FOURTH YEAR—No. 30 MATADOR, MOTLEY COUNTY, TEXAS, THURSDAY, OCTOBER 6, 1960 PRICE SEVEN CENTS

**TRAIL DUST**

By DOUGLAS MEADOR

The privilege of freedom can be more precious than the actual exercise of the right. It is a great latent strength that gives satisfaction merely by its presence.

The pattern of life changes as the material of human nature differs little from the past. The day of the pioneer in Western Texas the freight driver had the problem of the "hitch-hiker." The free rider also shared the bed and food of his host, sometimes for several days.

It is claimed that the rate of life has reached such a point where it is not worth the effort to earn a great amount of money. This is some satisfaction to those of us who have been unable to get into the high bracket, despite all the effort we can devote.

Whatever we give is returned, whether it be hate, love, compassion or laughter and a smile.

Life was a cloud with fleecy rumps when I made my first venture into the delightful life of reckless spending. I wore my first long pants to the cream supper and bought the causes of the confection for my girl with freckles on her nose. When my two dimes were gone I experienced my first sensation of having lived in a real manner.

What a political promise, what faith, nourish it with them and cultivate it with care, then turn away, or you will see a ragged, obnoxious, too large to be destroyed.

**Layman's Revival to Begin Friday**

With an early service at 6:30 p. m. the Layman's revival at the Baptist Church will begin Friday night. Time for the service is altered to allow members to attend the football game following the service.

The meeting here is being sponsored by First Baptist Brotherhood, of which P. Keith is president.

Plans made for the revival of the Brotherhood breakfast Friday morning, the men were to do their share in inviting men of the church and prospects to the meeting.

**Lions Members See "Arctic Adventure"**

"Arctic Adventure" a color film record of a special plane excursion to Alaska and filmed by "Cotton John" Smith of Amarillo Radio Station KGNC, was shown Tuesday at the regular luncheon meeting of the Matador Lions Club. About 45 of the approximately 70-member civic club attended the luncheon.

Boss Lion L. M. Cox announced that at a meeting of the club directors it had been decided to discontinue the sale of Christmas cards as a means of collecting funds for the Crippled Children's Home. He said most of the proceeds go to the card company, and that the club will make a direct cash donation to the home.

Lions sponsored broom sale Saturday was a "washout" according to a report by Tail Twister Bill Seale. The reason: only four Lions reported for duty to sell brooms. However, the club received approximately \$50 commission on brooms sold. Lion Seale fined each member \$1 who did not take part in the sale, starting with himself.

Boss Lion Cox announced that the directors had agreed to sponsor a movement to close places of business half a day (afternoon) of November 11, in observance of Veteran's Day and also school homecoming. He said the club is merely sponsoring the movement and that no businessman will be asked to close if it is against his wishes.

Five members were awarded 5-year perfect attendance emblems. They were Lions Bill Pallmeyer, John Barnhill, Douglas Meador, Freddie Welling and George Cullin.

**Mrs. M. Kincannon Dies at Childress**

If service is discontinued a fee of \$1 will be charged to resume it. The order went into effect immediately on approval of the council.

**Long Caravan in Trek to Aspermont**

SHERIFF Jinks Wilson led the way and a long caravan of between 25 and 30 automobiles followed him Friday afternoon on the 85-mile trek to Aspermont to witness the football game between the Matador Matadors and Aspermont Hornets.

It was a rewarding trip. The Matadors "nosed out" the Hornets 61-6, and the city of Aspermont extended genuine Western hospitality to the more than 100 fans that gathered in the dining room of Hickman's Restaurant. An excellent meal was served. Mayor Bill Seale, who planned the caravan, served as spokesman for the fans.

Sheriff Wilson said the sale at Hickman's Restaurant was blown open sometime Friday night or Saturday morning, and the strong box robbed of its contents. Amount of the loss was not disclosed, but believed to be small since much of the money was assumed to be checks.

by Johnny Ezzell  
The Matadors took the sting out of the Hornets by shelling them 61-6 last Friday evening at Aspermont. The victory was the fourth against one tie.

The Matadors went to work early in the game. Halfback Loyd Martin swept right end for 7 yards and the first Matador score. Fullback Guy Campbell slammed over left tackle for the extra points.

The second Matador score came when halfback Dink Wilson circled right end for 9 yards. Campbell again added the extra points.

Campbell went one yard for the next score but the extra point try failed.

