Plans Mapped For Annual Campaign Opening Nov. 11

After adopting a \$1,660 budget which included a major item for \$1,000 in assistance of a public health program, the Howard county chapter of the Red Cross Thursday afternoon made plans for the annual roll call.

100 Workers

A goal of 2,500 members was established, and officials set up an objective of at least 100 workers. In contrast to former campaigns, this year's roll call will place particular stress on the residential areas. This portion of the drive will start two days in advance of the regular roll call, which opens officially on November 11.

Ken Cole,

chairman, and Mrs. Mary Delbridge, who will head up the organization work, are completing plans for their job and enlisting workers.

Boosting of Howard county from its fifth to second place in the state from the point of membership in relation to population was a goal established by Stine Phillips, chapter chairman.

In addition to the public health appropriation, the chapter set aside \$200 for local welfare work and another \$50 for its contribution to sending two persons to the Red Cross water safety school.

Robert T. Bridge, field representative for the Red Cross, stationed at Abilene, attended the meeting Thursday. Others taking part were Phillips, Cliff Wiley, J. H. Greene, Jena Jordan, and Mrs. Mary Delbridge.

Pleads Guilty To Espionage Charge

NEW YORK, Oct. 14 (AP)—Guenther Gustave Rummich, former United States army sergeant, unexpectedly pleaded guilty to espionage charges in federal court today as he was about to go on trial with three other persons, accused of being spies.

Rummich, alleged by the government to have stolen a military aviation code, was a native of Chicago and the son of German parents. He deserted from the army in 1935.

He entered his plea as Judge John C. Knox was about to order a jury empaneled for the first important espionage trial in the United States since the World War. Judge Knox deferred sentence until the end of the trial.

BONFIRE AND RALLY TO PRECEDE GAME

A pep rally preceding the Big Spring-Abilene football game tonight will center around a bonfire on the south part of the high school campus, school officials announced this afternoon.

The bonfire will be touched off at 6:45 p. m. and following a rally there, the high school band and pep squad will stage a parade through the downtown area before going to the stadium.

What Is Your News I. Q.?

Each question counts 20; each part of a two-part question, 10. A score of 60 is fair, 80 good. Answers on editorial page.

1. Identify this woman. How did she get into the news during the recent war crisis?

2. Name three of the colleges that play football under these names: (A) Wildcats, (B) Huskies, (C) Gophers, (D) Panthers, (E) Longhorns.

3. What speed record recently was set by Sir Malcolm Campbell?

4. The queen of what great nation is only 35 and is expecting a sixth child?

5. Name the nations of Europe's new "four-power diplomacy". What power is conspicuously absent?

Government Mapping New Plan Of Attack On Unemployment

WASHINGTON, Oct. 14 (AP)—Informed persons in the administration disclosed today that a broad new attack on the problem of unemployment is in the making.

This may result, they said, in presentation to congress early next year of a correlated program for restoring work opportunities by improving conditions in the nation's basic durable goods industries. Details have not been made known.

At the same time it was learned that a major obstacle of the monorally investigating committee will be to uncover business practices and faults in the nation's economic structure which, in the words of one member, "cause conditions in which people can't get jobs."

Heavy Goods Industries Need Help

The committee's work probably will be concerned with a long range solution to the problem, but some administration officials are more interested in starting on a program during the winter.

These officials contend that no substantial improvement in business can be expected until the nation's estimated 10,000,000 or more jobs begin returning to useful employment in private industry.

They say a sound prosperity must be based on restoring prosperous conditions to the heavy goods industry. This can be brought about, they argue, by setting the railroads on their feet so that they can become big customers, by further stimulating building construction, by encouraging greater automobile production, and in similar ways.

It is their contention that the pick-up in 1937 resulted almost entirely from improvements in so-called consumer goods markets, and that it collapsed because these improvements were not supported by advances in the durable goods industries.

AFL Session Ends With Peace Talks

Green, Accepting Presidency Again, Pledges To Work For Harmony

HOUSTON, Oct. 14 (AP)—American Federation of Labor unions, armed for war but apparently anxious for peace in labor's internal strife, today turned over to their executive council for action the policy mandates of the 58th annual convention which adjourned last night.

Jammed into the program for future action in an 11-day meeting that was dull and stormy by turns were a dozen controversial issues that called for action on the political and industrial fronts. The convention voted to meet in San Francisco in 1939.

After the tumult and debating over dualism and the New Deal in the closing days of the session, the convention closed on a "high note of peace" sounded by William Green in a speech accepting for the 15th time the presidency of the A. F. of L.

"I promise to you," Green said, "that I shall make every contribution that lies within my power toward the promotion of peace in the labor movement; I shall do what I can to heal the wound and close the breach and unite the forces of labor."

His avowal to seek unity followed a few days convention action approving the continuation of the "war chest" special assessment levied a year ago for extensive organizing purposes, and the adoption of a report on "secession and dualism" recommending that the council be authorized to "carry on the battle and at the same time stand ready to respond to any genuine appeal for peace."

Daniel J. Tobin, leader of 350,000 members of the International Brotherhood of Teamsters, and the lone outstanding advocate of an immediate peace action by the leadership, said it might take a month or a year to reopen the unity negotiations with the C.I.O. broken off last December after a tentative formula for peace had been reached.

Tobin intimated strongly there may soon be a "conference" in Washington, and many delegates speculated on what might happen between the warring factions before the C.I.O. convenes its first national convention at Pittsburgh November 14.

There still was a possibility, some sources indicated, that President Roosevelt may aid in bringing about a settlement.

ALLRED'S BROTHER PLEADS INNOCENT TO OIL VIOLATION

HOUSTON, Oct. 14 (AP)—Renne Allred, brother of Governor James V. Allred, and Neal Powers, former assistant Texas attorney general, today pleaded innocent to a federal indictment alleging conspiracy to violate the Connally hot oil act.

Validity of the Connally act and the Texas oil proration laws were attacked in some of the 53 motions filed in behalf of the two men. One motion described the indictment as vague.

Separate motions to quash the indictment were filed.

Victim Supposedly One Of Five Slain By Tavern Owner

SAN ANTONIO, Oct. 14 (AP)—The decomposed body of a woman, shoveled from a sandy grave near Ingleside, added a second chapter today to the grisly story being unfolded by officers investigating the disappearance of several feminine employees of the late Joe Ball, Elmdorf tavern owner.

Three other women still were unaccounted for.

The body, believed to be that of Minnie Gotthardt of Seguin, Tex., was found yesterday on the beach, under 12 feet of sand which had been removed with a gasoline shovel.

Hungary Bows To Hitler's Peace Move

Troop Mobilization Delayed As Discussions Renewed

BUDAPEST, Oct. 14 (AP)—Diplomatic circles reported today that Hungary had postponed scheduled mobilization of her army at the request of "great foreign powers," especially Germany, "in the interest of European peace."

Reliable sources said a Hungarian delegation left by airplane at noon (5 a. m., C. S. T.) for Berlin at Adolf Hitler's invitation to discuss minimum territorial demands Hungary might make on Czechoslovakia.

The mobilization was said to have been scheduled for 11 a. m. today.

After an all night meeting the cabinet announced a decision to take "further measures for the military security of the country" and said heavily armed Czechoslovakia had attempted to exert pressure on Hungary in the dissolved Komarom conference.

Shortly after the announcement was issued, 500 students of the University of Budapest staged a demonstration in Liberty Square demanding arms to fight Czechoslovakia.

The demonstrators chanted: "To-day—Duce! There was no coupling of the name of Adolf Hitler with Hungary's recent, Admiral Nicholas Horthy, as there had been at previous gatherings.

The cabinet's communique asserted that Czechoslovakia had mobilized men up to 60 years of age. Hungarian political circles took the view that Hungary could not tolerate wide military disparity between the two countries.

Czechs Pledge Hitler A 'Loyal Attitude'

BERLIN, Germany, Oct. 14 (AP)—A foreign office spokesman today said Czechoslovakia assurance of a "loyal attitude" toward Germany was of sweeping character.

