother, Mrs. Sain, on her way to work Thursday.

The following is from an article by Norman Vincent Peale and is something we would all profit by if we would only apply it to our own selves daily. It follows: "Here we all are, surrounded by endless opportunities for service. If we will do our part, God stands ready to do his, but he doesn't go where he's not invited. So the last and most important bit of advice I have to offer is three simple words: Ask him in."

An investment in Your Future
ATTEND CHURCH

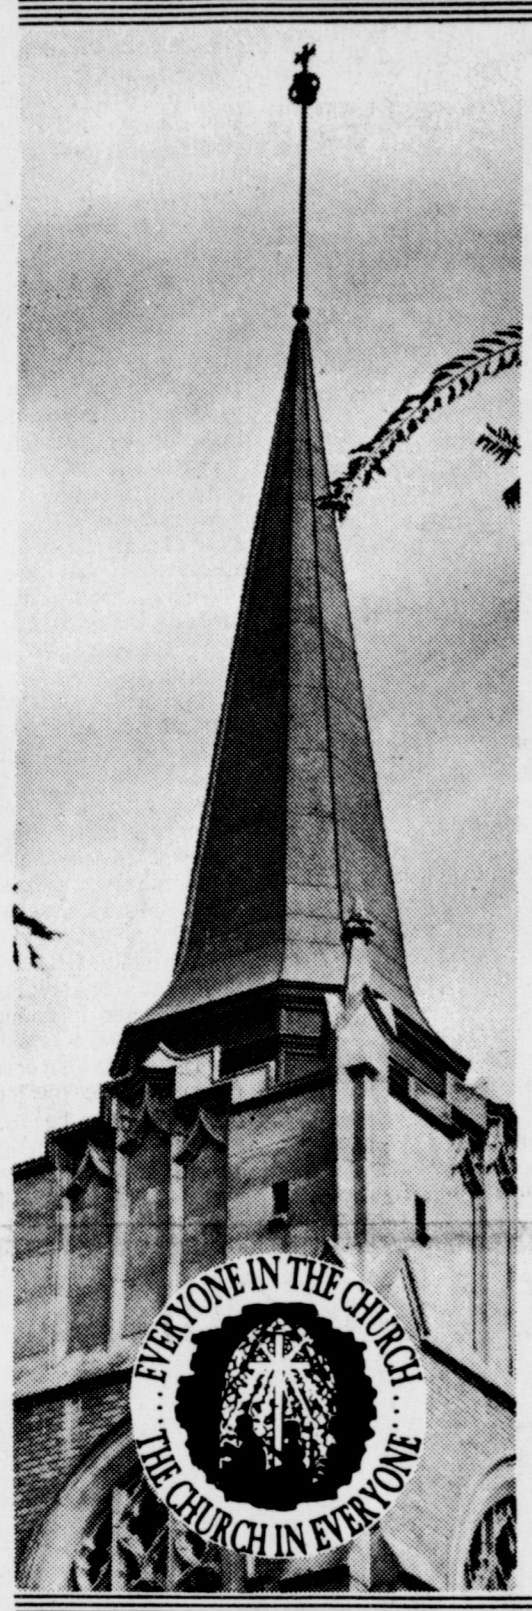

"For where your treasure is, there will your heart be also"

A PLACE TO PRAY

Man can, and should, pray anywhere. God has placed no limitations on his communing with him.

Our Lord has said, "... Ask and ye shall receive." God listens when we seek him, no matter where, however he desires that we gather together in prayer too. "... mine house shall be called an house of prayer for all people."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

PAINT HORSES SOLD Mr. and Mrs. Vernon Jamison of Lariat recently sold five head of paint horses to Mr. and Mrs. Ken Gregory of New York to be shown at various horse shows. The horses were transported to New York by Speck Wilson of Glen Rose and should arrive there sometime Sunday afternoon.

RECIPE

By Sarah Anne Sheridan
New potatoes are already appearing on the market. However, the spring gardener looks forward to his first harvest of small new potatoes. They are delicious combined with other fresh vegetables or in special recipes.