Right halfback Ros Bearden scored from 11 yards out with 6:43 left in the second quarter. Kenny Barton kicked the extra point. Then with 2:35 remaining, Campbell slanted 6 yards over left guard for the last Matador score in the first half. The half time score was Matador 35, Aspermont 0.

The Big Red tallied three times in the third period. Martin raced 41 yards around left end for the first TD. Then Wilson and left end Buddy Davis combined on a 70 yard pass and run tally. Martin came back with a 75 yard sprint down the sidelines to pay dirt. Quarterback David Rattan passed to left end Kenny Barton for the extra points and a 55-0 score.

Both teams crossed the goal line once in the final quarter. Aspermont scored on a 4 yard run by halfback Shannon Worthington. The Matadors scored on the games last play when quarterback Gary Lancaster passed to Davis on a 45 yard scoring play. The extra point was missed making the final score 61-6.

The game was replete with fine offensive and defensive play by the entire Matador forward wall composed of Jimmie Welling, Mike Barton, Buddy Davis, Petyes Timmons, Pete Davis, Dale Dixon, Gale Stafford, Jimmy Don Green and Wilburn Terry and Kenny Barton.

The Matadors will meet the Lorenzo Hornets on Burleson Field at 8:00 tomorrow night in what promises to be a fine game.

**EXTRA ROOMINESS IN 1961 PONTIAC**

There is plenty of extra roominess built into the 1961 Pontiac on display today at the Matador Motor & Implement Co. showroom. The sleek, new Pontiacs offer more headroom, leg room and footroom for greater comfort, according to Mike Hoyle, manager of the motor agency. The Pontiac is the only wide-track car on the market.

A new fuel induction system in the Trophy V-8 engine has improved its efficiency. The horsepower range is from 215 to 348. The body of the new Pontiac has been trimmed to reduce side overhang. Mr. Hoyle said, "The public is cordially invited to visit the showroom today and see the fine, new Pontiacs."

"With the coming of the fall season and its many busy activities, we need to keep the church in focus in order to give our busy lives meaning." This remark by their pastor, Rev. Ed Spivey, is setting the theme for the "Fall Crusade" of the Flomot Baptist Church. Activities began September 25, the first Sunday of fall, and will close on December 18, the last Sunday of the fall season.

An increased visitation effort, led by the deacons of the church has already resulted in a substantial attendance increase over the average for the past year. Social activities will also be emphasized, with every age group included in their plans. Rev. Spivey stated. Among those already scheduled are a Royal Ambassador (boys) Campout this Friday evening, and a banquet for the missionary organizations (G.A.'s, R.A.'s, W.M.U.) with Nora Au of Hong Kong as the speaker.

Having made an outstanding record in debt retirement in the year just past, the church plans to conduct an offering in an effort to eradicate their remaining \$4,070 debt and purchase some much-needed equipment.

A fall week-end revival has

been planned for December 24, with Bert Glascock of Cedar Hill preaching, and Bud Lovell of Wayland College leading the singing.

Three of the member churches are now in the Staked Plains Baptist Association and remaining 23 have become members of the Caprock Baptist Association, with congregations in the five counties of Matador, Crosby, Dickens, Briscoe listed in the new organization.

Who owns the electric company?

**INVESTORS** own the electric companies. Investors are people who have saved some money and want to invest in some private business. They believe in a free-enterprise type of economy.

We are owned by these INVESTORS. That makes us an independent business—not owned by any city, county or state government, nor by a co-op or any Federal Government agency.

We work at being an INVESTOR OWNED independent business. We hope you understand our position.

Here's a real bargain in electricity!

The average family served by W.T.U. can cook a complete meal the electric way for less than 2¢ a meal—and enjoy all the easy, clean, automatic features of an electric range.

Electricity costs so little — You Can Use Lots Of It!

## First Aid Given "Accident" Victims

The victim, Sue Stevens, suffered a compound fracture of the leg in the accident, but luckily Mary Irwin was near by and administered first aid immediately. She calmly and efficiently set the leg in a splint. Another accident victim, Joyce Scaff, suffered a bad head gash. Sue Stevens bandaged it neatly. Betty Sandefer received minor cuts on her hand but was relieved by the quick action of Joyce Scaff with a roll of gauze. Mary Irwin and Virginia Nichols received treatment for cut fingers by Frances Cooper. Because of a knowledge of first aid these people were saved from severe shock or death. Yes, we are learning First Aid in our weekly health class. Even if the girls were not really hurt, after all the bandaging, you wouldn't have known it.