Czech Foreign Minister Frantisek Chvalkovsky reportedly gave such assurance to Adolf Hitler today.

"A loyal attitude seen through German eyes," this commentator said, "means for Czechoslovakia to adapt her foreign, economic and military policies to Germany's."

At least it means that Czechoslovakia will not do anything along any of these lines that runs counter to Germany's interests.

Berlin foreign office circles were convinced that Chvalkovsky's talk with Hitler would prove so fruitful that no necessity would arise for reviving the four-power conference to deal with Hungary's territorial demands.

Order Probe Of Lynching

Mob Hangs Negro Accused In Attack-Slaying

RUSTON, La., Oct. 14 (AP)—District Judge E. L. Walker said today he would call a special session of the Lincoln parish grand jury next Monday or Tuesday to investigate the lynching yesterday of R. C. Williams, 19-year-old negro.

A mob of several hundred men caught the negro, marched him to the spot where they said he killed R. M. Blair, 30, Jonesboro papermill foreman Tuesday night, and slugged his woman companion, and hanged him from a tree before ridding his body with bullets.

Blair and his companion, a Ruston waitress, were beaten as they sat in a parked car on a side road three miles east of here. It was the second such occurrence reported within a month. In the previous case the man suffered a fractured skull and the woman was criminally attacked.

Three youths caught Williams as he sought shelter in a building at his grandmother's home and turned him over to the mob. Sheriff Bryan Thigpen, informed of the capture, sought to intervene but a mob leader held a gun against the sheriff and said he would shoot if the sheriff interfered.

CHARGES FILED IN ABILENE SHOOTING

ABILENE, Oct. 14 (AP)—Complaints charging assault to murder, robbery with firearms and automobile theft were filed in justice court this morning against Gildard Berry Butler of Houston in connection with the holdup shooting of John E. Pilkington here Wednesday.

On motion of the state, examining trial was postponed by Justice of the Peace Theo Ash until Monday. Appearance bonds of \$1,000 on the assault to murder charge and \$3,000 on the robbery charge were set.

EL PASOAN KILLED IN HIGHWAY CRASH

MIDLAND, Oct. 14 (AP)—Robert S. Coche of El Paso, was killed seven miles west of here last night when his automobile crashed into a truck driven by Bradley Vines of Lamesa. Officers said Coche apparently went to sleep while driving.

SETTLERS FLEE FROM NORTHERN FOREST FIRE

Ready for a quick get-away as manning forest fires swept nearer, children and neighbors of Mrs. Edith Stone (with high chair) carried the furniture out of her house near International Falls, Minn., ready to be loaded on trucks. Twenty were known dead in the forest fire and it was feared the toll would be higher.

Chinese Flee Hongkong As Japs Continue Bomb Raids

Nearby Town In Flames After A Heavy Attack

HONGKONG, Oct. 14 (AP)—The civilian population of the teeming South China coast started a mass exodus into the interior today in flight from heavy Japanese air raids and advancing ground forces.

Unconfirmed Chinese dispatches from Canton said Waichow, immediate objective of the Japanese, was burning furiously after one of the heaviest air raids yet seen in South China. Casualties were estimated at 1,000.

Japanese warplanes were said to have flown over Canton, dropping leaflets demanding surrender of that metropolis by tomorrow under threat of "complete and thorough bombing."

Canton began mass evacuation of 400,000 women and children and prepared to send the province and municipal governments into the interior.

Refugees traveling by carts, trucks and on foot met thousands of Kwangsi province troops from the west marching to Canton to aid in defense of the city.

Intense bombing and shelling left Tamsui in ruins. The invaders drove relentlessly toward the important garrison city of Waichow, 52 miles east of Canton and 35 miles north of Hongkong.

Chinese resistance improved as the Japanese columns moved steadily inland, but the invaders' airplanes and artillery were being used with crushing force.

With the destruction of a long wooden bridge about 15 miles north of Hongkong, Canton was cut off completely except for the highway to Waichow and the water route to Macao, Portuguese colony 70 miles south of Canton.

Chinese military supplies from Hongkong were blocked, and it was learned a caravan of 160 trucks, by which an effort was made to send materials to Canton, was forced to return here after finding the bridge destroyed.

More than 200 foreigners remained in Shamsen, including 80 Americans. The United States consulate in Minlan, with one French and five British war vessels, were bottled up in waters near Canton.

HE HAD MONEY WORRIES, TOO

AUSTIN, Oct. 14 (AP)—Proof that O. Henry—famed American short story author whose real name was Will S. Porter—was as human as the rest of us lies in a carefully preserved account book in the state land office.

Among the archives, Chief Clerk E. V. Bollinger pointed out today, is a record of Porter's salary payments. Even as you and I, Porter seldom missed a month without drawing on his \$100 a month salary in advance.

More than 30 "W. S. Porter" signatures, his receipts to the prepay day drawings, are shown on the yellowing pages of the salary book, dated 1887.

Bollinger said many visitors call at the land office where Porter was a clerk four years to study documents in his handwriting and some have said they would give a pretty penny for the manuscripts. Since they constitute part of the records in the land office, however, they are not for sale.

Port Project Is Changed

Surface Work On One Runway To Start At Once

Revamping of the city-WPA airport project to provide for surfacing of one runway and application of primer coat to a second in the near future was announced Friday.

The change in the procedure of the project was agreed to in a conference between F. W. Callahan, district WPA supervisor, and city officials.

B. J. McDaniel, city superintendent of operations, said Friday that crushing of approximately 3,000 yards of rock would start next week. He estimated that it would require at least two weeks to complete this preparation for the paving of the nearly mile-long runway.

As soon as the rock is available, application of a three-course rock aggregate asphalt topping will be applied to the north-south runway which already has 4,800 feet of 15-foot wide and eight-inch thick cashe base installed.

The shorter east-runway will be given a prime coat to hold the base in place pending paving of it. Later the base will be installed on the northwest-southeast runway and the project completed. The change will mean, in effect, that base operations will be slowed in favor of surfacing work. The project is under the supervision of R. H. Morton.

Martin To Vote On Road Bonds

\$50,000 Issue Up For Decision At Polls Saturday

STANTON, Oct. 14 (Spd) Taxpayers of Martin county will go to the polls Saturday to vote upon a bond issue, which, if approved, will mark the beginning of extensive road improvement in the county.

Importance of the issue at hand has been emphasized by proponents of the project.

The issue calls for bonds to the amount of \$50,000 for the purpose of constructing, maintaining and operating macadamized, gravelled or paved roads in two directions over the county. It includes construction of a highway, already designated by the state, which would extend 11 miles north of Stanton to Lenoira, then west about 20 miles to the Andrews county line, where it will connect with a highway through to New Mexico. Not only will such a road open a new trade territory for Stanton, but will route traffic from New Mexico through here to state Highway No. 1.

The northern end of the Lamesa-Stanton highway, some 15 miles, is not included in this issue. However, according to County Judge C. E. Story, approval of the present bonds will mean assurance of a paved road to Lamesa eventually.

In predicting that the bonds would carry, Judge Story said "Should the bonds be approved, it will mean the beginning of better transportation facilities for the entire county."

HOSPITAL SEWER LINE IS NEAR COMPLETION

Completion of the installation of 10-inch sewer lines to the state hospital site north of town by Saturday was predicted today by B. J. McDaniel, city superintendent of operations.

With the exception of a small gap which must be tunneled under the state highway, the city has installed 7,841 feet of the 10-inch line within the past month. It runs from First and Gregg streets, where connects the main outflow line, to the hospital grounds.

Next week the city will extend a two-inch water main to the Park Hill addition in the southwest part of town.

P-T-A. Meeting Attended By A Record Crowd

Tea Given In Honor Of The School Faculty

Business meeting of the West Ward PTA followed by a tea honoring the teachers and commemorating the 29th anniversary of the Texas Congress of PTA attracted a record attendance Thursday afternoon with a registration of over 80.