- Savory New Potatoes**
- 1 10 1/2 oz. can consommé
 - 1 can water
 - Few celery leaves
 - Few sprigs parsley
 - 1 bay leaf
 - 1/2 t salt
 - 1 lb. small new potatoes
 - 3 slices bacon
 - 1 small onion

Bring consommé, water, celery leaves, parsley and seasonings to a brisk boil. Drop in scrubbed, unpeeled potatoes and cook, uncovered until potatoes are tender when tested with a fork. Strain off the liquid. Reserve vegetables. Boil liquid until 1/2 cup remains. Cut each slice of bacon into 4 pieces and fry until almost crisp. Add finely chopped onions to bacon and bacon fat and cook until done. Add potatoes and consommé to onion, bacon mixture. Cook over medium heat, spooning liquid over potatoes occasionally, until heated thoroughly.

Since long-life bulbs generate more heat, use standard bulbs during summer months to lessen air conditioning load, advises Lynn Bourland, home management specialist with the Texas Agricultural Extension Service, Texas A&M University System.

Cooked dry beans freeze well. For best quality, cook beans until barely tender--freezing, like cooking, softens them, says Mrs. Gwendolyn Clyatt, consumer marketing information specialist, Texas Agricultural Extension Service, Texas A&M University System.

Market Report

COLLEGE STATION--There is no immediate shortage in poultry supplies, although many people in the poultry industry are concerned about the increasing cost of feed weighed against the price freeze, Mrs. Gwendolyn Clyatt said this week.

The consumer marketing information specialist, Texas Agricultural Extension Service, Texas A&M University System, added that at present "eggs are on the good-value list and make excellent protein dishes." "Fryer chickens are featured in a good many markets, and they'll continue as a popular item through the Fourth of July when menus feature fried chicken and deviled eggs--both selling at relatively low prices, presently."

Beef prices are about the same as for the past month, the specialist noted.

"Since this is 'broiling-steak season,' the better beef values appear on chuck roasts and steaks, ground beef, short ribs, round steaks and roasts."

Pork prices generally are the same as for the past few weeks, with best values on hams, picnics, shoulder roasts and steaks, end cut loin roasts and chops, Mrs. Clyatt added.

Fresh fruit and vegetable items in good supply at the most economical prices include Valencia oranges, cantaloupes, watermelons, Santa Rosa plums, Bing cherries and pineapples.

Also corn, carrots, squash, yellow onions, celery, cabbage, potatoes, cucumbers, radishes and green onions.

The specialist also named pasta products as economical "menu-changers."

"Macaroni, noodles, and spaghetti make up a trio of familiar names referring to more than 170 different shapes and sizes of pasta products--short, long, narrow, wide, thin, thick, shells, bows, ribbons, rods and circles to name a few.

"Each pasta product provides a chance for menu variety whether served as is, or mixed and matched with sauces, seasonings, vegetables and meats," she concluded.

Library News

by Anne Camp

The Library has been humming with activity this summer, and boys and girls are reminded that there are just two more weeks to finish the books under the Summer reading program. Wednesday, August 1 will be the day to bring all your reading lists back to the library. Some extra events are planned to make this a big day at the library. So watch for announcements! 45 new childrens books are being added this week to add to your reading enjoyment. Happy Reading Readers!

We have just arranged a comfortable "reading-nook" at the paperback section for the paperback fans; and if you see a girl or two running around

with a little black nose or fingernails, it is probably Donna or Kim who volunteered to paint the old paperback rack a nice soft black. Many thanks to the girls for this "above and beyond the call to duty" job.

The library has been receiving many Memorial gifts for books this summer. Most recent are:

Given in memory of Jack Allison by: Mr. and Mrs. John W. Gunter, Jr., a classmate, Delinda Henry, the Don Garten Family, the Irvin St. Clair Family, Officers and Employees of the Muleshoe State Bank, Mr. and Mrs. Willard Tibbets and Mike, Mr. and Mrs. H.A. Douglass, Jr., Mr. and Mrs. Eugene Buhman, Max and Tracy, Mr. and Mrs. Joe Costen, the Bill Wimberly family, Mr. and Mrs. Jack Young, and Mr. and Mrs. V.L. Benedict.