## Skit Given During Lively Pep Rally

"So give a great big cheer for the hero of the year, Mr. Touch-down, MHS." These were the words that bounced back off the walls of MHS Friday, September 30, in the pep rally held before leaving for Aspermont. The Matador pepclub and football team heard inspiring pep talks from Mr. Moss and Coach Johnson. Following Mr. Johnson was one of the favorite yells, "Have Johnson, Will Coach." The skit was quite a surprise when Mary Margaret Irwin came tearing across the stage in a grass skirt with Dale Dixon close behind pushing a lawn mower. Moral: Mow 'em down! Get a Hornet!

## Students Urged To Keep Campus Clean

Take a long look at our green campus! Look again at the richly colored flowers. Look at the sidewalks and steps free from objects that could cause accidents. Now picture this in your mind's eye: dead brown grass, leaves from trees mingled with candy wrappers on the ground and withered flowers or none at all, and apple cores and milk cartons on the walk. Not a very pleasant picture, is it? MHS should be proud that our custodians take special efforts,

even during the summer months, to keep the school's face lifted. They work long hours to give the lawn its neat appearance. Since we are proud of the way our school looks, let's help in the good work. It takes so little effort to carry trash in to the waste cans — it is actually thoughtlessness when we don't. We of MHS should all cooperate in keeping our campus green and clean!

## FRESHMAN FHA ARE INITIATED

On Tuesday morning, September 27, the freshman FHA girls, dressed in initiation finery of towels, short bed sheet skirts trimmed with bright ruffles, and many other accessories, gathered in the Home Ec. kitchen to have their hair "done" and faces "fixed." After the five lovely models were decorated with unbelievable beauty aids, they proceeded to the study Hall where they entertained the faculty and student body with songs and skits. While in class, the fashionably dressed creatures left their model's cases, filled with old catalogs, tooth brushes, scrub pow-

der, etc. in the study hall, but they carried their huge purses stuffed with rocks with them. On the assembly program the young ladies advertised various T. V. shows with scenes from the programs. They gave reports on current events, and articles of interest, such as "Brigitte Bardot's Beauty Secrets" and "How to Overhaul a Car." Then the girls were tried and convicted for felonies which they had committed (such as failing to obey an upperclassman.) After school the initiates and initiators went downtown where the freshmen sold small articles on the streets and made announcements.

The night program was held in the back yard at the home of Mrs. A. L. Fair. The initiates came in full costume and were the "dummies" in several stunts and tricks played on them. Fun was had by everyone, and the new freshmen left tired and happy — and full-fledged members of FHA.

## CAMPUS CLIPS

MHS students have been busier than usual this week as they wrote book reports and studied for six weeks' tests which are being taken today and tomorrow. The seniors have begun their down payments on invitations, cards, and pictures. Several of them are beginning to wish that they had had jobs last summer. Another injury has been added to the MHS medical list, as Dale Dixon displays a huge bandage covering a sprained wrist. Last week, the word "democ-

cracy" took on new meanings to English students who were writing themes on "I Speak for Democracy." Matador Brand staff members were complimented when the ex-editor Carolyn Pohl, on a recent visit, remarked how well the paper had been looking. Every word of encouragement helps! On to Regional victory, Matadors! See "ya" next week!

## Matadors Oppose Lorenzo Hornets

The Lorenzo Hornets will be the opposition Friday night as the Matadors play their third home game. The Hornets, whose colors are purple and white, won three games and lost 6 last year, including a 46-0 licking by the Matadors. Lorenzo, a member of district 4-B, is coached by Ed Mitchell. In their most recent outing they were defeated 20-6 by Turkey.

## JUNIORS LOOK FORWARD TO FUTURE ACTIVITIES

The juniors are having lots of fun this year. We have finally reached a seemingly unobtainable goal—that of upper-classmen. Some of the juniors are ready for school to end, but some others, Doris Cooper and Dale Dixon for instance, are finding this year quite enjoyable. All of us are looking forward to the junior play, directed by Mr. Moss, and to the Junior-Senior banquet.

## School and Campus Improvements Seen

Watch your step! You're walking on new paint! Careful there! Don't stomp out the grass! Our school has gone through a number of improvements this past summer. The floors all received a shiny new coat of varnish, the auditorium glows with newly polished chairs, and the grounds boast neatly mowed grass and beautiful flowers. The auditorium balcony was ingeniously converted into a film room with a murky black curtain setting it off.