The program opened with a prayer by Mrs. H. S. Jenkins followed by the PTA theme song directed by Mrs. Buel Fox. Mrs. Bart Wilkins had charge of the program which consisted of a talk by Mrs. Fox on "Observing Our 29th PTA Birthday" and an address by Mrs. W. W. McCormick called "American Homes."

Betty Jo Jenkins gave a Dutch reading and W. C. Blankenship, superintendent of schools, talked briefly.

Books Distributed

The year books in the PTA colors of gold and blue were distributed to the 52 paid members and plans were made for a Halloween carnival to take place this month.

During the ten hour refreshments were served from a table decorated with a large white birthday cake referred to in gold. PTA Birthday A bowl of gold dahlias centered a table presided over by Mrs. Robert E. Lee, president. Mrs. W. E. Anderson, Mrs. Fox and Mrs. C. E. Casey.

Mrs. Della K. Agnelli first grade teacher presented the attendance book awarded for having the most parents present.

GIRL ATTACKED AND DAUBED WITH PAINT

FINDLAY, O., Oct. 14 (AP)—Two men who attacked 18-year old Betty Gazarek, daubed obscene words on her body with paint and left her in a roadside ditch were untried today.

While her father, Steve Gazarek, waited in his automobile, Harvitt said, Betty went to a store Wednesday night and bought red paint and a brush.

"As she left the store, two men pushed her into an automobile and drove away," Sheriff Lyle Harvitt said. "They drove all night and yesterday stopped at some farm or outbuilding. The men took her clothing from her, assaulted her and painted vile words on her body with her own paint and brush. Last night they drove again and shoved her from the automobile into a ditch."

Her condition was described as not serious.

CATTLE DESTROYED IN FREIGHT CAR FIRE

KANSAS CITY, Oct. 14 (AP)—Fourteen head of Shorthorn cattle bound for the American Royal Livestock show here were destroyed in a freight car fire last night near Onaga, Kas.

The car was part of a Union Pacific freight train from Portland, Ore. The cattle were owned by W. C. Anderson of West Liberty, Iowa.

Film Curls Have Their Ups And Downs Over The New Coiffure

By BETTY CLARKE AP Feature Service Writer

The battle rages. Middle-aged and young red-head and bleach blonde—all are putting their hair up and down—and down and up again. Hairdressers and fashion experts nod favorably toward the new coiffure. Husbands and college boys shout, "No." But everybody's doing it—even Hollywood.

BLONDE CURLY LOCKS

Until a few short weeks ago Anne Nagel, beautiful blonde motion picture actress, wore her tresses long, in a golden frame about her photogenic face.

BRUNETTE TRESSSES

Movita, the Mexican movie star, also wore her hair in rolls and curls about her face. Mostly she parted it in the middle, left it loose about her ears.

GO UP

Because her fiancé wanted to see her hair up, she went to Hollywood. Westward, she had it brushed and pinned up, brought some barretts and combs.

FOLLOW

Tempted by the new hair styles, she had her curls piled high on her head. Will they stay on? Hair stylists insist. Tired hair means upped business.

Check-up Shows Sale Of Over A Hundred Tickets

Concerts To Be Held At School Auditorium

Friday morning check-up shows that 103 adult season tickets and 21 student tickets to the Musical Art Series have been sold since the campaign was launched Monday morning by the Music Study club.

As the record now stands, the club is only 47 adult tickets short of its anticipated goal at the close of the campaign Monday morning at 11 o'clock but the student tickets are behind 51. At the beginning of the drive, the members decided to try to sell 150 adult and 75 student tickets by the end of the week.

At a business meeting earlier in the week, the club voted to hold the concerts at the new high school auditorium instead of the municipal auditorium.

Ten tickets and tickets sold to date are:

Adult tickets: Pitman 8, Willis 10, Moore 2, Woods 33, Flavelle 27, Dickey 15, Taylor 8, Student tickets: Taylor 4, Wilson 20, Total 103

THE SPORTS PARADE

Same Song, Mebbe

It might be safe to take a ride with the opposition tonight when Abilene and Big Spring tangle at Steer stadium, in every way but morally, of course, because from this corner it looks like the same song, fifth verse as far as Bovie chances for victory go. True, they've improved mightily during the past two weeks but any team that grapples Sweetwater to a zero draw is bound to have punches in both paws. Both teams should score with the War Birds tripping anything the local forces do.

Over in Sweetwater the Mustang machine starts rolling against the weakest San Angelo team in years along about the same time the Big Spring-Abilene fracas gets underway. The Ponies will probably hurdle the Cats with three touchdowns to spare.

Looking over into the melting pot of the eastern sector where the title is no nearer decided than it was the day the New York Yankees took the American League lead, Breckenridge should have no trouble with Eastland, Cisco should more than hold their own with Brownwood, Stephenville will probably have loads of trouble with Mineral Wells while Ranger is conquering Weatherford.

Elsewhere in Texas high school circles Port Arthur may be quite an order for Pampa, Vernon will probably triumph over Lubbock much easier than they would have been able to had not two Westerners gone to the sidelines due to injuries. Amarillo may get around Norman, Okla., Plainview will have very little trouble with Clovis, N. M., and Wichita Falls is slated to oust Childress from the District Two running.

It always is safe to ride with a favorite until he loses and, in that case, never does it him unless a good reason is given for the reversal. That's one of the reasons it looks like Texas Christian will floor Texas A&M in a little war at College Station Saturday. The Purple line is just as formidable as it was on paper in August and if the wall is functioning Dave O'Brien will probably reap the headlines again even though he is far from the best back the Frogs have.

Unlike horse racing you can't bet football team across the board—straight, place and show—but if but were possible the Rice Owls could probably have paid off last Saturday night, having improved

LONGHORNS AND ABILENE EAGLES WILL TANGLE IN DISTRICT GAME HERE AT 8 O'CLOCK THIS EVENING

over their form of two weeks ago. This week they're due to look even better and should rock it to Tulane in a battle at New Orleans. The Green Wave deadlocked Auburn last week.

A Little Rock, Ark., encounter should see Arkansas chalk up its first triumph of the conference year at the expense of Texas University while Baylor should have an interesting and a successful afternoon with Centenary. Southern Methodist, the conference's other team, is idle this week.

Way up in Wisconsin Pitt is rated two touchdowns better than is Wisconsin U. so it will be an upset should the Badgers limit the Sutherland forces to a single score. Look for one.

Vanderbilt may have trouble with Mississippi, the outfit that pinned LSU's ears back, but should win. Minnesota is going to have everything it bargained for in throwing aside Michigan, Alabama gets the nod over Tennessee. Our one upset would be a UCLA triumph over California.

Rivalry Grows
One of the better high schools rivalry of this sector is the Cameron-Corpus feud which threatened to get out of bounds in last night's great six-man grid game at Steer stadium.

Students of both schools are entrenched with such school spirit and will-to-win that at times it is especially difficult for officials to keep the reins under control.

The close battle which Foran took, 12-7, had members of both teams barking at the leash. Let's hope the situation does not get out of hand.

Dan Daniel, who sat in on the World Series, observes that, in the first game of the big show, when Bill Lee settled to send a third strike by Lou Gehrig of the Yankees in an early inning after consultation with Tony Lazzeri on the sidelines, Lee was not what to throw by the former Yankee as the radio commentators led the many listeners to believe. Lazzeri called Lee in to tell him that Earl Combs, Yankee coach at third, was stealing Bill's signals on every pitch and Lee relayed the point of the conversation to Manager Gabby Hartnett behind the plate.

Game Is Next To Last Local Tilt On Card

Abilene Favored But Herd In Fine Fettle For An Upset

By HANK HART
The 'mounting' boys add another chapter to their feud of long standing tonight, 8 o'clock, at Steer stadium in a sweet little dramma that may or may not cut a big 'figger' in the Oil Belt football conference picture but one that will certainly see future hopes of this side of the creek's team either relapse or rebound.