Given in memory of John Farley by: Mr. and Mrs. Morris Douglass, Mr. and Mrs. John Blackwell, Mrs. Bernis Camp, Mrs. Ted Millsap, the Irvin St. Clair family and Mr. and Mrs. Jack Young.

Given in memory of Cliff Jones by: Mr. and Mrs. Bernard Phelps and Charles and Marie Lenau.

Given in memory of Wiley (Tinker) Lee, Jr. by: Mr.

and Mrs. Jimmy Bruton.
Given in memory of E.K. Angeley by: the Llano Estacado Civic Club, the Robert Hunt family, Dr. and Mrs. Jim Tucker and boys, Mr. and Mrs. Bernis Camp, Mr. and Mrs. Ted Millsap and the Billy Reese family.

Given in memory of Mrs. Doris Brown by: Mr. and Mrs. Alex H. Williams, Mrs. Pearl Cox and Mr. and Mrs. Ted Millsap and Debbie.

Given in memory of Jay Harbin by: Mr. and Mrs. H.A. Douglass, Jr.

Given in memory of Mrs. Mamie Haley by: Mr. and Mrs. Jack D. Young and Mr. and Mrs. W.M. Pool II.

Given in memory of Mrs. Maxine Elliott by: Lee and Margaret Kimbrough.

Given in memory of Chester Lee Allen by: Mr. and Mrs. Kenneth Precure.

Given in memory of Mrs. Hattie Rocky by: Mr. and Mrs. Jack Young, Mrs. Snow Davis and Mildred Davis, Mr. and Mrs. Donald May, Mr. and Mrs. Tom Campbell, and Charles and Marie Lenau.

Given in memory of Mrs. Lenora Allgood by: Margaret White.

Given in memory of Hubert Elliot by: Charles and Marie Lenau.

Given in memory of Mrs. Leota Wilterding by: Short

and Hattie Bickel and Mr. and Mrs. Joe Costen - a book on First Christian Church.
Given in memory of C.R. Farrell by: Short and Hattie Bickel.
For each of these, a book will be placed in the library, with a bookplate showing the donor, and the family is notified of the gift. For information on how to give a memorial, call the library, 272-4707.

New Cotton Program Announced By Butz

Washington, D.C., July 12 - (Special) - A program to help cotton growers seek better yields was announced jointly today by Secretary of Agriculture Earl L. Butz and Mike Maros, president of the National Cotton Council.

In announcing the campaign, the two officials said the cotton industry faces a special challenge in fulfilling demand during 1973.

"The activity is especially important now because of widespread flooding that reduced cotton acreage in recent months," Secretary Butz said. "We will focus our effort on increasing yields of the highest quality cotton growers can produce to assure the supply that we need for domestic consumption and our overseas customers," he said.

Mr. Maros, a cotton farmer from Fabens, Texas, said, "The lateness of the crop due to flooding and bad weather underlines the importance of a 'late crop' management program." He said part of the challenge is the potential shortage of critical resources such as fuel, certain chemicals, and equipment.

"We also are looking at a serious transportation situation," Mr. Maros added. "This could result in delays of several weeks in moving cotton to mills."

He explained that extremely tight cotton inventories are being reflected in rising prices. The need for adequate cotton production is especially important because synthetic fiber production has been hampered by shortages of certain petrochemicals.

Mr. Maros said that similar

programs by USDA and the Council during the past two years had enabled the industry to meet the challenges of those years.

"We believe appropriate action can close coordination between industry and government can overcome, or at least reduce, the adverse effect of most of the obstacles during 1973," Mr. Maros said.

Jasper Jernigan, Extension cotton specialist, Memphis, will serve as Extension coordinator. "He will work closely with the Council and with the state Extension services, USDA, and cotton leaders," said Edwin L. Kirby, administrator, Extension Service,