The agriculture boys now study in a brightly painted classroom. Wonder if Mr. Moss was hoping some of the brightness would wear off on the boys? Another adjustment that we are hoping will have an effect on the basketball teams and P.E. class is the gym. The floors and seats have all been refinished right up to the bright glossy coat. MHS students are not the only ones who are busy around in a school house full of new and advantageous adjustments. The Matador Colored School has also been renovated to their advantage.

Is it possible the students are as polished up for this school year as the buildings? — MSB —

## INTEGRATION IN ENGLISH ROOM

There's something new in the English Department this year! Instead of having Literature the first semester and Grammar the second, the two subjects have been integrated. Miss Sturdivant believes this may make students more observant.

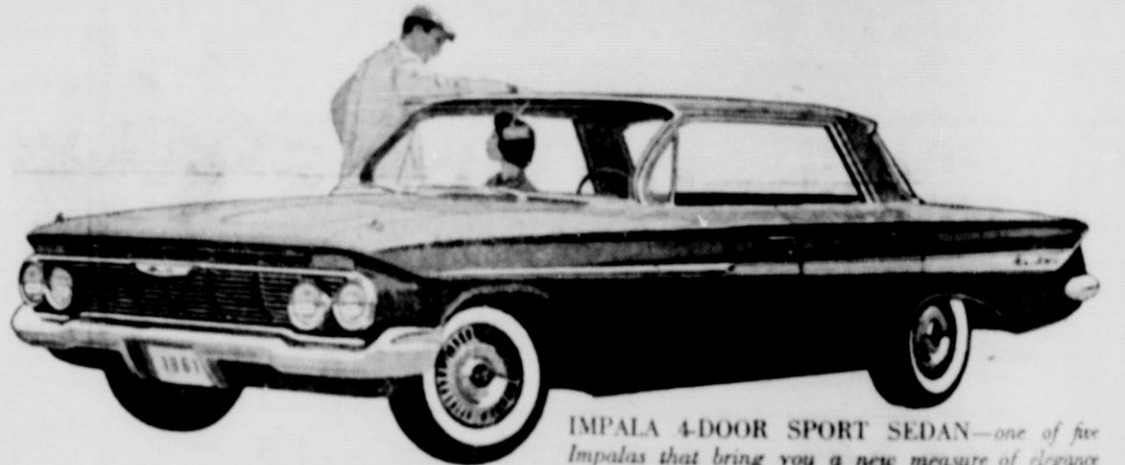

FRANKLYN THRASHER, former Matador High School star, is seeing a lot of action for the West Texas State Buffs. This is the second season the team has played in the modern 20,000-seat Buffalo Bowl just north of Canyon.

## New Hand at Boy's Ranch Is Member of Roughriders

(Special to The Tribune) Jackie Kenneth Culpper, formerly of Guthrie, is the 15-year-old youngster who was welcomed to Cal Farley's nationally famous Boys Ranch just a week and a few days later when giving his best as a member of the Roughriders, the ranch's varsity football team. It was the second game of the season for the Roughriders and in that game Jackie got to prove his ability as an athlete. He stepped into the game as the right end, encouraged by his team-mates, helped the Roughriders win their second game 22 to 0.

All of the youngsters who come to Boys Ranch eventually become members of an athletic team because the Ranch's year-round sports program provides them with the opportunity. However, Jackie is the first boy ever to compete in high school football competition so soon after arriving at the Ranch.

Jackie is now a student at the fully-accredited Boys Ranch High School and is studying for the diploma he will receive upon graduation. In addition to his

academic schedule, he will also have an opportunity to learn a trade from the 14 skills that are offered the older boys in the Ranch's broad vocational training program.

Jackie was welcomed to the Ranch by his dorm parents, a couple with children of their own who provide a normal home life much like that of the average American family for the 36 boys who live with them.

He lives with his dorm parents and the other boys in a modern, cottage-type Colorado stone dorm that has been donated to the Ranch to furnish the boys with suitable living accommodations. The one-story structure is one of several that have been donated in the past few years to get the boys out of the old Army-style barracks which had to live in for so many years.

The dorm contains one large living room that is the center of all family activity. When school is out and the chores are over for the day the boys gather with their dorm parents in the living room. Here they study their lessons, watch television, eat the cookies or popcorn their dorm mother has made for them or simply talk over their problems, just like any average family.

Jackie shares a combination bedroom and study with five other boys of different ages. The room is tastefully furnished with western-style furnishings, is well-equipped with closet space and adjoined by a large bathroom. Each end of the dorm is divided into small apartments for the dorm parents and their children.