The 'mounting' boys, of course, are the Abilene Eagles and Big Spring's Bovines and the Martins

Due to similarity of Abilene and Big Spring high school colors, Coach Pat Murphy announced this morning that local players would wear red and white jerseys into tonight's game should the Eagles wear their conventional tawny. Number changes are listed elsewhere in this edition.

Reserve seats for the game are to remain on sale at the lobby booth in the Settles hotel until just before game time, school officials announced. Reserve seats are being sold for 75c while general admission tickets are being released for 50c. Only three sections in the west stand and one in the east are being reserved.

and the McCoy's "ain't done nuthin'" compared to Dewey Mayhew, the ring master of the War Birds, and Pat Murphy, the local "pappy," when those two begin to unload their long bores for the festival. It seems that Mayhew and Murphy were once members of a big, happy family with Mayhew a head man of course. The pioneering ambitions of Mr. Murphy led the locals in their party with the San Angeleños last week evidently led him to believe that Murphy isn't exactly civilized in his tutoring. He labored hard and long with his note book, paying particular attention to the fact that the Herd backs were passing with reckless abandon and hitting their targets at an even 500 clip. The little memorandum also probably mentioned the fact that Big Spring had a couple of hard running backs in Lefty Bethell and Ross Callahan and, in general, that the opposition could not be passed over as a "warmup" affair for the battles to come.

Worked Hard
Mayhew went back to the Eagle camp and drilled long and hard, is returning with a capable crew. He has Bill McClure, one running back, rounding into shape, boasts a team not as informed as Eagle outfits in years past but one that is capable.

Far from impressive is the Steers' record. Four times they have come to grips with teams of this sector and as many times have had to drag themselves from the mat. But it's a long highway that has no curve and the crew members appear confident that the scene is set for the villain to get his just deserts.

Well equipped for an overhead game are the locals Mentors Murphy and Carmen Brandon have been working earnestly with the backs and wings all week to perfect a fool proof game. Should it work as successfully as the one shot at Angelo then the teachers should have little worries. They can ask for nothing better.

Both teams are in great shape for the combat Roland McAdams, Eagle end, is suffering from a broken nose received in the Sweetwater fracas last week but will be ready and waiting, will wear a muzzle into the fray.

Are Ready
Ross Callahan, Clyde Smith and Chuck Smith, who have been on the hospital rolls at intervals here, are prepared. Only Duwood Dearing, regular tackle, will not be around. The 185-pound senior will be idle for three weeks due to an operation.

Howard Hart, who did not see action in the El Paso or San Angelo games, is prepared. Paul Kirsch will open at center but Hart is expected to see his share of action at that spot.

The Steer line must stop the Abilene running game to put the blinkers on the opposition. Besides McClure, there's Charles Sewell, Charles Jones and Gilliam Stovall to tote the mail, a quartet that compares favorably with the Eagle secondary of a year ago.

A large crowd is expected to be on hand to bid the Bovines adios for several weeks. They hit the road following tonight's game and will not appear here again until November 11 when Sweetwater comes to town. In the meantime they'll be looking over the Mustangs in Sweetwater and Abilene and San Angelo on the foreign field.

Devan's Bulldogs Turn In 26-0 Triumph Over B'Spring Juniors

Yearling Backs Are Stopped By Coahoma Line

COAHOMA, Oct. 14—Once Mentor Johnny Daniel took his regulars from the game in a football game here Friday afternoon, and subbed with the "shock troops," Coahoma's improved Bulldogs started rolling and they never stopped. When the smoke of battle cleared Lloyd Devan's crew had chalked up a 26-0 victory over the Big Spring Yearlings in a steaming battle.

Led by S. P. Echols, a driving ball totter, the Coahomans had clearly the better of the argument all the way. The Bulldog line, with Weldon Engle, Tolle Hale and Alex Turner standing out, succeeded in keeping the Yearlings deep in their own territory until five minutes before the game ended. At that point the Big Springers, with Tabor Rowe passing to advantage, made their one sustained drive, a push that swept them all the way down to the five-yard line. Roy Collins intercepted a Yearling pass at that point, however, and it was all over.

Daniel sent in his "shock troops" at the end of the first quarter when Big Spring had possession of the ball on their own three-yard line. They kicked out but Echols took charge after a 30-yard boot and soon had paced the Coahomans to their first score.

Go Initial Score
He drove across from the five after a pass from Collins to Graham had carried to the five. Graham plunged for the extra point.

Ly's punt was blocked a few minutes later, Coahoma gaining possession on Big Spring's 30-yard marker and the Bulldogs started another goalward drive. A long pass, Collins to Arthur, netted the touchdown. Echols plunged for the extra point, bringing the score to 14-0.

A third drive minutes before the half ended with Evert Little driving into the end zone to bring the score to 20-0. Coahoma made another drive in the third period, an onslaught that carried them down to Big Spring's five-yard line but the Yearlings stiffened at that point and kicked off before the period ended. The Bulldogs followed with a hidden man pass with Wayne Munro catching the ball and loping all the way down to the Big Springers' five, before being thrown. Echols followed with the scoring plunge that brought the score to 26-0.

The defensive work of James Webb and Lem Nations stood out while the Rowe-Nations passing combination proved the only offensive stand-out.

Rotan Impressive In Senior Meet

SAN ANTONIO, Oct. 14 (AP)—George Rotan of Houston was the favorite today as the Texas senior golf tournament entered the semi-final round.

Rotan, shooting the tournament's best score, 73, crushed Bart Moore of San Antonio, 9 and 7, yesterday to indicate he was the man to beat for the title.

Rotan met Ernest L. Brown of San Antonio in the semi-finals. Brown took out Miers Creek of San Antonio, 6 and 5.

The other match sent Guy Keith of Beaumont against Fred Austin of Houston. Keith defeated Congressman R. M. Kieberg of Corpus Christi, 4 and 3, and Austin took out Emil Mueller of San Antonio, 3 and 2, in the quarter-finals.

Bufs Earn 12-7 Win Off Garner

Billies Stage Great Last Half Rally; Parker And Brown Star

A furious last half rally on the part of Garner's Hill Billies fell short and Foran's Buffaloes earned a great 12-7 victory in a six-man football game played at Steer stadium before a large crowd Thursday night.

Foran led off both touchdowns in the first half and for a time threatened to make a riot of the affair but the Billies suddenly recovered and the outcome was in doubt all the way down to the wire.

Hollis Parker loped across for the first Foran counter midway in the first period while Bill Lonsford packed the freight into the end zones soon after the second chapter got underway for the other score.

The Garner offense could not move with any success throughout the first half and it wasn't until the Thomas twins, R. C. and R. V., went into the fray that the Billies began their real drive. R. V. exhibited rare coolness in throwing the pig hide and the Billies began to move as the quarter lengthened.

They advanced to a point just outside the Foran 20-yard line to be stopped there when R. C. missed a fourth down pass over the goal line.

The Buffs attempted to kick out but Smith, burly Garner lineman, broke through, blocked Parker's boot and fell on the ball for Garner's only touchdown. Martin Brown battered his way to the extra point.

St. Edwards', another Texas Conference member, defeated Lamar Junior College of Beaumont, 14-0, in a non-conference struggle at Beaumont. Ennis passed to Reynolds for the first touchdown and to Jensen for the second. Formagus kicked the extra point.

Purple-Aggie Battle Top SW Feature

Duel Of Todd And Dave O'Brien Watched

By FELIX R. MCKNIGHT
Associated Press Sports Writer

Nerveless, crafty Texas Christian and Texas A. & M. pile into each other on College Station's storied Kyle Field tomorrow on sort of a winner-take-all basis.

Few were those who didn't feel the team with its head high after the early season clasp down at Aggie land would win a South-west conference title and national favor—unbeaten Baylor and Rice Institute notwithstanding.