Jackie has been commended

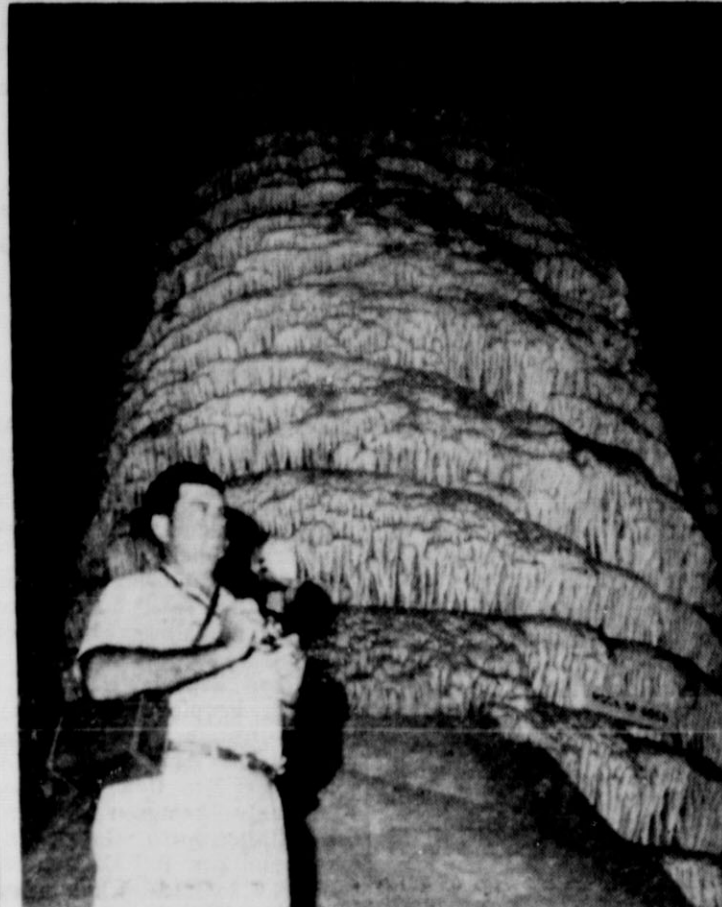

## Coyote now Classed as Friend of Man

LONELY COYOTE, long classed as a scourge of the land, is being placed in better social status by Richard DeArment of the U. S. Department of Interior Wildlife Research. The coyote is a benefactor of the rancher and farmer. He destroys far more rabbits and rodents (which destroy grass and crops) than he does domestic animals and fowls.

The report is based on a study of the contents taken from the stomachs of 8,263 coyotes. The report which was released in 1941 says that the coyote stomachs were taken from nearly all states of the west and "have shown that other items make up a greater percentage than do livestock."

The rabbit provides 32% of the coyote's food, carrion 26% and rodents 17.5%. Sheep and goat 13%, calf, colt, pig 1%, deer 3%, miscellaneous 1%, poultry, game birds and non-game birds 1% each, reptiles, amphibians and fish each a trace, invertebrates and wild fruit each 1%, cultivated fruit by his dorm parents for the rapid adjustment he is making as a Boys Rancher. He is also a popular youngster who has already made many new friends among the other boys and the Ranch's adult staff members.

Aside from his popularity, Jackie is a fine young man, a good sportsman and a boy the people of Texas and Guthrie can someday be proud of.

"I'LL BE BACK," County Agent Bill Palmeyer said when he made his second tour 750 feet underground of Carlsbad Caverns National Park in southeastern New Mexico recently. Palmeyer was caught by the camera as he made a special tour conducted daily for photographers in the Big Room of the cavern. Palmeyer plans to make the tour of the King's Palace and the Queen's Chamber which is offered following the 1:55 p.m. Big Room tour in the Caverns. These two chambers usually are seen only on the walk-in trips, but during the non-summer schedule there is the one afternoon tour of the chambers with descent and ascent by elevator.

## Increase in Adult Polio Fatalities

Altho the number of general polio cases has shown a marked decline, the number of fatalities in reported cases has increased by almost 20% according to Floyd Lofton, state representative of the National Foundation.

Mr. Lofton, who met Thursday afternoon with the Matador Community Chest directors in the Commissioners Court room, said most of the polio fatalities had been adult males.

He strongly urged a drive for more complete vaccination among adults and said the National Foundation hoped to better publicize the need for polio vaccination throughout the country.

## NEW '61 CHEVY CORVAIR

More space . . . more spunk and wagons, too!

Here's the new Chevy Corvaire for '61 with a complete line of complete thrift cars.