The unbeaten record of Texas Christian will be shuffled out of factors surrounding a game expected to lure between 20,000 and 25,000 to the tiny college settlement many miles from the nearest metropolis. Odds were out of the question with both teams failing to list a single injury on the game's eve.

The Christian's great 212-pound average line, behind which Dave O'Brien hides to throw his touchdown passes, will be bucking a big Farmer wall that has bent only before potent Santa Clara—and then only briefly. Little was to be conceded to either line but

one all-important angle made Texas Christian the slightest choice in this corner.

Sparks Difference? Not O'Brien's bulls-eye pegs nor Dick Todd's fancy running may decide a winner, but the powerful kicking foot of Sophomore Connie Sparks, the Christian's prize full-back. Over a three game stretch with Centenary, Arkansas and Temple he has averaged 40 yards on his punts, and many have been buried out-of-bounds for accuracy's sake. Todd improved his kicking against Santa Clara last week, averaging 39 yards, but Sparks' toe still may mean a T. C. U. triumph let a single punt, not more than one touchdown.

"Football experts will be closely watching Coach Harker Norton's 'double shuffle' shift against the magnificent Christian line. It bewildered Santa Clara; it could befuddle T. C. U. just long enough to let Todd leak through.

At Waco, Baylor, winner of its first three games, is in for an afternoon with the unruly Gents of Centenary, a team whose ears they boxed last year. 204. Baylor's line didn't hold too well against Arkansas last week, ground rushes by the usually aerial-minded Porkers accounting for 121 yards. And Baylor backs gained only 11 yards, net, though the big Razorback line Centenary has a sturdy wall, one that dined Texas Christian on almost even terms, and its offense is based almost entirely on running plays. Despite Bill Patterson's passes, it appears Baylor will be tumbled by a touchdown.

Sullivan Ready The start they've been waiting for at Rice Institute is due for this weekend when the Owls, losers by four points of its first two games, invades New Orleans to scrap a Tulane team that didn't do badly as it lost last week by dropping North Carolina. However, the Owls have reached the boiling point now and with Scott Sullivan ready again and Ernie Linn his old self against L.

S. U. last week, it should be Rice by one touchdown in a three-touchdown melee.

Arkansas' aerials will be a little too much for D. X. Bible's Texas Longhorns in their Little Rock game. The Texans showed the meekest kind of an offense against Oklahoma last week and it is doubtful that its tiny and medium-sized backs will be able to bat down aerials intended for the Ozark giants. Arkansas, by two touchdowns.

Southern Methodist, busy trying to conjure magic that might hold down the score in their Pittsburgh game next week, will be idle.

Sam Houston Defeated, 32-0

Was One Of State's Unbeaten Elevens, Poly Winner

By the Associated Press

More than 50 games remained on the week's schedule in Texas schoolboy football today but one of the state's 12 undefeated, untied teams had already bitten the dust.

Sam Houston of Houston fell last night before Lamar of Houston in a District 13 conference game, 32-0, and there was the promise of four or five others following Sam Houston in the plunge from the select circle before the week-end's play is finished.

Three other games were played last night, Sulphur Springs defeating class B Commerce 44-6, Poly of Fort Worth downing Fort Worth Tech 25-0 in a District 7 conference tilt, and Hobstown of District 15 beating Corpus Christi College-Academy 12-0.

Thirty-one conference games are scheduled today and tomorrow.

Terrace Work Is Outlined

Farm Agent Lays Plans For Extensive Program

With an impressive start made toward soil and water conservation in the county, plans were underway Friday to continue contour and terrace operations through the fall and winter months.

County Agent O. P. Griffin mailed out letters and cards, asking those who wished assistance in running contour or terrace lines to notify his office now. "In order to plan the work of running terrace lines and lines for contour rows, we must know how much of this work will be done between now and planting time," he said in urging prompt return of cards.

An incomplete check Friday revealed that there were 38,855 acres on 250 farms in the county which made use of contour furrows or terraces during the past year. Of the amount only 494 acres were fallow and the remainder in crops.

One year ago the contoured and terraced acreage amounted to only 26,800 acres, giving the county a net gain of 11,955 acres to contour farming during the year.

In the county there are 163,000 acres in cultivation, giving the county about 26 per cent of this area now contoured. The county agent estimated that approximately 75 per cent of the cultivated area was in need of either contour furrows or terraces.

That the program is producing results is shown in the tight land section to the north where terraced farms show vastly better yields during the past five years than they did in a similar period before terracing. One farmer estimated his yields had been doubled.

1940 OLYMPIC GAMES will be staged in Helsinki, Finland, where great stadium, shown above in a model, is nearing completion. Finland replaces Japan as host country.

400 College Press Agents At Work In Football Picture

NEW YORK, Oct. 14 (AP)—It is somehow alarming to learn that there are more than 400 college football publicity men in this country, each of them determined to place at least one man on this season's all-America eleven.

For there figures, and the warning implied, we are indebted to Bob Madry, who has been singing man for the University of North Carolina for 15 years. Bob is here with a trunkful of photographs of his Tar Heels, who play New York university tomorrow.

Bob's job, like that of the other 399-odd, calls for him to get around a great deal, establishing a new pitch each week and generally shedding miscellaneous information for the benefit of the sports writers.

Most of the campus publicity men have had newspaper experience

and have a wide acquaintance among the country's football writers. Each of them has anywhere from one to six full-time assistants. His salary ranges up to \$8,000 and \$8,000 a year.

One of the most appreciated functions of the tribe is its management of the football press boxes these Saturday afternoons. The publicity man at most stadia sees to it that the shivering typewriter-pounder is supplied with coffee and sandwiches and has a seat to sit on.

CHRISTIAN SCIENCE SERVICE
Rena I. Settles, Hotel
"Doctrine of Atonement" is the subject of the lesson-sermon which will be read in all Churches of Christ, Scientist, on Sunday, Oct. 16.

The Golden Text is: "God hath not appointed us to wrath, but to obtain salvation by our Lord Jesus Christ, who died for us, that whether we wake or sleep, we should live together with Him" (1 Thessalonians 5:9).

Among the citations which comprise the lesson-sermon is the following from the Bible: "Beloved, think it not strange concerning the fiery trial which is to try you, as though some strange thing happened unto you: But rejoice, inasmuch as ye are partakers of Christ's sufferings" (1 Peter 4:12, 13).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "If Truth is overcoming error in your daily walk and conversation, you can finally say, 'I have fought a good fight... I have kept the faith,' because you are a better man" (page 21).

CHURCH OF GOD
Cor. 10th and Main St.
Robert E. Bowden, Pastor
All services were well attended last Lord's Day. It was the beginning of our new pastor's services. We are looking forward to greater attendance and also greater interest. Numbers are always appreciated, however that is not solely our goal. We are sincerely interested in leading men and women, boys and girls, to Christ. Developing stalwart Christian characters is the greatest need, and that's really our aim. Our young people gave a splendid program last Sunday evening, and we look forward for another good program Sunday. Within a short time we will announce the date for the beginning of our Fall revival. All services at the usual hour Sunday.

Sunday school, 10 o'clock, Elra Phillips, supt.
Morning worship, 11 o'clock. Sermon subject: "The Limitations of God."

Young people's hour, 6:30 p. m.
Evening sermon, evangelistic, 7:30 p. m.
Mid-week prayer service, Wednesday, 7:30 p. m.

Barker Rides With Frogs, Alabama

Thinks Texas Will Lose To Hogs; Pitt Will Triumph

By HERBERT W. BARKER
NEW YORK, Oct. 21 (AP)—This football corner takes a wary look at the week's football slate, and emerges with the following guesses:

Alabama-Tennessee: The game of games in the Southeastern Conference this week. It might even settle the championship although that's taking an extremely far-sighted bird's-eye view of the situation. Tennessee, after hawking over Clemson, hauled Auburn but this is an Alabama horse of another color. Alabama.

Wisconsin-Pitt: Harry Stuhldreher must have been feeding his Wisconsin Badgers nothing but raw meat, but the conviction grows that this Pitt outfit has everything a great team needs. Pitt.

Texas A. & M.-Texas Christian: A Santa Clara team that ran up 22 points on Stanford could score only seven on the Aggies. Nevertheless, Christian has been knocking its rivals around like so many tin-pins and gets the nod here.

Kansas-Oklahoma: Can't see Kansas against a really fine Oklahoma team.

Tulane-Rice: Tulane's coming strong; Rice hasn't even started. Maybe the Texans will this week. Rice, reserving right to appeal.

Vanderbilt-Mississippi: Who threw that brick? The boys haven't got over that shocking Mississippi victory over Louisiana State. Is sheer, despair, Mississippi.

Arkansas-Texas: The Razorbacks ought finally to win one. Arkansas.

Baylor-Centenary: Looks like Baylor.

Skippering over the chalklines otherwise, Louisiana State over Loyola (New Orleans); Minnesota over Michigan.

AN ORDINANCE OF THE CITY OF BIG SPRING, TEXAS, LICENSING AND REGULATING THE BUSINESS OF PHOTOGRAPHY IN THE CITY OF BIG SPRING; PROVIDING FOR LICENSE FEES AND BONDS; PROVIDING PENALTIES; AND DECLARING AN EMERGENCY.

BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF BIG SPRING, TEXAS:

WHEREAS, there are a large number of persons pursuing the business of photography within the city limits of the City of Big Spring, Texas, without any responsibility, some of them taking orders for views or pictures and collecting money in advance and either failing to deliver the views or pictures or delivering goods of inferior kind and quality, and such conditions create confusion and dissatisfaction with the public, and causing unnecessary loss to the public at large, and creates a condition which the City Commission finds to constitute a necessity for licensing and regulating the business of photography, therefore:

Section 1. Any person, firm or corporation who, for money or other things of value, takes pictures, photographs or views, or solicits business for any person, firm or corporation or association of persons engaged in the business of taking pictures or views, or assist in any manner in taking pictures or views to be taken in the City of Big Spring, or who, for money or other things of value, shall solicit or take orders for enlarging, changing, or tinting any photograph or picture for any person, firm, corporation or association of persons in the City of Big Spring, shall be deemed following the business of a photographer.

Section 2. Before engaging in the business of photography, every person shall apply to the City Secretary of the City of Big Spring for a license, such application to be made in writing and shall show the name and address of the applicant, the address in the City of Big Spring of such applicant from which the business is to be conducted; and if the applicant proposes to conduct said business as agent for any other person, firm or corporation, then such application shall give the address of his principal and full information as to its organization. Upon the filing of said application, and payment of the fees and filing of the bond, as required, as hereinafter set out, the City Secretary shall issue a license for a period of one year from the date such license is issued, and said license shall be renewed annually thereafter on the same terms and conditions as the original license.

Section 3. Every person engaged in the business of photography shall, before delivering any photograph, view or picture taken by them to a customer, shall print or have printed thereon in plain legible letters the name of the person, firm or corporation taking and selling said picture or view; if the person actually making and selling said picture or view is an agent for another, the name and address of the principal shall be shown on said picture.

Section 4. Any person, or agent of any person, firm, corporation or association engaged in the photography business who collects, receives or accepts any payment of money or anything of value in advance of the actual delivery of the pictures or views for which such payment is made, such person

shall deliver to the person making such payment a receipt showing the amount so collected in advance, and said receipt shall also show the kind, quality, quantity and character of views or pictures upon which it is applied as an advance payment.

Section 5. Any person, firm or corporation who demands, receives or accepts payments in advance of the delivery of any pictures, photographs or views, shall as a condition to the granting of a license to carry on the business of a photographer, secure and file a good and sufficient bond, either with a surety company authorized to do business in Texas, or with at least two good and sufficient sureties to be approved by the City Manager, in the sum of \$1000.00, such bond to be conditioned that the holder of the license shall well and truly pay any and all final judgments that may be rendered against such licensee, not to exceed the amount of said bond, such bond to be for the benefit of every person who may recover a final judgment against the licensee, arising out and growing out of the conduct of the business licensed under this ordinance; and any person having a cause of action against the obligors of said bond arising and growing out of the conduct of the business licensed under this ordinance may sue in his own name and recover on said bond, without joining the City of Big Spring in such suit.

Section 6. As a condition to the granting of a license to engage in said business of photography in the City of Big Spring, any person, firm, corporation or association of persons shall pay to the City Secretary an annual fee of \$100.00, and thereafter a renewal fee of \$100.00 each year. In event the applicant for license desires the privilege of soliciting business, the application for license shall state the number of persons who expect to solicit business, and an additional fee of \$10.00 shall be charged for each person for which a license to solicit is requested, and it shall be unlawful for any person to solicit business for photography unless such further license is first obtained.

Section 7. Any person, firm, corporation or association of persons violating any of the terms of this ordinance or engaging in the business of photography without obtaining the license hereby required, shall be deemed guilty of a misdemeanor and fined in any sum not less than \$5.00 nor more than \$100.00. Each transaction in such business in violation of this ordinance shall be and constitute a separate offense.

Section 8. The fact that the business of photography is urgent in need of regulation is declared to constitute an emergency necessitating suspension of the rule requiring ordinances to be read at three meetings before passage, and such rule is hereby suspended and this ordinance shall be effective from and after its passage, approval and publication as required by law.

PASSED AND APPROVED AT A CALLED meeting of the City Commission this the 12th day of October, A. D. 1938.

AN ORDINANCE MAKING MANDATORY THE GRADING AND LABELING OF MILK AND CERTAIN MILK PRODUCTS SOLD OR OFFERED FOR SALE WITHIN THE CORPORATE LIMITS OF THE CITY OF BIG SPRING, TEXAS; PROHIBITING THE SALE OF ADULTERATED, MISBRANDED, OR UNGRADED MILK, AND MILK PRODUCTS; REQUIRING AND PROVIDING FOR THE ISSUING AND REVOKING OF PERMITS FOR THE SALE OF MILK AND MILK PRODUCTS; AUTHORIZING AND DIRECTING THE CITY HEALTH OFFICER TO RECEIVE APPLICATIONS FOR, INSPECT DAIRIES AND MILK PLANTS AND GRANT OR REVOKE PERMITS TO PERSONS, FIRMS AND CORPORATIONS TO SELL OR OFFER FOR SALE GRADED MILK AND MILK PRODUCTS WITHIN THE CITY; PROVIDING FOR THE CONSTRUCTION OF FUTURE DAIRIES AND MILK PLANTS; ADOPTING THE PROVISIONS OF SENATE BILL 83 PASSED BY THE REGULAR SESSION OF THE 45TH LEGISLATURE, 1937; PROVIDING FOR THE ENFORCEMENT OF THIS ORDINANCE, AND THE FIXING OF PENALTIES; AND DECLARING AN EMERGENCY.

WHEREAS, the Regular Session of the 45th Legislature, 1937, passed an act known as Senate Bill 83, relative to the grading and labeling of milk and milk products and authorizing the governing bodies of cities to make mandatory the grading and grade labeling of milk and milk products sold and offered for sale within the corporate limits of such cities, and

WHEREAS, it is necessary to regulate the sale of milk and milk products within the City of Big Spring, Texas, for the promotion of health, the governing body of said City desires to require permits for the sale of milk and milk products and to make mandatory the grading and labeling of milk and milk products sold and offered for sale within the City limits of the City of Big Spring, Texas, now, therefore:

BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF BIG SPRING, TEXAS:

Section 1. That hereafter it shall be unlawful for any person, firm or corporation to sell or offer for sale any milk or milk product within the corporate limits of the City of Big Spring, without such person, firm or corporation first making application to and receiving a permit from the City Health Officer to sell such milk or milk products. The City Health Officer shall issue or revoke such permits

in accordance with the requirements and conditions hereinafter set forth; provided, he may revoke or refuse to issue a permit, if in his judgment any milk is unfit for human consumption.