To start with, every Corvaire has a budget-pleasing price tag. And Corvaire goes on from there to save you even more. With extra miles per gallon . . . quicker-than-ever cold-start warmup so you start saving sooner . . . a new extra-cost optional heater that benefits everyone evenly. Riding along with this extra economy: more room inside for you, more room up front for your luggage (sedans and coupes have almost 12% more usable trunk space).

And our new wagons? You'll love them—think they're the greatest thing for families since houses. The Lakewood Station Wagon does a man-sized job with cargo, up to 68 cubic feet of it. The Greenbrier Sports Wagon you're going to have to see—it gives you up to 175.5 cubic feet of space for you and your things.

Corvaire's whole thrifty lineup gets its pep from a spunkier 145-cu.-in. air-cooled rear engine. Same rear-engine traction, same smooth 4-wheel independent suspension ride. See the polished and refined 1961 Corvaire first chance you get at your Chevrolet dealer's.

Spare tire is in the rear in coupes and sedans—leaving more luggage space up front.

Even middle-seat passengers sit pretty, thanks to Corvaire's practically flat floor.

Now in production—the GREENBRIER SPORTS WAGON with up to twice as much room as ordinary wagons (third seat optional at extra cost).

### Mrs. Ben Keltz Takes Office as WMS President During Impressive Ceremony

With Mrs. Edgar Lee presiding as installing officer, the new slate of executives for the First Baptist Church Woman's Missionary Society received the charge of duty Tuesday night, September 27.

The impressive ceremony followed a business session conducted by Mrs. John Barnhill, outgoing president.

Interest center was a jewel box containing strands of pearls, on a maroon silk scarf, arranged on the maple serving table in Bird Memorial parlor of the church, scene of the meeting.

Mrs. Lee used the scripture, Matthew 13:45-46 for the installation and compared the "goodly pearl" as representative of the place of service each woman can seek in W.M.S.

The big opening day parade through downtown Dallas will take place Saturday morning and will include the riders and wagons from the first annual Shawnee Trail Drive. Following the parade, Gov. Price Daniel will snip a ribbon at the main gate to officially open the 1960 State Fair.

The Texas-Oklahoma football game, one of the nation's classic gridiron rivalries, will be played before a capacity Cotton Bowl crowd Saturday afternoon.

Arthur Godfrey will appear with his famous Palomino station, Goldie, at the Horse Show performances at 8 p.m. Friday and Saturday, Oct. 7 and 8, and at the 2 p.m. matinee Sunday, Oct. 9.

"Flower Drum Song," the Rodgers and Hammerstein Broadway musical hit, and "Ice Capades," the greatest show on ice, are the top theatrical attractions of the 1960 Fair and each will have numerous performances throughout the run of the Fair.

A total of 5,137 entries will compete in the various livestock and horse show events. Premiums total more than \$120,000 for the Pan-American Livestock Exposition Oct. 8-16, the Junior Livestock Show the second week and the three series of Horse Shows.

The Women's Department will display prize-winning entries of home-making skills and will present daily free fashion shows.

The new 1961 model cars will be introduced and the latest electrical and gas appliances for the home will be demonstrated. The Agriculture Show will focus on "chemistry in agriculture." Museum exhibits will range from "art to zoology."

Special features for the Diamond Jubilee Exposition include the beautiful "Diamond Lagoon" with its splashing fountains and scenic illumination, the nightly torchlight parades around the fairgrounds and the daily Lagoon band concerts by the Air Force "Band of the West."

### Parents Employed Children Covered By Social Security

About 25,000 parents working for their sons or daughters in a trade or business will be covered for the first time under social security beginning in 1961. The 1960 amendments to the social security law, signed by the President on September 13, 1960, makes no change in the provision which says that work performed by a parent in the home of a son or daughter is not covered by social security and, therefore, cannot count toward the payment of social security benefits. However, work that a parent does for a son or daughter in a trade or business can now be covered, if a bona fide employer-employee relationship exists.

Such a relationship exists if the person for whom the "employee" works has the right to direct and control him in the way he works both as to the details of when, where, and how the work is to be done. The employer need not actually exercise control; it is sufficient that he has a right to do so.

Parents working for their grown children in a trade or business who do not already have social security cards will need to apply for social security account numbers. The first report of their wages and payment of taxes due must be paid on or before April 30, 1961, and their social security number must be entered on that report.

A representative of the Lubbock Social Security Office will be in Matador on Tuesday, October 11 in the First State Bank at 9:30 a. m. and will be glad to assist in all matters pertaining to social security.