Section 2. The City Health Officer of the City of Big Spring is hereby authorized and directed to receive applications for, and grant permits to persons, firms and corporations desiring to sell or offer for sale milk and milk products within the City; provided said Health Officer shall inspect the equipment and sanitation of the dairies and milk plants and grade the milk according to the provisions of Senate Bill 83, passed by the 45th Legislature, Regular Session, 1937, and in accordance with the rules and regulations promulgated by the State Health Officer pursuant thereto. The grading and labeling of milk and milk products sold and offered for sale within the corporate limits according to definition (P), Section 1 of the said Senate Bill 83, for grades "A," "B," "C" and "D" raw milk and milk products, and definition (Q) for grades "A," "B," and "C" pasteurized milk and milk products, is hereby made mandatory. These specifications are on file with the City Clerk for public examination.

Section 3. Adulterated, Misbranded, or Ungraded Milk or Milk Products Prohibited.

No person shall within the City of Big Spring, Texas, or its police jurisdiction, produce, sell, offer or expose for sale, or have in possession with intent to sell, any milk or milk product which is adulterated, misbranded, or ungraded within the meaning of and under the penalty of the aforesaid Senate Bill 83. Violation of this Section shall be sufficient cause for revocation of permits for the sale of milk or milk products.

Section 4. All pasteurized milk and milk products shall be placed in their final delivery containers in the plant in which they are pasteurized, and all raw milk and milk products sold for consumption in

the raw state shall be placed in their final delivery containers at the farm at which they are produced.

Section 5. All future dairies and milk plants from which milk or milk products are supplied to the City of Big Spring, Texas, which are hereafter constructed, reconstructed, or extensively altered shall conform in their construction to the Grade A requirements of this ordinance.

Section 6. Enforcement Interpretation.—This ordinance shall be enforced by the City Health Officer in accordance with the interpretations thereof contained in the 1936 edition of the U. S. Public Health Service Milk code and aforesaid Senate Bill 83.

Section 7. 12 months from the effective date this ordinance, no milk or milk products shall be sold except grades A and B pasteurized, certified, and Grade A raw, provided lower grades may be sold during degrading periods as determined by the City Health Officer.

Section 8. Repeal and Date of Effect.—All ordinances and parts of ordinances in conflict with this ordinance are hereby repealed; and this ordinance shall be in full force and effect immediately upon its adoption and its publication, as provided by law.

Section 9. Unconstitutionality clause. Should any section, paragraph, sentence, clause or phrase of this ordinance be declared unconstitutional or invalid for any reason, the remainder of said ordinance shall not be affected thereby.

Section 10. Any person, firm, corporation or association of persons who shall sell, offer for sale, or possess for the purpose of sale, any milk or milk products within the City of Big Spring, Texas, without having a permit authorizing the sale of same, issued by the City Health Officer of the City of Big Spring, Texas, or who shall sell or possess for the purpose of sale any milk or milk product after a permit has been revoked or suspended shall be fined in a sum not exceeding One Hundred Dollars,

and each separate sale, or possession for sale, shall constitute a separate offense.

Section 11. Where violation of this ordinance and the provisions of said Senate Bill 83 are found, the City Health Officer, his agents or any other city officer having jurisdiction, shall file complaint or complaints in some court of competent jurisdiction.

Section 12. The fact that it is deemed important that the standard short form milk ordinance should be adopted in the City of Big Spring as soon as possible, to conform to milk ordinances generally in effect, is declared to constitute an emergency necessitating suspension of the rule requiring ordinances to be read at three meetings before passage, and such rule is hereby suspended and this ordinance shall become effective from and after its passage, approval and publication as required by law.

PASSED AND APPROVED AT A regular meeting of the City Commission, all members present voting for passage of same, this the 27th day of September, A.D. 1938.

Babe Opposes Betty Jameson

FORT WORTH, Oct. 14 (AP)—Mildred Babe Didrikson, famed athlete of track, baseball, basketball and golf, had Betty Jameson, the Texas champion, in her path today as she swept into the semifinals of the Texas Women's Open tournament.

Miss Didrikson was carried to the nineteenth hole yesterday as she defeated Mrs. Helen Hicks Harb of Little Rock, who like Babe is a professional golfer. Miss Jameson, San Antonio star, defeated Mrs. R. E. Winger of Fort Worth, 5 and 3.

WRITING AND READING

"BLACK IS MY TRUE LOVE'S HAIR," by Elizabeth Madox Roberts; (Viking: \$2.50).

A great many novelists probably would give their right ear to be able to produce prose with the singling quality of Elizabeth Madox Roberts.

The book trade has a name for the sort of reviews that can be quoted to advertise books—it calls them "selling reviews." This reviewer never produces them if he can avoid it, and prefers to tell only the fact.

At the risk of breaking his rule, he must say here that at its best Miss Roberts' prose is equal to the finest being written today. Its rhythmic quality, its curiously musical "sound," and its firmness are not to be surpassed.

This encomium holds for "Black Is My True Love's Hair," which after a long silence Miss Roberts has produced. It is a Kentucky story in which—to reduce the story to its least common denominator—the chief character is "ruined," returns to face the music, lives under the threat of death for a long period, finds herself in love and at the end resolves her problem in a manner typical of Miss Roberts, and also of life.

It is difficult to suggest the utter reality of the heroine, whose name is Dena. It has been a long while since the day by day life of a Kentucky girl has been so beautifully described. Because of the restraint with which the darker elements of

the story are handled, Dena stays always a girl, never becomes a character in a story.

The people about her, particularly her sister Fronia and Cam, the boy she eventually finds to replace the man with whom she ran away, are equally genuine. Once in a while the bardic urge overcomes the author, especially in the curious interchanges between Dena and Cam's father, a miller who plays the guitar and sings ballads. There is even a symbol or two lying about, notably Nat Journeymen, in whose orchard most of the neighborhood's illicit lovmaking goes on.

But these do not stop the swing and flow of Miss Roberts' story, nor obscure the truthfulness of the detail which gives the story much of its reality. This is something which could have happened. It is described with candor. The minds of the participants are laid bare in all their beauty—or otherwise. However, Miss Roberts should not speak of a "deep" tenor voice.

a charge of murder against Clifton Wheeler, negro handyman at the Elmdorf tavern where Ball shot himself while being questioned by deputy sheriffs. Wheeler, who told officers he was present when Ball shot and killed Minnie Gotthardt 18 months ago, accompanied the authorities to the beach and pointed out the location of the grave, which he said he had assisted in digging.

Wheeler was already facing a murder charge in connection with the finding of the dismembered body of Hazel Brown, dug from a shallow grave on the banks of the San Antonio river three weeks ago. The negro admitted he aided in dismembering the body and had dug the grave on the river bank near Elmdorf at the request of Ball.

Justice of the Peace N. B. San-

ford of Aransas Pass, before whom the complaint charging Wheeler with the Gotthardt murder was filed, and other officers examined the body and found that a bullet had entered the head just above the left eye, ranging downward and coming out at the right jawbone. Wheeler was taken to Rockport and jailed.

ing the two sides together, particularly in view of his messages to the convention urging labor leaders to "make and keep the peace" and prevent the "reaction which otherwise is bound to injure the workers themselves."

Daniel W. Tracy, president of the International Brotherhood of Electrical Workers, who disclosed he had approached Mr. Roosevelt indirectly last March with a suggestion the president intervene as a mediator in labor's dispute, said:

"I still believe President Roosevelt could be very helpful in bringing the two organizations together."

BROTHER OF LOCAL MEN SUCCEUMS TO CRASH INJURIES

E. O. Elliott, 40, San Angelo, brother to J. D. and Ace Elliott of Big Spring, succumbed in a Stephenville hospital at 8 a. m. Friday to injuries sustained in a car collision.

A salesman for the Abbott Laboratories, he was well known here since he called on merchants regularly. He had finished his calls in Stephenville Wednesday evening and was en route to Fort Worth when he collided with a cattle truck.

J. D. Elliott and Ace Elliott both are in Stephenville, the former having gone there from Dallas on learning of his brother's injury. Mrs. Elliott and Mr. and Mrs. Dick Hitt, who were with him, returned here last night. The body was to be taken to Cisco for services Saturday or Sunday.

NALLEY FUNERAL HOME REMODELED

Completion of a remodeling project to his funeral home at 611 Runnels street was announced Friday by C. O. Nalley. Taking out a three-year lease on the former F. F. Gary home, Nalley has remodeled the structure, redecorated and rearranged the floor space to meet the demands of his service. In addition, new driveways have been provided. The whole of the project is to be topped with further landscaping of the property.

REDUCTION IN FIRE INSURANCE RATES IS POSSIBLE

AUSTIN, Oct. 14 (AP)—A reduction in fire insurance rates next year, if Texas cities continue their low loss records, was predicted today by Fire Commissioner Marvin Hall.

Hall said a rate adjustment last March, resulting from good fire records, saved premium payers approximately \$2,500,000 and a continuation of the record this year would tend to further reduce rates when the commission conducts a hearing next March.

150 MAKE TRIP TO FAIR AT LAMESA

Between 35 to 40 automobiles, bearing more than 150 persons left here early this afternoon for Lamesa and the Dawson County Fair. Trippers carried the high school band and on arrival at Lamesa the musicians were to lead a parade around the courthouse square. A. G. Bearden, manager of the Lamesa chamber of commerce, advised local fair officials that police escort would be given the group into Lamesa, where fair officials would welcome the Big Spring people.

ATTEMPTED ATTACKS SPUR SEARCH FOR KILLER OF GIRL

LARCHMONT, N. Y., Oct. 14 (AP)—Two new attempted attacks on women intensified today the search for the man who slew 17-year-old Mary Imelda Coyle Monday night. Police at nearby Mamaroneck received a report from Christine Robinson, 21, that a nude man had jumped from a car near her, a sister and a friend late Tuesday night, but had become frightened and fled.

A 24-year-old domestic, Hannah Moynihan, told police she was frightened by a man who tried to drag her into his automobile. Records of all sex offenders in the area were examined.

DIDRIKSON BEATEN BY BETTY JAMESON

FORT WORTH, Oct. 14 (AP)—The fine golf game that carried Mildred Babe Didrikson to the semifinals of the Texas women's open fell to pieces at the River Crest country club this morning. The famous professional, who scored a thrilling nineteenth-hole victory over Helen Hicks Harb yesterday, lost the first six holes in a row and went down by a thumping 7-6 count before Betty Jameson of San Antonio, the Texas amateur champ.

Mrs. Frank Goldthwaite of Fort Worth again reached the finals by defeating Anna Bland Thompson, the tournament's surprise player, 1 up, in a bitterly contested battle.

BIG SPRING YOUTH HEADS FRESHMAN CLASS AT H-SU

Ray was elected president of the freshman class in that school recently. He is the son of Mr. and Mrs. Frank McCullough of Big Spring.

BIRD IN THE HAND MAKES GETAWAY

WINNEPEG, Oct. 14 (AP)—The adage "a bird in the hand is worth two in the bush" didn't run true to form for Albert Armistead and Walter Scofield. Armistead fired into a flight of ducks and brought one down. Scofield placed the duck carefully in the pocket of his hunting coat. A short time later Scofield felt a rustling as the mallard, only stunned by Armistead's shot, took off from his pocket. The hunters were too flabbergasted to think of firing a second time.

Creator Succumbs, But Popeye Will Survive In Comics

SANTA MONICA, Calif., Oct. 14 (AP)—E. C. Segar, the house painter who became a cartoonist by taking a \$20 mail order course, left in death today a million-dollar legacy of comic characters to amuse the world.

The creator of "Thimble Theatre," a quint comic strip printed daily by more than 500 newspapers, and "Popeye the Sailor," a movie cartoon with fans around the globe, died at his home here last night after a long illness. He was 44.

Since last January, his condition had been so serious that he did little actual drawing. Others carried on the whimsical adventures of Popeye, spinach eater de luxe; J. Wellington Wimpy, hamburger chef, and the Oyl family—Olive, Castor and Anna.

Recently Segar underwent an operation for removal of the spleen. But even that failed to restore his ebbing strength. He had been in a coma 24 hours when death came, with Mrs. Segar, his 15-year-old daughter Marie, and his 12-year-old son Tommy at his bedside.

King Features announced today in New York that "Thimble Theatre" would be continued as a daily strip, just as "The Gumps" lived on after the death of Sidney Smith, the cartoon family's creator, in 1935.

FIELD SHUTDOWNS TO BE ARGUED

AUSTIN, Oct. 14 (AP)—The pro and con of Saturday and Sunday shutouts for Texas oil wells was scheduled for full discussion at a statewide proportion hearing tomorrow.

Representatives of the International Oil Field Workers union today arranged to petition the railroad commission to lift the current shutouts on grounds the restrictions deprive Texas of its markets.

On the other hand the West Central Texas Oil & Gas association called a meeting to frame a protest against proposed lifting of the well closings, claiming larger production would "play into the hands of those blamed for recent crude price cuts."

TWO KILLED

PITTSBURGH, Oct. 14 (AP)—Two men were killed and a score of others were rescued when a traveling crane toppled from the new Highland Park bridge today and dropped 190 feet into the Allegheny river.

emergency. Improvements can be made in replacements.

"We have no munitions manufacturers in this country now. Our needs include shells and but guns we don't know yet how to make." After learning what the president had said at his press conference, army and navy officers said they were ready with extensive rearmament proposals if the new study of national needs resulted in a request to congress to step up military appropriations.

The army, officials said, needs new guns, planes, and motor vehicles, and several thousand more officers and men.

The general staff hopes congress will provide \$30,000,000 to repair deficiencies in anti-aircraft guns and other defenses against air raids.

The navy already has disclosed it will ask for funds to start two battleships and a score of smaller warcraft in addition to the four now building or appropriated for.

Further the navy wants to modernize five of its present 15 battleships and two aircraft carriers to build more shore bases and strengthen existing establishments.

Warship construction alone will require \$150,000,000 more than last year, Mr. Roosevelt has estimated.

CRASH INJURIES FATAL TO GIRL

MINERAL WELLS, Oct. 14 (AP)—Annet Crenshaw, 13, died early today of injuries suffered in an automobile accident eight miles east of here yesterday in which four other persons were seriously hurt. The other injured were:

Mrs. Zula Wells, 17, fractured thigh; J. M. Crenshaw, Jr., broken leg; Jake Crenshaw, 24, and Gabrielle Crenshaw, 21, severe cuts and bruises.

The party was en route from their home in Philadelphia, Miss., to New Mexico, when their automobile plunged into a ditch.

Baptist Group To Convene In City This Evening

Around 100 Baptist laymen from 12 counties in district No. 8 are expected to gather in the First Baptist church basement at 6 p. m. today for an annual program planning session and to follow up on the state-wide fall round-up held recently at Fort Worth.

Guests speakers will include Rev. A. D. Foreman, pastor of the First Baptist church in San Angelo, E. S. Cumby, Abilene layman, and Bill Marshall, Dallas state B.S.U. secretary. Music for the occasion will be under the direction of E. O. Bone of the E. St. Fourth Baptist church and arrangements for the affair are under the supervision of Joe B. Hazen, H. L. Wren, Snyder, is district laymen's chairman.

Rev. J. J. Strickland, district missionary who is rounding out his second year in that capacity here, is expected to tell of gains in the field in number of churches, converts, and other church activities. He also will report on the district's financial condition over the past year.

Men are expected here from the territory headed by Snyder, 12 counties: Garden City, Odessa and Seminole.
